

## President's Message

*I am pleased to welcome you to Western Washington University. Well established and highly regarded in the Pacific Northwest, Western continues to gain national recognition for excellence in undergraduate education. At WWU, academic distinction and the personal attention of a selective liberal arts college is combined with the choices, diversity, and opportunities of a midsize comprehensive university.*

*With six academic colleges and a graduate school, Western's curriculum is built around a strong core curriculum in the humanities, arts, social sciences, sciences, and technology. As a university that is both contemporary and grounded in history, we believe that inspired teaching and distinguished faculty scholarship can and should be irrevocably linked. Undergraduate research and creative opportunities are numerous, as are the possibilities for study abroad and volunteer and practical work experiences.*

*We put the highest value on achieving academic excellence in a climate that promotes individual development as well as community awareness. The goal of the Western experience, both in and out of the classroom, is to prepare graduates for a meaningful life, not just to making a living.*

*Western is a space where students can let their ideas take over, where they can determine what they want out of their education, and find the connections and support to make that vision a reality. I wish you success as you begin your academic journey and look forward to your participation in the WWU community.*

President

*Now in its 105th year, Western Washington University emphasizes excellence in undergraduate education and graduate programs. The University is large enough to offer a wide range of high-quality programs and small enough to focus its resources on individual students. Faculty, students and staff work closely together in a superb setting to pursue a university education and build career skills on the sound foundation of the arts, humanities, sciences and professional studies.*

The pages which follow suggest the extraordinary opportunities available to a Western student: facilities such as the Wilson Library, Shannon Point Marine Center, state-of-the-art biology and chemistry facilities, the Science, Math and Science Education Learning Center, the computer centers and the Performing Arts Center; distinguished programs as wide ranging as engineering technology, music, environmental studies, journalism, business and education. The University is situated on a forested hill above Bellingham Bay and the city with views of the San Juan Islands, Mount Baker, and the Canadian and Cascade mountain ranges.

The residential campus is a stunning blend of art and nature, its beautiful setting complemented by outdoor sculpture from such artists as Noguchi, Caro, Judd and Bassetti. It has been called "a jewel of a university." Its visual power signals the power of the educational opportunity offered to Western students. An accomplished faculty makes undergraduate education its primary mission. Western students engage in the great tradition of the arts and sciences, fostering values such as clarity of thought and expression, informed judgment, aesthetic sensibility, tolerance for ambiguity, a sensitivity to cultural differences and a sense of historical continuity. Upon these values Western students build for the future, choosing from a wide range of professional programs which foster the knowledge and skills demanded by today's careers.

Western serves the region through partnerships, research and community service activities. The University supports research on regional environmental issues such as water quality and hazardous waste disposal. The Center for Economic and Business Research forecasts economic trends for Northwest

Washington and produces economic studies on the state and western Canadian provinces. The Vehicle Research Institute has gained international recognition for its research in automotive design, fuel economy and engine development through its Viking car series.

While Western has evolved over the past century, the University continues to emphasize care for the individual student, commitment to academic excellence and dedication to community service.

## **UNIVERSITY MISSION STATEMENT**

As a public comprehensive university focusing primarily on serving undergraduate students throughout the region, the University is dedicated to the pursuit of truth, learning, and the dissemination and development of knowledge, and service to the community.

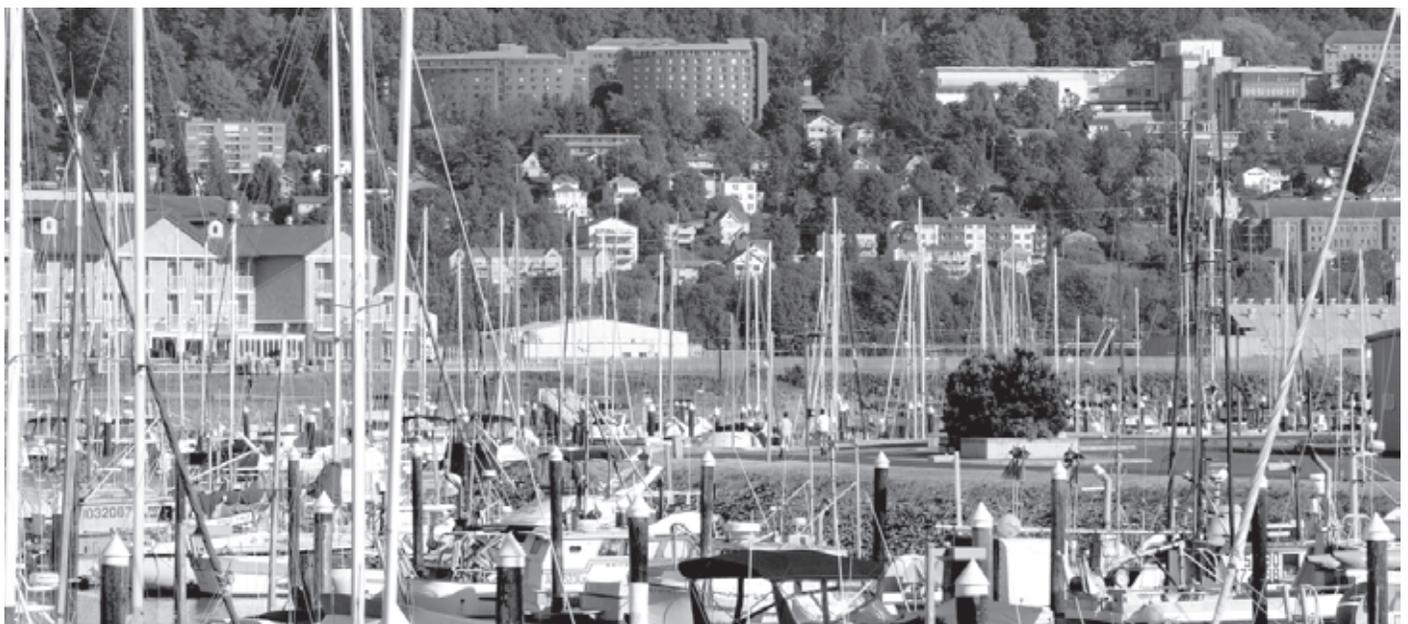

Its programs contribute to the educational, economic, and cultural needs of its community, which centers on Washington state and extends to the world beyond. This mission is addressed principally through teaching that embraces the liberal arts and professional preparation.

The University nurtures the intellectual, ethical, social, physical and emotional development of each student. It aims to teach learning skills useful in a rapidly changing and highly technical world and to develop a consciousness of the challenges and responsibilities of living in a diverse and pluralistic society.

It strives for graduates who are skilled communicators, able to critically analyze and use information, able to recognize and address the complex issues of the modern world, and who are willing to serve as responsible stewards of natural resources.

In its research, the University strives to develop new knowledge and to apply that knowledge, where appropriate, to the solution of problems. The goal of its cultural programs is to enrich the lives of all peoples touched by them.

Through all of its programs, on and off campus, the University seeks to improve the life of the community by teaching people to solve problems and meet the challenges of a complex world.

# THE UNIVERSITY

Western Washington University is situated in Bellingham, a city of 70,000 overlooking Bellingham Bay and many of Puget Sound's 172 San Juan Islands. The university is 90 miles north of Seattle, 55 miles south of Vancouver, British Columbia, Canada, and an hour's drive from Mount Baker.

Since the first class of 88 students entered New Whatcom Normal School in 1899, the school has grown into the third largest institution of higher education in the state. The Normal School became Western Washington College of Education in 1937, Western Washington State College in 1961, and achieved university status in 1977.

## ACADEMIC PROGRAMS AND DEGREES

Western Washington University is organized into a Graduate School and seven undergraduate colleges: College of Business and Economics, College of Fine and Performing Arts, Fairhaven College, College of Humanities and Social Sciences, Huxley College of the Environment, College of Sciences and Technology, and Woodring College of Education.

To fulfill its academic objectives, Western's curriculum includes a program of broad general education; intensive studies designed to develop scholarly competence in the arts and sciences; professional programs for both public school personnel and a variety of other professionals; and graduate programs in professional education, the arts and the sciences.

Western's undergraduate and graduate programs lead to the following degrees: Bachelor of Arts, Bachelor of Arts in Education, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Science, Master of Arts, Master of Business Administration, Master of Education, Master of Music, Master of Arts in Rehabilitation Counseling, Master's in Teaching, and Master of Science.

## EXTENSION PROGRAMS

See the *All-University Programs* section in this catalog. All of Western's extension programs, credits and degrees meet the same requirements as regular Western unless otherwise noted.

## ACCREDITATION

The University is accredited by the Northwest Association of Schools, Colleges and Universities, Commission on Colleges and Universities to offer work at the bachelor's and master's degree level. The following colleges, departments and/or programs are also accredited: **College of Business and Economics** — AACSB International-The Association to Advance Collegiate Schools of Business, 600 Emerson Road, Suite 300, St. Louis, MO 63141-6762; **Chemistry** — American Chemical Society, 1155 Sixteenth St. N.W., Washington, D.C. 20036; **Computer Science** — Accreditation Board for Engineering and Technology, Inc., 111 Market Place, Suite 1050, Baltimore, MD 21202; **Music** — National Association of Schools of Music (NASM), 11250 Roger Bacon Drive #5, Reston, VA 22090; **Psychology (mental health and school counseling programs)** — Council for Accreditation of Counseling and Related Educational Programs, 5999 Stevenson Avenue, Alexandria, VA 22304; **Council on Rehabilitation in Education** — 835 Rohlwing Road, Suite E, Rolling Meadows, IL 60008; **Recreation** — National Recreation & Parks Association, 22377 Belmont Ridge Rd., Ashburn, VA 20148; **Speech-Language Pathology; Audiology** — American Speech-Language-Hearing Association, 10801 Rockville Pike,

Rockville, MD, 20852-3279; **Electronics Engineering Technology, Manufacturing Engineering Technology, and Plastics Engineering Technology** — Technology Accreditation Commission/Accreditation Board for Engineering & Technology, Inc., 111 Market Place, Suite 1050, Baltimore, MD 21202; **Industrial Design** — National Association of Schools of Arts and Design, 11250 Roger Bacon Dr., Suite 21, Reston, VA 20190; **Woodring College of Education** — National Council for the Accreditation of Teacher Education (NCATE), 2010 Massachusetts Avenue N.W., Suite 500, Washington, DC 20036-1023, and the Office of Superintendent of Public Instruction (OSPI for Washington State), P.O. Box 47200, Olympia, WA 98504-7200.

The University holds membership in the Council of Graduate Schools in the United States.

## ASSESSMENT

As part of an ongoing effort to assure the quality of the education received by its students, Western Washington University has instituted a comprehensive assessment program designed to measure student learning outcomes. This assessment program conforms with guidelines established by the state's Higher Education Coordinating Board. From time to time students may be asked to participate in outcomes assessment by completing satisfaction surveys, sitting for achievement examinations, compiling portfolios of their academic work or providing other academic performance indicators. The purpose of all such activities is to monitor the quality of Western's academic program.

Students are strongly encouraged to participate in these assessment efforts when asked to do so. Participants can be assured that assessment results will be treated in the strictest professional confidentiality. Whenever those results appear in University assessment reports or other public documents, they will be presented anonymously and in aggregate fashion.

## RESEARCH

At Western, faculty research and the training of students in scientific and scholarly methods and techniques have received considerable impetus through foundation and government grants. Awards to support faculty research, curricular development, and involving students in research have been made by a wide range of agencies and foundations, including the National Institutes of Health, National Endowment for the Arts, National Science Foundation, Department of Education, Department of Transportation, Environmental Protection Agency, Canadian Embassy, Readers' Digest, National Endowment for the Humanities, USDA Forest Service, American Chemical Society, National Park Service, U.S. Department of Defense, U.S. Small Business Administration, U.S. Air Force, NASA, The Research Corporation and agencies of the state of Washington.

The Bureau for Faculty Research was established to encourage and coordinate faculty research and creative scholarly endeavor throughout the University. The bureau assists the faculty in obtaining funds for development and research, administers the awards, and provides other services and funding in support of scholarly endeavors.

## ACADEMIC FACILITIES

The main campus and its 85 buildings occupy 215 acres along

Sehome Hill overlooking Bellingham Bay and downtown Bellingham. Other University properties, such as the marine laboratory at Shannon Point near Anacortes, support regional educational and conservancy programs.

In addition, off-campus courses and programs are held at various sites. The University has on-campus residence halls and student apartments for more than 3,900 students.

The beautiful natural setting of the main campus and its award-winning architecture make Western Washington University a stimulating place for work and study.

### *The Libraries*

The WWU libraries house more than 900,000 volumes of books and periodicals, nearly 2 million units of microforms, and large collections of government documents, curriculum materials, sound recordings and videotapes. The collection includes 4,800 current journal subscriptions.

The Mabel Zoe Wilson Library provides open stacks for its collections together with reading and study areas, carrels and group study rooms. The Music Library in the Performing Arts Center provides a large collection of scores and recordings as well as books and journals about music.

The libraries offer instruction in information-seeking skills, reference service and research guidance, computerized information retrieval and document delivery services. The online library information system offers access to library holdings, networked and web-based databases in many disciplines (many of them including full-text articles), and the catalogs of regional and national libraries.

Extension program students utilize library services through a combination of on-site services, e-mail, electronic delivery, and host library access.

### *Computing Facilities*

Academic Technology and User Services provides consultation and software support, handouts and reference materials for computer users at WWU. Call 360-650-3333 for detailed information.

Central equipment supporting academic computing includes a Sun Enterprise server running Solaris Unix operating system, Netware servers, and NT servers. E-mail, news, compilers, Web services and many other applications are available. All systems and labs at Western are networked together and connected to the Internet. A large group of dial-in modems provide remote access to these services.

Networked microcomputers are available to all students across campus, with general-purpose software available for both Windows and Macintosh environments. In addition, academic departments provide computer and software resources which are specific to the needs of students in their disciplines.

University Residences provides education and support to on-campus residents in their use of technology. Trained student staff provide support via phone, workshops and instructional handouts to help students in residence halls connect their computers and explore the resources of the Internet.

### *Outdoor Sculpture Collection and Western Gallery*

The historic precedent of establishing public art on a university campus as early as 1957 and the prominence of the artists in Western's Outdoor Sculpture Collection make this University and its specific art works widely known beyond the Northwest. The

collection includes large-scale works from the early '60s to the present day by international, national and regional artists such as Magdalena Abakanowicz, Alice Aycock, Anthony Caro, Nancy Holt, Donald Judd, Robert Morris, Bruce Nauman, Isamu Noguchi, Tom Otterness, Beverly Pepper, Richard Serra, and Mark di Suvero. An audiophone tour and a brochure are available to students and visitors who wish to learn about over 20 works integrated with the campus landscape and architecture. The collection is administered by a curator and an advisory board. Acquisitions are made through a thoughtful process ensuring a standard of high quality and cultural relevance while maintaining the integrity of a late 20th century and early 21st century sculpture collection of international interest.

The Western Gallery, in a wing of the Fine Arts Complex in the center of campus, has 4,500 square feet of exhibition space with sophisticated environmental controls. The gallery features temporary art exhibitions of a diverse character appropriate to our pluralistic society. As part of the educational programs of the gallery, weekly lectures during major exhibitions are scheduled involving a variety of scholars. The contemporary art exhibitions and forums offer students the opportunity to cross reference works of art with the discourse of various disciplines.

### *Shannon Point Marine Center*

Located on an 87-acre campus in Anacortes, Washington, the Shannon Point Marine Center (SPMC) provides facilities and programs that support the study of marine science on the part of students and faculty from throughout the University. Only an hour's drive from the main campus in Bellingham, SPMC provides to biology or environmental science undergraduate majors specializing in marine science a ready opportunity to take courses and engage in special programs supporting independent study and research. Master's of Science students who participate in the Marine and Estuarine Science Program, offered through the Department of Biology and Huxley College of the Environment, take courses and engage in thesis research at the Marine Center. Federally sponsored programs, that include both Western students and others from around the nation, include the summer Research Experiences For Undergraduates, and the Minorities in Marine Science Undergraduate Programs, both sponsored by the National Science Foundation.

Facilities are designed to provide the most up-to-date opportunities for study of marine science on the part of both undergraduates and graduate students. Included is a well-equipped academic vessel fleet that provides ready access to the rich marine environment in the waters surrounding SPMC and a sophisticated analytical instrumentation base that provides students distinctive opportunities for education in the principles of marine science and training in the application of modern field and laboratory investigative techniques.

The SPMC campus provides extensive marine habitat for field and laboratory study, with the Mosquito Pass Study Site on San Juan Island providing additional sites useful for comparative studies. A running seawater system brings the marine environment into the controlled conditions on the laboratory to facilitate study of marine plants and animals. There are housing and dining facilities for 24 people. The Shannon Point Marine Center of Western Washington University also provides a marine outlet for the SPMC Consortium that includes Skagit Valley College, Edmonds Community College and Everett Community College.

# UNIVERSITY CALENDAR\*

## 2004-2005 ACADEMIC YEAR

### Fall Quarter 2004

September 22 (Wednesday) — 8 a.m., classes begin\*\*

November 11 (Thursday) — Veterans Day (no classes, offices open)

November 24, Noon, to November 28 — Thanksgiving recess

December 6-10 — Final examination week

December 11 (Saturday) — Commencement

### Winter Quarter 2005

January 3 (Monday) — Registration for new students

January 4, 8 a.m. — Classes begin\*\*

January 17 (Monday) — Martin Luther King, Jr., Day

February 21 (Monday) — Presidents Day holiday

March 14-18 — Final examination week

March 19 (Saturday) — Commencement

\*This calendar is subject to change. Dates appearing in admissions or registration or employee instructions take precedence over those in the University catalog.

\*\*Some extension programs have varying start dates. Check with the site or program office to verify date classes begin.

September, 2005- August, 2006

*Spring Quarter 2005*

March 28 (Monday) —  
Registration for new students

March 29 (Tuesday) —  
8 a.m., classes begin\*\*

May 30 (Monday) —  
Memorial Day holiday

June 6-10 —  
Final examination week

June 11 (Saturday) —  
Commencement

*Summer Quarter 2005*

June 21 to July 29 —  
Six-week session

June 21 to August 19 —  
Nine-week session

June 20 (Monday) — Registration

June 21 (Tuesday) — Classes begin\*\*

July 4 (Monday) —  
Independence Day holiday

August 20 (Saturday) —  
Commencement

# UNDERGRADUATE ADMISSION

Old Main 200, 360-650-3440

*Every effort has been made to provide accurate information regarding admission policies and procedures. However, these practices may change prior to catalog revision. Please consult the Office of Admissions prior to submitting an application.*

The Undergraduate Office of Admissions welcomes applications for freshman, transfer and post-baccalaureate undergraduate admission as well as readmission for undergraduate students returning to Western. Western Washington University's admissions policies reflect the University's commitment to enroll students with diverse interests and backgrounds who demonstrate ability, motivation and creativity.

## GENERAL ADMISSIONS INFORMATION

Admission to Western is selective as the number of qualified applicants exceeds the number of available enrollment spaces. Selection criteria may vary from quarter to quarter dependent upon space availability. Criteria considered in the review process include academic achievement, activities, program of study and individual circumstances. Washington state residents generally are given admission priority.

An Undergraduate Application for Admission is required of all freshman, transfer and post-baccalaureate applicants. International students must complete the International Student Undergraduate Application. Applicants for readmission as undergraduate or post-baccalaureate students must submit the Returning Student Application for Readmission. All applications must be accompanied by a nonrefundable \$38 application fee.

## EXTENSION PROGRAM ADMISSION INFORMATION

Western's general admissions requirements apply to all extension programs. Additional application procedures may be required. Extension program deadlines and application fees vary. For specific program information, see the *Extended Education and Summer Programs* section in this catalog.

Applicants to Western's Extended Programs must complete the Extension Undergraduate Application and submit it with a \$50 nonrefundable application fee. International applicants to Western's extension programs must complete the Extension International Supplement. Applications are available at all extension sites.

Former Western extension program students returning to the same Western Washington University extension program must complete the Extension Program Returning Student Application and submit with a \$38 nonrefundable application fee.

### *Application Deadlines and Procedures*

Although some students are notified of an admission decision prior to the application deadline, the majority of decisions are not made until after the application deadline. All on-time applications are given equal consideration.

- Fall Quarter
  - Freshman — March 1 (includes all Running Start applicants)
  - International Students — March 1

- All others — April 1
- Winter Quarter — October 15
- Spring Quarter — January 15
- Summer Continuing to Fall
  - Freshman — March 1
  - International students — March 1
  - All others — April 1

Western extension programs deadlines may vary. Please contact the specific program for information. See the *Extended Education and Summer Programs* section in this catalog.

All application materials, including official transcripts, must be postmarked by the deadline. To be considered official, transcripts must be sent directly from the issuing institution or be hand delivered in an official, sealed envelope. Transcripts must be received from all institutions attended, regardless of whether or not credit is desired.

Each admitted student must confirm intent to enroll by submitting a nonrefundable \$250 payment. This one-time enrollment fee funds a variety of academic support services related to new student orientation, advising, and academic success. Enrolling students must also provide proof of measles immunization.

Admission to the University does not imply admission to a major or enrollment in specific courses. Many academic programs have selective admission requirements, including GPA, prerequisite course work, et cetera. Students should refer to the College sections of this catalog for specific major declaration requirements.

The Office of Admissions sponsors a variety of campus visit options for prospective students. Specific information may be obtained by contacting the Student Admissions Representative (STAR) program at 360-650-3861.

The extension program sites offer informational visits for prospective students. For specific program information, see the *Extended Education and Summer Programs* section in this catalog.

### *Students of Color*

Reflecting national and global realities, Western has a proactive commitment to diversify its student body. A variety of academic, financial, cultural and personal support services are available to interested students. Students of color comprised 14.2 percent of Western's fall, 2003, enrollment, compared with 7.8 percent of Western's fall, 1990, student body.

### *Students with Disabilities*

The University's policy regarding admission and access prohibits discrimination on the basis of disability. Western Washington University is committed to making physical facilities and instructional programs accessible to students with disabilities. After admission, students with disabilities are encouraged to contact disAbility Resources for Students at 360-650-3844 so services can be discussed and coordinated in a timely manner.

### *International Students*

Western's student body includes representation from more than 32 countries. In addition to meeting admission standards comparable to those required of other non-Washington state residents, international students must demonstrate English proficiency with a minimum TOEFL score of 550 (paper-based) or 213 (computer-based), and proof of full financial support for all expenses. No financial assistance is provided to new international students. Due to application processing time constraints, out-of-country international student applications are not accepted for winter and spring quarters.

Taking the ACT or SAT exam, though not required, is advisable as the exam scores can assist with the admission and advising process.

### *Conditional Admission*

International undergraduate applicants who do not yet meet the minimum TOEFL requirement or who wish to have more language preparation before entering a degree program may apply for conditional admission, which requires English language course work to be completed prior to admission to Western. Students accepted for conditional admission must have a minimum TOEFL score of 500 (paper-based)/173 (computer-based) and must fulfill all other requirements for undergraduate admission. Before enrolling in their first credit class, conditional admission students must attend Western's Intensive English Program (IEP) full time for at least one quarter, take the IEP Academic English classes (academic preparation, writing, reading, and oral communications) and score at least 520/190 on the TOEFL. Students may apply for conditional admission while enrolled in the IEP, or they may apply directly to the Office of Admissions.

For more information, contact the Intensive English Program office at 360- 650-3755, send e-mail to iep@cc.wvu.edu or visit the IEP home page at www.wvu.edu/depts/iep.

## **FRESHMAN ADMISSION**

The most important criterion in the selection process is demonstrated academic achievement, including grade point average, quality and nature of course work, grade trends, SAT or ACT scores and Admissions Index. (See *Admissions Index* section.) Residency, activities, leadership, special talent, multicultural experience and individual circumstances also are considered. All applicants are strongly encouraged to submit a personal statement with the application for admission.

Minimum freshman requirements include a 2.5 GPA, a 13 Admissions Index, and the following high school course pattern:

**English:** Four years, at least three selected from college preparatory composition and literature courses. One year may be satisfied by courses in drama, public speaking, debate, journalistic writing, ESL or business English.

**Mathematics:** Three years of mathematics are required, at the level of algebra, geometry and advanced (second-year) algebra. More advanced mathematics courses are recommended such as trigonometry, mathematical analysis, elementary functions and calculus. Arithmetic, pre-algebra and business mathematics will not meet the requirement. An algebra course taken in the eighth grade may satisfy one year of the requirement if second-year algebra is completed in high school.

**Science:** Two years of college preparatory science, including

one year of an algebra-based chemistry or principles of technology or physics course with laboratory experience. Two years of agricultural science will equal one year of science.

**Social Science:** Three years of college preparatory course work, including history, government, psychology, politics, economics, geography, et cetera. Credit granted for student government, community service, or other applied or activity courses may not be used to fulfill this requirement.

**Foreign Language:** Two sequential years in a single foreign language or American Sign Language. Students entering the United States education system from non-English speaking countries at the eighth grade or later are exempt.

**The Arts:** One-half year or one trimester in the fine, visual or performing arts, to be chosen from study in art appreciation, band, ceramics, choir, dance, dramatic performance, music, photography, et cetera. Courses in color guard, drafting, fashion design, sewing, woodworking, et cetera, are not acceptable.

**Electives:** One-half year in any of the above areas is required.

Students are encouraged to pursue academic course work and advanced study beyond the 15-credit minimum course requirements. Academic course work exceeding the minimum requirements will strengthen the application for admission.

Since the number of qualified applicants greatly exceeds the number of available enrollment spaces, meeting minimum requirements is no guarantee of admission. Students who do not meet minimum eligibility requirements are exempt under certain circumstances. College course work may also be used to fulfill high school requirements. See *College Credit for High School Students* section.

*\*Courses determined by a school district to be equivalent to one of the listed courses will be accepted if transcribed using the equivalent high school department designation and title or certified by the school district.*

### *Admissions Index*

Developed by the Higher Education Coordinating Board of the state of Washington, the Admissions Index is a scale which helps to predict a student's probability for college success. The Admissions Index is used as a guide by all of the four-year public universities in the state of Washington, but is not the only factor considered. Cumulative GPA is approximately three times as important as test scores in determining the Admissions Index. When interpreting the Admissions Index, the Admissions Committee considers nature and difficulty of course selection.

### *Running Start/College Credit for High School Students*

High school students earning college credit will be considered freshmen for admissions purposes, as long as the student attempts no college-level course work after high school graduation (excluding summer). The University will accept college credit in fulfillment of high school course requirements as indicated on the high school transcripts. College-level credit will be awarded in a manner consistent with standard transfer equivalency policies. Students are responsible for submitting official college transcripts.

Regardless of number of college credits, Running Start students and other high school students with college credit must follow freshman application procedures and meet freshman admission standards. This includes completion of the high school course requirements and submission of ACT or SAT exam scores.

## UNDERGRADUATE ADMISSION

### *Advanced Placement (College Board) and International Baccalaureate Exams*

Western encourages students to take Advanced Placement/International Baccalaureate courses and exams. College-level credit will be granted to enrolling students who have scored a 3 or above on the AP exams and a 4 or above on the (higher level) IB exams. See pages 30-31 in this catalog for further details.

### *Admission Requirements for Home Schooled Students*

All freshman applicants need to supply Western with SAT or ACT test scores along with detailed documentation that outlines the curriculum they have studied in the last four years. Typically, this documentation is in the form of a transcript. The home-schooled student must demonstrate academic preparation comparable to general freshman admission requirements. While not required, GED scores can be helpful in assessing the preparation of nontraditional applicants.

### **EARLY ADMISSION**

Students who have demonstrated exceptionally strong academic records and plan to leave school prior to high school graduation may be considered for admission. Contact the Office of Admissions for specific guidelines.

### **TRANSFER ADMISSION**

In general, a transfer applicant is a student who has attempted college credit *after* high school graduation. Please see the section on Freshman Admission if your college credits were earned while you were also fulfilling high school requirements.

Admission priority is given to Washington state residents transferring directly from a Washington state community college with the Direct Transfer Agreement (academic) associate degree, the statewide Associate of Science-Transfer Degree, or who can otherwise no longer progress toward their educational goals at the community college. Cumulative GPA, grade trends, number of transfer credits, academic program, preparation for major, related activities, multicultural experience, residency and space availability also may be considered.

Minimum requirements for transfer admission include a 2.0 cumulative transferable GPA and a 2.0 in the quarters prior to application review and enrollment. Students applying with fewer than 40 completed transferable quarter credits also must meet freshman admission standards. *Meeting minimums is no guarantee for admission as the number of qualified applicants exceeds the number of available enrollment spaces.*

In calculating the transfer admission GPA, the Office of Admissions uses all transferable academic courses, including repeats, from all regionally accredited colleges the student has attended.

Admission to the University does not imply admission to a major or enrollment in specific courses. Many academic programs have selective admissions requirements, including GPA, prerequisite course work, auditions, portfolio review, et cetera. Students should refer to the college sections of this catalog for specific major declaration requirements.

### **TRANSFER POLICIES AND PROCEDURES**

Western Washington University endorses the Higher Education Coordinating Board's *Policy on Inter-college Transfer and Articulation among Washington Public Colleges and Universities*. Detailed transfer advising information, including course equivalency information, is listed on the transfer admission

section of Western's Web site.

### *Transfer of Credit*

In general, Western Washington University grants credit for baccalaureate-oriented courses completed at accredited institutions of higher education. Transfer of credit policies are developed by the University's Committee on Admissions and the statewide Inter-College Relations Committee and approved by the University's faculty. Authority to administer these policies is shared by the Registrar, the Director of Admissions and, where applicability of major or minor is concerned, department chairs.

Several factors govern the acceptance of transfer credit. Chief among them is accreditation. For transfer credit purposes, Western recognizes only those institutions which have received accreditation by the Regional Associations of Schools and Colleges.

Western allows a maximum of 135 quarter (90 semester) credits to transfer from any combination of regionally accredited institutions, including no more than 90 quarter (60 semester) credits from two-year community or junior colleges. Additional course work which exceeds this amount may be used to meet specific requirements but additional credits will not be allowed to count toward the 180 credit requirement for graduation.

Regardless of the number of transfer credits awarded, the student must earn a minimum of 90 credits at an accredited four-year institution (including at least 45 resident credit hours through Western) for graduation.

Certain credits earned at previous institutions do not transfer, regardless of that institution's accreditation, including:

- College courses numbered below 100
- Technical and vocational courses
- Developmental education or remedial courses
- English as a Second Language
- Sectarian religion courses
- Credit for life experience/travel
- Study skills courses
- CLEP examination credit

### *Military credit*

Students may receive up to 30 credits for educational training based on American Council of Education (ACE) guidelines. To receive these credits students must submit either a DD-214 or DD-295 for review. These credits do not transfer from one institution to another and so may apply to the Direct Transfer Agreement (DTA) associate degree only as part of the 15 credits of nontransferable course work allowed under Inter-College Relations Commission (ICRC) guidelines.

### *Transfer of Associate Degrees*

#### **Direct Transfer Agreement (DTA) Associate Degree.**

Students who complete the Direct Transfer Agreement (DTA) associate degree prior to initial enrollment at Western ordinarily will satisfy all of Western's General University Requirements. To be accepted in lieu of Western's GURs, the associate degree must meet Washington State's Inter-College Relations Commission (ICRC) guidelines and include at least 90 credits. The DTA degree must include 75 credits (of specified distribution) that are directly transferable to Western. Up to 15 credits not normally transferable may transfer if used as part of the associate degree. The Pass/Fail grading option may only be

used in the general elective area. Students should work closely with community college transfer advisors to ensure their curriculum choice follows the approved guidelines.

To meet Western's General University Requirements, an approved associate degree normally is earned prior to initial enrollment at Western (on or off campus) as a transfer student. If any student wishes to complete such a degree in order to have it satisfy the GUR while enrolled at Western, it must be earned by the time the student has 1) completed 45 credits at Western, or 2) one calendar year has passed from initial enrollment, whichever comes later.

**Associate of Science-Transfer Degree.** Washington state community college students intent on earning a bachelor's degree in biological sciences, chemistry, computer science, engineering technology, environmental sciences, geology, or physics may be best served by completing the appropriate *Associate of Science-Transfer* degree prior to admission. While this degree will **not** fulfill Western's General University Requirements (GURs), it is the most efficient route in preparing for upper-division study in the science and engineering majors. Students who complete this degree will enter Western with 90 credits and preparation for upper-division program study; however, it does not guarantee admission to the major.

### POST-BACCALAUREATE ADMISSION

Space for students wishing to pursue teaching certification or a second bachelor's degree is limited, and therefore admission is quite competitive. Cumulative GPA, nature of previous course work, proposed program of study, related experience, residency and individual circumstances are considered. Many post-baccalaureate students will find their educational needs can be met through enrollment options offered through Extended Education and Summer Programs. See the *All-University* section in this catalog.

Post-baccalaureate applicants interested in pursuing a residency teaching certificate must simultaneously apply to Woodring College of Education.

### READMISSION OF FORMER STUDENTS

Undergraduates pursuing a first bachelor's degree after an absence from campus generally are guaranteed readmission as long as they left Western in good academic standing and follow readmission application instructions. Post-baccalaureate students returning after an absence from campus must include a detailed academic plan of study, as the post-baccalaureate readmission process is selective. Former students must submit a *Returning Student Application* and meet all deadlines cited under *Application Deadlines and Procedures* section. Students applying to return after dismissal from the University must follow reinstatement procedures detailed in the *University Academic Policies* section of this catalog.

A former Western student who returns to the University after an absence of five years or more may be given permission to start a new cumulative grade average. The Fresh Start application deadline is the end of the first week of the quarter in which the student returns. The application should be submitted to the Registrar's Office. Students who have been dropped for low scholarship, even if absent for five years or more, must pursue reinstatement. See *Reinstatement section under University Academic Policies*.

Former Western extension program students returning to the same Western Washington University extension program to pursue a first bachelor's degree or post-baccalaureate study

must complete the Extension Program Returning Student Application and submit it with a \$38 nonrefundable application fee.

### EXTENSION PROGRAM TIME LIMITS

All graduation requirements for an extension program must be completed within five years of the initial quarter of registration. Students who have not completed their program after four years of study are required to file a plan for completion of the degree within the five-year limit. Otherwise, it is understood that the student has decided to withdraw from the program.

### SPECIAL STUDENTS AND AUDITORS

The Office of Admissions grants course registration privileges on a space-available basis, for one term at a time, to auditors, Washington state employees, and residents over 60 years of age who are eligible for tuition reduction. Special students and auditors must submit a Special Student Enrollment Form to the Office of Admissions each quarter.

All other nonmatriculated students should contact Extended Education and Summer Programs to explore other educational opportunities. Fee reductions and tuition waivers are not applicable to self-supporting extension courses. Students may elect to audit an extension course at full tuition if space is available.

© WWU Publishing Services

# REGISTRATION

Office of the Registrar, Old Main 230, (360) 650-3430

[www.wwu.edu/depts/registrar/](http://www.wwu.edu/depts/registrar/)

Registration for each quarter is conducted in three phases using Web for Student, [www.wwu.edu/web4u](http://www.wwu.edu/web4u):

- Phase I — A period of two to four weeks reserved for continuing and returning students, by appointment; (in fall quarter only, new transfer students also register in Phase I)
- Phase II — A period before the start of classes when students can change their schedules and when new students register
- Phase III — First-week registration beginning the first day of classes and ending the fifth day of the quarter

Students may register through the first week of the quarter. However, entering classes late may cause difficulty.

Complete registration instructions are contained in the annual *Timetable of Classes* and in the *Summer Bulletin*. It is very important that students make certain after registering that they have done so properly by checking their schedules on the Web. Students are prohibited from attending a class without being registered.

Summerstart, a special orientation and registration program for new freshmen, is conducted during the summer preceding fall quarter. Each freshman student who has accepted an offer of admission for fall quarter will be sent complete information about this program. New freshmen unable to attend Summerstart should plan to attend the orientation and advising program held at the beginning of each term.

Transitions, a special orientation and advisement program for new fall quarter transfer students, is conducted during the summer to prepare students for Phase I of fall registration. New transfer students unable to attend Transitions should plan to attend the orientation and advising program held at the start of each term. Each transfer student who has accepted an offer of admission will be sent complete information about orientation and advising.

## REGISTRATION RESTRICTIONS

Due to pedagogical reasons, some courses are restricted to certain levels of students, to students who are declared majors, or to those who have received special permission from the instructor. Such restrictions are listed in the *Timetable of Classes*.

The student is responsible for ensuring that he or she has satisfied all prerequisites before registering for a course. A student who has registered for a course without satisfying

prerequisites should expect to be required by the instructor to withdraw from the course.

Because of high demand for many courses, departments often must give enrollment priority to students for whom specific courses are requirements. If a department restricts a course to its declared majors the department must also allow in the course other declared majors for whom the course is listed as a requirement.

## REGISTRATION HOLDS

A “hold” is placed on registration for students who have any outstanding obligations to the university. These obligations can include outstanding debts, failure to comply with immunization policies, failure to comply with certain admissions requirements or academic regulations, for violations of conduct codes or other university rules.

## LATE REGISTRATION

The deadline to register or to add a class is the end of the first week of instruction.

Late registration is permitted only in exceptional cases. After the first five days of instruction in any quarter, a student may register for and enter a course only 1) by obtaining written permission from the course instructor, the department chair and the Registrar, and 2) by paying the late registration fee.

## EXTENSION REGISTRATION

Registration procedures for extension programs vary. Contact the appropriate program office for registration dates. See the *All-University Programs* section in this catalog.

Students may register for Independent Learning courses at any time, call (360) 650-3650. Enrollment in *only* correspondence courses does not qualify as continuing enrollment for WWU students. Contact the Office of the Registrar for information regarding student status.

## CHANGES IN REGISTRATION

Policies concerning changes in registration, such as withdrawal from a course or from the University, are described in the section titled *University Academic Policies*.

## STUDENT RECORDS SECURITY

Washington Administrative Code 516-26-070 prohibits access to or misuse of a student’s educational records. Any person who inappropriately gains access to a student’s records, or tampers with a student’s registration, will be subject to disciplinary action.

# TUITION AND FEES

Student Accounts, 360-650-2865

www.acadweb.wvu.edu/studentaccounts/sfstaccts.htm

At Western the various expenses of an undergraduate who is a resident of the state of Washington are about \$4,575 each quarter.

Approximate Quarterly Expenses, 2003-2004

|                          |          |
|--------------------------|----------|
| Tuition and Fees .....   | \$1,394* |
| Room and Board .....     | 2,053    |
| Books and Supplies ..... | 240      |
| Personal Expenses .....  | 888      |

The table below shows the actual tuition rates by credit and student category. (Room and board and financial aid at Western are discussed in later sections of this catalog.)

\*Includes \$51 health services fee, \$35 nonacademic building fee, \$15 technology fee, and \$80 recreation center fee.

## TUITION AND FEES

Tuition and Fees are subject to change as the result of action by the State Legislature or the Board of Trustees.

**By registering for classes, a student incurs a legal obligation to pay tuition and fees. This debt may be canceled only if the student officially withdraws from the University before the quarterly deadline published in the Timetable of Classes.**

See *University Academic Policies* section of this catalog for an explanation of full-time status for such purposes as financial aid, athletic eligibility and veterans benefits.

## Auditors

Full fee-paying students (10 or more credits) may audit a course without an additional fee. Part-time students may audit courses by paying the auditor's fee of \$10 per credit. Auditors are required to pay the full course fee for self-supporting extension courses.

## Self-Supporting Tuition and Fees

Extension Education:

|   |                    |
|---|--------------------|
| Undergraduate .....   | \$159 per credit** |
| Graduate .....  | \$199 per credit** |
| Individual credit option .....                              | \$48 per credit    |
| Correspondence (Independent Learning) .....                 | \$93 per credit    |
| Independent Learning registration fee (nonrefundable) ..... | \$20               |

\*\* Plus \$6 per credit Extended Student Services fee. (See *Miscellaneous Service Charges* section for description.)

All self-supporting tuition and fees are subject to change without notice. Differential course fees apply to the MEd Leadership, Professional Certificate, and Environmental Studies programs. Contact Extended Education and Summer Programs for current rates.

Fee reductions and tuition waivers are not applicable to self-supporting extension courses.

## Change in Student Status

A student who has paid part-time tuition and fees and who

| Schedule of Tuition and Required Fees* (subject to change) |                   |                   |       |       |       |       |       |       |       |         |                 |             |   |

| Resident <sup>1</sup> , Graduate                           | 172               | 344               | 516   | 688   | 860   | 1,032 | 1,204 | 1,376 | 1,548 | 1,717   | 181             | 1,898       | 158                                       |
| Nonesident <sup>1</sup> , General                          | 414               | 828               | 1,242 | 1,656 | 2,070 | 2,484 | 2,898 | 3,312 | 3,726 | 4,137   | 181             | 4,318       | 400                                       |
| Nonesident <sup>1</sup> , Graduate                         | 523               | 1,046             | 1,569 | 2,092 | 2,615 | 3,138 | 3,661 | 4,184 | 4,707 | 5,226   | 181             | 5,407       | 509                                       |

\* Pending approval by the Board of Trustees in June 2004.

\*\* Includes \$51 health services fee, \$35 building fee, \$15 technology fee and \$80 recreation center fee added after registering for 6 credits or more.

<sup>1</sup>Residency — Under Washington State Law a resident student is defined as:

1. A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the quarter for which he/she has registered and has in fact established a bona fide domicile in this state primarily for purposes other than educational, or
2. A financially dependent student, if one or both of his or her parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the quarter for which the student has registered.
3. A student who is the spouse or a dependent of a person who is on active military duty stationed in the state. Such a student is classified as a resident for tuition purposes only and is not eligible for other benefits provided to residents.
4. A student who is a member of one of 33 Native American tribes in Idaho, Montana, Oregon or Washington. Such a student is classified as a resident for tuition purposes only and is not eligible for other benefits provided to residents.

Further information regarding residency classification and statutory exemptions from the requirement to pay nonresident fees may be obtained from the Registrar's Office, Old Main 230. Individuals seeking a change in residency classification must obtain a residency questionnaire from the Registrar's Office, attach the required documentation, and submit it to the Registrar's Office before the beginning of the quarter for which a residency reclassification is requested. In the absence of a completed questionnaire and supporting documentation, an individual's residency classification will remain unchanged.

## TUITION AND FEES

adds courses bringing the total credits to 10 or more will pay the balance between what has already been paid and the full-time cost. It is the student's responsibility to obtain revised balance information online at Web4U or through the Student Accounts office in Old Main 360 or at the Cashier in Old Main 245. A full tuition/fee-paying student who drops courses so that the remaining total of credits is nine or fewer will receive a refund of (a) the difference between the full- and part-time tuition/fees if the change is made before the sixth day of instruction, or (b) one-half the difference if the change is made from the sixth day of instruction through the 30th calendar day following the first day of instruction, or (c) no refund thereafter.

### Financial Obligations

Admission to or registration with the University, conferring of degrees and issuance of academic transcripts may be withheld for failure to meet financial obligations to the University. (WAC 516-60-006, filed 11/17/72.)

When a federal Perkins (formerly National Direct), William D. Ford Direct Loan, Joy Stokes or any federal loan has been disbursed to a student while attending the University, failure to appear for an exit interview before graduation or withdrawal or when credits are less than half-time constitutes failure to meet a financial obligation. **Exit interviews are mandatory.** The exit interview is intended to further the students understanding of their rights and responsibilities regarding their respective loans. Contact the Student Fiscal Services Loans and Collections Office at 360-650-2943 for an exit interview.

### DESCRIPTION OF TUITION AND FEES

Tuition and fees are charged at the time a student registers for classes. Due dates are published in the annual *Timetable of Classes*. **Billing statements are mailed as a courtesy.** It is the student's responsibility to pay all current charges in full on or before the due date. Billing statements are available online at Web4U, in the Student Accounts Office, or at the University Cashier.

The Capital Building Fee is used for the construction of academic facilities. It is not used for either Housing and Dining System buildings or support of the University's operating budget.

The service and activities fee is used to amortize, in part, residence halls, dining halls and student activities facilities; to provide the Associated Students administration; and to support student activities (theatre, forensics, musical activities, intramural and intercollegiate activities, et cetera).

The operations fee, with the state's general fund appropriation, is used to support the instruction, library, student services, administration and maintenance functions of the University.

For 2002-2003, Western received approximately \$5,138 per full-time equivalent student from the state of Washington. The appropriation received from the state represents approximately

| 2003-2004        |         |                          |                |
|------------------|---------|--------------------------|----------------|
|                  | Tuition | Service & Activities Fee | Operations Fee |
| Res., General    | \$43    | \$133                    | \$1,037        |
| Nonres., General | \$159   | \$133                    | \$3,845        |
| Res., Grad.      | \$38    | \$133                    | \$1,546        |
| Nonres., Grad.   | \$153   | \$133                    | \$4,940        |

63 percent of the educational costs for students. The remaining 37 percent is covered through the tuition operating fee. In addition, state-funded financial aid per student was approximately \$575 for undergraduate students and \$398 for graduate students (2001-02). This information is provided in compliance with Washington State House Bill 1124, "Disclosure of State Support to Higher Education Students."

### MISCELLANEOUS FEES

#### Enrollment Fee

A \$250 enrollment fee is charged to all newly matriculated students (not including extension or graduate students) upon registration for their first quarter of attendance. This fee is nonrefundable.

#### Health Services Fee

A \$51 fee is charged per quarter to each student who registers for six or more credits on the Bellingham campus. This fee is nonrefundable after the sixth day of the quarter. The fee is used to establish a standard of health care for Bellingham's campus and as a contingency for emergency services.

#### Nonacademic Building Fee

A \$35 fee is charged per quarter to each student who registers for six or more credits on the Bellingham campus. This fee is nonrefundable after the sixth day of the quarter. The fee is used for the improvement and development of the Viking Union on the Bellingham campus.

#### Technology Fee

A \$15 fee is charged per quarter to each student who registers for six or more credits on the Bellingham campus. This fee is nonrefundable after the sixth day of the quarter. The fee is used to upgrade and expand technology equipment, facilities, and software on the Bellingham campus.

#### Recreation Center Fee

An \$80 fee is charged per quarter to each student who registers for six or more credits on the Bellingham campus. This fee is nonrefundable after the sixth day of the quarter. The fee is used for the building of the Wade King Recreation Center.

#### Extended Student Services Fee

A \$6 per credit fee is charged to self-support extension and SPAN courses (see *Tuition and Fees* section). The fee is used to purchase equipment, interpreters, and resources for students with certified learning needs, and to fund the development of distance education activities for self-support courses.

#### Student Health Insurance

Emergency coverage is available for students enrolled for six or more credits. A more comprehensive coverage, the Basic Health Plan, subsidized by the Washington State Health Care Authority, is also available to all students. Contact Student Health Center for details.

#### Parking

(For parking and traffic regulations, see Appendix I.)

2003-04 Rates (2004-05 not yet available)

Quarterly Total

Campus resident parking ..... \$73  
 Adjacent (C zone) commuter permit ..... 67

Peripheral (CR) commuter/resident ..... 43  
 C-carpool permit ..... 50  
 Motorcycle parking ..... 13

**Late Registration/Late Course Adds/Reinstatement**

A fee of \$10 per credit is charged if a student registers after the fifth day of instruction in a quarter. A fee of \$10 per credit is charged if a student adds a class after the second week of instruction. Either action requires written permission of the course instructor, department chair and Registrar.

Tuition and housing fees are payable at the start of the quarter. A late fee is assessed if charges are not paid in full by October 15 for fall quarter, by January 15 for winter quarter, by April 15 for spring quarter, or July 15 for summer quarter. Fees of \$75 and 1 percent per month interest are charged if a student fails to pay the full amount of tuition and other quarterly charges by the deadline.

**Special Examination Charges**

Course Challenge ..... \$25 per course

**Degree and Certification Fees**

Residency teaching certificate — student with WWU degree or completing combined degree/certification program ..... \$25

Residency teaching certificate — post-baccalaureate student with no WWU degree ..... \$60

(Residency teaching certificate fees include state and WWU processing fees and are in addition to the degree application fees.)

**Transcripts**

Requests should be submitted to the Registrar’s Office one week in advance of need. A transcript will not be issued for persons who are indebted to the University.

Transcript Fee ..... \$6

**Other Special Fees**

In certain instances the University may charge special fees for services which normal budgets may not fund, such as music practice room rentals, purchase of special laboratory and studio supplies. These fees are listed in the *Timetable of Classes*.

**When and How to Pay Tuition and Fees**

A *courtesy* statement of account detailing tuition, fees and housing is directed first to the billing address. If a billing address has not been established, statements will be mailed to the local address. IF no local/campus address exists, account statements will be mailed to the permanent address on file. Statements are generated after Phase I registration, approximately three weeks prior to the tuition and fee deadline and monthly thereafter.

**It is the student’s responsibility to pay tuition and fees before the payment deadline whether he/she receives a statement or not.** Billing statements are also available online at [www.wvu.edu/web4u](http://www.wvu.edu/web4u) and from the Student Accounts Office, Old Main 360, or University Cashier, Old Main 245, on request. Any previous unpaid bills (those due prior to the fee payment deadline) **must be paid in addition** to the new charges to ensure full payment. To avoid being dropped from classes, registration charges must be paid in full and on time. It is important for students who add courses after their statement date to check their Web bill online or with Student Accounts to

determine their payment requirement. The registration fee deadline stated on the cover of the *Timetable of Classes* falls during the half-refund period. If the University cancels a student’s registration for nonpayment during this time, the student is **still liable** for one-half of their tuition and all of their fees. Therefore, it is important that students who decide not to attend after registering formally withdraw from the University through the Registrar’s Office as soon as possible to avoid incurring unnecessary fees.

1. Tuition and University housing payments may be made:

**Online** — Available 24 hours a day with immediate update to the student account. To pay, go to Web4U and access the “Pay” button found on the Web bill.

**By Mail** — checks only

**By Fax** — VISA or Mastercard

**In person** — cash, check, VISA or Mastercard

**Through Financial Aid** — loans, grants, waivers or scholarships

2. Books and supplies need to be purchased at the start of each quarter.

For more information contact Student Accounts, Old Main 360, 360-650-2865.

Financial aid, including scholarships, William D. Ford Direct Loans and Federal Perkins Loans, will be applied to any tuition and fees first. Then, financial aid will be applied toward any housing (contracted through WWU) bill that is due within 30 days. Any remaining aid will be disbursed directly to the student by direct deposit to the student’s bank account. Students who have not applied for direct deposit will receive their credit balance by mail. Enrollment forms for direct deposit are available in Student Accounts (Old Main 360) or at the University Cashier (Old Main 245). If financial aid does not cover the amounts owed to WWU, the student must pay the balance by the appropriate deadlines.

**REFUNDS OF TUITION AND FEES\***

The tuition refund policy of Western Washington University is established by the state of Washington and the Board of Trustees (RCW 28B.15).

In ordinary circumstances, a student who formally withdraws before the sixth day of instruction in fall, winter, or spring quarter receives a full refund of tuition and fees, *except for the initial registration deposit and the enrollment fee required of new students.*

A refund of one-half of tuition *only* is made to a student who withdraws on or after the sixth day of instruction, provided such withdrawal occurs within the first 30 calendar days following the first day of instruction. **No refund is given for the health services fee, building fee, technology fee, recreation center fee, or course fees on or after the sixth day of instruction.** After the 30th day, no refunds are granted. A statutory pro rata refund schedule is required for students who received Title IV federal financial aid. That refund policy is available in the Student Financial Resources office.

\* See the *Summer Session Bulletin* for the refund policy of summer fees.

**SELF-SUPPORTING TUITION AND FEES REFUND POLICIES**

(*Extended Education and Summer Programs*)

A full refund is given if a class is canceled or a registration is not accepted.

## TUITION AND FEES

---

**Full refund** — Through the fourth day of Western's Bellingham campus quarter or before the second class meeting or second conference posting for an online course, whichever is later.

**50 percent refund** — Same as regular Western deadline (within the first 30 calendar days following the first day of Western's Bellingham campus quarter) or the first day of class, whichever is later.

**No refund** — Same as regular Western policy. No refunds are given after the first 30 calendar days following the first day of Western's Bellingham campus quarter.

### ***Less than 6-week course***

**Full refund** — A full refund is given if the refund request is made before the second class meeting.

**50 percent refund** — A 50 percent refund is given if the refund request is made or postmarked before one-half of the class meetings have been held.

**No refund** — No refunds are given after one-half of the class meetings have been held.

### ***Flexible enrollment course (including correspondence and contract courses)***

No refunds are given after 30 days from the date of registration. If assignments have been submitted, a prorated service fee is deducted from the refund. The \$20 registration fee is nonrefundable.

© WWU Publishing Services

# FINANCIAL AID

Old Main 265, 360-650-3470

[www.finaid.wvu.edu](http://www.finaid.wvu.edu)

Western Washington University makes every effort to provide financial assistance to eligible applicants through grants, scholarships, work study and loans or some combination of these student aid programs. It is expected that students will meet part of their expenses through earnings from employment in the summer and academic year, and that parents will contribute in proportion to their financial ability.

**NOTE:** Students should be prepared to use *some of their own money* to pay for their initial expenses, *even if they expect to receive financial aid.*

## WHAT IS FINANCIAL AID

Financial aid is monetary assistance to help meet educational costs, including: tuition and fees, books and educational supplies, housing and food, transportation and personal expenses. The total amount of aid cannot exceed the budgeted cost of attendance used to determine financial aid eligibility. Eligibility for aid is determined by federal formulas from the U.S. Department of Education. Applicants complete the *Free Application for Federal Student Aid (FAFSA)*, which is evaluated to determine each student's relative financial need, and awards are made with careful adherence to federal, state and institutional guidelines. WWU students who enroll in an approved program of study abroad can be considered for financial aid (though not all aid types are available).

Applicants who submit the FAFSA form to the federal processor by the priority deadline (see *How to Apply for Financial Aid* section) are considered for priority aid as funds are available.

**Grants** are gift aid and do not have to be repaid. Grants are awarded on the basis of financial aid eligibility. Most grants are restricted to undergraduate students, with greater eligibility for students who meet the priority deadline. Some partial tuition and fee waivers are available to students in master's degree programs.

**Scholarships** usually are awarded on the basis of merit criteria, but some may also use financial need as a factor. WWU offers merit scholarships to entering freshmen, transfers and returning students in recognition of outstanding academic ability or talent.

Individual scholarships are available through University departments and colleges. Through the Multicultural Achievement Program Scholarship, the University recognizes outstanding students who demonstrate a commitment to multicultural issues and activities in school or the community. Additional information is available in the Scholarship Center, Old Main 275, 360-650-3471, or online at [www.finaid.wvu.edu/scholarships](http://www.finaid.wvu.edu/scholarships).

Students enrolled in or applying to self-support courses or programs should contact the Scholarship Center for specific eligibility requirements. Self-support courses may not meet the eligibility criteria for all scholarships offered through the Scholarship Center.

**Loans** for education generally have interest rates that vary (by program) to 9 percent. The federal government subsidizes the interest on some loans. Payments may be deferred until after the student leaves school in some programs. WWU participates

in the Federal Perkins, Federal Direct and PLUS loan programs. The Perkins loan is targeted to undergraduate students with "exceptional need" who are dependent or are independent with children.

**Work Study and student employment** offer work opportunities on campus and in the local community. Financial aid eligibility may or may not be a prerequisite for employment, depending upon the employment program. Work study is a form of financial aid available to undergraduate and master's degree students with the highest need.

Work study jobs have a portion of the employee's salary subsidized by federal or state funds. This encourages employers to provide employment opportunities which otherwise might not be available. The University places a strong emphasis on providing quality work experiences for its students. Additional information is available in the Student Employment office, Old Main 285, 360-650-3158, or online at [www.finaid.wvu.edu/studentjobs](http://www.finaid.wvu.edu/studentjobs).

Community Service involves the sharing of one's time, talent, hope and vision. Western Washington University encourages students to become involved in helping others. Whether it is in health care, child care, mentoring youth, adopting a grandparent, literacy training, tutoring or assisting in community projects, student involvement can make a difference. Community service and volunteer opportunities are available in the residence hall system and through the Student Employment office.

## HOW TO APPLY FOR FINANCIAL AID

To apply for financial aid, students must complete the Free Application for Federal Student Aid (FAFSA) each year. Additional information may be requested.

Applicants must notify the Financial Aid office in writing if they receive financial aid from any other institution during the year for which financial aid is requested from WWU.

To be considered for priority financial aid for an academic year, students must complete and submit their FAFSA to the federal processor by the priority filing deadline of February 15 preceding that academic year. Applications submitted after the priority deadline are considered on a *funds available* basis. The FAFSA and related application materials must be received to allow sufficient time for Financial Aid to finalize aid eligibility, in accordance with federal guidelines.

## GENERAL ELIGIBILITY REQUIREMENTS FOR FINANCIAL AID

Students may be considered for financial assistance if they:

- Are a citizen or permanent resident of the United States
- Submit the Free Application for Federal Student Aid
- Submit all required information and documentation
- Are admitted through the admissions office or Graduate School to a degree or certificate-granting program at Western Washington University
- Do not owe a refund on a previous grant or are not in default on a previous educational loan received at any institution of higher education
- Have registered with the Selective Service, if required to do so

## FINANCIAL AID

- Are enrolled for the minimum credit hours required:
  - 12 credit hours for full-time undergraduates; 8 credit hours for full-time master's degree candidates
  - 6 credit hours for half-time undergraduates
  - 4 credit hours for half-time master's degree candidates
  - Some students may be eligible for limited amounts of assistance if they are enrolled less than half-time
- Maintain satisfactory academic progress and have not already exhausted eligibility under the maximum time frame component of Western Washington University's Satisfactory Academic Progress Policy; please refer to Appendix J for additional information regarding satisfactory academic progress
- Financial aid eligibility is suspended for students convicted under federal or state law of selling or possessing illegal drugs. If you have a conviction or convictions for these offenses, call 800-433-3243 or go to [www.fafsa.ed.gov/worksheets.htm](http://www.fafsa.ed.gov/worksheets.htm) to see how this law applies to you

### SUMMER FINANCIAL AID

Applicants for financial aid during summer quarter must meet the same eligibility requirements and submit the same application materials required during the preceding academic year (the Free Application for Federal Student Aid). In addition, the *Summer Financial Aid Application* is required. The *Summer Financial Aid Application* is available in March from the Financial Aid office at [www.finaid.wvu.edu](http://www.finaid.wvu.edu).

Students wishing to be considered for financial assistance for summer quarter should contact the Financial Aid office regarding required materials and application deadlines.

### SELF-SUPPORT COURSES

Financial aid may be granted for self-supported courses. Contact the Financial Aid office for eligibility requirements and aid procedures. Fee reductions and tuition waivers are not applicable to self-supporting courses. Students enrolled in or applying to self-support courses or programs should contact the Scholarship Center for specific eligibility requirements. Self-support courses may not meet the eligibility requirements for all scholarships offered through the Scholarship Center.

### GRADUATE STUDENTS

To qualify for graduate-level Federal Direct Loan borrowing limits each quarter, students must enroll for at least 4 graduate-level credits each quarter.

### SHORT-TERM CASH-FLOW PROBLEMS

The Financial Aid office can assist in solving short-term cash-flow problems through a variety of short-term loan programs.

#### *Emergency Loan*

Students currently enrolled at least half time may borrow up to \$250 for up to 30 days to solve minor cash-flow problems. A \$5 loan origination fee will be charged on each loan advance, and will be deducted at the time of the disbursement. Signature loans must be paid in full within 30 days.

#### *Institutional Loan*

Students currently enrolled at least half time may borrow up to \$600 for a maximum of 90 days. This loan requires a co-signer. Proceeds will be applied to the student's account balance, including all charges due within 30 days from the date of disbursement before a credit check will be issued. A \$10 loan

origination fee will be deducted at the time of the disbursement. The institutional loan must be repaid within 90 days.

#### *State Short-Term Loan*

This loan is available to students who are residents of Washington and who are waiting for the first disbursement of their Federal Direct Loan. Students may borrow up to \$1,000 or the amount of the expected quarterly disbursement, whichever is lower, from the Short-Term Loan program. The Short-Term Loan must be repaid on receipt of the loan proceeds or within 30 days, whichever comes first. A \$10 loan origination fee will be deducted at the time of the disbursement.

The Financial Aid office reserves the right to refuse any of the short-term loan programs to students who do not show an ability to repay the loan or who have a history of poor repayment of prior loans.

### WESTERN REPAYMENT POLICY

Overpayment occurs when a student has received more aid than is warranted. The most common reason for overpayment is full or partial withdrawal from classes by the student after financial aid has been paid. A student who fully or partially withdraws from classes after aid has been disbursed may be required to repay all or a portion of that aid. The student will be held to Satisfactory Academic Progress requirements for the quarter.

Additional information on repayment requirements is available at the Financial Aid Office and Student Accounts.

Students must maintain the minimum number of credits associated with the enrollment status that they reported to the Financial Aid office to receive aid. Otherwise, aid could be delayed or reduced. On the second Friday of each quarter, the enrollment status is recorded, which provides a final basis for determining eligibility for the following programs: Pell Grant, State Need Grant, Federal Supplemental, Educational Opportunity Grant, Federal Work Study, Federal Perkins Loan, Western Grant, Tuition Waiver, and some scholarship programs. This recording date is commonly referred to as the quarterly enrollment status "lock" date.

Students who receive aid from the above programs at the beginning of the quarter, based on a higher enrollment status than their enrollment status at the lock date, may have their aid reduced to correspond to their locked enrollment status. In such circumstances, a repayment likely would be owed. Students whose enrollment status increases by the lock date may be eligible for additional funding.

#### **Lock dates:**

Fall Quarter ..... October 1, 2004  
 Winter Quarter ..... January 14, 2005  
 Spring Quarter ..... April 8, 2005  
 Summer Quarter ..... July 2, 2005

|                      | Graduate  | Undergraduate | Post-bac   |
|----------------------|-----------|---------------|------------|
| <b>Full Time</b>     | 8 or more | 12 or more    | 12 or more |
| <b>3/4 Time</b>      | 6-7       | 9-11          | 9-11       |
| <b>1/2 Time</b>      | 4-5       | 6-8           | 6-8        |
| <b>&lt; 1/2 Time</b> | 3 or less | 5 or less     | 5 or less  |

## WITHDRAWING FROM WESTERN

If a student withdraws from all classes within 60 percent of the end of any given quarter, their eligibility for federal student aid and Washington State Need Grant programs must be recalculated in accordance with Title IV aid requirements. The withdrawal date will be the earlier of the date the student began the withdrawal process, the date related to the circumstance leading to withdrawal, the actual withdrawal date, or the date the student began an official leave of absence signed by a University representative. This date will be used to determine whether a repayment of aid is owed or the student is due a post-withdrawal aid disbursement for the quarter. Students planning to withdraw from all classes who have applied for financial aid must provide official notification to the Financial Aid office and the Registrar's office of their intent to withdraw as soon as possible (even prior to totally withdrawing). Notification will allow either of these two departments to initiate steps to bring closure to financial aid issues the student may have for the quarter and help the student resolve any aid eligibility concerns for future quarters.

Students who totally withdraw from classes will be placed on financial aid suspension. A student may petition for financial aid reinstatement if unusual circumstances beyond their control prevented them from meeting satisfactory academic progress requirements. Reinstatement is not guaranteed. For more information, please refer to Appendix J for the complete satisfactory academic progress policy.

## VETERANS INFORMATION

Each veteran enrolling at Western for the first time on the GI Bill must either apply for education benefits with the Veterans

Administration or transfer his/her authorization from the last college attended. To ensure that allowances are received on time, this should be done well in advance of the academic quarter the student wishes to attend. Assistance in making application is available in the Registrar's Office, Old Main 230.

Veterans should also make certain that the academic objective they plan to pursue is the one authorized by the Veterans Administration. For instance, if the authorization is for the master's degree, the veteran must enroll in courses applicable to that degree. Any necessary changes in objective should be made in advance of registration.

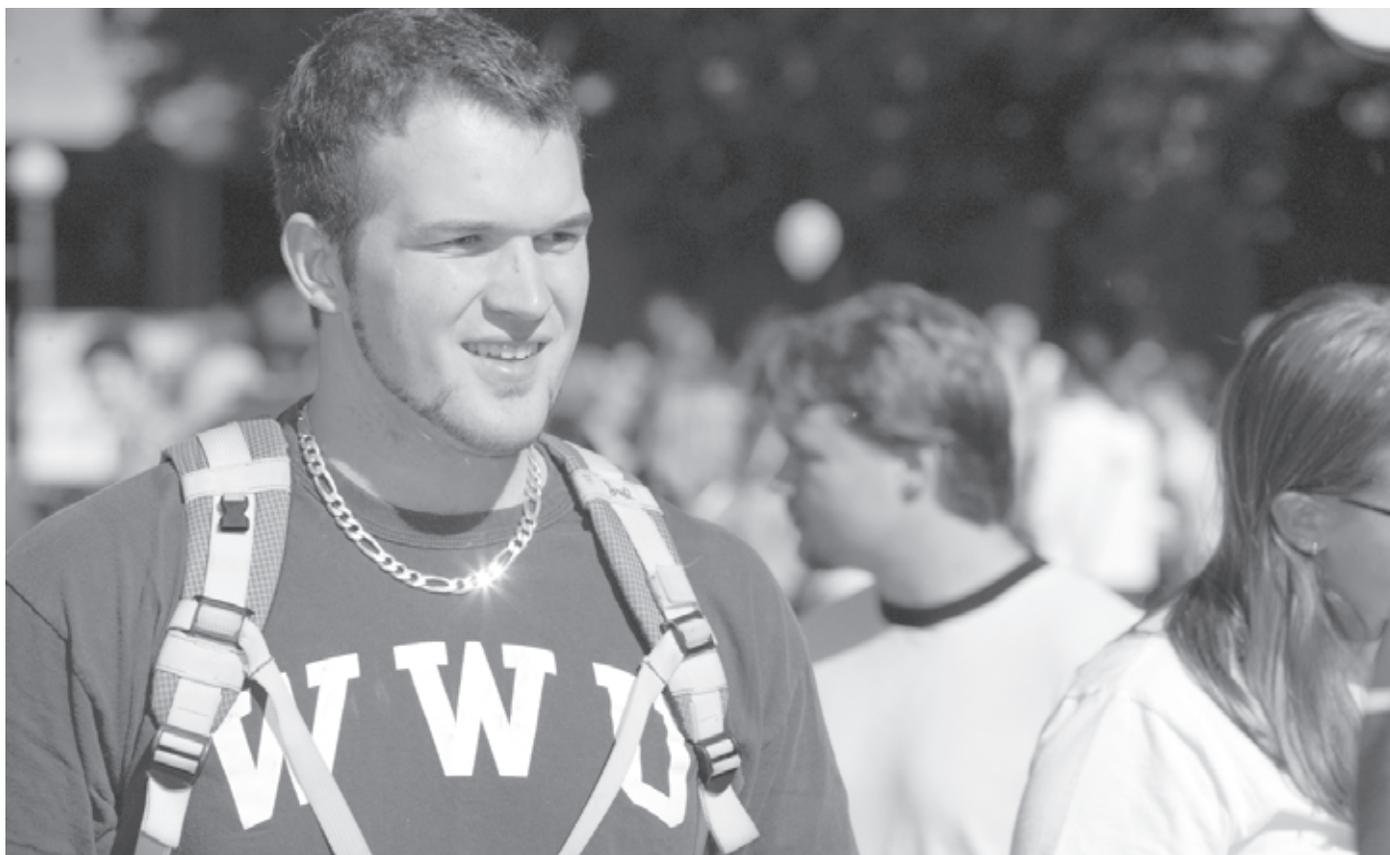

Western Washington University's academic programs of study are approved by the Washington State Higher Education Coordinating Board's State Approving Agency (HECB/SAA) for enrollment of persons eligible to receive educational benefits under Title 38 and Title 10 USC.

A veteran enrolling for at least a half-time credit load may request advance payment. This request must be received by the Veterans Administration at least 30 days before the beginning of the quarter.

New transfer students may qualify for advance payment if there has been one calendar month since the last date of attendance.

The advance check will be sent to the University for temporary care by the controller until the veteran registers.

If a veteran does not seek advance payment or does not register through Western for benefits until the start of the quarter, payments will not begin arriving until the end of the second month of the quarter.

# UNIVERSITY RESIDENCES

Edens Hall, 360-650-2950

www.housing.wvu.edu

e-mail: infodesk@wvu.edu

Western Washington University's residential program supports the University's academic mission by providing secure, comfortable and affordable housing and dining services within a diverse community that encourages academic success and personal growth. The residence program provides a positive living environment that supports students in achieving their academic goals. All residence halls and apartments are coeducational by floor, wing or suite. Eligibility for housing is made without reference to race, creed or national origin.

Students are not required to live in University residences. However, living in a residence hall or on-campus apartment is a unique experience which provides an opportunity to meet people and explore new ideas and ways of relating to others. Residence living is an important part of the educational process in which students are encouraged to be involved in activities and programs and to assume individual and group responsibility.

Professional and student staff members provide academic support, educational programs, personal advisement, conflict management and crisis intervention. They also assist residents in developing a sense of community in which students can feel "at home" while in residence at Western.

Numerous student leadership opportunities are available, including volunteer positions in hall government and committees as well as paid positions such as computer consultants and resident advisors. Western strongly encourages students to be active, involved citizens in the residential communities, to enhance both the community and their own individual growth and development.

## UNIVERSITY RESIDENCE HALLS, APARTMENTS FOR SINGLE AND FAMILY STUDENTS AND DINING HALLS

The typical residence hall room is designed for occupancy by two persons, although a limited number of single occupancy and triple occupancy rooms are also available. Each is furnished with a single bed, mattress and pad, a wardrobe or closet, desk, desk lamp, access to TV cable, Internet connectivity and local phone service. The occupant furnishes linens, towels, alarm clocks, telephone and other personal necessities. Because of fire danger, electric open-element appliances are not permitted in student rooms.

Kitchenette and laundry facilities are provided in central areas. A recreation room, reception area, lounge, special study rooms, computer work stations, vending machines and *limited* storage space is provided in most halls. Some halls have bike racks, pool tables and other recreational amenities.

Generally, housing is open during the academic terms, although Birnam Wood apartments include a 12-month living option. This option is open to continuing students only.

A meal plan is required as a part of residence hall living, and optional for residents of Birnam Wood apartments. Regular **meal service** is provided in three locations — the Viking Commons, Ridgeway Dining Commons and the Fairhaven Dining Commons. Regardless of meal plan or residence,

students may eat in any of the dining commons, although most tend to eat in the dining area nearest their residence hall. No meals are served during quarter break periods.

The Birnam Wood **apartment complex** consists of 132 two-bedroom apartments on a wooded, seven-acre site near the campus. Each apartment has a living room, dining room, kitchen, outside deck, bath, storage area, with standard furnishings for four students, drapes, and wall-to-wall carpeting. Utilities are provided as well as cable television, access to the modem pool for Internet connectivity by either ethernet or modem pool, FM cable service, and local phone service. Each apartment can accommodate up to four persons, or a family. A deposit is required from each person or family assigned to an apartment.

Reservations for space in residence halls and apartments are made by completing a housing application and returning it to Office of University Residences, Edens Hall, Western Washington University, Bellingham, Washington 98225-9195 or by applying online at the University Residences Web site.

Space is limited, so apply immediately for admission to the University for the highest priority in housing assignment. ***You will receive your housing application and brochure when you are officially notified of admission to the University.***

Space in a particular hall or apartment is assigned according to the date of the receipt of the application for admission to the University. Actual room assignments are based upon student responses to the roommate assignment questionnaire.

An assignment to a University apartment or residence hall does not guarantee a parking space or permit.

### *Deposits, Cancellations and Refunds*

No deposit is required with the housing application, but one must be made when a housing agreement is signed.

In accepting an assignment to a residence hall, each student agrees to the Room and Board Agreement and makes a security deposit. The security deposit will be retained by the University as a damage and/or reservation deposit as long as the student lives in the housing system.

Once the agreement is signed and the security deposit is made, cancellation of a reservation cannot be made without forfeiture of the deposit if cancellation is made after June 30.

Cancellations of housing reservations must be made in writing to the Office of University Residences. Cancellations made before June 30 will result in a refund of the entire deposit. Deposit forfeitures due to extenuating circumstances may be appealed by calling the housing office for a petition.

The reservation deposit becomes a damage deposit during the term of the housing agreement. During the academic year, charges for damage to or loss of University Residences' property which is assigned to the student's custody, damage to other University Residences property or outstanding normal charges will be billed to the student. At the end of the academic year, the student's account will be cleared and a refund of the deposit made only after all housing and other University charges are paid in full.

## COSTS

### *On-Campus Housing*

The trustees of Western Washington University set room-and-

board rates and apartment rents. The following rates are for planning purposes only. For a double room with the gold meal plan, the 2003-2004 rate will be \$5,945. Residence hall rates include room, food and utilities. 2003-2004 apartment rates are \$2,061 for a double with two persons and \$8,247 for a family in a two-bedroom apartment. Apartment rates do not include the cost for food service.

Housing rates increase each year. For more information, contact the Office of University Residences, Western Washington University, Bellingham, Washington, 98225-9195, (360) 650-2950, or [infodesk@wwu.edu](mailto:infodesk@wwu.edu).

### *Off-Campus Housing*

The Off-Campus Housing Listing Service provides a means for students to find housing in the area. There are two services for off-campus housing: the Viking Union Web site has a Web-based off-campus listing service, which can be viewed at [www.union.wwu.edu/](http://www.union.wwu.edu/), and a board with posted listings is available to view in the Viking Addition, 5th floor. Listings may be made in person between the hours of 10 a.m. and 5 p.m. Monday-Friday.

### *Evacuation Guide*

Western's *Evacuation Guide for Persons with Disabilities* is now available. You are encouraged to obtain this publication and learn about tips for the person with a disability for responding in an evacuation; tips for assisting persons with disabilities in an evacuation; and tips and a guide for establishing an individual written evacuation plan. To download a copy, go to [www.wwu.edu/depts/eoc](http://www.wwu.edu/depts/eoc).

© WWU Publishing Services

# STUDENT AFFAIRS AND ACADEMIC SUPPORT SERVICES

Student Affairs and Academic Support Services plays a distinct and essential role in creating a campus culture that promotes the integration of the whole student experience within the university learning community. Staff provide a diverse, comprehensive student learning experience through programs, activities, facilities and support services that integrate academic success and personal development. Offices assist students and provide services through resident hall life, academic advising, tutoring, financial aid, student activities, new student and parent programs, counseling and health services, wellness programs, student assistance services, athletics, career services, registration and admissions.

By enhancing the student's abilities in decision making, problem solving, planning and interpersonal relations, staff help students take an active role in their education. This includes development and appreciation of diverse cultures and lifestyles and active participation in activities that increase the quality of their academic experience. In addition, the division is well known for its long tradition of supporting experiences which enable students to supplement classroom learning, i.e., through development of community service opportunities, student leadership programs, and active participation in intramurals, club sports and athletics.

## OFFICE OF VICE PRESIDENT FOR STUDENT AFFAIRS AND ACADEMIC SUPPORT SERVICES

Old Main 390, 360-650-3839

MS-9025

[www.wvu.edu/depts/vpsa](http://www.wvu.edu/depts/vpsa)

This is the central administrative office for the Division of Student Affairs and Academic Support Services. The vice president and staff provide leadership within the University to ensure that ongoing needs of students are addressed. This goal is accomplished through maintaining quality student programs and services, working closely with the academic units to create an integrated and comprehensive student experience, and assessing students' needs and concerns.

Students with general concerns regarding University policies, procedures and resources may contact this office for assistance.

The University's administrative rules regarding student conduct, use of University facilities, and others of general applicability can be found at [www.wvu.edu/depts/president/trustees.shtml](http://www.wvu.edu/depts/president/trustees.shtml).

## ACADEMIC ADVISING AND TUTORIAL SERVICES

Old Main 380, 360-650-3850

MS-9029

Academic Advising and Tutorial Services provides leadership, structure, and coordination for collaborative programming and the sharing of resources between the Academic Advising Center and the Tutorial and Academic Skills Center. These centers provide opportunities for students to work closely with faculty and professional advisors, learning resource specialists, study group leaders, and tutors in many subject areas. The aim is to help students successfully complete their academic goals and maximize their educational potential. The synergetic collaboration between these centers assists students with finding the correct balance of support, challenge, structure,

and independence needed to develop meaningful and sound educational plans. By combining the resources of these two centers, Academic Advising and Tutorial Services provides a focal point for student-centered academic support and success initiatives that help students develop as independent learners.

## ACADEMIC ADVISING CENTER

Old Main 380. 360-650-3850

MS-9029

[www.acadweb.wvu.edu/advising/](http://www.acadweb.wvu.edu/advising/)

The Academic Advising Center (AAC) is committed to providing Western Washington University undergraduates with the support and guidance necessary to succeed in their academic endeavors. The center strives to communicate the ideals of a liberal arts education and balance that with helping students navigate the complexity of issues and options encountered as they pursue their academic goals. AAC's primary service populations are first-year students, students who are undecided about their choice of major, and students who are experiencing academic difficulties.

The Academic Advising Center is a place where students are assisted in exploring Western's curriculum and selecting course schedules. Professional staff and peer advisors clarify academic requirements and regulations, assist with course selection and help students to effectively use the academic and support resources of the University.

The AAC assigns faculty and professional advisors to each new first-year student at Western. The process of academic advising is a shared responsibility between the student and advisor. The AAC strives to connect advisors to their students by providing academic advising and support interventions at important points throughout the academic year. Ultimately, however, it is each student's responsibility to meet with his or her advisor and use these services. Academic advisors help students plan their academic programs, suggest enrichment opportunities, monitor student progress, explain university policies and help students navigate through university procedures. The services of the Academic Advising Center include:

- Academic exploration and choosing a major
- Course selection and developing academic plans
- Advice concerning General University Requirements (GUR) and preparation for declaring a major
- Registration assistance
- Assistance and support for students experiencing academic difficulty
- Information concerning math placement and writing proficiency requirements
- Information and assistance with scholastic standing policies
- Information regarding GUR equivalent courses from Washington community colleges
- Referrals to appropriate resources to help with other concerns that affect academic success

Students can contact their advisors any time they need assistance or simply want to review their progress and plans. Advisors are available by appointment or during scheduled

walk-in hours. Students can also contact their advisors by telephone and e-mail.

### *Tutorial and Academic Skills Center*

Old Main 387, 360-650-3855

MS-9024

[www.ac.wvu.edu/~tutorctr](http://www.ac.wvu.edu/~tutorctr)

The Tutorial and Academic Skills Center (TASC) provides Western Washington University undergraduates with support to help them achieve their highest academic potential. The core of TASC's services has two primary focuses: to provide academic assistance through individual tutoring for GUR courses, and to offer structured programs that provide opportunities for students to develop or enhance their academic skills. Central to all activities in the TASC is the development of the intellectual capabilities and scholarly attributes that are embodied in a liberal arts education and necessary to be successful independent learners.

The TASC provides tutorial assistance for GUR courses, primarily entry-level math and science. Tutors are available in the center to help students develop their command of the subject area and improve their academic ability.

The TASC also provides assistance with enhancing academic skills in areas of time management, test taking, note taking, and textbook comprehension. The center offers workshops and individualized sessions on these topics and offers supportive encouragement for students to recognize and improve their intellectual capabilities. Tutoring is offered in a variety of formats, including individual and small group sessions, and each student determines his or her personal level of success. Students who use the center include academically strong students working to maintain a grade of A or B, as well as students experiencing difficulty passing a course. Specific services include:

- Academic skills tutorials and workshops
- Small group and individual tutoring in GUR courses, particularly math and science
- Calculator workshops and GraphLink technology
- Assistance formulating study groups
- Referrals to other appropriate services in support of academic success

### **ADMISSIONS**

Old Main 200, 360-650-3440

See the *Undergraduate Admissions* section of this Catalog.

### **THE WRITING CENTER**

Wilson Library 677, 360-650-3219

<http://www.ac.wvu.edu/~writepro>

M-R 9-4; F-10-2; Su, M, W 7-9 p.m.

*"I know what it feels like to write — the feelings of isolation, fatigue, helplessness. I know what it feels like to be stuck, and I know what happens when I can talk about my writing to an interested person."*

— *A Writing-Centered Writer*

As a free resource for students, the Writing Center welcomes writers engaged in the writing process. In various stages from brainstorming topics to polishing final drafts, writers may conference with our qualified writing assistants first to clarify ideas (thesis and organization) and then to identify patterns of error (grammar and punctuation). Our services also include:

- Face-to-face response on course papers, essay exams, and applications/résumés
- Written response to drafts submitted online
- Web-based grammar practices
- Specialized assistance for writers with learning differences or with English as an additional language
- Books and handouts

Writers may call for appointments or just drop by — in person or online.

### **ASSOCIATED STUDENTS BOOKSTORE**

360-650-3655

501 High St., between the Viking Union and the Performing Arts Center. Open 8 a.m. to 5 p.m. Monday-Friday.

[www.bookstore.wvu.edu](http://www.bookstore.wvu.edu)

e-mail: [stucoop@cc.wvu.edu](mailto:stucoop@cc.wvu.edu)

The Associated Students Bookstore is a nonprofit, self-supported organization of Western Washington University. All net revenues go to support student programs sponsored by the Associated Students. The store serves the campus by providing educational and convenience items, including textbooks; school, art, and engineering supplies; WWU apparel; computer software; general books, and miscellaneous gift items.

### **ATHLETICS**

Carver Gym 100, 360-650-3109

[www.wvuathletics.com](http://www.wvuathletics.com)

Intercollegiate athletics involve many students as participants and spectators. Men's sports include football, soccer, cross country, basketball, golf, crew, and track and field; women's sports include volleyball, soccer, cross country, basketball, golf, track and field, crew, and fastpitch softball. The University Athletic Program is a member of the National Collegiate Athletics Association (NCAA) Division II, and the Great Northwest Athletic Conference.

Students are encouraged to join The Blue Crew, Western's student sports fan organization. There is no cost to join. Free Blue Crew prizes are awarded to all Western students attending Viking athletic events. For ticket information, call 650-BLUE (2583). For further information contact the Department of Athletics, Carver Gymnasium, 360-650-3109.

### **CAREER SERVICES CENTER**

Old Main 280, 360-650-3240, fax 360-650-3293

MS-9002

[www.careers.wvu.edu](http://www.careers.wvu.edu)

The Career Services Center offers a full range of services and programs, including individualized counseling, designed to assist individuals at all stages of the career development process — from self-assessment and initial career and major decision-making to job searching.

#### *Career Planning*

The center's career planning services assist individuals in choosing academic majors and establishing career goals. Individual counseling, workshops, seminars, and resource materials are provided to help individuals:

- Examine interests, temperaments and values
- Identify transferrable skills
- Explore occupations and job market trends

## STUDENT AFFAIRS AND ACADEMIC SUPPORT SERVICES

---

- Relate career choices to educational programs
- Specific assessment instruments include the Strong Interest Inventory and the Myers-Briggs Type Indicator.

### *Internship Program*

Internship programs offer opportunities for students to expand their education into the world of work. Students are able to put classroom theory into practice, test tentative career choices, and gain valuable experience and contacts to enhance their employment prospects after graduation.

The center publishes a bimonthly listing of internship openings, advises students on developing their own internship opportunities, and serves as a liaison between students, employers and faculty. Through the center's on-campus recruiting program, students can interview with employers offering internship opportunities.

### *Career and Job Market Information*

The center maintains a comprehensive Career Resource Library. Reference materials include information relating academic majors to career fields, surveys on the employment of WWU grads, employer files and directories, job search guides, and references on starting salaries and job market trends. Computer work stations with Internet access are available for student use.

### *Job Search Services*

The center offers a variety of services to assist students in learning the techniques and developing the skills necessary to conduct a successful job search:

- Individual counseling on job search strategies
- Workshops on resume writing, job search letters and interview techniques
- Job market and salary information
- Employer contact lists and files
- Mock interviews

Graduating students who register with the center are eligible to participate in **on-campus interviews**, the candidate referral service and can access the Center's job opportunity bulletin board on the center's Web site. Registered seniors, master's degree candidates and post-baccalaureate students may establish placement files during the academic year in which they will graduate or receive certification. Placement files provide valuable documentation of training and experience to share with prospective employers.

### *Special Programs*

The center offers two career fairs each year, one winter quarter and one in the spring. Other special programs provide information on graduate/professional school, internships and international opportunities.

### *Alumni Services*

The center provides services to alumni seeking to change jobs or careers. Alumni who register with the Center are eligible to use the following:

- Individual counseling
- On-campus interviews (on a space-available basis)
- Workshops
- Job Opportunity Bulletin
- Placement file service

All Western students — regardless of degree or college — are

encouraged to seek and use the services of the center early in their university experience. The center maintains an open-door recruitment policy and upholds federal and state nondiscrimination statutes.

## COUNSELING, HEALTH AND WELLNESS SERVICES

Old Main 563, (360) 650-2926

[www.wwu.edu/chw/](http://www.wwu.edu/chw/)

Being a healthy college student means having the confidence and energy to live each day to its fullest. Health is achievable when people care about themselves and each other, when people make decisions and practice skills to enhance their health and well-being, and when people respect each other as unique, worthwhile individuals.

Counseling, Health and Wellness Services is an organization with a variety of services dedicated to the provision of quality physical and emotional health care to Western students. Through utilization of services, students can learn ways to care about their own health and to improve and maintain their overall well-being so that personal, academic and career goals may be achieved.

**Eligibility for services:** Students who have enrolled for six or more credits on the Bellingham campus may access services of the Counseling Center and Alcohol and Drug Counseling and Assessment Services. In addition, services are available to students currently enrolled for six or more credits on the Bellingham campus and who have paid the mandatory health services fee. These services include regular office visits to the Student Health Center and the Student Health Assessment and Information Center. Other specific services are available at reduced cost, such as prescription medications, medical equipment/supplies and lab tests. *It is not necessary to be a member of any health insurance plan to use these services.*

## PREVENTION AND WELLNESS SERVICES

Old Main 560, 360-650-2993

[www.wwu.edu/chw/preventionandwellness](http://www.wwu.edu/chw/preventionandwellness)

The mission of Prevention and Wellness Services is to advance the health of Western students in the broadest sense:

- to reduce students' risk for injury and illness;
- to increase students' academic success and personal satisfaction;
- to work toward the presence of dignity and justice which may lead to the genuine health of the whole community.

The professional health educators at Prevention and Wellness Services seek to assist Western students in preventing illness and injury and achieving high levels of wellness. Prevention and Wellness Services offers students free educational outreach services in stress management, healthy eating and positive body image, alcohol abuse and drug use prevention, sexual assault and violence prevention, and sexual health. Additionally, Prevention and Wellness Services serves as the center for individual professional consultation services for students seeking assistance for alcohol and drug concerns and for advocacy and support following experiences of violence. Students are encouraged to empower themselves by using these capacity-building services:

### *Lifestyle Advisor Program*

[www.ac.wwu.edu/~wellness/laprogram/lap.html](http://www.ac.wwu.edu/~wellness/laprogram/lap.html)

The Lifestyle Advisor Program is the largest all-volunteer service learning group at Western Washington University. Lifestyle

Advisors are diverse student leaders who come from all majors to be trained to offer other students peer health education services. Lifestyle Advisors have these characteristics in common: they care about health, they care about people, they are trained for practical work experience, and they are committed to making a difference in your world. Lifestyle Advisors work in areas such as sexual health, alcohol and drug prevention, violence prevention, stress management, CPR and First Aid, positive body image, social marketing, and peer theatre. The Lifestyle Advisor Program is located in Old Main 560, 360-650-2993.

### *Alcohol and Drug Consultation and Assessment Services (ADCAS)*

[www.ac.wvu.edu/~wellness/student-services/adcas.html](http://www.ac.wvu.edu/~wellness/student-services/adcas.html)

ADCAS is a confidential, free service for students who have questions about alcohol, other drugs, quitting smoking, over-the-counter and herbal products, or who have concerns about alcohol/drug abuse by a friend, roommate, partner or family member. Information about Western alcohol and drug use norms and moderation tips are also ADCAS' specialty. However, there is a \$50 fee for students who are required to attend for a university or court sanction. Call for an appointment or for more information. ADCAS is located in Old Main 560, 360-650-3643.

### *Self-Care Center*

[www.ac.wvu.edu/~wellness/student-services/shaic.html](http://www.ac.wvu.edu/~wellness/student-services/shaic.html)

The Self-Care Center provides rapid medical assessments, anonymous HIV testing, consultations on birth control and sexually transmitted diseases, a quitting tobacco program, seasonal affective disorder light (SAD), cold self-care packets, sexual health packets, medical consultations, telephone consultations and referral. All services are free and available to Western students. The Self-Care Center is staffed by a registered nurse and trained Western students who are Lifestyle Advisors. The center is open from 9:30 a.m. to 4 p.m. Monday through Friday fall, winter, and spring quarters, phone 360-650-2961. The Self-Care Center is located in the Campus Services Building, 2nd Floor.

### *Sexual Assault and Relationship Violence Services (CASAS)*

[www.ac.wvu.edu/~casas](http://www.ac.wvu.edu/~casas)

CASAS is Western's caring and compassionate 24-hour help line to assist students who have been the victims of sexual assault, relationship violence, and stalking. CASAS provides students with a case manager and guide through the details of available services:

- medical/legal assistance
- professional counseling
- academic support services
- accompaniment of victim to the hospital or police station
- support group
- information and referral

Anyone who has ever experienced any kind of violence is encouraged to utilize this program. It is free and available to students who have experienced any of the following in childhood, adolescence, adulthood, or as a student: attempted assault, attempted rape, dating violence, hate crimes, indecent exposure, incest, molestation, obscene phone calls, harassing

e-mail, physical violence, rape, sexual assault, stalking, unwanted touching. To reach CASAS, call the 24-hour help line, 360-650-3700, or send questions by e-mail to [casas@wvu.edu](mailto:casas@wvu.edu). CASAS is located in Old Main 585B.

### **OTHER HEALTH PROMOTION RESOURCES**

Prevention and Wellness Services offers Western students:

- a pre-professional internship site for experience in disease prevention and health promotion in college health settings, with an emphasis on health communications
- up-to-date research on the health status of college students and young adults
- experience in development and management of prevention research grants
- research and programming experience in the connection between social justice and health
- Wellness Outreach Office in VU 432, 650-4321

### **COUNSELING CENTER**

*Old Main 540, 360-650-3164*

[www.wvu.edu/chw/counseling/index.html](http://www.wvu.edu/chw/counseling/index.html)

Personal problems can interfere with school and life. The Counseling Center is here to provide professional counseling for a wide variety of concerns students may have while at Western. Students sometimes get depressed or lonely or anxious.

Relationship problems may occur: couples break up, roommates argue, friends leave, parents divorce. Problems can develop with procrastination, low motivation, and/or lack of direction. Test anxiety may lower scores on exams. Eating disorders may develop or worsen. Self-esteem can slip. Inner turmoil over choices may mount. Stress may erode performance.

The Counseling Center's staff of professionally trained and experienced psychologists, counselors and social workers is here to help you work through these problems in a caring and confidential environment. All counseling services are voluntary, free, and confidential.

In addition to individual counseling for most problems that arise for students, the Counseling Center also provides groups each quarter aimed at meeting special needs of college students, such as dealing with stress, math anxiety, and healing from traumatic events. There also are many self-help books and other materials available in the Counseling Center.

The Counseling Center provides brief therapy that works for most problems that arise for students. The Counseling Center staff is also knowledgeable about referrals when campus resources are not enough. The center is open 8:30 a.m. to 4:30 p.m. Monday through Friday.

### **STUDENT HEALTH CENTER**

*Campus Services Building, 2nd Floor (corner of 21st Street and Bill McDonald Parkway), 360-650-3400*

*MS-9132*

[www.wvu.edu/chw/student\\_health/index.html](http://www.wvu.edu/chw/student_health/index.html)

The Student Health Center is available to eligible students. A Health Services fee is billed with tuition for students enrolled in six or more credits on the Bellingham campus, and this entitles them to use the service. Office calls are free at the center and there is no limit to the number of visits a student may have per quarter. There are, however, modest charges for medications, lab tests, procedures, and equipment. It is not necessary to be a member of any health insurance plan to use these services.

## STUDENT AFFAIRS AND ACADEMIC SUPPORT SERVICES

The health center provides students with a broad range of primary medical care services such as those you would find in a family practice clinic. Services include, but are not limited to, the following: antigen injections (follow-up care), contraceptive services, evaluation/referral for specialized conditions, evaluation/treatment of common illnesses, immunizations, men's and women's health care, monitoring and treatment of chronic illnesses, preventive medicine, rapid lab tests (such as mono and pregnancy tests), sexually transmitted disease testing and treatment, travel consultation, and well physical exams. A team of physicians, nurse practitioners, nurses, medical assistants, and a nutritionist staff the center.

The center is open to students from 8:30 a.m. to 4 p.m. Monday, Tuesday, Wednesday, and Friday and Thursday from 9:30 a.m. to 4 p.m. when classes are in session.

When the Student Health Center is closed, students are advised to seek services from available after-hour medical facilities in the Bellingham area. **NOTE:** *The University assumes no financial responsibility for care dispensed at other health care facilities.* Students who engage other health facilities must plan to use private funds or their health insurance policy to cover resulting charges.

A Sickness/Accident Insurance Policy is available to eligible students. Brochures with enrollment cards are available at the Student Health Center and online at [www.somerton-ins.com](http://www.somerton-ins.com). Enrollment deadlines, online enrollment and other information is available at this site. Students who enroll in the plan for at least two of the three academic year quarters may enroll in the plan summer quarter even if they do not enroll in summer courses. Also, you may enroll for annual coverage during the enrollment period for fall quarter. The medical director strongly recommends that all students have some form of health insurance to defray the substantial costs associated with serious accidents and illness.

### MEASLES IMMUNITY REGISTRATION REQUIREMENT

**NOTE:** With a commitment to the health and safety of all members of our campus community, WWU requires that all new students born after January 1, 1957, provide medical documentation of immunity to rubeola measles to the Student Health Center **before they will be allowed to register for classes.** Required is medical documentation of having received two measles shots 1) after January 1, 1968, 2) when recipient was at least one year of age and 3) at least 30 days apart. Or, prove immunity to rubeola measles by submitting a copy of a positive rubeola antibody blood test. Any questions may be directed to the Student Health Center.

### NEW STUDENT SERVICES/FAMILY OUTREACH

Old Main 330F, 360-650-3846

[www.acaweb.wvu.edu/nsppo/default/html](http://www.acaweb.wvu.edu/nsppo/default/html)

New Student Programs/Family Outreach provides programs and services to enhance students' and family members' connection to the University, and assist with their transition to the University and Bellingham community. Services provided include:

- Coordination of new student programs and orientation (Summerstart, Transitions, fall orientation, quarterly orientation, quarterly transfer newsletter, freshman newsletter). Orientation provides students the opportunity to begin the academic advising process, become familiar

with services, meet faculty, staff and current students, and complete placement tests

- Coordination of family orientation and outreach (summer orientation programs, Fall Family Open House, Western Showtime Family Weekend, and Parent Volunteer Group)
- Referral to campus and community resources
- Leadership opportunities for current students (leadership seminar, orientation student advisors and coordinators)

### REGISTRAR'S OFFICE

Old Main 230, 360- 650-3430

See the *Registrar's* section of this catalog for information.

### STUDENT FINANCIAL RESOURCES

Old Main 240, 360- 650-3470

See the *Student Financial Resources* section of this catalog.

### OFFICE OF STUDENT LIFE

Old Main 110, 360-650-3844 (voice), 360-650-3725 (TTY)

MS-9019

[www.ac.wvu.edu/~osl](http://www.ac.wvu.edu/~osl)

The Office of Student Life is comprised of disAbility Resources for Students, Multicultural Support Programs and Retention, University Judicial Affairs, and Student Assistance.

While fostering the individual identity of each office, the Office of Student Life is dedicated to the promotion of academic integrity and success, the development of students, and the creation of an environment that fosters retention and graduation. The Office of Student Life assists all students on campus and targets programming for the needs of under-represented students.

Staff cultivates an environment that is student-centered and actively promotes an appreciation for pluralism and cultural sensitivity. Integral to this mission is assisting in the identification of campus, academic and support resources as well as assisting in the understanding of academic policies and procedures.

#### *Multicultural Support and Retention Programs*

Multicultural Support Programs and Retention's commitment to under-represented and multicultural students is to promote academic success, retention, and graduation. Students receive personalized academic advising, assistance in the development of their educational plan, positive intervention for those in academic risk, and helpful referral services to academic departments and support resources.

#### *disAbility Resources for Students*

disAbility Resources for Students provides disability management counseling, enabling resources and referral information to enrolled students who possess a temporary or permanent disabling condition.

For service eligibility, a complete diagnostic description from a qualified professional is required. Specific academic accommodations and services are determined on an individual basis and are modified to meet the unique needs of students and their academic experience.

#### *Evacuation Guide*

Western's *Evacuation Guide for Persons with Disabilities* is now available. Students are encouraged to obtain this publication

and learn about tips for the person with a disability for responding in an evacuation; tips for assisting persons with disabilities in an evacuation; and tips and a guide for establishing an individual written evacuation plan. To download a copy, go to [www.wvu.edu/depts/eoc](http://www.wvu.edu/depts/eoc).

### *Student Assistance*

Student Assistance provides advice about academic and administrative policies, procedures and grievances, i.e., the academic grievance procedure; hardship withdrawal; approves leaves of absence for nonmedical emergencies and personal crises; delivers emergency messages to students during class hours; provides information about the University and about community resources; and assists students in problem solving within the University system.

### *University Judicial Affairs*

University Judicial Affairs is responsible for the review and adjudication of alleged violations of the Student Rights and Responsibilities Code. Students, faculty and staff can report alleged violations to the University judicial officer. Western Washington University affirms student standards of behavior to insure respectful and lawful behavior, to enhance personal safety on campus, and to maintain our education mission. The conduct system confronts students about behaviors which violate the rules and norms of the University and provides educational sanctions with the goal of helping students become more effective members of the campus community. Copies of the Student Rights and Responsibility Code are available in the Office of Student Life and the code is included as Appendix C of this catalog.

### *Washington State Achiever Scholarship Program*

The Washington State Achiever Scholarship Program at Western Washington University provides all enrolled Achievers with an academic mentor and support services that will promote student success and graduation. Achievers will receive information about Western's academic policies and procedures, campus life, academic programs, financial aid, and support services. For more information, please contact Sonia Arévalo-Hayes, Achievers Program coordinator, at 360-650-3844.

## UNIVERSITY RESIDENCES

*Edens Hall, 360-650-2950*

[www.housing.wvu.edu/](http://www.housing.wvu.edu/)

See the *University Residences* section of this catalog.

## VIKING UNION/STUDENT ACTIVITIES

*Viking Union 547, 360-650-3450*

[www.union.wvu.edu/](http://www.union.wvu.edu/)

## STUDENT ACTIVITIES

*Viking Union 547, 360-650-3450*

The program of student activities at Western is designed to provide maximum opportunity for student participation in a wide range of co-curricular experiences. Student activities are integral and highly important parts of the total range of educational experiences offered by the University. Students are encouraged to become involved in some aspect of the activity program since these activities provide educational and social experiences that build on classroom learning.

Many student activities are initiated and administered by students themselves through the Associated Students. Students

may participate in the governing bodies of student-administered services, activities and facilities not only to help determine the quality of co-curricular life, but also to gain administrative experience. Students may also participate in the University governance system as elected or appointed members of its various councils and committees.

Opportunities to serve fellow students and to develop skills in a paraprofessional capacity are available in a wide variety of student-provided services. These include the Drug Information, Legal Information and Sexual Awareness centers; the Environmental Center; the Veterans Outreach Center; STAE (older returning students); the Associated Students Recycling Center; the Ethnic Student Center; the Women's Center; the Lesbian/Gay/Bisexual/Transgender Alliance; the Peace Resource Center; and the Associated Students Child Development Center.

### *Child-Care Facilities*

The Associated Students Child Development Center, a student/parent cooperative operated in Western's Fairhaven College 11 and 12, serves children of students and staff from 7:30 a.m. to 5:30 p.m. on the days Western is in session and during winter and spring breaks. Children from two through five years of age may be enrolled. To join, members pay a membership fee. Quarterly fees are based on income and are established according to the Center's annual budget. In addition to these payments, each member selecting the co-op option works a required number of hours per week at the Center. Others pay a higher rate. The center is accredited by the National Association for the Education of Young Children.

### *FM Radio*

Operated by the Associated Students, KUGS broadcasts in stereo at 89.3 on the FM dial, and on cable at 89.3 on campus and within Whatcom County. A general manager and student staff coordinate the efforts of 100 volunteers in all facets of station operation. With a complete range of music, news and educational programming, KUGS offers students opportunities for participation as engineers, disc jockeys, newswriters, managers and sportscasters. Offices and studios are on the seventh floor of the Viking Union.

### *KVIK Western Television Production Organization*

KVIK creates and maintains broadcast television programs to showcase the work of Western students and faculty. KVIK seeks to provide firsthand experience for those interested in the fields of television broadcasting and video production. These productions represent students' original work and serve the community by providing interesting, informative and entertaining media.

### *Outdoor Activities*

Taking full advantage of the beautiful and varied country of Northwest Washington, the Outdoor Center functions as a catalyst and resource center for hiking, ski touring, mountaineering, snowshoeing, rockclimbing, bicycling, backpacking, river rafting, camping, sailing, canoeing, kayaking, and many other activities. Included in the Outdoor Center are environmental, map, and outdoor libraries and sign-up sheets for trips, instructional activities, and many special events for both beginners and experts. A full range of outdoor equipment — such as kayaks, backpacks, cross-country skis and cycling/camping gear — is available for rent from the Outdoor Center Rental Shop. The Bike Shop provides the tools and supplies for students to maintain and repair their bicycles for a nominal fee and conducts related workshops. Location: First Floor Viking Union with outside access at North Garden Street.

## STUDENT AFFAIRS AND ACADEMIC SUPPORT SERVICES

---

### *Associated Students Productions*

From socializing to social issues, Associated Students Productions is a student-run programming agency that brings to campus films, musical performances, art shows, and current events presentations. Programs range from coffeehouse concerts to national speakers and weekly films to large concerts. Location: Viking Union 422.

### *Recreational Opportunities*

Recreational facilities available to the University community include Lakewood, a 15-acre site on Lake Whatcom, which is operated by the Associated Students, and offers sailing, canoeing, swimming, boating and picnicking. Conference and meeting facilities are also available and Western's varsity crew program is housed at Lakewood. In addition, Viqueen Lodge, located on a 13-acre tract on Sinclair Island and operated by the Associated Students, offers overnight accommodations at the entrance to the San Juan and Gulf Islands. Intramurals, competitive sport clubs, instruction, and open recreational activities are also offered through the office of Campus Recreation in the new recreation center.

### *Clubs and Organizations*

Clubs and student organizations offer involvement in a wide range of activities. Approximately 170 different organizations exist within the Associated Students, including groups such as Circle K, Competitive Dance Team, Kulshan Aikido Club, Swing Kids, and Western Animal Rights Network. Groups center around cultural, political, special interest, social issue, departmental/professional, service, religious, and recreational pursuits. Clubs offer opportunities to meet new people, develop new skills, and just have fun.

### *Viking Union*

As the community center of the campus, the Viking Union Complex plays an integral role in the co-curricular program. The Union houses offices for the Associated Students' government, services and activities, and the Viking Union/Student Activities administrative offices. Also located in the Union are meeting rooms, lounges, outdoor equipment rental shop, bicycle repair facility, several food service areas, post office, an information center/sundry sales shop, two cash machines, art gallery, Vendors' Row, KUGS-FM, activity center, a publicity center/print shop, and program areas. Viking Union food service locations are Selona Grill, Copper Pot, Pacific Traders, Tierra del Sol, La Vincita, Market Café, Good To Go, and the Underground Coffeehouse.

### *Associated Students Cooperative Bookstore*

Operated by the Associated Students on a cooperative basis, the Students' Co-op Store provides textbooks, class supplies and materials, computers, and convenience and sundry items for the University community. All textbooks are discounted, while specials afford even greater savings. Gift items and specialty services, such as film processing, are available.

### *Ethnic Student Center*

Located on the fourth floor of the Viking Union, the Ethnic Student Center contains offices for the African-Caribbean Club, Asian/Pacific Islander Student Union, Black Student Union, Brown Pride, Chinese Student Association, Filipino American Student Association, Hui 'O Hawai'i, India Mystica, International Students' Club, Khmer Student Association, Korean American Student Association, Lao and Thai Students Association, MEChA (Movimiento Estudiantil Chicano de Aztlan), Native American Student Union, and Vietnamese Student Association. The Center

also houses a coordinator/advisor, staff, meeting and lounge spaces, a reference library and a central work space. In addition to serving as a base of operation and programming for student ethnic groups, the Center also is a meeting place for the entire University community. Location: Viking Union 420.

### **CAMPUS RECREATION**

*Wade King Student Recreation Center 138, 360-650-3766*

[www.ac.wvu.edu/~camprec](http://www.ac.wvu.edu/~camprec)

Campus Recreation Services provides each student, faculty and staff member the opportunity to become actively involved in organized sports and recreation programs. Services provided by Campus Recreation include intramural sports, sport clubs, open recreation and noncredit exercise classes.

### *Intramurals*

Intramural sports are competitive and recreational activities designed to encourage participation by all members of the campus community. Leagues and tournaments are offered in a wide variety of sports and are generally played on campus or at nearby facilities. Various local, regional and national organizations co-sponsor several events and provide additional promotional materials, special prizes and invitational playoff berths. Intramural sports are structured for different skill levels and are conducted in a safe, supervised environment.

### *Sport Clubs*

WWU sport clubs are student organizations formed to promote non-varsity team sports and recreational activities. Sport clubs participate in intercollegiate and extramural competition at the local, regional and national level while offering opportunities for instruction, skill development and practice time. Some of the sport club programs are co-recreational and allow members to be involved in scheduling and hosting events, arranging transportation and lodging, developing budgets and fund-raising activities, purchasing equipment and uniforms, and serving on the Sport Club Council. All WWU students, faculty, staff and alumni are eligible to become sport club members. Current WWU sport clubs include baseball, fencing, ice hockey, judo, lacrosse, men's volleyball, rugby, sailing, cycling, snowboarding, swimming, Tae Kwon Do, ultimate disc, tennis, water polo, and water skiing.

### *Noncredit Classes*

Noncredit fitness classes provide participants an opportunity to develop, grow, and maintain a healthy lifestyle within a fun and friendly atmosphere. Instructional classes include aerobics, pilates, strength/toning, cardio kickboxing, yoga, hip hop dance, step aerobics, spin cycle and more. Classes are taught by qualified student and nonstudent instructors and serve nearly 500 students, faculty and staff. The classes are designed with the individual differences of the student population in mind.

### *Open Recreation*

Offering a wide variety of fitness and leisure activities, the Wade King Student Recreation Center (SRC) is designed to meet Western Washington University's campus community recreational needs. The SRC gives students, alumni, faculty and staff a dynamic and inviting place to stay fit alongside one another. All undergraduate and graduate students currently enrolled in 6 or more credits are automatically members by paying the mandatory student recreation center fee included in tuition. The SRC features a climbing wall; a three-court gym for basketball, volleyball, badminton, et cetera; three weight and cardio areas; an indoor jogging track; a multiactivity court for

floor hockey, basketball, tennis, and soccer; a six-lane lap/leisure pool and 32-person whirlpool; two group exercise rooms; an equipment checkout counter; and the Rock's Edge Café.

### DEPARTMENT-RELATED ACTIVITIES

Department-related activities provide opportunities for students to participate in a wide range of programs. Although faculty from appropriate departments work closely with these activities, students need not be affiliated with the departments in order to participate. In many cases students may receive academic credit for their involvement. The individual programs are outlined below:

#### *Dance Program*

*Carver 28, 360-650-3129*

The dance program offers a wide variety of experiences for students interested in performing, directing, teaching, producing and choreographing. These experiences come in a number of forms including faculty- and student-choreographed events that include everything from experimental movement theatre productions to collaborations between art and music departments to strictly traditional dance concert events. Students also have the opportunity to choreograph and perform for the dance touring program that visits the public schools in Washington. The program regularly attends the American College Dance Festival with works performed by students and choreographed by faculty, guest or students. Previous experience is not a requirement for participation. Auditions are announced regularly. Contact the Dance Program in Carver Gymnasium Room 28 for further information.

#### *Forensics*

*Communication Facility 295, 360-650-4879*

The forensics program provides opportunities for participation in local, regional and national competitions, including Cross-Examination Debate Association/National Debate Tournament policy debate and National Parliamentary Debate Association parliamentary debate. The program encourages achievement in tournament participation at all levels of competition, ranging from novice to championship division. Western's program enjoys a strong national reputation. Annual activities also include sponsoring several local events, including campus programs and high school and college tournaments. All students are welcome to participate.

For more information, contact the Department of Communication, Communication Facility 295.

#### *Music Activities*

*Performing Arts 273, 360-650-3130*

*MS-9017*

The presence of the Department of Music has resulted in numerous student activities of high artistic and professional

quality. The wide range of vocal and instrumental groups on campus provides musical activity for students at acceptable levels of ability, and the variety of musical entertainment available is sufficient to satisfy listeners of all tastes. Some of the opportunities for participation available to students are the Symphonic Band, Wind Symphony, University Choir, Concert Choir, Symphony Orchestra, jazz ensembles, opera, Collegium Musicum and numerous smaller ensembles. Membership in all of these ensembles is attained through either a performance audition or consent of the instructor. See the Department of Music section of this catalog or contact the Department of Music for further information regarding organized music ensembles and auditions for membership.

#### *Publications*

*College Hall 110, 360-650-3171*

*MS-9101*

Publications include *The Western Front*, a twice-weekly newspaper; *Klipsun*, a twice-quarterly magazine; *Jeopardy*, the annual literary magazine; and *The Planet*, a quarterly environmental journalism magazine. Student contributions of time and talent are essential to the publications, and new students at all academic levels are encouraged to join their staffs each quarter. Students may receive credit for working on these publications through the journalism and English departments and Huxley College of the Environment.

#### *Theatre Arts*

*Performing Arts 395, 360-650-3876*

*MS-9108*

The Department of Theatre Arts offers a rich variety of opportunities in faculty- and student-directed productions — both on stage and off — to write, act and design. The broad range of productions during the academic year include musicals, dramas and comedies for a variety of periods. The touring theatre and the annual Summer Stock programs provide concentrated applied theatre experiences for both the beginner and the advanced student. Previous experience is not required and all auditions are open. The theatre arts program is affiliated with the American Association of Theatre in Higher Education and participates in the Kennedy Center/American College Theatre Festival. For further information, contact the Department of Theatre Arts, Performing Arts Center 395.

#### *Western View (Video)*

*Communication Facility 245, 360-650-3870*

Student activity offering digital video production and editing experience. Informational and educational videotape instruction with hands-on course work. Students produce tapes shown on the campus and for special off-campus audiences. Credit is available through the Department of Communication.

# UNIVERSITY ACADEMIC POLICIES

## STUDENT RESPONSIBILITY FOR OBSERVING POLICIES

Students are directed to the Appendices in this *Bulletin* for information on academic honesty, academic grievances, and other important policies.

The University attempts to make students aware of academic policies through the publication of the *Bulletin*, *Timetable of Classes*, other printed materials, and in advising sessions. It is the student's responsibility to become familiar with those policies and to be aware of any policy changes that may occur.

Once application materials have been submitted, they become the property of Western Washington University.

## E-MAIL AS OFFICIAL MEANS OF COMMUNICATION

Recognizing the expanding reliance on electronic communication, WWU has determined that e-mail will be one of the University's official means of communication.

Departments, faculty and staff may use e-mail for providing students with information relating to official University business instead of the U.S. Postal Service. The use of e-mail is not required; U.S. Postal Service or campus mail can still be used as appropriate. This policy only applies to e-mail messages sent by the University to students that are designated as "WWU Official Notice."

## ADVANCED PLACEMENT AND COURSE CHALLENGE

A regularly enrolled full-fee-paying student may apply to challenge any course covering knowledge or materials with which the student has acquired a demonstrable level of familiarity or understanding from prior experience (except conferences, special projects and physical education activities courses). If achievement commensurate with the expectations of a given course is demonstrated, the student receives credit for the course. The maximum credit granted for Advanced Placement and Course Challenges is 45 total credits. Such achievement may be demonstrated by:

1) *One quarter of successful performance* in an advanced course in a *sequence* which is developmental in nature can, upon departmental recommendation, qualify a student for credit in the preceding course; admission to the advanced course is subject to permission of the department.

2) *Challenge examination or procedures prepared by the department concerned.*

The following regulations govern course challenges:

- ❑ Students desiring to challenge a course should apply to the director of the Testing Center by the fourth week of the quarter. The time and procedure to be followed in completing the evaluative process will be announced by the director. A special fee is charged for each challenge examination (see Tuition and Fees section)
- ❑ The result of the challenge is recorded as "Satisfactory" or "Unsatisfactory" on the student's permanent record and is not used in computing grade point averages
- ❑ The challenge application will normally be denied:
  - If the student is currently enrolled in the course
  - If the student has previously established credit for a similar course at this or another university
  - If the student has previously failed the course
  - If the student has previously challenged the course and failed
  - If the student has previously audited the course
  - If, in the judgment of the director of the Testing Center, in consultation with the department concerned, the challenge procedure is inappropriate
  - If the student is in his/her final quarter prior to graduating and the course is part of the General University Requirements
  - If, in the judgment of the academic department, the student has not demonstrated sufficient familiarity or understanding to have a reasonable chance of passing a challenge examination

3) *International Baccalaureate (IB)*. The appropriate department determines acceptance and application of IB exams. Only higher level exams with a score of 4 or above may be considered for credit in certain subjects.

4) *College Board Advanced Placement Examinations in certain subjects*. The department concerned has determined the minimum acceptable score and credit as shown on previous page.

## COURSE NUMBERING

Courses numbered from 100 to 299 are classified as lower division; those numbered from 300-499 as upper division. Generally, the first digit of a course number indicates its intended class level:

100-199 — First-year (freshman) courses

200-299 — Second-year (sophomore) courses

300-399 — Third-year (junior) courses

400-499 — Fourth-year (senior) courses

500-699 — Graduate-level courses

Except in unusual circumstances, students are not permitted to take courses more than one year above their class standing.

The numbers 197, 297, 397, 497 and 597 are used for courses generally offered only once.

The numbers 137, 237, 337, 437, 537 are reserved for *International Studies* (2-15). These courses are offered through the WWU International Studies program or through colleges. Contact the Office of International Programs and Exchanges, Old Main 530, for information. Repeatable with different subject matter.

The numbers 417, 517 are reserved for *Senior Seminar or Special Topics* (1-6). Topics vary. Repeatable with different subjects.

The numbers 217(m-z) and 317(m-z) are reserved for *Special Topics* (1-6) in extension programs. Topics vary. Repeatable with different subjects.

The numbers 445, 545 are reserved for *Current Trends* (1-6). Topics vary. Repeatable with different subjects.

The numbers 300, 400, 500 are reserved to designate *Directed Independent Study* (1-15), enabling students to pursue, on an individual basis, topics not covered by the curriculum. 699, continuous enrollment, is reserved for master's degree students in their final quarter who have registered for all their course work. Contact the Graduate School for further information.

Details regarding titles, prerequisites, number of credits and grading for specific courses can be found in the *Timetable of Classes*, *Summer Bulletin* or by contacting Extended Education and Summer Programs.

In some cases, a new course may be offered in the Summer Session prior to appearing in the *General Catalog*. Such a course would be described in the *Summer Bulletin*.

Any undergraduate student wishing to enroll in a course numbered 500 or higher must obtain the written approval of the dean of the Graduate School. (See the *Graduate School* section of this catalog.)

*Courses listed in this General Catalog constitute a record of the total academic program of the University.* Except for unforeseen scheduling and personnel circumstances, it is expected that each course will be offered during the period of this catalog. For an exact scheduling of courses at Western, students should consult the annual *Timetable of Classes*, the *Summer Bulletin* or by contacting Extended Education and Summer Programs.

## PREREQUISITES

The student is responsible for ensuring that he or she has satisfied all prerequisites before registering for a given course. A student who has registered for a course without satisfying prerequisites or obtaining permission may be required by the instructor to withdraw from the course.

## CREDITS AND CREDIT LOADS

Credit hours are assigned to a class based on the amount and type of work expected from a typical student in class. Credit is awarded for courses only in the quarter in which the student is registered for the classes and completing the work.

Classes will be assigned one credit for each hour of classroom discussion or lecture, and one credit for every two hours of

## UNIVERSITY ACADEMIC POLICIES

laboratory or practice/rehearsal involving some preparation or reporting.

Classes using different formats for at least part of the course will be assigned credit for amounts and types of work equivalent to those described above. When such a component is proposed, the type and amount of work involved must be described in detail. In particular, the activity for which credit is assigned must be structured and occur at regular or periodic intervals throughout the course, and faculty must supervise and evaluate students' work in this activity.

Since each hour in a course requires at least two additional hours of study, and since students usually register for several courses, Western has established the following credit load policies for undergraduate students:

- ❑ The standard load per quarter for undergraduates is 15 credits; during the first quarter of residence, a load must not exceed 17 credits; before registering for more than 15 credits, students should consult with their advisers
- ❑ After the first quarter of residence, the maximum allowable load is 20 credits per quarter; students are limited to 17 credits during Phase I of registration
- ❑ An employed student is expected to reduce his or her academic program and credit load accordingly

### CORRESPONDENCE CREDIT

Correspondence credit earned through a fully accredited college or university, including Western's Independent Learning program, may be accepted toward the bachelor's degree. Some departments limit the number of correspondence credits that may apply toward the major. Enrollment in only correspondence courses through Western's Independent Learning program does not qualify as continuing enrollment for Western students. Contact the Registrar's Office for information regarding student status.

### SPAN CREDIT

The Space Available to Nonmatriculated Students (SPAN) program allows those not admitted to Western and undergraduate/certificate extension program students to enroll in Bellingham campus courses on a space available basis. Students who have been dismissed from Western due to low academic standing may not enroll through SPAN.

A student must be admitted to Western to apply SPAN credit to a degree. A maximum of 45 credits earned through SPAN may be accepted toward a bachelor's degree at Western.

Students enrolled through the SPAN program must maintain good academic standing according to University scholarship standards. Continued low scholarship will result in the loss of registration privileges.

### AUDITORS

*Auditors* are persons who desire to attend courses without earning credit. Admission as an auditor requires prior approval of the instructor and registrar, and payment of required fees. Since auditors are not active participants, certain courses may not be audited (physical education activities, laboratory courses, studio courses, independent study, et cetera). Registering as an auditor is not allowed until the first day of classes, and only if space is available in the class. Changes to or from audit cannot be made after the first week of the quarter. See Tuition and Fees section for a description of audit fees.

Auditors are required to pay the full course fee for self-supporting courses.

|  | Undergraduate | Graduate  |
|--|---------------|-----------|
| Full time (for financial aid eligibility, veteran's benefits, athletic eligibility, enrollment verification in outside agencies) | 12 credits    | 8 credits |
| Three-quarter time (for financial aid eligibility, veteran's benefits, enrollment verification to outside agencies)              | 9 credits     | 6 credits |
| Half time (for financial aid financial aid eligibility, loan deferments, enrollment verification to outside agencies)            | 6 credits     | 4 credits |

### CLASS STANDING

An undergraduate student is classified as a freshman when his or her total completed credits (including transferred credits) range from 0 to 44, a sophomore with credits of 45 to 89, a junior with credits of 90 to 134, and a senior with credits of 135 or more.

### FULL-TIME STATUS

For most purposes, it is necessary for an undergraduate to be enrolled for 12 credits or more in order to be considered full-time (e.g., eligibility for financial assistance, full-time veterans' benefits, participation in intercollegiate athletics). Graduate students, officially admitted to the Graduate School, are considered full-time for financial aid purposes at 10 credits and for veterans' benefit purposes at 8 credits. *Students are advised to check carefully to determine that they meet the definition of "full-time enrollment" for the program in which they are participating.*

The following table illustrates the minimum number of credits to be considered full time, three-quarter, or half time each quarter.

Full fees are assessed to all students enrolled in 10 credits or more. Students enrolled in at least 10 credits are eligible to live in on-campus housing, hold Associated Student office and obtain on-campus student employment.

The Health Center is available to all students enrolled in 6 or more credits on WWU's Bellingham campus. Students registered for 3 to 5 credits have the option of paying the counseling, health and wellness fee to use the services during a quarter. Former students, students on leave, dependents of students, faculty and staff of WWU and Whatcom Community College students living on WWU's campus are not eligible for service.

Graduate students must be enrolled in a minimum of 8 credits to be eligible for graduate teaching assistantships (TAs). If a graduate student has completed all the course work listed on the approved plan of study with the exception of the thesis (690) or research (691), the graduate student may remain eligible for the TA appointment by enrolling for as few as 2 credits (with prior approval from the Graduate School). Other graduate students who have completed all the course work listed on the approved plan of study with the exception of the thesis (690) or research (691) should consult with the Graduate School regarding the minimum credit requirements.

This table applies to fall, winter and spring quarters only. Enrollment status and requirements for summer may differ. Please consult the appropriate program office.

### ADDING A COURSE

A student may add a course as late as the fifth day of the quarter. After that time, course additions are allowed only under unusual circumstances and require written permission of both the course instructor and the department chair. A special late-add fee is charged when adding after the second week (see *Tuition and Fees* section).

### CLASS ATTENDANCE

Course attendance normally is required by the instructor. Any

student who fails to attend the first meeting of a course may be required to drop it if another student, previously unable to register for the course due to enrollment limitations, seeks admission.

A student absent from any exam or class activity through sickness or other cause judged by the instructor to be unavoidable shall be given an opportunity to take a rescheduled exam or make up the class assignment in a timely manner agreed upon by the instructor (see Leaves of Absence). Examples of unavoidable cause may include participation in University-sponsored activities such as debating contests, musical or theatrical performances, or intercollegiate athletic competition.

University policy does not allow a student to attend a class without formally being registered for it. It is the student's responsibility to ensure that he or she is properly registered for each course.

### EMERGENCY LEAVES OF ABSENCE

A leave of absence from classes may be granted when psychological or family emergency, illness or injury requires a student to be absent from class. Leaves of absence are issued only upon request from the student. If a faculty member requires medical or emergency leaves of absence, the faculty member will inform the students in his/her courses of that fact in the course syllabus. Nonmedical leaves of absence are available through the Office of Student Life and medical leaves through Health Services.

While a leave of absence generally makes it possible for the student to make up work missed, in some instances the amount of time lost makes course completion impractical. In those cases, withdrawal or incomplete grades may be appropriate. A student absent from any exam or class activity through sickness or other cause judged by the instructor to be unavoidable shall be given an opportunity to take a rescheduled exam or make up the class assignment in a timely manner agreed upon by the instructor. Examples of unavoidable cause may include participation in university-sponsored activities such as debating contests, musical or theatrical performances, or intercollegiate athletic competition. The student should consult with course instructors and/or the Office of Student Life.

### WITHDRAWAL FROM A COURSE

Course withdrawal prior to the end of the first week of the quarter is considered to be a change of initial registration and no grade of W results. Course withdrawal after 5 p.m. of the fifth day of instruction results in a grade of W on the record. To withdraw from a course during the first two weeks of the quarter, a student must complete the transaction on Web for Student.

Course withdrawal from the beginning of the third week to the end of the seventh week is permitted only if the student has an unused annual withdrawal privilege. Each student is granted two annual withdrawal privileges at the beginning of the academic year in fall quarter. The annual withdrawal privileges can be used during fall, winter, spring or summer quarter. (See note on summer below.) Unused annual withdrawals cannot be used in subsequent years. To use an annual withdrawal privilege, a student must present the request in person at the Registrar's Office.

After the seventh week of the quarter, course withdrawal is not permitted. Discontinued attendance without official withdrawal results in a failing grade (Z). Course withdrawal deadlines are published in the annual *Timetable of Classes* or *Summer Bulletin*.

To withdraw from an extension course (including SPAN), a student must file the appropriate form through the extension office. For specific program information, see the *Extended Education and Summer Programs* section in this catalog.

Students may drop an Independent Learning course at any time by contacting the Independent Learning Office. There is no refund 30 days after registration.

**Hardship Withdrawal.** A student who is unable to complete the quarter or a class due to hardship may petition to withdraw from the University after the stated deadline. Hardship is considered to be an incapacitating illness or injury requiring extensive recuperation or a significant personal emergency such as a death in the immediate family. Verification of the hardship is required. Petitions for the withdrawal due to hardship are available in the Office of Student Life and must be submitted by the last day of the week prior to finals.

Summer withdrawal deadlines and policies are published in the *Summer Bulletin*.

### WITHDRAWAL FOR NONPAYMENT

By registering, a student incurs a legal debt to the University and can be released from that obligation only by formally withdrawing within the full-refund period. The first \$50 of tuition and fees and the \$55 mandatory orientation fee are *never* refundable.

Students who fail to pay the full amount of tuition and fees by the stated deadline will be withdrawn from the University. In order to be reinstated after such withdrawal, a student must have permission of the registrar and must pay the full amount of tuition plus a reinstatement fee of \$35 for each week beyond the withdrawal.

### WITHDRAWAL FROM THE UNIVERSITY

Formal withdrawal from the University, including a self-supporting program, may be made at any time before the final two weeks of a quarter. Students must initiate the withdrawal process in the Registrar's Office. A student must contact the appropriate extension office for formal withdrawal from a self-supporting course (including SPAN). A grade of SW (school withdrawal) is posted for each course for which the student was registered.

Students who leave the University during a quarter without formal withdrawal receive failing grades.

A student who is unable to complete the quarter due to hardship may petition to withdraw from the University after the stated deadline. Hardship is considered to be an incapacitating illness or injury requiring extensive recuperation or a significant personal emergency such as a death in the immediate family. Verification of the hardship is required. Petitions for withdrawal due to hardship are available in the Office of Student Life and must be submitted by the last day of the week prior to finals.

If a student completes the official withdrawal process prior to the deadline, SW (School Withdrawal) grades are issued for the quarter.

A withdrawing student who will be away from Western a full quarter or more must apply for readmission prior to the deadline stated in the Undergraduate Admission section of this catalog.

### INSUFFICIENT PROGRESS TOWARD DEGREE AND REGISTRATION HOLDS

The University reserves the right to deny access to classes by students who make insufficient progress toward a degree. Students who fail to make progress toward a degree or who repeatedly withdraw from the University after registering may have their enrollment privileges reviewed. Students on probation who repeatedly register for Pass/No Pass or Satisfactory/

## UNIVERSITY ACADEMIC POLICIES

---

Unsatisfactory courses may have their registration privileges revoked. Students who fail to declare a major by the time they reach 120 credits will not be permitted to register. Students who reach 210 credits without graduating or submitting a degree application or plan of study will not be permitted to register.

### FINALS PREPARATION WEEK

The week immediately preceding final examination week is known as finals preparation week and provides the following protections which enable students to complete their studies without undue hardships:

- Final examinations must be administered at the date and time specified in the final examination schedule, with the exception of laboratory-section final exams
- During finals preparation week, no examinations shall be administered; exceptions may be made if there is agreement of the instructor, the appropriate department chair and/or dean, and the entire class membership
- No graded assignments shall be introduced during finals preparation week
  - Students may consent, on an individual basis, to accept new graded assignments for purposes of extra credit and/or make-up for previous assignments
  - Instructors must have notified students in writing, by the end of the course's fifth week, of any graded assignments whose due dates fall during finals preparation week

The term "graded assignments" refers to written or oral presentations which are a required component of class performance and which are utilized in determining students' letter grades or evaluations for the quarter. Examples include essays, papers, research projects and class presentations or quizzes.

### FINAL EXAMINATIONS

Final examinations, given in most courses at Western, are administered according to a schedule published in the *Timetable of Classes*. *The scheduled days and hours for these examinations may not be changed. The final examination is normally held where the course meets.*

All final examinations are scheduled during the last week of the quarter, which is known as final examination week. No final examinations except laboratory finals — whether for a whole class or part of a class or an individual — may be given before final examination week. This means that students may not petition faculty for early final examinations and that students should plan their end-of-quarter schedules in the expectation of final examinations in all courses. In the rare cases where final examinations are not given, instructors will notify students at the beginning of the quarter.

A student who fails to take a final examination without making prior arrangements acceptable to the instructor receives a failing grade for the course. Under unusual circumstances, an instructor may allow a student who has been making satisfactory progress in the course to take a late final examination and receive a temporary incomplete (K) grade. This privilege is available only to students who have been making satisfactory progress in the course. The incomplete grade given in this manner should be removed early during the next quarter.

If the final examinations schedule causes a student to take three or more examinations in one day, any of his or her instructors may arrange an examination *later* during finals week.

There is no final examination week in summer session. Course

requirements are determined by each instructor.

### GRADES AND GRADE REPORTING

At Western, grades describe both a student's mastery of subject matter and the ability to communicate that mastery in examinations, essays, demonstrations and discussions. The three grading systems are described below. (Fairhaven College is authorized to follow a different system described in the *Fairhaven College* section of this catalog.)

#### A-F Grading

Most courses at Western are graded on the traditional A-F system. The grades that may be earned under this system, and their values for GPA calculation (see "Grade Averages" below), are as follows:

A (excellent), 4.00; A-, 3.70; B+, 3.30; B (good), 3.00; B-, 2.70; C+, 2.30; C (fair), 2.00; C-, 1.70; D+, 1.30; D (poor), 1.00; D-, 0.70; F (failure), 0.00; Z (failure due to discontinued attendance without withdrawal), 0.00; K (incomplete), N.A.

#### Satisfactory/Unsatisfactory Grading

Some courses are graded on the Satisfactory/Unsatisfactory system. For these courses, appropriate curricular agencies have determined that the traditional A-F system is inappropriate. If a course has been approved for S/U grading, the only grades that may be assigned are S, U and K. Neither S nor U is considered in the calculation of grade averages.

All S/U courses are identified in this catalog and in the *Timetable of Classes*.

#### Pass/No Pass Grading

Students may choose the Pass/No Pass grading option in certain elective courses. The minimum level of performance required to receive a grade of P varies from course to course and is determined by each instructor or department. Students should not assume that performance equal to a grade of D or higher will result in a passing mark. Often performance at the level of C or higher is required. Regulations pertaining to Pass/No Pass grading are as follows:

- Courses required for the major and minor, supporting courses, professional education requirements, writing proficiency requirement and General University Requirements cannot be taken Pass/No Pass; courses graded P/NP may not be applied to master's degree programs
- Graduate courses taken for the graduate degree cannot be taken Pass/No Pass; courses graded satisfactory/unsatisfactory cannot be taken pass/no pass
- Undergraduate courses graded Satisfactory/Unsatisfactory cannot be taken Pass/No Pass
- To designate a course as Pass/No Pass students must submit a request at the Registrar's Office after registering for the course; they may change this designation by submitting the change to the Registrar's Office at any time through the fourth week of a quarter; for extension program courses, pass/no pass grading designation may be elected up to the end of the fourth week for regular quarter-long courses, or prior to the second class meeting for shorter courses
- Prerequisites, work required and credit allowed are not affected by election of the Pass/No Pass option
- In computing grade averages, neither the P nor NP grade in Pass/No Pass courses is counted
- Courses applying to a major (including supporting courses) or a minor must be taken on the traditional A-F grading

system; should a student change his or her major or minor, the academic departments involved are the sole judges of the acceptability of any Pass/No Pass courses already completed in the newly chosen concentrations

- Once a student has earned NP grades in courses totaling 10 credits, he or she may no longer register for courses under the Pass/No Pass option

**NOTE:** Excessive use of the Pass/No Pass grading system may negatively influence admission to some graduate or professional schools.

### The Incomplete (K) Grade

The grade of K (incomplete) may be assigned under all grading systems. It may be assigned only upon request of the student and agreement of the course instructor. Normally it is given only to a student who has been in attendance and has been doing passing work until the final two weeks of the quarter when extenuating circumstances beyond his or her control make it impossible to complete course requirements on schedule. (Extenuating circumstances do not include mere lateness in completing work, the desire of a student to do extra work to raise a poor grade, et cetera)

To receive a K grade, a student must obtain a contract form from the appropriate department and negotiate a formal agreement with the course instructor specifying the work done and the remaining work to complete the course and earn a grade. One copy is kept by the student and one by the faculty member.

Normally, the student completes the work agreed upon during the next quarter and a final grade is submitted by the instructor. After one year, however, if a final grade has not been submitted, the K automatically reverts to a failing grade (Z), and the student may establish credit only by registering again for the course. (Grades of K earned in thesis courses numbered 690 do not lapse to failure.) Once a final grade has been submitted, the student's record will show the K grade as well as the final grade. In no case will a final grade replacing a K affect the student's academic standing in the quarter in which the final grade is assigned.

Removing a K grade (and replacing it with a final grade) will not affect the student's grade point average for the quarter in which the K was assigned, nor will it affect the quarterly grade average in the quarter in which the final grade is recorded. However, it will affect the cumulative grade point average as soon as the final grade is recorded.

A student who receives an incomplete in a required course the final quarter before graduating must complete the course within two weeks of the end of that quarter in order to graduate at that time. If the course is completed after two weeks, the prospective graduate is subject to resubmitting the degree application, payment of another degree application fee, and registration in another course to satisfy the final-quarter-in-residence rule.

### Grades and Intellectual Honesty

Grades are given for the student's work and achievement. Fair evaluation of students' work and helpful instruction are possible only when students submit work which genuinely reflects their own reading, computation, research and thoughts and is their own production, whether in writing or other format(s). Intellectual dishonesty can result in a failing grade and the placement of a note in the student's permanent record. For the university's policy on academic dishonesty, see *Appendix D*.

### Grade Averages (GPA)

To determine a grade average, points are assigned to each grade earned under the A-F grading system (A = 4.00, B = 3.00, et cetera.

See above). The point value of each grade is multiplied by the number of credits assigned to the course. Total points are then divided by total credits attempted. Thus, a student who earns a five-credit A, five-credit B and a five-credit F has earned a quarterly average of 2.33 (35 points divided by 15 credits attempted).

A grade average of 2.00 (C) represents the minimum acceptable level of performance to remain in good standing at the University. Higher grade averages may be required for admission to or retention in certain major programs.

Only grades earned at Western are calculated in determining a student's quarterly or cumulative grade average.

Grades of S, U, P, NP, K and W are not included in GPA calculation.

### Grades Yielding Credit

Credit is granted for courses completed with grades of D- or higher on the A-F grading system and for grades of P and S. The grades of D+, D and D-, however, represent a level of work that is unacceptable in a student's major or minor, supporting courses for majors and minors, ENG 101, and the course that satisfies a student's writing proficiency requirement. Professional education courses, the educational psychology courses required for teacher education programs and courses required for state teaching endorsements must be completed with a grade of C (2.0) or better.

### Repeating a Course

A few courses are approved to be repeated for credit. Such approval is included with the course descriptions in this catalog. If a course not designated as repeatable for credit is retaken, the following will apply:

- Credit will be awarded only once for a repeated course
- All grades earned for a given course will be considered in calculation of the student's cumulative grade average and all grades remain on the record; a failing grade assigned subsequent to earning a passing grade in a repeated course will nullify the credit earned initially with the passing grade
- Students wishing to repeat a class in which they already received a P, S, C-, or better grade may not register for the class until Phase III of registration, except in the case of students needing to retake English composition or a public speaking course for admission to teacher education to achieve a grade of B- or better; the repeat registration for English composition or public speaking course prior to Phase III requires the written permission of the chair of the respective department
- Repeating a course will reduce a student's total credits used in determining his or her Phase I registration time for the subsequent quarter

The student who registers to repeat a course should file with the Registrar's Office a "Course Repeat Card." Unless this card is filed, the repeat may not be detected until the senior evaluation, at which time cumulative credits will be reduced.

Master's degree students are not permitted to repeat courses.

### Final Grades

Final grades are assigned at the end of each quarter and are available to students on Web for Student.

### Grade Changes

Once a grade has been filed with the registrar, it is regarded as final. Except for the conversion of incomplete (K) marks, grade changes are accepted only under the following circumstances: It is discovered that the grade resulted from clerical error in

## UNIVERSITY ACADEMIC POLICIES

---

transcription or recording. Requests for change to correct these errors may be made only by the course instructor and only during the quarter immediately following original issuance of the grade.

The registrar may be instructed to change a grade as the result of the academic grievance procedure.

The registrar may be instructed to change a grade if it is determined that the grade resulted from academic dishonesty.

### Fresh Start

A former Western undergraduate student who returns to the University after an absence of five years or more may be given permission to start a new cumulative grade average. To be eligible, the student must be returning to Western as an undergraduate and cannot have taken any Western courses (including extension, correspondence, and cyber) during the five-year absence. The absence begins from the last day of the quarter of previous enrollment.

The Fresh Start application deadline is the end of the first week of the quarter in which the student returns. **The application should be submitted to the Registrar's Office.** Students who have been dropped for low scholarship, even if absent for five years or more, must pursue reinstatement. See *Reinstatement section* below.

Undergraduates who might be considering applying for the master's degree at WWU should contact the Graduate School office for information about the implications of having been given an undergraduate Fresh Start.

Postbaccalaureate students and students in graduate programs are not eligible for Fresh Start. An undergraduate student can be granted only one Fresh Start.

## SCHOLARSHIP STANDARDS

The following scholarship standards apply to each academic division of Western Washington University, except Fairhaven College. Students should note that transfer between academic divisions is restricted in cases of low scholarship.

Low- and high-scholarship standings are not changed as a result of the removal of incomplete (K) grades.

### Good Academic Standing

A student is in good academic standing if he or she has a cumulative grade point average that is not below 2.00.

### High Scholarship

#### Graduation Honors

Graduation *cum laude* or *magna cum laude* is possible from those divisions of Western Washington University which employ the A-F grading system: College of Business and Economics, College of Fine and Performing Arts, College of Humanities and Social Sciences, Huxley College of the Environment, College of Sciences and Technology, Woodring College of Education, and All-University Programs (General Studies majors). Fairhaven College, which employs a different grading system, may develop alternate ways to honor outstanding graduates, subject to approval of the Academic Coordinating Commission.

The Graduate School does not confer graduation honors on graduate students although some graduate programs recognize meritorious graduate students.

To be eligible for *cum laude* or *magna cum laude* status upon graduation, the student must have earned at least 90 credits from Western Washington University, at least 65 of which must

be for courses completed under the A-F grading system while in junior or senior standing. Only students who earn a first bachelor's degree are eligible for graduation honors.

Within each division which awards *cum laude* or *magna cum laude* status upon graduation, the determining factor in granting such distinction shall be based on the honors grade average. The honors grade average is computed using only the grades earned at Western Washington University after the quarter in which the student attains junior standing, but excluding grades in courses subsequently repeated and excluding all grades earned prior to approval of a "fresh start" grading average.

*Magna cum laude* shall be awarded to each student whose honors grade average places him or her at the 97th percentile or higher among graduating seniors during the previous academic year. *Cum laude* shall be awarded to each student whose honors grade average places him or her from the 92nd through 96th percentiles among graduating seniors during the previous academic year.

To receive honors recognition at Western's commencement exercises, it is necessary for a student to have qualified for honors by the end of the quarter prior to graduation.

### Quarterly President's List

Each undergraduate student whose quarterly grade average places him or her at the 90th percentile or higher among students of the same class (freshman, sophomore, et cetera) shall be placed on the President's List. The term "honor roll" shall be affixed to the student's permanent academic record for that quarter. To be eligible for the quarterly President's List, a student must be enrolled officially in a division of Western Washington University which employs the A-F grading system and must complete at least 14 credits that quarter on the A-F grading system.

### Low Scholarship

The University has set the standards described below to ensure that students who are earning poor grades will examine their objectives carefully before continuing enrollment. In some cases, students will be dropped from the University. The standards are designed to ensure that this action is taken before a student's record deteriorates to the point that reinstatement or admission to another college or university becomes impossible. In all cases involving poor scholarship, students are encouraged to consult with their advisers, instructors or the Academic Advising Center.

The low scholarship categories below apply to all divisions of Western Washington University except Fairhaven. (See the Fairhaven College section for that division's scholarship standards.) Students dropped from one college division may not transfer to another college division without reinstatement by the Scholastic Standing Committee. These standards apply to students enrolled in self-supporting courses (including SPAN).

**Academic Warning.** A warning is issued to a first-quarter freshman whose grade average is below 2.00 and to any continuing student whose quarterly grade average is below 2.00 but whose cumulative grade average is 2.00 or higher.

**Academic Probation.** Any student, except a first-quarter freshman, whose cumulative grade average falls below 2.00 is placed on academic probation. Such a student is in danger of academic dismissal and must make immediate improvement in his or her grade average (see below).

**Continuing Probation.** A student who begins a quarter on probation and, during that quarter, earns a grade average of

2.00 or higher without raising his or her cumulative grade average to at least 2.00 is placed on continuing probation. The student must then improve his or her cumulative grade average to at least 2.00 or attain at least a 2.30 quarterly average during the next quarter of enrollment.

Students on probation or continuing probation who repeatedly withdraw or register for Pass/No Pass or Satisfactory/Unsatisfactory courses may have their registration privileges revoked.

*Academic dismissal.* A student will be dropped from the University if he or she a) begins a quarter on probation and earns a quarterly grade average below 2.00 or b) begins a quarter on continuing probation and fails to raise his or her cumulative grade average to at least 2.00 or, alternatively, fails to attain at least a 2.30 quarterly average.

Under unusual circumstances involving consistent patterns of course withdrawal or course repeats, a student whose cumulative grade average is 2.00 or higher may be dismissed from the University. The provost may authorize dismissal in these unusual cases after reviewing records presented by the registrar.

A student who has been dismissed for low scholarship may not enroll in Western courses (including SPAN) except through Summer Session and the Independent Learning Office. Course work through these programs does not guarantee future reinstatement as a degree candidate.

*Removal from probation* occurs at the end of a quarter during which a student has improved his or her cumulative grade average to 2.00 or higher.

## REINSTATEMENT

Students who have been dismissed for low scholarship can seek reinstatement. Responsibility for reinstatement to the University rests with the Scholastic Standing Committee. Petitions for reinstatement and information on the procedure are available in the Academic Advising Center, Old Main 380.

Factors considered in determining reinstatement may include measure of academic aptitude, lapse of time since dismissal, change of major goals, nature of academic or other experience since dismissal or extenuating circumstances.

Students who seek reinstatement can be guaranteed reinstatement through the Scholastic Standing Committee by achieving *all* of the following: 1) since dismissal, earning 3.3 cumulative GPA in all course work taken, and 2) completing four classes toward a bachelor's degree, and 3) completing a minimum of 15 credits.

Petitions are due in the Academic Advising Center on April 1 for summer, July 5 for fall quarter, October 15 for winter quarter and January 15 for spring quarter.

## ACADEMIC DISHONESTY POLICY

Academic dishonesty is not tolerated at Western Washington University. Someone commits an act of academic dishonesty when he or she participates in representing something as the work of a student that is not in fact the work of that student. A Western student who is caught committing such an act at Western typically fails the course in which it occurred, and repeated such acts can lead to dismissal from the University. For a full description of the academic dishonesty policy and procedures at Western, see *Appendix D* in this bulletin.

## ACADEMIC GRIEVANCE POLICY

The text and procedures of Western's Academic Grievance Policy are contained in *Appendix F* in the back of this catalog.

## SATISFACTORY ACADEMIC PROGRESS FOR FINANCIAL AID

The text of Western's policy on Satisfactory Academic Progress for Financial Aid is contained in *Appendix J* in the back of this catalog.

## STUDENT RECORDS POLICY

For the complete text of this policy, see *Appendix E* in the back of this catalog.

# UNIVERSITY GRADUATION REQUIREMENTS

## STUDENT RESPONSIBILITY FOR COMPLETION OF REQUIREMENTS

Every effort is made by the University to notify students of degree requirements. However, it is the student's responsibility to become familiar with all requirements upon entry to the University.

## GENERAL REQUIREMENTS FOR BACHELOR'S DEGREES

### *Effective Catalog*

A student should expect to graduate according to the general requirements in the catalog current at the time of initial matriculation. However, if the student interrupts enrollment for more than two consecutive quarters (summer quarter not included), he or she shall meet the demands of the catalog in force at the time of readmission.

While the University reserves the right to change the regulations concerning admission and requirements for graduation, it shall be the policy of the University to give adequate notice prior to effecting any significant changes and to make reasonable adjustments in individual cases where there may be a hardship.

### *Declaring a Major*

Students should expect to meet the specific requirements for majors and minors in the catalog current at the time they declare the major and minor to the appropriate department. Early declaration of a major is essential to graduating in a timely manner. Soon after their arrival at Western, students should contact a departmental adviser to discuss the course of study leading to a major. Students are expected to meet with the adviser of the department of their choice for individualized assessment or visit the Academic Advising or Career Services centers regarding choice of a major by the time they complete 60 credits or during the first quarter of enrollment if 60 or more credits are being transferred to Western. Students are expected to apply to the department in which they wish to declare a major **no later than** the quarter following the quarter in which they reach their 90th credit. Students who fail to declare a major by the time they reach 120 credits will not be permitted to register.

### *Minors*

Minors are available in most major disciplines but students are not required to complete a minor, unless a minor is required by the major. See each major area's section of this bulletin to determine whether a minor is offered. Requirements for each minor are listed in each department's section. To declare a minor, a student should contact the department. Although there is no limit on the number of minors a student may earn, it is not possible to minor in two areas that involve essentially the same constellation of courses.

### *Common Requirements*

The following requirements are common to all undergraduate divisions of Western Washington University. For requirements unique to a given University division, see sections concerning the College of Business and Economics, Fairhaven College, the

College of Fine and Performing Arts, the College of Humanities and Social Sciences, Huxley College of the Environment, the College of Sciences and Technology, and Woodring College of Education.

- Minimum of 180 quarter hours of credit.** Western Washington University's baccalaureate degrees require a minimum of 180 credit hours. Some fields require a larger number of credit hours, and students who major in these fields should anticipate that they may require more than four years to complete their programs. Students majoring in these fields are encouraged to seek advisement early in their academic careers. Also, programs that are highly sequential necessitate careful planning, the lack of which may result in extended work beyond the minimum required. Western allows a maximum of 135 quarter (90 semester) credits to transfer from any combination of regionally accredited institutions, including no more than 90 quarter (60 semester) credits from two-year community or junior colleges. Additional course work which exceeds this amount may be used to meet specific requirements but additional credits will not be allowed to count toward the 180 credit requirement for graduation; no more than 15 credits taken in the Extended Programs (EXT) subject area can be applied toward a degree at Western Washington University
- Minimum of 45 credits through Western Washington University.** Correspondence, including Western's Independent Learning program, credit by examination and advanced placement credit are not included in this total
- At least 60 credits in upper-division study** (courses 300 or above)
- Complete an approved writing proficiency course at WWU** prior to graduating with a minimum grade of C-. (**NOTE:** Courses with an attribute of WP1 or WP2 do not, by themselves, complete the requirement)
- General University Requirements** (see following section). These general requirements must be satisfied by all students except those enrolled in Fairhaven College, where a separate core program is required
- Approved academic major.**
  - At least 50 percent of the credit hours required in a student's major must be earned at Western Washington University
  - Students must declare a major before reaching 120 credits
- A minor, if required by the major
- Professional education sequence, if required by the major
- A grade of C- or better in a student's major or minor, supporting courses for majors and minors, ENG 101, writing proficiency courses
- Professional education courses and the educational psychology courses required for teacher education programs and courses required for state teaching endorsements must be completed with a grade of C (2.0) or better
- Scholarship meeting minimums** prescribed by the University divisions and academic departments, including a

cumulative WWU GPA of at least 2.00 (or higher, as required by individual departments)

- ❑ **Final quarter.** Must be registered for at least one Western course in the quarter in which degree is to be awarded; correspondence courses are allowed only by exception
- ❑ **Submit an application for the degree** no later than the last day of classes two quarters prior to quarter of intended graduation. The degree is not granted without formal application. **Note:** Students who reach 210 credits without graduating or submitting a degree application or plan of study will not be permitted to register

### DEGREE PLANNING AND PROGRESS RECORD

Each entering student is provided a Degree Planning Guide, a personal educational record and planning guide. It provides a convenient check list for completion of General University Requirements and includes space for records regarding admissions test scores, transfer credit evaluations, completion of major requirements, procedures for declaration of major and the degree application process.

### EXTENSION PROGRAM TIME LIMITS

All graduation requirements for an extension program must be completed within five years of the initial quarter of registration. Students who have not completed their program after four years of study are required to file a plan for completion of the degree within the five-year limit. Otherwise it is understood that the student has decided to withdraw from the program.

### PROCEDURES FOR APPLYING FOR A BACHELOR'S DEGREE

Degrees are not automatically awarded when requirements are completed. It is the responsibility of the student to make application in the Registrar's Office. Students must apply for a baccalaureate degree no later than the last day of classes two quarters prior to the final quarter. Complete instructions and deadlines are available in the Registrar's Office and through extension program offices where applicable.

### PROCEDURES FOR APPLYING FOR A RESIDENCY TEACHER CERTIFICATE

Teaching certificates are not automatically issued when professional education endorsement requirements are met. It is the responsibility of the student to apply for the Residency Teacher Certificate through the Woodring College of Education Teacher Certification Office. Students must apply by the last day of classes, two quarters prior to entering their student teaching internship. Upon verification that program and certification requirements have been met, recommendation is made to the state Office of Superintendent of Public Instruction for issuance of the Residency Teacher Certificate.

Complete application instructions and deadlines are available in the Teacher Certification Office, Miller Hall 216, and through applicable extension program offices.

### COMMENCEMENT

Formal commencement exercises for degree candidates are held each quarter on the Saturday following finals week. Commencement information is mailed to eligible students by the fourth week of their final quarter. To be eligible for commencement, all candidates must apply for their degree by the appropriate deadline. University policy requires bachelor's degree candidates to be enrolled in their final requirements and

master's candidates to have completed all requirements in order to participate in commencement.

### BACCALAUREATE DEGREES WITH TWO MAJORS

Any undergraduate student at Western Washington University may attempt to earn a bachelor's degree with two majors. While there is no requirement that such a degree program include more than 180 credits, it may be impossible to complete within this minimum. The student's application for such a degree must indicate both majors and be approved by both departments or academic units involved. The majors involved must be distinct and may not be based on essentially the same constellation of courses. A general studies major cannot be earned concurrently with or subsequent to another major.

After earning a bachelor's degree, a student may complete an additional major without earning a second bachelor's degree. The student must enroll officially in the college which offers the major and submit an application for a major evaluation to the Registrar's Office during the quarter in which the major is completed.

Students with two majors that would result in the same type of degree (for example, a bachelor of arts in English and a bachelor of arts in business) will receive one degree and one diploma. Since the diploma indicates the college awarding the degree, students must choose the college they prefer. In this example, the student must choose between a bachelor of arts from the College of Humanities and Social Sciences or a bachelor of arts from the College of Business and Economics. Majors are not printed on the diploma but are listed on the transcript once the student graduates.

### MORE THAN ONE BACCALAUREATE DEGREE

A student may earn from Western only one of each type of degree offered (BA, BS, BA/Ed, BFA, BMus).

#### *Two Baccalaureate Degrees Concurrently*

Two distinct bachelor's degrees associated with different majors may be earned simultaneously but the total number of academic credits earned must be at least 225, and the student must satisfy all requirements of each degree program. The majors involved may not be based significantly on the same constellation of courses.

#### *Second Baccalaureate Degree*

A student who has already earned a baccalaureate degree may enroll to earn a different type of undergraduate degree associated with a different major. Such a student must enroll officially in the college which offers a major associated with the new degree, earn at least 45 academic credits beyond the number earned when the first degree was granted, maintain a cumulative grade point average of at least 2.00 on the last 45 credits earned and satisfy all requirements of the second degree program.\*\*

Holders of a bachelor of arts degree from a regionally accredited institution in the United States will have fulfilled all General University Requirements (GURs). Holders of bachelor's degrees other than the Bachelor of Arts from an accredited institution in the United States must have the degree evaluated for GUR on a course-by-course basis. Post-baccalaureate students pursuing another bachelor's degree must complete a writing proficiency course at WWU (with a minimum grade of C-).

**\*\*Exception:** The BFA degree may be awarded to a student who has earned fewer than 45 additional credits since completing a BA degree, provided the student has earned at least 225 total credits.

## UNIVERSITY GRADUATION REQUIREMENTS

---

### *Baccalaureate Degree After Graduate Studies*

A student may not earn a baccalaureate degree from Western Washington University while enrolled in its Graduate School. A student may earn a baccalaureate degree after the completion of the master's degree program provided: 1) that 45 credits are earned at Western subsequent to the previous bachelor's degree and exclusive of those credits that are a part of the master's program, 2) that the major is different from that associated with any prior degree, 3) that the student has completed a writing proficiency course at WWU (with a minimum grade of C-), and 4) that the final-quarter-in-residence requirement is met.

### **BACCALAUREATE DEGREE AND TEACHER CERTIFICATION**

The prospective teacher may earn the Bachelor of Arts in Education degree, completing one or more of the appropriate teaching majors offered within the various schools, colleges and departments of Western. A Bachelor of Arts in Education program requires completion of all teacher certification requirements as well as other university requirements prior to the granting of the degree. The student (usually with plans to teach at the secondary school level) who wishes to complete an appropriate Bachelor of Arts or Bachelor of Science degree program may also earn teaching credentials without earning the BA/Ed degree. Some programs allow requirements for teacher certification to be completed at the same time the BA or BS degree is earned. Such students must be admitted officially to the professional education program of the Woodring College of Education and complete the required professional sequence. They must also maintain a cumulative grade average at the level required for the BA/Ed degree.

### **WRITING PROFICIENCY REQUIREMENTS**

Western Washington University believes that development of writing proficiency should be pursued systematically throughout the course of study. To that end Western has established a program of writing courses and support services beginning in the freshman year and extending to upper-division writing proficiency courses offered throughout the University.

- Block A of the GUR communications requirement: to be completed, with a grade of C- or better, prior to the accumulation of 45 credits, see the GUR section; ENG 101, *Writing and Critical Inquiry*, (4), (waived for students demonstrating high English competency on college entrance exams); all students must satisfy Block A except Fairhaven College students
- Block B of the GUR communications requirement: to be completed prior to accumulation of 135 credits; see the GUR section for details
- Upper-division writing proficiency course requirement: to be completed, with a grade of C- or better, prior to graduation; students must complete Block B of the Communications GUR requirement before enrolling in a writing proficiency course; all students must satisfy this requirement by taking an approved writing proficiency course at Western

All Western writing proficiency courses should follow these University-wide guidelines:

- students write multiple drafts of assigned papers
- instructors provide suggestions for revision of drafts, and
- instructors base 75-100 percent of the course grades on revised versions of assigned writings

Upper-division writing proficiency courses emphasize research and writing above all other aspects of the course. In writing proficiency courses, students learn the writing style and conventions of their disciplines, as well as the techniques for integrating evidence into scholarly papers. Writing proficiency courses are listed in the *Timetable of Classes*.

### **GENERAL UNIVERSITY REQUIREMENTS**

The General University Requirements embody Western's belief that liberal education — education in breadth — is as important for informed and effective participation in contemporary life as specialized education. Accordingly, Western graduates not only complete a formal major in an academic or professional field, but they also devote a significant part of their study to courses in communication and critical analysis, humanities, social science, natural science, mathematics, and comparative, gender and multicultural studies. These General University Requirements are WWU's way of ensuring that students have an opportunity to encounter the fields of the humanities: language, literature, philosophy, history and art; to become acquainted with the methods and subject matter of the natural and social sciences; to think about the values of their own and other cultures; to consider relationships among fields of knowledge; and to develop college-level skills in critical reading and thinking, effective communication and mathematics.

Western believes that liberal education enables people to lead fuller and more interesting lives, to perceive and to understand more of the world around and within themselves, and to participate more intelligently, sensitively and deliberately in shaping that world.

This belief reflects a long tradition in American higher education. In this tradition, the bachelor's degree includes specialized study, the *major*, together with study over a range of human inquiry, expression and accomplishment. This broader study helps people gain perspective on who they are and what they do in the world. It frees them from dependence on others for their view of the world. Thus, study of history provides a sense of one's place in the sweep of human experience and an independent window on world events. So also does study of cultures and societies other than one's own. Study of literature enables one to read with greater interest and enjoyment, because one is aware of the interplay of style, image and allusion that shapes literary art. So also with the graphic and musical arts. Study of philosophy and religion alerts one to various ways of understanding the nature and meaning of human existence, and to problems of knowing anything significant about such things. Acquaintance with methods and findings of natural and social sciences alerts one to the principal ways by which modern people understand the universe and themselves in it.

Broadly, the liberal education component of a bachelor's degree deals with issues of truth and falsity, with expressions of what is possible for humans to do and be, with things that bear on choices that we make about what in life we consider important. Baccalaureate education is not only about acquiring technical knowledge and skill. It also is about exploring broad human issues, expanding mental horizons, having ideas, developing critical perspective. Opportunity to do these sorts of things is a distinguishing mark of a baccalaureate curriculum. Having done them is an important part of what makes a *college education* as such, regardless of specialized subject, valuable to society and in the marketplace.

At Western, the General University Requirements are an

important means for pursuing the *liberal education* component of a bachelor's degree, but not the only means. Every major concentration — whether technical, professional or liberal arts — involves matters that are part of liberal education. That is, every major involves methods of attaining insight into reality and is an exercise in analysis and judgment. Every major field exists in conversation and competition with other, different, organized approaches to reality, and thereby raises questions of truth and value. At the completion of each undergraduate major, when one has learned its particular specialized subject and technique, one still confronts the problems about what is really true, what is truly valuable, and what is right to do — the characteristic problems of human life, and the broad subject of liberal education.

For these reasons, students should regard their major, the General University Requirements (GUR) and other courses that they may take at Western as related parts of an educational whole, rather than as competing parts. Students should be aware that, as undergraduates, they are involved in a unique opportunity which they are unlikely to have again: an opportunity to study and explore across a range of subject matter, to pursue intellectual and creative interests that they may have and to try out new ones, to find out what really interests them and what does not. The GUR is a vehicle for this exploration. But the listed GUR courses are only a selection from the much larger curriculum of the University. Major programs and elective courses outside the major and the GUR are also part of this opportunity.

### Transfer Credit to Satisfy GUR

Transfer students from Washington state community colleges may satisfy the GUR by taking courses listed on the transfer admission screen of Western's Web site.

Approved associate degrees from community colleges in Washington state may fulfill all General University Requirements. Students at community colleges who wish to satisfy the General University Requirements by earning an associate degree should check carefully with advisers, as only certain approved degrees will apply.

To meet the GUR, an approved associate degree is normally earned prior to initial enrollment at Western (on or off campus) as a transfer student. If any student wishes to complete such a degree in order to have it satisfy the GUR at Western, it must be earned by the time the student has 1) completed 45 credits at WWU, or 2) one calendar year has passed from initial enrollment at WWU, whichever comes later.

Western allows a maximum of 135 quarter credits to transfer from any combination of regionally accredited institutions, including no more than 90 quarter credits from two-year community or junior colleges. Additional course work which exceeds this amount may be used to meet specific requirements, but additional credits will not be allowed to count toward the 180 credit requirement for graduation. A minimum of 90 credits must be earned from baccalaureate (four-year) institutions. Applicability of transfer credits toward majors is subject to departmental approval. A minimum of 45 credits must be earned at Western.

Students pursuing a second baccalaureate degree at Western after completing a Bachelor of Arts at another regionally accredited institution will have fulfilled all General University Requirements. Those who have bachelor's degrees other than the Bachelor of Arts must have their degree evaluated on a course-by-course basis to determine completion of the GUR.

**NOTE:** Certain programs may have admission standards which require the completion of the GUR prior to beginning study.

Consult program advisers for details.

All degree-seeking students, on or off campus, must complete all other graduation requirements for baccalaureate degrees as listed in the *Degree Planning Guide* and catalog.

### SCHEDULING OF GUR COURSES

The first year's schedule ordinarily should investigate potential majors, explore subjects in which a student has little or no experience, sample the main fields represented in the GUR (humanities, social sciences, natural sciences), and meet basic requirements in writing and mathematics. Students who are interested in a particular major should begin the basic work of that major. Concurrently, they should use the GUR and other courses to investigate areas of potential interest besides that major. Students who are unsure about what their major will be should explore fields in which they are, or may become, interested, by taking introductory courses in those fields. Some GUR courses will serve this purpose. It is perfectly permissible, in this exploration, to take non-GUR courses also.

This strategy may be pursued in the sophomore year. By the third quarter of the sophomore year (more or less), students who take this approach should be ready to proceed in one of several majors, and will have also laid the basis for a liberal education.

It is strongly recommended that students continue the GUR into their junior and senior years, taking courses from the GUR list in which they have become interested, and also taking non-GUR electives. By doing this, students benefit from the interplay of "liberal" and "specialized" components of their education throughout their time at Western. A few majors require completion of the GUR before entering the major.

The General University Requirements apply to all students in the College of Business and Economics, the College of Fine and Performing Arts, the College of Humanities and Social Sciences, Huxley College of the Environment, the College of Sciences and Technology, Woodring College of Education, and in off-campus programs. Fairhaven College students should see the Fairhaven College section.

General University Requirements must be completed by a candidate for a baccalaureate degree except where the student has demonstrated proficiency through an acceptable college-level examination or through challenge procedure (see "Advanced Placement and Course Challenge" in the *Academic Regulations* section of the catalog).

The student should study carefully the requirements of his or her major and the course descriptions before planning courses to satisfy the General University Requirements, as some required courses in the major may also apply to General University Requirements. If questions arise, the student should confer with a credit evaluator in the Registrar's Office.

### Twelve-Credit Limit Per Department

Twelve credits from one department is the maximum that may be applied toward the General University Requirements in the combined areas of Humanities, Social Sciences, and Comparative Gender and Multicultural Studies. The Department of Liberal Studies is exempt from the 12-credit maximum, but the 10-credit maximum for individual areas must be observed. Art and Art History are counted as one department as are all modern and foreign language courses.

### Grades in GUR Courses

Courses which are to apply to General University Requirements must be taken on an A-F grading scale. They may not be taken

## UNIVERSITY GRADUATION REQUIREMENTS

with Pass/No Pass grading. Except for ENG 101, which requires a C- or better, the minimum passing grade for GUR courses is D-. (MATH 101, 102 and 106 must be passed with a grade of C- or higher if used as a prerequisite to another course.)

### *Components of the General University Requirements*

In issues that they address and in methods that they represent, the components of the General University Requirements intersect at many points. Together they represent the principal academic fields of the modern university and reflect the scope of liberal education.

### COMMUNICATION

The Communications requirement provides an opportunity to develop the literacies and skills needed to convey ideas effectively in a variety of contexts. This area includes courses in writing, speaking, and information technology literacy, and aims to foster an ability to reason critically by analyzing situations and adapting messages to particular audiences in particular contexts. The ability to express ideas clearly, creatively, and correctly is fundamental to a quality undergraduate education, and essential for active participation in a democracy.

Complete blocks A and B.

Block A: (To be completed with a grade of C- or better prior to the accumulation of 45 credits).

ENG 101, Writing and Critical Inquiry (4). This requirement can be waived for students demonstrating high competency on Advanced Placement or college entrance exams.

Block B: (To be completed prior to the accumulation of 135 credits). One course from the following:

- A/HI 275, Introduction to Writing and Critical Thinking (4)
- COMM 101, Fundamentals of Speech (4)
- COMM 224, Small Group Processes (4)
- COMM 235, Exposition and Argumentation (4)
- CSCI 102, Computer-Mediated Communications (3)
- ENG 202, Writing About Literature (5)
- ENG 203, Writing in Context (5)
- Foreign Language 103, 104, or 201 (4-5).
- JOUR 207, Newswriting (4)
- PHIL 107, Logical Thinking (3)
- Block B also can be satisfied by completing one of the following sequences:
  - LBRL 121a, 122a, 123a
  - HNRS 103, 104, 105

### MATHEMATICS

(to be completed prior to the accumulation of 90 credits)

The Mathematics requirement provides a foundation in quantitative concepts, expression and calculation in the form of algebra, computer science and formal logic. Mathematics is the fundamental tool of the social and natural sciences and technology, and is employed in a wide range of academic and professional fields. Competence in elementary mathematics, quantitative skills and logical thought are crucial components of a contemporary education.

Initial enrollment in elementary mathematics courses is based upon the results of the math placement tests (tests that show a student is *ready to begin the study* of a subject). These tests must be taken prior to registration. Refer to the Mathematics Department for more information on academic placement and advanced standing.

All students must complete the mathematics requirement by accumulation of 90 credits.

Complete any one of the following options to meet the General University Requirement in mathematics:

- MATH 102, Functions and Algebraic Methods, and PHIL 102, Introduction to Logic
- Complete one of the following courses: MATH 107, 114, 115, 118, 124, 156, 157, 240, or any mathematics course for which one of these courses is a prerequisite, except MATH 381 or 382
- CSCI 140 or 145
- MATH 381 and 382, Mathematics in Grades K-8; this satisfies the mathematics GUR *only* if the student completes a BA in Ed elementary program
- NOTE:** An achievement test (test that shows *mastery of a subject*) is available in lieu of MATH 102 or MATH 114. Contact the Testing Center, Old Main 120, for details. Achievement tests may be attempted only once each; when passed they meet the corresponding General University Requirement, but do not result in academic credit and are not posted to the permanent record

### HUMANITIES

The Humanities requirement provides an introduction to the subject matter, methods of inquiry and forms of expression of academic fields that treat language, literature, fine arts, history, philosophy and religion in the Western cultural tradition. The humanities study principal themes, issues and images concerning human beings and their place in the universe, as these have been shaped and expressed since ancient times, in thought, imagination and action.

From the courses listed below, the student must select a minimum of 20 credits distributed among at least three departments. No more than 10 credits may come from any one department. Art and Art History are counted as one department, as are all foreign languages. Library courses cannot count as a third department.

Exceptions:

- Students may take all three sections of LBRL 121, 122, 123 for a total of 15 credits and complete the Humanities GUR with a minimum of 5 Humanities credits from one or more other departments
- Freshmen who complete all three sections of LBRL 121a, 122a, 123a for a total of 15 credits will have satisfied Communication and Critical Analysis Block B, and may complete the Humanities GUR with a minimum of 5 Humanities credits from one or more other departments
- Students who complete all three sections of HIST 111, 112, 113 for a total of 12 credits may complete the Humanities GUR with 8 additional Humanities credits from two additional departments
- Students who complete HNRS 103, 104, 105 for a total of 12 credits will have satisfied Communication and Critical Analysis Block B, and may complete the Humanities GUR with 8 additional GUR Humanities credits from two additional departments

Select a minimum of 20 credits from the following:

- ART 109, Visual Dialogue (3)
- A/HI 220a, Visual Culture in Ancient Greece and Rome (3); 220b, Visual Culture in Medieval Europe (3); 230a, Visual Culture in Western Europe from 1400-1500 (3); 230b, Visual

Culture in Western Europe from 1500-1700 (3), 240a Visual Culture in Western Europe in the 19th Century (3), 240b, Visual Culture in Western Europe and America in the 20th Century (3).

CLST 260, Masterworks of Ancient Greek Literature (4); 270, Literature of Rome and Her Empire (4); 350, Greek Mythology (4).

DNC 231, Introduction to Dance in Western Cultures (3).

ENG 214, Introduction to Shakespeare (5); 215, Introduction to British Literature (5); 216, Introduction to American Literature (5); 238, Society Through its Literature (may be taken only once for GUR credit) (5); 270, Introduction to Language and Society (5); 281, Introduction to Global Literatures: Ancient (5); 282, Introduction to Global Literatures: Medieval (5); 283, Introduction to Global Literatures: Modern (5); 336, Scriptural Literatures (5); (ENG 336 and LBRL 335 may not both be taken for GUR credit).

EUS 201 Introduction to Russian Civilization (5).

HIST 103, Introduction to American Civilization: American History to 1865 (4); 104, Introduction to American Civilization: American History Since 1865 (4); 111, Introduction to Western Civilization (Prehistory to 476) (4); 112, Introduction to Western Civilization (476-1713) (4); 113, Introduction to Western Civilization (1713 to Present) (4); 277, Canada: An Historical Survey (4); 314, The Enlightenment Tradition (5).

JOUR 340, History of Mass Media (3).

LBRL 121, The Western Tradition I: The Ancient World (5); 122, The Western Tradition II: Concepts of Man in Medieval and Modern Europe (5); 123, The Western Tradition III: Man in Modern Times (5); 121a, 122a, 123a, A Foundation for the Liberal Arts (5 ea); 231, Introduction to the Study of Religion (4); 232, Myth and Folklore (4); 243, Art and Ideas (4); 323, The Romantic Paradox: Love, Life, and Death (4); 332, Universal Religions: Founders and Disciples (4); 333, Religion in America (4); 335, The Biblical Tradition (5) (LBRL 335 and ENG 336 may not both be taken for GUR credit).

LIBR 202, Applied Research Strategies for the Humanities (1) [does not count as third department].

Modern and Classical Languages, any European foreign language (including Russian) course numbered 200 and above and involving actual instruction in the foreign language. (Advance placement credit may not be applied.)

MUS 104, The Art of Listening to Music (3); 105, Music in the Western World (3).

PHIL 112, Introduction to Philosophy: Moral Issues (3); 113, Philosophy of Religion (3); 114, Introduction to Philosophy: Knowledge and Reality (3); 340, Philosophy of Science (3); 350, Political Philosophy (3) (PHIL 350 and PLSC 360 may not both be taken for GUR credit); 355, Aesthetics and the Philosophy of Art (3); 360, Society, Law and Morality (3).

PLSC 360, Introduction to Political Theory (5) (PLSC 360 and PHIL 350 may not both be taken for GUR credit).

THTR 101, Introduction to the Art of the Theatre (3); 201, Introduction to the Cinema (3).

## SOCIAL SCIENCES

The Social Sciences requirement provides an introduction to the content, methods and applications of academic fields that treat psychological, social, political and economic behavior, development and variation of human culture and uses of geographical space. Though differing in subject and approach, the social sciences insist in common on empirical investigation and seek to discover coherent patterns in human activity.

Course work must be distributed among at least three departments with no more than 10 credits from any one department. Library courses cannot count as a third department.

Select a minimum of 17 credits from the following:

ANTH 102, Introduction to Human Origins (5); 201, Introduction to Cultural Anthropology (5); 210, Introduction to Archaeology (5).

C/AM 200, Introduction to Canadian Studies (5).

ECON 206, Introduction to Micro-Economics (4); 207, Introduction to Macro-Economics (4).

EDF 311, Global Issues and American Education (4).

ESTU 202, Environmental Studies: A Social Science Approach (3).

FAIR 211, The American Legal System (5). (Only one of FAIR 211, MGMT 271, PLSC 311 may be taken for GUR credit.)

EGEO 201, Human Geography (4); 209, Geography and World Affairs (2); 312, Geography of the World Economy (4).

JOUR 190, Introduction to Mass Media (5).

LIBR 203, Applied Research Strategies for the Social Sciences (1) [does not count as a third department].

LING 201, Introduction to Linguistics Science (5); 204, Sociolinguistics (4).

MGMT 271, Law and Business Environment (4). (Only one of MGMT 271, FAIR 211 and PLSC 311 may be taken for GUR credit.)

PE 201, Perspectives of Human Lifestyle and Wellness (3).

PLSC 101, Government and Politics in the Modern World (5); 250, The American Political System (5); 271, Introduction to International Relations (5); 311, Jurisprudence (5), (Only one of PLSC 311, FAIR 211 and MGMT 271 may be taken for GUR credit); 372, International Politics: International Political Economy (5).

PSY 101, Introduction to Psychology (5); 341, Psychology and Culture (5).

SOC 221, Introduction to Population Issues (5); 251, Sociology of Deviant Behavior (5); 255, Social Organization of Criminal Justice (5); 260, The Family in Society (5); 302, Classical Sociological Theory (5).

## COMPARATIVE, GENDER AND MULTICULTURAL STUDIES

This section of the GUR provides an introduction to civilizations of Asia, Africa, the Middle East and Latin America, to multicultural experience in North America and to gender studies. Acquaintance with the values and viewpoints of a variety of cultures and societal roles helps overcome provincialism, aids self-understanding and is an important element in an educated outlook on the contemporary world.

Select a minimum of 8 credits from the following:

AMST 202, The Native American Experience (3); 203, The Hispano/a-American Experience (3); 204, The African-American Experience (3); 205, The Asian-American Experience (3); 206, The Jewish-American Experience (3); 242, The Lesbian, Gay, Bisexual, Transgendered Experience (3); 301, Comparative Cultural Studies (4).

ANTH 104, American Mosaic: The Cultures of the United States (4); 353, Sex and Gender in Culture (5) (ANTH 353 and PSY 119 may not both be taken for GUR credit); 361, Native Peoples of North America (5); 362, Peoples of Asia (5); 364, Peoples of the Pacific (5); 365, Peoples of Latin America (5).

## UNIVERSITY GRADUATION REQUIREMENTS

A/HI 270, Survey of Asian Art: India, China, Japan (3).  
DNC 232, Movement and Culture (3).  
EAST 201, The Cultures of East Asia: Political-Material Aspects (5); 202, The Cultural History of East Asia (5).  
EDF 210, Students in Global Perspective: Identity, Campus Culture, and Society (4).  
ENG 227, Introduction to Gay and Lesbian Literature (5); 234, Introduction to African-American Literature (5); 235, Introduction to American Indian Literatures (5); 236, Introduction to Asian-American Literatures (5); 335, Literary and Creative Expressions Across Cultures (5); 338, Women and Literature (5).  
EUS 210 Nomads of Eurasia (5).  
EGEO 321, Africa (3); 322, The Middle East (3); 323, South Asia (3); 324, East Asia (3).  
HIST 261, Black History in the Americas (5); 273, Latin America: 1492 to 1824 (5); 274, Latin America: 1824 to the Present (5); 275, The Indian in American History (5); 280, Introduction to East Asian Civilization (5); 285, Introduction to African Civilizations (5); 286, Modern Africa (5); 287, Introduction to Islamic Civilization (5); 385, Pre-Colonial Africa (5); 387, History of the Jews (5).  
INTL 201, Introduction to Global Studies (4).  
LBRL 271, Humanities of India (4); 272, Religion and Society in China and Japan (4); 273, Art and Society in China and Japan (4); 275, Humanities of Japan (4); 276, Humanities of Africa (4); 277, Humanities of China (4); 278, Humanities of Islamic Civilization (4); 281, Representation of Otherness (4); 370, Major Asian and African Traditions: The Traditional Order (4); 371, Major Asian and African Traditions: Their Modern Fate (4); 372, Individual and Society in Recent African and Asian Literature (4); 373, Ideology, Policy and Experience in the Contemporary Non-European World (4); 378, Religion and Society in India (4).  
LIBR 204, Applied Research Strategies for Comparative, Gender, and Multicultural Studies (1).  
Modern and Classical languages. Any non-European foreign language course numbered 200 and above and involving actual instruction in the foreign language. (Advanced placement credit may not be applied.)  
MUS 205, Survey of Non-Western Musical Cultures (3).  
PLSC 346, Politics of Inequality (5).  
PSY 119, Psychology of Gender (4) (PSY 119 and ANTH 353 may not both be taken for GUR credit).  
SOC 268, Gender and Society (5); 269, Race and Ethnic Relations (5).  
WMNS 211, Introduction to Women Studies (4); 314, Global Women (4).

### NATURAL SCIENCES

The Natural Sciences requirement provides an introduction to

the content and methods of the physical and biological sciences. These fields investigate natural phenomena, ranging from the origin of the universe to development of life forms to the structure of the atom. Their methods include direct and indirect observation, experimentation, and construction of theoretical models of natural systems.

Complete Option I *or* complete both A and B of Option II.

I. Complete one of the following sequences:

- BIOL 204, 205, 206
- CHEM 121, 122, 123
- GEOL 211, 212 and one of 214, 310, 316, or 340
- PHYS 114, 115, 116; *or* 121, 122, 123, and labs 131, 132, 133

II. Students are advised to complete the three courses in Section A before enrolling in the course in Section B. All students must complete two courses from Section A by the time they accumulate 90 credits, unless they complete one of the course-sequences in Option I.

A. One course from three of the four following areas:

- BIOL 101, Introduction to Biology (4)
- CHEM 101, Chemical Concepts (4); 115, General Chemistry (5); 121, General Chemistry I (5)
- GEOL 101, General Geology (4); 211, Physical Geology (5)
- PHYS 101, Physics for the Liberal Arts (4); 114, Principles of Physics I (5); 115, Principles of Physics II (5); 116, Principles of Physics III (5); 121, Physics with Calculus I (4) and 131, Physics with Calculus I Lab (1)

B. One additional course from Section A above or one course from the following list:

- ANTH 215, Introductory Biological Anthropology (5)
- ASTR 103, Astronomy for the Liberal Arts (4); 315, General Astronomy: Solar System (4); 316, General Astronomy: Stars and Galaxies (4)
- BIOL 102, Biological Diversity: Evolution and Systems (4); 150, Marine Biology (3); 160, Foreign Chemicals and Natural Systems (3)
- CHEM 122, General Chemistry II (5); 123, General Chemistry III (4); 251, Elementary Organic Chemistry (5)
- CSD 253, Speech and Hearing Sciences for the Liberal Arts (4)
- ESCI 101, Environmental Studies: A Scientific Approach (3); 204, The Oceans: Topics in Marine Science (3)
- EGEO 203, Physical Geography (4)
- GEOL 202, Plate Tectonics and Continental Drift (4); 204, Geology and Society (3); 212, Historical Geology (4); 214, Environmental Geology (3); 252, The Earth and Its Weather (4); 315, Minerals, Energy, and Society (4)
- PHYS 122, Physics with Calculus II (4) and 132, Physics with Calculus II Lab (1)
- SCED 294 Nature of Scientific Inquiry (4)

# ALL-UNIVERSITY PROGRAMS

Western Washington University is organized into seven colleges and a Graduate School. This organization not only accommodates Western's size and complexity, but also enables flexibility and innovation in Western's curriculum.

Some programs at Western are available through one department or college; some are interdisciplinary, involving several academic units; and some, the All-University Programs listed below, involve all or most of Western's departments and colleges:

- Field Experience
- Post-Baccalaureate Professional Schools

Academic opportunities available through Western's All-University Programs are described below.

## FIELD EXPERIENCE PROGRAMS

Western Washington University recognizes that work experience outside of the classroom can enhance student learning by providing opportunities to put theory into practice. To this end, the University works closely with a wide variety of businesses and community and governmental agencies which offer internship opportunities, and many academic departments require or make academic credit available for field experience.

Students interested in exploring field experience opportunities should contact the Career Services Center, Old Main 280.

## INTERNATIONAL STUDIES AND PROGRAMS

Academic programs in International Studies include the International Studies minor (see *Interdisciplinary Programs* section in this catalog), Canadian-American studies, the Center for International Business and the International Business major, East Asian studies, and the Teaching English to Speakers of Other Languages (TESOL). For more information, please see individual program listings.

### Asia University America Program

The WWU-Asia University America Program (AUAP) is an English language and cultural orientation program that has been developed cooperatively with Asia University (Tokyo, Japan), Central Washington University, and Eastern Washington University. During this five-month study-abroad program, students from Asia University attend AUAP courses at Western in English as a Second Language, American cultural studies, and physical education. AUAP students can earn credit from Asia University and are not matriculated at Western. Between 150 and 200 AUAP students come to Western each year, with sessions running from September to mid-February, and late February through late July.

The AUAP offers a number of opportunities to the Western community:

- Language and cultural exchange opportunities to Western students and community residents through the Campus Friends and Community Friends programs; these programs provide intercultural contacts that go beyond the classroom
- Training in intercultural communication and conflict resolution to other departments and programs on campus
- Informational programming about Japanese culture in various Western classes and residence-hall groups; in

addition, AUAP staff facilitate exchanges with AUAP and regular Western classes

- Interaction with Japanese students on a daily basis in their halls and dining rooms for Western students who share residence halls with AUAP students
- Paid leadership positions for Western students, such as international peer advisors and curriculum assistants, that give valuable experience in an intercultural context, provide opportunities to develop international friendships, and assist in financing their education
- Cultural-exchange services to the community, including programming in public schools throughout Whatcom County; the AUAP's "Friends from Japan" program introduces local elementary school children to Japanese language and culture and, most importantly, to international friendship
- Participation by Western faculty and students in research opportunities through AUAP; faculty and students from the communications, foreign languages, psychology, business, and anthropology departments have conducted studies based on linguistic or attitudinal surveys of AUAP students
- For more information on the Asia University America Program, contact the office at 360-650-3922; by fax at 360-650-6818; by e-mail at [auap@cc.wwu.edu](mailto:auap@cc.wwu.edu); or visit the AUAP Web site at [www.wwu.edu/~auap](http://www.wwu.edu/~auap)

### Intensive English Program

The Intensive English Program (IEP) provides a variety of English language courses designed to prepare international students for academic study at American colleges and universities. The noncredit IEP classes focus on preparing students for these academic experiences, and helping them to adapt socially and culturally to living in the U.S. The program emphasizes creating opportunities for Western students and IEP international students to interact, both in the classroom and through informal conversational situations.

While in the IEP, some international students apply to Whatcom Community College, while others enroll at Western through a conditional admission agreement with the undergraduate Office of Admissions or through SPAN, the space-available enrollment program administered by University Extended Programs.

The Intensive English Program is linked to academic areas of the University in these ways:

- The advanced students may gain conditional admission to the university, enrolling in both IEP and Western credit classes, thus continuing to polish language and academic skills during the first quarters of matriculation
- IEP works with Western faculty to facilitate intercultural experiences for current Western students in communications, management, psychology, speech pathology, education and foreign languages courses by arranging joint classes projects, and other interactions with IEP students
- IEP is closely linked to the TESL certificate program by providing practicum experience, tutoring experience and employment opportunities for TESL students
- IEP provides opportunities for Western faculty who have professional relationships in other countries to bring students, individually or in groups, to campus for language

## ALL-UNIVERSITY PROGRAMS

and content-area study or for eventual matriculation into Western

For more information, contact the IEP office at 360-650-3755; by fax at (360) 650-6818; or by e-mail at iep@cc.wwu.edu, or visit the Web page at [www.wwu.edu/depts/iep/](http://www.wwu.edu/depts/iep/)

### International Programs and Exchanges

International Programs and Exchanges (IPE) coordinates Western's study abroad and international exchange programs, and provides services to international students and faculty. This includes maintaining institutional linkages, facilitating faculty teaching abroad, advising on study abroad/exchange opportunities and advising for international students and faculty.

Students may participate in a variety of quarter, semester, and year-round study programs designed to give students a complete international experience in the host country. Programs range from intensive language and cultural immersion to yearlong programs at major foreign universities.

Through membership in the International Student Exchange Program, IPE provides semester or yearlong exchanges with about 120 universities in more than 30 other countries. There is also the opportunity to study as an exchange student in a WWU reciprocal exchange university in several countries. For students interested in an exchange program with another U.S. college or university, IPE offers National Student Exchange, a consortium of 177 colleges and universities in the United States, including Guam and Puerto Rico. For most exchange programs, students can study for a semester or academic year in a college or university, pay resident tuition rates, and carry normal course loads for the term, and may receive financial aid.

International study courses within departments are normally assigned 137, 237, 337 or 437 numbers. Since special application and registration procedures are required for participation in education-abroad programs, students should consult with IPE well in advance of their planned quarter abroad. As program size is limited, early application is recommended and application deadlines vary by program.

Students may also receive credit for international study through (a) specialized programs sponsored by WWU departments or colleges, (b) programs sponsored by accredited U.S. colleges or universities, (c) studies at foreign universities, and (d) research, internships, or study arranged through departments and colleges by International Programs and Exchanges. WWU offers a minor in International Studies consisting of courses taken abroad, cross-cultural study, and related academic work in a variety of disciplines. See the International Studies section in the Interdisciplinary Programs section of this catalog.

For more information, contact International Programs and Exchanges, High Street Hall 25, 360-650-3298, fax 360-650-6572, e-mail [ipewwu@cc.wwu.edu](mailto:ipewwu@cc.wwu.edu), or visit the IPE Web site at [www.wwu.edu/~ipewwu](http://www.wwu.edu/~ipewwu).

### POST-BACCALAUREATE PROFESSIONAL SCHOOLS

Admission to graduate professional schools requires a baccalaureate degree and is competitive. Early consultation with the relevant advisor and excellent academic work are crucial to success.

#### *Dentistry*

Admission to the professional schools of dentistry is highly competitive; therefore, a pre-dental program should be planned with care. Electives should be relevant to dentistry, and every effort should be made to maintain high scholarship.

Since dental schools give valuable advice and information about admission standards and requirements, it is wise for pre-dental students to contact dental schools early in their program.

Information on dental schools, the application process, and the dental profession is linked to the WWU pre-dental site, [www.acadweb.wwu.edu/advising/pre dental.html](http://www.acadweb.wwu.edu/advising/pre dental.html).

For further information contact the pre-dental advisor.

Advisor: Dr. John C. Whitmer, Department of Chemistry  
CB 243, 360-650-3270, [whitmer@chem.wwu.edu](mailto:whitmer@chem.wwu.edu)

#### *Law*

Law schools require a baccalaureate degree. They do not require a specific undergraduate major, but do seek students who are broadly educated. Admission is selective based primarily on GPA, LSAT scores and letters of recommendation. Law schools want students who excel in oral and written communication; understand economic, political and social institutions; and have well-developed objective and critical thought processes. Western's General University Requirements are intended to aid students in realizing these goals.

The Law School Admission Test (LSAT), normally required of applicants to American and Canadian law schools, is offered on the Western campus several times each year. Applications and test schedule information may be obtained from the Testing Center and the Department of Political Science. Students should plan to take the LSAT late in their junior year or early in their senior year.

Advisor: Dr. Paul Chen, Department of Political Science, Arntzen Hall 436, 360-650-4876, [Paul.Chen@wwu.edu](mailto:Paul.Chen@wwu.edu).

#### *Medicine*

The faculties of the School of Medicine at the University of Washington and other medical schools in the U.S. believe that the appropriate level of scholarly achievement and preparation for medicine can best be developed in a liberal arts program with the emphasis on a discipline selected by the student.

In recognition of the diverse opportunities afforded the graduate in medicine, specified entrance requirements are purposely kept to a minimum. This enables each student to pursue, as a major field of study, almost any area of interest — the arts, humanities, social sciences, biological or physical sciences — and still acquire the background necessary to prepare for the Medical College Admission Test (MCAT) and to pursue a medical curriculum. It should be noted that over half of those admitted to medical schools in the past several years have been biology majors. The MCAT must be taken at least one full year prior to the date of admission to medical school; normally it is taken in August or April at the end of the junior year.

Early consultation with the pre-professional advisor is strongly recommended. Students will find it valuable to engage in early and regular discussions of matters such as selection of a major, course sequences and graduation requirements at Western, as well as medical school entrance requirements and application procedures, MCAT and other pertinent information.

Typical freshman year curriculum:

- CHEM 121, 122, 123
- BIOL 204, 205, 206
- ENG 101
- MATH 124 and 125
- General University Requirements

Premed students should also seek advising in their major department.

Advisor: Dr. Joan Stevenson, Department of Anthropology, AH 316, 360-650-4787, jcstvnsn@cc.wvu.edu

### Pharmacy

The four-year programs at Washington State University and University of Washington lead to a Doctor of Pharmacy degree. Western provides a two-year series of courses which prepare students for admission to the College of Pharmacy at either institution. Admission into a pharmacy program is highly selective and includes evaluation of GPA, letters of recommendation, and an interview. Students are encouraged to contact the school of their choice for detailed information.

Recommended curriculum:

- BIOL 204, 205, 206, 345, 346
- CHEM 121, 122, 123 (begin 121 as soon as possible), 351, 352, 353, 354, 355
- ENG (Expository Writing) 101, 202 or 203, 301
- MATH 157, 240
- Humanities — 10 credits minimum
- Social sciences — 10 credits minimum

Program Advisor: Dr. Salvatore F. Russo, Department of Chemistry, CB 442, 360-650-3134, Russo@chem.wvu.edu. Handouts available outside of CB 442. After March 2005, contact Academic Advising Center, OM 380, 360-650-3850, advising@cc.wvu.edu.

### Physical Therapy

Admission to a school of physical therapy is highly selective. Students prepare for entry by obtaining a baccalaureate degree, completing the prerequisite course work for entry into each specific program, and by obtaining volunteer clinical experience. Students may complete undergraduate degrees in any area. Most physical therapy programs are three-year programs offered at the doctoral level.

Admission requirements for entry into a physical therapy program include the completion of a required prerequisite set of courses, three letters of recommendation and the completion of an internship under the direction of a physical therapist (200 to 500 hours). Most programs require submission of scores from the Graduate Record Exam (GRE — general test only) and some require a minimum score on the two sections of the GRE. The GRE should be taken in the fall quarter of the application year.

Specific information on each program can be obtained from the *PT Education* link on the American Physical Therapy Association home page at [www.apta.org](http://www.apta.org). Program prerequisites, statistics, and curriculums are presented by geographic location. Students are encouraged to review prerequisite courses early in their academic planning and to develop a plan of study within the first quarter of entry to Western.

Courses which are common to many prerequisite requirements for physical therapy programs:

- BIOL 205, 206, 348, 349
- CHEM 121, 122, 123
- PHYS 114, 115, 116
- PSY 101, 230 or 250
- Statistics

Other recommended courses:

- BIOL 345, 346
- PE 308, 311, 312, 410, 413
- CHEM 251

Advisor: Dr. Kathleen Knutzen, Department of Physical

Education, Health and Recreation, CV 107, 360-650-3055, Kathy.Knutzen@wvu.edu, [www.ac.wvu.edu/~knutzen/PTAdvise](http://www.ac.wvu.edu/~knutzen/PTAdvise)

### PROFESSIONAL TRANSFER PROGRAMS

Students who plan to complete a baccalaureate program at another institution should seek advice from that institution for curriculum planning, test requirements and information on application procedures. The Western advisor listed below is also available to students.

The institution to which the student is transferring determines admission to the program and makes decisions regarding the transferability of credit.

Programs undergo constant revision. The student, therefore, must bear responsibility for continued contact with the transfer institution.

#### Engineering

Western provides two curricular paths to a career in engineering. The Two-Plus-Two program requires two years of study at Western Washington University followed by two or more years of study at an engineering college.

The second path is a dual degree program, the Three-Two program, that requires three years at Western Washington University followed by two years of study at the College of Engineering at the University of Washington. At the conclusion of this five-year program students will receive two degrees: the Bachelor of Arts from Western and the Bachelor of Science in Engineering from the University of Washington.

The primary purpose of both pre-engineering programs is to provide a strong fundamental education in mathematics, physical science, computer science and liberal arts to develop skills necessary for success at an engineering college. In addition to courses in science and mathematics, engineering schools and colleges also require additional courses distributed in social sciences and humanities, which can be selected from Western's offerings, to meet the requirements of the specific engineering school to which the student intends to transfer. Note that most engineering schools specify a minimum number of credits completed and a competitive grade point average for admission to a given engineering program.

#### Pre-Engineering Program

While at Western, students may complete two years of courses in physics, mathematics, chemistry, computer science and English. The choice of courses should be tailored to meet the requirements of the engineering school to which the student plans to transfer. Transfer generally occurs after two years of study.

#### Three-Two Dual Degree Program

Western cooperates with the College of Engineering of the University of Washington in a program of engineering education based upon a broad foundation of liberal arts. The program consists of three years at Western Washington University followed by two years in the College of Engineering at the University of Washington. The nature of the program makes it difficult to pursue by students who do not begin at Western as freshmen. A minimum of 135 credits must be completed prior to leaving Western for the University of Washington, and at least 90 of these must be earned at Western.

While at Western, students may complete the pre-engineering courses listed below and take General University Requirements in communications, humanities, social sciences, non-Western and minority cultural studies, math and science for the Bachelor of Arts degree. Upon successful completion of the program the student will receive the Bachelor of Arts from

## ALL-UNIVERSITY PROGRAMS

---

Western and the Bachelor of Science in Engineering from the University of Washington. This two-degree program provides an excellent liberal arts, mathematics and science background prior to specialization in engineering. The combined program is competitive and designed specifically for students who have strong preparation in communication skills, mathematics and science.

Although the curriculum offers considerable freedom of choice, it does *not* guarantee admission to the College of Engineering at the University of Washington. If, at the end of two years, students find their interest developing in a field outside science or technology, they can readily change to several non-science majors and graduate in two additional years. Similar options exist through the junior year for programs in science and technology. This flexibility is particularly advantageous to capable students whose abilities and interests span many fields.

### *Introductory core courses*

- CHEM 121, 122
- ENG 101
- MATH 124, 125, 204, 224, 331
- PHYS 121, 122, 123, 131, 132, 133, 223, 233 (the entire sequence of 121, 122, 123 and 223 should be completed to minimize transfer problems)
- CSCI 141

Chemical engineers should complete CHEM 123, 351, 352

Check with the pre-engineering advisor for additional courses.

Students not prepared to take Mathematics 124 (Calculus) should enroll in a preparatory sequence, under advisement.

Program advisor: Dr. Jeffrey L. Newcomer, Department of Engineering Technology, ET 309, 360-650-7239, [newcomj@cc.wvu.edu](mailto:newcomj@cc.wvu.edu)

# GRADUATE SCHOOL

E-mail: [gradschool@wwu.edu](mailto:gradschool@wwu.edu)

[www.wwu.edu/gradschool](http://www.wwu.edu/gradschool)

Dr. Moheb A. Ghali, Dean, Old Main 530, 360-650-3170

WWU is authorized by the state Legislature to award six graduate degrees:

- Master of Arts (MA)
- Master of Science (MS)
- Master of Education (MEd)
- Master of Business Administration (MBA)
- Master of Music (MMus)
- Master in Teaching (MIT)

WWU's graduate programs are accredited by the Northwest Association of Schools and Colleges. Graduate programs which result in educator certification are also accredited by the National Council for the Accreditation of Teacher Education. The College of Business and Economics is accredited by the AACSB International Association to Advance Collegiate Schools of Business at both the graduate and undergraduate levels. The Department of Communication Sciences and Disorders is accredited by the American Speech-Language-Hearing Association's Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) and by the National Council for the Accreditation of Teacher Education. The mental health and school counseling programs are accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP). The University is a member of the Council of Graduate Schools in the United States and adheres to the general policies and criteria established by this national association.

The purpose of graduate study at WWU is to provide students with quality graduate offerings, accompanied by opportunities for research and professional development. Graduate programs are intended to prepare able students for career advancement and further study. The programs provide service to the state and its major divisions, to the business and commercial sector, and to a number of professions.

Several of WWU's graduate programs offer courses or program elements at locations outside Bellingham, within the Puget Sound region. The summer session on WWU's campus includes a number of special offerings for graduate study: intensive study, instructional and research seminars, professional seminars, and courses offered by visiting faculty. Refer to the University's Summer Session Bulletin for course offerings.

Persons who plan to enter graduate study at WWU should read this section of the General Catalog closely before applying for admission to graduate study, or enrolling in any course intended to count toward a master's degree or advanced certificate of study. Students working toward a residency or continuing teaching certificate should contact the Certification Office in the Woodring College of Education. Additionally, students should consult with the appropriate graduate program advisor and the graduate office.

## ADMISSION

Admission is granted by the Graduate School of Western Washington University with the concurrence of the department or program unit in which the student will pursue graduate study. The Graduate School informs applicants of the decision made

on their applications. Application forms are available from the Graduate School office or Web site. A nonrefundable application fee of \$35 (subject to change) is charged for each application submitted, whether initial application, or request to defer, change to another quarter of admission, or transfer into another WWU graduate program. A nonrefundable application fee of \$100 (subject to change) is charged for each application submitted for an off-campus self-supporting graduate program. This applies to the initial application and each request to transfer into another off-campus self-supporting WWU graduate program. The fee also applies if the student enrolls in self-supporting courses. Admission to the Graduate School is limited to a single graduate program unless two disciplines have an approved joint offering (see *University Graduation Requirements* section of this catalog for further discussion). Graduate School admission deadline dates are as follows, although many programs have earlier specific deadline dates and do not admit for all quarters (see discussion under specific programs).

Initial application with **all** supporting materials (see below) must be received in the Graduate School Office by June 1 for fall, October 1 for winter, February 1 for spring and May 1 for summer. International students should refer to the section below pertaining to international applicants for deadlines.

**NOTE:** The requirements and procedures listed below demand lead time. Applicants are urged to submit all necessary materials as early as possible before the beginning of the term for which admission is requested or by the earlier, program-specific deadline dates. Faculty review of application materials is unlikely during periods that the University is not in session.

## GENERAL REQUIREMENTS

### Full Admission

- A four-year baccalaureate degree from a U.S. college or university that was regionally accredited at the time the degree was conferred, or an equivalent degree from a foreign university; the degree must be appropriate to the master's study intended. Two recent, official transcripts from each college or university attended (no exceptions) must accompany the application in a sealed envelope prepared by the Registrar of each institution
- A 3.0 undergraduate grade point average (on a 4.0 scale) in the last 90-quarter or 60-semester hours of study. In order for post-baccalaureate credit to be included in the GPA computation, the course work must be upper division. Post-baccalaureate course work at community colleges will not be included in the GPA used for admission. Applicants with advanced degrees from accredited institutions are considered to have met GPA requirements
- Three current letters of reference from professors in the applicant's undergraduate major field, or from professors of post-baccalaureate courses, or from others able to make an appropriate assessment of the applicant's academic or professional competence (forms available from Graduate School); the letters must accompany the application; if confidential, they must be received in sealed envelopes, with the signature of the referee across the seal. The MBA program requires a résumé in lieu of references.
- Favorable review and recommendation of applications by

## GRADUATE SCHOOL

---

the graduate faculty in the program to which application is made

- Graduate Record Exam (GRE) or other test scores; applicants with advanced degrees from regionally accredited institutions applying to certain programs do not need to submit scores; see program description for specific test information and requirements. MBA applicants must provide the Graduate Management Admissions Test (GMAT), not the GRE, within the MBA program deadlines. Scores must be received in the Graduate School office by the program-specific deadline date; if no program-specific deadline date, then by the deadlines established by the Graduate School
- Materials submitted in support of an application will not be returned, forwarded, or copied at the request of the applicant; materials are used only for the WWU Graduate School admissions and TA selection process

The MAT generally is offered monthly through the Western Washington University Office of Institutional Assessment and Testing (OIAT), 360-650-3080.

Contact Educational Testing Service in Princeton, N.J. at 800-473-2255 or [www.gre.org](http://www.gre.org) for further information about the GRE testing program. The GRE bulletin is also available at the Graduate School and Western's OIAT, (360) 650-3080. For information about the GMAT, contact (609) 771-7330 or [www.mba.com](http://www.mba.com).

Current GRE board policy, in effect since October 1985, states that scores are reportable for five years. The Graduate School will accept scores from admissions tests no older than five years and taken within the last five years.

### *Special Requirements*

Certain programs have additional requirements or procedures; see the program descriptions. If a program requires a statement of purpose and/or writing sample(s), these must accompany the application. See specific program information for clarification.

### *Licenses/Certification*

Students in some master's programs also apply for licensing or certification through professional organizations or state agencies. The certificate or license is separate from the master's degree. It is the applicant's responsibility to inquire about licensing or certification requirements prior to enrolling.

### *Provisional Admission*

At times, students who do not meet all the requirements for full admission may be granted provisional admission. The number of admissions on a provisional basis is limited under Higher Education Coordinating Board regulations. The faculty of the applicant's intended graduate program must submit a statement of support for provisional admission to the graduate dean. If provisional admission is authorized by the Graduate School, the provisions are stated in the letter offering the student special admission to graduate study. No K (incomplete) grades are allowed until provisional status is removed.

### *International Applicants*

Students who are not native speakers of English must demonstrate competence in written and spoken English. This can be done by submitting a satisfactory score on the international TOEFL, taken within one year of the date of application. A minimum composite score of 567 is required for the paper-based test; the scaled score for the computer-based test is 227. The TOEFL scores must be on file in the Graduate School prior to receipt of the application for graduate study.

Applicants who have received the bachelor's or advanced degree from an accredited institution in the U.S. or in an English-speaking country or from an accredited institution where instruction is in English do not need to submit scores from the TOEFL.

International students must submit official translations to English of all transcripts and diplomas. International applicants may choose to have their credentials evaluated by a professional evaluation service for degree equivalency only; course by course evaluation is not required. The agency must belong to the National Association of Credential Evaluation Services. International students must file a satisfactory statement of financial responsibility and of sponsorship with the Graduate School. Current expenses are approximately \$27,000 for one academic year of study. An application for an international student cannot be processed unless accompanied by appropriate financial guarantee documentation.

International students are encouraged to complete the admission process as soon as possible to allow for time involved in making visa arrangements.

## GRADUATE ASSISTANTSHIPS

Graduate assistantships are available in limited number in nearly all graduate programs. Graduate assistants must be fully admitted and meet or exceed all criteria for maintaining graduate status and make satisfactory progress toward the degree. Graduate students are limited to no more than the equivalent of six full-time quarters of service as graduate teaching assistants.

Assistantships are competitive. Duties vary according to the department and program, the needs of the program faculty and the student's graduate plan of study. A full-time assistantship does not allow for additional salary or employment from the University. Graduate teaching assistantship applicants whose native language is not English must demonstrate English language proficiency required for classroom or laboratory instruction. Information about assistantships can be obtained from the Graduate School. To apply, submit the graduate assistantship application to the Graduate School. Some programs have specific due dates; see individual program description. TAs are required to be enrolled full time (see later section on *Academic Load* for details). Graduate students also are eligible for several types of financial aid; information can be obtained from the University's Financial Aid Office.

## PROGRAM REQUIREMENTS

Graduate programs at WWU generally require a minimum of 45 credits with thesis/field project (referred to as Option I) and 48 credits without thesis/field project (referred to as Option II). The minimum basic program requirement must contain at least 35 (if thesis) or 38 (if non-thesis) credits of approved 500- and 600-level courses. A maximum of 10 credits of approved 400-level courses can be applied to either Option I or Option II programs. All 400-level courses must meet the same standards as regular 500-level courses with regard to grading, time frame, et cetera.

It is further recommended that no more than 10 credits of directed independent study be applied toward the degree. A graduate student registering for a 500 or 400 independent study course used for the degree must develop a contract with the instructor, which is then reviewed and approved by the graduate program advisor. The student then follows established procedures for course registration. Independent study credit normally will not be given when the student is paid for engaging in the work described on the contract (e.g., internship, work-

study projects, graduate assistantships). Independent study is not designed for thesis-related work (e.g., survey of literature, library and data searches and thesis proposal writing).

Many programs require more than 45 or 48 credits to meet degree requirements. Also, certain undergraduate deficiencies may add additional credit requirements to a particular Plan of Study. (See Plan of Study section that follows.)

For students who have taken a significant number of graduate level mathematics or computer science courses as undergraduates at WWU, and who as undergraduates were identified for admission to the Graduate School, the graduate programs in mathematics and computer science require only 36 500-level credits. Guidelines for this option are available from the departments.

### TIME LIMITS

All requirements for the degree must be completed within five years of the initial quarter of registration. Students who have not completed their program after three years of study are required to file a plan for completion of the degree within the five-year limit. Otherwise it is understood that the student has decided to withdraw from the program, and the graduate file is inactivated. Student computer accounts which allow access to computer labs, e-mail, library privileges, and other student technology services are purged at the end of this five-year period. Incomplete or inactive applications are kept on file in the Graduate Office for two years. Files of students who are admitted and register for course work but do not complete their programs are kept for five years after the five-year program requirement. Files of students who complete programs are archived for 35 years.

### ACADEMIC LOAD

The maximum credit load for a graduate student is determined in consultation with the student's graduate program advisor, within the policies set by the Registrar.

The Graduate School defines full-time enrollment as 8 or more credits per quarter. Graduate students who have successfully completed all course work on the approved Plan of Study, except for thesis (690) or research (691) work will be considered full time by the Graduate School in terms of access to University services and eligibility for the teaching assistantship if enrolled for a minimum of two credit hours of continuous enrollment, thesis, or research. **However, for purposes of certain kinds of financial aid, or certain kinds of on-campus student employment, the definition is 8 credits because of state or other regulations. For purposes of loan deferment, the definition of full-time status may vary. Students should contact their lending agency for information.**

See the *Financial Aid* section of this catalog for more information about credit loads and financial aid eligibility.

Graduate assistants are governed by other regulations and should request a special information sheet from the Graduate Office. All graduate teaching assistants must meet the Graduate School definition of full time.

### TRANSFER, EXTENSION, CORRESPONDENCE, WORKSHOPS

Course work taken prior to formal admission to a WWU master's degree program, whether at Western or another institution, can be considered for transfer credit if the criteria listed below are met. Credit taken at another institution, concurrent with graduate status in a WWU master's degree program, can also be considered for transfer credit if the criteria listed below are met.

(Such course work should be approved in advance of registration to prevent any misunderstanding or false expectations.) The criteria are: a limit of nine quarter (six semester) credits; graded with a B, 3.0, or better; taken no more than three years prior to a student's quarter of admission; and meet all other stated program and Graduate School requirements. The request for transfer credit is submitted by the graduate program advisor and student for approval by the Graduate School. At the recommendation of the graduate program advisor and the approval of the Graduate School, some course requirements may be waived, depending on a student's previous academic experience. However, the total number of credits required for the degree must still be met.

Only certain continuing education courses from WWU can be applied toward a WWU master's degree. Such courses must meet the requirements and conditions expected of regular, approved graduate courses offered by the University. Approval of the courses must be obtained from the program advisor and the Graduate School (properly signed off on the student's Plan of Study).

No credit is given for correspondence courses. No credit is allowed by challenge examination or performance.

Courses offered as workshops or in a shortened time frame, even under regular course numbers, do not qualify for graduate credit toward a degree, unless the department obtains *prior* permission for each specific instance from Graduate Council. To ensure that prior approval has been granted, students should check with the Graduate Office before enrolling.

### THESIS AND COMPREHENSIVE EXAMINATIONS

Master's degree programs are Option I (thesis/field project) or Option II (additional course work and, in most programs, a comprehensive examination). Check the program descriptions that appear later in this catalog. Minimally, the thesis committee has three members, and the field project committee has two. For thesis committees, the chair and a second member must be regular graduate faculty members from the student's department or program. For a field project, the chair must be a regular graduate faculty member from the student's department. Guidelines for the thesis and field project are available from the Graduate Office. Joint manuscripts are not permitted. Only an individually authored manuscript will meet the thesis or field project requirements. Departments that require the thesis/field project customarily provide information.

A minimum of three hard-bound copies of the thesis or field project is required, two for the Graduate School and one for the committee chair. Some departments also require a fourth copy for their departmental library.

Prior to registration for thesis or field project, departments and the Graduate School require that a student be advanced to candidacy and have an approved thesis/field project topic card on file in the Graduate Office. Students whose research involves human subjects or live vertebrate animals must comply with University policies regarding these types of research. Please refer to [www.ac.wvu.edu/~bfr](http://www.ac.wvu.edu/~bfr). Registering for thesis credits beyond the maximum required for the degree may affect a student's eligibility for certain kinds of financial aid.

Comprehensive examinations vary among programs. Students should consult their respective programs for information.

The comprehensive examination should be scheduled for the final quarter of the student's enrollment. It may be deferred upon request by the student and agreement by the graduate advisor until all course work has been completed.

## GRADUATE SCHOOL

---

Comprehensive examinations, if failed, may be repeated, but only if the graduate faculty of the particular program approves the student's request to repeat the examination.

### PLAN OF STUDY

During the first quarter of graduate study at WWU, the student and graduate program advisor together develop a "Plan of Study" in accordance with the requirements described in the catalog's program narrative. This plan is signed by both the student and program advisor and submitted to the graduate dean for approval. Copies of the approved plan are sent to the student and advisor. Plans of study may be amended as necessary, upon the request of the student and program advisor and final approval of the dean. Plan of study and amendment forms are available in the Graduate School office and Web site. Failure to have an approved plan of study on file may mean loss of registration privileges.

### SCHOLARSHIP STANDARDS

A maximum of 10 credits of C is allowed toward completion of the program (courses listed on the approved plan of study). More than 10 credits of C+ or lower and U grades removes a student from the master's program. (No graduate credit is allowed for D+ or lower, or U grades.) There are certain courses that must be passed with a grade of B or better; program descriptions note such courses. A grade of C+ or lower and U count toward the 10-credit maximum, even if the course is retaken and a grade of B or better, or S, is earned. Master's degree students are not permitted to repeat courses to improve their GPA, but may be required by their department to retake a course to document attainment of a certain level of competence or knowledge. Pass/No Pass grades are not applicable toward a graduate degree. S grades are applicable, but not computed in the GPA. An incomplete (K) grade may be assigned in accordance with the regulations outlined in the Academic Policies section of this catalog. If, after a calendar year, the course requirements have not been met, the K grade lapses to a Z. Such Z grades are computed as failing grades in a student's grade point average and may affect retention in the master's program. Exceptions to the K grade rule are K grades which are received for thesis/field project and certain research courses. In these cases, the K grades are allowed to stand until the thesis/field project or research is completed, whereupon the grade is changed to the earned grade.

To remain a candidate for the degree, a student must maintain at least a 3.0 GPA in courses listed on the plan of study. The GPA is calculated on letter grades earned (on record) at the time grades are posted, i.e., K grades are not considered. A student also must be making satisfactory progress in the graduate program to which he or she has been admitted.

### SPECIAL REQUIREMENTS

Program descriptions in this catalog provide information about special requirements: statistics competency, language competency, sequence of particular courses, and so on. Most graduate programs provide information about such special requirements; the student should request this information from the program advisor.

Students whose research involves human subjects or live vertebrate animals must comply with university policies regarding these types of research. Please refer to [www.ac.wvu.edu/~bfr](http://www.ac.wvu.edu/~bfr).

Graduate students in departments with a foreign language requirement or a foreign language requirement option may satisfy the requirement by (a) successfully completing the final

course in a second-year language sequence or (b) passing a reading competency examination in the language. Each department will set its own minimum standard to indicate the required level of competency. Graduate students are encouraged to complete the foreign language requirement early in their program.

### DEGREE CANDIDACY

Advancement to degree candidacy is formal recognition that the student has completed all admission requirements and has demonstrated satisfactory performance in at least 12 credits of graduate study. Advancement to candidacy is a prerequisite to earning the master's degree and should be accomplished as early as the student is eligible. Advancement is granted by the student's program upon completion of minimum requirements as stated above.

### AWARDING OF THE MASTER'S DEGREE

The master's degree is earned at the end of the quarter in which the student has completed all degree requirements and has filed the application for degree. Recommendation for the degree is made to the Graduate Council by the student's advisor (option I and II) and thesis/field project committee (option I). Application for the degree must be made by the last day of classes of the quarter prior to the quarter the student intends to graduate. A student must be advanced to candidacy before submitting the application for degree. Confer with your advisor if you have questions about your status or eligibility for advancement to candidacy. A student must also be enrolled for at least two credits during the quarter in which the degree is awarded or during the preceding (calendar) quarter. A commencement ceremony is held at the end of each quarter. Students participate in the commencement ceremony for the quarter in which degree requirements are met, including filing the application for degree and paying the diploma fee by the stated deadline.

### TEACHER CERTIFICATION

The Woodring College of Education, not the Graduate School, deals with the certification of P-12 teachers. Students interested in certification at the P-12 or secondary level, contact the Secondary Education Department, MH 306, (360) 650-3327. Students interested in Special Education P-12 certification, contact the Special Education Department, MH 320, (360) 650-3330.

### UNDERGRADUATE AND POST-BACCALAUREATE ENROLLMENT IN 500/600 LEVEL COURSES

Undergraduates at WWU who are in their senior year and have at least a 3.0 grade point average can take a single graduate course during any quarter, but under certain provisions. There must not be an appropriate undergraduate course in their field that is equally available; permission must be obtained in advance from the department chair and graduate program advisor of the department offering the graduate course; and the Graduate Office must approve the enrollment. A senior who later enters a master's program at WWU may transfer up to nine credits of course work into the master's program. The credit must not have been used for the baccalaureate degree and must meet all criteria for transfer credit. The form for obtaining permission is available in the Graduate School Office or Web site. Post-baccalaureate students may enroll for some 500-level courses. All prerequisites must be met and permission obtained from the department.

Neither undergraduate nor post-baccalaureate students may enroll in 600-level courses.

## THE GRADUATE COUNCIL

The Graduate Council, comprised of representatives from graduate faculty, colleges with graduate programs, and graduate students, is assigned responsibility within the University for graduate policy and procedures. The Council reviews all graduate course proposals and graduate program requirements and conducts periodic reviews of graduate programs. The Council also hears and decides on requests for exceptions from standing policies and procedures that regulate graduate study.

## Anthropology

*College of Humanities and Social Sciences*

### GRADUATE FACULTY

**Boxberger, Daniel L.**, PhD, ethnohistory, maritime anthropology, economic development and social change, North American Indians, Northwest coast.

**Campbell, Sarah**, PhD, Pacific Northwest, prehistory and history, theory and methods.

**Grimes, Michael**, PhD, biological anthropology, physiology, nutrition and metabolism, reproduction, endocrinology, lactation, fertility analysis.

**Hammond, Joyce D.**, PhD, gender studies, visual anthropology, expressive culture, Pacific.

**Kimball, Linda A.**, PhD, anthropological linguistics, archaeoastronomy, Central, Southeast and Island Asia, Pacific.

**Koetje, Todd A.**, PhD, archaeology, quantitative methods, spatial studies, method and theory; paleolithic Old World, paleoindian-archaic Northeast U.S.

**Loucky, James**, PhD, applied anthropology, socialization, immigration, cross-cultural education, Latin America.

**Marshall, Robert C.**, PhD, political economy, symbolism, Marxist anthropology, East Asia, Japan.

**Stevenson, Joan**, PhD, historical demography, anthropological genetics, human osteology, medical anthropology, European immigrants.

**Young, Kathleen**, PhD, gender, religion, ethnic relations; war and violence, the Balkans.

### MA — ANTHROPOLOGY, THESIS ONLY

Program Advisor: Dr. Sarah Campbell, Arntzen Hall 342

#### Prerequisites

Undergraduate major in anthropology or equivalent in social sciences, biology or departmental permission; candidates with insufficient backgrounds in anthropological history, or in theory and methods, will be expected to take undergraduate courses as deemed necessary by the anthropology program advisor.

#### Application Information

**Deadline:** Please see Graduate School deadlines. Preferred consideration for admission will be given to applicants who have complete files by March 1.

**TA Deadline:** Preferred consideration will be given to applicants who have complete files by March 1.

#### Specific Entrance and Test Requirements

- A 500-word essay stating reasons for wanting to do graduate work in anthropology, and indicating major interests within anthropology
- Graduate Record Exam, General Test

Both the essay and the GRE are required for admission, but the GRE may be waived for applicants with advanced degrees.

#### Basic Requirements

- ANTH 501 (5)
- ANTH 502 (5)
- ANTH 503 (5)
- At least one course from each of the following areas or

another course selected under advisement: Culture Region: ANTH 460, 462, 511 (3-5), 553, 563, 564, 565

- Methods: ANTH 470 (3-5), 473, 506, 510, 515, 520, 528, 571, 572, 580 [Foreign language competency may substitute for the Methods requirement with approval from the program advisor; if approved, no credit will be awarded and an additional 3-5 credits must be added to the electives portion of the graduate program]
- Topical: ANTH 456, 457, 475, 482, 484, 522, 524, 525, 529, 531, 540, 566, 576, 581, 595

- ANTH 690 (3-12)

**NOTE:** Three credits of ANTH 690 are required. Not more than 12 credits of 690 will apply toward the 45-credit requirement for the degree.

#### Electives in Specialization

- Courses selected under advisement from 400- or 500-level courses in anthropology

**Note:** No more than 10 credits of 400 level courses can be applied to the graduate degree. At least 35 credits must be from courses at the 500 or 600 (thesis) level.

#### Supporting Courses

- Where appropriate to the student's specialty interests, the candidate may elect up to 15 credits from a related discipline, under Anthropology Graduate Committee advisement (0-15)

Advancement to candidacy is granted upon successful completion of 15 credits.

## Art

*College of Fine and Performing Arts*

### GRADUATE FACULTY

**Amundson, Garth**, MFA, photography.

**Antholt, Sharron**, MFA, BFA, foundations.

**Atsuta, Seiko**, MFA, fibers and fabric.

**de Almeida, Cristina**, MA, MFA, graphic design.

**Gleeson, Madge**, BA, MAT, MFA, graphic design/illustration.

**Green, Gaye Leigh**, BA, PhD, art education.

**Janson, Carol**, BA, MA, PhD, art history.

**Jaye, Cara**, BFA, MFA, drawing.

**Johnston, Thomas A.**, MFA, printmaking.

**King, Rosalie**, BS, MEd, PhD, foundations.

**McCormick, Patrick F.**, BFA, BA, MFA, ceramics.

**Miller, Barbara**, MA, PhD, art history.

**Sapin, Julia**, MA, PhD, art history.

**Smeins, Linda E.**, BFA, MA, PhD, art history.

**Smith, Kenton D.**, BFA, MA, MFA, graphic design.

**Urso, Robert**, BA, MA, computer graphics.

**Vassdal Ellis, Elsi M.**, PhD, graphic design/production.

#### Application Information

The Department of Art is not currently accepting applications to the graduate program.

### MEd — THESIS AND NON-THESIS

#### Prerequisites

- A balanced program of at least 50 credits in art
- The applicant is requested to submit:

- A 300- to 500-word statement of purpose indicating why he or she wishes to pursue graduate work; this statement should be sent to the Graduate School

## GRADUATE SCHOOL

- A selected portfolio of art works (and/or color transparencies and color photos); the portfolio should be sent to the graduate program advisor, Department of Art, WWU; if the applicant plans to have art works returned by mail, be sure the size will be within the limits prescribed by the Postal Service

The application will be reviewed by the department Graduate Program Committee for acceptance into the degree program.

### *Application Information*

**Specific Test Requirements:** Graduate Record Exam, General Test or Miller Analogies Test.

### *Basic Requirements*

- EDU 501, EDF 512, 513 (I and II:12)
- ART 582 (I and II:4)
- ART 690 (I:1-6)

### *Other Requirements*

- A/HI 501 (4), one course in history of art (4), and two studio courses Art 590 (5 each), each in a different medium (I and II:18)

### *Electives in Specialization*

Under advisement, students will develop an area of specialization. The fields from which to choose are broad: art education, art history, studio, education, arts education, psychology and philosophy, to name a few. The area must be determined by the end of the second quarter of course work (I:5-10; II:14). May include 10 credits Independent Study and 10 credits of 400-level courses **with prior approval**.

## Biology

### *College of Sciences and Technology*

### GRADUATE FACULTY

Acevedo-Gutierrez, Alejandro, PhD, marine vertebrate ecology.  
Anderson, Roger A., PhD, vertebrate physiological ecology.  
Brown, Herbert A., PhD, vertebrate zoology.  
Donovan, Deborah A., PhD, marine physiological ecology.  
Hooper, David U., PhD, ecosystem ecology.  
Leaf, David S., PhD, cell and developmental biology.  
Morgan, David R., PhD, plant systematics.  
Moyer, Craig L., PhD, evolutionary molecular microbiology.  
Muller-Parker, Gisèle, PhD, marine algal ecology and symbiosis.  
Peterson, Merrill A., PhD, insect ecology.  
Pultz, Mary Anne, PhD, developmental and molecular genetics.  
Singh-Cundy, Anu, PhD, plant developmental biology.  
Sulkin, Stephen D., PhD, invertebrate larval biology.  
Trent, Carol, PhD, molecular and developmental genetics.  
Williams, Don C., PhD, cellular and molecular biology.  
Young, Jeff C., PhD, plant genetics.

### *Application Information*

**Admit Quarters:** Fall, winter, spring.

**Deadline:** The deadline for priority consideration is February 1 for fall quarter. See Graduate School deadlines for other quarters.

**TA Deadline:** The deadline for applying for a teaching assistantship is February 1.

**Required Test:** Graduate Record Exam, General Test.

**Supporting Materials:** Application with \$35 fee; three recent letters of reference; two sets of official transcripts from every school attended; written description of background and research

interests, including an indication of potential faculty advisors.

See the graduate program Web page at [www.ac.wvu.edu/~mesp](http://www.ac.wvu.edu/~mesp) for additional specifications for the Marine and Estuarine Science option.

See the biology graduate program Web site at [www.biology.wvu.edu/grad/](http://www.biology.wvu.edu/grad/).

### MS — BIOLOGY, THESIS ONLY

Program Advisor: Dr. Anu Singh-Cundy, Biology Building 308

### *Prerequisites*

A bachelor's degree and departmental permission. Deficiencies in undergraduate courses or those subsequently revealed to the Biology Graduate Committee or to the student's program committee must be removed prior to advancement to candidacy. Applicants are directed to the current requirements of the basic BS degree in biology for a summary of expected preparation for graduate work. All students must have completed upper-division courses in genetics, cell biology, ecology and biometrics, and supporting introductory course work in botany and zoology.

### PROGRAM REQUIREMENTS

#### *Requirements in Specialization*

- Thesis research: BIOL 690 (12)
- Courses offered through the biology department, selected under advisement (11)

#### *Electives*

- Courses selected under advisement from 400- and 500-level courses in biology and supporting disciplines. No more than 10 credits may come from 400-level courses. All elective courses must be approved by the student's program committee (21)

#### *Thesis and Examination*

Degree candidates will submit a thesis based on independent and original research on a problem approved by the student's thesis committee. A final oral examination will be conducted by the advisory committee. Degree candidates will present a seminar based on the results of the thesis research at a regular department seminar.

### MS — BIOLOGY: MARINE AND ESTUARINE SCIENCE OPTION, THESIS ONLY

Visit the Marine and Estuarine Science graduate program Web site, [www.ac.wvu.edu/~mesp/](http://www.ac.wvu.edu/~mesp/)

Curriculum Coordinators: Dr. Brian Bingham, Huxley College of the Environment; Dr. Gisèle Muller-Parker, Department of Biology

### *Prerequisites*

Students matriculated through the biology department must meet the prerequisites for admission described in the "Biology, Thesis Only" option.

### *Application Information*

**Admit Quarter:** Fall quarter only.

**Deadline:** For full consideration, completed applications must be received by February 1.

### **Supporting Materials:**

- A statement of interest and identification of three potential faculty advisors, plus transcripts, references, and test scores

For a complete list of participating faculty and their research interests, and for additional information, visit the MESP Web site.

The Marine and Estuarine Science option is a joint offering of the Department of Biology, Huxley College, and Shannon Point Marine Center. Students graduating from the program will have an understanding of coastal marine and estuarine environments, biota and topical management issues, and fundamental biological and chemical oceanographic processes.

## PROGRAM REQUIREMENTS

### *Requirements in Specialization*

- Thesis research: BIOL 690 (12)
- BIOL 505 (1)

### *Electives*

- Courses selected under advisement from 400- and 500-level courses in biology and supporting disciplines. No more than 10 credits may come from 400-level courses. All elective courses must be approved by the student's program committee (32)

### *Thesis and Examination*

Degree candidates will submit a thesis based on independent and original research on a problem approved by the student's thesis committee. A final oral examination will be conducted by the advisory committee. Degree candidates will present a department seminar based on the results of the thesis research.

## Business & Economics

### *College of Business & Economics*

### GRADUATE FACULTY

Bajwa, Deepinder, PhD, management information systems.  
 Benson, Earl D., PhD, finance.  
 Burton, Brian K., PhD, business environment.  
 Fewings, David R., PhD, finance.  
 Garcia, Joseph E., PhD, organizational behavior.  
 Gilbertson, David L., PhD, auditing/financial accounting.  
 Globerman, Steven, PhD, international business.  
 Hagen, Daniel A., PhD, environmental/international/labor/micro economics.  
 Hall, Pamela L., PhD, finance.  
 Hansen, Julia L., PhD, urban/labor economics.  
 Harder, K. Peter, PhD, economic history.  
 Haug, Peter, PhD, operations management.  
 Henson, Steven E., PhD, microeconomics, applied econometrics.  
 Hodges, Hart, PhD, economics.  
 Hua, Stella, Operations management and quantitative methods.  
 Hutton, Marguerite R., PhD, taxation.

 Kim, Ilhyung, PhD, operations and technology management.  
 Kim, Jongwook, business policy and strategic management.  
 Kim, John, PhD, econometrics, money and banking, macroeconomics.  
 Liao-Troth, Matthew, PhD, human resources/organizational behavior.  
 Lewis, L. Floyd, PhD, management information systems.  
 Lockhart, Julie A., MS/CPA/CMA, managerial accounting.  
 Mottner, Sandra, PhD, marketing.  
 Murphy, Dennis R., PhD, managerial decisions/international finance.  
 Nelson, David M., PhD, macroeconomics/money markets.  
 Nielsen, Bo Bernhard, PhD, international business.  
 Olney, Thomas J., PhD, marketing.  
 Plumlee, E. Leroy, DBA, business environment.  
 Reynolds, Mary Ann, PhD, accounting.  
 Roehl, Thomas, PhD, international business.  
 Roelofs, Matthew, PhD, managerial economics.

Ross, Steven C., PhD, management information systems.  
 Rystrom, David S., PhD, finance.  
 Safavi, Farrokh, DBA, marketing.  
 Sailors, William M., MS/CPA, accounting systems.  
 Sanders, George D., PhD, financial/governmental accounting.  
 Sandvig, J. Christopher, management information systems.  
 Singleton, William R., PhD, taxation.  
 Sleeman, Allan G., PhD, economic theory/quantitative methods.  
 Smith, Steven H., PhD, managerial accounting.  
 Springer, Mark, PhD, operations management.  
 Storer, Paul, PhD, economics.  
 Taylor, Audrey, managerial accounting.  
 Tyran, Craig K., PhD, management information systems.  
 Tyran, Kristi M., PhD, organizational behavior.  
 Warner, Daniel M., JD, business law.  
 Wilhelm, Wendy J. Bryce, PhD, marketing.  
 Williams, Terrell G., PhD, marketing.  
 Wonder, Bruce D., PhD, human resource management.  
 Wonder, Nicholas, corporate finance  
 Zhang, Zhe George, PhD, statistics.

## MASTER OF BUSINESS ADMINISTRATION, NON-THESIS

*MBA Program Office, Parks Hall 419, (360) 650-3898*

e-mail: mba@wwu.edu; fax: (360) 650-4844

Program Director: Dr. Brian K. Burton

Program Coordinator: Juliet A. H. Barnes

The College of Business and Economics is accredited by AACSB International at both the graduate and undergraduate levels.

### *Application Information*

**Admit Quarters:** Summer (accelerated track), fall (regular track), summer, even-numbered years (part-time track).

**Deadline:** Application deadline is May 1. International students are encouraged to submit applications by February 1 to ensure adequate time for admission decision and application for student visa.

**Specific Test Requirements:** Graduate Management Admission Test (GMAT). Test of English as a Foreign Language (TOEFL) must be submitted by applicants who are not native speakers of English.

### **Supporting Materials:**

- Application with \$35 fee
- Two sets of official transcripts from all previous college-level work (no more than two years old)
- Personal statement of background and intention
- Résumé showing work experience

### *Program Description*

The MBA curriculum offers three specific programs of study to meet the needs of different groups of students. MBA program applicants must have a bachelor's degree; however, that degree need not be in business or a business-related area. Additional information on the regular full-time MBA, the accelerated full-time MBA, and the evening part-time MBA is available in the *MBA program* section of this catalog.

### *Accreditation*

The College of Business and Economics is accredited by the AACSB International-The Association to Advance Collegiate Schools of Business at both the graduate and undergraduate levels.

## Chemistry

*College of Sciences and Technology*

### GRADUATE FACULTY

**Anthony-Cahill, Spencer J.**, PhD, protein folding, protein engineering.  
**Bussell, Mark E.**, PhD, surface chemistry of catalytic and environmental processes.  
**Daley, Christopher J.A.**, PhD, bioinorganic chemistry, asymmetric catalysis.  
**Emory, Steven R.**, PhD, analytical chemistry, spectroscopy, nanomaterials.  
**Gentile, Lisa N.**, PhD, physical biochemistry, protein structure.  
**Gammon, Steven D.**, PhD, chemical education, computer-based instruction.  
**Gerhold, George A.**, PhD, computer based instruction in chemistry.  
**King, Donald M.**, PhD, analytical chemistry, electrochemistry.  
**Kriz, George S.**, PhD, physical organic chemistry.  
**Lampman, Gary M.**, PhD, synthetic organic chemistry, organometallic chemistry.  
**Patrick, David L.**, PhD, analytical and computational chemistry of condensed phases.  
**Pavia, Donald L.**, PhD, synthetic and structural organic chemistry, computer applications.  
**Prody, Gerry A.**, PhD, biochemistry and molecular biology of plant viruses, plant pollen tubes, marine biochemistry, environmental biochemistry.  
**Russo, Salvatore F.**, PhD, structure and function of proteins and enzymes, physical biochemistry.  
**Vyryan, James R.**, PhD, organic synthesis, natural products, asymmetric catalysis.  
**Weyh, John A.**, PhD, analytical chemistry, computer applications.  
**Whitmer, John C.**, PhD, physical chemistry, science education.  
**Wicholas, Mark**, PhD, inorganic and organometallic chemistry.

### MS — CHEMISTRY, THESIS AND NON-THESIS

Program Advisor: Dr. James R. Vyryan

#### *Prerequisites*

A bachelor's degree and departmental approval. Applicants are expected to have completed the following courses (or their equivalent) with a grade of B or better: CHEM 333, CHEM 434, CHEM 351, 352, 353, CHEM 461, 462, 463, and CHEM 441 or CHEM 471, 472, 473. A student with lower than B may be required to repeat that course as determined under advisement with the graduate program advisor.

#### *Application Information*

**Specific Test Requirements:** Graduate Record Exam, General Test.

**Supporting Materials:** A statement of research interests and future goals, including identification of up to three potential faculty research advisors, must accompany application.

#### *Course Work Requirements*

- Thesis option: CHEM 595 (2), 596 (3), 690 (12), plus 28 credits under advisement
- Non-thesis options: Industrial Internship — CHEM 501 (6), 595 (2), 596 (3), 694 (6-12), plus 31 credits under advisement

#### *Thesis Option for Master of Science Chemistry Students*

The Master of Science thesis demonstrates that you are capable of pursuing a program of original and independent research, that you can formulate and carry out a research project, and that you can report on the project in a proper scientific manner. The thesis option prepares students for technical careers in industry, or for further study toward a more advanced degree. This option requires advanced course work in chemistry, biochemistry, or environmental chemistry, and research, with the latter

culminating in a MS thesis. Shortly after entering the program students select a faculty advisor based on their research interests and agree on a research problem. Under the guidance of their faculty advisor, students carry out the research program, and write and defend the thesis in a final oral examination.

#### *Industrial Internship Option for Master of Science Chemistry Students*

Students interested in pursuing a career in industry can obtain practical experience by participating in the industrial internship option as part of their MS program. Students choosing this option will normally earn a master's degree via the non-thesis option. However, in those instances where the research problem undertaken in the industrial setting can be coordinated with on-campus research, the student may exercise the thesis option, with approval of the graduate advisor.

Students spend one or two quarters as an intern with a company which has been selected in advance. This internship will normally take place during the second year of graduate study. Students interested in pursuing an industrial internship should notify the program advisor as early as possible during the first year of graduate study. The department cannot guarantee that an internship opening will be available for all interested students.

In addition to the internship, students exercising this option will be expected to submit a comprehensive report, according to an approved format, describing the work accomplished during the internship. A seminar presentation describing the work is required. Additionally, the student will be expected to pursue a limited research problem on campus. This research problem will normally require the equivalent of one quarter's work, although it may be extended over more than one quarter.

### HUXLEY-CHEMISTRY DEPARTMENT COOPERATIVE PROGRAM

The Huxley-Chemistry Department Cooperative Program is a joint program specializing in environmental chemistry. It is administered by both units and leads to an MS in Chemistry (Environmental Chemistry) or an MS in Environmental Science (Environmental Chemistry). Applicants must indicate which department they wish to be based in. The program emphasis is on the application of chemical principles, methods and concepts to the understanding and potential solution of environmental problems. Students are admitted to the cooperative program through acceptance by the Graduate School and by the environmental chemistry cooperative program coordinators (the chair of the Huxley College Graduate Program Committee and the graduate program advisor of the chemistry department). See Huxley College description of the MS-Environmental Science (Environmental Chemistry) program.

## Communication Sciences and Disorders

*College of Humanities and Social Sciences*

### GRADUATE FACULTY

**Baharav, Eva**, PhD, speech-language pathology, child and adolescent language, typical and disordered language across the life span, phonology.  
**Darling, Rieko M.**, PhD, audiology, amplification, geriatrics, central auditory processing disorders, aural rehabilitation.  
**Mathers-Schmidt, Barbara**, PhD, fluency disorders, neuromotor speech disorders, research methodology, speech science.  
**Peters, Kimberly A.**, PhD, audiology, pediatric audiology, auditory physiology, aural (re)habilitation, cochlear implants.

Seilo, Michael T., PhD, audiology, aural rehabilitation, speech acoustics, aural (re)habilitation, speech perception.  
Zeine, Lina, PhD, adult language disorders, voice/laryngectomy.

## MA — COMMUNICATION SCIENCES AND DISORDERS

### Options: Thesis or Non-Thesis

Graduate Coordinator: Dr. Lina Zeine, Parks Hall 17, 360-650-3178

Speech-language pathology and audiology are disciplines which have developed out of a concern for people with communication disorders. Preparation leading to a degree in communication sciences and disorders includes a wide range of course work and a variety of clinical practicum opportunities working with the infant through geriatric populations.

Students who intend to seek employment in this profession, whether in a public school, clinic, rehabilitation center or hospital setting, are advised that certification/licensure at the state and/or national levels is required. Out-of-state students should recognize that other requirements may exist for employment in their locales.

### Prerequisites

Undergraduate major in CSD or equivalent professional core curriculum. Grade point average requirements consistent with the Graduate School. Graduate Record Exam — minimum 430 in verbal and quantitative and 4.5 on the analytical writing.

### Application Information

**Notice:** The Department of Communication Sciences and Disorders (CSD) at Western Washington University will admit its last audiology master's degree students in fall 2004. After fall 2004, the department will place a moratorium on admissions until further notice. High-quality education in audiology at the master's degree level will continue to be provided through 2006, which will allow enrolled students to complete the audiology master's degree program. Please contact the department for more information.

The above will not affect the speech-language pathology graduate program. The department will continue to offer the ASHA accredited master's degree program in speech-language pathology.

Enrollment is limited to 30 new graduate students per year.

**Admit Quarter:** Fall quarter only.

**Deadline:** Application deadline is February 1. The communication sciences and disorders program is a lock-step program which offers courses in sequence once a year beginning in the fall.

**TA Deadline:** Application deadline is February 1.

**Specific Test Requirements:** Graduate Record Exam, General Test, with a minimum of 430 in each area and 4.5 on the Analytical Writing.

### Supporting Materials:

- Application with \$35 fee
- Three recent letters of reference
- Two official transcripts from every school attended (no more than two years old)
- One-page statement of purpose that identifies which area the student intends to pursue (speech-language pathology or audiology)
- One-page résumé

### Speech-Language Pathology (minimum 62 credits for non-thesis; minimum 67 for thesis)

#### Requirements:

- Academic: CSD 502, 510, 515, 548, 550, 551, 552, 552a, 553, 554, 555, 556, 557, 558, 558a, 575, 580<sup>#</sup>, 581<sup>\*</sup>, 582<sup>\*</sup>, 585, 586, 599a or b
- CSD 690 thesis (6 credit minimum) or 691 (non-thesis option 1 or 3)
- Comprehensive examination

#### Electives

- CSD 465, 548, 552b, 560, 564, 570, 588, 598a or b, 599b<sup>\*\*</sup>, and other 400- and 500-level courses selected under departmental advisement

### Audiology and Aural Rehabilitation (minimum 73 credits for non-thesis; minimum 78 credits for thesis)

#### Requirements

- Academic: CSD 502, 551, 561, 562, 563, 564, 565, 566, 567, 568a-g, 570, 571, 572, 573, 574, 575, 577, 578, 579, 599a or b<sup>\*\*</sup>
- CSD 690 thesis (6 credit minimum) or 691<sup>\*\*\*</sup> non-thesis option (1 or 3)
- Comprehensive examination

#### Electives

- CSD 465, 465a, 558, 564, 598 a or b, 599b, and other 400- and 500-level courses under departmental advisement

<sup>#</sup> Required for students intending to apply for Washington state CDS certificate.

<sup>\*</sup>Two of three courses in the series (580, 581, 582) are required.

<sup>\*\*</sup>Although the internship courses (598a,b; 599a,b) are 1-4 and 8 credits each, respectively. Only a total of 6 credits can apply toward the MA degree.

<sup>\*\*\*</sup>Audiology students electing to take an Option 1b (1 credit) are required to take a 2-credit elective in audiology/aural rehabilitation to meet graduation requirements.

### Clinical Competence

In addition to meeting academic requirements, students specializing in speech-language pathology and audiology must demonstrate satisfactory competence in diagnostic and clinical practicums. Refer to course description for additional information. At times, the requirements for the completion of clinical practicum courses may fall outside the regular University calendar. Contact the department for further details.

Students are permitted to retake a clinical practicum only once. If a satisfactory grade is not achieved in the retake, students will not be permitted to continue in the practicum courses.

Not everyone is suited to work with clients in the clinical fields of speech-language pathology and audiology even though the student may maintain a satisfactory academic record. The faculty and staff of the Department of Communication Sciences and Disorders thus reserve the right to counsel students with this in mind, and to recommend a change of academic focus for the student who appears to have personality traits that would prevent the student from being successful in the discipline.

### Internship

An internship is required for all CSD students. This experience provides an opportunity for each student to refine and expand basic clinical skills by participating in a supervised, full-time work experience in a professional setting. The terminal objective of this training phase is to facilitate each clinician's transition from

## GRADUATE SCHOOL

student in training to competent entry-level professional. As such, the internship is taken after other academic and clinical requirements have been completed with the exception of the research project. In addition to the required full-time internship (CSD 599), students also may choose to complete one or more part-time internships (CSD 598). Both the full-time and part-time placements require assignment to clinical settings off campus (e.g., schools, hospitals, private clinics, et cetera).

Due to the limited number of clinical credits that may be applied toward the graduate degree, students may use only 3 of the 8 CSD 599 credits toward the MA. An additional 3 credits of CSD 598 also may be applied toward the MA. Please see the graduate advisor or internship coordinator for further information.

### *Comprehensive Examination and Thesis/Non-Thesis Oral Defense*

The student will have a choice of writing a comprehensive examination or writing either a thesis or non-thesis paper. The five-hour written comprehensive examination covers the student's area(s) of specialization and graduate program up to the time of the examination. A minimum of 50 graduate credits must be completed before the comprehensive can be taken.

Should the student choose to write a thesis or a non-thesis paper, this will be followed by an oral examination based on the student's topic. For details regarding the comprehensive examination and oral defense, the student should consult the graduate coordinator. Any changes or exceptions will be listed in the current Grad Pack.

### *Accreditation*

The Department of Communication Sciences and Disorders is accredited by the American Speech-Language-Hearing Association's Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) and by the National Council for the Accreditation of Teacher Education.

### *Professional Certification Requirements*

The American Speech-Language-Hearing Association (ASHA) 2005 requirements for Certification of Clinical Competence in Speech-Language Pathology stipulate the completion of 400 clock hours of practicum. Of these hours, at least 375 must be direct patient contact, at least 325 of which must be obtained at the graduate level. The current ASHA requirements for Audiology stipulate the completion of 375 clock hours of practicum, 250 of which must be obtained at the graduate level. The requirement is met by taking an appropriate number of practicum credits (see application information above). Consult the department about specific requirements regarding clinical experience in the area in which the certificate is sought. The student must have a minimum of nine hours of classwork in the minor area of study (speech-language pathology or audiology). Consult the *ASHA Membership and Certification Handbook* for details.

## Computer Science

*College of Sciences and Technology*

### GRADUATE FACULTY

**Bover, David C.**, PhD, software engineering, software quality assurance.

**Eerkes, Gary L.**, PhD, computer graphics, scientific visualization, image processing.

**Hearne, James W.**, PhD, artificial intelligence, computational science.

**Johnson, James Lee**, PhD, database theory, probabilistic algorithms.

**Jusak, Debra S.**, PhD, human-computer interaction, functional programming.

**Matthews, Geoffrey B.**, PhD, artificial intelligence, data mining, scientific visualization.

**Meehan, J. Michael**, PhD, parallel and distributed computing, programming languages, networks.

**Nelson, Philip A.**, PhD, parallel and distributed computing, compilers, computer networks.

**Osborne, Martin L.**, PhD, object oriented computing, Internet-related computing.

**Ural, Saim**, PhD, computer graphics, image processing, cryptography.

**Zhang, Jianna**, PhD, machine learning robotics, natural language processing.

### MS — COMPUTER SCIENCE

Program Advisor: Dr. Philip Nelson. Send e-mail related to the graduate program in computer science to [gradinfo.cs@wwwu.edu](mailto:gradinfo.cs@wwwu.edu). For further information concerning the program, consult the departmental Web pages at [www.cs.wwwu.edu](http://www.cs.wwwu.edu).

### *Prerequisites*

Students who have completed an undergraduate degree and who meet the requirements of the Graduate School and who show evidence of superior scholarship are invited to apply for admission to the graduate program in computer science. Students may be admitted into the computer science master's degree program in one of three ways: full admit, full admit with prerequisite course work, and provisional admit. Students who have a sufficient background in computer science, i.e. an undergraduate degree in CS, and who meet the general requirements of the Graduate School can be given a "full admit." Due to the nature of this field of study, it is often the case that students with an undergraduate degree in an area other than computer science seek admission to the graduate program in computer science. Such students usually require a number of prerequisite undergraduate courses before they can embark on their graduate studies. If they meet the other requirements of the Graduate School, such students can usually be given a "full admit with prerequisite course work." The student is admitted into the graduate program but is required to complete a number of undergraduate prerequisite courses. Other constraints may be placed on such admissions, such as a minimum acceptable grade(s) for the prerequisites and perhaps a time frame for completion of the prerequisites. The exact nature of the composition of the prerequisite course work will be determined on a case by case basis. In rare cases, students who do not meet the general requirements of the graduate school, for example do not have the required minimum GPA, can be given a "provisional admit" provided their background is such that it indicates a high probability of success in the program. For example, the applicant may have extensive work experience in the field.

### *Application Information*

**Admission Deadlines and Requirements:** Please see Graduate School deadlines.

**TA Deadlines:** Please see the Graduate School section.

**Test scores:** GRE General or Miller Analogies Test. An applicant with an advanced degree need not submit test scores. A statement of purpose is recommended.

### *Program Requirements*

#### *Core Curriculum*

The core curriculum consists of four courses of 4 credits each.

- CSCI 510 Automata Theory and Complexity
- CSCI 511 Design and Analysis of Algorithms
- CSCI 512 Design and Implementation of Computer Programming Languages

□ CSCI 513 Systems Programming and Operating Systems Internals

These courses *must* be taken by all students in the MS in computer science program. These four courses should be scheduled during the student's first three terms the student is enrolled in the MS program or the first three terms following the completion of assigned prerequisite courses.

### *Five-Year BS And MS Fast Track Program*

For students who complete their undergraduate study in computer science at WWU there is an option by which at the end of only one additional year of study past the BS degree they will have completed all requirements for the MS degree. To participate in this program, a student must request enrollment in the undergraduate honors program in computer science. To be admitted to this program, the student must have an overall GPA of 3.0 and a GPA of 3.0 in all computer science undergraduate honors program classes. Students should apply for admission into the undergraduate honors program after the completion of the junior year of study. Once admitted to this program, the student will take the four MS core curriculum courses while an undergraduate. These courses will substitute for four senior-level courses the student would normally take as an undergraduate. The course substitutions are: CSCI 510 replaces CSCI 401, CSCI 511 replaces CSCI 405, CSCI 512 replaces CSCI 410, CSCI 513 replaces CSCI 420. A student must maintain an overall GPA of 3.0 in these courses.

After the student graduates with the BS degree in the computer science honors program, they then will complete all remaining requirements for the MS degree, i.e. CSCI 601, 602, 603 plus six graduate electives. Register for three courses per term, it is possible to complete all MS requirements in only one additional year. When a student enters the MS program via this path, the qualifying exam will be given during their first term as a graduate student, which implies that they may register for CSCI 601 while pending the outcome of the qualifying exam.

### *Advancement to Candidacy*

Students are advanced to candidacy when they have demonstrated a reasonable likelihood of completing their program of study. The student must have completed the core curriculum courses with a B or better GPA and must have passed the qualifying examination. Students are recommended for candidacy by the Graduate Committee.

### *Qualifying Examination*

A qualifying examination covering the core curriculum will be given to the student after the completion of the four core curriculum courses. To be advanced to candidacy in the MS program in computer science the student must pass the qualifying examination. The student is responsible for requesting of the faculty that the qualifying examination be administered when the conditions have been met.

### *Elective Courses*

Each student in the MS program in computer science must identify an area of concentration. This is chosen in conjunction with a research project area described below. The student is required to take the elective courses offered in support of this area of concentration. Some areas will require two courses while others may require three. In addition, the student must select additional elective courses from all remaining elective offerings to total six elective courses. In any event, the student must

complete all elective courses associated with the chosen area of concentration as designated by the program advisor.

### *Research Experience*

In addition to the four core courses and six elective courses, all students in the MS in computer science program are required to take three research experience courses. The student should register for one of these courses each of the last three terms of study in the MS program. The three research experience courses are tied to one of a number of ongoing projects in the computer science department. Effectively, the student is joining that research team effort by registering for these courses. As such, the student should discuss their intentions with the faculty members involved in that project prior to registering for these courses. The research experience courses are numbers CS 601, CS 602 and CS 603. Section numbers for these courses are used to identify the specific project. The CS 601, CS 602 and CS 603 sequence should be taken after the student has completed the qualifying examination for the core courses. Grades for CS 601, CS 602 and CS 603 will be assigned at the successful completion of CS 603.

### *Total Credit Hours Required for the MS Degree in Computer Science*

*Core Courses:* 4 courses x 4 credits = 16 credits

*Elective Courses:* 6 courses x 4 credits = 24 credits

*Research Experience Courses:* 3 courses x 4 credits = 12 credits

*Total:* 52 credits

## Education

### GRADUATE FACULTY

*Woodring College of Education*

Antil, Laurence, PhD.  
 Ashcraft, Catherine, PhD.  
 Atkinson, Charles M., EdD.  
 Carney, Joanne, PhD.  
 Carroll, David, PhD.

 Salzman, Stephanie, EdD.

## GRADUATE SCHOOL

Slentz, Kristine L., PhD.  
Strachan, Wendy, PhD.  
Wayne, Kathryn, PhD.  
Wolpow, Ray, PhD.

### COMMON REQUIREMENTS

#### Admission

Students' applications are first reviewed by the Graduate School before consideration for admission to a specific program. Contact the graduate program advisor for information about specific test requirements for admission. Test requirements: Graduate Record Exams (GRE) or Miller Analogies Test (MAT). Consult program advisor for recommended test. No graduate Record Exams (GRE) or Miller Analogies Test (MAT) is required if an applicant holds an advanced degree.

#### Competency in Instructional Technology

Students admitted to programs in the Woodring College of Education are required to possess competence in the use of instructional technology in education prior to completion of their program and, when applicable, prior to being recommended for certification. Procedures for demonstrating or developing competence are available in Miller Hall 204.

#### Comprehensive Examination

Woodring College of Education students in Option II are required to complete a comprehensive examination. The format, timeline and criteria are defined by specific departments. For procedures, students should see their graduate advisors.

#### Second Master's Degree

Enrollment must be for a single MEd, MA or MIT program. Students who have earned an MEd or MIT may apply for admission to another MEd program but all requirements of the second program must be met (with possible allowance for some course work taken in the first program). However, all programs must be completed with the minimum number of required credits.

**NOTE:** Due to a review and revision process which may affect Woodring College of Education programs and courses, the information contained in the Education section of this catalog is subject to change.

Post-baccalaureate candidates interested in combining teacher certification and master's degree study should contact the Teacher Education Admissions office or the Graduate Office.

Some programs include an internship. A Washington State Patrol/FBI fingerprint check is required of most students prior to the internship. Students should check with their department advisor for details.

### MEd — ADVANCED CLASSROOM PRACTICE

(Pending HECB approval).

Woodring College of Education

Miller Hall 218, 360-650-3319

The Master of Education in Advanced Classroom Practice focuses on the knowledge and skills associated with the accomplished practice of teaching in P-12 classrooms. The curriculum of the program is based on current research on teaching and learning, including principles and practices in educational research, learning and motivation theory, instructional design, curriculum and philosophical foundations, assessment and technology.

### Application Information

Candidates must meet the requirements of the Graduate School (see Page 49) in addition to the following departmental requirements:

**Specific Test Requirements:** Miller Analogies Test or Graduate Record Exam, General Test.

#### Supporting Materials:

- A résumé
- Two years' teaching experience (P-12 classroom)
- A statement of purpose for seeking the MEd, not to exceed one page
- An on-campus interview (only if requested by the department)

In limited cases, students who do not meet the departmental requirements for full admission may be granted provisional admission by the Graduate School.

### Advancement to Candidacy

Advancement to candidacy is formal recognition that the student has completed all admission requirements and has demonstrated satisfactory performance in at least 12 credits of graduate study. In addition to the above requirements, the department requires students to submit a proposal for a thesis (690) or research paper (691) for approval by the student's committee.

### Program Option — Thesis or Research Paper

The thesis (690) and research paper (691) represent the independent research component of the program. For both options, students design and carry out independent research under the direction of a faculty committee. The thesis option (690) requires a committee of three faculty. Two faculty are required for the committee directing the research paper (691).

### Comprehensive Assessment

Comprehensive assessment of student achievement of the program competencies will be assessed by faculty during the final two quarters of the program through one of two methods:

- Thesis proposal and defense
- Research seminar and inquiry project

### Courses

- Option I: Thesis — 48 credits
  - Core Requirements: EDU 501, 502, 504, 505, 506; IT 503 [24]
  - Thesis Requirements: EDU 690 [5]
  - Focus (Electives) under Advisement: Emphasis in specialized fields; courses selected under advisement from instructional technology, literacy, special education, and related fields [19]
- Option II: Non-Thesis — 48 credits
  - Core Requirements: EDU 501, 502, 504, 505, 506; IT 503 [24]
  - Research Seminar: EDU 691 [5]
  - Focus (Electives) under Advisement: Emphasis in specialized fields; courses selected under advisement from instructional technology, literacy, special education, and related fields [19]

### MEd — CONTINUING AND COLLEGE EDUCATION

(Pending HECB approval).

Department of Educational Leadership

**GRADUATE FACULTY**

Daffron, Sandra, EdD.

Jongejan, Anthony, PhD.

Mancuso, Susan, EdD

Program Advisors: Dr. Sandra Daffron, Miller Hall 314A, 360-650-2977, Sandra.Daffron@wwu.edu

Dr. Susan Mancuso, Miller Hall 314C, 360-650-6552, Susan.Mancuso@wwu.edu (extension students)

*Application Information*

**Admit Quarters:** Fall, winter, spring, summer.

**Deadline:** Application deadlines are June 1, October 1, February 1, May 1.

**Supporting Materials:**

- A completed application and an application fee of \$35; \$100 for extension students
- A baccalaureate degree from an accredited college or university — two sets of official transcripts from each school attended. (A 3.0 GPA in the last 90 quarter or 60 semester hours of study is required)
- Three current references
- A current résumé
- Miller Analogies Test (MAT) is preferred or the Graduate Record Exam, General Test; test scores are not required if an applicant holds an advanced degree
- A two-page statement which addresses relevant experiences, interests, learning objectives, and career goals
- Computer competence is expected

Please collect all application materials, then forward the packet directly to the Graduate School, Old Main 430.

*Program Information*

The Continuing and College Education program is designed to prepare both entry-level and advanced practitioners as teachers, trainers, educators, and administrators, particularly in community college and education settings. Upon graduation, competence is expected in such areas as leadership, instructional technology, teaching, training, project management, curriculum development, assessment and program planning.

Generally, graduates are employed in colleges and continuing education settings in business and industry, government, and not-for-profit organizations.

Course work is available at the main campus in Bellingham, a regional center in Everett, and through multimodal distance learning.

The program is designed for working adults, therefore the majority of students enroll for part-time study. Completion time for the program is a minimum of one year; average completion time is two years. All students must complete at least one field experience.

Specialization certificates are available in three optional areas:

- Community and Technical College Teaching [19 credits]
- Teaching English to Speakers of Other Languages (TESOL) [24 credits]
- Instructional Design and Web-based Learning [24 credits]

For more information, see the College of Continuing Education Web site at [www.wce.wwu.edu/depts/cce](http://www.wce.wwu.edu/depts/cce).

**PROGRAM OF STUDY**

Requirements — 50 credits

- Core Requirements: EDU 501, IT 544, CCE 554 or AHE 555, CCE 571, 576, 577 (I and II), 599 (II) [24-25]
  - Research Requirement: CCE 591 (II:2), CCE 690 [I:6-9]
  - Field Experience Requirements: CCE 592 (2-6) [4 minimum-8 maximum]
  - Comprehensive Assessment
  - Electives selected under advisement [9-19]
- Option II: Non-Thesis — 49 credits
- Core Requirements: EDU 501, AHE 575, 576, 577, 578, 599 [21]
  - Field Experience Requirements: AHE 592e/g [4 minimum-8 maximum]
  - Comprehensive Examination
  - Electives selected from Adult and Higher Education, Educational Foundations, Instructional Technology and other areas under advisement [20-24]

**Certificate Programs***Certificate In Community And Technical College Teaching*

*Department of Educational Leadership*

Program Advisor: Vacant (temporary contact is Dr. Susan Mancuso, Susan.Mancuso@wwu.edu).

*Application Information*

For application information, contact Susan.Mancuso@wwu.edu.

*Program Information*

The Community and Technical College Teaching Certificate program is designed for individuals interested in a professional career in community or technical college teaching and who have completed, or are nearing completion, of a discipline-based graduate degree. The philosophy of the program is to prepare educators who foster student-centered learning. The program consists of five courses plus a teaching internship at a community or technical college under the supervision of a master teacher. Through the course work and internship, students gain knowledge and skills about ways in which adults learn, practical teaching and assessment strategies, approaches to classroom management and motivation, and the unique role and components of community colleges. The certificate is not required for teaching but will be a valuable asset to those seeking positions in a community or technical college.

**PROGRAM OF STUDY***Graduate Option (19 credits)*

- CCE 518, 542, 556, 577, 580
- Internship:* CCE 592

*Certificate in Disability Management*

A special certificate designed to assist rehabilitation professionals in acquiring national or state certification is offered through the Rehabilitation Counseling program. Admission to the program requires a bachelor's degree, two or more years of experience in a

## GRADUATE SCHOOL

field relating to vocational rehabilitation and/or serving individuals with disabilities. The program includes 15 credits of course work, taken in classroom or distance education methodologies.

For application materials and more information, contact the Rehabilitation Counseling program at 425-774-4446.

### **MEd — EDUCATIONAL ADMINISTRATION**

*Educational Administration*

#### **GRADUATE FACULTY**

Carney, Joanne, PhD  
Czajkowski, Theodore, EdD.  
Jongejan, Anthony, PhD.  
Keiper, Timothy, PhD.  
Klein, Marvin, PhD.  
Mancuso, Susan, EdD.  
Marrs, Lawrence W., PhD.  
Robinson, LeAnne, PhD.  
Wayne, Kathryn Ross, PhD.

#### *Elementary, Secondary, Instructional Technology*

Program Advisor: Dr. Marvin Klein, Miller Hall 204C, 360-650-3829, Marv.Klein@wwu.edu

Program Manager: Judy Gramm, Miller Hall 204A, 360-650-3708, Judy.Gramm@wwu.edu

Director, Seattle Urban Center, Northgate: Dr. Kristine McDuffy, 206-366-7807, Kristine.McDuffy@wwu.edu

Instructional Technology: Dr. Tony Jongejan, 360-650-3381, Tony.Jongejan@wwu.edu

For more information, see the Educational Administration Web site at [www.wce.wwu.edu/depts/edad/](http://www.wce.wwu.edu/depts/edad/) or the Instructional Technology Web site at [www.wce.wwu.edu/depts/it/](http://www.wce.wwu.edu/depts/it/).

#### *Program Goals*

The Educational Administration program is designed to prepare elementary and secondary school teachers to assume leadership roles as principals, vice principals or instructional technology specialists. Candidates are recommended for the master's degree and/or principal certification.

#### *Application Information*

##### **Supporting Materials:**

- Course background appropriate to level of specialization
- One year (180 days) of successful school-based instructional experience with students (e.g., teaching — three years preferred)
- Application for admission to Graduate School
- A current résumé
- Two letters of recommendation from sponsoring district for school administrator candidates, in lieu of Graduate School personal reference forms
- Official transcript(s) showing all previous course work
- Satisfactory Graduate Record Examination (GRE) or Miller Analogies Test (MAT) scores
- Two-page or 500-word essay titled "Why I Want to Pursue a Career in Administration"
- An interview with a program advisor may be required
- Please collect all admission materials, then forward the packet directly to the Graduate School, Old Main 430

#### *Options*

Consistent references will be made in this section to Options I,

II and III.

Option I is a minimum of 52 credits, including EDAD 690 (thesis). Option II is a minimum of 52 credits followed by a comprehensive exam. Option III is a minimum of 54 credits of course work, including six (6) credits of EDAD 556a,b,c,d and a comprehensive exam.

Credit requirements in the three options will be indicated by a Roman numeral designation for the program option followed by the required number of credits. For example, I:6 means six credits are required in the Option I alternative.

#### *Basic Requirements*

- EDAD 501, 512, EDF 513\* (I, II and III:12)

*\*Undergoing curriculum review*

#### *Requirements in Specialization*

- EDAD 541, 543, 552 (I, II and III:12)
- EDAD 556a,b,c,d (III:6)
- EDAD 690 or IT 690 (for instructional technology students) (I:9)

#### *Electives in Specialization*

- Emphasis in specialized field(s): law, negotiations, finance, personnel, systems management and instructional technology (I:13-19; II:22-28; III:18-24)

#### *Electives in Related Areas*

- Selections under advisement from supporting disciplines, e.g., political science, economics (I, II and III:0-6)

New standards for the principal (administrator) preparation program will go into effect August 2004. According to WAC 180-78A-100(2):

*All principal/program administrator programs shall be reviewed for approval standards of Chapter 180-78A by August 31, 2004. Colleges and universities may permit individuals accepted into principal/program administrator programs on or before August 31, 2004, to obtain certification by meeting requirements of programs approved under 1997 approval standards described in Chapter 180-78A WAC if the individuals complete the program on or before August 31, 2006, and the college/university verifies program completion to the superintendent of public instruction on or before December 31, 2006.*

#### *Principal's Residency Certificate*

Candidates for the Washington State Residency Principal's Certificate shall have a valid Washington state teaching or ESA certificate,\* one year (180 days) of successful school-based instructional experience with students (e.g., teaching), although three years is preferred, and a master's degree in educational administration (program to include approved certification course work). A 12-credit, one-year internship with a mentoring principal is required in addition to the master's degree. Admission to the internship is separate from admission to the master's or certificate program and is based on an individual evaluation of the candidate's preparation and experience.

Individuals who have a valid Washington state teaching or ESA certificate,\* one year (180 days) of successful school-based instructional experience with students (e.g., teaching), although three years is preferred, and have a master's degree in a field other than educational administration may become eligible for the initial principal's certificate by completing 36 credits of required course work under advisement and a 12-credit, one-year internship with a mentoring principal.

Applicants for admission to this program should contact the Educational Administration Office, Miller Hall 204A.

### *Principal's Continuing Certificate*

For the Washington State Standard/Continuing Principal's Certificate, candidates must hold a valid Washington state teaching or ESA certificate,\* complete a 15 quarter hour (10 semester hour) continuing education program (through SBE-approved college/university) or 150 clock hours (in consultation with and approved by employer) based on performance domains, in addition to three years (540 days) of contracted employment as principal, vice principal, or assistant principal. In addition, a course or course work (minimum 1 quarter hour or 10 clock hours) relating to issues of abuse is required. Course work must be done under advisement and after proper application has been made to the Educational Administration office, Miller Hall 204A.

*\*NOTE: Verification of good moral character and personal fitness (forms available in the Educational Administration Office, Miller Hall 204A, (360) 650-3708, are required if the applicant does not hold a valid Washington certificate at the time of application and recommendation.*

### *Superintendent's Certificate*

Candidates for the Washington State Initial Superintendent's Certificate must hold a valid\* teacher, educational staff associate, program administrator, or principal certificate; excluding certificates issued under WAC 180-79A-231 (limited certificates), or comparable out-of-state certificates. The candidate shall hold an approved master's degree and have completed subsequent to the baccalaureate degree at least 45 quarter credit hours (30 semester credit hours) of graduate-level course work in education. Western Washington University's program specifically requires a minimum of 26 quarter credit hours of approved superintendent certificate course work as well as a six-credit, two-year internship with a mentoring superintendent. Admission to the internship is separate from admission to the certificate program and is based on an individual evaluation of the candidate's preparation and experience. Applicants for admission to this program should contact the educational administration office, Miller Hall 204A.

*\*NOTE: Verification of good moral character and personal fitness (forms available in the educational administration office, Miller Hall 204A, 360-650-3708) are required if the applicant does not hold a valid Washington certificate at the time of application and recommendation.*

## PROFESSIONAL CERTIFICATE PROGRAMS

### *Certificate of Advanced Study*

A specialized post-master's degree program at the sixth-year level is offered to a limited number of teacher candidates. The Certificate of Advanced Study in School Administration is designed to allow for individual attention and guided use of research and field projects as its primary vehicle for systematic investigation of topics relevant to public school administrators.

A more detailed description of this program is available from the Educational Administration Office, Miller Hall 204A, 360-650-3708.

## MEd — ELEMENTARY

*Department of Elementary Education*

Department Office: Miller Hall 262, 360-650-3336.

Graduate Advisor: Dr. Marsha Riddle-Buly, Miller Hall 264B, 360-650-7348.

## GRADUATE FACULTY

Carney, Joanne, PhD.

Carroll, David, PhD.

Coskie, Tracey, PhD.

Englesberg, Paul, EdD.

Henniger, Michael, PhD.

Hoelscher, Karen, EdD.

Krogh, Suzanne L., PhD.

Ohana, Chris, PhD.

Riddle Buly, Marsha, PhD.

The Department of Elementary Education has two MEd Degree program offerings. The first is an MEd In Elementary Education with concentrations in a variety of areas. The second program is an MEd in Reading. Within both of these programs, students may elect either a thesis option (45 credits) or a non-thesis option (48 credits). The non-thesis option requires a comprehensive examination and a research paper. Currently programs utilize a cohort approach where students begin as a group and complete a carefully sequenced program.

**Note:** All these programs require the applicant to possess a valid teaching certificate. Students who possess an initial certificate and are seeking professional certification under the provisions of the Washington Administrative Code may be accommodated in a special cohort program. See the department for current availability.

The elementary education department is not accepting applications for this master's program at this time. For information on a new degree option, refer to the MEd in Advanced Classroom Practice on Page 60.

### *Application Information*

Candidates must meet the requirements of the Graduate School (see page 51) in addition to the following departmental requirements:

**Specific Test Requirements:** Miller Analogies Test or Graduate Record Exam, General Test.

### **Supporting Materials:**

- A résumé
- A statement of purpose for seeking the MEd, not to exceed one page
- An on-campus interview (only if requested by the department)

In limited cases, students who do not meet the departmental requirements for full admission may be granted provisional admission by the Graduate School.

### *Advancement to Candidacy*

Advancement to candidacy is formal recognition that the student has completed all admission requirements and has demonstrated satisfactory performance in at least 12 credits of graduate study. In addition to the above requirements, the department requires students to submit a proposal for a thesis (ELED 690) or research paper (ELED 691) for approval by the student's committee.

### *Program Option — Thesis or Research Paper*

The thesis (ELED 690) and research paper (ELED 691) represent the independent research component of the program. For both options, students design and carry out independent research under the direction of a faculty committee. The thesis option (ELED 690) requires a committee of three faculty. Two faculty are required for the committee directing the research paper (ELED 691).

## MEd — Elementary Education

The MEd In elementary education has four main components: foundations, elementary education core study, independent research, and study in a concentration area. The first three of these components provide a common core for the MEd in Elementary Education. The concentration component of the program provides the opportunity for focused study in one of several areas.

## GRADUATE SCHOOL

There are a number of concentrations available, all of which are offered in cohort structure. Currently, the concentrations listed below have been designed although all are not offered simultaneously. Check with the department for current schedules.

- Assessment
- Early Childhood Education (provides Washington state supporting endorsement)
- Literacy Education (provides Washington state supporting endorsement in reading)

### Courses

#### Option I: Thesis (45 credits)

- Foundations (12 cr)
  - EDU 501; EDF 512, 513
- Elementary Core (12-14 cr)
  - ELED 521, 535, 690
- Concentration Electives (19-21 cr)
  - Courses by advisement. *Contact the department office for requirements within the various concentrations*

#### Option II: Research Paper and General Comprehensive Exam (48 credits)

- Foundations (12 cr)
  - EDU 501, EdF 512, 513
- Elementary Core (12-14 cr)
  - ELED 521, 535, 691
- Concentration Electives (22-24 cr)
  - Courses by advisement. *Contact the department office for requirements within the various concentrations*

### Specialization in Native American Education with the Elementary MEd

This program, for certified elementary teachers, is a cohort model, collaborative program with the Department of Secondary Education. For more information, contact Dr. William Demmert, Miller Hall 251B, 360-650-3032, wmdemmert@wwu.edu

- Option I: Thesis (45 cr)
  - EDU 501, EdF 512, 513 (12 cr)
  - ELED 518, 521, 525, 526 (16 cr)
  - ELED 690 (6-9 cr)
  - Electives by advisement (8-11 cr)

## MEd — READING

### Department of Elementary Education

Currently the MEd in Reading program is not accepting any new students.

### Courses

- Option I: Thesis (45 cr)
  - Foundation (12 cr): EDU 501, EdF 512, 513
  - Reading Core (28-30 cr): ELED 484, 584, 586, 589, 594e or SPED 562a; ELED 594f or SPED 568; ELED 690
  - Electives by advisement (3-5 cr)
- Option II: Research Paper and General Comprehensive Exam (48 credits)
  - Foundations (12 cr): EDU 501, EDF 512, 513
  - Reading Core (28-30 cr): ELED 484, 584, 586, 589, 594e or SPED 562a; ELED 594f or SPED 568; ELED 691
  - Electives by advisement (6-8 cr)

For the most current information on the MEd Programs, visit the department Web site at <http://www.wce.wwu.edu/depts/elem>.

## MA — REHABILITATION COUNSELING

### Department of Human Services and Rehabilitation

Program Director: Dr. Geraldine Hansen, 425-774-4446, Geri.Hansen@wwu.edu.

## GRADUATE FACULTY

Hansen, Geraldine, EdD

### Application Information

**Admit Quarters:** Fall, winter, spring. For cohort option, fall admit only.

**Application Deadlines:** Application deadlines are June 1 for fall quarter, October 1 for winter quarter, and February 1 for spring quarter. Application deadline for the cohort option is April 15. Late applications may be considered until June 1 on a space available basis.

### Supporting Materials:

- A completed application and an application fee of \$100
- A baccalaureate degree from an accredited college or university
- Two sets of transcripts from each school attended (a 3.0 GPA in the last 90 quarter hours or 60 semester hours of study is required)
- Miller Analogies Test (MAT) is preferred or the Graduate Record Exam, General Test; test scores are not required if an applicant holds an advanced degree
- Three current references
- A current résumé
- A typed personal statement outlining the rationale for applying to the program. The statement should address career objectives, rationale for choosing this program, professional and personal strengths as they apply to the field of rehabilitation counseling, related work experiences, the way in which personal and professional life experiences have converged to motivate application to the program, a statement of goals and interests which demonstrates and illustrates the applicant's personal value system, computer competence, and other insights as deemed appropriate by the applicant
- A personal interview
- Computer competence is expected

Please collect all application materials, then forward the packet directly to the Graduate School, Old Main 430.

### Admission

Successful candidates must demonstrate their commitment to working with individuals with disabilities to assist them to adjust to the psychological, social, medical, and vocational impact of a disability on their lives. The commitment may be shown by either work or volunteer experiences in a face-to-face service to disabled individuals. Students not having work or volunteer experience or a degree in a rehabilitation-related field may be required to take selected undergraduate courses. Applicants are expected to demonstrate strong writing skills.

### Retention

In addition to the Graduate School retention requirement, retention in the Rehabilitation Counseling program is

dependent upon the development of professional competencies in interaction with clients and other professionals, especially as related to practice, practicum and internship requirements. Development of professional competencies is monitored and evaluated on a yearly basis by the faculty of the program and will serve as a basis for retention of the student in the Rehabilitation Counseling program.

### Program Information

The Rehabilitation Counseling program prepares students to work with individuals with disabilities in a variety of public and private settings. Students learn how to assist individuals to adjust to the psychological, social, medical, and vocational impact of a disability on their lives. Graduates of the program are competent to assess abilities and limitations of people with disabilities, develop a plan consistent with their needs, and assist them to achieve their goals through appropriate training, education and employment.

Rehabilitation counselors are employed in state rehabilitation agencies, private nonprofit agencies, hospitals, mental health centers, private counseling firms, and universities, among other organizations. Students in graduate rehabilitation counseling programs typically have undergraduate degrees in psychology, sociology, nursing or some other area of human services. Rehabilitation counseling is a dynamic, exciting field with excellent employment opportunities in both the public and private sectors.

Several options are available for completing the degree program: a cohort option with a combination of distance education courses and three face-to-face courses and a Seattle-based option of classroom-based courses in the evening in the Seattle area and distance education courses.

For further information, see the Rehabilitation Counseling program Web site at [www.ccer.org](http://www.ccer.org).

## PROGRAM OF STUDY

*Requirements (Option II, non-thesis only; minimum 72 credits)*

- Core requirements: EDU 501 (4)
- RC 582, 583a, 583b, 584, 585, 586, 587, 588, 589, 590 [30]
- Practicum: RC 592a (5), 592b (20) [25]
- Electives selected under advisement [13]

## MEd AND MIT — SECONDARY EDUCATION

*Department of Secondary Education*

### GRADUATE FACULTY

Harwood, Angela, PhD, graduate advisor.

Kasprisin, Lorraine, PhD.

Keiper, Robert, EdD, graduate advisor.

Keiper, Timothy, PhD.

Larson, Bruce, PhD.

McClanahan, Lauren, PhD.

Sheppard, Shelby, PhD.

Wolpow, Ray, PhD.

### *Department of Secondary Education*

Graduate Advisor: Dr. Robert Keiper, Miller Hall 306D, 360-650-3986, [Robert.Keiper@wwu.edu](mailto:Robert.Keiper@wwu.edu)

The secondary education graduate faculty offer the following graduate degree programs:

## Master's in Teaching (MIT)

This degree program is designed for students who wish to complete a master's degree while gaining state of Washington residency certification. Students must have completed a baccalaureate degree and must have a major in one of the state-approved endorsable academic majors. This degree program combines the endorsable major with a graduate-level program of certification course work to produce a Master's in Teaching program. This degree is firmly backed by current research of effective teaching and reflects a conceptual framework which embraces three basic strands in education: artistic, scientific and professional. Completion of the MIT sequence usually takes two years.

## Master's in Education

This degree program is designed for certified teachers and includes the following specializations or concentrations:

- High School Curriculum and Instruction
- Middle School Curriculum and Instruction
- Instructional Technology
- Native American Education
- Professional Certification

The secondary education department is not accepting applications for this program at this time. For information on a new degree option, refer to the MEd in Advanced Classroom Practice on Page 60.

### Prerequisites

Candidates must meet the admission requirements of the Graduate School (see *Graduate School Admissions* section in this catalog) as well as the following department requirements:

- Graduate Record Exam,\* General Test, with a combined minimum score of 1000 on the Verbal and Quantitative, and a minimum of 4.5 on the Analytic Writing or Miller Analogies Test, with a score of 45; test scores are not required if an applicant holds an advanced degree
- Take and pass the WEST-B exam. For schedule and registration information, refer to the WEST-B Web site, [www.west.nesinc.com](http://www.west.nesinc.com). Out-of-state applicants may be considered for provisional admission to the MIT prior to completing the WEST-B requirement. However, if admitted, students are required to register for the WEST-B during the first quarter in the program. Admission is provisional until passing the WEST-B
- Résumé
- English composition course with a grade of B or better
- A personal statement that describes your experience(s) with adolescents and background as it applies to the teaching profession. The secondary education faculty believe experience with diverse, multicultural populations benefit prospective teachers. Make sure to include any and all background or experience(s) you have had with diverse populations
- Interview by secondary education faculty. Details will be provided once applications are received

\*GRE preferred, as it more accurately indicates an applicant's potential for success in this program.

**Candidates for the Master's in Teaching Degree** MIT must have completed a bachelor's degree with a state-approved endorsable major (see listing in the Secondary Education section of the current catalog). The MIT leads to a recommendation to the

## GRADUATE SCHOOL

Office of the Superintendent of Public Instruction for State of Washington residency teacher certification. Teacher certification candidates must sign the "Student Conduct Requirements and Agreement" form, complete the Washington State Patrol fingerprint check, the sexual harassment prevention education workshop, and the blood-borne pathogen workshop. It is possible to be awarded certification prior to completion of master's degree requirements; the MIT will be awarded only to those who successfully complete all requirements for Washington state certification, including a successful student internship. Therefore, the MIT cannot be awarded without certification.

### Graduate Study Options

Western's Graduate School offers both Option I (thesis/field project) and Option II (comprehensive exam/research seminar) degree programs. The MIT is an Option II only degree program which requires completion of a comprehensive exam and a seminar research course, with a program of at least 48 credits.

### Deadlines

Applications and supporting materials must be received by the Graduate School for the corresponding quarter of admission by the following deadlines:

Fall quarter ..... April 1

Winter quarter ..... October 1

Seattle location (summer quarter only)\* ..... February 1 for priority consideration; late applications accepted only on a space available basis

*\*This self-supporting, off-campus, summer-start program admits students only for summer.*

### Master's in Teaching — Option II

(74 credits)

- Research and Foundations (12 credits)
  - EDU 501, EDF 512, 513
- Secondary Master's Requirements (20 credits)
  - SEC 531, 532, 533 (or equivalent, approved by graduate advisor), 534 or equivalent, 691

Remaining program and certification requirements can be found in the secondary education section of this catalog.

### MEd — SPECIAL EDUCATION

#### Department of Special Education

The Department of Special Education is not accepting applications at this time. For information on a new degree option, refer to the MEd in Advance Classroom Practice on Page 60.

### GRADUATE FACULTY

**Antil, Laurence**, PhD, special education.  
**Atkinson, Charles M.**, EdD, special education.  
**Fox, Sheila**, PhD, special education.  
**Howell, Kenneth W.**, PhD, special education.  
**Hyatt, Keith**, EdD., special education.  
**Marrs, Lawrence**, PhD, special education.  
**Nolet, Victor**, PhD, special education.  
**Robinson, Leanne**, PhD, special education.  
**Slentz, Kristine L.**, PhD, special education.

Graduate studies in special education are designed for certified teachers who are seeking a master's degree and who may or

may not be endorsed to teach special education. Course work is available for those seeking the special education endorsement along with the master's degree. Advisement may be obtained by contacting the Department of Special Education office at Miller Hall 320, 360-650-3981. Principal Graduate Program advisor: Dr. Kristine Slentz.

Program Advisors: Dr. Larry Antil, Miller Hall 315, 360-650-7505, e-mail: Laurence.Antil@wwu.edu; Dr. Kristine Slentz, Miller Hall 318B, 360-650-3724, e-mail: Kris.Slentz@wwu.edu; Dr. Kenneth Howell, Miller Hall 318C, 360-650-3971, e-mail: Ken.Howell@wwu.edu; or Dr. Keith Hyatt, Miller Hall 318A, 360-650-2353; e-mail Keith.Hyatt@wwu.edu.

- This program is generally reserved for certified teachers who are endorsed to teach special education
- Certified teachers without special education endorsement may be admitted to this program upon demonstration of compelling interest in advanced study focusing on exceptional education
- Students interested in obtaining an initial teaching certificate and special education endorsement should request information about the Special Education Post-Baccalaureate Certification program as preparation for graduate admission

### General Admission Requirements

For those already certified and endorsed to teach special education:

- application to the Graduate School
- undergraduate degree from an accredited university
- Washington state teaching certificate
- Graduate Record Examination, General Test or Miller Analogies Test
- GPA of 3.0 or better on the last 60 semester/90 quarter credits
- Three current letters of recommendation
- a statement of purpose for applying to the program
- a personal interview

Applications will be reviewed by the Graduate School and the special education graduate faculty. There are additional application requirements for those seeking a teaching endorsement in conjunction with the MEd (See below.)

### Program Requirements

Students may choose to complete one of two degree options. Option I requires a minimum of 45 credits and a thesis (SPED 690). Option II requires a minimum of 48 credits, a comprehensive exam, and a comprehensive review of literature (SPED 691). Information on the thesis is available in the Graduate School and comprehensive exam requirements can be obtained in the special education office.

- 12 credits of Graduate Foundation Courses — required for both Options I and II
  - EDU 501, EDF 512, 513
- 10 credits of graduate course work is required for all graduate students. Courses in this block should typically be taken only after endorsement to teach special education
  - SPED 562a, 563, 567
- If the student is following Option I:
  - SPED 690 (6 cr)
- If the student is following Option II:
  - comprehensive examination and SPED 691 (4 cr)

For MEd students already certified and endorsed in special education, there are 22 credits of required core content and from 18 to 24 elective credits.

Electives allow the student to design his or her program according to a particular interest (such as early childhood education, special education, instructional technology, or evaluation).

SPED 569a, 569b, 569c

MEd core special education classes may not be offered more than once a year. Students should pay close attention to the schedule of course offerings by their department when planning their programs.

### MEd Plus Endorsement

This program is designed for students who are not already endorsed in special education and wish to pursue an endorsement along with their MEd. Those who are not currently certified to teach in Washington will be required to complete a sequence of certification courses in addition to the courses required for endorsement. The endorsement program has additional admission requirements, will require the taking of additional credits, and has additional completion requirements. Students admitted to the MEd plus endorsement may not receive a MEd until they have completed all endorsement courses.

### General Admission Requirements

Master's students wishing to add endorsement to their program must also be admitted to the Woodring College of Education teacher preparation program. Applications will be reviewed by the Graduate School and the Special Education Admissions Committee.

The application material must include:

- an application to the Graduate School
- undergraduate degree from an accredited university
- Graduate Record Examination, General Test or Miller Analogies Test
- GPA of 3.0 or better on the last 60 semester/90 quarter credits
- three current letters of recommendation

In addition the following materials must be submitted by the applicant to the Graduate School:

- Evidence of "good moral character and personal fitness," as required by the Washington Administrative Code, Section 180-75-082, of all applicants for teacher certification in Washington. This is accomplished by completing and submitting the "Woodring College of Education Student Conduct Requirements and Agreement" form. This form is available from the Teacher Education Admissions office, Miller Hall 206E, 360-650-3378
- An essay addressing each of the following:
  - The applicant's past experience related to working with disabled children or youth
  - Why the applicant is interested in pursuing a master's degree program in special education, and/or endorsement to teach in special education
- An interview (over the phone or in person) by one or more special education graduate advisors. This interview will focus on:
  - The alignment of the student's personal goals and the program's focus and mission
  - The applicant's potential for, and commitment to, completing the full endorsement and master's program

- The applicant's potential for, and commitment to, employment in the field of special education

After application has been made, please contact Pam Hamilton at 360-650-3981 to schedule an interview with one of the graduate program advisors.

### Endorsement Program Requirements

**NOTE:** Obtaining an endorsement to teach special education is separate from the awarding of the master's degree. The application for an endorsement requires candidates to answer several questions dealing with sexual offenses, drug and alcohol offenses, and any other prior police records. The Certification Officer of the Woodring College of Education determines eligibility for certification, while the Graduate School awards the MEd. Certification is generally earned prior to completion of the entire MEd program. *However*, for students electing to add an endorsement in special education to their MEd program, the MEd degree will be awarded *only* upon completion of all requirements for both an endorsement in special education and the MEd degree. Depending on the student's prior course work, the endorsement plus master's program may require up to 80 credits.

- Students seeking endorsement plus a master's degree will typically only have the option of taking a comprehensive exam and SPED 691. (Option II as described above under *Program Requirements*)
- Students seeking endorsement to teach special education begin the program by taking a block of special education endorsement courses (including student teaching). These must be completed *prior* to taking the required MEd core special education classes (SPED 562a, 563, 567) and SPED 690 or 691
- Core endorsement requirements (not in sequence — see a Special Education graduate advisor)
  - SPED 460
  - SPED 462a
  - SPED 462b
  - SPED 465a
  - SPED 465b
  - SPED 465c
  - SPED 465d
  - SPED 466a
  - SPED 467b or 569a
  - SPED 468 or 565
  - SPED 469a or 568
- SPED 469b
  - SPED 498a or 498b or 498c
  - One or more of the following: SPED 463a or 562b, 463b or 564, 463c, 463d
  - EDF 512
- Students who are not certified to teach in the state of Washington will typically begin their program at the post-baccalaureate level, taking primarily undergraduate course work. Special Education Post-Baccalaureate Certification program descriptions are available in the special education office, Miller Hall 320.

**NOTE:** It is possible for teachers currently endorsed in another area to earn endorsement in Special Education without being admitted to an MEd or undergraduate program. This is referred to as a post-baccalaureate program. The spaces in these nondegree certification programs are extremely limited and the post-baccalaureate program should not be confused with those leading to a university degree. Contact Dr. Kristine Slentz,

## GRADUATE SCHOOL

Miller Hall 318B, 360-650-3724, e-mail: Kris.Slantz@wwu.edu for advisement.

### **MEd — STUDENT AFFAIRS ADMINISTRATION IN HIGHER EDUCATION (thesis, non-thesis)**

(\*Pending approval of HECB)

Department of Educational Leadership

Program Advisor: Dr. Susan Mancuso, Miller Hall 314C, 360-650-6552, Susan.Mancuso@wwu.edu

### **GRADUATE FACULTY**

Mancuso, Susan, EdD

#### *Application Information*

**Admit Quarters:** Summer (each cohort begins summer quarter).

**Deadline:** Application deadline is March 1 for priority consideration.

**GA Deadline:** Deadline to apply for a graduate assistantship is March 1 for priority consideration.

#### **Supporting materials:**

- A completed application and an application fee of \$35
- A baccalaureate degree from an accredited college or university
- Two sets of official transcripts from each school attended (A 3.0 GPA in the last 90 quarter hours or 60 semester hours of study is required)
- Three current references
- Miller Analogies Test (MAT) preferred or the Graduate Record Exam (GRE), General Test; test scores are not required if an applicant holds an advanced degree
- A current résumé
- A two-page statement which addresses relevant experiences, interests, learning objectives, and career goals
- Computer competence is expected

Please collect all application materials, then forward the packet directly to the Graduate School, Old Main 430.

**Interview:** An on-campus interview with the admissions committee will take place in April.

#### *Program Information*

The Student Affairs Administration program prepares professionals for work in student affairs in higher education. The program emphasizes competence in the areas of student development theory and practice, leadership and management, advising/counseling skill development, program development, diversity and cultural awareness. Further, it addresses abilities necessary to manage current problems and issues facing student affairs in higher education.

The program of study and supervised internship meets the guidelines of the Council for Advancement of Standards for Student Services/Development programs (CAS preparation standards). The professional skill development, theoretical concepts, research activities and experiential opportunities provided by the program are often applied to a broad array of leadership and/or helping relationship roles in higher education.

A three-quarter, in-depth internship in student affairs is an integral component of the program. The research requirement is a comprehensive practitioner research project, though students may choose a thesis option.

For more information, see the Student Affairs Administration program Web site at [www.wce.wwu.edu/depts/spa](http://www.wce.wwu.edu/depts/spa).

## PROGRAM OF STUDY

### *Requirements*

- Core courses — EDU 501, AHE 555, 557, 558, 560, 561, 562, 564, 599, CCE 556 (I and II: 34)
- Elective — With advisement (II only:3)
- Research — AHE 690 (I:7); AHE 691 (II:5)
- Internship — AHE 592f (I and II: 14)
- Graduation Seminar — AHE 599 (I and II:1)
- Comprehensive assessment

### *Graduation Requirements*

- Thesis (I:51)
- Non-thesis (II:52)

## Engineering Technology

*College of Sciences and Technology*

### **GRADUATE FACULTY**

Kitto, Kathleen, MSME

Raudebaugh, Robert A., EdD

Seal, Michael, EdD

Oslapas, Arunas, MFA

### **MEd — TECHNOLOGY EDUCATION**

Program Advisor: Dr. Robert A. Raudebaugh, Ross Engineering Technology 204

The MEd degree in technology education has been designed to meet the needs of teachers (one year of teaching in industrial arts or technology education is a prerequisite) who wish to convert an industrial arts program to technology education or to expand and/or improve an existing technology education program. It consists of a blend of hands-on activities and pedagogy which should provide teachers with both the technical skill and curricular knowledge to be able to implement similar activities in their classrooms.

The engineering technology department has been allowed considerable influence over the required education courses as well, gearing that content to the unique needs of technology teachers. The program will be conducted on a cohort group basis. Teachers will not be allowed to take the course work independent of the group. A new group will be formed every two years as needed.

- Summer One*  
EDU 501; ETEC 592g, 592e, 517 (12)
- Academic Year One*  
ETEC 593, 500 (12)
- Summer Two*  
TECH 592a, 592n; EDF 512, 513 (12)
- Academic Year Two*  
ETEC 691; ETEC 594 (12)

## English

*College of Humanities and Social Sciences*

### **GRADUATE FACULTY**

Beasley, Bruce, PhD, creative writing (poetry), American literature.

Brown, Nicole, PhD, rhetoric and composition, technical writing, service learning, and cybercultural studies.

**Cary, Meredith**, PhD, English and Irish fiction, women's fiction.  
**Denham, Kristin**, PhD, linguistic theory, Native American languages and literatures.  
**Dietrich, Dawn**, PhD, modern drama, performance studies, film studies, science and literature, postmodern theory.  
**Geisler, Marc**, PhD, Renaissance literature and culture, literary theory, politics and literature.  
**Giffen, Allison**, PhD, American literature, women's literature, African-American literature.  
**Goebel, Bruce**, PhD, English education, American literature, children's and young adults' literatures.  
**Guess, Carol**, MFA, creative writing (fiction, nonfiction, poetry), lesbian and gay studies.  
**Johnson, Nancy**, PhD, children's literature, English/language arts education.  
**Kanhai, Rosanne**, PhD, minority literatures, women's literature, feminist theory and criticism.  
**Laffrado, Laura**, PhD, American literature, gender studies.  
**Lobeck, Anne**, PhD, linguistics, literary theory, gender studies.  
**Lundeen, Kathleen**, PhD, British Romanticism, critical theory, intermedia art, prophetic literature.  
**Lyne, William**, PhD, American literature, African-American literature, cultural studies.  
**Metzger, Mary Janell**, PhD, early modern literature and culture, critical theory, women's literature.  
**Miller, Brenda**, PhD, creative writing (fiction and nonfiction), autobiography.  
**Paola, Suzanne**, MFA, creative writing, women's studies, poetry.  
**Park, Douglas**, PhD, eighteenth-century British literature, English novel, rhetoric.  
**Purdy, John L.**, PhD, contemporary American literature, Native American literatures, contemporary poetry.  
**Qualley, Donna**, PhD, composition theory and pedagogy, English education, critical literacy, feminist theory.  
**Smith, William E.**, PhD, Shakespeare, British Renaissance studies, composition and rhetoric.  
**Stevens, Scott**, PhD, rhetoric and composition, American literature.  
**Trueblood, Kathryn**, MFA, creative writing (fiction), publishing and editing.  
**VanderStaay, Steven**, PhD, English education, creative writing (nonfiction), and linguistics.  
**Wise, Christopher**, PhD, comparative literature, third world and postcolonial, African and Middle Eastern literature.  
**Yu, Ning**, PhD, American literatures, science and literature.

## MA — ENGLISH, THESIS AND NON-THESIS

Program Advisor: Graduate Program Office, Humanities 327, 360-650-3232

The MA program in English offers two concentrations:

1) English studies and 2) creative writing.

### Prerequisites

Undergraduate major in English or departmental permission. Candidates with an insufficient background in English are normally requested to acquire 30 upper-division credits in literature and criticism with a grade of B or better in each course. The department reserves the right to approve a course of study.

### Admission

Enrollment is limited to program capacity.

### Application Information

**Deadlines:** Applications for the following academic year must be *complete* — all materials on file — by February 15 for priority consideration. Applications completed after that date may be considered on a space-available basis. Applications completed after June 1 will not be considered. Admission into the program is for fall quarter.

**TA Deadlines:** An application for a teaching assistantship should be submitted with the application for admission.

### Supporting Materials:

- Normally the department expects a verbal score of at least 500 and a strong analytic score on the Graduate Record Exam, General Test. Candidates must also provide a 750-word personal statement of background and intention and a writing sample: for admission to creative writing, 20 to 30 pages of prose or 10 to 15 pages of poetry; for admission to English studies, 7 to 12 pages of written work in literary study

### English Studies (Thesis and Non-Thesis)

#### Core Requirements

- ENG 501 and 25 credits in literature, criticism, rhetoric or ENG 513; only five of these 25 credits may be taken in English 500, Independent Study
- Electives: 18 credits (literature, criticism, creative writing, rhetoric, pedagogy, English language) for the non-thesis student; 10 credits from those areas for the thesis student and five credits in ENG 690; occasionally electives in other departments may be chosen in consultation and with permission of the English department graduate program advisor

### Creative Writing (Thesis)

#### Core Requirements

- ENG 501, 20 credits in creative writing (fiction, drama, poetry, nonfiction prose) and five credits in ENG 690
- Electives: 15 credits in literature, criticism, rhetoric or ENG 513; only five of these 15 credits may be in English 500, Independent Study; occasionally electives in other departments may be chosen in consultation and with permission of the English department graduate program advisor

### Credits

Courses are routinely taken at the 500 and 600 levels. With the permission of the graduate advisor, a student may count up to 10 credits of some combination of 400-level courses and independent study courses toward the degree requirements. No more than 5 credits of independent study can be applied toward the degree.

### Other Requirements

Students in English Studies must demonstrate reading competence in a foreign language acceptable to the department's Graduate Studies Committee. Normally competence is demonstrated by successfully completing the final course in a second-year language sequence or by passing a reading competency examination in the language. Students in creative writing may either fulfill the foreign language requirement or take five additional credits in literature, criticism or rhetoric.

Students must also pass a written comprehensive final examination in their concentration.

Additional information about these requirements, the thesis option and program procedures may be found in the Graduate Program guidelines, available from the graduate studies secretary.

## Environmental Studies

### Huxley College of the Environment

- Department of Environmental Sciences
- Department of Environmental Studies: Policy, Planning, Education and Geography

## GRADUATE SCHOOL

### GRADUATE FACULTY

**Bach, Andrew J.**, PhD, physical geography, geomorphology, soils and weathering, geoarcheology.

**Berardi, Gigi**, PhD, human geography, resources management, agroecology, international development.

**Bingham, Brian L.**, PhD, invertebrate biology, marine ecology, experimental design.

**Bodensteiner, Leo R.**, PhD, fisheries biology, aquatic ecology.

**Buckley, Patrick H.**, PhD, economic and development geography, quantitative methods, GIS, environmental issues in Japan and China, quality of life, transborder environmental issues.

**Cancilla, Devon A.**, PhD, environmental chemistry, environmental toxicology, chemical ecology.

**Harper, Ruth M.**, PhD, genetically-based toxicology, biochemical toxicology, environmental chemistry.

**Homann, Peter S.**, PhD, biogeochemistry, soil sciences, forest ecology.

**Landis, Wayne G.**, PhD, environmental toxicology, population biology, risk assessment.

**Matthews, Robin A.**, PhD, freshwater ecology, aquatic toxicology, statistical ecology.

**McLaughlin, John F.**, PhD, terrestrial ecology, population biology, conservation biology.

**Medler, Michael J.**, PhD, biogeography, GIS, remote sensing, forest fire and wilderness management.

**Melious, Jean O.**, JD, environmental and land use law and policy, international environmental policy.

**Miles, John C.**, PhD, environmental education and history, public lands management.

**Mookherjee, Debnath**, PhD, comparative urbanization, regional development and planning.

**Myers, O. Eugene**, PhD, environmental education, human ecology, environmental history and ethics.

**Robbins, Lynn A.**, PhD, social impact assessment, human ecology, environmental policy.

**Rybczyk, John M.**, PhD, wetland ecology and management, ecosystem modeling, global climate change.

**Shull, David H.**, PhD, structure and function of marine benthic communities, pollution and marine ecosystems.

**Singh-Cundy, Donald T.**, PhD, public opinion and environmental/wildlife issues and the role of the media in shaping public opinion.

**Smith, Bradley F.**, PhD, global environmental policy, sustainable development.

**Sulkin, Stephen**, PhD, invertebrate biology, larval ecology.

**Terich, Thomas A.**, PhD, shoreline processes, natural hazards and geomorphology.

**Wallin, David O.**, PhD, terrestrial ecology, forest ecosystems.

**Wang, Grace A.**, PhD, natural resource policy, human dimensions of natural resources, multicultural perspectives in resource management.

**Zaferatos, Nicholas C.**, PhD, community and environmental planning, sustainable development, European environmental policy, Native American reservation policy and development.

### MS — ENVIRONMENTAL SCIENCE, THESIS ONLY

Program Advisor: Dr. Leo R. Bodensteiner, Environmental Studies 442

The MS in environmental science is a two-year curriculum which draws upon course work from Huxley College and the other colleges of WWU. It is directed toward the development and integration of scientific information in order to describe, predict and/or manage natural systems, and to assess human impacts on those systems.

#### MS Specializations

Environmental Science program specializations are:

**Freshwater Ecology.** This specialization focuses on the study of physical, chemical and biological processes in freshwater systems, including lakes, streams and watersheds.

Specialization courses: ESCI 502, 503, 522, 529, 530a, 530b, 533, 534, 538, 540, 559

**Environmental Toxicology and Chemistry.** This specialization focuses on the transport, fate and toxic effects of chemicals in the environment, laboratory testing and field work, chemical analytical measurement of pollutants and the influence of nutritional factors on pollutant toxicity. Studies of chemical fate and toxicity at the biochemical, organismal, population and ecosystem levels.

Specialization courses: ESCI 502, 503, 533, 555, 556, 557, 558, 559, 590

**Regional, Global and Terrestrial Ecosystems.** This specialization focuses on terrestrial ecosystems and on large-scale regional and global environmental problems. Examination of natural ecosystems, resources and the effects of large-scale change.

Specialization courses: ESCI 502, 503, 507, 533, 535a, 535b, 536, 539, 542, 562, 590, 592; EGEO 510, 535, 552

**Marine and Estuarine Science.** See the Huxley College Cooperative Graduate Program options on the following page.

#### Prerequisites

A bachelor's degree and college-level course work including a minimum of one year of general chemistry plus one quarter or semester of organic chemistry, one year of general biology, one course each in ecology, calculus and statistics.

#### Application Information

**Admit Quarter:** Students will be admitted into the MS in environmental science program fall quarter only.

**Deadlines:** Because maximum student enrollment is limited, all applicants are strongly encouraged to submit application materials by February 1. Review of materials will begin after that date and will continue until the enrollment limit is reached or June 1, whichever comes first.

**TA Deadline:** To be considered for a graduate teaching assistantship, applicants should submit their application materials by February 1 and indicate in the statement of purpose how the prerequisites listed above have or will be met before starting the program.

**Specific Test Requirements:** For all options: Graduate Record Exam, General Test. Applicants with advanced degrees are not required to submit GRE scores.

#### Supporting Materials:

- An application for admission into the MS program in environmental science must include a one- to two-page statement of purpose indicating which specialization the applicant is most interested in, explaining why the applicant wishes to pursue graduate studies in environmental science, and what future expectations he or she has for the MS degree
- The statement may indicate a preferred faculty advisor; students are encouraged to review faculty research interests as described on the Huxley Web site, [www.ac.wwu.edu/~huxley](http://www.ac.wwu.edu/~huxley), prior to contacting potential faculty advisors; students are admitted into the program only upon agreement of potential faculty advisors

#### Program Requirements

Forty-five credits minimum, including: ESCI 501 (4); 12 credits or more from within one of the areas of specialization, or course substitutions, under advisement; 17 or more elective credits from Huxley or other colleges at WWU; and 12 credits of ESCI 690a (thesis). Ten credits or less of approved 400-level course work may be included in the program. No more than four

elective credits of ESCI 595 (Teaching Practicum) may be used toward the MS degree in environmental science. The student will make a public presentation of the thesis research on campus at Western Washington University and will participate in an oral examination given by the thesis committee.

For further information, write or consult the Huxley Graduate Program Coordinator, Department of Environmental Sciences, Western Washington University, Bellingham, WA 98225-9181, 360-650-3646, huxgrad@cc.wvu.edu.

## MS — GEOGRAPHY, THESIS

Program Advisor: Dr. Andrew J. Bach, Arntzen Hall 226

### Program Goals

The focus of the MS degree in geography is on the development and management of environmental resources. The program is designed to allow students to develop and integrate social and natural science course work in a regional context. Students are provided with an opportunity to understand the spatial, ethical and societal (cultural) basis for the protection and management of resources. The program prepares students for careers in business, government, planning, consulting, teaching and research.

### MS Specializations

Geography program specializations are:

- Resource Conservation and Management:* Study of biophysical and socioeconomic processes in natural systems; a variety of perspectives and techniques are used to investigate and assess management and development policies.
- Regional Development and Environmental Policy:* Study of regional economic development processes in the context of development and planning; environmental elements — natural and human — are examined in framing development plans and policies toward improving regional community service
- Earth Surface Processes:* Study of physical processes occurring at the earth/atmosphere interface; coastal, glacial, hillslope, eolian, fluvial and soil environments are examples of the complex and dynamic systems which are examined under conditions of alteration by human or natural forces

### Prerequisites

Students with a degree in geography or allied fields, who meet the requirements of the Graduate School and who show evidence of superior scholarship, are particularly encouraged to apply. Students with degrees in fields other than geography will be considered but must acquire background, under advisement, through course work or other approved methods, in introductory human or cultural geography, introductory physical geography, regional geography, a GIS course, and two upper-division courses or equivalent in physical geography/geographic information systems or urban/economic geography. Knowledge of intermediate-level statistics is required of all students as evidenced by satisfactorily completing course work or as assessed by the program advisor. A plan for completion of any outstanding prerequisites must be described in the statement of purpose and approved by the Department of Environmental Studies Graduate Program Committee prior to admission.

### Program Information

**Deadline:** Students generally will be admitted into the MS in geography fall quarter only. Admission for subsequent quarters will be considered on a space-available basis. The Graduate

Program Committee will begin reviewing application materials until the enrollment limit is reached or on June 1, whichever comes first. Because maximum student enrollment is limited, all applicants are strongly encouraged to submit application materials by February 1.

**TA Deadline:** To be considered for a graduate teaching assistantship, applicants must submit their application materials by February 1.

**Specific Test Requirements:** Graduate Record Exam, General Test; applicants with advanced degrees are not required to submit GRE scores.

**Supporting Materials:** An application for admission into the MS program in geography must include a one- to two-page statement of purpose indicating which track the applicant is most interested in, explaining why the applicant wishes to pursue graduate studies in geography, and what future expectations she or he has for the MS degree. The statement may indicate a preferred faculty advisor; students are encouraged to review faculty research interests as described on the Huxley Web site, [www.ac.wvu.edu/~huxley](http://www.ac.wvu.edu/~huxley), prior to contacting potential advisors; students are admitted to the program only upon agreement of potential faculty advisors.

### Program Requirements

45 credit minimum

Core Requirements (23 credits)

- EGEO 501 (3)
- EGEO 510 (5)
- EGEO 521 (3)
- EGEO 551 (4)
- 18 elective credits under advisement
- EGEO 690 (12)

No more than four elective credits of EGEO 595 (Teaching Practicum) may be used toward the MS degree in geography.

### Thesis

The thesis requires satisfactory completion of a research project emphasizing original theoretical or applied research and resulting in a comprehensive written thesis. The candidate will provide a public seminar based on the thesis, after an oral defense and acceptance of the thesis by the candidate's thesis committee.

### Committee Makeup

The thesis committee will have a minimum of two graduate faculty members from Huxley College; one will serve as chair. One of these two members is to be a geographer. The third member, with approval of the graduate advisor and Graduate School, can come from elsewhere.

### Thesis Proposal Presentation

The student is to make a public presentation of her/his proposed research, followed by questions and discussion. The purpose of this presentation is to allow the student to share his/her proposed research with a broader audience than the thesis committee to facilitate further refinement of the work. The student may be asked to expand the discussion on specific theoretical and/or empirical content of her/his intended thesis, as well as the broader scholarly field. The presentation will be made as soon as the student and the thesis committee have agreed upon a topic, typically in the third quarter of residency. Major changes to the thesis topic will require a new presentation at the discretion of the thesis committee.

## GRADUATE SCHOOL

### COOPERATIVE GRADUATE PROGRAM OPTIONS

#### *MS — Environmental Science (Environmental Chemistry), Thesis Only*

Program Advisors: Dr. Devon A. Cancilla, Huxley College; Graduate Program Advisor, Chemistry Department

Huxley College of the Environment and the Department of Chemistry administer a cooperative program leading to the MS in environmental science (environmental chemistry specialization) in Huxley College or the MS in chemistry (environmental chemistry specialization) in the Department of Chemistry. Emphasis is on application of chemical principles, methods and concepts to the understanding and potential solution of certain environmental problems. Applicants must indicate which department they wish to be based in.

Students pursuing an MS degree through this cooperative program will take course work approved by their research advisor and include courses from Huxley College, the Department of Chemistry and other units of WWU. Credits for a master's degree must total a minimum of 45 credits and will include a thesis. The student's Plan of Study shall include at least 12 credits of thesis research in Huxley College or the Department of Chemistry.

Undergraduate and transfer course limitations are the same as those for the environmental science MS program.

The thesis committee will be chaired by the research advisor, who is chosen by the student from the graduate faculty of either unit, and at least two additional faculty. The makeup of the thesis committee must be approved by the student's research advisor and the Graduate School.

Applicants seeking admission through the Department of Chemistry (MS in chemistry/environmental chemistry specialization) must meet prerequisite requirements outlined in the Chemistry section of this catalog.

Applicants seeking admission through Huxley College (MS in environmental science/environmental chemistry specialization) must meet prerequisite requirements for the MS in environmental science and must complete ESCI 501 (4).

#### *MS — Environmental Science (Marine and Estuarine Science), Thesis Only*

Curriculum Coordinators: Dr. Brian Bingham, Huxley College of the Environment; Dr. Gisèle Muller-Parker, Department of Biology

The marine and estuarine science option is a joint offering of Huxley College, the Department of Biology and the Shannon Point Marine Center. Students graduating from the program will have an understanding of coastal marine and estuarine environments, biota and topical management issues, and fundamental biological and chemical oceanographic processes. The curriculum requires a minimum of 45 credits of course work, including 12 credits of thesis research, and the completion of a thesis based on original research in an area of specialization relevant to the marine sciences. Students matriculated through Huxley College must complete ESCI 501 (4) and BIOL 505 (1) and select 12 credits of specialization in marine and estuarine science from the following list:

- ESCI 502, 503, 522, 533, 534, 538, 540, 542; BIOL 503, 508, 545 (when marine topic)

#### *Prerequisites*

Students matriculated through Huxley College must meet the

prerequisites for admission described in the "MS — Environmental Science, Thesis Only" option.

For full consideration, completed applications must be received by February 1. Applications should include a statement of interest and the identification of potential faculty advisors. Admission to the Marine and Estuarine Science program is fall quarter only.

For a complete list of participating faculty and their research interests, and for further information, write to Shannon Point Marine Center, 1900 Shannon Pt. Rd., Anacortes, WA 98221 or visit the Marine and Estuarine Science home page at [www.wvu.edu/~mesp](http://www.wvu.edu/~mesp).

### MEd — NATURAL SCIENCE/SCIENCE EDUCATION (ENVIRONMENTAL STUDIES)

- *Elementary, Secondary and Environmental Studies*
- *Residency Program in Environmental Studies*

Program Advisor: Dr. John C. Miles

A single philosophy underlies this program available to a teacher or other education specialist seeking an MEd in science education at Huxley College and WWU. These programs encourage persons to pursue their area of interest in science plus develop their own background and ideas in a manner that makes them better educators in their own teaching situation. Graduate students are expected to develop creative projects that will aid their own teaching and then implement the projects with the guidance and advice of the program advisor and other teachers. The residency option is aimed at students who will approach environmental education more broadly and do so in settings outside the K-12 classroom.

In addition to these two areas of specialization offered through Huxley College, persons interested in other areas of science education may wish to consider other program options described in the WWU *Bulletin* under Natural Science/Science Education.

#### *Prerequisites*

An applicant should be a practicing public school teacher or be teaching in an educational enterprise with a focus on environmental or outdoor education. The applicant should have completed a minimum of a natural science education sequence with grades of B or better. Each applicant's background will be examined to determine if one or more additional courses, besides those prescribed for the master's degree, are needed to remove deficiencies in background preparation.

*Elementary or Secondary, Thesis or Field Project (I, 49-59 credits) or Non-Thesis (II, 49-59 credits)*

#### *Application Information*

**Deadline:** Please refer to Graduate School deadline dates. This program specialization admits students for any quarter.

#### **Supporting Materials:**

- Graduate Record Exam or Miller Analogies Test; applicants with advanced degrees are not required to submit test scores
- One- to two-page statement of purpose

#### *Program Requirements*

- Core requirements
  - EDU 501 (4)
  - EDF 512, 513 (8)

- SCED 501, 513 (7)
- Comprehensive Examination (II)
- Requirements in specialization
  - ESTU 571 (4)
  - ESTU 690a or 690b or SCED 690a or 690b (I:6-12)
  - ESTU 598 and/or SCI ED 598 (II:6-12)
- Electives: Courses selected under advisement from natural science, education, and including at least 10 credits in environmental studies or geography (I or II:20-24)

**NOTE:** The program is revising its curriculum at press time. Please confer with the program advisor for information.

### *Environmental Education Residency, Non-Thesis (60 credits)*

#### *Prerequisites*

An applicant for this option need not be a practicing public school teacher as the goal of the option is to prepare professionals who will practice environmental education outside formal classrooms. The applicant should have completed a minimum of a natural science education sequence with grades of B or better. Each applicant's background will be examined to determine if one or more additional courses, besides those prescribed for the master's degree, are needed to remove deficiencies in background preparation. The research project under this option will consist of completing practica courses in residency at the North Cascades Institute (9 credits) and writing and presenting a capstone paper (4 credits). For more information on the North Cascades Institute, refer to [www.ncascades.org](http://www.ncascades.org).

#### *Application Information*

**Admit Quarter:** This track admits students only in the summer.

**Deadline:** For priority consideration, applications should be received by February 1.

**Supporting Materials:** Same as for other environmental studies tracks.

#### *Program Requirements*

- Core requirements
  - Edu 501 (4)
  - EDF 512, 513 (8)
  - SCED 501, 513 (7)
  - A written and oral comprehensive exam
- Requirements in specialization
  - ESTU 571, 572, 573, 574, 575, 576, 577 (28)
  - Research Project: ESTU 578, 579, 580, 581

**NOTE:** The program is revising its curriculum at press time. Please confer with the program advisor for information.

## Geology

*College of Sciences and Technology*

### GRADUATE FACULTY

**Babcock, R. S.**, PhD, geochemistry, petrology.  
**Clark, D.H.**, PhD, glacial geology.  
**Crider, J.G.**, PhD, neotectonics, structure.  
**DeBari, S.M.**, PhD, petrology, science education.  
**Engbretson, D. C.**, PhD, tectonics, paleomagnetism.  
**Hansen, T.A.**, PhD, paleontology.  
**Hirsch, D.M.**, PhD, metamorphic petrology, mineralogy.  
**Housen, B.A.**, PhD, geophysics.

**Linneman, S.R.**, PhD, geomorphology, science education.  
**Mitchell, R.J.**, PhD, groundwater hydrology, environmental geology.  
**Schermer, E. R.**, PhD, tectonics, structural geology, geochronology.  
**Suczek, C. A.**, PhD, stratigraphy, sedimentary petrology, tectonics.

#### Emeritus Faculty

**Beck, Myrl E., Jr.**, geophysics, paleomagnetism.  
**Brown, E. H.**, metamorphic petrology, geochemistry.  
**Easterbrook, Don**, geomorphology, glacial geology.  
**Schwartz, Maurice L.**, coastal geology.  
**Talbot, James L.**, structural geology, tectonics.

## MS — GEOLOGY, THESIS

Program Advisor: Dr. R. Scott Babcock, Environmental Studies Center 240, 360-650-3581

### *Program Description and Goals*

The geology department offers an MS degree with a thesis and 45 credits of course work suitable for students wishing any of the geological specialties that can be supervised by its graduate faculty.

#### *Prerequisites*

Students with a bachelor's degree and who meet the requirements of the Graduate School are invited to apply for admission to the graduate program in geology. Students with a BS degree in geology, which includes a recognized geology field course, generally will be offered full admittance the program. Prerequisite course work may be necessary, depending on the applicant's chosen field of study. Applicants without a BS degree in geology will need to take a minimum of 19 quarter credits, including physical geology, stratigraphy or historical geology, crystallography and mineralogy, geomorphology, structural geology and a recognized geology field camp, up to a maximum of 42 geology credits, which may include additional prerequisites in chemistry, physics and math, depending on each individual situation. Students who have not completed these courses before entering the geology MS program must do so and maintain an average of B or better in prerequisite courses before being advanced to candidacy. Courses taken to make up these deficiencies are not counted toward the MS degree.

#### *Application Information*

**Specific Test Requirements:** Graduate Record Examination, General Test.

**Deadline:** The geology department prefers to admit students to enter in fall quarter. Admittance to the program also will depend on the availability of an advisor in the student's area of interest.

**TA Deadlines:** To be considered for a teaching assistantship, application and supporting materials must be on file by January 31.

**Specific Test Requirement:** Graduate Record Exam (GRE)

#### **Supporting Materials:**

- A statement of the student's background and purpose
- Reference letters
- Official transcripts.

### *Program Requirements*

#### *Course Work — Thesis Option*

45 credits; 35 or more credits of graduate-level courses (500- and 600-level) and no more than 10 from 400-level courses. The 600-level credits shall include 12 credits of GEOL 690. The 500-level courses shall include 6 credits of Geol 595.

## GRADUATE SCHOOL

### *Electives in Specialization*

Geology and supporting courses are selected under advisement through the department chair and the chair of the thesis committee. General courses plus specialty courses in economic geology, paleontology, geomorphology, applied geology, hydrogeology, igneous and metamorphic petrology, stratigraphy and sedimentary petrology, and in tectonics, geophysics and structural geology allow a choice of specialties; that choice should be made as soon as possible in the student's graduate career.

### **MEd — NATURAL SCIENCE/SCIENCE EDUCATION**

For program information, see *Natural Science/Science Education* in this section of the catalog.

## History

*College of Humanities and Social Sciences*

### **GRADUATE FACULTY**

**Costanzo, Susan E.**, PhD, Russian/Soviet, Europe.

**Danyusk, Cecilia A.**, PhD, Canada.

**Diehl, Peter D.**, PhD, Medieval, Ecclesiastical, Social.

**Eurich, S. Amanda**, PhD, early modern Europe, France and European social history.

**Friday, Christopher C.**, PhD, Pacific Northwest, U.S. West, immigration and labor, race and ethnicity.

**Gally, Alan**, PhD, colonial and revolutionary America, American South to 1865.

**Garfinkle, Steven J.**, PhD, ancient Near East and Mediterranean, historical theory and methods.

**Helfgott, Leonard M.**, PhD, modern Middle East and modern Europe.

**Jimerson, Randall C.**, PhD, archives and records management, 19th-century U.S.

**Kennedy, Kathleen A.**, PhD, U.S. women's history, political history.

**Leonard, Kevin A.**, PhD, US West.

**Mariz, George**, PhD, European intellectual history, Great Britain.

**Ritter, Harry R.**, PhD, modern Europe.

**Stewart, Mart A.**, PhD, 19th-century U.S., Civil War and Reconstruction, Environmental.

**Thompson, Roger R.**, PhD, China.

**Truschel, Louis W.**, PhD, African history.

**van Deusen, Nancy E.**, PhD, Latin America.

**Wright, Diana E.**, PhD, Japan.

### **Affiliates**

**Joffrion, Elizabeth**, MA, MLIS, Archives.

**Friesen, Kitty**, paper conservator, Archives.

### **FIELDS OF STUDY**

- National, Continental, or Regional Studies
- Ancient, Medieval, Early Modern or Modern Periods
- Comparative History (see graduate faculty areas of specialization)
- Archives and Records Management

### **MA — HISTORY, THESIS AND NON-THESIS**

For further information, contact departmental office, Bond Hall 364, 360-650-3429.

### *Prerequisites*

Admission to graduate status and to graduate courses requires completion of an undergraduate major in history or the permission of the department. Applicants must also complete the general section of the Graduate Record Examination prior to admission to the program.

### *Application Information*

**Admit Quarter:** Students are generally admitted only for the academic year, not summer.

**TA Deadlines:** April 1 for all program specializations. Contact the Graduate School for application forms.

### **Supporting Materials:**

- In addition to the Graduate School application requirements, all history applicants must submit a brief statement of purpose and goals, and a writing sample, such as a research paper or similar example of writing ability.

### *Program Options*

The department offers two programs — Option I (thesis) and Option II (non-thesis):

*Option I (Thesis): Basic Requirements 45 credits*

- HIST 505 (4)
- HIST 690a,b,c [thesis] (12)
- A written thesis prospectus is a prerequisite for 690b registration
- Three courses in a primary field and two in a secondary field
- Elective courses (13)

*Option II (Non-Thesis): Basic Requirements 48 credits*

- HIST 505 (4)
- Three courses in one field and three courses in another, with no more than one 400-level course in each area (maximum 10 credits at the 400 level)
- Submission of three revised graduate seminar papers to a committee of three department faculty no later than week seven of the final term of study. Proposed revisions to be arranged with that committee no later than week seven in the term prior to the final term of study

### *Fields of Study*

Fields of study fall into four broad areas: national, continental, or regional studies; ancient, medieval, early modern, or modern periods; comparative history; and archives and records management. Students who choose Option I are required to complete at least three courses in a primary field and two courses in a secondary field, those fields to be determined in consultation with the graduate advisor and thesis committee chair. Students who choose Option II are required to complete at least three courses in one field and three courses in another, with no more than one 400-level course in each as determined in consultation with the graduate advisor (maximum 10 credits at the 400 level).

### *Electives*

To complete a program in either Option I or II, electives may be chosen, in consultation with the graduate advisor from other seminars, readings courses, 400-level undergraduate courses (maximum of 10 credits) or HIST 500 (in rare cases, only with permission of the graduate advisor).

### *Language Requirement*

The foreign language requirement may be met in one of two ways: by passing an examination approved or administered by the department; or by earning a B grade or higher in the last course of a second-year language program. Courses graded on a pass/no pass basis would not qualify for satisfying the language requirement. Tests and course work taken before entry into the graduate program may be counted if completed within five years of acceptance into the graduate program, or, where appropriate and with departmental permission, a demonstrated

competence in mathematics, statistics, or appropriate computer programs/processes, as determined by advisor.

## GRADUATE PROGRAM IN ARCHIVES AND RECORDS MANAGEMENT

Program Advisor: Dr. Randall Jimerson, Bond Hall 324, 360-650-3139, Rand.Jimerson@wwu.edu

The Department of History offers an interdepartmental graduate program leading to the degree of Master of Arts in history with a concentration in archives and records management. The program has been revised in response to the "Guidelines for the Development of a Curriculum for a Master of Archival Studies Degree," adopted by the Society of American Archivists in 1994. The program is offered in cooperation with the Washington State Archives — Northwest Region and the Center for Pacific Northwest Studies. Students complete an internship at a cooperating archives or records management program, which provides practical experience in professional work. Internships have been available in recent years in governmental, business, academic and historical organizations and agencies throughout the Pacific Northwest and in other regions of the country. Two years minimum are usually required to complete this degree.

### Prerequisites

A baccalaureate degree from an accredited U.S. college or university, or an equivalent degree from a foreign university, with a minimum of 25 credits in history or an allied field, and a grade point average of 3.00. For further information on admission requirements and procedures, contact the program director.

### Requirements 74 credits

- HIST 505 (4)
- HIST 595 (6)
- HIST 594 (4)
- HIST 596 or 598 (4)
- HIST 568 (4)
- HIST 599 a and b (20)
- HIST 690a,b,c (12)
- Three reading or writing seminars in history (12)
- Elective courses (8)

### Electives

Electives, including courses in archives, records management, political science, business administration, library science, or another appropriate discipline, and in history, should be chosen in consultation with the program advisor.

### Thesis Requirement

A thesis is normally required, although in special circumstances a field project may be substituted. Thesis topics involving the history of archives administration and records management, or an emerging problem in these disciplines, are encouraged.

### Language Requirement

The foreign language requirement is the same as for the regular MA in history. Students may demonstrate computer programming competence, in lieu of a foreign language, by completing a three-course sequence (CSCI 112, 202, MIS 314) with final course grade of B or better or as approved by the history faculty.

### Certificate Program

The department also offers a certificate in archives and records

management to students who already possess an advanced degree from an accredited institution and who complete the following course work.

**Admissions:** Students apply to the Graduate School as post-master's degree candidates. Graduate Record Examination scores are recommended, but not required. See other admissions requirements at the beginning of the History section.

- HIST 595 (6)
  - HIST 594 (4)
  - HIST 596 or 598 (4)
  - HIST 599a and b (20)
  - One of the following: HIST 567; 568; 598 or 596 (4)
- Students with a master's degree in a field other than history should complete HIST 505 (4).

## Mathematics

*College of Sciences and Technology*

### GRADUATE FACULTY

Amiran, Edoh Y., PhD, differential geometry, smooth dynamical systems.  
 Byrtek, Michelle L., PhD.  
 Cave, Linda M., PhD, mathematics education.  
 Chalice, Donald R., PhD, Banach algebras, complex dynamics.  
 Chan, Victor, PhD.  
 Craswell, Keith, PhD, statistics.  
 Curgus, Branko, PhD, differential equations, operator theory.  
 Deeney, Megan, PhD, operations research.  
 Gardner, Richard J., DSc, geometry, tomography.  
 Hartenstine, David A., PhD.  
 Hartsfield, Nora, PhD, graph theory.  
 Jewett, Robert I., PhD, harmonic analysis.  
 Johnson, Jerry L., PhD, mathematics education.  
 Johnson, Millie J., MEd, mathematics education.  
 Levin, Richard G., PhD, numerical analysis.  
 Lindquist, Norman F., PhD, coding theory, partition theory.  
 McDowall, Stephen R., PhD, inverse problems.  
 Naylor, Michael E., PhD, mathematics education.  
 Read, Thomas T., PhD, ordinary and partial differential equations.  
 Reay, John R., PhD, combinatorial geometry and convexity.  
 Schreiber, Sebastian J., PhD, biological modeling, dynamical systems.  
 Shen, Yun-qi, PhD, nonlinear differential equations, numerical analysis.  
 Woll, John W., PhD, algebra and probability.  
 Ypma, Tjalling J., DPhil, numerical analysis.

### Prerequisites

To be eligible for admission to the MS program in mathematics, a student should have completed at least the following courses or the equivalent with grades of B or better: MATH 224, 304, 312, 331, CS 141 or MATH 207, and two math courses at the 400 level.

A student who has not completed all of these courses but who can demonstrate strong promise of the ability to succeed in the program may be admitted with special stipulations. In such cases, the graduate advisor will, in consultation with the student, specify the conditions to be satisfied by the student in order to fully qualify for the program.

### Application Information

**Deadline:** Please see Graduate School deadlines.

**TA Deadline:** Preferred consideration will be given to applicants who have complete files by March 1.

**Specific Test Requirements:** Graduate Record Exam, General Test. Contact the mathematics department, 360-650-3785, or see its Web page at [www.ac.wwu.edu/~mathweb/](http://www.ac.wwu.edu/~mathweb/) for specifics.

## GRADUATE SCHOOL

### MS — MATHEMATICS, PROJECT WITH THESIS OPTION

Program Advisor: Dr. E. Y. Amiran, Bond Hall 220, 360-650-3487

The graduate program in mathematics is designed to meet the requirements of subsequent professional and academic work in advanced mathematics. Students are prepared to continue to further graduate studies or for professional employment in industry or in college teaching. The focus is on providing a strong and broad analytical foundation, together with sufficient flexibility to pursue particular interests and areas of application in greater depth.

#### *Program Requirements — MS In Mathematics*

In most cases the student's program must include at least 45 credits (thesis option) or 48 credits (without thesis). At most 10 credits at the 400 level can be included in this total. Students who have taken a significant number of graduate math courses as undergraduates at WWU may complete the graduate program with only 36 additional 500-level credits (details of this program are available from the Department of Mathematics). The following mathematics courses or their equivalents must be completed before graduation: MATH 504, 521, 522, 691 and 690 (for thesis) and at least one course or its equivalent from each of the following four lists:

- MATH 502, 503, 560, 564, 566
- MATH 523, 525, 527, 528, 539, 562
- MATH 535, 542, 545, 547, 548, 570
- MATH 510, 511, 573, 575, 577

The student's program must also include at least four of the following courses: MATH 503, 511, 523, 525, 527, 528, 533, 539, 545, 560, 562, 564, 566, 570, 573, 577.

A student who has not completed a senior-level course in each of the following areas will also be required to include the indicated course or courses as part of his or her program: abstract algebra (401), second course in ordinary differential equations (432), complex analysis (538), probability or statistics (541).

Graduate teaching assistants are required to take Math 595 during their first year of study.

### OTHER REQUIREMENTS

#### *Qualifying Examination for Candidacy*

Each student must pass a qualifying examination before being advanced to candidacy.

#### *Advancement to Candidacy*

Students are advanced to candidacy when they have completed at least 12 hours of approved course work with a B or better GPA, including at least one course numbered 500 or above, and have passed the qualifying examination.

#### *Project*

Every student is required to complete a project (Math 691). The project will involve both an oral examination on the subject of the project and a colloquium presentation to the mathematical community. The project must be completed before a student may elect the thesis option. See the departmental graduate handbook for additional details.

### FURTHER INFORMATION AND ADVICE

Each student is urged to prepare a program of courses in consultation with his or her advisor as soon as possible after beginning work toward a degree. Deviations from the requirements above may be approved by the Graduate Committee upon

request of the student's advisor. For the student's protection, such approval should be obtained before any deviations are made.

A student who wishes to include a course numbered 400, 499, 500 or 599 as part of his or her graduate degree program must obtain approval in advance from the department's Graduate Committee. The Graduate Committee will consider approval on the basis of a detailed written description submitted by the student not later than three weeks before the date of registration. If the course is approved for graduate credit, the description will be retained in the student's file.

## Modern and Classical Languages

*College of Humanities and Social Sciences*

### MED — FOREIGN LANGUAGE EDUCATION, NON-THESIS ONLY (ALL SPECIALIZATIONS)

This program is not currently accepting new students. For further information, contact the department.

## Music

*College of Fine and Performing Arts*

### GRADUATE FACULTY

**Banister, Suzanne**, DMA, music education.

**Briggs, Roger D.**, PhD, composition, orchestra.

**Donnellan, Grant**, MMus, violin.

**Feingold, David**, MMus, guitar, Chair.

**Friesen, John**, DMA, cello, chamber music.

**Gilliam, Jeffrey**, MMus, piano, piano accompanying.

**Guelker-Cone, Leslie**, DMA, choral music, conducting.

**Hamilton, Bruce**, DMus, composition, theory/analysis, electro-acoustic music.

**Israels, Chuck**, BA, jazz studies, ensembles, string bass.

**Meyer, David**, DMus, voice, voice pedagogy, opera production.

**Rutschman, Carla**, PhD, low brass, musicology, brass pedagogy.

**Rutschman, Edward R.**, PhD, musicology, graduate program advisor, theory/analysis, counterpoint.

**Schwede, Walter**, MMus, violin, chamber music.

**Van Boer, Bertil H.**, PhD, musicology.

**Wallace, David**, DMA, instrumental music, conducting.

**Zoro, Eugene S.**, MMus, clarinet, woodwind pedagogy, chamber music.

### MASTER OF MUSIC, THESIS ONLY

Program Advisor: Dr. Edward Rutschman, Performing Arts Center 273

The Master of Music degree consists of a core of courses which serve as a common foundation and a set of more specialized courses in one of five concentrations: composition, music history and literature, performance, conducting and music education. The degree may be used as a preparation for doctoral studies in music, or it may serve as a terminal degree. Minimum credits for each concentration is 45.

The *composition concentration* includes course work in composition, music history, and music theory as well as a thesis (original composition). Ensembles, studio instruction, and course work in conducting are also available.

The *music history and literature concentration* includes seminars in music history, work in notation, courses in music theory, performance with the Collegium Musicum, and a written thesis.

The *performance concentration* includes vocal or instrumental studio instruction, work with small and large ensembles, a recital to satisfy the thesis requirement, and course work in music history and music theory. Pianists may emphasize solo performance or accompanying. Studies in jazz areas are available.

The *conducting concentration* includes course work in conducting, music history, and music theory, and a conducting practicum to fulfill the thesis requirement. Ensembles and studio instruction are also available.

The *music education concentration* includes courses in music education, music history and music theory courses in the College of Education or the Department of Psychology. Ensembles and studio instruction are also available. The thesis can be a written project, a recital or a conducting practicum.

### Basic Requirements for All Concentrations

- MUS 541, 542, 543 (12)
- MUS 503 (4)
- MUS 532 and 533 (6)
- MUS 690 Thesis (6)

All students admitted to graduate study must register for at least one course in the area of basic requirements during each quarter of enrollment until those requirements are fulfilled.

### Requirements and Electives for Each Concentration

#### Composition Concentration

- MUS 534 (12)
- Electives (5)

#### History and Literature Concentration

- MUS 443 [select two] (6)
- MUS 441 (3)
- MUSIC 540 [for three quarters] (6)
- MUS 550 (3)

#### Performance Concentration

Elect one of the following courses in each of three quarters:

- MUS 540, 574, 575, 578, 581, 583 or any approved 400-level or 500-level course(s) (6)
- MUS 511, 512, 513, 514, 515, 518 or 576 (9)
- Electives (2)

#### Conducting Concentration (Choral Conducting, Orchestral Conducting, Band Conducting)

- Conducting Studies (9-17)
  - MUS 501 and 502; and Music 519 or approved 400-level and/or 500-level course(s)
- Basic Musicianship (0-9)
 

Courses to be selected from the following (any not selected under Basic Requirements): MUS 541, 542, 543, 544, 550, 531, 534 and approved 400-level and/or 500-level course(s)
- Applied Music (0-9)
 

MUS 511-515, 518 and/or approved 411-418 course(s)
- Ensemble (0-9)
 

Approved 400-level and/or 500-level ensemble course(s)

#### Music Education Concentration (Instrumental Music Supervision, Choral Music Supervision, Choral Conducting, Orchestral Conducting, Band Conducting)

- Professional Understandings/Techniques (6-9)
 

Courses to be selected from the following: MUS 501, 502, 525 or any approved 400-level or 500-level course(s)
- Basic Musicianship (3-9)
 

Courses to be selected from the following: (any not elected under Basic Requirements) MUS 531, 534, 541, 542, 543, 544, 550, or any approved 400-level or 500-level course(s)
- Applied Music (0-9)

MUS 511-515, 518 or approved 411-418

- Ensemble (0-9)
 

Approved 400-level or 500-level ensemble course(s)
- Guided electives in professional education in education or psychology (3-9)

### Prerequisites and Examinations

*Prerequisite for admission to the MMus program is a BMus degree or its equivalent.*

Students in the *Composition* concentration must submit at least three original compositions for evaluation.

Students in the *Performance* concentration must audition before a faculty committee or submit tape recorded performance for evaluation. Vocal performers must demonstrate competence in German, French and Italian diction.

Students in the *History and Literature* concentration must demonstrate strength in that area by interview with appropriate faculty members.

Students in the *Conducting* concentration must demonstrate ability and experience in conducting by interview with appropriate faculty members. In addition, they must prepare a curricular proposal for approval by an appropriate faculty committee.

Students in the *Music Education* concentration must prepare a curricular proposal for approval by an appropriate faculty committee, subject to final approval by the department.

*Placement examinations* in music theory and music history must be taken prior to beginning the program. Courses necessary to remove deficiencies are not credited toward the degree.

*The Graduate Record Examination.* The General Test is required. Scores should be sent to the WWU Graduate School along with other application materials.

*Students in history and literature concentration* must pass a reading examination in French or German.

*Candidates for the Master of Music degree* must successfully complete a final oral examination.

## Natural Science/Science Education

*College of Sciences and Technology*

### GRADUATE FACULTY

**Acevedo-Gutierrez, Alejandro**, PhD, biology.

**DeBari, Susan**, PhD, geology.

**Donovan, Deborah**, PhD, biology.

**Gammon, Steve**, PhD, chemistry.

**Linneman, Scott**, PhD, geology.

**Miles, John**, PhD, Huxley College of the Environment.

**Myers, O. Eugene**, PhD, Huxley College of the Environment.

**Nelson, George**, PhD, physics.

**Ohana, Chris**, PhD, elementary education.

**Stewart, James E.**, PhD, physics.

**Whitmer, John C.**, PhD, chemistry.

### MEd — NATURAL SCIENCE/SCIENCE EDUCATION

Program Advisor: Dr. James Stewart

#### Program Description

This unique education program is taught by faculty in the sciences and education. It is focused on helping practicing teachers of science advance their careers by improving their instruction through advanced study, research, and field work; gaining familiarity with current research on student learning and new developments in curriculum assessment; and developing

## GRADUATE SCHOOL

their leadership skills. Secondary teachers can specialize in biology, chemistry, geology, physics, or general science. Elementary teachers concentrate on general science with the option of becoming curriculum resource specialists by completing additional requirements. Middle school teachers are invited to enter either the elementary or the secondary program after discussing their options with the program advisor.

### Prerequisites

Students applying for admission to the natural science/science education MEd program are normally expected to have a teaching certificate and to have completed at least one year of teaching in the K-12 system prior to entering the program. Elementary teachers are expected to have completed at least one course in each of the science areas (biology, chemistry, earth science, and physics). Secondary teachers are further expected to have an undergraduate major and a subject endorsement in their area of specialization. (General science teachers should have an endorsement in one or more of the natural sciences. A major in a science field is highly desirable.)

### Application Information

- In addition to the Graduate School-required materials for admission, each student is required to take the Graduate Record Exam (GRE), and submit a statement of personal career goals and reasons for seeking admissions to the program; test scores are not required if an applicant holds an advanced degree.

### Program Requirements

There are two possible tracks toward the MEd in Natural Science/Science Education: Thesis (I:45) or Non-Thesis (II:48)

- Secondary
  - EDU 501, EDF 512, 513 (12)
  - SCED 501, 513 (7), 690a or 690b (I:6-12), 590 or 598 (II:6)
  - Courses under advisement (I:14-20), (II:23)
- Elementary
  - EDU 501, EDF 512, 513 (12)
  - SCED 501, 513 (7), 690a or 690b (I:6-12), 580 (II:4-5)
  - Courses selected under advisement from SCED 500 or 517 series, 582, 583, 584, 592, 593, 594, GEOL 414a and 414b having a science content basis (I or II: 12)
  - Courses under advisement from science education, secondary, elementary, instructional technology, biology, chemistry, geology, or physics and related fields (I:2-8), (II:13-14)
  - Additional requirements for Curriculum Resource Specialist Certificate: SCED 511, 512 (I or II: 6-9)

### Huxley College of the Environment (Elementary, Secondary and Residency)

Program Advisor: Dr. John Miles

For program information, see *Environmental Studies in Graduate School* section of this catalog.

## Physical Education, Health and Recreation

College of Humanities and Social Sciences

### GRADUATE FACULTY

Brilla, Lorraine, PhD, exercise physiology/nutrition.

Caine, Dennis, PhD, lifespan motor development/sports injury epidemiology.  
Chalmers, Gordon, PhD, motor control/learning.  
Clumpner, Roy, PhD, sociocultural aspects of physical education/pedagogy.  
Knutzen, Kathleen, PhD, biomechanics/kinesiology.  
Martin, LeaAnn, PhD, pedagogy/elementary physical education/curriculum.  
Vernacchia, Ralph, PhD, psychology of sport/sociology of sport/motor learning.

## MS — HUMAN MOVEMENT AND PERFORMANCE, THESIS

Program Advisor: Dr. Lorraine Brilla, CV 26  
360-650-3056

### Program Description

Graduate study leading to a Master of Science degree is offered in two areas: exercise science and sport psychology. The purpose of the program is to provide students with the technical and professional knowledge necessary for the assessment and improvement of human movement and performance. Students will be provided with information that will assist them in the design and implementation of programs that enhance human movement and performance. Through independent research and inquiry, students will solve problems associated with human movement and performance.

### Prerequisites

Physical education major/minor or equivalent courses from the exercise science, sociocultural and professional activity areas are required prerequisites for the graduate program. If a student does not have a major or minor, the equivalent courses consist of the following: three courses from the exercise science area (PE 306, 308, 311, 312, 410, 413), two courses from the sociocultural area (PE 320, 321, 324, 422, 424), and two general activity classes (PE 102, 103, 113, 120, 122, 136, 139, 154, 167, 168, 208). These courses may be taken concurrently with graduate courses but must be completed before submitting a thesis proposal. Equivalent courses taken at other institutions may be applied.

Students applying for the sport psychology program must have a minimum of 15 credits in undergraduate psychology courses.

### Application Information

**Admission:** The maximum number of students enrolled into each area is limited. For sport psychology, applicants are accepted in the fall quarter of odd-numbered years. The next admission for sport psychology will be for the 2005-2006 school year. The exercise science area accepts students every year.

**Deadlines:** Please see Graduate School deadlines.

**TA Deadlines:** Preferred consideration will be given to applicants who have complete files by February 15.

### Supporting Materials:

- Students must submit a written statement of purpose outlining areas of interest, goals for graduate study and future career plans relating to the degree.

### Program Requirements

46-50 credits

- Basic Requirements: PE 506, 520, 690 (13-16)

### Exercise Science (50)

- Requirements: PE 510, 513, 540, 543, 544 (20)
- Electives: select 11-17 credits of 500-level courses under advisement. Recommended courses are: PE 502, 507, 511, 533, 541, 546, 592; PSY 512, 513

*Sport Psychology (46)*

- Requirements: PE 541, 542, 551, 592; PSY 511 (19)
- Electives: select 12-15 credits of 500-level courses under advisement. Recommended courses are: PE 502, 507, 511, 513, 533, 540, 543, 544, 546; PSY 502, 504, 512, 513, 521, 524, 526, 527, 528 (14)

## Political Science

*College of Humanities and Social Sciences*

### GRADUATE FACULTY

**Abedi, Amir**, PhD, comparative politics, European politics, parties and party systems.

**Alper, Donald K.**, PhD, Canadian-American studies, American politics.

**Donovan, Todd A.**, PhD, American politics, state and local, elections and representation.

**Chen, Paul**, PhD, law and society, legal philosophy, U.S. Supreme Court.

**Hoover, Kenneth R.**, PhD, political theory, political economy.

**Hsueh, Vicki**, PhD, political theory, history of political thought, race and ethnicity, colonialism and post-colonialism.

**Johnson, Vernon D.**, PhD, comparative politics, development, race and public policy.

**Parris, Kristen D.**, PhD, comparative politics, Chinese politics, East Asian studies.

**Resnick, Adam**, international politics, international political economy, less developed countries.

**Salazar, Debra J.**, PhD, environmental policy and political economy, methodology.

**Singleton, Sara**, PhD, American politics, environmental politics, public policy.

**Weir, Sara J.**, PhD, American politics, public policy, gender issues.

### MA — POLITICAL SCIENCE, THESIS AND NON-THESIS

Program Advisor: Dr. Vernon Johnson, Arntzen Hall 438

The political science department offers a thesis and a non-thesis option leading to the Master of Arts degree in political science.

The thesis option is offered for the student who wishes to do advanced research in a particular area. The program offers four fields of concentration: public policy, comparative politics, American politics, and political theory. Students chooses a major and minor field of concentration for their program.

The public policy specialization is designed primarily for students planning or having careers in public service and for others whose careers involve considerable participation in the public policy process.

Students also may specialize in the environmental policy program, which is jointly offered with Huxley College of the Environment. This specialization is intended for students interested in developing a cognate program involving one field of study (of the four offered) in political science and a field in environmental policy-making studies.

#### *Admissions and Prerequisites*

Students with a bachelor's degree who meet the requirements of the Graduate School and who show evidence of strong academic performance and scholarly potential are invited to apply. Admissions preference is given to students with course work in political science or related social sciences. Entering students should have completed undergraduate course work in American political processes, as well as course work in social science methodology equivalent to PLSC 366, Research in Politics. Any deficiencies must be satisfied during the student's first quarter if possible.

#### *Application Information*

**Deadlines:** To ensure consideration for fall quarter, complete

applications must be received by February 1. Please include a two-page statement of purpose with the application materials requested by the Graduate School.

**TA deadline:** Preferred consideration will be given to applications completed by February 1.

**Specific Test Requirements:** Graduate Record Examination, General Test. Applicants with advanced degrees are not required to submit GRE scores.

### *Degree Requirements*

*Basic Requirements: Thesis and Non-Thesis Options*

All students are required to declare a major and minor field of concentration and take the core course in each. The student must then complete at least two additional 500-level courses in their major field and one more 500-level course in the minor field, as outlined below:

- PLSC 501, 502 (a graduate course in another department, as determined by the political science department, may be substituted for 502)
- Two of the following courses, one from the major field and one from the minor field of concentration:
  - Public Policy:* PLSC 503
  - Comparative Politics:* PLSC 505
  - American Politics:* PLSC 540
  - Political Theory:* PLSC 560
- At least two additional 500-level political science courses in the major field of concentration
- At least one 500-level political science course in the minor field

#### *Electives*

- Courses selected under advisement from 400- and 500-level courses in political science and supporting disciplines; no more than 10 credits may come from 400-level courses, and no more than 10 credits of PLSC 500 (directed independent study) are recommended; all elective courses must be approved by the student's program committee

*Thesis Option (minimum 45 credits)*

#### *Additional Requirements*

- PLSC 690
- Oral defense of the thesis proposal and of the completed thesis

*Non-Thesis Option (minimum 48 credits)*

#### *Additional Requirements*

- Written and oral comprehensive exams in a major and minor field

*Public Policy, Non-Thesis Specialization Only (minimum 48 credits)*

- PLSC 501, 502 (a graduate course in another department, as determined by the political science department, may be substituted for 502), 503, 521, 524 or 525, 540, 550
- With approval of graduate advisor, another 500-level political science course may be substituted for one of the courses listed above
- Elective courses selected under advisement from 400- and 500-level courses in political science and supporting disciplines; no more than 10 credits may come from 400-level courses, and no more than 10 credits of PLSC 500 (directed independent study) are recommended; all elective courses must be approved by the student's program committee
- Written and oral comprehensive examination in public policy field only

## GRADUATE SCHOOL

### MA — POLITICAL SCIENCE (ENVIRONMENTAL STUDIES), THESIS AND NON-THESIS

Curriculum Coordinators: Dr. Debra Salazar, Political Science, Arntzen Hall 420; Dr. Lynn A. Robbins, Huxley College, Arntzen Hall 232

The political science/environmental studies curriculum is a joint offering of the political science department and Huxley College of the Environment. Thesis and non-thesis options are available. The program emphasizes environmental policy and especially the political, economic and social factors which affect environmental policy-making processes.

#### Admission and prerequisites

Admission requirements and prerequisites are the same as for the MA in political science program with additional consideration given to applicants who have a background in environmental studies, natural science, or a related field.

#### Application Information

**Admit Quarter:** New students will be admitted to this program fall quarter only. Admission decisions normally will be made no later than March 15.

#### Degree Requirements

*Basic Requirements: Thesis and Non-Thesis Options*

- PLSC 501, 502 (a graduate course in another department, as determined by the political science department, may be substituted for 502), 524
- The core course from one of the fields of concentration:
  - Public Policy:* PLSC 503
  - Comparative Politics:* PLSC 505
  - American Politics:* PLSC 540
  - Political Theory:* PLSC 560
- At least one other 500-level course in the same field of concentration
- Interdisciplinary environmental studies field to be constructed by the student in consultation with environmental studies curriculum coordinator; must include three environmental studies courses

#### Electives

- Courses selected under advisement from 400- and 500-level courses in political science and supporting disciplines; no more than 10 credits may come from 400-level courses, and no more than 10 credits of PLSC 500 (directed independent study) are recommended; all elective courses must be approved by the student's program committee

*Thesis Option* (minimum 45 credits)

#### Additional Requirements

- PLSC 690 or ESTU 690 (9 credits)
- Oral defense of the thesis proposal and of the completed thesis

*Non-Thesis Option* (minimum 48 credits)

#### Additional Requirements

- Additional 12 credits of course work comprised of the following:
  - At least one more course in the political science major field
  - At least one more course in the environmental studies field, selected in consultation with the environmental studies advisor

- Written and oral comprehensive exams in the political science field (includes an applied section on environmental policy studies)

## Psychology

*College of Humanities and Social Sciences*

### GRADUATE FACULTY

- Byrne, Christina**, PhD, women's issues, violence against women, psychological trauma.
- Crabb, Brian**, PhD, implicit memory, attention and memory, scene perception.
- Cvetkovich, George**, PhD, social psychology, environmental and population psychology.
- Davenport, Jennifer**, PhD, legal psychology, jury decision-making, factors influencing erroneous eyewitness identifications.
- Dinnel, Dale L.**, PhD, teaching and learning mathematics, achievement motivation, social phobia.
- Finlay, Janet M.**, PhD, physiological psychology, biological basis of psychiatric illness.
- Forgays, Deborah K.**, PhD, adolescent decisions about alcohol, females and anger across developmental stages.
- Grimm, Jeffrey W.**, PhD, animal models of drug taking and drug seeking, neurobiology of drug taking and drug seeking.
- Grote, Frederick W., Jr.**, PhD, psychology of child rearing, child psychology and social issues.
- Gruman, Diana**, PhD, school counseling, child and adolescent development, educational psychology.
- Hayden, Davis C.**, PhD, counseling psychology, counseling process research, family therapy, suicide prevention.
- Hayes, Susanna**, PhD, school counseling, cross-cultural counseling, training and consultation with human services organizations.
- Hyman, Ira**, PhD, memory, cognitive psychology, social cognition.
- Kleinknecht, Ronald A.**, PhD, anxiety disorders, phobias and avoidance of medical treatment.
- Lemm, Kristi**, PhD, implicit attitudes.
- Lewis, Arleen C.**, PhD, school counseling, sexual orientation and mental health issues.
- Lippman, Louis G.**, PhD, learning, verbal learning.
- McDonald-Miszczak, Leslie**, PhD, adult development and aging, successful aging.
- Mana, Michael**, PhD, physiological psychology, electrophysiological activity in the locus coeruleus, effects of chronic stress on the central nervous system, development of tolerance to drugs.
- Miller, Laurence**, PhD, experimental psychology, operant conditioning, psychological themes in films.
- Prim, Merle M.**, PhD, subhuman primate behavior, physiological psychology, sensory, comparative.
- Rommel, Ethan**, PhD, cognitive development, theory of mind development in preschool children, child development and social policy.
- Sattler, David**, PhD, natural disasters, social dilemmas, small group research.
- Sue, David**, PhD, clinical community counseling, Asian-American issues, sex therapy.
- Symons, Lawrence**, PhD, perception.
- Thorndike, Robert M.**, PhD, multivariate statistics, measurement, assessment of intelligence.
- Trimble, Joseph E.**, PhD, social, cross-cultural.

### MEd — SCHOOL COUNSELOR, THESIS AND NON-THESIS

Program Advisor: Dr. Arleen Lewis, Miller Hall 279

The MEd school counseling program prepares professional counselors for employment in educational settings and is designed for those students intending to apply for the state certificate in school counseling at the elementary and secondary levels. Certification as a public school teacher is not required for admission to the program. The school counseling program is accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP).

The program contains a thesis option for those students interested in pursuing a research project related to the degree program.

### *Prerequisites*

Courses in general psychology, research methods in psychology or education, and psychology of learning, or a background in professional education.

### *Application Information*

**Deadlines:** Program faculty will begin reviewing application materials after February 1 and will continue to review materials until the enrollment limit is reached or June 1, whichever comes first. Because maximum student enrollment in the program is limited, all applicants are strongly encouraged to submit application materials by February 1. All prerequisites must be completed prior to fall quarter enrollment. Documentation of personal suitability of applicants for counseling is required through statements of personal commitment, letters of reference and interviews where possible.

**TA Deadline:** To be considered for a graduate teaching assistantship, applicants must have their application materials submitted by February 1.

**Specific Test Requirements:** Graduate Record Exam, General Test required; subject in psychology recommended; test scores are not required if an applicant holds an advanced degree

### *Course Requirements (83 credit minimum)*

All students (thesis and non-thesis) in the school counseling program must complete the following courses:

- PSY 502, 504, 531, 532, 551, 553, 554, 555, 556, 557, 558, 560, 561, 564, 565, 570 (4-15), 670 (18-30); EDU 501; EDF 512, 513; thesis students must also complete PSY 690 (minimum 6 credits)

### *Written Examinations*

Each student is required to satisfactorily write an area comprehensive examination; for information contact the program advisor.

### *Retention*

In addition to the Graduate School retention requirements, retention in the School Counseling Program is dependent upon the development of professional competencies in interaction with clients and other professionals, especially as related to practicum assignments. Development of professional counseling competencies is monitored and evaluated on a quarterly basis by the Counseling Program Committee of the Department of Psychology.

## **MS — PSYCHOLOGY**

Program Advisor: Dr. Deborah Forgays, Miller Hall 333

### *Curriculum*

The MS in psychology has two curricular branches — general psychology and mental health counseling. The general program requires a thesis and the mental health counseling program has a thesis option. Particular curriculum requirements for each program are listed below. However, the following information applies to both the general psychology and mental health counseling programs.

### *Prerequisites*

**Mental Health Counseling:** General psychology, statistics through inference and a laboratory course in psychology are

required. Students deficient in prerequisites must satisfy them by the end of their first quarter of study. The following courses are strongly recommended: one course in abnormal or personality; one course in social or developmental; two courses from learning, sensation, perception, motivation and physiological. A course in the history and systems of psychology or in philosophy of science is also recommended.

**General Psychology:** General psychology, statistics through inference, and a course in the history and systems of psychology or the philosophy of science. Students deficient in prerequisites must satisfy them by the end of their first quarter of study. The following courses are strongly recommended: one course in abnormal or personality; one course in social or developmental; two courses from learning, sensation, perception, motivation and physiological. A laboratory course in psychology is strongly recommended.

### *Application Information*

**Admissions Procedures:** Applicants are reviewed for admission to the MS programs in psychology by the curriculum committee corresponding to the curriculum applied for (i.e., general psychology or mental health counseling). Applicants must submit separate and complete sets of materials if applying to more than one curriculum. Applicants are required to submit at least three letters of reference and a questionnaire (for mental health counseling) or personal statement (for general). When it is possible or necessary, students may also be notified for an interview. Students can enroll in only one curriculum. Admission to, and completion of, a specified curriculum will be recorded on each student's transcript.

**Specific Test Requirements:** Graduate Record Examination, General, required; subject in psychology recommended; no test scores are required if an applicant holds an advanced degree.

**TA Deadline:** To be considered for a graduate teaching assistantship, applicants must have their application materials submitted by February 1. Program faculty will begin reviewing application materials after February 1 and will continue to review materials until the enrollment limit is reached or June 1, whichever comes first. Because maximum student enrollment in each program is limited, all applicants are strongly encouraged to submit application materials by February 1.

### *Retention Requirements*

Each candidate should note that the department has requirements affecting retention in the MS program which are in addition to those general requirements of the Graduate School. Among these are the requirements that all admission prerequisites be satisfied by the end of the first quarter of study and that full, continuing enrollment in the required courses be maintained as specified for each curriculum. Grades lower than C- are unacceptable. More than 10 credits of C+ or lower grades removes a student from the master's program. Any course in which an unacceptable grade is earned may be retaken only upon permission of the admission/retention subcommittee, following consultation with the appropriate curriculum coordinator. It is necessary to maintain at least a 3.00 (B) grade point average for all graded course work in order to be retained in the program. Retention in the mental health counseling curriculum is also dependent upon the development of professional competence in interaction with clients and other professionals. Continuous evaluation by the appropriate curriculum committees will be the basis for retention of the student in the mental health counseling curriculum.

## MS IN PSYCHOLOGY — GENERAL PSYCHOLOGY CURRICULUM, THESIS ONLY

Curriculum Coordinator: Dr. Laurence Miller, Miller Hall 346A

The graduate curriculum leading to an MS degree in general psychology is designed to provide basic and fundamental knowledge of the various aspects of experience and behavior. This goal is accomplished through required courses in foundational areas of psychology, statistics and research design, and measurement. Required seminars, thesis work and elective courses in psychology and related areas complete the curriculum.

Students in the 60-credit general psychology curriculum must complete the core course requirements: PSY 501, 502, 503, 504, 505, 510, 511, 512, 513, 583 and 690 (6-12 credits). In addition, students in the general psychology curriculum must complete four seminars from among the following: 520-532, 6 elective credits under advisement.

A concentration offered within the general psychology curriculum is Measurement, Evaluation and Statistical Analysis (MESA). In addition to the course requirements for students in the general curriculum (PSY 501-505, 510-513, 583, 690 (6-12 credits), plus seminars), students will take the following psychology courses: 515, Multivariate Analysis (3); 516, Advanced Research and Evaluation Design and Data Analysis (3); 514, Topics in Quantitative Psychology (3-6); and 530, Seminar in Measurement (3). A thesis on an appropriate topic is also required. Additionally, students will take other electives under advisement and appropriate course work in computer science, depending on prior experience.

The student completing this concentration will gain competencies applicable to areas of employment requiring research design, data analysis, statistical evaluation and computer skills.

## MS IN PSYCHOLOGY — MENTAL HEALTH COUNSELING CURRICULUM, THESIS OPTION

Curriculum Coordinator: Dr. Davis Hayden, Miller Hall 334A

This two-year (93-credit thesis, 91-credit non-thesis) curriculum is designed to prepare students for careers in the field of mental health. The mental health counseling program is accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP). The intent of the mental health counseling curriculum is to provide a general foundation in theoretical and applied perspectives which are used by mental health professionals. Special emphasis is placed on skill development, supervised practica with a variety of clients, and on-site internships in various community and mental health clinics. An important component of the mental health counseling curriculum is exposure to cross-cultural counseling strategies. Attention to work with families and children is also included in the concentration.

All students (thesis or non-thesis) in the mental health counseling curriculum must complete the following core courses: PSY 502, 504, 510, 511, 512 and 583. In addition, thesis students complete either PSY 501 or 503, and 690 (minimum 6 credits). No written examination is required. Non-thesis students enroll in two courses from PSY 501, 503 and 505. In addition, the following courses must be completed: PSY 531, 532, 553, 555, 557, 558, 560, 561, 564, 565, 567, 570 (4-15 credits), 670 (24-30 credits).

### Written examinations

Each student in the non-thesis option is required to satisfactorily write an area comprehensive examination. For information, contact the program advisor.

## Sociology

College of Humanities and Social Sciences

### GRADUATE FACULTY

**Anderson, Kristin**, PhD, gender, domestic violence, family.  
**Bradley, Karen**, PhD, stratification, gender.  
**Bulcroft, Kris**, PhD, gerontology, family, research methods.  
**Bulcroft, Richard**, PhD, family relations, life span development.  
**Crowder, Kyle D.**, PhD, urban sociology, social demography, stratification; family.  
**Cunningham, Mick**, PhD, gender, demography, stratification, family.  
**Helms, Ronald**, PhD, criminal justice, public policy, urban politics.  
**Inverarity, James**, PhD, law, research methods, theory, criminology.  
**Lois, Jennifer**, PhD, social psychology, gender, deviance, family.  
**Richardson, John**, PhD, historical sociology, education, theory.  
**Teachman, Jay** (Chair), PhD, families and public policy, demographic methods, social inequality.  
**Tsunokai, Glenn**, PhD, inequality, race and crime, Asian gangs, deviant behavior.

This program is not currently accepting new students. For further information, contact the Department of Sociology, Western Washington University, 516 High St., Bellingham, WA 98225-9081, 360-650-3006.

## Theatre Arts

College of Fine and Performing Arts

### GRADUATE FACULTY

**Currier, Deb Greer**, PhD.  
**Jordan, Matthew**, MFA.  
**Kuntz, Mark**, MFA  
**Lortz, James**, MFA  
**O'Reilly, Maureen**, MFA.  
**Pulver, Gregory L.**, MFA  
**Emeritus Faculty**  
**Catrell, Dennis**, MA  
**Ward, Thomas E.**, MFA

### MA — THEATRE

Two options lead to the MA degree. The thesis (Option I — 45 credits minimum) is offered for the student primarily interested in research and planning to enter a PhD program or pursue other advanced academic training. Option II (48 credits minimum) is offered for the student planning to enter an MFA program or pursue a career as a professional performer.

### Prerequisites

An undergraduate major in theatre or approval by graduate advisor. A personal interview is required.

### Application Information

**Admit Quarter:** Students are admitted to the summer/fall terms only.

**Specific Test Requirements:** Graduate Record Exam, General Test.

### Core Requirements

All candidates must take the following:

- THA 501 (4)
- THA 522 (4)
- Two courses from THA 528a,b,c,d,e (6)
- THA 570 (4)
- THA 594 (2-5)

### Requirements in Specialty

Courses are offered in six specialties. A student must select a specialty and take courses under advisement of the graduate program advisor.

- Acting  
THA 560, 561, 690 (I) or 691 (II) and 595 (II)
- Creative Education  
THA 550, 551, 690 (I) or 691 (II) and 595 (II)
- Design/Technical Theatre  
Take two from the following: THA 511, 512, 513, 516, and 690 (I) or 691 (II) and 595 (II)
- Directing  
THA 571, 572, 690 (I) or 691 (II) and 595 (II)
- Dramatic Literature and Criticism  
Three additional courses (beyond core) from THA 528a,b,c,d or e, 690 (I) or 691 (II) and 595 (II)
- Playwriting  
THA 585, 586, 690 (I) or 691 (II) and 595 (II)

### Electives

Electives will be selected under advisement. No more than 10 credits of course work at the 400 level may be applied to the MA degree. No more than six credits of Theatre Arts 500 (Independent Studies) may be applied to the MA degree unless special approval is granted in advance by the graduate program advisor.

### Comprehensive Examination

After admission to candidacy, at a time agreed upon by the candidate and the graduate program advisor, the student will take

a comprehensive written and oral examination demonstrating a broad competence in the theatrical and dramatic disciplines and a more detailed knowledge in the student's specialty.

## Faculty/Student-Designed Programs

### MA, MS, MEd

At times students and faculty are able to develop special programs that are more interdisciplinary than the master's programs described in this catalog. In each instance this requires a complete Graduate School application and a proposed plan of study that has been approved by the graduate faculty and departments the student intends to work with and by the University's Graduate Council. At least two or more graduate disciplines must be involved.

Programs of this type are restricted by several factors: current offerings which can provide a basis for the individual program; availability of appropriate faculty for special assignment; the applicant's academic preparation and ability; and the internal logic, or relationship of the elements of the proposed program. Each case is considered on its merits.

For candidates who are currently enrolled as graduate students no more than 15 credits of course work (completed by the end of the quarter the petition is approved) can apply toward the designated program.

Detailed information can be obtained by contacting the Graduate Office. Ask for *Fact Sheet: Faculty/Student-Designed Programs*. Procedures for applying are contained in the *Fact Sheet*.

# COLLEGE OF BUSINESS AND ECONOMICS

Dr. Dennis R. Murphy, Dean

Dr. Brian K. Burton, Associate Dean

## Mission Statement of the College

The College of Business and Economics provides high-quality programs in business and economics, focusing primarily on undergraduate instruction. The College serves the needs of students from throughout the region by offering programs that provide a global perspective, a knowledge of information technology and the ability to apply economic and business principles. The College also offers a general graduate program in business administration and provides instruction to students from other colleges within the University. As a supporting part of this educational mission, the faculty of the College engage in applied, integrative, and pedagogical scholarship and provide services to their profession, the community and the university. The College seeks continuous improvement in the quality of its pedagogy, scholarship and service to its constituents.

## Objective of the College

The College of Business and Economics prepares men and women for positions of leadership and stewardship in the management and administration of complex organizations — from small companies to large multinational enterprises. Students develop managerial skills, analytic economic skills and interpersonal sensitivities, as well as quantitative and accounting skills. All students earning a degree in one of the programs of the college will develop significant understanding of management information systems and computing.

The curriculum is primarily upper-division, based upon a broad liberal arts education. Individual skills are developed sufficiently to achieve entry-level employment in many fields, but the college seeks to motivate and orient the student toward a lifelong learning experience. The College seeks to instill a sensitivity to environmental aspects of business enterprise, promotes a commitment to ethical behavior, and provide a strong emphasis on forward-looking, goal-setting behavior in the business world while encouraging an active role in community leadership.

The College of Business and Economics is accredited by the AACSB International-The Association to Advance Collegiate Schools of Business at both the graduate and undergraduate levels.

## Department Chairs

Professor Julie A. Lockhart ..... Accounting  
 Dr. David M. Nelson ..... Economics  
 Dr. L. Floyd Lewis ..... Decision Sciences  
 Dr. Terrell G. Williams ..... Finance and Marketing  
 Dr. Bruce D. Wonder ..... Management

## Directors

Dr. Brian K. Burton ..... MBA Program  
 Thomas W. Dorr ..... Small Business Development Center  
 Dr. Joseph E. Garcia ..... Center for Excellence  
 in Management Education  
 Dr. L. Hart Hodges ..... Center for Economic  
 and Business Research

Dr. David M. Nelson ..... Center for Economic Education  
 Dr. Steven Globerman ..... Center for International Business

## Academic Programs Leading to Undergraduate and Graduate Degrees

Accounting ..... BA  
 Business Administration ..... BA  
 Economics ..... BA  
 Manufacturing Management ..... BS  
 Master of Business Administration ..... MBA

## Combined Majors

Interdepartmental majors are given in accounting/computer science, accounting/economics, economics/environmental studies, economics/mathematics, economics/political science, economics/social studies, financial economics and politics/philosophy/economics. See departments for details.

## Admissions and Major Declaration

Admission to programs in the College of Business and Economics is selective and based upon prior academic performance and other evidence of high promise. Students may apply for admission to the College concurrently with application to WWU, or at any time subsequent to University admission.

Criteria for admission include:

- Overall high school, college or university GPA
- Test scores
- GPA in any College or University courses appropriate to the study of business or economics
- The number of places available in the students' intended area of interest

Students interested in majoring in economics must consult the economics department section of this catalog. Foundation courses are not required for economics majors. Other applicants who have completed the equivalent of the foundation courses listed below with at least a 2.75 GPA or who have at least a 2.50 cumulative GPA will be assured admission if space is available in the program of choice. Students interested in the BS degree in manufacturing management must consult the decision sciences department.

Students who are admitted to the University but who do not have credentials sufficient for immediate admission to CBE may apply after they have completed the foundation courses.

Following admission to the College, a student is assigned an advisor and is required to consult with that advisor. All students intending to earn a degree in accounting or any area of business must complete the foundation courses comprised of ACCT 240, 245; ECON 206, 207; MATH 157; DSCI 205; MGMT 271 or their equivalent. **Students must either have completed the foundation courses, or have been granted special permission, before they may take most upper-division courses.** It is imperative that students complete these courses in a timely manner, and proper advisement will help assure this.

Students may enroll in lower-division courses and selected upper-division courses without formal admission into the College of Business and Economics.

### Admission Process

Students must be admitted to Western Washington University before making application to the College of Business and Economics. Students who are interested in applying to the College of Business and Economics should contact the College directly. Inquiries may be directed to: College of Business and Economics, Western Washington University, 516 High Street, Bellingham, WA 98225-9072, or by phone: 360-650-3896.

Applications will be processed in the order received, with every effort being made to inform the student of the outcome of the process in a timely manner. The College places great emphasis on short cycle times for these processes.

### World Wide Web Page

Information concerning admission and application to the College of Business and Economics is available on the World Wide Web at [www.cbe.wvu.edu](http://www.cbe.wvu.edu).

### Retention

Majors in any College program who have received an academic warning from the University or who have been placed on academic probation must have written permission from the appropriate department to register for upper-division courses.

### Requirements for Bachelor's Degree

Besides the general requirement for graduation from the University, explained elsewhere in this catalog, the College of Business and Economics has the following specific requirements:

- At least 50 percent of the business credit hours required for the business degree must be taken at Western Washington University**
- Electives may be selected as needed to ensure the required 180 quarter hours total credit, except that majors in accounting and business administration must complete a minimum of 90 credits in areas other than accounting, business administration and economics beyond the principles
- Communication.** All students must consult their advisor regarding writing and communications requirements; all CBE majors are required to take one communication focus and one writing proficiency course, both within the College of Business and Economics, prior to graduation

Students are reminded that up to 32 hours of upper-division credit are elective. This provides significant opportunity to include courses in the arts, sciences and humanities. Early discussion with a CBE faculty advisor is strongly encouraged.

**Petitioning Procedure.** Any student who seeks either a variation from the strict application of the rules, regulations or requirements of the College, or a student-designed major from among the departments of the College, may petition the dean.

### Minor

In addition to the majors provided by the five departments, a minor makes an excellent addition to a specialized program in other areas of the University. This gives relevant, realistic and

applicable qualities to those valuable skills developed in other more abstract and theoretic departments. The combination of a minor with a major in speech, English, journalism, foreign languages or with other liberal arts majors provides an additional strength and resource to the individual's skills and educational development. See departments for details on minors.

### Special Programs

**Small Business Development Center (SBDC).** The SBDC provides individual counseling to small business firms, conducts research into general small business problems, and develops and offers educational programs geared to the needs of persons operating small businesses. Any small business firm, community group or individual may request assistance. There is no charge for the management and technical assistance services of SBDC counselors.

**Center for Economic Education.** The Center for Economic Education, coordinated by the Economics Department, is involved in providing economic knowledge, data and teaching aids to the grade schools and high schools throughout the state. Affiliated with the Washington State Council on Economic Education, this center assists in raising the standards of economic literacy of the state.

**Center for Economic and Business Research (CEBR).** This center undertakes research activities related to developing a better understanding of the economic and business climate of the Pacific Northwest. The center is developing and maintaining an economic database for the area, has developed a regional model that will assist in forecasting certain economic variables for the region, and responds to specific research request from local public and private entities.

**Center for Excellence in Management Education (CEME).** This center, through faculty, student and industry partner involvement, is committed to enhancing teaching and learning in fields of business, economics, and related disciplines in colleges and universities.

**Center for International Business.** The Center for International Business provides opportunities for faculty and students to deepen their understanding of international business management techniques and issues through a variety of activities including lectures and seminars, research projects, course curricula development and field studies.

**Small Business Institute (SBI).** The Small Business Institute provides free advice to small businesses. Students can become involved and earn college credit while studying actual enterprises and helping local businesses solve problems.

**Internships** are available through individual departments. These can provide college credit for on-the-job work experience.

### Departments, Courses and Programs

Courses listed in this General Catalog constitute a record of the total academic program of the University. For an exact scheduling of courses at Western, students should consult the annual *Timetable of Classes*, the *Summer Bulletin* and the University Extended Programs' bulletins.

# ACCOUNTING

[www.cbe.wvu.edu/acct](http://www.cbe.wvu.edu/acct)

Accounting is an important tool used by managers of economic organizations to plan, control and report financial activity. A thorough knowledge of accounting is, therefore, necessary to understand the operation and financial condition of any business, nonprofit organization or governmental agency.

The Department of Accounting offers a broad program of accounting courses which, coupled with required and elective courses in economics and business administration, provides the graduate with a sound educational foundation for an accounting career or post-graduate studies.

The accounting graduate can expect to find employment in a number of areas including private business, public accounting, not-for-profit organizations or governmental units. An accountant in private business or governmental service will typically work in such areas as cost analysis, taxation, auditing, accounting systems or cash management. Careers in public accounting typically involve work in taxation, auditing or management advisory services.

The accounting curriculum also provides a theoretical foundation for students who plan to take examinations to become a Certified Public Accountant (CPA) or a Certified Management Accountant (CMA).

Students are urged to consider the variety and breadth of career opportunities available to the accounting graduate when they select their accounting elective courses.

Electronic spreadsheet competence is required in some 300/400-level accounting courses.

For those students planning to take the CPA exam, the state of Washington requires additional education. Please see the Web site at [www.cbe.wvu.edu/acct](http://www.cbe.wvu.edu/acct) for details.

## DEPARTMENTAL MISSION

The Department of Accounting provides high-quality, balanced accounting education to majors and other undergraduate and MBA students. Quality teaching is our most important function. We engage students in the development of communication, conceptual and technical skills. To exemplify an enthusiasm for professional activity, faculty maintain their own intellectual curiosity and community awareness. Accordingly, faculty are active scholars and contribute positively to students' experience, and to the department, college, university, profession and community service.

Our objectives support the combined mission of teaching, scholarship and service.

## Teaching

- Integrate a broad range of accounting skills with an appreciation of ethical, cultural and environmental issues as they relate to accounting and business law
- Promote oral and written communication, computer, research and group skills
- Prepare students to become productive accounting and business professionals
- Review and modify the curriculum to meet changing societal needs

## Scholarship

- Produce, apply and disseminate knowledge in accountancy and business law and in the pedagogy of these disciplines. Faculty are encouraged to pursue scholarly projects that suit their professional talents and interests consistent with the mission of the College of Business and Economics

## Service

- Serve the professional and broader communities

## DECLARATION OF MAJOR

See the *College of Business and Economics* introductory section of this catalog for declaration of major procedure.

## ACCOUNTING FACULTY

**JULIE A. LOCKHART** (1982) Chair and Professor. BS, MS, University of Illinois; CPA, state of Illinois; CMA.

**DAVID L. GILBERTSON** (1998) Associate Professor. BS, University of Southern California; MBA, University of Montana; PhD, University of Utah; CPA, state of Montana; CMA.

**MARGUERITE R. HUTTON** (1989) Professor. BBA, MPA, University of Texas at Arlington; PhD, University of Houston; CPA, states of Texas and Washington.

**TAMARA K. KOWALCZYK** (2001) Assistant Professor. BBA, St. Edward's University; MBA, University of Texas at Austin; PhD, Texas A&M University; CPA, state of Arizona.

**MARY ANN REYNOLDS** (1996) Associate Professor. BS, Brigham Young University; PhD, University of Utah.

**WILLIAM M. SAILORS** (1974) Associate Professor. BSME, University of Illinois; MBA, MS Engr., University of Southern California; CPA, states of Washington and California.

**GEORGE D. SANDERS** (1995) Associate Professor. BS, Louisiana State University; MBA, University of New Orleans; PhD, The University of Alabama; CPA, state of Louisiana.

**WILLIAM R. SINGLETON** (1976) Professor. BBA, Memphis State University; MBA, University of Portland; PhD, University of Hawaii; CPA, state of Washington.

**STEVEN H. SMITH** (2001) Assistant Professor. BBA, Iowa State University; MS, Oklahoma State University; PhD, Arizona State University; CPA, state of Iowa.

**AUDREY G. TAYLOR** (2002) Assistant Professor. BA, Smith College; MBA, University of Tennessee; MIE, PhD, Wayne State University; CPA, state of Michigan.

**DANIEL M. WARNER** (1978) Professor. BA, JD, University of Washington; MA, Western Washington University.

## COMMUNICATIONS REQUIREMENTS

All accounting majors are required to take one communication focus (CF) and one writing proficiency (WP) course, both within the College of Business and Economics, prior to graduation. Consult the *Timetable of Classes* for the specific course sections that fulfill the CF and WP requirements.

## BACHELOR OF ARTS

### Major — Accounting

104 credits

- ACCT 240, 245, 321, 331, 341, 342, 343, 375, 461, 470
- 16 upper-division accounting credits under advisement
- DSCI 205
- ECON 206, 207, 309

- FIN 341
- MATH 157
- MGMT 271, 311, 482, 495
- MKTG 380
- OPS 360

### *Combined Major — Accounting/Computer Science*

109 credits

- ACCT 240, 245, 321, 331, 341, 342, 461
- ACCT 421 or CSCI 430
- CSCI 141, 145, 211, 241, 311, 341, 342, 344
- DSCI 205
- ECON 206, 207, 309
- FIN 341
- MATH 157
- MGMT 271, 311, 482, 495
- MKTG 380
- OPS 360

### *Combined Major — Economics/Accounting*

100 credits

This major is designed for students wishing to obtain a strong preparation in both economics and accounting and especially those who intend to go into careers in business. It is an excellent undergraduate major for students wanting to pursue graduate study for the MBA. Completion of the CBE foundation courses is requested to declare this major.

- ECON 206, 207, 303, 306, 307, 311
- ECON 208 or MATH 157 or equivalent
- 8 additional credits in upper-division economics courses, under departmental advisement
- ACCT 240, 245, 321, 341, 342, 343
- 8 additional credits in upper-division accounting courses, under departmental advisement
- DSCI 205 or equivalent
- FIN 341
- MGMT 271, 311, 482
- MGMT 495 or 492
- MKTG 380
- OPS 360
- One communication focus course and one writing proficiency course must be taken, both within the College of Business and Economics

### *Minor*

24 credits

- ACCT 240, 245, 341, 342
- 8 additional credits in accounting under advisement

### **COURSES IN ACCOUNTING (ACCT)**

*Courses numbered X37; X97; 300, 400, 417, 445 are described on page 31 of this catalog.*

#### **240 FINANCIAL ACCOUNTING (4)**

An introduction to the theory and practice of accounting and financial reporting. Topics include the accounting cycle, financial statements and accounting for assets, liabilities, equities, revenues and expenses.

#### **245 MANAGERIAL ACCOUNTING (4)**

Prereq: ACCT 240. An introduction to the use of accounting information

by managers. Topics include the use of accounting information for planning and control, performance evaluation, decision-making, and the statement of cash flows, along with financial statement analysis.

#### **321 ACCOUNTING INFORMATION SYSTEMS I (4)**

Prereq: ACCT 245, MIS 220 or equivalent. An introduction to the subject of information system's role in accomplishing the objectives of financial accounting, managerial accounting, tax accounting and auditing. Systems covered include manual accounting, computerized accounting, and Internet electronic commerce applications. Additional topics include internal controls, systems analysis, systems design and systems implementation.

#### **331 COST MANAGEMENT (4)**

Prereq: ACCT 245, DSCI 205, MIS 220 or equivalent. Procedures used for classifying, recording, summarizing and allocating current, and estimated costs for planning, controlling and reporting purposes.

#### **341 INTERMEDIATE ACCOUNTING THEORY AND PRACTICE I (4)**

Prereq: ACCT 245. An in-depth study of accounting theory and practice for students who require more than introductory coverage. Both conceptual and application topics are studied.

#### **342 INTERMEDIATE ACCOUNTING THEORY AND PRACTICE II (4)**

Prereq: ACCT 341. Accounting principles related to stockholders' equity matters, investments, revenue recognition, deferred taxes, pension plans, leases, and preparation and analysis of financial statements.

#### **343 INTERMEDIATE ACCOUNTING THEORY (4)**

Prereq: ACCT 342. A study of the accounting theory underlying current practice. Existing and emerging issues in accounting.

#### **375 INCOME TAXATION I (4)**

Prereq: ACCT 240. Taxation of individuals and sole proprietorships. Introduction to tax planning and sources of authority of tax law.

#### **421 ACCOUNTING INFORMATION SYSTEMS II (4)**

Prereq: ACCT 321. Principles and techniques of database technology as applied to modern accounting information systems, uses of database technology for transaction processing and analysis. Systems documentation techniques and the auditing of computerized accounting systems. Format will be lecture, discussion, computer presentations and computer lab assignments.

#### **431 TOPICS IN MANAGEMENT ACCOUNTING (4)**

Prereq: ACCT 331. Focuses on responsibility accounting, performance measurement and evaluation, and budgeting and control in various types of organizations. Additional topics may include quantitative methods in decision making and other current issues in management accounting.

#### **435 SEMINAR IN COST MANAGEMENT (4)**

Prereq: ACCT 331. Provides an in-depth study of cost management systems. Topics include activity-based management, Japanese cost management techniques, and strategic cost management.

#### **441 ADVANCED ACCOUNTING THEORY AND PRACTICE (4)**

Prereq: ACCT 342. An introduction to business combinations and fund accounting. Partnerships, SEC reporting, interim reports and other topics.

#### **447 ACCOUNTING IN NOT-FOR-PROFIT ORGANIZATIONS (4)**

Prereq: ACCT 342. An examination of accounting and financial reporting in governmental and not-for-profit entities and an introduction to the use of accounting information in the management of these organizations.

#### **451 INTERNATIONAL ACCOUNTING (4)**

Prereq: ACCT 343. Analysis of accounting for multinationals; area studies of accounting and financial reporting standards; and an evaluation of the international accounting harmonization effort.

#### **461 AUDITING THEORY AND PRACTICE (4)**

Prereq: ACCT 321, 343. Theory and practice related to the auditing environment, including general audit technology, programmatic applications and reporting obligations.

#### **462 ADVANCED AUDITING (4)**

Prereq: ACCT 461. In-depth exposure to a variety of aspects of the theory and practice of professional auditing. Topics may include auditing theory and research, economic function of audits, professional standards and mapractice, new auditing techniques and services. Cases, readings, individual research, and discussion.

#### **470 LAW OF COMMERCIAL TRANSACTIONS (4)**

Prereq: MGMT 271. Legal principles underlying the law of contracts, sales,

## ACCOUNTING

---

secured transactions, real property security, bankruptcy and suretyship.

### **475 INCOME TAXATION II (4)**

Prereq: ACCT 375. Taxation of corporations and partnerships. Advanced topics in tax planning and compliance.

### **477 TAX RESEARCH AND PLANNING (4)**

Prereq: ACCT 375. An in-depth look at tax research and tax planning. Students will gain proficiency in tax research and apply this skill to a variety of federal taxation issues and case studies.

### **484 ENVIRONMENTAL ACCOUNTING (4)**

Pre- or co-req: ACCT 331, 343, 375. An in-depth analysis of accounting for the natural environment. Readings, discussion and case analyses cover

current issues, such as financial reporting and disclosure, management decision making and evaluation techniques, taxation and the profession's role in environmental issues.

### **490 INTERNSHIP IN ACCOUNTING (1-2)**

Prereq: CBE major; ACCT 341; GPA of at least 2.75 in 300- and 400-level accounting courses and approval of internship coordinator. Practical application of academic curriculum beyond that contained in normal undergraduate course work. Internship may not be substituted for a required or elective accounting course.

*See the Graduate School section of this catalog for a description of the MBA program.*

# DECISION SCIENCES

The Department of Decision Sciences (DSCI) provides the opportunity for study in two related fields of business administration. The primary fields include Management Information Systems (MIS) and Operations Management (OPS). Additional course work is provided in Quantitative Methods. These fields cover a variety of responsibilities in both public and private organizations. Graduates from the decision sciences department will have completed a broad business program plus a wide range of nonbusiness subjects, reflecting the department's belief that education should prepare students for satisfying achievements in life as well as business.

## PROGRAM OBJECTIVES

Departmental programs have been designed to prepare students for leadership roles in business and the community. The educational objectives of the department are to:

- ❑ Offer innovative undergraduate and graduate curricula that reflect state-of-the-art knowledge in our areas of expertise
- ❑ Prepare students with the necessary skills and knowledge for professional careers
- ❑ Provide students with opportunities to improve their communication, team, and problem-solving skills to work effectively with different organizations and cultures
- ❑ Encourage students to develop critical thinking skills and an appreciation of intellectual inquiry
- ❑ Contribute to our disciplines by creating, publishing and presenting significant scholarly research in the individual fields
- ❑ Provide professional services to regional, national, and international academic institutions, businesses, professional organizations, and government agencies
- ❑ Encourage and support student professional organizations

## DEPARTMENTAL MISSION

The mission of the Department of Decision Sciences is to advance and disseminate knowledge in management information systems, manufacturing and supply chain management, and quantitative methods. The DSCI department provides high-quality educational programs, publishes theoretical and applied research, and serves university, professional, and community organizations.

## THE CURRICULUM

Development of the department's curriculum has been guided by the standards of the AACSB International (the Association to Advance Collegiate Schools of Business). Students normally devote most of the freshman and sophomore years of study to completion of the General University Requirements (GURs) and the business administration major foundation courses. Several foundation courses satisfy GURs, and careful planning can save time for additional elective course work. Electives that emphasize oral and written communication skills are particularly recommended.

The junior and senior years are devoted primarily to upper-division core requirements and elective course work. The Department of Decision Sciences offers two degrees: a Bachelor of Arts in Business Administration and a Bachelor of Science in Manufacturing and Supply Chain Management.

Within the BA in Business Administration, students may choose to concentrate their major electives in management information systems, manufacturing and operations management, or general business. Students who wish to complete a concentration must pay close attention to class scheduling because of prerequisites and limited offerings of some courses.

## BUSINESS APPLICATIONS SOFTWARE

The use of personal computer systems to assist in data management, analysis and reporting of results is widespread in the curriculum of the decision sciences department. Students are expected to have some proficiency in word processing, spreadsheet and database software at the time they enter upper-division decision sciences classes. This proficiency can be gained through several means, including formal class work at a university or community college, work experience, or commercially offered classes. Proficiency can also be demonstrated by passing an exam which is offered for this purpose each quarter. Students who have not otherwise gained these skills are expected to register in MIS 220 prior to their registration in DSCI 305 or MIS 320.

## COMMUNICATIONS REQUIREMENTS

All business majors are required to take one communication focus (CF) course and one writing proficiency (WP) course prior to graduation, both within the College of Business and Economics. Consult the *Timetable of Classes* for the specific course sections that fulfill the CF and WP requirements. The requirements normally may be met by taking designated sections of required core or concentration courses, but may be met by taking any other designated CBE course as well.

## STUDENT ADVISING

For answers to routine questions concerning preparation and progress through the major, students should consult the decision sciences department *Planning Guide*, available in Parks Hall 343. Nonroutine questions should be directed to the department chair. Questions concerning individual areas of study should be directed to faculty who teach in that area. After the declaration of a major, a student will be assigned a faculty adviser with whom the student must consult concerning mandatory and elective courses in the chosen major and concentration. The faculty adviser may also be a source of information concerning career objectives and opportunities.

## DECLARATION OF MAJOR

See the *College of Business and Economics* introductory section in this catalog for complete procedures regarding major declaration. Applicants who have at least a 2.5 cumulative GPA in all college-level course work or at least a 2.75 GPA in the equivalent of the foundation courses will be assured of admission if space is available in the department program of choice.

## ENROLLMENT PRIORITIES

Because of high student demand for many business administration program courses, the department must give enrollment priority to students for whom these courses are requirements rather than electives. Priority is given to majors in the College of Business and Economics and other declared

## DECISION SCIENCES

majors for whom the classes are required.

### FACULTY

**L. FLOYD LEWIS** (1983) Chair and Professor. BA, California State University, Sacramento; MS, San Jose State University; PhD, University of Louisville.

**DAVID J. AUER** (1980) Lecturer. BA, MA, Western Washington University.

**DEEPINDER S. BAJWA** (1999) Assistant Professor. BE, University of Mysore; MBA, PhD, Southern Illinois University at Carbondale.

**JOHN "J.D." DOUGLASS** (1994) Lecturer. BA, Washington College; MBA, Western Washington University.

**STEVEN GANZ** (2001) Lecturer. BA, University of California, Santa Barbara; MS, University of Alberta; MBA, Western Washington University.

**PETER HAUG** (1986) Professor. BA, State University of New York at Fredonia; MA, University of Maine; MBA, College of William & Mary; MPhil, University of Edinburgh; PhD, University of Washington.

**JERE HAWN** (2001) Manufacturing and Supply Chain Management Program Manager. BA, Western Washington University; BS, Naval Post Graduate School; MBA, Western Washington University.

**STELLA HUA** (2002) Assistant Professor. BS, Shanghai Jiao Tong University; MBA, Baylor University; PhD, University of Wisconsin-Madison.

**ILHYUNG KIM** (2004) Assistant Professor. BS, MS, Seoul National University; MBA, Oregon State University; PhD, University of California, Los Angeles.

**LEE E. MCCLAIN** (1991) Lecturer. BA, MA, University of Missouri; MBA, University of Pennsylvania.

**KRAIG K. PENCIL** (2000) Lecturer. BA, Occidental College; MBA, Western Washington University.

**STEVEN C. ROSS** (1989) Associate Professor. BS, Oregon State University; MS, PhD, University of Utah.

**J. CHRISTOPHER SANDVIG** (2001) Assistant Professor. BS, University of Oregon; MBA, UCLA Graduate School of Management; PhD, University of Washington.

**MARK C. SPRINGER** (1987) Associate Professor. BA, University of Cincinnati; MBA, PhD, Vanderbilt University.

**CRAIG K. TYRAN** (2001) Associate Professor. BS, MS, Stanford University; MBA, UCLA Graduate School of Management; PhD, University of Arizona.

**ZHE GEORGE ZHANG** (2000) Associate Professor. BS, MA, Naukai University; MBA, York University; PhD, University of Waterloo.

### BACHELOR OF ARTS

#### *Major — Business Administration (Decision Sciences)*

91-92 credits

Foundation Courses (28 credits)

- ACCT 240, 245
- ECON 206, 207
- DSCI 205
- MGMT 271
- MATH 157

Core Courses (36 credits):

- ECON 309
- DSCI 305
- MIS 320
- OPS 360
- FIN 341
- MKTG 380
- MGMT 311, 482, 495

Concentration Electives (27-28 credits):

- Students may select one of the faculty-recommended concentrations listed below or may choose to have no concentration and complete 27 to 28 credits under advisement

#### *Concentrations*

##### *Management Information Systems*

- MGMT 313 or OPS 461 or MIS 492; MIS 321, 322, 421, 495

- Select 8 credits from upper-division MIS courses, DSCI 405, OPS 461 or ACCT 421; other upper-division courses (including computer science) may be possible under advisement

- Familiarity with an additional programming language highly recommended

**NOTE:** All MIS students must take MIS 322 — CSCI 140 is not an acceptable substitute. Students should talk to their advisers about other CSCI courses that may be appropriate as a second programming language.

#### *Operations Management*

- MGMT 313  
 OPS 460, 461, 463, 465, 468  
 One course under advisement

#### *Minor — Business Administration*

40 credits

- ACCT 240, 245  
 MGMT 271, 311  
 DSCI 205; FIN 341; MKTG 380  
 ECON 206, 207  
 MATH 157

### BACHELOR OF SCIENCE

#### *Major — Manufacturing and Supply Chain Management*

131-132 credits

The Department of Decision Sciences' unique Manufacturing and Supply Chain Management program focuses on more than the traditional operations management curriculum. It is the product of a cooperative effort between faculty and industry which has resulted in a curriculum that combines leadership, technology, and operations management. Students majoring in the program receive an integrated professional education. It is structured to provide them with the necessary social, technical and practical skills, and the experience to directly contribute to the leadership and continuous improvement of manufacturing operations. Students must undergo an interview with program faculty and have earned a GPA of 3.0 or above in the 38 credits of foundation courses listed below. Students failing to satisfy these requirements may petition for an exception with program faculty.

Foundation Courses (38 credits)

- ACCT 240, 245
- CHEM 115
- ECON 206, 207
- DSCI 205
- MGMT 271
- MATH 157
- PHYS 114

Core Courses (74 credits)

- ECON 309
- ETEC 110, 111, 220
- DSCI 305
- FIN 341
- MGMT 311, 313, 482
- OPS 360, 460, 461, 463, 465, 468, 469
- MIS 320

- MKTG 380
- MGMT 495 or MGMT 491 and 492\*
- Two practica (8 credits)
- Three courses under advisement (11-12 credits)

\*These two courses would substitute for MGMT 495 and one of the courses selected under advisement.

### Minor — Manufacturing and Supply Chain Management

27-28 credits

- MGMT 311
- OPS 360 (including prerequisites) or ETEC 327 (including prerequisites)
- OPS 460, 463
- Select 3 courses from MGMT 313; OPS 461, 466, 467, 468

## COURSES IN DECISION SCIENCES

**NOTE:** Not all courses are offered every year. Several elective courses are offered only once each year. See the **Timetable of Classes** for current offerings. Consult department for answers to specific questions.

### General Courses (DSCI)

#### 205 BUSINESS STATISTICS (4)

Prereq: MATH 157 or equivalent. Statistical methods used in business research, analysis and decision making; preparation and presentation of data, frequency distributions, measures of central tendency and dispersion, statistical inference, regression and correlation.

#### 305 APPLIED BUSINESS STATISTICS (4)

Prereq: DSCI 205. Applications of business statistics to research, analysis, and decision making in business. Regression, correlation, analysis of variance, and nonparametric tests, with emphasis on the use of business-oriented computer statistical packages.

#### 405 SIMULATION MODELS FOR DECISION MAKING (4)

Prereq: DSCI 305 or equivalent. Introduction to building computer-based simulation models for business decision making. Data collection and input analysis, model building of both Monte Carlo and discrete event simulations, output analysis and validation, and experimental design. Development of computer models to solve complex business problems in MIS, operations, finance, or marketing.

### Management Information Systems (MIS)

#### 220 INTRODUCTION TO BUSINESS COMPUTER SYSTEMS (2)

Prereq: ACCT 240 or declared economics major. Introduction to use of commercial software packages for business applications, including spreadsheet analysis, word processing, data management, and communications. S/U grading.

#### 304 INTRODUCTION TO WEB SITE DEVELOPMENT (4)

Prereq: MIS 320. Covers basic Web site design, navigation, and construction. Topics include HTML, JavaScript, page layout, site navigation, cascading style sheets, server-side includes, designing search engines, and site testing.

#### 313 COMPUTER HARDWARE AND OPERATING SYSTEMS (4)

Prereq: MIS 320. Understand the hardware components commonly found in networked PC work stations and servers and the operating systems that control them. Diagnose common hardware problems. Install or replace PC components. Install and configure PC operating systems. Diagnose and troubleshoot common OS problems. Manage system resources, including memory, directories and files. Configure network and Internet connectivity.

#### 314 FUNDAMENTALS OF WEB SITE DEVELOPMENT AND MANAGEMENT (4)

Prereq: CSCI 112. Introduction to server-side programming. Topics include reading and writing to databases, database normalization, structured query language (SQL), data management, security, maintenance management, and Web usability. Each student constructs an interactive, database-driven Web site.

#### 320 PRINCIPLES OF MANAGEMENT INFORMATION SYSTEMS (4)

Prereq: MIS 220 or equivalent. Describes the role of MIS in management,

including current professional practices and methodologies. Includes presentation of systems theory, decision theory, organizational models, types of MIS, planning and MIS development.

#### 321 SYSTEMS ANALYSIS AND DESIGN (4)

Prereq: MIS 320 or ACCT 321. Use management information systems techniques to solve managerial and organizational problems of limited complexity. Includes solving formal analytic problems and implementing solutions using MIS development techniques. Includes supervised structured laboratory exercises.

#### 322 BUSINESS APPLICATIONS DEVELOPMENT (4)

Prereq: MIS 320; pre- or co-req: MIS 321. Business application development using an object-oriented language. Design of user interfaces and integration with other development platforms such as spreadsheets and databases.

#### 323 TELECOMMUNICATIONS (4)

Prereq: MIS 320. Analysis and design of telecommunications systems, including those on the Internet. Topics include network design and management, telecommunications concepts and management, and network and telecommunications tools.

#### 324 INTERMEDIATE WEB SITE DEVELOPMENT AND MANAGEMENT (4)

Prereq: MIS 314 or permission of instructor. Intermediate server-side programming. Topics include data management, XML, security, reusability, scalability and reliability. Students refine their skills by constructing Web sites that utilize XML for data sharing.

#### 421 BUSINESS DATABASE DEVELOPMENT (4)

Prereq: MIS 322. Overview of database use in modern business organizations. Alternative data models and normalization of data. Database design methodologies. Development of a database application using commercial software in microcomputer environment.

#### 422 MANAGEMENT SUPPORT SYSTEMS (4)

Prereq: MIS 322. Use of modern information system technologies to support the decision-making activities of managers. Introduces several major types of MSS, including Decision Support Systems, Group Support Systems, and Executive Information Systems. Student teams use modern application development software to build a prototype MSS following appropriate design techniques.

#### 423 NETWORK ADMINISTRATION (4)

Prereq: MIS 321, 323. Theory and principles, design, implementation, and management of local area network systems, including predominant networking products and technologies.

#### 424 E-COMMERCE SYSTEMS MANAGEMENT (4)

Prereq: MIS 324. Covers both the theories and tools needed to build and manage e-commerce sites. Specific topics include e-commerce business models, marketing, security, hosting options, secure-transactions, Web server installation and configuration, Web services and interfacing with legacy systems.

#### 431 ADVANCED BUSINESS DATABASE SYSTEMS (4)

Prereq: MIS 322, 421. Design, development, implementation and administration of server-based database management systems. Database queries from client, administrative, and Web-based systems. Instruction in both theory and practice.

#### 432 EXPERT SYSTEMS IN BUSINESS (4)

Prereq: MIS 321 or ACCT 321. Use of artificial intelligence concepts in the development of systems for expert decision making, with application to business problems. Review and use of selected commercial expert systems software packages.

#### 491 PRACTICUM IN MANAGEMENT INFORMATION SYSTEMS (4)

Prereq: MIS 321 and permission of instructor. Information systems related to employment, research or special project experience. Emphasis on applying information systems principles and techniques in an academically guided setting. Minimum requirements include a written proposal, journal, and a comprehensive final report. Repeatable to a maximum of 12 credits, only four of which may be applied to the MIS concentration.

#### 492 SYSTEMS IMPLEMENTATION PROJECT (4)

Prereq: MIS 322 or 421 or 422 or 432. Solve an information system problem using project management and IS methodologies. Apply project management techniques in a group project environment. Develop systems

## DECISION SCIENCES

documentation, implement system, and present completed project report.

### **495 CORPORATE INFORMATION SYSTEMS MANAGEMENT (4)**

Prereq: MIS 321; pre- or co-requisite: one 400-level MIS elective. Case study of the current and potential applications of information technology to enhance the competitive posture of the corporation. Uses of information technology throughout the organization; management and control of the information technology function.

### **Operations Management (OPS)**

#### **360 OPERATIONS MANAGEMENT (4)**

Prereq: DSCI 205, ACCT 245 and spreadsheet competence. Examines the concepts for designing, planning and improving manufacturing and service organizations. Topics include enterprise resource planning, facility layout, forecasting, queuing models, inventory management, lean manufacturing, total quality control, and project management.

#### **367 MANAGEMENT OF SERVICE OPERATIONS (4)**

Prereq: OPS 360. Concepts and techniques for designing, planning and controlling service operations. Topics include service site location, service facilities design, managing capacity and demand in service operations, work force scheduling, the queuing phenomenon, and the impact of new technology on service operations.

#### **460 DESIGNING AND IMPROVING OPERATIONS (4)**

Prereq: OPS 360. Examines project planning and the design of integrated, lean manufacturing systems. Covers critical path method (CPM), program evaluation and review technique (PERT), production systems, process and capacity analysis, value stream mapping, facility layout and location, and cellular manufacturing.

#### **461 PROJECT MANAGEMENT (4)**

Prereq: OPS 360. Examines the organization, planning, and controlling of projects and provides practical knowledge on managing project scope, schedule and resources. Topics include project life cycle, work breakdown structure and Gantt charts, network diagrams, scheduling techniques, and resource allocation decisions. Concepts are applied through team projects and tutorials using project management software.

#### **463 ENTERPRISE RESOURCE PLANNING SYSTEMS (4)**

Prereq: OPS 360. Examines the principles and techniques for planning and managing resource use in a manufacturing facility. Topics include demand management, inventory management, master scheduling, material and capacity planning, and lean/just-in-time manufacturing.

#### **464 MANUFACTURING MANAGEMENT PRACTICUM (4)**

Prereq: OPS 360 and permission of instructor. Manufacturing management-related employment, research or special project experience. Emphasis on applying manufacturing management principles in an academically guided setting. Minimum requirements include a written proposal, a daily journal, and a comprehensive final written report. Repeatable to a maximum of 12 credits; eight of these may be applied to the manufacturing management major.

#### **465 QUALITY MANAGEMENT (4)**

Prereq: OPS 360. Examines the principles and techniques for managing and improving quality in a manufacturing facility. Topics include new product design control, incoming material control, manufacturing process control, and continuous quality improvement.

#### **466 SUPPLY CHAIN MANAGEMENT (4)**

Prereq: OPS 360. Examines the principles and practices for designing and managing integrated supply chain operations. Investigates the interrelationships among customer service, supplier selection, quality, procurement, manufacturing, and logistics.

#### **467 GLOBAL OPERATIONS STRATEGY (4)**

Prereq: OPS 360. Analysis of issues, problems, and techniques experienced in managing global operations. Topics include global supply chain management, plant location decisions, production planning, technology transfer, and foreign manufacturing systems.

#### **468 MANUFACTURING STRATEGY (4)**

Prereq: OPS 360. Reviews manufacturing management principles and techniques and examines current topics in global manufacturing operations. Topics include enterprise resource planning, lean manufacturing principles, total quality management, gemba kaizen, and continuous process improvement.

#### **469 SEMINAR IN MANUFACTURING MANAGEMENT (4)**

Prereq: OPS 360 and permission of instructor. Operations management theory and concepts applied to current manufacturing operations problems combined with field-based study.

# ECONOMICS

In a world without scarcity, economics as a field of study would be unnecessary. The most challenging task of economics is the study of how to best use resources in the satisfaction of human wants. Today, more than ever, the problems agitating society are predominantly economic. The problems of inequality, discrimination, pollution, energy, growth and stagnation are heavily economic, as are their solutions. Whether as intelligent citizens or as professional economists, we need the perspective and analysis of economics to understand and deal with the realities of life in the 21st century.

With appropriate preparation, particularly in the areas of economic theory, statistical methods and computer-assisted data analysis, the career opportunities for young economists are diverse. Economists are most typically employed at all levels of government, in the nation's banking and financial institutions, other business firms, labor organizations, and as researchers and teachers in the educational system. One of the most dynamic career areas for economists has been in business. Business economists are typically involved in planning and forecasting, production and market analysis, pricing, and government policy analysis. While various employment opportunities are available to the university graduate with a baccalaureate degree, the person who wishes to pursue a high-powered career as a professional economist should plan to do some graduate study.

## INFORMATION

The department's faculty and staff invite questions about the program and career opportunities for economics majors. Interested persons are invited to visit the department office in Parks Hall 315 or to telephone (360) 650-3910. Written inquiries should be directed to the Department of Economics, Western Washington University, Bellingham, WA 98225-9074. E-mail: Theresa.Gresley@wwu.edu. Web site: [www.cbe.wwu.edu/deptHome.asp?dept=ECON](http://www.cbe.wwu.edu/deptHome.asp?dept=ECON).

## DEPARTMENTAL MISSION

The mission of the department is to provide students with an understanding of economic concepts and the functioning of the economy, and to equip them with the ability to apply economic analysis in problem solving. The department strives to provide a major program which gives students rigorous training in both economic theory and applications. The department plays an integral role in offering courses that are a component of Western's General University Requirements and that are part of other undergraduate and graduate programs in the college and in the University. The department views the conduct of research in economics, and applied research in particular, to be an integral part of its instructional mission. In addition, the department strives to serve both the profession and the community and to help raise the level of economic awareness among the public at large.

## THE CURRICULA

The economics program at Western provides several options under the Bachelor of Arts degree.

The economics major requires a foundation in economic theory and quantitative skills and provides opportunities for pursuing in depth a number of important areas within

economics, most notably environmental and resource economics.

### *Combined majors*

A combined major is available as an option to students whose educational or professional interests may best be furthered by an integrated curriculum from two disciplines. A combined major may be fulfilled by the completion of requirements stipulated by both the economics department and a department with which Economics has established arrangements. A plan of study must be approved by both departments for completion of the major. Combined majors already exist with accounting, environmental studies, mathematics, philosophy and political science. Pending final approval, majors in financial economics and economics/social studies are also available. Students are encouraged to explore the possibility of combining economics with such fields as anthropology, Canadian/American studies, environmental science, foreign languages, history, journalism, psychology, sociology, and urban and regional planning.

Students must consult with an advisor prior to the selection of a major option or the selection of elective credits in other departments of the College of Business and Economics to be included as part of the economics major.

## DECLARATION OF MAJOR

Students must have achieved a 2.50 college GPA to declare a major in economics. Completion of the CBE Foundation courses is not required to declare a major in economics, except for the economics-accounting combined major. Students planning to major in economics should declare their major as early as possible, preferably during their first year at Western. Early declaration is costless and in no way restricts the student's options for changing plans later, but it provides many benefits. Advantages include faculty advising for help in program planning, registration priority for certain upper-division courses, access to computer facilities, and protection against possible future catalog revisions that change degree requirements. Declared majors also are eligible for the departmental tuition/fee waiver scholarship and other departmental awards. Transfer students should contact the department prior to registering to be certain that they enter the course sequence correctly with the appropriate course equivalents from other institutions.

## ECONOMICS FACULTY

Typically all economics faculty on ongoing appointments hold the PhD degree and are engaged in research and consulting activities at the local, state, national and international level. Faculty members have a commitment to quality teaching, personalized student contact and student advisement.

**DAVID M. NELSON** (1977) Chair and Professor. BA, Whitworth College; MA, PhD, University of Oregon.

**YVONNE DURHAM** (2000). Assistant Professor. BA, University of Wyoming; MA, PhD, University of Arizona.

**MOHEB A. GHALI** (1993) Professor and Vice Provost for Research and Dean of the Graduate School. BCom, Cairo University; MA, University of California; PhD, University of Washington.

**STEVEN GLOBERMAN** (1994) Kaiser Professor of International Business and Director of the Center for International Business. BA, Brooklyn College;

## ECONOMICS

MA, University of California, Los Angeles; PhD, New York University.  
**DANIEL A. HAGEN** (1988) Professor. BA, MA, PhD, University of California, Berkeley.  
**JULIA HANSEN** (1988) Professor. BA, University of Vermont; MA, PhD, University of California, Berkeley.  
**K. PETER HARDER** (1970) Professor. BA, University of Puget Sound; MA, PhD, University of Nebraska.  
**MARY ANN HENDRYSON** (1989) Lecturer. BA, MA, University of Denver.  
**STEVEN E. HENSON** (1985) Associate Professor. BA, California State University; MS, PhD, University of Oregon.  
**L. HART HODGES** (2000) Assistant Professor and Director of the Center for Economic and Business Research. BA, Williams College; MS, Duke University; PhD, University of Washington.  
**JOHN KRIEG** (2000). Assistant Professor. BA, Northwestern University; MA, PhD, University of Oregon.  
**DENNIS R. MURPHY** (1979) Professor and Dean of the College of Business and Economics. BA, MA, Western Washington University; PhD, Indiana University.  
**MATTHEW R. ROELOFS** (1997) Associate Professor. BA, Calvin College; MS, PhD, Purdue University.  
**ALLAN G. SLEEMAN** (1977) Associate Professor. BSc (Econ), London School of Economics; PhD, Simon Fraser University.  
**PAUL A. STORER** (1996) Associate Professor. BA, MA, University of Toronto; PhD, University of Western Ontario.  
**PAMELA WHALLEY** (1985) Lecturer. BA, MA, Indiana University.

### BACHELOR OF ARTS

#### *Major — Economics*

66 credits

- ECON 206, 207, 208, 303, 306, 307, 375
- DSCI 205 or equivalent
- MIS 220 or CSCI 101
- 32 credits of electives in the College of Business and Economics, under departmental advisement; at least 24 of these credits must be in economics; a minimum of 16 of these 24 credits must be at the 400 level
- One communication focus and one writing proficiency course must be taken, both within the College of Business and Economics

#### *Major — Financial Economics*

94-95 credits

This major is designed for students interested in both economics and finance, and is aimed particularly at those who wish to pursue careers in corporate finance, financial analysis, insurance and real estate, and/or government agencies where special emphasis is placed on financial economic knowledge.

- ECON 206, 207, 208, 303, 306, 307, 311, 375
- 12 credits of economics electives under departmental advisement; a minimum of 8 economics credits must be at the 400 level
- FIN 341, 440, 441, 444 (financial economics majors only may substitute ECON 375 for DSCI 305 as the prerequisite for FIN 441)
- 12 credits of upper-division finance electives under departmental advisement; a minimum of 8 of these credits must be at the 400 level
- ACCT 240, 245, 341, 342
- CSCI 101 or MIS 220
- DSCI 205 or equivalent
- One communications focus course and one writing proficiency course, both within the College of Business and

Economics; these courses can be taken as part of the above requirements or electives

#### *Minor — Economics*

24 credits

- ECON 206, 207
- Additional courses selected under departmental advisement

#### *Combined Major — Economics/Mathematics*

98-99 credits

This major is suitable for students who wish considerable depth in both disciplines, and is particularly recommended as preparation for graduate study in economics.

- ECON 206, 207, 208, 303, 306, 307, 406 or 407, 475
- 16 additional credits in upper-division courses in economics, of which 4 credits must be a communication focus class, under departmental advisement. 8 of these 16 credits must be at the 400 level
- MATH 124, 125, 224, 225, 226, 304
- MATH 203 and 303; or MATH 204 and 331
- MATH/CSCI 435
- MATH 341, 342; or MATH 441, 442
- CSCI 140 or 141 or MATH 207

#### *Combined Major — Economics/Accounting*

100 credits

This major is designed for students wishing to obtain a strong preparation in both economics and accounting and especially those who intend to go into careers in business. It is an excellent undergraduate major for students wanting to pursue graduate study for the MBA. Completion of the CBE foundation courses is required to declare this major.

- ECON 206, 207, 303, 306, 307, 311
- ECON 208 or MATH 157 or equivalent
- 8 additional credits in upper-division economics courses, under departmental advisement
- ACCT 240, 245, 321, 341, 342, 343
- 8 additional credits in upper-division accounting courses, under departmental advisement
- DSCI 205 or equivalent
- FIN 341
- OPS 360
- MKTG 380
- MGMT 271, 311, 482
- MGMT 495 or 492
- One communication focus course and one writing proficiency course must be taken, both within the College of Business and Economics

#### *Combined Major — Economics/Political Science*

94 credits

This major is available for students who have a strong interest in both of these disciplines and whose career interests lie in fields such as government or law.

- ECON 206, 207, 208, 303, 306, 307, 310
- DSCI 205 (or equivalent)
- 12 additional credits in upper-division economics courses, under departmental advisement
- PLSC 250; 271 or 291; 360, 372, 462
- ECON/PLSC 491 (or approved alternative)

- A minimum of one course from each of these areas: PLSC 320 or 427 or 468; 345 or 346 or 347; 463 or 465
- 8-9 additional credits in upper-division political science electives, to complete the total required 94 credits of this program
- One communication focus course must be taken

### *Combined Major — Economics/Environmental Studies* 90 credits

This major is available for students who have a strong interest in problems of the environment and natural resources and who may contemplate graduate work, or careers, focused on the environment and natural resources.

Students need to consult the Huxley College of the Environment section of this catalog for information on prerequisites.

- ECON 206, 207, 208, 303, 306, 307, 383, 384, 483
- DSCI 205 or equivalent
- ESTU 301, 436, 464, 468
- Approved Environmental Science core course (see Huxley advisor for approved list)
- Approved Huxley capstone course
- One of the following: EGEO 310, 312, 340
- ECON/ESTU 493 or 4 credits of ESTU 499
- 15 credits of electives in economics or environmental studies, under faculty advisement
- One communication focus course must be taken

### *Combined Major — Politics/Philosophy/Economics* 84-85 credits

A multidisciplinary major designed to provide a solid grounding in disciplines that are critical to decision making and leadership in economic, political and social service institutions.

- ECON 206, 207, 303
- 16 additional upper-division economics credits
- PLSC 250, 360
- One course from each group:
  - PLSC 271, 291
  - PLSC 320, 427
  - PLSC 345, 346, 347
  - PLSC 462, 463, 465, 469
- PHIL 102, 112, 114, 310, 320, 350, 360, 364, 420
- One communication focus course must be taken

### *Combined Major — Economics/Social Studies* 90 credits

This major is open to any student, but is specifically designed for students desiring to pursue a career in teaching.

#### **Economics courses (50 credits)**

- ECON 206, 207, 208, 303, 306, 307
- DSCI 205 or equivalent
- MIS 220 or CSCI 101
- One communication focus course in economics
- Electives in economics under departmental advisement to complete the required 90 credits of the major, at least 8 credits must be at the 400 level. (19 or 20 credits, includes communication focus course.)

#### **Social Studies courses (40 credits)**

- ANTH 201 or one of SOC 221, 251, 260, 268
- EGEO 201 and two additional geography credits
- PLSC 250
- HIST 103 and 104 and 391
- 12 credits in history, including one course in world or Western or Pacific Rim or civilization

A 2.0 (C) minimum course grade is required in each course taken in the major.

To receive a recommendation for state of Washington certification, students must complete the "teacher certification" program, including the content methods course Sec 426, which is offered by the Department of Secondary Education 1) as a part of the undergraduate BA degree, or 2) as a post-baccalaureate program, or 3) as a part of the Master's in Teaching program. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

Completion of this combined major leads to an endorsement in social studies. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

#### **PREREQUISITES**

Prerequisites for a particular course indicate its level of analysis and tool requirements. The exceptional student who has already acquired these skills elsewhere, or who can readily acquire them, must secure special permission for enrollment from the instructor.

#### **COURSES IN ECONOMICS (ECON)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

##### **206 INTRODUCTION TO MICROECONOMICS (4)**

Prereq: MATH 102 or equivalent. An overview of the modern market economy as a system for dealing with the problem of scarcity. Operation and decision-making of economic units; supply, demand and resource allocation; analysis of various market and industry structures; shortages, controls, social costs and benefits; international trade; comparative systems.

##### **207 INTRODUCTION TO MACROECONOMICS (4)**

Prereq: ECON 206 or 446; MATH 102 or equivalent. An overview of the modern market economy as a system for dealing with the problem of scarcity. The analysis of relationships among such variables as national income, employment, inflation and the quantity of money. The roles of government expenditure, taxation and monetary policy; international finance; economic development.

##### **208 INTRODUCTION TO ECONOMIC MODELING (4)**

Prereq: ECON 206 and 207; MATH 124 or 157 or concurrent enrollment. Introduction to the use of algebra and differential calculus in the formulation and comparative statics of simple micro and macroeconomic models. ECON 208 is designed for majors. Nonmajors must obtain permission of the instructor before registering.

##### **301 ECONOMICS ISSUES (4)**

Prereq: ECON 206 and 207. Applies the tools and concepts learned in introductory micro and macro economics to a variety of contemporary issues. Emphasizes verbal and written communication skills through active participation in classroom activities. Enrollment priority given to economics majors. (Communications focus course.)

##### **303 THE HISTORY OF ECONOMIC THOUGHT (4)**

Prereq: ECON 206 and 207. Development of economic thought from the Greek philosophers to the present. Emphasis on the micro, macro and critical traditions in economics following Adam Smith.

##### **306 INTERMEDIATE MICROECONOMICS (4)**

Prereq: ECON 206; ECON 208 or MATH 157 or equivalent. An analytical approach to the consumer, the firm and markets. The theory of pricing under conditions of perfect and imperfect market structures; the theory of factor markets.

## ECONOMICS

---

### **307 INTERMEDIATE MACROECONOMICS (4)**

Prereq: ECON 207; ECON 208 or MATH 157 or equivalent. Examination of the factors that determine the level of income, employment, output and prices in an economic system. Review and analysis of recent U.S. economic policy and performance.

### **309 MANAGERIAL ECONOMICS (4)**

Prereq: ECON 206; MATH 157 or ECON 208. Application of economic principles to managerial decision making. Demand, costs and market structure and their relation to pricing, product choice and resource allocation. Cannot be counted towards majors in economics.

### **310 PUBLIC FINANCE (4)**

Prereq: ECON 206 and 207. The efficiency, equity and stabilization impacts of public expenditure and revenue programs; emphasis on problems and institutions at the national level.

### **311 MONEY AND BANKING (4)**

Prereq: ECON 206 and 207. The nature and functions of money and the role of depository institutions and central banks in affecting the supply of money and credit in the U.S. Considers the changing U.S. financial environment and the influence of monetary policy on interest rates, prices and the overall level of economic activity.

### **317 EUROPEAN ECONOMIC HISTORY (4)**

Prereq: ECON 206 and 207. Examines the development and industrialization process in Europe, emphasizing the main topic of what caused the industrialization process in each country. Countries to be studied include England, France, Germany and Russia.

### **325 LABOR MARKET ECONOMICS (4)**

Prereq: ECON 206. Economics of the labor market, including labor force participation, racial and sexual discrimination, the role of unions, collective bargaining, investments in human capital, and the structure of compensation.

### **333 INTRODUCTION TO GAME THEORY (4)**

Prereq: ECON 206. An analytical approach to the study of strategic interaction. Development of basic theory, including topics such as Nash equilibrium, repeated games, credibility, and mixed strategies. Applications will include markets and competition, auction design, voting, and bargaining.

### **343 POPULATION, ENVIRONMENT, AND WORLD AGRICULTURE (4)**

Prereq: ECON 206. Utilizes economic principles to understand the interactions among population growth, food demand, agricultural development, and natural resource utilization, degradation, and conservation.

### **364 TOPICS IN CANADIAN ECONOMIC HISTORY (2)**

Prereq: ECON 206. Selected issues in the development of the Canadian economy from the 17th century to the present. Examines the importance of resources, agriculture and transportation in the economic growth of Canada.

### **365 THE CANADIAN ECONOMY (4)**

Prereq: ECON 206 and 207. Examination of 20th-century Canadian economic policy. Topics focus on current economic issues in Canada.

### **375 INTRODUCTION TO ECONOMETRICS (4)**

Prereq: ECON 206, 207, 208; MATH 341 or DSCI 205. Use of statistical methods to estimate and test economic models. Theory and application of multiple regression techniques, with emphasis on the problems arising in the analysis of economic data.

### **380 URBAN ECONOMICS (4)**

Prereq: ECON 206. Economic forces behind urban development, with emphasis on location decisions of households and firms. Economic analysis of urban problems including land use, transportation, housing and urban public finance.

### **381 AMERICAN ECONOMIC HISTORY (4)**

Prereq: ECON 206 and 207. American economic development from 17th century to present. Emphasis on resource endowment, social and economic conditions and institutions, growth and development processes, and the role of government.

### **383 ENVIRONMENTAL ECONOMICS (4)**

Prereq: ECON 206. Explores the economic basis of environmental issues and policies. An examination of property rights, externalities and the common-property basis of environmental problems. Alternative policies are analyzed, involving such issues as air and water pollution, solid-waste

disposal, hazardous substances, wilderness preservation and the protection of endangered species.

### **384 ENERGY ECONOMICS (4)**

Prereq: ECON 206. The role of energy in the economy and key aspects of energy supply and demand. Topics include the interrelationships among energy use, economic growth, and the environment; conservation; solar and "unconventional" energy sources; world oil markets; regulation of gas and electric utilities; and U.S. energy policy.

### **385 COMPARATIVE ECONOMIC SYSTEMS (4)**

Prereq: ECON 206 or 207. A comparative analysis of the major world economic systems, including a critical appraisal of underlying philosophies, economic theories, structures, and performance. Includes case studies of specific economies, and the study of reform and transformation of economic systems, especially capitalism and socialism.

### **388 ECONOMICS OF THE EUROPEAN UNION (2)**

Prereq: ECON 206 and 207. The European Union (EU) is the most advanced case study in multinational economic integration of our time. Topics covered include the theory of economic integration, institutions of the EU, various policy and agenda issues of the 1990s, and a look at EU economic relations with the U.S. and world economies.

### **389 ECONOMIES OF THE PACIFIC RIM (2)**

Prereq: ECON 206 and 207. The Pacific Rim treated as a distinct economic region. Topics include economic development patterns, interdependence, and economic achievements and problems. Specific emphasis on trade, development and policy relations involving the U.S., Japan and the so-called newly industrialized countries.

### **390 INTERNSHIP IN ECONOMICS (2-10)**

Prereq: Declared major in economics department and eligibility outlined in departmental internship policy statement. Repeatable to a maximum of 10 credits.

### **406 TOPICS IN MICROECONOMICS (4)**

Prereq: ECON 306; ECON 208 or equivalent; DSCI 205 or MATH 341 recommended. Application of quantitative and theoretical tools in key areas of microeconomics, with emphasis on quantitative models of the consumer, cost and production analysis of the firm, and market analysis. Special topics may include choice under uncertainty, capital markets, game theory, general equilibrium theory, and the economics of information.

### **407 TOPICS IN MACROECONOMICS (4)**

Prereq: ECON 307; ECON 208 or equivalent; DSCI 205 or MATH 341 recommended. Examination of current issues in macroeconomic theory and policy. Emphasis on recent U.S. experience, with particular attention given to inflation, unemployment, growth and the balance of payments. Includes extensive reading in current professional journals.

### **442 INDUSTRIAL ORGANIZATION AND PUBLIC POLICY (4)**

Prereq: ECON 306 or 309. A study of firms and the markets in which they operate. Considerable emphasis placed on strategic interaction among firms. Topics include mergers, predatory pricing, advertising, patents, vertical relationships and antitrust.

### **446 ECONOMICS FOR THE TEACHER (3)**

Prereq: teaching experience or current or expected enrollment in teacher education program. Presentation of basic microeconomic concepts including the operation and decision-making of households and businesses in a market economy. Special consideration is given to the development of classroom teaching strategies involving the use of games, simulations and audiovisual aids.

### **447 METHODS FOR TEACHING ABOUT THE NATIONAL ECONOMY IN THE PUBLIC SCHOOLS (3)**

Prereq: ECON 206 or 446, plus teaching experience or current or expected enrollment in a teacher education program. Forces affecting the overall levels of output, employment and prices in the U.S. economy. The economic effects of government policies involving taxes, spending and the money supply. Special consideration is given to the development of classroom teaching strategies involving the use of games, simulations and audiovisual aids.

### **462 INTERNATIONAL TRADE (4)**

Prereq: ECON 306 or 309. The theory of international trade. Alternative approaches for explaining the pattern and terms of trade. An examination of the gains from trade and commercial policy. Includes issues of protectionism, economic integration and strategic trade policy.

**463 INTERNATIONAL FINANCE (4)**

Prereq: ECON 311; Econ 307 strongly recommended. Balance of payments, adjustment mechanisms, international monetary system and international interdependence. Topics include determinants of exchange rate policy, the relationship between domestic monetary and exchange rate policies, and international policy coordination.

**470 ECONOMIC FLUCTUATIONS AND FORECASTING (4)**

Prereq: ECON 306 or 307; ECON 375 or MATH 342. Theory and techniques of forecasting economic trends at the macro, micro and regional levels. Application of regression and time-series methods using PC econometric/forecasting software.

**475 ECONOMETRICS (4)**

Prereq: ECON 306 or 307; ECON 375 or MATH 342 or MATH 442. Further topics in econometrics. Coverage may include systems of simultaneous equations, discrete-choice models, time series analysis, panel data, flexible functional forms, and nonparametric methods.

**483 RESOURCE ECONOMICS (4)**

Prereq: ECON 306 or 309. Principles of efficient resource allocation over time, distributional equity and cost/benefit analysis. Examines minerals and other exhaustible resources; forests, fisheries and other renewable resources; and public goods such as water and wilderness.

**491 ISSUES IN POLITICAL ECONOMY (4)**

Prereq: senior status in the economics/political science combined major, or an economics major and political science minor, or permission of instructor. Discussion and analysis of selected issues of significant economic and political content. Also offered as PLSC 491.

**493 SENIOR SEMINAR: ECONOMICS, THE ENVIRONMENT AND NATURAL RESOURCES (4)**

Prereq: senior status in economics/environmental studies combined major. Discussion and analysis of selected issues in the economics of the environment and natural resources. Also offered as ENVR 493.

# FINANCE AND MARKETING

The Department of Finance and Marketing provides the opportunity for study of business administration relating to financial and marketing management. These fields cover a variety of responsibilities in both public and private organizations. An emphasis on breadth, general knowledge and analytical skills pervades all levels of the undergraduate curriculum. Graduates from the finance and marketing department will have completed a broad business program plus a wide range of nonbusiness subjects, reflecting the department's belief that education should prepare students for satisfying achievements in life as well as business.

## PROGRAM OBJECTIVES

Departmental programs have been designed to prepare students for leadership roles in business and the community. The educational objectives of the department are to:

- Encourage intellectual inquiry
- Provide students with the perceptual and analytical skills necessary in making decisions and evaluating policy in business
- Develop student understanding of the social, economic and regulatory environment of business
- Enhance educational opportunities through research activities of faculty and students

The program is designed for students with a variety of career goals including opportunities with financial institutions, manufacturing and retail firms, service industries and the public sector.

## DEPARTMENTAL MISSION

The department contributes core courses to the undergraduate majors in business and the MBA program. In addition, we maintain a diverse set of specialty courses, both domestic and global in orientation, necessary to service the department's undergraduate concentrations and provide a variety of electives for MBA students. Course work is offered by a predominantly doctorally qualified faculty who pride themselves in their availability and personal attention to students in teaching and advising. Our educational philosophy encourages intellectual inquiry and involves students in their own education through internships, projects, case studies and presentations. The department views scholarly activity as an integral part of its instructional mission. This scholarship, both theoretical and applied, helps to maintain the currency of faculty and provides opportunities for assistance from students. Also, we provide service to our professional organizations, the University, and the community.

## THE CURRICULUM

Development of the department's curriculum has been guided by the standards of the AACSB International – The Association to Advance Collegiate Schools of Business. Students normally devote most of the freshman and sophomore years of study to completion of the General University Requirements (GURs) and the business administration major foundation courses. Several foundation courses satisfy GURs, and careful planning can save time for additional elective course work. Electives that emphasize oral and written communication skills are particularly recommended.

The junior and senior years are devoted primarily to upper-division core requirements and elective course work. The department offers concentrations in finance and marketing. Students who wish to complete a concentration must pay close attention to class scheduling because of prerequisites and limited offerings

of some courses. Additional specific information can be found at the department Web site, [www.cbe.edu/fmkt](http://www.cbe.edu/fmkt).

## *Business Applications Software*

The use of personal computer systems to assist in data management, analysis and reporting of results is widespread in the curriculum of the finance and marketing department. Students are expected to have some proficiency in word processing and spreadsheet software at the time they enter upper-division finance and marketing department classes. The proficiency can be gained through several means, including formal class work at a university or community college, work experience or commercially offered classes. Students who have not otherwise gained these skills are expected to register in MIS 220 prior to their registration in DSCI 305, MIS 320, FIN 341, and MKTG 380. Additional specific information can be found at [www.cbe.edu/fmkt](http://www.cbe.edu/fmkt).

## COMMUNICATIONS REQUIREMENTS

All business majors are required to take one communication focus (CF) course and one writing proficiency (WP) course prior to graduation, both taken within the College of Business and Economics. Consult the *Timetable of Classes* for the specific course sections that fulfill the CF and WP requirements. The requirements may normally be met by taking designated sections of required core or concentration courses, but may be met by taking any other designated CBE course as well.

## STUDENT ADVISING

For answers to routine questions concerning preparation and progress through the major, students should consult the finance and marketing department *Planning Guide*, available in the finance and marketing department office and the department Web site. Nonroutine questions should be directed to the department chair or the department's administrative services manager. Questions concerning individual areas of study should be directed to faculty who teach in that area.

After the declaration of a major, a student will be assigned a faculty advisor with whom the student must consult concerning mandatory and elective courses in the chosen major and concentration. The faculty advisor may also be a source of information concerning career objectives and opportunities.

## DECLARATION OF MAJOR

See the *College of Business and Economics* introductory section of this catalog for complete procedures regarding major declaration. Applicants who have completed the college foundation courses and have at least a 2.5 cumulative GPA in all college-level course work or at least a 2.75 GPA in the equivalent of the foundation courses will be assured of admission, if space is available in the department program of choice.

## ENROLLMENT PRIORITIES

Because of high student demand for many business administration program courses, the department must give enrollment priority to students for whom those courses are requirements rather than electives. Priority is given to majors in the College of Business and Economics and other declared majors for whom the classes are required.

**FINANCE AND MARKETING FACULTY**

**TERRELL G. WILLIAMS** (1990) Chair and Professor. BS, MS, University of Wyoming; PhD, University of Arizona.  
**LINDA M. ALVARADO** (1999) Lecturer. BA, University of California at San Diego; MBA, Western Washington University.  
**EARL D. BENSON** (1980) Professor. BS, University of Idaho; MA, Pennsylvania State University; PhD, University of Oregon.  
**STEVE BRUMMEL** (2001) Lecturer. BA, MBA, Western Washington University.  
**DAVID R. FEWINGS** (1985) Associate Professor. BSc, University of Manitoba; MBA, PhD, University of Toronto.  
**PAMELA L. HALL** (1990) Associate Professor. BS, MPA, DBA, Louisiana Tech University.  
**STEPHEN P. HUTCHENS** (2001) Lecturer. BSBA, University of Arkansas; MBA, Drury University; PhD, University of Arkansas.  
**CHARLES MAXWELL** (2002) Lecturer. BA, MBA, PhD, University of Cincinnati.  
**LEE E. MCCLAIN** (1991) Lecturer. BA, MA, University of Missouri; MBA, University of Pennsylvania.  
**SANDRA MOTTLNER** (2001) Assistant Professor. BA, Mary Baldwin College; MBA, The College of William and Mary; PhD, Old Dominion University.  
**THOMAS J. OLNEY** (1986) Associate Professor. AB, Cornell University; MBA, PhD, Columbia University.  
**DAVID S. RYSTROM** (1983) Associate Professor. BS, UCLA; MS, California State University, Northridge; PhD, University of Oregon.  
**FARROKH SAFAVI** (1969) Professor. BA, BS, MBA, University of Teheran; MBA, DBA, University of Southern California.  
**WENDY J. WILHELM** (1986) Associate Professor. BA, MS. Tufts University; MBA, Cornell University; PhD, University of Washington.  
**NICHOLAS X. WONDER** (2002) Assistant Professor. BA, University of Washington; PhD, University of California, Berkeley.

**BACHELOR OF ARTS**

*Major — Business Administration (Finance or Marketing)*

91-92 credits

- Foundation Courses (28 credits):
  - ACCT 240, 245
  - DSCI 205
  - ECON 206, 207
  - MGMT 271
  - MATH 157
- Core Courses (36 credits):
  - ECON 309
  - DSCI 305, MIS 320, FIN 341, MKTG 380
  - MGMT 311, 482, 495; OPS 360
- Concentration Electives (27-28 credits):
  - Students may select one of the faculty recommended concentrations listed below, or they may choose to have no concentration and complete 27 to 28 credits under advisement

One communications focus course and one writing proficiency course, both within the College of Business and Economics; these courses can be taken as part of the above requirements or electives.

*Concentrations*

*Finance*

- FIN 440, 441, 444
- Two courses from FIN 443, 446, 447, 448, 449
- Two courses from ACCT 331, 341, 375, ECON 306, 307, 310, 311, FIN 345, 346, 456, or other 44x course

*Marketing*

- MKTG 381, 382, 489

- Two courses from MKTG 480, 481, 482, 483, 484, 486, 488
- Two courses from MGMT 313, MKTG 480, 481, 482, 483, 484, 486, 488, marketing-related courses under advisement. Specific information on suggested courses to be taken under advisement is available at the department office and on the department Web site

*Major — Financial Economics*

94-95 credits

This major is designed for students interested in both economics and finance, and is aimed particularly at those who wish to pursue careers in corporate finance, financial analysis, insurance and real estate, and/or government agencies where special emphasis is placed on financial economic knowledge.

- ECON 206, 207, 208, 303, 306, 307, 311, 375
- 12 credits of economics electives under departmental advisement; a minimum of 8 of these credits must be taken at the 400 level
- FIN 341, 440, 441, 444 (financial economics majors only may substitute ECON 375 for DSCI 305 as the prerequisite for FIN 441)
- 12 credits of upper-division finance electives under departmental advisement; a minimum of 8 of these credits must be at the 400 level
- ACCT 240, 245, 341, 342
- CSCI 101 or MIS 220
- DSCI 205 or equivalent
- One communications focus course and one writing proficiency course, both within the College of Business and Economics; these courses can be taken as part of the above requirements or electives

*Minor — Business Administration*

40 credits

- ACCT 240, 245
- DSCI 205
- ECON 206, 207
- FIN 341
- MGMT 271, 311
- MKTG 380
- MATH 157

**COURSES IN FINANCE AND MARKETING**

*Note: Not all courses are offered every year. Many elective courses are offered only once each year. See the Timetable of Classes for current offerings. Consult department for answers to specific questions.*

**Finance (FIN)**

**215 PERSONAL FINANCE (3)**

Not intended for students who plan to be finance majors. Sources of personal income, saving and consumer spending patterns. Development of techniques for planning and budgeting consumption expenditures and saving, with special emphasis on the use of saving allocations to achieve personal goals; real property, insurance, financial investment, retirement, estate and tax planning.

**216 PERSONAL INVESTMENTS (3)**

(Not intended for students who plan to be finance majors.) Description of securities markets and trading of stocks and bonds. Characteristics of other investments including options, convertible securities, mutual funds and tangible investments. Investment risk and portfolio management.

**341 PRINCIPLES OF FINANCE (4)**

Prereq: ACCT 245, DSCI 205, MIS 220 or equivalent. Structure and operation of financial management; problems of internal financial analysis, planning and control, capital structure and investment decisions, valuation,

## FINANCE AND MARKETING

dividend policy, mergers, acquisitions.

### **345 REAL ESTATE (4)**

Prereq: MGMT 271, FIN 341. Real estate law; government regulation of real estate use; development, marketing and financing of commercial and residential real estate.

### **346 RISK AND INSURANCE (3)**

Personal and organizational risk and the means by which such risk may be minimized, transferred or otherwise managed to avoid serious financial loss.

### **440 INVESTMENTS (4)**

Prereq: FIN 341. Operation of securities markets and investment risk and return. Analysis of security characteristics and the issues of portfolio selection and management.

### **441 INTERMEDIATE FINANCIAL MANAGEMENT (4)**

Prereq: DSCI 305 or ECON 375, FIN 341, 440. An integrated approach to financial management including study of intermediate-level financial theory and its application to financial decision making under uncertainty.

### **443 TOPICS IN FINANCE (4)**

Prereq: FIN 341, 440. Varying topics in finance such as financial planning, capital budgeting, working capital management and multinational corporate finance. Repeatable with various topics to a maximum of 8 credits.

### **444 FINANCIAL INSTITUTIONS AND MARKETS (4)**

Prereq: FIN 341. Structure and functions of the money and capital markets; the saving investment process and financial intermediaries; supply and demand for loanable funds and the level and structure of interest rates.

### **446 OPTIONS AND FUTURES MARKETS (4)**

Prereq: DSCI 305, FIN 440. Advanced study of option strategies, option pricing models and efficiency of options markets. Description of futures markets hedging theory and practice. Emphasis on role of options and futures in management of risk.

### **447 COMMERCIAL BANK MANAGEMENT (4)**

Prereq: FIN 444. Management of commercial banks and similar depository institutions, emphasizing the measurement and control of risk in asset and liability management. Issues in contemporary banking.

### **448 INVESTMENT ANALYSIS AND MANAGEMENT (4)**

Prereq: DSCI 305, FIN 440, 444. Advanced study of recent developments in financial theory and presentation of empirical evidence relative to the determination of investment value of financial assets. Emphasis on management of investment portfolios in efficient markets. Special topics of current interest.

### **449 CASES IN FINANCIAL MANAGEMENT (4)**

Prereq: FIN 441; knowledge of spreadsheets. Case studies are utilized to develop insight and provide experience in the application of financial theory and practice to such decision-making areas as working capital management, capital budgeting, capital structure determination and dividend policy.

### **456 COMMERCIAL REAL ESTATE INVESTMENT (4)**

Prereq: FIN 345. Investment strategy, selection, financing, appraisal of income properties such as rentals, apartments condos, office buildings, shopping centers and other secure purpose real estate.

### **460 FINANCE APPRENTICESHIP (4)**

Finance-related employment, plus research and/or special project experience. Emphasis on applying finance principles in an academically guided setting. Minimum requirements include a written proposal, daily/weekly journal of activities, and a comprehensive final report. Personal selling and clerical activities are not acceptable. Repeatable to a maximum of 12 credits. May not be used to replace required or elective courses in the Finance concentration or the Financial Economics major.

### **490 INTERNSHIP IN FINANCE (1-4)**

Prereq: business administration majors only, permission of instructor. Practical application of skills and theories learned in the classroom through work or special project experience in private or public organizations. Repeatable to a maximum of 12 credits.

## **Marketing (MKTG)**

### **380 PRINCIPLES OF MARKETING (4)**

Prereq: MIS 220 or equivalent, ECON 206, MGMT 271, ACCT 240. Identification and analysis of relevant opportunities and constraints in consumer and industrial target markets. Management of the marketing mix including product planning, distribution institutions and activities, promotion and pricing.

### **381 FUNDAMENTALS OF MARKETING RESEARCH (4)**

Prereq: DSCI 205, MKTG 380. The primary tool for exploring new opportunities in the marketplace. Emphasis will be on how to: (1) specify information needs and design a research study to meet those needs; (2) collect, analyze and use marketing research data to make effective marketing decisions; (3) communicate the research findings and their implications to various publics.

### **382 BUYING BEHAVIOR AND ANALYSIS (4)**

Prereq: MKTG 380. Perception, motivation, learning, attitude structure and change, social influences and cultural forces relevant to buyer behavior and decision processes. Implications for marketing planning, analysis and management.

### **460 FINANCE APPRENTICESHIP (4)**

Finance-related employment, plus research and/or special project experience. Emphasis on finance principles in an academically guided setting. Minimum requirements include a written proposal, daily/weekly journals of activities, and a comprehensive final report. Personal selling and clerical activities are not acceptable. Repeatable to a maximum of 12 credits. May not be used to replace required or elective courses in the Finance Concentration or the Financial Economics major.

### **480 MARKETING PRACTICUM (4)**

Prereq: MKTG 381, 382, permission of instructor. Marketing-related employment, research or special project experience. Emphasis is on applying marketing principles in an academically guided setting. Minimum requirements include a written proposal and a comprehensive final report. Personal selling activities are acceptable only under special circumstances. Repeatable to a maximum of 12 credits, only four of which may be applied to the marketing concentration.

### **481 ADVANCED MARKETING RESEARCH AND ANALYSIS (4)**

Prereq: DSCI 305, MKTG 381, 382. Focuses on advanced questionnaire design, enhancing the validity of survey research, value of information and multivariate analysis of market research data. The course is based around a market research project completed for a real business client.

### **482 PERSONAL SELLING AND SALES MANAGEMENT (4)**

Prereq: MKTG 382. Planning and implementation of personal selling activities. Management of the sales force — objectives, recruiting, selection, training, motivation, compensation, evaluation and control. Emphasis on industrial selling.

### **483 ADVERTISING AND PROMOTION MANAGEMENT (4)**

Prereq: MKTG 381, 382. Management of nonpersonal promotional activities within the marketing program: advertising, sales promotion, public relations, direct marketing. Promotional objectives, budgets and strategies; organization of the advertising function; media selection and evaluation; advertising research and message, computer modeling.

### **484 RETAIL MANAGEMENT (4)**

Prereq: MKTG 381, 382, ACCT 245. Administration and strategic planning in large and small retail firms. Management of retail functions: stock planning, inventory control, markup and pricing, retail accounting, merchandising, retail promotion, human resources management, store location, design and layout, legal and ethical issues, information systems.

### **486 INTERNATIONAL MARKETING MANAGEMENT (4)**

Prereq: MKTG 380. Formulation and implementation of international marketing strategies. Analysis of the contemporary global marketing environment, marketing mix issues and decisions in international markets, global competitive analysis and strategy, organizing for international marketing, current problems and practices in multinational firms.

### **488 TOPICS IN MARKETING (4)**

Prereq: MKTG 381 and 382. Varying topics in marketing such as distribution systems, marketing on the Internet, geographic information systems in business and direct marketing. Repeatable with various topics to a maximum of 8 credits.

### **489 MARKETING MANAGEMENT AND STRATEGY (4)**

Prereq: DSCI 305, two 400-level marketing courses. Application of marketing management and strategic concepts in a case problem and market simulation format. Emphasis on marketing planning, implementation of the marketing mix and utilization of market research information.

### **490 INTERNSHIP IN MARKETING (1-4)**

Prereq: business administration majors only, permission of instructor. Practical application of skills and theories learned in the classroom through work or special project experience in public or private organizations. Repeatable to a maximum of 12 credits, only four of which may be applied to the marketing concentration. Cannot be applied to the concentration along with MKTG 480.

# MANAGEMENT

Management describes what is perhaps the most challenging and difficult of human endeavors. It is the process by which we attempt to attain goals beyond the reach of a single individual. Collective action requires that we work effectively and efficiently with and through others. Managing is not a single skill, but rather a dynamic body of knowledge with the goal of the fusion of multiple and diverse skills possessed by many into a cohesive force, the effectiveness of which exceeds the sum of its parts. Management is eclectic, drawing upon the entire fund of human knowledge and experience that is necessary to attain the goals established. Management is also almost universal in application. Any time two or more people join together in pursuit of a common goal and one leads by virtue of skill, experience, personality or authority, management has been initiated.

## DEPARTMENTAL MISSION

The mission of the Department of Management is to advance the understanding and appreciation of the human and systems dimension in organizations through quality and innovative management *education, scholarship and service.*

In furtherance of the *education* component of the mission, faculty:

- Offer concentrations in human resource management, international business, and management
- Enhance the managerial skills and human resource management knowledge of business students
- Provide students in business administration and accounting with a common background and knowledge of management and organizational behavior, ethical and social issues
- Offer students opportunities for improving communication skills and learning related to a diverse work force and small business
- Provide students opportunities to develop critical thinking and an appreciation of intellectual inquiry

In furtherance of the *scholarship* component of the mission, faculty:

- Link teaching and scholarship through pedagogical research activities
- Advance knowledge in respective areas through applied and integrative research
- Maintain professional development through presentations at regional and national professional meetings
- Disseminate the results of intellectual endeavors

In furtherance of the *service* component of the mission, faculty:

- Develop and maintain student professional organizations
- Participate in College and University governance
- Participate in academic and professional organizations
- Interact with business and community organizations in the exchange of knowledge and experiences

## THE CURRICULUM

The development of the curricula in the Department of Management has been guided by the standards of the AACSB International (the Association to Advance Collegiate Schools of

Business) and those of the Academy of Management. These standards stress a broad education preparing students for managerial roles in business and leadership roles in society.

Curricular paths in the department are structured:

- To develop competence in analysis, decision making and evaluation in both public and private organizations
- To develop and enrich interpersonal skills
- To develop the competence to manage within the social, economic and international environment of organizations
- To provide access to the technical skills necessary in each of the major functional areas of organizations
- To enhance educational opportunity through the theoretical and applied research and business consulting activities of its faculty and students
- To encourage intellectual inquiry into the lessons and skills of the past and present so as to be able to affect the future
- To develop and promote ethical behavior and social responsibility in future managers

Students normally devote most of the freshman and sophomore years of study to completion of the General University Requirements and foundation courses in the major. Several foundation courses also satisfy General University Requirements. Careful planning may save time for additional elective course work. Electives which emphasize oral and written communication skills are particularly recommended. The junior and senior years are primarily devoted to core degree requirements and elective course work.

## STUDENT ADVISING

For answers to routine questions, and prior to declaration, students should consult this catalog and the department's *Planning Guide*. For nonroutine questions, inquiry should be made at the departmental office for referral to an appropriate faculty member. A faculty advisor will be assigned to each student upon acceptance into the major.

## MANAGEMENT FACULTY

**BRUCE D. WONDER** (1981) Chair and Associate Professor. BS, University of California; MS, San Francisco State University; PhD, University of Washington.

**BRIAN K. BURTON** (1995) Associate Professor. BA, MBA, PhD, Indiana University.

**JOSEPH E. GARCIA** (1985) Professor. BA, State University of New York College at Cortland; MA, Western Washington State College; PhD, University of Utah.

**KENNETH S. KELEMAN** (1977) Professor. BA, MA, San Diego State University; PhD, University of Utah.

**JONGWOOK KIM** (2003) Assistant Professor. BBA, MBA, Yonsei University; PhD, University of Illinois.

**MATTHEW LIAO-TROTH** (2002) Assistant Professor. BA, University of California at Santa Cruz; MBA, San Diego State University; MS, PhD, University of Arizona.

**BO BERNHARD NIELSEN** (2003) Assistant Professor. BS, PhD, Copenhagen Business School; MBA, Pacific Lutheran University.

**E. LEROY PLUMLEE** (1976) Professor. BBA, Texas Tech University; MS, Northern Illinois University; PhD, Texas Tech University.

**THOMAS W. ROEHL** (1999) Associate Professor. BA, Valparaiso University; MA, University of Oregon; PhD, University of Washington.

**JOHN K. SANDS** (1999) Lecturer. BS, MS, Virginia Commonwealth University.

## MANAGEMENT

**KRISTI M. TYRAN** (2001) Assistant Professor. BS, MBA, University of Washington; PhD, University of California, Irvine.

**DANIEL M. WARNER** (1978) Associate Professor. BA, JD, University of Washington; MA, Western Washington University.

### DECLARATION OF MAJOR

Students in the Department of Management pursue a Bachelor of Arts degree in business administration. Those students should consult the College of Business and Economics introductory section of this catalog for declaration of major procedure.

### BACHELOR OF ARTS

#### Major — Business Administration (Management)\*

92 credits

##### Foundation Courses (28 credits)

- ACCT 240, 245
- ECON 206, 207
- DSCI 205
- MGMT 271
- MATH 157

##### Core Courses (36 credits)

- ECON 309
- DSCI 305
- FIN 341
- MGMT 311, 482
- MIS 320
- MKTG 380
- OPS 360
- MGMT 492 or 495

##### Elective Courses (28 credits)

- To complete the major, students are required to take a minimum of 28 credits of approved upper-division elective courses; in meeting this requirement, students may select one of the faculty recommended concentrations below, or may choose to design their own course of study (see *General* below)

*\*Please note: All business administration majors are required to take one communication focus and one writing proficiency course, both within the College of Business and Economics, prior to graduation. Consult the Timetable of Classes for the specific course sections that fulfill the CF and WP requirements.*

### Concentrations

#### Human Resource Management

- MGMT 313, 322
- Three courses from MGMT 423, 424, 425, 426, 427
- One course from MGMT 401, 481, ECON 325
- One course under advisement

#### International Business

- MGMT 370, 470, EGEO 312 (or approved upper-division social science course)
- One course (or set) from ECON 343, 365, 385, 388 and 389, 462, 463
- One course from FIN 443, ACCT 451, OPS 466, MGMT 473, 474, 481, MKTG 486
- Two courses under advisement (at least one course from CBE)
- Complete at least one of the following: 1) an approved

foreign education experience; 2) a second-year college language study; 3) a qualified global internship

#### Management Concentration

- MGMT 313, 322, 413, 414, OPS 461
- Two courses from MGMT 370, 401, 424, 425, 481, 483, 491; MIS 321

#### General

- In lieu of completing one of the preceding concentrations, students in the department may elect to work with their faculty advisor in designing a set of upper-division courses appropriate to their academic interests. The resulting course of study shall have *prior* approval of the advisor and include the following: MGMT 313, MGMT 322 and five additional upper-division CBE courses, of which at least three must be offered through the Department of Management
- Students interested in entrepreneurial management should select the general option and inform the department of that interest. They will be advised of the preferred courses for students intending to embark upon entrepreneurial careers or careers in small business

#### Minor — Business Administration

40 credits

- ACCT 240, 245
- ECON 206, 207
- DSCI 205
- FIN 341
- MGMT 271, 311
- MKTG 380
- MATH 157

### ENROLLMENT PRIORITIES

Because of high student demand for management courses, the department must give enrollment priority to students for whom those courses are requirements rather than electives. Priority is given to majors in the College of Business and Economics and other declared majors for whom the classes are required.

### COURSES IN MANAGEMENT (MGMT)

*Courses numbered x37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### 201 INTRODUCTION TO BUSINESS (4)

A survey of the field. Introduction to the major functional areas comprising business or organizations. Recommended for students not intending to major in the College of Business and Economics.

#### 271 LAW AND THE BUSINESS ENVIRONMENT (4)

Historical development of legal institutions, the judicial process, and impact of the law upon individual and business decision making.

#### 311 INTRODUCTION TO MANAGEMENT AND ORGANIZATIONAL BEHAVIOR (4)

Introduction to organization theory, behavior and interpersonal communication; concepts of power, authority and influence; the role of philosophy and values in organizations.

#### 313 TEAMWORK BASICS (4)

Prereq: MGMT 311. An introduction to teamwork concepts and skills. Covers structural and process attributes of teams with the objective of enhancing team leader or member effectiveness.

#### 319 BUSINESS COMMUNICATIONS (4)

Prereq: ENG 101 or equivalent. Business writing principles applied to

various types of communications and reports. Cases used; work must be submitted in acceptable business format.

#### **322 HUMAN RESOURCE MANAGEMENT (4)**

Prereq: MGMT 271, 311. Recruitment, selection, utilization and development of human resources, with emphasis on employee-management relations and relevant behavioral research.

#### **370 INTRODUCTION TO INTERNATIONAL BUSINESS (4)**

Prereq: ECON 206. Introduction to the environment and challenges of doing business abroad. Topics include country-market differences, trade and investment patterns, the international financial environment, issues in business-government relations and strategies for international business.

#### **380 BUSINESS HISTORY OF THE UNITED STATES (4)**

Prereq: ECON 206. Business history of the United States. Review and analysis of the organizational methods, performance, climate and entrepreneurship of American business from 1780 to the present.

#### **401 MANAGING ORGANIZATIONAL COMPLEXITY (4)**

Prereq: MGMT 313. Problem-based learning of advanced concepts in organizational behavior, organizational development, and organizational theory. Emphasis on integration through management simulation.

#### **413 TEAMWORK PRACTICUM (4)**

Prereq: MGMT 313, 322. Teamwork with applied learning projects. Development and integration of team interaction, facilitation, decision making, and development of skills plus project management skills.

#### **414 LEADERSHIP PRACTICUM (4)**

Prereq: MGMT 413; OPS 461. A problem-based leadership course with emphasis on leading teams, leading organizational change, and self-leadership.

#### **423 STAFFING (4)**

Prereq: MGMT 322. Recruiting and selection as related to organizational objectives. Legal requirements, selection models, validation and topical issues of importance.

#### **424 TRAINING AND DEVELOPMENT (4)**

Prereq: MGMT 322. Training as related to organizational objectives. Emphasis on training models, learning theory, evaluation methodologies, instructional techniques and topics of special interest.

#### **425 NEGOTIATIONS AND LABOR RELATIONS (4)**

Prereq: MGMT 322. Uses cases, lectures and simulations to develop negotiation skills in a variety of management situations, including union-management relations. Issues include pre-employment discussions, collective bargaining, arbitration, mediation, agency, renegotiating contracts, and multiparty discussions.

#### **426 CURRENT ISSUES IN HUMAN RESOURCE MANAGEMENT (4)**

Prereq: MGMT 322. Current problems in human resource policy and practice.

#### **427 COMPENSATION ADMINISTRATION (4)**

Prereq: MGMT 322. Examination of theories, models and procedures required to develop compensation and reward systems in organizations. Economic, psychological and social elements of compensation. Determination of compensation structures and differentials, forms of compensation and reward, compensation levels.

#### **470 INTERNATIONAL BUSINESS OPERATIONS (4)**

Prereq: MGMT 370 or another international course in the College of Business and Economics. Strategic and operational issues that firms face when they do business abroad. Themes include the competitiveness challenge, country-market analysis and entry strategies, negotiations and diplomacy, cooperative ventures, design and control of international operations, and various functional area issues.

#### **473 INTERNATIONAL TRADE OPERATIONS (4)**

Prereq: MGMT 370 or MKTG 486. Operations of firms using exporting as a means to serve foreign markets. Focus on export operations (documentation, transport, support services, financing), practical aspects of contract negotiations, alternative methods of export business arrangements.

#### **474 TOPICS IN INTERNATIONAL BUSINESS (4)**

Prereq: MGMT 370 or equivalent or permission of instructor. Varying topics in international business. This could include courses on business in specific areas of the world, specific international business topics (e.g., negotiation), or currently important topics in the international business field.

#### **481 MANAGING CULTURAL DIVERSITY (4)**

Prereq: MGMT 311. Management of persons from diverse countries and cultures. Culture-specific issues and issues of diversity in the workplace. Problems, cases and research assignments associated with managing in a multicultural and international work environment.

#### **482 BUSINESS AND ITS ENVIRONMENT (4)**

A study of the business decision-making process as these decisions interact with the social, technological, political/legal and economic environments. The causes and effects of the regulation of business are developed and explored.

#### **483 ETHICS IN BUSINESS DECISIONS (4)**

Prereq: MGMT 482. An investigation of ethical theories and their application to issues faced by managers. An analysis of the morality of capitalism as a social system, and the ethical issues involved in international business operations.

#### **490 INTERNSHIP IN BUSINESS ADMINISTRATION (1-4)**

Prereq: business administration majors only. Practical application of skills and theories learned in the classroom through work or special project experience in private or public organizations. Repeatable to 12 credits.

#### **491 SMALL BUSINESS ENTREPRENEURSHIP (4)**

Prereq: MGMT 311, FIN 341, MIS 320 or ACCT 321, MKTG 380, OPS 360. Planning, marketing, financial, legal, control and human elements associated with the start up, acquisition and operation of a small business from the entrepreneurial point of view.

#### **492 ENTREPRENEURIAL PROBLEMS (4)**

Prereq: MGMT 491. Field consulting work and study under faculty supervision with small business entrepreneurs in the local business community, directed towards solving varied real-life small business problems.

#### **495 STRATEGIC MANAGEMENT (4)**

Prereq: MGMT 311, FIN 341, MIS 320 or ACCT 321, MKTG 380, OPS 360. Case study of policy making and administration from a general management point of view. Emphasis on problem analysis, the decision-making process, administration and control, and development of policies and objectives.

# MASTER OF BUSINESS ADMINISTRATION

## PROGRAM PURPOSE

The Master of Business Administration (MBA) program is a rigorous, integrated graduate business program designed to prepare students for responsible leadership positions in private, public and nonprofit organizations. The Western MBA curriculum provides a balance of theory and application essential for managerial excellence. The program is intended for both the active manager and technical supervisor as well as those looking for new opportunities at the midmanagement level. Regardless of undergraduate degree, candidates will find a challenging program designed to meet their specific background and needs.

The College of Business and Economics is accredited by AACSB International-The Association to Advance Collegiate Schools of Business at both the graduate and undergraduate levels.

## PROGRAM GOALS

The typical student graduating from Western Washington University's MBA program shall:

- Understand various domestic and global contexts of business, including economic, technological, ecological, legal and regulatory, and social and political (including issues related to social and cultural diversity)
- Understand concepts, models, and techniques associated with strategic and tactical areas of business
- Possess the ability to solve problems in unfamiliar circumstances and unpredictable environments
- Have effective communication skills
- Understand ethical issues and different modes of ethical reasoning
- Possess important managerial skills

## PROGRAM MISSION

The Master of Business Administration (MBA) program in the College of Business and Economics provides a high-quality general graduate business program designed to develop organizational leaders who have strong managerial skills, a solid foundation in the core business functions, and a global perspective on issues that affect organizations and markets. The program is distinguished by small classes, collegial relationships among faculty and students, and a diverse student body.

## THE CURRICULUM

Three unique programs of study are offered to meet the needs of various student groups.

- The Traditional Full-Time MBA Program* serves students without recent substantial course work in business and economics
- The Accelerated Full-Time MBA Program* serves outstanding students who have recently completed an undergraduate degree in a business-related field or who have extensive managerial experience
- The Evening Part-Time MBA Program* serves students who have significant managerial or professional experience

## ADMISSION

The Western Washington University MBA program invites

applications from students with any undergraduate major. Current MBA admissions criteria include a minimum 3.00 upper-division undergraduate GPA, an acceptable GMAT score (recently successful applicants have achieved a 540 average score), a résumé, and a statement of purpose. International students must also submit a TOEFL score of at least 227 for the computer-based test or 567 for the paper-based test.

For the accelerated, full-time MBA option, candidates must also demonstrate either high achievement in attaining a recent bachelor's degree in a business-related field from an AACSB-accredited school or a significant level of management or other qualifying professional experience.

To apply for admission, send a completed official application form to the Graduate School along with an application fee, official transcripts, GMAT scores, personal statement of background and intentions, and a résumé showing work experience. (Further information, including deadlines, is provided in the *Graduate School* section of this catalog.)

## PROGRAM REQUIREMENTS

The Graduate School requires that all graduate students maintain a 3.00 GPA (on a 4.00 scale) to be a candidate for a degree and to remain in good academic standing. Students in the MBA program who fall below this standard will automatically be placed on academic probation and will be allowed a maximum of 16 credits of course work to raise their cumulative GPA to 3.00 or better. If, after completing 16 additional credits, a student has failed to achieve good standing, that student may only be allowed to continue MBA studies with special permission.

In no case will a student be recommended for a master's degree without having achieved a 3.00 GPA or better.

## STUDENT ADVISING

For answers to routine questions concerning preparation and progress through the program, students should consult this catalog and the program Web site. Nonroutine questions should be directed to the program director or program coordinator.

## MBA GRADUATE FACULTY

DEEPINDER BAJWA (1999) PhD, management information systems.  
EARL D. BENSON (1980) PhD, finance.  
BRIAN K. BURTON (1995) PhD, business environment.  
DAVID R. FEWINGS (1985) PhD, finance.  
JOSEPH E. GARCIA (1985) PhD, organizational behavior.  
DAVID L. GILBERTSON (1988) PhD, auditing/financial accounting.  
STEVEN GLOBERMAN (1994) PhD, international business.  
DANIEL A. HAGEN (1988) PhD, environmental/international/labor/microeconomics.  
PAMELA L. HALL (1990) PhD, finance.  
JULIA L. HANSEN (1988) PhD, urban/labor economics.  
K. PETER HARDER (1970), PhD, economic history.  
PETER HAUG (1986) PhD, operations management.  
STEVEN E. HENSON (1985) PhD, microeconomics, applied econometrics.  
STELLA HUA (2002) PhD, operations management and quantitative methods.  
MARGUERITE R. HUTTON (1989) PhD, taxation.  
KENNETH S. KELEMAN (1977) PhD, organizational behavior.  
ILHYUNG KIM (2004) PhD, operations and technology management.  
JONGWOOK KIM (2003) PhD, business policy and strategic management.  
JOHN KRIEG (2000) PhD, econometrics, money and banking, macroeconomics.

FLOYD L. LEWIS (1983) PhD, management information systems.  
 MATTHEW LIAO-TROTH (2002) PhD, human resources/organizational behavior.  
 JULIE A. LOCKHART (1982) MS/CPA/CMA, managerial accounting.  
 SANDRA MOTTNER (2001) PhD, marketing.  
 DENNIS R. MURPHY (1979) PhD, managerial decisions/international finance.  
 DAVID M. NELSON (1977) PhD, macroeconomics/money markets.  
 BO BERNHARD NIELSEN (2003) PhD, international business.  
 THOMAS J. OLNEY (1986) PhD, marketing.  
 E. LEROY PLUMLEE (1976) DBA, business environment.  
 MARY ANN REYNOLDS (1996) PhD, financial accounting.  
 THOMAS ROEHL (1999) PhD, international business.  
 MATTHEW ROELOFS (1997) PhD, managerial economics.  
 STEVEN C. ROSS (1989) PhD, management information systems.  
 DAVID S. RYSTROM (1983) PhD, finance.  
 FARROKH SAFAVI (1969) DBA, marketing.  
 WILLIAM M. SAILORS (1974) MS/CPA, accounting systems.  
 GEORGE D. SANDERS (1995) PhD, financial/governmental accounting.  
 J. CHRISTOPHER SANDVIG (2001) PhD, management information systems.  
 WILLIAM R. SINGLETON (1976) PhD, taxation.  
 ALLAN G. SLEEMAN (1997) PhD, economic theory/quantitative methods.  
 STEVEN SMITH (2001) PhD, managerial accounting.  
 MARK SPRINGER (1987) PhD, operations management.  
 STEPHEN STANDIFIRD (1999) PhD, business policy.  
 PAUL STORER (1996) PhD, economics.  
 AUDREY TAYLOR (2001) PhD, managerial accounting.  
 CRAIG TYRAN (2001) PhD, management and information systems.  
 KRISTI M. TYRAN (2001) PhD, organizational behavior.  
 DANIEL M. WARNER (1978) JD, business law.  
 WENDY J. BRYCE WILHELM (1986) PhD, marketing.  
 TERRELL G. WILLIAMS (1990) PhD, marketing.  
 BRUCE D. WONDER (1981) PhD, human resource management.  
 NICHOLAS WONDER (2002) PhD, corporate finance.  
 ZHE GEORGE ZHANG (2000) PhD, statistics.

## PROGRAM REQUIREMENTS

- Knowledge prerequisites: Normally an applicant to the program must have completed a college-level calculus course or otherwise demonstrate knowledge and proficiency in quantitative methods prior to entering the program. It also is expected that entering students will have proficiency in the use of microcomputers and common business software such as spreadsheets. Well-developed communications skills also are important.
- Regular Full-Time MBA (92 credits)
  - MBA 510a,b,c (48 credits)
  - MBA 524a,b,c (6 credits)
  - MBA 590 (4 credits)
  - MBA 592, 593 (6 credits)
  - Electives (28 credits)
- Accelerated Full-Time MBA (60 credits)
  - MBA 510c (16 credits)
  - MBA 524a,b,c (6 credits)
  - MBA 590 (4 credits)
  - MBA 592, 593 (6 credits)
  - Electives (28 credits)
- Evening Part-Time MBA (60-72 credits)
  - MBA \*501-509, \*511, 524, 532, 541, 551, 590, 591, 594, 595

\*Up to three core courses may be waived under advisement.

A required comprehensive exam is given as part of MBA 591

for the part-time track and MBA 593 for the regular and accelerated full-time tracks.

## ACADEMIC PROBATION

The Graduate School requires that all graduate students maintain a 3.00 GPA (on a 4.0 scale) to be a candidate for a degree and to remain in good academic standing. Students in the MBA program falling below this standard will automatically be placed on academic probation and will be allowed a maximum of 16 credits of course work to raise their cumulative GPA to 3.00 or better. If, after completing 16 additional credits, a student has failed to achieve good standing, that student may only be allowed to continue MBA studies with special permission.

In no case will a student be recommended for a master's degree without having achieved a 3.00 GPA or better.

## MBA COURSES (MBA)

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**501 FINANCIAL ACCOUNTING AND REPORTING CONCEPTS (4)**  
 Prereq: admission to the MBA program. Introduction to financial statements and the concepts, principles and theories of asset valuation and income determination underlying their preparation. Analysis and interpretation of financial statements in the perspective of the management decision-making process.

**502 MICROECONOMICS (4)**  
 Prereq: admission to the MBA program. An analytic approach to the theory of the consumer, the firm and markets. Emphasis is placed on the development of managerial tools for understanding supply and demand concepts and the determination of prices in various market settings for both outputs and inputs. The problems of market efficiency, externalities and public goods are also considered from an analytical and policy perspective.

**503 MACROECONOMICS (4)**  
 Prereq: admission to the MBA program. The study of the national economy and the interpretation of national economic performance. Material includes the causes and policy remedies for business cycles, unemployment, inflation and the twin deficits (government and foreign trade). Topics such as Keynesian and classical theories, monetary and fiscal policy, and international trade are studied in an analytic perspective with emphasis on the behavior of business cycles and the issues facing the national economy in an international setting.

**504 STATISTICAL METHODS (4)**  
 Prereq: admission to the MBA program. Provides an understanding of some of the tools that enable a manager to analyze information, including data analysis, probability distributions, statistical inference and hypothesis testing, and multivariate regression analysis.

**505 BUSINESS FINANCE (4)**  
 Prereq: admission to the MBA program. Objectives, tools and techniques of finance from the viewpoint of the financial manager of a manufacturing firm. Focus is on corporate financial decisions encompassing investment, financing, dividends and working capital management, including an introduction to financial instruments and markets.

**506 CORPORATE INFORMATION SYSTEMS MANAGEMENT (4)**  
 Prereq: admission to the MBA program. Case study of the current and potential applications of information technology to enhance the competitive posture of the corporation. Uses of information technology throughout the organization; management and control of the information technology function.

**507 ORGANIZATIONAL BEHAVIOR (4)**  
 Prereq: admission to the MBA program. Techniques for the management of individual, group and intergroup behavior in organizations. Includes concepts and techniques for change, conflict resolutions and organizational development.

**508 OPERATIONS MANAGEMENT (4)**  
 Prereq: admission to the MBA program. Surveys the fundamentals of operations management and further develops the student's competence

## MASTER OF BUSINESS ADMINISTRATION

---

through case analyses. Dual emphasis on concepts and applications prepares students for all aspects of managing an operation. Detailed coverage of operations design, planning and control.

### **509 MARKETING MANAGEMENT (4)**

Prereq: admission to the MBA program. Staffing, direction and coordination of organizational marketing activities. Development of new products and integration with current activities to meet evolving market needs. Includes sales and advertising in both national and international markets.

### **510a MANAGERIAL FOUNDATIONS (16)**

Prereq: admission to the MBA program. Introduction to professional management and foundation coverage of managerial skills, microeconomics, global competition, financial reporting, and business statistics.

### **510b INTERNAL AND EXTERNAL FORCES IMPACTING THE MANAGER (16)**

Prereq: MBA 510a. Examination of the range of internal and external forces that impact managerial decisions. Topics include global competition, the national and international economy, corporate information systems, foundation concepts in marketing, operations management, finance, people and organizations.

### **510c MANAGERIAL DECISIONS (16)**

Prereq: MBA 510b or admission to the accelerated full-time MBA program. Links managerial decisions with specific functional areas of study such as marketing, operations, accounting, finance, and organizational behavior. The focus of these modules is cross-functional decision making in the context of global competition.

### **511 MANAGERIAL ACCOUNTING (4)**

Prereq: admission to the MBA program. Conceptual approach to managerial accounting's role in an organization. Emphasis on the use of accounting information for management decision-making. Topics include accounting for planning and control purposes, behavioral implications associated with accounting informations, budgeting and various quantitative techniques available.

### **514 SEMINAR IN GOVERNMENTAL AND NOT-FOR-PROFIT ACCOUNTING (4)**

Prereq: MBA 510c. Theory and practice of accounting for governmental entities and not-for-profit organizations. Focuses on both accounting and public financial management issues which are influenced by various accounting policies.

### **515 SEMINAR IN MANAGERIAL ACCOUNTING AND CONTROL (4)**

Prereq: MBA 510c. Seminar/case study course. Focus on managerial accounting topics such as responsibility centers and transfer pricing; budgeting; and analysis of performance. Examines managerial accounting in international, service and not-for-profit entities.

### **516 FINANCIAL STATEMENT PRESENTATION AND ANALYSIS (4)**

Prereq: MBA 510c. Study of reporting issues from a management perspective. Introduction to the tools and techniques of financial statement analysis. Use of financial statements by external and internal decision makers. Emphasis on the development of communication and computer skills.

### **520 LEADERSHIP (4)**

Prereq: MBA 510c. Examines theories of leadership, analyzes the experiences of current and historical leaders, and emphasizes the role of the leader in managing organizational change.

### **523 NEGOTIATIONS AND LABOR RELATIONS (4)**

Prereq: MBA 510c. Analysis, explanation, and evaluation of negotiation in organizations. Application of negotiations to labor relations in unionized and non-unionized work places. Issues include pre-employment discussions, collective bargaining, arbitration, mediation, agency, renegotiating contracts, and multiparty discussions.

### **524 MANAGERIAL SKILLS (4)**

Prereq: admission to the MBA program. Interpersonal skill building in critical management areas including stress management, delegation, communication, power and influence, meetings and conflict management.

### **524a,b,c MANAGERIAL SKILLS (2 ea)**

Prereq: MBA 510c. A series of skill-building experiences in areas critical to effective management, including delegation, communication, influence, teamwork, conflict, and personal portfolio management.

### **525 SEMINAR IN MANAGEMENT (4)**

Prereq: MBA 510c. Intensive examination of selected topics in management. Repeatable to a maximum of 8 credits.

### **527 ETHICS IN BUSINESS DECISIONS (4)**

Prereq: MBA 510c. An investigation of ethical theories and their application to issues faced by managers. An analysis of the morality of capitalism as a social system, and the ethical issues involved in international business operations.

### **528 DIVERSITY IN ORGANIZATIONS (4)**

Prereq: MBA 510c. An examination of how diversity in organizations places increasingly complex demands and creates new opportunities for organizations in managing human capital.

### **529 EXERCISE OF INFLUENCE IN ORGANIZATIONS (4)**

Prereq: MBA 510c. The analysis, explanation and evaluation of power and politics in organizations. Introduces frameworks for assessing the sources of power in organizations, the conditions that lead to its attainment, and its effective use from both a practical and an ethical perspective.

### **532 MARKETING STRATEGY (4)**

Prereq: admission to the MBA program. Integration of marketing principles with overall objectives of the organization. Concepts and analytical techniques facilitating marketing analysis and the development of strategic plans. Strategy formulation in product planning and development, distribution and promotion, marketing research, and consumer behavior.

### **534 SEMINAR IN MARKETING (4)**

Prereq: MBA 510c. Focuses on selected traditional and contemporary topics in marketing theory, planning, strategy, management and practice. Repeatable to a maximum of 8 credits.

### **535 SEMINAR IN BUYER AND CONSUMER BEHAVIOR (4)**

Prereq: MBA 510c. An overview of the theories and research that underlie the analysis of buyer and consumer behavior central to the formulation of marketing tactics and strategic plans.

### **539 SEMINAR IN INTERNATIONAL BUSINESS (4)**

Prereq: MBA 510c. Intensive examination of selected topics in international business. Repeatable to a maximum of 8 credits.

### **541 MANAGERIAL FINANCE (4)**

Prereq: MBA 505 or MBA 510c. Theory and policy implications of financial decision making. Emphasis on valuation, long-term financing and investment/merger decisions.

### **542 EQUITY MARKETS AND PORTFOLIO ANALYSIS (4)**

Prereq: MBA 510c. An examination of investment risk and return, the operation of equity securities markets, equity valuation models, modern portfolio theory and portfolio management. Also includes capital market efficiency, stock options and mutual funds.

### **543 FINANCIAL MARKETS, DERIVATIVE INSTRUMENTS AND RISK MANAGEMENT (4)**

Prereq: MBA 510c. A mix of seminars and case discussions are used to study the application of recent innovations in financial management. Includes financial futures and options as well as interest rate caps, floors, collars and swaps. Foreign currency risk exposure and management are studied in the context of international financial management. Other topics include pension fund design and management, asset securitization and financial distress.

### **544 FINANCIAL MARKET RATES AND INSTITUTIONS (4)**

Prereq: MBA 510c. Examination of financial institutions and the markets in which they operate. Emphasis on interest rate determinants, fixed income securities and the management of financial intermediaries. Current topics including financial futures and regulatory changes.

### **551 MANAGERIAL ECONOMICS (4)**

Prereq: MBA 502, 503, 504 or MBA 510c. Economic analysis provides the framework to consider the problems of resource allocations that confront managers in business, government and nonprofit environments. Topics include consumer choice and demand for products, production and cost functions, alternative market structures and the profit criteria for long-run planning and investment decisions.

### **552 MACROECONOMIC THEORY AND POLICY (4)**

Prereq: MBA 510c. Examination of current issues in macroeconomic theory and policy. Emphasis on using macroeconomic theory to explain recent U.S. economic performance and the level of income, employment, prices and output in an economic system. Particular attention given to using and

interpreting economic indicators for the U.S.

**554 FINANCIAL INSTITUTIONS AND MONEY (4)**

Prereq: MBA 510c, or MBA 502 and MBA 503. The monetary and financial system. Relation of economic theory to monetary policy and economic activity.

**556 INTERNATIONAL ECONOMICS (4)**

Prereq: MBA 510c, or MBA 502 and MBA 503. Detailed analysis of the pure and monetary theories of international trade and their relevance to the modern world.

**557 REGIONAL ECONOMICS (4)**

Prereq: MBA 510c, or MBA 502 and 503. Case studies in regional social accounting, growth and stability, intra- and interregional relations; concepts and criteria of regional planning.

**561 SEMINAR IN PROFESSIONAL AUDITING (4)**

Prereq: MBA 510c and ACCT 461 or equivalent. In-depth exposure to a variety of aspects of the theory and practice of professional auditing. Topics may include auditing philosophy, history and research; economic function of audits; professional standards and malpractice; new auditing techniques and services. Cases, readings, individual research and discussion.

**562 SEMINAR IN TAXATION (4)**

Prereq: MBA 510c. A continuation of taxation topics, with emphasis on compensation and retirement planning, estate, gift and trust taxation, and international taxation. Advanced research, planning, and tax policy are also a fundamental part of the course.

**563 SEMINAR IN LAW OF COMMERCIAL TRANSACTIONS (4)**

Prereq: MBA 510c. Legal principles underlying the law of agency, commercial paper, documents of title, corporations, partnerships, limited liability companies, and professional responsibility for accountants.

**564 MERGERS AND ACQUISITIONS (4)**

Prereq: MBA 510c. An introduction to various types of business combinations. Examines acquisitions, mergers, strategic partnerships and alliances. A study of valuation and implementation issues and the synergistic results of multi-entity activity.

**571 DATABASE SYSTEMS DESIGN AND DEVELOPMENT (4)**

Prereq: MBA 510c. Design, development, implementation, and administration of database management systems.

**572 INFORMATION SYSTEMS FOR MANAGEMENT DECISION MAKING (4)**

Prereq: MBA 510c. How information systems technologies can be used to support the decision-making activities of managers. Several types of management support systems are explored, including Decision Support Systems (DSS), Group Support Systems (GSS), and Executive Information Systems (EIS). Includes the use of application development software to build DSS prototypes following appropriate design techniques.

**575 PROJECT MANAGEMENT (4)**

Prereq: MBA 510c. Examination of the principles and techniques for managing projects in business decision making, including project design, planning and control, network diagramming, scheduling algorithms, and resource management. Software packages and applications for project

management are studied, and project management skills are developed through case analyses and team projects.

**581 BUSINESS AND ITS ENVIRONMENT (4)**

Prereq: MBA 510c. Study of how business organizations interact with the social and political/legal environments. Develops the causes and effects of regulation of business and explores the notion of "corporate social responsibility."

**582 LAW FOR BUSINESS MANAGERS (4)**

Prereq: MBA 510c. Lecture, discussion and student presentation regarding current legal issues of importance to business managers, including identifying and controlling risk in contract, tort, bankruptcy and employee relations, among others.

**583 ENVIRONMENTAL ECONOMICS AND MANAGEMENT (4)**

Prereq: MBA 510c. An overview of environmental economics and management, with emphasis on applying economic principles to management problems confronted by public agencies, nongovernmental organizations and private firms. The economic implications of alternative solutions to environmental problems will be examined. Case studies will be reviewed, using cases from both the public and private sectors.

**590 FIELD EXPERIENCE (4)**

Prereq: admission to the MBA program. Completion of an applied project in conjunction with a professional-level field experience. S/U grading.

**591 BUSINESS POLICY (4)**

Prereq: admission to the MBA program. Study of administration and policy making from a top-management viewpoint. Integrates the marketing, financial, production and functional fields of management within a strategic management framework. Case study and simulation techniques used. (MBA program comprehensive exam, in the form of an integrated case, is a part of the course.) Normally taken in the last quarter of the program.

**592 STRATEGIC MANAGEMENT I (3)**

Prereq: MBA 510c. Foundation for integrative thinking concerning the strategic actions of the firm. A framework for thinking about strategy formulation and implementation. Focus is on developing a comprehensive set of tools needed for integrative strategic thinking. Includes a critical analysis of each of the models introduced.

**593 STRATEGIC MANAGEMENT II (3)**

Prereq: MBA 592, 524b, concurrent enrollment in MBA 524c. Experience in planning and executing a business strategy in a group setting through a high-level business computer simulation. Includes the development of a complete written business plan that encompasses all aspects of the MBA curriculum and serves as a comprehensive examination for the MBA program.

**594 INTRODUCTION TO PROFESSIONAL MANAGEMENT (4)**

Prereq: admission to the MBA program. Explores the responsibilities and tasks of management, the characteristics of successful managers, various contexts of management, elements of strategic decision making at various levels of the organization, and an introduction to global business issues.

**595 COMPETING IN A GLOBAL ENVIRONMENT (4)**

Prereq: admission to the MBA program. Explores the effect of various aspects of globalization on markets, managers, and business strategy, with emphasis on both corporate and functional-level issues.

# FAIRHAVEN COLLEGE

*Dr. Ronald D. Riggins, Dean*

## A COLLEGE WITHIN THE UNIVERSITY

Founded in 1966, Fairhaven College is an undergraduate division of Western Washington University. Its purpose is to offer students the opportunity to take an uncommon degree of responsibility for the structure and content of their own education. The college offers training in writing and research, critical thought and creative expression, independent judgment and scholarship, self evaluation and assessment.

At Fairhaven, students are challenged to bring what they learn to bear on human concerns and crucial real-world problems, to experiment, to discover and to act. This style of education supports the development of certain values and practical skills: discipline, resourcefulness, initiative, flexibility and adaptability.

Fairhaven courses prepare students to listen carefully and engage respectfully in discussion, to value and respect different world views and to appreciate multiple voices reflecting the diversity of experiences in our society.

Fairhaven College is committed to a gender-conscious and multicultural approach to topics, resources and classroom practices. Courses and other learning experiences provide an opportunity to examine the impacts and contemporary and historical roots of race, class and gender relations.

## Who Can Enroll

Any new or current WWU student can apply to enroll in Fairhaven's integrated degree program, or, if affiliated with Western's other colleges, may take Fairhaven classes to augment their selected course of study. Fairhaven students take, on the average, about half their classes from other departments within Western. They have full University status and access to all the educational, cultural and social resources of WWU.

## Innovation in Education

Fairhaven welcomes innovative teaching methods and varied classroom structures. Experiential and diverse learning styles are respected and addressed, and important emerging studies are discussed along with, and in relation to, traditional knowledge.

Students are encouraged to find their connection with the world, to understand relationships of thought and action, theory and experience, to cultivate opportunities to apply what they learn and to develop a strong sense of themselves as individuals in a community, including the benefits and responsibilities that come from membership in it. Courses and experiences encourage students to practice and assume leadership roles and to challenge leaders responsibly and intelligently.

Fairhaven College's role in the University is not only to provide a learning environment for students interested in self-designed study and interdisciplinary learning, but also to help the University ask questions about teaching and learning. Members of the Fairhaven community seek to learn from colleagues in other colleges both within and outside of Western, through the Fairhaven Distinguished Teaching Colleague program and through exchange or guest teaching opportunities. Through the same programs, Fairhaven provides the opportunity for faculty

from other colleges to develop courses with an interdisciplinary approach or experiment with new styles of pedagogy.

## A Structure for Learning

At Fairhaven, students are responsible for their own learning. Students have the option of taking a regular major through any department at WWU, or of building their own individually designed degree in close consultation with faculty.

A close working relationship between the teacher and the student is a continuing commitment at Fairhaven College. Classes are small, and the emphasis is on open discussion and the exchange of ideas. Students are encouraged to formulate and carry out independent study projects. Faculty sponsor these projects and help students to develop the resources necessary to complete them. Field work, practica and internships can also form an important part of a college education, and faculty and staff help students locate and arrange a wide variety of experiential learning opportunities. In any given quarter, students may select classes offered across the University and/or design study projects in consultation with faculty.

Collaborative learning is often used together with independent research. Narrative assessments, including a student self-evaluation and written responses from faculty, replace letter grades, encouraging students to take risks and explore new ideas.

Fairhaven College, in conjunction with Western Washington University, offers the following undergraduate degrees: Bachelor of Arts; Bachelor of Arts in Education; Bachelor of Fine Arts; Bachelor of Music; Bachelor of Science. Students completing the Fairhaven Interdisciplinary Concentration earn the Bachelor of Arts or Bachelor of Arts in Education.

Requirements for bachelor's degrees awarded by Fairhaven College are as follows:

- The Fairhaven Core Program
- A Fairhaven Interdisciplinary Concentration (the individually designed major), the Law and Diversity Program, the Upside Down Program or other WWU departmental major
- Minimum of 180 credits, including 60 credits at the upper-division level and 45 credits in residence
- Completion of at least 25 credits at Fairhaven and 50 credits outside of Fairhaven
- Completion of WWU writing proficiency requirements (FAIR 101, 201, 301 and FAIR 208 partially fulfill this requirement)
- Scholarship and credit standards as prescribed in the *Student Guide to Fairhaven College*

**NOTE:** Requirements common to all undergraduate divisions of WWU are listed elsewhere in this catalog.

## The Core Program: Three Curricular Stages

A core program, unique to Fairhaven College, includes a series of courses designed to widen students' exposure to areas of study, to connections among disciplines and to interdisciplinary theory and practice. Its purpose is to help students become perceptive, probing learners who can ask questions and pursue answers with care and confidence. Skills in reading, writing, presentation and

analysis are emphasized. Each course deals with methods of knowing and understanding, unique objects of knowledge, modes of creativity and practical applications to be found in each area of study.

Fairhaven students complete Fairhaven's core program in lieu of the WWU General University Requirements. A student who leaves Fairhaven for another WWU program must complete the GUR. Fairhaven College also offers the opportunity for self-motivated students who have demonstrated exceptional learning skills to design an individualized alternative to parts of the core program, making systematic use of existing course challenge procedures.

There are core courses in each of three curricular stages. Students need not complete one curricular stage before advancing to the next.

**Note:** Students who entered in the fall of 2002 or after will fulfill their writing competency requirement with a set of experiences initiated in FAIR 101, 201, or 301. Students should address questions about their status with regard to the writing competency requirement to their Fairhaven faculty advisor.

### Stage 1: Exploratory Studies

Studies to gain basic skills of thought and expression, and to develop broad perspectives in the areas of human inquiry and experience:

- 101 Foundations Seminar *or*
- 201 Intermediate Foundations *or*
- 301 Transfer Seminar: Methods of Interdisciplinary Study
- 202 Humanities and the Expressive Arts I
- 204 Society and the Individual I
- 206 Science and Our Place on the Planet I
- 208 Writing Competency (see note above)
- 209 Transition Conference
- 302 Humanities and the Expressive Arts II
- 304 Society and the Individual II
- 305 Writing Portfolio and Transition Conference (see note above)
- 306 Science and Our Place on the Planet II

### Stage 2: Concentrated Studies

Studies to sharpen, deepen and integrate knowledge, to learn different approaches to scholarship, to frame questions and find ways to answer them.

*Complete one of the following options:*

**Option A:** The individually designed major — "Fairhaven Interdisciplinary Concentration"

- 303 Concentration Seminar
- Components of concentration: proposal of study; completion of course of study; senior project; student summary and evaluation; committee review and approval

OR

**Option B:** A major in one of the departments of Western Washington University. (See departmental requirements.)

**Option C:** The Law and Diversity Program.

Fairhaven offers the opportunity for majors in highly specialized disciplines (the sciences, the arts, environmental studies and others) to integrate and broaden their studies.

**NOTE:** Fairhaven students may not complete the General Studies major.

### Stage 3: Advanced Studies

Studies to demonstrate understanding of knowledge gained and to assimilate and synthesize what has been learned; discovery of ways in which one's specialization may be generalized to other fields and applied to society.

- 401 Senior Project (Option A students only)
- 403 Advanced Seminar (both Option A and Option B students)

### The Individually Designed Major

The Fairhaven Interdisciplinary Concentration provides an opportunity for developing an individually designed major for the Bachelor of Arts or Bachelor of Arts in Education degrees. It allows maximal flexibility in formulating a program to meet personal and career goals, bringing together each student's vital interests from more than one discipline into a cohesive whole.

The self-designed concentration process allows students to work with a faculty committee to articulate sound rationale for their area of study and to develop a plan including courses, independent study projects, senior projects and, where applicable, internships and apprenticeships. Students are assisted in completing the concentration by faculty and other advisors and by the Concentration Seminar course. At the conclusion of the program, a senior project and a concentration summary and evaluation help each graduate to evaluate her or his own work and to look toward the future.

Concentrations have been developed in a wide range of areas not available through traditional majors.

Further information pertaining to the concentration, its possibilities and prospects, may be found in the *Student Guide to Fairhaven College*.

### The Experience Of Graduates

Fairhaven graduates have obtained positions in virtually all fields, from business to education, fine arts to government, and from medicine to journalism. They have started many new businesses, created new jobs in established organizations and distinguished themselves in research and publication.

Many graduates have pursued advanced studies or attended graduate school both in the United States and abroad.

### SPECIAL PROGRAMS

**The Law and Diversity Program.** In 1991 Fairhaven College developed the Law and Diversity Program (LDP) for students who are interested in law, diversity and access to the legal system for under-represented groups. The program welcomes student whose ethnic, social or economic community is under-represented in the legal profession and who have the potential to act as leaders and role models in their community.

Entering at the junior level, students take courses from Fairhaven and other WWU departments. Students must complete the LDP during the two-year term during which they are enrolled. The program meets the requirements of a Fairhaven concentration and leads to a Bachelor of Arts degree.

Emphasis is placed on the development of skills and knowledge necessary for law school success. Students who are admitted to the program become part of an ongoing, supportive learning community known as a cohort. The close one-on-one mentoring from the faculty and the support of the cohort have allowed many students who did not think they could go to law school to gain the skills and confidence necessary to pursue a legal career.

**Thematic and Intensive Studies.** The college often offers several classes in a single quarter which focus on particular topics, issues or themes. For example, "Canons in Conflict" involved the entire faculty and 80 students in a quarter devoted to examining the debate and conflict over standards and conventions of knowledge in education today. "The History of the Future" included group and independent study to explore an interdisciplinary look at the future and involved all of the faculty and nearly 200 students. "Humanity, Technology and Change" examined the increasingly complex relationships between human and technological systems.

Independent field studies abroad or community internships might consume a full quarter's registration.

**Professional Education.** For students wishing to acquire teaching credentials, Western's Woodring College of Education offers a choice of majors — including certain Fairhaven Concentrations — appropriate to public school teaching. Faculty advise students in the construction of their programs and work closely with the College of Education in helping the student to complete requirements. The document, "Policies and Procedures for the Student/Faculty Designed Programs for Teacher Certification at Fairhaven College," is available from the Fairhaven main office.

**The Upside-Down Degree.** The usual route to a BA degree calls for general education in the first two years and specialization in the last two years. Fairhaven's Upside-Down BA gives selected students an option to reverse this process. Graduates of Washington state community colleges who hold the ATA, the AAS or other approved two-year technical degrees may apply to transfer their specializations to Fairhaven as the completed major. Stages 1 and 3 of the curriculum and a minimum of 90 credits are then required for graduation. Students are expected to complete as much as possible of their elective credit at the upper-division level (courses numbered 300 or above). Each application for this program is reviewed on an individual basis. Students are urged to contact Fairhaven College early in the admissions process.

### Advisement and Foundations

Careful advisement is stressed at Fairhaven and is always available from members of the faculty and staff. The college schedules its own advisement sessions for entering students. During their first quarter, students take the core Foundations Seminar or Transfer Seminar and are assigned a faculty advisor. The faculty and staff then meet with the students throughout their course of study.

### GRADING AND EVALUATION

At Fairhaven, the A-to-F grading system is not used. Classes and studies are taken on a "Satisfactory/Unsatisfactory" basis. Academic credit is granted after requirements have been satisfactorily completed and the student has submitted a written self-evaluation of his or her work to faculty instructors. Faculty respond with a written evaluation of the student's progress. The student-faculty evaluation becomes a part of the student's academic file, and forms part of the student's credentials for applying for employment and for graduate programs.

The official transcript, held in the University's Registrar's Office, lists all Fairhaven and other WWU classes (normally graded) and studies completed. Fairhaven College complies with the *Student Records Policy* of Western Washington University found elsewhere in this catalog.

### Tuition, Financial Aid and Scholarships

Fairhaven students pay the same tuition and fees as students of other colleges in the University. See other sections of this

catalog for specific details. Information regarding federal, state and private financial assistance and application procedures should be addressed to: Office of Student Financial Resources, Western Washington University, Bellingham, WA 98225-9006. Fairhaven offers scholarships to selected students. Write separately to Fairhaven College for information.

### Applying for Admission, Visiting Fairhaven

*Students currently enrolled in other programs at Western may transfer to Fairhaven fall, winter or spring quarter. They must then satisfy Fairhaven's requirements for bachelor's degrees. Transfer students from other WWU divisions or other colleges and universities may have some core requirements waived upon admission.*

*New applicants to Fairhaven and to the University complete the Uniform Undergraduate Application for Admission to Four-Year Colleges and Universities in the State of Washington.*

The words "Fairhaven College" should be written at the top of the form. Send the standard application and all transcripts to: Office of Admissions, Western Washington University, Bellingham, WA 98225-9009.

In addition to the uniform application, Fairhaven requests a personal statement, two letters of recommendation and an interview (in person or by telephone). Before providing these materials (and to make an appointment), please call 360-650-3680.

Visitors are welcome and with advance notice, appointments can be arranged with the dean, an admissions advisor, faculty, students or other WWU staff.

### FAIRHAVEN COLLEGE FACULTY

**RONALD D. RIGGINS** (1977) Professor and Dean of Fairhaven College. BA, LaVerne College; MS, ReD, Indiana University.

**KATHRYN L. ANDERSON** (1972) Professor. BA, MA, University of Iowa; PhD, University of Washington.

**GARY BORNZIN** (1981) Senior Lecturer. BS, California Institute of Technology; MS, PhD, University of Colorado.

**JOHN L. BOWER** (1998) Associate Professor. BS, PhD, Cornell University.

**LESLIE CONTON** (1980) Professor. BA, Oberlin College; MA, PhD, University of Oregon.

**MARIE D. EATON** (1975) Professor. BA, Pomona College; MEd, PhD, University of Washington.

**LAWRENCE J. ESTRADA** (1989) Associate Professor and Director, American Cultural Studies. BA, University of California, Santa Barbara; MEd, Whittier College; PhD, University of California, Los Angeles.

**JULIE A. HELLING** (2000) Associate Professor. BA, University of Iowa; JD, University of Michigan Law School.

**DANA C. JACK** (1982) Professor. BA, Mount Holyoke; MSW, University of Washington; EdD, Harvard University.

**JUNGSIK KIM** (2002) Assistant Professor. BA, Korean University; MA, PhD, University of Hawaii, Manoa.

**DANIEL M. LARNER** (1968) Professor. AB, Harvard College; MS, PhD, University of Wisconsin, Madison.

**TERI MCMURTRY-CHUBB** (2003) Assistant Professor. BA, Spelman College; MA, JD, University of Iowa.

**RAQUEL MONTOYA-LEWIS** (2003) Assistant Professor. BA, University of New Mexico; MSW, JD, University of Washington.

**NIALL Ó MURCHÚ** (2001) Assistant Professor. BA, MA, University College, Dublin; MA, PhD, University of Washington.

**DAN FIRST SCOUT ROWE** (1998) Instructor. BA, Montana State University at Billings; MA, Purdue University.

**TANIS S'EILTIN** (1992) Associate Professor. BA, University of Alaska, Fairbanks; MFA, University of Arizona.

**TOBY SMITH** (1999) Assistant Professor. BA, MA, University of British Columbia; MA, Simon Fraser University; PhD, University of Essex.

**STAN TAG** (1997) Associate Professor. BA, Whitworth College; MA, PhD, University of Iowa.

**MIDORI TAKAGI** (1994) Associate Professor. BA, Oberlin College; MA,

American University; MPhil, PhD, Columbia University.

**Adjunct Faculty**

**GEORGE DYSON** (1993). Research Associate and Writer in Residence.  
**PATRICIA FABIANO** (1991). Director, Wellness Center. BA, University of Pittsburgh; MA, University of Wisconsin; MS, Southern Illinois University.  
**LYNNE MASLAND** (1995). Director of Public Information. BA, MA, University of California at Riverside; PhD, University of British Columbia.

*Faculty specialties* include African American and Asian American history, American literature, anthropology, art and art history, bioacoustics, constitutional and environmental law, creative writing, ecology, economics, history and philosophy of science, human development, mathematics, multicultural issues and literature, music, Native American issues, natural sciences, nature writing, ornithology, physics, poetry, psychology of women, queer studies, scriptwriting, social theory, theater and drama, theory and practice of teaching, video production, women studies.

*Other members of the Western Washington University faculty*, from various departments and programs, contribute to Fairhaven’s curriculum as teachers of classes, members of advisory committees for concentrations and as lecturers. Visiting faculty and guest lecturers from other universities, and from a variety of other occupations, also add to the resources available to Fairhaven students.

**THE REGISTRATION PROCESS**

**University Registration.** Registration for Fairhaven College offerings occurs during scheduled University registration. Class schedules (timetables) are mailed to all students by the University. Registration for Fairhaven College variable credit classes and independent studies is via a faculty-signed *Independent Study Permit Card*.

**Fairhaven College Students.** Credit earned by Fairhaven students taking Fairhaven classes may apply to the core requirements, to the concentration or to the general 180-credit requirement for graduation. Credit earned by Fairhaven students taking other WWU classes may apply to the major or concentration, or to the 180-credit requirement for graduation.

**Other WWU Students.** Fairhaven College credit earned by students affiliated with Western’s other divisions is applied to the general 180-credit requirement for graduation. Occasionally department advisors may approve Fairhaven courses as electives for majors. Fairhaven’s courses and studies are open to all WWU students.

**The Fairhaven College Quarterly Class Descriptions.** Available prior to registration in the fall, winter and spring, this publication announces schedule changes and additions and describes in detail Fairhaven’s offerings each term. Students are advised to consult the schedule before finalizing their programs.

**FAIRHAVEN COLLEGE COURSES AND STUDIES (FAIR)**

**Fairhaven’s 2003-2005 Curriculum.** The courses and studies listed in this catalog will be offered during the 2003-2005 academic years. Additional classes will be announced and described in the *Fairhaven College Quarterly Class Description* booklet, available at Fairhaven and the Office of the Registrar.

At Fairhaven, new courses are constantly being developed by faculty and account for about one-half of the course offerings.

**CORE STUDIES**

**101 CORE: FOUNDATIONS SEMINAR (6)**  
 Required of all Fairhaven College students with fewer than 90 credits the

quarter of admission. An introduction to critical learning skills, academic writing, aspects of educational theory, curricular structures and individualized learning.

**201 INTERMEDIATE FOUNDATIONS (6)**  
 Prereq: Some college experience and permission of admissions coordinator. Focus on critical learning skills, academic writing, aspects of educational theory, curricular structures and individualized learning. Individualized attention to writing and independent study skills.

**202 CORE: HUMANITIES AND THE EXPRESSIVE ARTS I (5)**  
 Explores the assumptions and practices which inform human inquiry and creativity in literature, philosophy and the arts.

**204 CORE: SOCIETY AND THE INDIVIDUAL I (5)**  
 Introduction to the study of people as individuals and in societies, explored through works in social science, literature, history and psychology.

**206 CORE: SCIENCE AND OUR PLACE ON THE PLANET I (5)**  
 Science and technology are systematic, self-critical, intellectual activities by which a culture seeks to understand and benefit from the physical phenomena of the natural world. Addresses science in Western culture — its social and philosophical implications, its technological applications, its potential and its limitations.

**208 CORE: WRITING COMPETENCY (3)**  
**Note:** Required only for students who entered Fairhaven prior to fall 2002. Development of a portfolio of writing and demonstration of writing competency in consultation with faculty. See *Student Guide to Fairhaven College* for procedure. Partially satisfies the all-University writing proficiency requirement.

**209 CORE: TRANSITION CONFERENCE (1)**  
**Note:** Required only for students who entered Fairhaven prior to fall 2002. Demonstration of readiness to pursue Concentrated Studies, in consultation with faculty. See the *Student Guide to Fairhaven College* for procedure.

**301 CORE: TRANSFER SEMINAR: METHODS OF INTERDISCIPLINARY STUDY (6)**  
 Required of all transfer students to Fairhaven College, with upper-division status, the quarter of admission. An introduction to self-designed interdisciplinary studies. Individualized attention to writing and independent study skills. Seminar topics vary with instructor.

**302 CORE: HUMANITIES AND THE EXPRESSIVE ARTS II (5)**  
 Prereq: FAIR 202 or permission of instructor. Critical, interdisciplinary study of the major themes, ideas, issues in the humanities and expressive arts.

**303 CORE: INTERDISCIPLINARY CONCENTRATION SEMINAR (5)**  
 Prereq: FAIR 101, 201 or 301 and 208 and 209. Required of students undertaking an Interdisciplinary Concentration. Application of procedures and assistance in ordering one’s course of study into an effective concentration proposal. Credit awarded upon filing the proposal.

**304 CORE: SOCIETY AND THE INDIVIDUAL II (5)**  
 Prereq: FAIR 204 or permission of instructor. Techniques of interdisciplinary study expanded and evaluated in the critical exploration of major concerns in human and social development.

**305 CORE: WRITING AND TRANSITION CONFERENCE (3)**  
 Prereq: completion of FAIR 101 or 201 or 301. Development of a portfolio of writing and demonstration of writing competency and readiness to pursue Concentrated Studies, in consultation with faculty. See *Student Guide to Fairhaven College* for procedure. Partially satisfies the all-University writing proficiency requirement.

**306 CORE: SCIENCE AND OUR PLACE ON THE PLANET II (6)**  
 Prereq: FAIR 206 or permission of instructor. Critical exploration and techniques of interdisciplinary study in the sciences and at the common boundaries of science with the arts, philosophy, society and history.

**401 CORE: SENIOR PROJECT (Variable)**  
 Independent study required of students undertaking an Interdisciplinary Concentration. See the *Fairhaven College Guidelines for Concentrations* for more information.

**403 CORE: ADVANCED SEMINAR (4)**  
 Required of all Fairhaven College students. A forum in which students are required to reflect on, summarize and evaluate their major or concentration programs and to consider their education in relation to the world they are entering.

*Law and Diversity Core*  
 See Page 113 for a description of the program.

The following seminars are open only to students who have been admitted to Fairhaven's Law and Diversity program:

- 307 LDP INTEGRATIVE SEMINAR: CONFLICT RESOLUTION (3)**  
Theories of alternative dispute resolution with emphasis on skill of listening respectfully to different points of view. Focus on methods of addressing conflicts around power, privilege and law in context of the adversarial American legal system.
- 308 LDP INTEGRATIVE SEMINAR: LEGAL WRITING AND RESEARCH (5)**  
Explores evaluative legal writing including use of legal citation. Case reading, analysis and synthesis will be stressed. Students will learn the formal structure of a legal memorandum.
- 309 LDP INTEGRATIVE SEMINAR: TOPICS IN LAW (3-6)**  
Various substantive law topics with a focus on case analysis.
- 407 LDP INTEGRATIVE SEMINAR: ADVANCED LEGAL WRITING (4)**  
Explores persuasive legal writing, building on the legal research and writing skills gained in the previous seminars by researching and writing an appellate brief on a current legal issue.
- 408 LDP INTEGRATIVE SEMINAR: ORAL ADVOCACY (4)**  
Explores oral advocacy, culminating in a moot court exercise on a current legal topic.
- 409 LDP INTEGRATIVE SEMINAR: LEGAL PROFESSION AND ETHICS (4)**  
Professional ethics for attorneys and their intersection with personal ethics. Role-play interacting with clients, employers and opposing counsel in difficult ethical situations and sharing experiences in concurrent internships.

## CONCENTRATED STUDIES

### 210/260/310/360/370/390/410 a-z History, Culture and Society (1-6)

*Analysis of social institutions: theories or issues with reference to their history, structure or meaning; cultural unity and diversity. Repeatable with various topics. Some of the offerings in this section are listed below. Additional topics will be listed in the Fairhaven College Quarterly Class Description booklet as they are offered.*

- 211 THE AMERICAN LEGAL SYSTEM (5)**  
The American legal system and how it affects individuals and society. The structure and evolving nature of the legal system, legal reasoning and the role of courts in government. Skill development in reading and analyzing court opinions.
- 212 INTRODUCTION TO POLITICAL ECONOMY (5)**  
Study of the American macroeconomic system from two perspectives: orthodox and critical; application of both theoretical frameworks to problems in modern society.
- 213 SLAVE NARRATIVES AND OTHER TESTIMONIES OF THE OLD SOUTH (3)**  
An introductory, interdisciplinary approach to early African American history and the history of the Old South. Using slave autobiographies, WPA interviews, free black testimonies and memoirs in addition to contemporary historical works, we will reconstruct, analyze and deconstruct the history of Southern life and culture during the Antebellum era through the Civil War.
- 214 HISTORIAN AS DETECTIVE (5)**  
Introduction to the challenges of investigation. Assignments develop specific research skills, an understanding of evidence and the nature of historical knowledge. Use of reference tools, historical fiction, essays and readings in classical historians: Herodotus, Thucydides, Tacitus, Gibbon.
- 215 THE ASIAN-AMERICAN EXPERIENCE (3)**  
The history of Asians in the United States, the development of communities and the effects of the encounter between Asian cultures and the developing American cultural context. Also offered as AMST 205.
- 216 TESTIMONIES OF THE NEW SOUTH (3)**  
An interdisciplinary, introductory-level course examining the social, cultural, economic changes that occurred in the South after the Civil War to the early 1900s. The primary source of documentation will be autobiographies, speeches, literature and commentaries made by black and white southerners who experienced these changes at that time. This course is a continuation of FAIR 213.

- 218 THE HISPANO/A-AMERICAN EXPERIENCE (3)**  
The development of the Hispano/a-American community, with emphasis on its history, its social and political institutions, and the effects of education, continuing immigration and economic stratification. Also offered as AMST 203.
- 261 RACE IN/TO THE MOVIES I: RACE RELATIONS ON FILM 1900-1950 (4)**  
Explores race relations in America between 1900 and 1950 using film as one source of historical documentation. Films such as *Birth of a Nation*, *Broken Blossoms* and *The Scar of Shame* will demonstrate how movies both reflect and reinforce contemporary perceptions of inter- and intra-race relations. Readings will place the films into a broader historical context.
- 262 SWIMMING WITH THE SHARKS: THE LIFE OF A LAWYER (2)**  
Explores, through guest speakers, what it means to become an attorney: education options, career choices, and possible roles of lawyers in society.
- 263 THE NATIVE AMERICAN EXPERIENCE (3)**  
The social and cultural evolution of the First Peoples of the Americas. Focus on such aspects as education, self-determination, health issues and urbanization as they have an impact on native indigenous populations. Also offered as AMST 202.
- 311 ALTERNATIVES IN EDUCATION (4)**  
Exploration of various alternative education and school reform movements including philosophy, politics, implementation, financing and historical context. Some of the models which may be discussed include Montessori, Steiner (Waldorf), home schooling, free schools, single culture or gender school programs, New American Schools Development Corporation. Repeatable with different topics.
- 312 ISSUES IN INTERNATIONAL STUDIES (3-5)**  
Prereq: FAIR 204 or permission of instructor. Explores issues of concern to selected nations. May also include global scope. Examples of topics include globalization, reinventing development, and environmental issues in economically poor countries. Repeatable with various topics.
- 313 GAY, LESBIAN, BISEXUAL AND TRANSGENDERED ISSUES IN EDUCATION (4)**  
Prereq: FAIR 219 or AMST 242. Explores challenges for gay, lesbian, bisexual, transgendered students, teachers and families in the education system including social and development considerations, the impact of mediated heterosexism, politics of schooling. Also explores roles of allies and curriculum transformation.
- 314 THE SCIENCE AND STORIES OF GAY, LESBIAN, BISEXUAL AND TRANSGENDERED HEALTH (4)**  
Prereq: FAIR 204 or AMST 242. Investigation of contemporary health issues of gay, lesbian, bisexual, and transgendered people in order to understand the interdependence between "health" and its social, political and cultural contexts.
- 315 WORK (4)**  
Prereq: studies in the social sciences or humanities. An interdisciplinary study which examines the meaning, value, history and changing nature of our work.
- 316 CRIMINAL LAW (4)**  
Prereq: admission to the Law and Diversity program or permission of instructor. Study of substantive criminal law using a law school case book. Topics include the elements of crimes, intent, and defenses such as insanity, self-defense, and entrapment.
- 318 DEMOCRACY (4)**  
Prereq: a course in literature, history, philosophy or political science, or permission of instructor. Explores the ideas, theories, practices, problems and the future of democracy, through literature, history and other writings.
- 319 HISTORY OF SOCIALIST THOUGHT: AN INTRODUCTION (5)**  
Prereq: FAIR 204 or equivalent or permission of instructor. Traces the history of socialist ideas and considers both pacifist and revolutionary movements. Readings from Utopian socialists, anarchists, Marxists, Fabians, Frankfurt School, New Left, socialist feminism, social ecology, modern anti-colonial revolutionaries from Mao to Zapatistas, and others.
- 361 RACE IN/TO THE MOVIES II: RACE RELATIONS ON FILM: 1950-1980 (4)**  
Prereq: FAIR 261 or other film studies class. Explores race relations in America between 1950 and 1980, using film as one source of historical documentation. Films such as *Raisin in the Sun*, *Twelve Angry Men* and

various “Blaxploitation” movies will demonstrate how movies both reflect and reinforce contemporary perceptions on inter- and intra-race relations. Readings will place the films into a broader historical context.

**362 WE’RE NOT FOR SALE: HISTORY OF ASIAN WOMEN IN AMERICA (4)**

Prereq: FAIR 215 or AMST 205 or course in history of American women. Explores the history and experiences of Asian women in America from the mid-19th century to the present.

**363 SUZIE WONG TO MISS SAIGON: ASIAN PRESENCE IN HOLLYWOOD (4)**

Explores the different perspectives of, and attitudes toward, Asian Americans and Asians in America from 1915 to the present, using film as a main source of historical documentation.

**364 EL MOVIMIENTO CHICANO (4)**

Prereq: FAIR 204 or FAIR 218 or AMST 203 or HIST 463. Examines the sociohistorical, political and cultural characteristics of the Chicana/o Movement from 1848 to present. Formation and symbolic evolution of the United Farmworkers’ Movement, the Chicana/o cultural renaissance of the ‘60s and ‘70s, the Chicana/o student movement for educational liberation and the roots of the Chicana/feminist and lesbian movements from the ‘70s through the ‘90s.

**365 ISSUES IN CONTEMPORARY MEXICAN SOCIETY (4)**

Prereq: FAIR 218 or AMST 203 or course in Mexican history or culture recommended. Examines economic, political and educational issues presently impacting the Republic of Mexico. Emphasis on examining the role of indigenous movements within Mexico and the impact which immigration shares between Mexico and the United States. Repeatable with different topics.

**366 COMPARATIVE CULTURAL STUDIES (4)**

Prereq: introductory-level course in history, sociology, anthropology or equivalent. Interaction of immigrant and indigenous cultures with the developing American cultural patterns. Emphasis on modes and concepts of interaction, especially related to African Americans, Native Americans, Asian Americans and Latinos. Also offered as AMST 301.

**367 THE POLITICS OF WATER (5)**

Prereq: FAIR 204 or permission of instructor. Study of pollution, overuse, increasing commodification, and politicization of fresh water. Consideration of major issues regarding availability of fresh water, history of water crises, and power struggles over fresh water in the United States and around the world.

**368 POLITICAL ECONOMY OF DEVELOPMENT (3-5)**

Prereq: FAIR 212 or ECON 207; ECON 342 strongly recommended. Variable course content includes the importance of gender, social justice, environment, trade institutions, education and health, and domestic political institutions in developmental processes. Provides students with tools to analyze orthodox and critical literatures on the political economy of development and on the pitfalls and promise of human development. Repeatable with different topics.

**369 NATIVE AMERICANS AND MINORITIES IN THE U.S. MILITARY (4)**

Prereq: previous course in Native American studies or permission of instructor. Historic and contemporary experiences of Native Americans and other minorities in United States Armed Forces to examine issues of race, class and gender in society. Repeatable with different topics.

**371 COMPARATIVE INTERNATIONAL POLITICAL ECONOMY (3-5)**

Prereq: FAIR 212 or ECON 206 or 207. Introduction to different state-society economic structures in developed countries. Topics include the political economy of welfare provision, trade union power in various societies. Emphasis on working alternatives to U.S.-style neoliberalism, particularly social democratic corporatism. Repeatable with different topics.

**372 CRITICAL READING AND THINKING (4)**

Prereq: admission to the Law and Diversity program. Improve reading comprehension and reading multiple passages on diverse new subjects in a limited time period. Introduction to analytical reasoning, identification of symbolic representations of conditional statements, and strategies for intake and use of new data.

**373 SOCIAL CHANGE I: THEORY AND CASE STUDIES (4)**

Prereq: FAIR 204, course in sociology, political studies, or permission of instructor. Using concept of Praxis and theory of hegemony to construct

evaluative frameworks to analyze local, national, and international case studies of grassroots social change.

**374 SOCIAL CHANGE II: PRAXIS AND LEADERSHIP (5)**

Prereq: FAIR 373. Builds on Social Change I; continues to develop ability to critically evaluate grassroots activism by engaging in community-based learning experiences.

**376 GENDER AND THE LAW (4)**

Prereq: FAIR 211 or PLSC 250 or permission of instructor. Explores effects of gender on rights and status in the legal system and limitations imposed through judicial interpretation of the 14th and 1st amendments to the Constitution.

**377 WHATCOM CIVIL RIGHTS PROJECT (3)**

Prereq: permission of instructor. Working in conjunction with the Whatcom Human Rights Task Force, the Whatcom Civil Rights Project (SCRIP) provides pro bono legal assistance and advocacy to victims of discrimination. Gain the skills necessary to participate in WCRP by learning interview skills, how to write organized summaries of fact and law, and how to present cases orally. Covers major civil rights laws such as the Americans with Disability Act and Title VII of the Civil Rights Act of 1964.

**378 WHATCOM CIVIL RIGHTS PROJECT PRACTICUM (2-5)**

Prereq: FAIR 377 or concurrent. Staff a weekly shift of intake interviews for the Whatcom Civil Rights Project. Interview victims of civil rights discrimination, write a summary of the facts and law, and present the case orally to an attorney panel. Repeatable to a maximum of 15 credits.

**379 COSTUME AND TEXTILES AS POLITICAL DISCOURSE (5)**

Prereq: FAIR 202 or 204 or equivalent or permission of instructor. A look at how costume and adornment constitute a symbolic language and that people speak through that language all the time. Slide show examples and readings that illustrate the voice of costume. The main project for the course will be to compose a costume and write a short paper through which the costume will speak.

**391 NATIVE AMERICAN RESISTANCES AND ACTIVISM (4)**

Prereq: FAIR 263 or 399 or AMST 202 or 315 or other course in Native American studies or permission of instructor. Examines Native American resistances to European colonization including historical background of military efforts and pan-Indian revitalization and messianic movements.

**392 WOMEN OF THE WEST (4)**

Prereq: FAIR 204 or 304, or HIST 103 or 104, or equivalent. A historical study of the West as contested terrain for changing roles of women and men and for relations among women of different cultural origins.

**393 RIGHTS, LIBERTIES AND JUSTICE IN AMERICA (4)**

Prereq: upper-division courses in social science or history recommended. Study of American ideas of rights and liberties; what they mean in practice; competing principles and ideologies at work in the arena of constitutional rights; history of our justice system with regard to rights and liberties and directions it seems to be heading.

**394 THE SECRET LIFE OF POLITICS (4)**

Prereq: FAIR 204. Focus on the secret life of politics; interdisciplinary analysis of ordinary and everyday phenomena to understand latent political, economic and social messages encoded in the “wallpaper” of our lives. Repeatable with different topics, which may include consumerism, hobbies, riding the bus, advertising, leisure, going to the mall.

**395 COMMERCIAL RELATIONSHIPS (4)**

Prereq: admission to the Law and Diversity program or permission. The world of commercial relationships including corporations, regulatory agencies, employment practices, and financial institutions with an emphasis on terminology and fundamental concepts.

**396 POWER, PRIVILEGE, AND THE LAW (4)**

Prereq: studies in the social sciences; FAIR 204 or 211 recommended. Reading the law critically with a special sensitivity to the ways in which legal techniques, rhetorical strategies and legal precedent reproduce patterns of power and privilege that subordinate people based on categories of identity. Explores issues pertaining to racial and ethnic groups, gender and sexual orientation, poverty and disabilities.

**398 POLITICAL ECONOMY AND THE LAW (4)**

Prereq: admission to the Law and Diversity program or permission of instructor. An introduction to micro and macro economics and to the uses of both in legal decision making.

**399 CONTEMPORARY NATIVE AMERICAN ISSUES (4)**

Prereq: AMST 202 or FAIR 263 or HIST 275. Presents selected issues that impact Indian-White relations. Emphasis on case studies of issues of sovereignty, land claims, treaty rights, cultural appropriation, economic development, health, education, and environment. Also offered as AMST 315. Repeatable with various topics.

**411 POLITICAL IDEAS (4)**

Prereq: course in political theory or philosophy and permission of instructor. Explore ideas, concept and philosophies of selected political theorists or schools of thought, historical and current. Topics may include anarchism, hegemony, critical theory. Repeatable with various topics.

**412 PRE-COLOMBIAN MESOAMERICA SOCIETIES (4)**

Prereq: AMST 203 or FAIR 218 or 364 or 365. Examines the spiritual, political, and social contexts of pre-Columbian meso-American societies. Emphasis is on understanding of ascendant cultures such as the Mayas, Toltecas, and Mexca Aztecas and examination of the *Popol Vuh*, *Tonatiuh*, *Curanderismo* and the connections between spiritualism and calendric cycles. Provides linkages between pre-Columbian thought and culture and present-day Mexico and Central America. Repeatable with different topics.

**413 CURERS, CLIENTS AND CULTURE: CROSS-CULTURAL PERSPECTIVES ON HEALTH AND ILLNESS (5)**

Prereq: cross-cultural studies or permission of instructor. Examines health belief systems in cross-cultural perspective, including the roles of practitioner and patient; explanation, diagnosis and treatment of disease; the impact of modernization on non-Western medical systems, and ethnicity and health care in the United States.

**414 VIETNAM ON FILM (3)**

Prereq: FAIR 369 or HIST 104 or evidence of familiarity with the Vietnam War or permission of instructor. Explores the cinematic interpretations of the Southeast Asian war as a process of rationalizing and renegotiating American interests and history to suit contemporary political and cultural purposes.

**415 GOVERNMENT POWER UNDER THE CONSTITUTION (5)**

Study of constitutional law and the way in which the Supreme Court construes the constitution in addressing major social and political questions. Critical reading and analysis of court opinions. Questions of power distribution and conflict among the three branches of the federal government and between the states and federal government.

**416 INDIVIDUAL RIGHTS UNDER THE CONSTITUTION (5)**

Prereq: FAIR 415 recommended. Study of constitutional law and the way in which the Supreme Court construes the constitution in addressing major social and political questions. Critical reading and analysis of court opinions. Questions of individual rights in conflict with government regulation.

**418 WOMEN, IDEAS AND CHANGE: A HISTORY OF FEMINIST THOUGHTS AND ACTIONS (4)**

Prereq: WMNS 211 or FAIR 204 or permission of instructor. A study of selected feminist thinkers and movements, the context from which they arose, the arguments and counter arguments they inspired, and the legacies they left for subsequent generations.

**419 CROSS-CULTURAL SHAMANISM (5)**

Prereq: FAIR 204 or ANTH 201; FAIR 413 or ANTH 424 recommended. Cross-cultural comparison of the roles, recruitment, techniques and performances of shamans, those ceremonial practitioners who move in a state of ecstasy between various spiritual realms. The relationships between healing, magic, sorcery and alternative states of consciousness in cultural context.

**462 POLITICAL ECONOMY AND THE STATUS OF WOMEN (3-6)**

Prereq: FAIR 212 or ECON 206 or 207. Gain a deeper understanding of economic theory and women. Focuses on the definition of work, and explores theories of wage differences, feminist theory as it applies to economics, and diversity of women's experience. Repeatable with different topics.

**220/320/380/420 a-z Language, Literature and Communications (1-6)**

*Literature as expression of the human experience; creative and expository writing; structure, technique and technology of communication; semantics. Repeatable with various topics. Some of the offerings in this section are listed below. Additional topics will be listed in the Fairhaven College Quarterly Class Description booklet.*

**221 COLLEGE WRITING (4)**

Directed toward the student who wishes to improve expository writing skills. Theory, practice and criticism of student work.

**222 IMAGINATIVE WRITING (4)**

Workshop to develop and discuss student manuscripts. Repeatable to a maximum of 12 credits with different genres.

**223 COLLECTING PERSONAL NARRATIVES: THE ART OF THE INTERVIEW (3)**

Introduction to skills in listening, questioning, and critical approaches to critiquing interviews.

**224 WRITING ARGUMENTS (4)**

Examination of how to construct a logical argument in written form.

**225 PRESENTATIONAL SPEAKING (3)**

An opportunity to develop strategies for effective presentation in a variety of contexts.

**226 WORDS (4)**

An etymological exploration of words: their origins, roots, history, evolution, connotations, and usage.

**227 WALKING (4)**

A literary and experiential examination of walking.

**228 COMICS AND DIVERSITY (3)**

Prereq: FAIR 202 or 200-level English class. Examines how various peoples and experiences are depicted in comics. Explores why an artist would choose to render experiences such as the Jewish experience in the Holocaust, history of African-Americans, and the contemporary lesbian experience in comics.

**322 MEMOIRS AND MEMORY: CHILDHOOD IN AMERICA (4)**

Prereq: FAIR 204 or equivalent or permission of instructor. Using literature, film and theoretical readings, investigates the "idea" of childhood and, using other cultures and historical periods as lenses, examines how today's American society constructs the ideal and implements the reality.

**323 IMAGINATIVE WRITING II (4)**

Prereq: FAIR 222, a course in creative writing, or permission of instructor. An opportunity to continue development of creative skills in fiction, poetry or writing for children, including the revision of promising works for publication. Repeatable with different topics.

**325 STUDIES IN MYTH AND MYTHOLOGY (4)**

Prereq: background in humanities or cultural history. Literary and artistic archetypes, world mythology, comparative cosmology, symbols and the unconscious. Repeatable with various topics.

**326 STUDIES IN FILM (2-5)**

Prereq: film class. Topics in film studies involving particular subject matters, social themes, genres or historical considerations. Recent topics include women in film, film from novels, history of documentary film. Repeatable with different topics.

**328 AMERICAN LIVES (4)**

Prereq: FAIR 202 or permission of instructor. Examines the lives and work of Americans. Subjects may include artists, environmentalists, writers, scientists, civil rights activists, athletes, children, and so on. Repeatable with different topics.

**381 TOPICS IN LITERATURE (3-5)**

An exploration of writers, periods, genres, theories or comparative studies which engage the student in the careful reading and critical discussion of literature, and in writing clearly about the works and issues involved. Repeatable with different topics.

**382 DIFFERENT VOICES: CREATIVE NONFICTION WRITING (4)**

Prereq: introductory college writing course. Reading a variety of contemporary writers, and "trying on" the voices of different writers with the goal of developing a wardrobe of voices for writing creative nonfiction.

**384 WRITING NATURE (4)**

Prereq: background in sciences or writing or permission. Workshop on creative nonfiction writing focusing on natural history, nature, wildness, environment, conservation, science, medicine, landscape or place.

**387 GRANT WRITING WORKSHOP (4)**

Focuses on the basics of grant writing, including seeking funding sources, reading and interpreting funding guidelines, developing and refining proposals, and tricks of the trade. Development of, either individually or as a group, two small grant proposals.

**388 ORAL HISTORY (4)**

Prereq: FAIR 223 or permission. Study in methods for conducting, editing, and interpreting oral interviews.

**389 COMMUNICATION AND GENDER (4)**

Prereq: communication course. Survey and analysis of gender differences in communication behavior with a discussion of implications for personal and social change.

**421 ADVANCED TOPICS IN LITERATURE (3-5)**

Prereq: successful 300-level work in literature. In-depth consideration of a small number of works, with theoretical or comparative analysis and intensive work with critical discussion and writing. Repeatable with different topics.

**422 ART OF THE ESSAY (4)**

Prereq: FAIR 202 and 208 and a 300-level writing class. An advanced course in the art of writing essays. Repeatable to 12 credits.

**425 ADVANCED WRITING WORKSHOP (4)**

Prereq: writing courses. An advanced course for those who wish to improve their skills in writing effective prose of any kind, and for those actively engaged in specific writing projects. Devoted to reading and analyzing student work in various stages of completion, supplemented by discussions of individual and common writing problems with emphasis on form and craftsmanship. Includes conversations with experienced writers in both the arts and sciences. Repeatable to 12 credits.

**230/330/430 a-z Nature, Science and the Environment (1-6)**

*Analysis of systems for understanding, describing and predicting the world of nature; environmental concerns and social policy. Repeatable with various topics. Some of the offerings in this section are listed below. Additional topics will be listed in the Fairhaven College Quarterly Class Description booklet.*

**231a-c INTRODUCTION TO APPLIED HUMAN ECOLOGY: SUSTAINABLE SYSTEMS (3 ea)**

Study of relationships between human systems and the environment with an emphasis on the principle of sustainability. Study of models of sustainable development and appropriate technology complement practical applications in the Outback Farm/Wetland/Outdoor Learning Center. Student participation in instruction. Repeatable to 9 credits.

**232 USER-FRIENDLY STATISTICS (4)**

Basic statistical techniques (sampling, distributions, graphing, hypothesis testing, test of correlation and significance) in the context of real-world issues of concern to nontechnical majors, along with skills for evaluating and critiquing statistical arguments and discerning statistical abuse.

**331 THE MAGIC OF CHAOS: A MULTIDISCIPLINARY APPROACH (4)**

Prereq: FAIR 206 or equivalent or permission. Examines chaos from multiple perspectives beginning with mythological and cultural roots, moving into the historical and present-day development of scientific chaos theory, and developing philosophical, social, psychological, and aesthetic implications and applications — through reading, discussion, and student projects.

**332 CURRENT ENVIRONMENTAL TOPICS (2-5)**

Prereq: FAIR 206 or permission of instructor. The interdisciplinary context of current environmental issues, including the scientific basis for concern. Examples include acid rain, loss of genetic diversity, climate modification by logging, global warming, ozone depletion, overpopulation, nuclear waste disposal. Repeatable with various topics.

**333 FEMINIST PERSPECTIVES IN SCIENCE (4)**

Prereq: FAIR 206 or one course in the sciences or permission of instructor. Studies a variety of feminist perspectives as applied to the sciences, examining patterns of exclusion of women historically and in the present, challenging principles of value neutrality and objectivity, examining gender and cultural biases in the teaching and practice of science and in our technologies.

**334 THE SCIENCE AND MUSIC OF NATURAL SOUNDS (5)**

Prereq: FAIR 206 or permission. Recording sounds in local natural settings with a focus on how and why animals produce sound, how sound travels through the environment, how we can use the sound for biological survey work and to estimate environmental degradation, how urban sounds differ from natural areas, and using recordings to compose and perform music.

**335 VISIONING SUSTAINABLE FUTURES (4-5)**

Prereq: FAIR 208 or ENG 101 and prior course work or experience in sociopolitical issues or environmental issues from a sociopolitical

perspective. A critical examination of alternative futures envisioned by various writers representing the world views of diverse cultures and communities of interest, in light of present-day sociopolitical, economic and environmental realities. Repeatable with different topics.

**336 CULTURAL AND BIOLOGICAL PERSPECTIVES ON PARENTS AND CHILDREN (4)**

Prereq: FAIR 204 and 206 or equivalent or permission of instructor. Examines issues of parents, including play, parent-offspring conflict, and evolution of families in insects, birds, and nonhuman primates; historical and cross-cultural analysis; childbirth practices; challenges of parenting in “traditional” and “nontraditional” families; and influence of American popular culture on lives of children.

**338 CULTURAL AND BIOLOGICAL PERSPECTIVES ON PREGNANCY AND CHILDBIRTH (4)**

Prereq: FAIR 204 and 206 or permission of instructor. The biology of pregnancy and childbirth, including the development of the fetus, morphological, physiological and psychological changes women experience during pregnancy and childbirth, and the co-evolutionary relationship between mothers and fetuses. Explores childbirth from cross-cultural and historical perspectives, and focuses on the ways American medicine has viewed and treated childbirth and recent changes in American childbirth practices.

**339 ENVIRONMENTAL ISSUES OF INDIGENOUS PEOPLES OF NORTH AMERICA (5)**

Prereq: FAIR 206 or permission. Explores the history, ethics, politics, and biology of environmental issues facing the world’s indigenous peoples. Examine local and international case studies that involve Native hunting and fishing rights, land rights issues, and pollution issues.

**434 ADVANCED STUDIES IN FIELD SCIENCE (5-8)**

Prereq: FAIR 206, 306 or equivalent, or permission of instructor. In-depth quantitative field study, including study design, data collection and analysis, and the writing of a scientific paper to report the findings. Repeatable with various topics.

**435 ADVANCED MARINE BIRD POPULATION ECOLOGY (2-15)**

Prereq: FAIR 434 or permission of instructor. Participation in all aspects of an ongoing study of Northwestern Washington marine bird populations, including study design, field work, data analysis, and scientific writing. Repeatable to a maximum of 30 credits.

**240/340/440 a-z Human Development, Personal Identity and Socialization (1-6)**

*Studies in historical, social, educational, cultural, psychological and physiological components of human development, personal identity and social roles. Repeatable with various topics. Some of the offerings in this section are listed below. Additional topics will be listed in the Fairhaven College Quarterly Class Description booklet.*

**242 THE ART OF PLAY: RECLAIMING IMAGINATION AND SPONTANEITY FOR THE ADULT (4)**

The practice of adult play with focus on methods to reclaim imagination and spontaneity. Providing an intellectual and interdisciplinary framework for understanding the nature of play through readings in philosophy, anthropology and psychology.

**243 AWARENESS THROUGH THE BODY (4)**

An experiential introduction to the discipline of somatics and sacred traditions of somatic practice, reclaiming the natural intelligence of sensory awareness.

**341 AWARENESS THROUGH THE BODY II (4)**

Prereq: FAIR 243 or permission of instructor. A continuation of FAIR 243 with deeper attention, intellectual and experiential, to the philosophical concepts introduced in the first course, to psychophysical integration, and to the underlying principles and theories in somatics.

**342 THE BODY SPEAKS: CULTURE AND EATING DISORDERS (4)**

Prereq: previous courses in psychology or permission of instructor. Examines eating disorders in the United States and developing countries from cultural and gender perspectives, as well as controversies regarding origins and treatments.

**343 DEATH AND DYING (5)**

The implications of one’s death for philosophy, culture, art, literature, aging, economics, psychology, medicine and living. Draws upon books, essays, films, field trips and personal experience.

**344 CROSS-CULTURAL PSYCHOLOGY (4)**

Prereq: any course in psychology. Introduces non-Western perspective of human behaviors. Culture's influence on human thinking, feeling, and action. Learning diversity in understanding societies and human beings. Repeatable with different topics.

**346 THE PSYCHOLOGY OF C.G. JUNG: AN INTRODUCTION (3)**

Jung's concepts of archetypes, consciousness, unconsciousness, personality types, and the use of symbols are explored as an introduction to Jung's approach to the study of human psychology.

**347 PSYCHOLOGY OF WOMEN (5)**

Prereq: previous courses in psychology or women studies. Major theories of psychology of women.

**348 MULTICULTURAL PSYCHOLOGY (4)**

Prereq: any previous courses in 200-level or higher psychology (cross-cultural psychology, social psychology, or psychology of personality recommended). In-depth psychological study that focuses on the cross-cultural analysis of behavioral characteristics of multi-Americans (Hispanic, Afro, Asian, Native). Development of intercultural skills through case studies of actual intercultural conflicts. Repeatable with different topics.

**349 SOCIAL PSYCHOLOGY AND FILM (4)**

Prereq: 200-level psychology class. Learning social psychological theories through films (e.g., conformity, intergroup conflicts, aggression, et cetera) and the application of social psychological theories to actual social situations. The psychological influence of media.

**441 THE RELATIONAL SELF: THEORIES AND RESEARCH (4)**

Prereq: previous courses in psychology or permission of instructor. Study of new paradigms of the self, including revisions of familiar concepts of identity, self-knowledge and self-esteem.

**442 PSYCHOLOGY OF HAPPINESS (4)**

Prereq: 200-level psychology class. Psychology has put much emphasis on negative aspects of human behaviors. This seminar introduces psychological studies of happiness and related concepts (e.g., life satisfaction and well-being). Topics include what happiness means, cross-cultural differences in concepts of happiness, and what predictors of happiness are.

**444 DEPRESSION: CAUSES, CULTURES, AND TREATMENTS (4)**

Prereq: previous psychology courses or permission of instructor. An examination of biochemical, clinical, and cultural explanations for depression and questions regarding why depression is becoming so widespread. Issues will include the increase of depression symptoms worldwide, gender differences in depression, and specific treatments.

**445 HUMAN AGGRESSION (4)**

Prereq: previous courses in psychology and women studies. Examines the issue of aggression in humans through the consideration of psychological theory (classical and current), biology and cross-cultural studies. If women are the less aggressive gender, what does this teach us about socialization practices, power, economics and human nature? Readings from the relational feminists will offer new perspectives.

**446 CULTURE AND SELF (4)**

Prereq: at least two 200-level courses in psychology (social psychology preferred). Study of culture's influence on self, especially focusing on cross-cultural differences and similarities in self-concepts and constructs. Learning mediation by culturally shaped self in behaviors, emotions, and cognition.

**250/350/450 a-z Arts, Self-Expression and Creativity (1-6)**

*The creative process in theory and practice; the role of art and artists in society; analyzing expressive forms within cultural context. Repeatable with various topics. Some of the offerings in this section are listed below. Additional topics will be listed in the Fairhaven College Quarterly Class Description booklet.*

**252 INTRODUCTION TO DRAWING (4)**

Studio course introducing experimental drawing mediums and style. Assigned projects emphasize the possibilities of extending traditional concepts concerning the parameters of drawing. Students set and solve their own experiential creative problems.

**254 INTRODUCTION TO RELIEF PRINTING (4)**

Introduction to basic relief printing techniques with emphasis on narrative image-making and composition. Woodblocks, linoleum blocks and plexiglass plates will be employed for understanding printing techniques.

**255 FOLK MUSIC PERFORMANCE (1)**

Prereq: permission of instructor. Focus on group performance of music from the American folk tradition, practicing instruments, learning songs, and researching folk music issues, performers, and/or songs and meeting weekly to play music together. Repeatable to a maximum of 8 credits.

**257 MUSICAL/DRAMATIC PRODUCTION (1-5)**

Prereq: permission of instructor. Rehearse, stage and perform a musical/dramatic theatre production. Repeatable with various topics.

**351 PRINTMAKING NARRATIVES (4)**

Prereq: FAIR 254 or two design or two studio art classes. Exploration of and experimentation with advanced printmaking techniques emphasizing the four-color technique. Relief, intaglio, drypoint, woodcut collagraph and monotype illustrating personal narratives and themes.

**352 DOING THEATRE (4)**

Prereq: previous work in the theater arts, television or film, or permission of instructor. A practical workshop for theatre artists, concentrating on intensive study of scenework for actors, but providing opportunity for directors, video artists and designers to practice their crafts in a setting which integrates all the arts of the theatre.

**354 SCRIPTWRITING WORKSHOP I (4)**

Prereq: previous course work or experience with creative writing, or permission of the instructor. Practice in the art and craft of writing for the dramatic media: theater, film, television and radio. Intensive writing and rewriting experience with a supportive group of other writers.

**355 INSTALLATION ART (3-5)**

Prereq: 200 level or higher studio art class. Contemporary subjects will be addressed in three-dimensional spaces using combined mediums, such as video, audio, paintings and found objects. Repeatable to 15 credits.

**356 DREAMS, IMAGINATION AND CREATIVITY (4)**

Prereq: FAIR 204 or 243 or permission of instructor. A study, through readings, discussion, experiences, of the content and interrelationships between dreams, imagination and creativity to enhance the intuitive dimension of daily life. Extending the range of imagination through practice: visualization techniques, artistic expression, journal writing.

**357 THEATRE/FILM PRODUCTION (4)**

Prereq: previous work in theatre or film production or permission of instructor. An opportunity to work with intensive instruction on production of student-written dramas or films. Repeatable to a maximum of 8 credits.

**358 ART IN THE ENVIRONMENT (4)**

Prereq: three studio art courses or instructor permission; ART 190 recommended. Examination of historical and contemporary environmental art works. Development of site-specific individual and group projects that relate to social, political or personal issues. Working on various environmental issues through direct contact with community groups. Repeatable three times.

**359 PERFORMANCE ART (4)**

Prereq: FAIR 202 and performing arts experience. Working in collaboration with others, each student will design, develop and perform a conceptual work of art. Background study of diverse traditions in performance art. Repeatable two times.

**451 RESISTANCE ART OF THE INDIGENA (4)**

Prereq: FAIR 218 or AMST 202 and FAIR 399 or AMST 315 and studio classes or experience above the 200 level. Examines contemporary visual and literary arts of indigenous peoples of Canada and the United States. Emphasis on artwork that reflects personal and cultural histories, government and state relations, and Western misrepresentation of Native peoples in the media and academia.

**454 SCRIPTWRITING WORKSHOP II (4)**

Prereq: FAIR 354, previous 300-level work in scriptwriting in any medium, or permission of instructor. Advanced practice in the art and craft of writing for dramatic media: theatre, film, television, radio. Emphasis on sharpening forms and styles, and on preparing scripts for production. Repeatable to 12 credits.

**455 ADVANCED PRINTMAKING (4)**

Prereq: FAIR 254 and 351. Advanced printmaking techniques illustrating various themes developed by students in consultation with instructor, with an emphasis on technique and aesthetics.

**457 ADVANCED THEATRE/FILM PRODUCTION (4)**

Prereq: permission of instructor. An opportunity to hone advanced production skills in theatre/film in an intense and supportive learning environment.

**COOPERATIVE, INDEPENDENT AND SPECIAL STUDIES**

**200/300/400 Independent Study (variable)**

Prereq: Fairhaven College independent study permit card required for registration. By arrangement: fall, winter and spring. To enable students to study independently under faculty sponsorship. Repeatable.

**275/375/475 a-z Cooperative Special Interest Studies (1-6)**

Faculty- or student-initiated small special interest study groups formed around particular topics, themes, issues or activities. Repeatable with various topics. Topics will be listed in the Fairhaven College Quarterly Class Description booklet as they are offered.

**280 PRACTICUM (Variable)**

Prereq: approval by two or more Fairhaven faculty members via independent study procedures. By arrangement: fall, winter and spring. Fairhaven College independent study permit card required for registration. Learning through practical involvement outside the classroom; general exposure and experience. Repeatable.

**297/397/497 a-z Experimental Courses (1-15)**

Courses which give flexibility to the curriculum by allowing faculty to offer unusual or timely classes. Repeatable with various topics. Topics will be listed in the Fairhaven College Quarterly Class Description booklet as they are offered.

**480 INTERNSHIP (Variable)**

Prereq: approval by two or more Fairhaven faculty members via independent study procedures. By arrangement: fall, winter and spring. Fairhaven College independent study permit card required for registration. Practicum in an area related to one's course of study; addresses specific roles or responsibilities. Repeatable.

**499a-z SPECIAL PROBLEMS IN INTERDISCIPLINARY STUDIES (1-15)**

Prereq: upper-division status or permission of instructor. Investigation of problems and issues through advanced interdisciplinary study. Repeatable with various topics. Topics will be listed in the Fairhaven College Quarterly Class Description booklet as they are offered.

# COLLEGE OF FINE AND PERFORMING ARTS

*Linda Smeins, Interim Dean*

The College of Fine and Performing Arts, consisting of the departments of art, music, theatre arts, and the dance program, provides an educational environment for enhancing the creation, development, performance and teaching of the fine and performing arts. The College has a strong physical presence on campus through its multi-building facilities which are found adjacent to the two major plazas of the campus. The Concert Hall, the Mainstage Theatre, two experimental theatre performance spaces, an intimate theatre, rehearsal spaces, classrooms, art studios and the Western Gallery are housed in these facilities. The College also is responsible for public art throughout the campus in the form of the internationally known Outdoor Sculpture Collection, much of which is site-specific. The College also sponsors the Performing Art Center Series, bringing world-class events to the University.

Within this environment the College provides for its academic majors while also offering a full spectrum of arts experiences and courses to the general student body and community.

The College enables the student to grow in a specific discipline, while concurrently encouraging cross-disciplinary experiences. A commitment to a career in an arts discipline warrants and demands exploration in all the arts. The departments of the College provide the necessary flexibility to develop the specific talents and interests of each student. In addition to the traditional course of study, the College offers student/faculty-designed majors to allow for cross-disciplinary study. Within each department an appropriate balance of historical, analytical, practical and pedagogical courses combine to provide an effective curriculum.

The nature of instruction within the College provides for a supportive atmosphere with the faculty acting as mentors to their students. This approach is consistent with the unique goals and dreams that each student brings to the College. The faculty of the College are dedicated educators, scholars and artists who strongly believe in the primary role the arts play in society and culture.

## *Academic Programs Leading to Undergraduate and Graduate Degrees*

Art ..... BA, BA/Ed, BFA  
 Art History ..... BA  
 Music ..... BA, B/Mus, M/Mus, BA/Ed  
 Theatre ..... BA, MA

## *Admission*

A student is admitted to the College of Fine and Performing

Arts when he or she has been admitted to Western Washington University and has officially declared and been accepted as a major in any one of the three departments of the College. Advisement is carried on through the individual departments or the dance program (for minors).

## *Requirements for Bachelor's Degree*

Besides the general requirements for graduation from the University, explained elsewhere in this catalog, the College of Fine and Performing Arts has the following specific requirements:

The Bachelor of Music degree may require more than the usual 180 credit hours.

The Bachelor of Fine Arts degree is the professional undergraduate art degree requiring study beyond the normal four years.

## *Majors/Minors*

In addition to the General University Requirements and other common degree requirements, a candidate for a bachelor's degree must complete a major from one of the departments within the College of Fine and Performing Arts. Minors are also offered in art, dance, music, and theatre arts.

## *Student/Faculty-Designed Major*

The student/faculty-designed major is a major for a bachelor's degree granted by the College of Fine and Performing Arts. Each major is approved by the Curriculum Committee of the College of Fine and Performing Arts. Approval should come after 45 — and before 90 — credits are completed.

Policies, procedures and contract forms will be issued to applicants by the dean's office.

## *Department Chairs*

Rosalie King ..... Art  
 David Feingold ..... Music  
 Mark Kuntz ..... Theatre Arts

## *Program Director*

Nolan Dennett ..... Dance

## **Departments, Courses and Programs**

Courses listed in this *General Catalog* constitute a record of the total academic program of the University. For an exact scheduling of courses at Western, students should consult the annual *Timetable of Classes*, the *Summer Bulletin* and the University Extended Programs' bulletins.

# ART

The Department of Art offers programs in four interrelated areas of study: art studio, design, art education and art history. The programs are designed to enhance artistic and intellectual inquiry across and within disciplines. The programs, classes and workshops combine practice in visual skills with rigorous critical analyses, providing an environment that fosters lively dialog and energetic engagement. Artists, designers, art historians and art educators, with innovative yet well-established approaches to teaching, offer a variety of courses that include art education, art history, art theory and criticism, ceramics, design production, drawing, fibers/fabrics, graphic design, new media, painting, photography, printmaking, and sculpture. The faculty is dedicated to the preparation and sponsorship of students in their post-graduate careers as professional artists, designers, curators, art historians and educators.

The Department of Art offers Bachelor of Arts degrees in art studio, design and art history. A Bachelor of Fine Arts degree in art is available in art studio and design. A Bachelor of Arts in Education degree is available through Woodring College.

## WESTERN GALLERY AND OUTDOOR SCULPTURE COLLECTION

The internationally known Outdoor Sculpture Collection includes works by international, national and regional artists, such as Magdalena Abakanowicz, Alice Aycock, Anthony Caro, Mark di Suvero, Nancy Holt, Donald Judd, Robert Morris, Bruce Nauman, Isamu Noguchi, Tom Otterness, Beverly Pepper, and Richard Serra.

The Western Gallery provides diverse experiences in the visual arts for its constituencies, encompassing the University community and region while providing a point of reference to the national and international art scene. Through historical, contemporary and experimental art exhibitions, through the outdoor collection of contemporary sculpture, through the publications and through interpretative interdisciplinary programs, the Western Gallery is committed to creating an environment for learning. The gallery acts as a center for discussion and exchange of ideas on critical issues in contemporary art. The Western Gallery recognizes its role in expanding its audience's awareness of the visual arts as central to the dynamic and pluralistic nature of our society. Individuals interested in supervised work in the gallery are encouraged to volunteer their services.

## ART FACULTY

**ROSALIE ROSSO KING** (1983) Chair and Professor. BS, University of Washington; MEd, Massachusetts State College at Framingham; PhD, University of Washington.

**GARTH AMUNDSON** (2000) Associate Professor. BA, Central Washington University; MFA, Syracuse University.

**SHARRON ANTHOLT** (1996) Associate Professor. BFA, California State University; MFA, San Francisco Art Institute.

**SEIKO ATSUTA** (2002) Assistant Professor. BFA, Kyoto Seika University; MA, Montclair University; MFA, the School of the Art Institute of Chicago.

**EDMOND BEREAL** (1993) Associate Professor. Alternative Education. Professional artist.

**CRISTINA de ALMEIDA** (1997) Associate Professor. BFA, Escola Superior de Desenho Industrial, Rio de Janeiro, Brasil; MFA, University of Massachusetts.

**ELSI VASSDAL ELLIS** (1977) Professor. BS, MEd, Western Washington State College; PhD, University of Washington.

**MADGE GLEESON** (1983) Professor. BA, MAT, Brown University; MFA, Washington State University.

**GAYE LEIGH GREEN** (1996) Associate Professor. BA, California State University; MA, Stanford University; PhD, Pennsylvania State University.

**CAROL JANSON** (1989) Professor. BA, MA, PhD, University of Minnesota.

**CARA JAYE** (1997) Associate Professor. BFA, Parsons School of Design; MFA, University of Colorado.

**THOMAS A. JOHNSTON** (1967) Professor. AA, San Diego City College; AB, San Diego State College; MFA, University of California, Santa Barbara.

**PATRICK F. McCORMICK** (1969) Professor. BFA, BA, University of Washington; MFA, Cranbrook Academy of Art.

**SEBASTIAN MENDES** (2001) Assistant Professor. BA, University of California, Santa Cruz; MFA, Stanford University.

**BARBARA MILLER** (2000) Assistant Professor. BA, Simon Fraser University; MA, PhD, University of Rochester.

**JULIA SAPIN** (2003) Assistant Professor. BA, University of Texas; MA, PhD, University of Washington.

**LINDA E. SMEINS** (1981) Professor, Interim Dean of the College of Fine and Performing Arts. BFA, University of Denver; MA, California State University, Long Beach; PhD, University of British Columbia.

**KENTON D. SMITH** (1993) Associate Professor. BFA, MA, Fort Hays State University; MFA, Kent State University.

**ROBERT A. URSO** (1969) Professor. BA, MA, University of Notre Dame.

### Gallery Director

**SARAH CLARK-LANGAGER** (1988). BA, Randolph-Macon Woman's College; MA, University of Washington; PhD, Graduate Center, City University of New York.

### Adjunct Faculty

**SARAH CLARK-LANGAGER** (1988). BA, Randolph-Macon Woman's College; MA, University of Washington; PhD, Graduate Center, City University of New York.

## ADMISSIONS

At the time of application to Western Washington University, a formal application to the Department of Art is required. For students in art studio, design, or art education, application is made with a portfolio of work. The portfolio will be reviewed by Department of Art faculty and evaluated on the basis of a demonstrated understanding of the elements of visual art, technical proficiency and originality. Students with an interest in art history as a major must submit a writing sample instead of a portfolio. Deadline for entering freshmen for fall quarter admission is March 1 each year. Applications for transfer students for winter or spring quarters will be reviewed on a space available basis. The deadline for winter quarter is November 1 and for spring quarter is February 1.

## PORTFOLIO REQUIREMENTS

### Art Studio, Design, and Art Education

Incoming freshmen and transfer students must submit a portfolio of 12 slides (35 mm). It is recommended that the portfolio include only recent pieces. Artwork can be in any media and must specifically demonstrate the following criteria:

- Understanding of formal issues
- Technical skills
- Ability to use visual language to communicate ideas
- Originality and risk taking

An accompanying slide list should briefly describe the rationale behind each piece. Slides are recommended as the primary format for portfolio submission. Macintosh-compatible CD-ROMs and online portfolios are acceptable alternatives. Digital

## ART

portfolios must be presented in an easily accessible format. It is the applicant's responsibility to ensure proper functioning of the presentation.

### Art History Requirements

Incoming art history applicants must submit a 500-word writing sample that addresses their interest in art history and visual culture. Contact the Department of Art for specifics.

### Scholarships

The Department of Art offers a limited number of scholarships to recognize individual talents, promise, and meritorious achievement. The Scholtz Family Memorial Scholarship has been designated for high school graduates entering the program. J. Ruth Kelsey Scholarship, McIntyre Gorrell Scholarship, Thomas O. Vassdal Scholarship and Berit Siren Vassdal scholarships are among other scholarships offered in the Department of Art. Please consult the scholarship brochure available through Student Financial Resources for information on other scholarships.

### Foundation Program

The Foundation program is an introduction to the Department of Art, providing integrated approaches and experiences. The program encourages students to become involved in contemporary issues and practices in art.

### Foundation Courses

- ART 109
- ART 110, 120, 130

The Foundation courses are required of all Department of Art majors. It is recommended that ART 109 be taken concurrently with ART 110. ART 120 can be taken concurrently with ART 130. Department of Art majors are also required to take the art history survey courses, A/HI 220a or b, 230a or b and 240a or b.

## BACHELOR OF ARTS

The Department of Art has four areas of study: art studio, design, art history, and art education. After completing 100-level courses (ART 109, 110, 120 and 130), students must choose one of these areas and meet with an area advisor. See individual areas for advising information.

The art history survey series (A/HI 220a or b, 230a or b, and 240a or b) and two upper-division (300 or 400 level) art history classes are also part of the graduation requirements for Department of Art majors. Students are strongly encouraged to complete the art history survey series early in their program. Western Washington University requires successful completion of one writing proficiency class as a degree requirement.

### Major — Art — Studio

70 credits

Art Studio includes ceramics, drawing, fiber/fabrics, painting, photography, printmaking and sculpture. The objectives of the major are to investigate the function of art and the relationships between art, culture, artist and audience. Art studio classes are designed to familiarize students with the principles that shape and inform visual literacy and expression through a variety of practices in art making. Students meet with an advisor after completing 200-level courses to write a formal plan of study and select an area of Art Studio for concentration.

- 100-level courses (12 credits)
  - Foundation courses: ART 109, 110, 120, 130

- After completing the 100-level Foundation program, students must meet with an advisor before taking 200-level courses
- 200-level courses (21 credits)
  - A/HI 220a or b, 230a or b, 240a or b (9 credits)
  - 12 credits of 200-level studio courses
  - After completing the 200-level classes students must meet with an advisor to write a formal plan of study and declare a concentration in one area of Art Studio
- 300/400-level courses (37 credits)
  - 15 credits of 300- or 400-level art studio courses in area of selected concentration
  - 9 credits of 300- or 400-level art studio or design electives
  - 5 credits of ART 495
  - 8 credits of 300- or 400-level art history

### Major — Art — Design

82 credits

The Design area of the Department of Art identifies design as the communication of ideas. The program utilizes a curriculum that emphasizes the process of problem solving and encourages students to make connections between culture and design, and their role as visual communicators. Students learn to combine personal expression and critical thinking as they create solutions that connect industry to an audience and themselves to the world. Students meet with an advisor after completing the 200-level courses to write a formal plan of study and declare the Art Major: Design concentration. A portfolio review is held each spring; the portfolio is based on a selection of work from 300-level design classes. After successful completion of the portfolio review, students are cleared to enroll in 400-level design classes with emphasis in design production, graphic design and new media. All students enroll in Professional Practices in Design (ART 479).

- 100-level courses (12 credits)
  - Foundation courses: ART 109, 110, 120, 130
  - In the design area, students enter the department as pre-majors; students must meet with an advisor before taking 200-level courses
- 200-level courses (24 credits)
  - A/HI 220a or b, 230a or b, 240a or b (9 credits)
  - A/HI 211 (3 credits)
  - ART 251, 252, 270 (12 credits)
  - After completing the 200-level design classes, students must meet with an advisor to write a formal plan of study and declare the Art Major: Design concentration
- 300- or 400-level courses (46 credits)
  - ART 352, 371, 372
  - 8 credits selected from ART 354, 377, 379
  - A design student must successfully complete a portfolio review at the end of the junior year for admission to 400-level classes
  - 400-level senior sequence with emphasis in graphic design, design production, or new media (15 credits)
  - Professional Practices: Design (3 credits)
  - 8 credits of 300- or 400-level art history, including A/HI 312

### Minor — Art — Studio and Design

30 credits

- Foundation courses: ART 109, 110, 120 and 130

- A/HI 220a or b, 230a or b, 240a or b, 270
- Electives under advisement

### Major — Art History

72 credits

The art history major gives students the opportunity to address social, cultural and transnational issues through an engagement with visual culture — objects, images and ideas — and to imagine critical intersections in the arts, humanities, and sciences by means of innovative course instruction. Art history classes are catalysts through which students make cross-connections between their major areas of study and the diverse perspectives found in visual forms of communication. Students declare their major after completing the 200-level art history classes (A/HI 220a or b, 230a or b, 240a or b, 270). As students enter the 300-level art history classes they should choose an advisor to develop an individualized course of study. This plan becomes an outline of the degree requirements but should be revised yearly in consultation with an advisor. Students must complete A/HI 275, 375 and 475 in sequence.

- Foundation courses: ART 109, 110, 120 and 130
- A/HI 220a or b, 230a or b, 240a or b, 270
- A/HI 275, 375, 475 (these courses must be taken in sequence)
- A minimum of two courses in each of the following:
  - Modern and contemporary emphasis: A/HI 301, 308, 312, 313, 358, 401, 415, 490
  - Europe and United States emphasis: A/HI 315, 316, 320, 330, 340, 360, 429, 440, 448
  - Comparative and multicultural emphasis: A/HI 310, 368, 370, 371, 410, 416, 428, 431, 450
- A minimum of three art history courses at the 400 level must be taken among the area selections and electives; 300- and 400-level classes are repeatable to 8 credits with permission of instructor
- An equivalent of three quarters of university-level French or German language courses. Students may formally petition to study an alternate language that is appropriate to their career plans

### Minor — Art History

28 credits

- A/HI 220a or b, 230a or b, 240a or b, 270
- Additional art history courses chosen under departmental advisement

## BACHELOR OF ARTS IN EDUCATION

This major must be accompanied by the professional preparation program in secondary education.

Programs in art education lead to becoming either an elementary classroom teacher or an art specialist who teaches art only. Elementary classroom teachers, who teach all subjects, must specialize in one area by completing the 50-credit program in addition to those courses specified in the elementary education section of this catalog. Students who want to teach art only at any grade level take the 72-credit program. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

A formal course plan must be developed with the area coordinator by the time a student completes 12 art credits. Transfer students with more than 18 credits of art should do this prior to completion of their second quarter at the University. Once developed, the course plan is placed on file in

the art office. Students are strongly encouraged to complete the studio and art history requirements prior to completing the art education series.

### Major — Art — P-12

72 credits

This major must be accompanied by the professional preparation program in secondary education and leads to an endorsement in visual arts. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- Foundation courses (12 credits): ART 109, 110, 120 and 130
- A selection of six courses from the following (24 credits): ART 210, 220, 230, 240, 260, 270, 290, 350
- Studio specialization (10 credits)
- Art History (13 credits): one course under advisement in A/HI 220a or b and A/HI 230a or b; A/HI 240a; and one art history elective
- Art Education (13 credits): ART 381, 382, 383

### Major — Art — Elementary

50 credits

This major must be accompanied by the professional preparation program in elementary education, and leads to an endorsement in visual arts. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- Foundation courses (24 credits): ART 109, 110, 120, 130, 220, 240 plus one studio elective
- Art History (13 credits): one course under advisement in A/HI 220a or b and A/HI 230a or b; A/HI 240a; and one art history elective
- Art Education (13 credits): ART 381, 382, 383

## BACHELOR OF FINE ARTS

### Major — Art Studio and Design

115 credits

The Bachelor of Fine Arts degree is the professional undergraduate art degree. It is an expanded undergraduate degree that requires each student to undertake a program of more than 180 undergraduate credits. Students are advised that a Bachelor of Arts major of normal length is available. The Bachelor of Fine Arts degree requires each student to complete the following program:

- Completion of the Bachelor of Arts course study
- 10 credits of ART 494 and 495, or ART 479 and 7 credits of internship
- 20 credits of studio practice in areas of focus
- 8 credits of 300- or 400-level art history
- 7 credits of electives specific to course study
- Midterm review, to be scheduled before registration for spring quarter
- Final exhibition and evaluation

Application should be made to the Department of Art faculty for admission to the Bachelor of Fine Arts program during spring quarter of the preceding year. Students must be in the final quarter of the Bachelor of Arts study, or have completed the Bachelor of Arts to apply for the Bachelor of Fine Arts program.

Application consists of 20 labeled slides of work, artist statement, a letter of application indicating your goals and

## ART

theme of study and a preference for faculty committee members; a grade point average of 3.00 or higher, and a transcript. The BFA is a selective and competitive program. If a student is not accepted into the BFA program, the student may reapply the following year.

All students must begin their BFA studies in the fall quarter. Applications will be reviewed at the end of the spring quarter and/or during the week prior to the beginning of fall quarter. (Specific dates will be announced each year.) Following acceptance to the BFA program, a committee of at least three faculty members will be formed to work with the student throughout the year.

A typical three-person committee will be comprised of the following: a primary advisor from the art department, and a "secondary advisor" from within or outside the art department, both of whom shall be assigned. The third committee member shall be selected by the student from within or outside the art department. The department must approve the third committee member.

During the BFA program students spend three quarters creating a self-determined body of artwork. Attention is given to the medium(s), method(s), and the content of the creative activity. The evaluation of the first part of your work will take place with the midterm review, with the participation of the student's full committee. The midterm review must be scheduled to take place sometime in January, during a designated week. At the culmination of the project each student is required to exhibit their completed work in a one- or two-person exhibition. In addition, the student is required to submit a research-driven artist's statement that supports the individuals own intellectual and creative achievement. An oral defense with full committee will be scheduled during the week of the student's exhibition. This is an opportunity for the student to discuss and defend their work.

Failure to meet these requirements on schedule will result in an unsatisfactory progress mark for the BFA degree which, in turn, would result in having to repeat the course of study.

### DEPARTMENTAL HONORS

In addition to the general requirements for all honors students, an art major who wishes to graduate with honors must complete an honors senior project in art.

### GRADUATE STUDY

The Department of Art is not currently accepting applications to the graduate program. Please contact the Graduate School or the graduate program advisor for information.

### COURSES IN ART (ART)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

*(Courses in art history are listed after the listings in art.)*

**NOTE:** The Department of Art may request samples of work produced in a studio course for exhibition purposes.

#### 109 VISUAL DIALOGUE (3)

Open to all students with the exception of a number of seats reserved for art majors each quarter. Art pre-majors are advised to take ART 109 in their first or second quarter concurrently with ART 110. Introduction to ideas and artists in 20th century art with an emphasis on the contemporary. Examines concepts of content, meaning, and cultural interrelationships in art, and questions the nature, function, and importance of art in contemporary society.

#### 110 FORM AND CONTENT I: DRAWING (3)

Prereq: art pre-major status or Industrial Design and Fairhaven majors. Recommended to be taken concurrently with ART 109. Focuses on drawing as a means of conveying ideas. Includes studies in representational drawing, including figure drawing, perspective studies, and drawing from memory and

the imagination. Various techniques, materials and surfaces are explored. Formal elements and organizing principles of design are introduced.

#### 120 FORM AND CONTENT II: 2-D (3)

Prereq: ART 109, 110; Art pre-major status or Industrial Design and Fairhaven majors. Recommended to be taken concurrently with ART 130. Focuses on two-dimensional problem solving, visual and critical thinking, and the elements and organizing principle of design including an introduction to color theory and its application. Drawing skills are expanded as part of the visual thinking process.

#### 130 FORM AND CONTENT III: 3-D (3)

Prereq: ART 109, 110; ART 120 (or concurrent); art pre-major status or Industrial Design and Fairhaven majors. Recommended to be taken concurrently with ART 120. Focuses on three-dimensional problem solving, visual and critical thinking and the elements and principles of design, including color. Explores a wide range of materials and processes. Emphasizes the relationship of drawing to three-dimensional construction.

#### 202 COLOR THEORY (4)

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. The complex study of color is achieved by reviewing the historic theories of the nature of color, the development of subtractive colorants, understanding human physiology related to vision, examining the complexities of additive colors and investigating the importance of cultural based meanings associated with color usage. Lecture/lab.

#### 203 CONTEMPORARY STUDIO DRAWING (4)

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. Examines the definition of drawing in the 21st century and explores contemporary approaches to drawing. Seeks to broaden the conceptual and technical basis for students' work and investigate a broad range of materials and traditions, including abstraction, observation, collage, imagination, color and mixed media on paper. Experimentation with tools and techniques and in developing an individual system for artistic expression.

#### 210 INTRODUCTION TO PRINTMAKING (4)

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. A lecture/lab course covering history, methods, and practice of print concepts. Introduction to monotype, relief and intaglio process.

#### 220 PAINTING (4)

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. Introduction to contemporary painting.

#### 230 BEGINNING SCULPTURE (4)

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. Emphasis on methods, ideas and materials relating to recent developments in contemporary sculpture and object art. Introduction to the idea of sculptural form as a repository for content. Repeatable to a maximum of 8 credits.

#### 240 CERAMICS (4)

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. Introduction to ceramics. Pottery and sculptural forms are hand-built using coil, slab and molded techniques. Introduction to glaze formulation, kiln loading and firing.

#### 251 COMPUTERS IN VISUAL PROBLEM-SOLVING (4)

Prereq: ART 110, 120. Methods and techniques for expressing visual/verbal concepts with the use of the computer. Introduction to software programs used for type and image generation and manipulation.

#### 252 DRAWING AND VISUALIZATION FOR DESIGN (4)

Prereq: ART 110 or equivalent. A drawing course which stresses rendering and re-creating real and conceptualized situations through an intense study of objects, environments, the human form in motion and visualization techniques.

#### 260 FIBERS/FABRICS I (4)

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. Introduction to technical explorations of dye application, fabric manipulation, and structural process of textile production. Technical information accompanied by presentations of contemporary fiber history and issues. All explorations to focus on the inherent expressive qualities of traditional fiber media and processes, and their mixed media counterparts. Lecture/lab.

#### 270 GRAPHIC DESIGN I (4)

Prereq: ART 110, 120. Introductory lecture studio class in layout and design with an emphasis on typography.

**290 PHOTOGRAPHY (4)**

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. Fundamentals of film developing, enlarging, print finishing. This introduction course is structural to establish a solid grounding in photographic art practices, including theory, techniques and history.

**301 EXPERIMENTAL DRAWING (5)**

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130 and 12 credits of 200-level studio practice. An intermediate-level course with emphasis on the pursuit of drawing as a creative mode of expression. Lecture/lab. Repeatable to a maximum of 15 credits.

**304 FIGURE DRAWING AND ISSUES OF THE BODY (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 203 or 250. Intermediate-level investigation through two-dimensional media of the human form. Basic drawing techniques and topics such as gesture, proportion, line, color, texture, value, expression, and some basic anatomy will be covered as applied to the life model. Explores contemporary issues of the body in art through major thematic and conceptual projects. Repeatable to a maximum of 15 credits.

**310 PRINT RELIEF (5)**

Prereq: ART 203 or 250. Introduces and explores surface/relief printmaking processes for the expressive artist. Uses conventional and experimental methods on a variety of materials to create matrices for woodblock and lino-cuts. Lecture/lab. Repeatable to a maximum of 15 credits.

**311 PRINT — LITHOGRAPHY (5)**

Prereq: ART 203 or 250. A lecture/lab course covering history, methods, criticism, and practice of planographic processes with emphasis on stone lithography. Repeatable to a maximum of 15 credits.

**312 PRINT — INTAGLIO (5)**

Prereq: ART 203 or 250. Course covers history, methods, criticism and practice of the intaglio print processes: drypoint, engraving and mezzotint, soft-ground etching and aquatint. Lecture/lab. Repeatable to a maximum of 15 credits.

**313 PRINT — COLOR (5)**

Prereq: ART 203 or 250. A lecture/lab course covering history, methods and practice of color printmaking processes: surface relief, lithography or intaglio processes. Repeatable to a maximum of 15 credits.

**321 PAINTING WORKSHOP (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 203 and 220. Intermediate problems in painting. Development of individual direction in form and expression. Repeatable to a maximum of 15 credits.

**322 PAINTING WORKSHOP II (5)**

Prereq: ART 321. Selected topics. Explores methods, materials and approaches in contemporary painting. Repeatable to a maximum of 15 credits.

**331 SCULPTURE — WOOD AS A RESOURCE (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 230. Examines a variety of techniques and wood-based materials with development of concepts in relation to forms and materials. Repeatable to a maximum of 10 credits.

**332 SCULPTURE — METALS (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 230. Focus on traditional, industrial and alternative processes in metal fabrication and casting as a means of producing contemporary sculpture. Emphasis on achieving a balance between studio practice and theory. Repeatable to a maximum of 10 credits.

**333 SCULPTURE — MIXED MEDIA (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 230. Emphasis on contemporary object-making within an expanding field of alternative practices. Examines the use of disparate media and techniques. The studio environment will be open to non-two-dimensional and duration arts. Repeatable to a maximum of 10 credits.

**334 INSTALLATION ART (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 230. Explores distinctions between private and public art, the "white cube," and the site-specific installations. Additional

emphasis on effective documentation of site-specific work. Collaboration and performance will be offered as possible areas of work. Repeatable to a maximum of 10 credits.

**341 CERAMICS II (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 240. Introduction to the potter's wheel as a tool; hand building, glaze formulation and kiln firing. Repeatable to a maximum of 15 credits.

**342 CERAMICS WORKSHOP (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 240 and 341. Intermediate problems in clay as a medium. Development of individual directions in pottery and/or ceramic sculpture. Weekly seminars. Repeatable to a maximum of 15 credits.

**343 SUMMER INTENSIVE CERAMICS (5)**

How, why, when and what to do with clay. Basic manipulation of clay; glazing and kiln firing. Attention to workable classroom problems, critiquing, safety, historical background and slide presentations. Covers a variety of hand-building techniques, how to use the potter's wheel, glazing, casting, kiln loading and firing. A variety of clays and firing techniques are used. Offered summers only. Repeatable to a maximum of 15 credits.

**352 ILLUSTRATION (4)**

Prereq: ART 252. Concepts and techniques of illustration; idea development, problem solving and printing considerations. Lecture studio format.

**354 DIGITAL IMAGING (4)**

Prereq: ART 251. Concepts and techniques of digital image making for print and Internet. Lecture studio format.

**361 SURFACE DESIGN (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 260. Explores the marking and manipulation of two- and three-dimensional textiles. Explores direct application of natural and synthetic dyes, embellishment, and image transfer, including silk screen. Traditional and nontraditional fiber processes, forms, and media will be presented, discussed and investigated. Lecture/lab. Repeatable to a maximum of 15 credits.

**362 PAPERMAKING/MIXED MEDIA (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 260 or ART 230. A lecture/lab course covering the history of papermaking, exploration of the traditional processes, and contemporary applications. Two-dimensional and three-dimensional projects will be made utilizing a variety of materials. Repeatable to a maximum of 15 credits.

**363 MULTIDIMENSIONAL FORMS IN FIBER (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 260 or ART 230. Explores structural and nonstructural processes for developing multidimensional forms in fiber. Traditional basketry and garment forms and processes will be explored as technical information and historic precedents. Presentations of contemporary work provide a context for class activities. Lecture/lab. Repeatable to a maximum of 15 credits.

**367 WOVEN STRUCTURES (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 260. Focus on loom woven structure including Ikat, tapestry and double weaving. Technical explorations will be complemented by discussions of historical and contemporary precedents with the goal of fusing woven structures with personal expression. Lecture/lab. Repeatable to a maximum of 15 credits.

**371 GRAPHIC DESIGN II (4)**

Prereq: ART 251, 252, 270. Intermediate lecture studio class in layout and design with an emphasis on conceptual issues.

**372a DESIGN PRODUCTION PROCESSES (2)**

Issues and topics in the development of printing technology, traditional and electronic; relationship of design, print and service sectors in the production of print communication.

**372b DESIGN PRODUCTION APPLICATION (2)**

Prereq: concurrent enrollment in ART 372a (for design majors only). Application of terminology and software in the design and production of a collaborative print project involving relief, digital and offset printing technologies.

**374 PUBLICATION DESIGN (4)**

Prereq: ART 371. Publication design including editorial, newsletter and product catalogs, with emphasis on using the computer as a design tool. Lecture studio format.

**375 SUMMER DESIGN ABROAD (7)**

Team taught. Opportunity for students to experience design on an international level. Extensive workshop/field trip format combines lectures by prominent designers, visitations to design firms and international corporations as well as opportunities to attend museums and expositions featuring design. Repeatable to a maximum of 14 credits. Offered summers only.

**377 BOOK ARTS PRODUCTION (4)**

Prereq: ART 371. A course in the history, methods and practices of book design, structures and their application in the production of limited edition and unique formats employing primarily letterpress and offset printing techniques. Students produce a collaborative book project. Lecture/lab. Repeatable to a maximum of 12 credits.

**379 TYPOGRAPHY (4)**

Prereq: ART 371. Focus on the use of type as an informative and expressive visual/verbal element in graphic design. Intermediate problems in typographic communications. Lecture studio format.

**380 ART EDUCATING THE CHILD (3)**

Prereq: education major only. Not for art majors. Strategies and techniques in production of art and critical inquiry by elementary school children.

**381 THEORIES AND TEACHING STRATEGIES IN ART EDUCATION (4)**

Prereq: completion of foundation courses: ART 109, 110, 120 and 130. The study and application of art education theory in the elementary and secondary schools. Emphasis will be placed on curricular development in art criticism, aesthetics, art history and studio production.

**382 PROFESSIONAL PRACTICES IN ART EDUCATION (5)**

Prereq: completion of Foundation courses: ART 109, 110, 120 and 130. Introduction to professional practices in the field of art education.

**383 PUBLIC GENRE ART EDUCATION (4)**

Prereq: completion of foundation courses: ART 109, 110, 120 and 130. Opportunity to engage the community with art projects that foster diversity and public collaboration in conjunction with the study of the sociopolitical understanding of the site, population and audience.

**390 PHOTOGRAPHY II (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 290; ART 251 highly recommended as part of the concentration with photography. An intermediate course which offers students an opportunity to develop their knowledge, skills, and concepts through seminars, readings, exhibitions and professional practices. Stresses the development of personal style through concentrated studies in specialized materials and processes. Repeatable to a maximum of 15 credits.

**391 COLOR PHOTOGRAPHY (5)**

Prereq: completion of Foundation courses and 12 credits of 200-level studio practice, including ART 290 and 390. Fundamentals of color theory; techniques of producing color prints. Repeatable to a maximum of 15 credits.

**394 ART WORKSHOP: ITALY (7)**

Prereq: ART 101, 110 or other beginning drawing courses. Intensive drawing and painting workshop in Italy. Summer only. Course will be team taught in central and northern Italy. Explores drawing and painting as well as on-site study of Italian art and culture. Lecture studio format. Repeatable.

**401 ADVANCED DRAWING WORKSHOP (5)**

Prereq: 15 credits of 300-level studio practice, including 10 credits of ART 301. A course pursuing individually motivated creativity with an emphasis on contemporary issues in drawing as related to art making. Lecture/lab. Repeatable to a maximum of 15 credits.

**402 ADVANCED LIFE DRAWING (5)**

Prereq: 15 credits of 300-level studio practice, including 10 credits of ART 302. A course covering history, methods, processes, criticism and the practice of drawing from the model. Lecture/lab. Repeatable to a maximum of 15 credits.

**411 ADVANCED PRINT WORKSHOP (5)**

Prereq: 10 credits of 300-level print courses. Investigation of contemporary

problems and individual directions in the production and criticism of the print as personal expression. Lecture/lab. Repeatable to a maximum of 15 credits.

**421 ADVANCED PAINTING WORKSHOP (5)**

Prereq: 15 credits of ART 321. Continuation of individually motivated search and research into form and expression with emphasis on current issues within the field of painting as related to the making of art. Repeatable to a maximum of 15 credits.

**431 ADVANCED SCULPTURE (5)**

Prereq: 15 credits of 300-level sculpture or permission of instructor. Increased student autonomy in defining project parameters and goals. Working closely with instructor, students will concentrate on artistic production as a mode of personal inquiry. Students will examine the relationship of their studio practices to conceptual development. Repeatable to a maximum of 10 credits.

**441 ADVANCED CERAMIC WORKSHOP (5)**

Prereq: ART 342. Problems in advanced ceramics; self-directed projects and weekly seminars. Repeatable to a maximum of 15 credits.

**451 DIGITAL VIDEO (5)**

Prereq: ART 354 and successful junior portfolio review. Concepts and techniques of digital video for artists and designers.

**456 DESIGN FOR THE INTERNET (5)**

Prereq: ART 354 and successful junior portfolio review. Concepts and techniques of design for the Internet. Information design, prototyping, navigational structure, and asset creation for designers and artists. Repeatable to a maximum of 15 credits.

**457 SPECIAL TOPICS IN NEW MEDIA (5)**

Prereq: ART 456. Current topics in new media. Advanced techniques and software. Lecture studio format. Repeatable to a maximum of 15 credits.

**459 PROJECTS IN NEW MEDIA (5)**

Prereq: ART 457. Directed projects in new media aimed at preparing a professional portfolio.

**460 ADVANCED FIBERS/FABRICS (5)**

Prereq: 5 credits of 300-level fiber courses or permission of instructor. Advanced problems in fiber/fabrics study. Emphasis on self-directed project development and contemporary issues in fibers/fabrics. Repeatable to a maximum of 15 credits.

**470 ADVANCED GRAPHIC DESIGN (5)**

Prereq: ART 379 and successful junior portfolio review. Advanced projects in logo design and graphic identity systems. Lecture studio format.

**471 THREE-DIMENSIONAL GRAPHIC DESIGN (5)**

Prereq: ART 470. Concepts and techniques of three-dimensional graphic design — packaging, point-of-purchase, signage, environmental graphic design, sequential graphic design. Lecture studio format.

**473 ADVANCED DESIGN PRODUCTION (5)**

Prereq: ART 372b and successful junior portfolio review. Advanced projects relating to current trends in graphic arts production.

**476 SENIOR PROJECTS IN GRAPHIC DESIGN (5)**

Prereq: ART 471. Directed work in graphic design aimed at preparing pieces for a graphic design portfolio.

**477 SENIOR PROJECTS IN DESIGN PRODUCTION (5)**

Prereq: ART 473. Directed work in graphic reproduction aimed at preparing pieces for a graphic reproduction portfolio.

**479 PROFESSIONAL PRACTICES IN GRAPHIC DESIGN, NEW MEDIA AND DESIGN PRODUCTION (3)**

Prereq: ART 354, 372b, 379. Current trends, professional issues and practices. Preparation of a professional portfolio. Repeatable to a maximum of 6 credits.

**482 ART EDUCATION WORKSHOP (1-5)**

Prereq: teaching experience. Explorations in art media and their adaptation to use in the school. Not to be used for graduate program. Repeatable to a maximum of 15 credits.

**490 ADVANCED PHOTOGRAPHY WORKSHOP (5)**

Prereq: ART 390 or 391 or permission of instructor. Application of advanced photographic concepts and techniques. Studio seminar format courses often consist of self-directed projects that afford students time to produce a substantial body of research-driven work which reflects their individual interests. Repeatable to a maximum of 15 credits.

**494 ADVANCED STUDIO SEMINAR (5)**

Prereq: senior status, BFA status or permission of instructor. Critique-driven interdisciplinary course based in self-directed project development with an emphasis on contemporary issues in studio art. Repeatable to a maximum of 15 credits.

**495 PROFESSIONAL PRACTICES FOR STUDIO ARTIST (5)**

Prereq: senior status, BFA status or permission of instructor. For the student who anticipates graduation and completion of the Studio Art BA or BFA degree in the near future. Designed to facilitate entry into the world of professional artists, galleries, critics and curators, with an emphasis on survival skills for the emerging artist. Includes current trends, professional issues and practices, and the preparation of a complete portfolio. Repeatable to a maximum of 15 credits.

**Graduate Courses**

Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.

Admission to Graduate School or special permission required. See the Graduate School section of this catalog.

**NOTE:** The Department of Art is not currently accepting applications to the graduate program. This may affect the offering of these courses.

**580 CURRENT CHALLENGES IN ART EDUCATION (2-4)**

Prereq: teaching experience and 27 credits in art. Special problems in art education as listed in the *Timetable of Classes*. Repeatable to a maximum of 12 credits.

**582 CURRICULUM PLANNING (4)**

Prereq: teaching experience and 27 credits in art. Planning, development, implementation and evaluation of art as related to the total curriculum.

**590a-g GRADUATE STUDIO (5 ea)**

Prereq: graduate status with BA or BFA in art and permission of instructor. Repeatable to a maximum of 20 credits each.

- 590a DRAWING/PRINT
- 590b PAINTING
- 590c SCULPTURE
- 590d CERAMICS
- 590e PHOTOGRAPHY
- 590f FIBER/FABRIC
- 590g GRAPHIC DESIGN

**690 THESIS (1-6)**

Prereq: advancement to candidacy.

**COURSES IN ART HISTORY (A/HI)**

Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.

**211 FOUNDATIONS OF VISUAL COMMUNICATION (3)**

Issues and topics related to the development of visual communication/graphic design with an emphasis on the development of typographic and print culture.

**220a VISUAL CULTURE IN ANCIENT GREECE AND ROME (3)**

Art and visual culture from 900 B.C.E. To 600 C.E. in ancient Greece and Rome, including intersection with North Africa and the Middle East.

**220b VISUAL CULTURE IN MEDIEVAL EUROPE (3)**

Art and visual culture from the sixth to 14th centuries in Europe.

**230a VISUAL CULTURE IN WESTERN EUROPE FROM 1400-1500 (3)**

Issues and topics in art, 1400-1500.

**230b VISUAL CULTURE IN WESTERN EUROPE 1550-1700 (3)**

Issues and topics in art, 1550-1700.

**240a VISUAL CULTURE IN WESTERN EUROPE IN THE 19TH CENTURY (3)**

Issues and topics in art, 19th century.

**240b VISUAL CULTURE IN WESTERN EUROPE AND AMERICA IN THE 20TH CENTURY (3)**

Issues and topics in art, 20th century.

**270 SURVEY OF ASIAN ART, INDIA, CHINA, JAPAN (3)**

An introduction to art and culture of India, China and Japan to 20th century.

**275 INTRODUCTION TO WRITING AND CRITICAL THINKING (4)**

Prereq: 9 credits art history at the 200 level. A preparatory course to develop skills in writing and analysis for art history majors. A/HI 275, 375 and 475 must be taken in order because they sequentially develop visual analysis skills.

**301 MODERN ART AND MODERNISM (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Survey and critical analysis of modernist, theory and criticism.

**305 GALLERY WORKSHOP (1-3)**

Prereq: 6 credits of art and/or art history and permission of instructor. Special problems in gallery operations.

**306 ARTS INTERN (3)**

Prereq: 24 credits of art history and written permission of instructor. Internship at museum, educational or public arts organization under the direction of a designated faculty member with a staff member of the host institution; project designed in consultation with them. Repeatable to a maximum of 9 credits.

**308 VISUAL ARTS IN THE COMMUNITY (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. A hands-on class designed to give students a practical experience in promotion of visual culture in the community.

**310 INDIGENOUS CULTURES (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Selected topics in the arts of indigenous cultures around the world.

**312 GRAPHIC DESIGN IN THE 20TH CENTURY (4)**

Prereq: A/HI 211 and 240a or 240b. History of modern graphic design and illustration.

**313 INTERSECTIONS: ART AND TECHNOLOGY (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Studies in photography, film, video, computer-generated art and electronic media. Issues in the relationships between technological change and artistic production.

**315 CIVIC IDENTITY IN 15TH- AND 16TH-CENTURY EUROPE (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Civic identity explored through ritual structures, urban society, and lay cultures.

**316 LAND AND LANDSCAPE (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Studies of landscape and ideology in painting and garden design; issues of environment in the production of visual culture; relationships of land and architecture.

**320 CONSTRUCTING THE CLASSICAL (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Studies in the formation of classical and classicism; the use and manipulation of classical imagery in architecture and the arts.

**330 ART AND TEXTS OF THE SACRED (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. The ideological basis of painting, sculpture and manuscript illumination as tools of communication. The interdependence of textual and visual traditions and their subversion or alteration.

**340 REPRESENTATION OF GENDER AND SEXUALITY (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Representation of sexual orientation and the construction of gender at specific points in history and across cultures.

**358 POSTWAR, MASS MEDIA AND POPULAR CULTURE (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Examines the postwar years from 1950 to 1970. Looks at the relationships between the art and architectural movement, popular media and social tensions of that era. Topics include art movements from abstract expressionism, minimalism, pop art and conceptual art, as well as theme park entertainment, the space role and the Vietnam War debate.

**360 NATIONALISM AND CULTURAL IDENTITY, 19TH AND 20TH CENTURIES (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Studies in the relationship between ideas of nation and the formation of cultural identity.

**368 CULTURAL CONTACTS: PACIFIC ART (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Art

## ART

---

of Australia, Micronesia, Polynesia. To include contemporary issues in art of the Pacific.

### **370 CULTURAL CONTACTS: MIDDLE EAST AND ASIA (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Topics addressing the visual cultures in the Middle East and Asia. Studies in the contact made among cultures.

### **371 ISLANDS: ISOLATION AND INTEGRATION (4)**

Prereq: art history majors: A/HI 275; nonmajors: 9 credits in art history. Studies in the arts of island cultures and nations; cultural politics of insularity and contact.

### **375 METHODS IN ART HISTORY (4)**

Prereq: A/HI 275, art history majors only. Contemporary methods in art history and criticism with practical application in student research projects. A/HI 275, 375 and 475 must be taken in order because they sequentially develop visual analysis skills.

### **401 CONTEMPORARY ISSUES AND POST-MODERN CRITIQUES (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Studies of recent issues in art production and criticism.

### **410 RETHINKING THE PRIMITIVE (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Examination of the construction of the category "primitive" through the work of cultures designated by that term, and/or primitivism as cultural appropriation and a fundamental concept in modernism.

### **415 SPACE AND THE URBAN ENVIRONMENT (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Topics in urban organization, urban/rural dynamics, regionalism, spaces and social production in the built environment and the arts.

### **416 BORDERS AND TERRAINS (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Mapping artistic domains; implications of geographic borders; defining places and margins in cultural production.

### **429 PATRONAGE AND POWER (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. The relationship of artist and public to the mechanisms of patronage and the art market.

### **431 POPULAR CULTURE, TOURISM AND LEISURE (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Studies in topics such as collecting, pilgrimage, touring and acquisition of the authentic.

### **438 ART AND FEMINISM (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history and permission of instructor. Studies of women artists, their past and present

visual practices, and how they engage with cultural representations of gender, sexuality and class.

### **440 CULTURE POLITICS OF DESIRE (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Theoretical approaches to the study of subjectivity and desire. Possible topics include modern, post-modernism, and post-humanism.

### **448 ENCOUNTERS WITH THE OTHER (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Selected topics on the European configuration of the other in the age of discovery, conquest and imperialism, 15th to 19th century.

### **450 COLONIZATION AND CROSS-CULTURAL ENCOUNTERS (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Theoretical analysis of colonization, neocolonization, and multiculturalism, and their political, economic, and cultural effects on representational practices. Possible areas of concentration may include the Americas, Africa, India, and Japan, and a spectrum of visual representations may concern visual art, film, video and or anime.

### **475 SENIOR PROJECTS/PRACTICUM (4)**

Prereq: A/HI 375; art history majors only. Final course for art history majors. May be a research project aimed toward the pursuit of an advanced degree or a practicum in one of several careers in arts advocacy, administration, community outreach, and other fields. A/HI 275, 375 and 475 must be taken in order because they sequentially develop visual analysis skills.

### **490 SEMINAR: EXHIBITION THEORY AND PRACTICE (4)**

Prereq: art history majors: A/HI 375; nonmajors: 9 credits in art history. Seminar on issues such as the display of visual experience and the configuration of public culture and community identities by artists, institutions and audiences. Repeatable to a maximum of 8 credits.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **501 GRADUATE ART THEORY AND CRITICISM (4)**

Prereq: graduate status, undergraduate art major or equivalent, art history minor or equivalent, permission of instructor. Repeatable to a maximum of 12 credits.

### **590 DIRECTED STUDIES IN ART HISTORY (1-4)**

Prereq: art major or minor status, senior or graduate status; 12 credits in art history with at least one field concentration. Independent art historical research: 590a, Prehistoric and Primitive Art History; 590b, American Art History; 590c, Modern Art History; 590d, Art Theory Aesthetics and Art Criticism. Cumulative credit in any one area may not exceed 12 credits.

# DANCE

The College of Fine and Performing Arts offers a dance minor. The dance minor is centered in modern dance with companion courses in ballet. It is focused on performance and choreography. Students in the minor will have the opportunity to dance in faculty choreographed works that relate directly to principles that have been explored in course work. Students will also have the chance to see their own work performed in informal and studio settings. For more information and advisement contact Nolan Dennett, Dance Program director, Carver Gym 28, phone 360-650-3129.

Students of the undergraduate dance minor are accepted into the minor by audition on the first day of technique class. Over the course of their studies they are prepared to function in a variety of artistic roles to perform in public as dancers, to develop visual and aural perceptions, to become familiar with and develop proficiency in modern and competency in ballet techniques. Students also have the opportunity to advance their choreographic potential in studies that include traditional and/or experimental approaches. It is our aim to familiarize students with the historical and cultural dimensions of dance, including the works and philosophies of leading dancers and choreographers both in the past and present. We teach our students to understand and evaluate contemporary thinking about dance and related arts and to make informed assessments regarding quality works of dance. Our goal is to teach a physical and intellectual understanding of the language of movement art.

The outcomes of these studies are measured by successful audition and performance in faculty-directed dance events. At the conclusion of such performances there is a critical evaluation of the student's work by a juried panel consisting of the entire dance faculty. For students who complete the supporting endorsement in dance, teaching potential is critically measured in a student teaching practicum. In addition to these formal methods, students of the dance minor have quarterly evaluations with each instructor. As such, students are also given regular and ongoing examinations in regard to their anatomical awareness, technical proficiency, and creative development.

## DANCE FACULTY

**NOLAN DENNETT** (1989) Director and Associate Professor. BA, Brigham Young University; MA, Western Washington University.

**CHER CARNEL** (1996) Affiliate. BA, University of Wisconsin.

**PAM KUNTZ** (1999) Lecturer. BFA, University of Montana; MFA, Boston Conservatory.

**ANDY NOBLE** (2003) Lecturer. BA, University of South Florida.

**DIONNE SPARKMAN NOBLE** (2003) Lecturer. BA, University of South Florida; MFA, University of Utah.

## Minor — Dance

32-35 credits

- Required courses: DNC 135abc, 231, 235abc, 237, 238abc, 242, 255, 257, 335a
- One courses selected from DNC 232, 336, 338abc, 342, 434, 442; THTR 210, 216; PE 304, 308; BIOL 348 or electives under advisement

## Teaching Endorsement

### Dance

36-38 credits

To receive a recommendation for state of Washington teacher certification, students must complete a professional preparation program. See the *Elementary Education* and *Secondary Education* sections of this catalog for program admission, completion, and teacher certification requirements.

- DNC 135abc, 138abc, 231, 232, 235abc, 255, 256, 257, 336, 342, 433, 434 (DNC 135abc and/or DNC 138abc may be waived by permission of instructor based on an audition or other evidence of dance skills or competencies associated with these courses)

Completion of the above leads to an additional endorsement in dance if accompanied by an endorsement in another content area. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

## COURSES IN DANCE (DNC)

### 125 OPEN MODERN DANCE (2)

No dance experience required. The study of the basic principles of movement: space, time and effort. Emphasis on alignment and range of motion, creative movement and an appreciation of dance as an art form. Open to nonminors. Repeatable to a maximum of 6 credits. S/U grading.

### 128 OPEN BALLET (2)

No dance experience required. An introductory study of basic principles of the ballet as an artistic and physical medium. Emphasis on ballet terminology, basic barre exercises, simple combinations in adagio and allegro. Repeatable to a maximum of 6 credits. S/U grading.

### 135a,b,c MODERN I (2 ea)

Prereq: permission by audition. Should be taken in sequence. The study of the basic principles of movement: space, time, effort. Emphasis on alignment and range of motion, creative movement and an appreciation of dance as an art form. Repeatable to a maximum of 4 credits each.

### 138a,b,c BALLET I (2 ea)

Prereq: permission by audition. Should be taken in sequence. Introduction to the basic principles of the ballet as an artistic and physical medium. Emphasis on French terminology, basic barre exercises, simple combinations in adagio and allegro. Repeatable to a maximum of 4 credits each.

### 139 BEGINNING JAZZ DANCE (2)

Exploration of a variety of jazz dance styles through development of beginning jazz movement vocabulary. Repeatable to a maximum of 6 credits. S/U grading.

### 231 INTRODUCTION TO DANCE IN WESTERN CULTURES (3)

An historical and cultural overview, from the primitive to the contemporary, of the development of dance as an art form in Western civilization.

### 232 MOVEMENT AND CULTURE (3)

An investigation of movement and dance as a vehicle for understanding culture through movement labs, readings, films and discussion.

### 235a,b,c MODERN II (2 ea)

Prereq: 6 credits of DNC 135 or equivalent. Permission by audition. Should be taken in sequence. Further development in movement principles established in DNC 135. Repeatable to a maximum of 4 credits each.

### 237 FUNCTIONAL ALIGNMENT (2)

Prereq: one year dance technique or permission of instructor. An internal exploration of functional alignment and its practical application towards movement and dancing. Experiential exercises that will enable the development and increased awareness of anatomical alignment and its relationship to range of motion, flexibility, strength, and movement potential. Repeatable to a maximum of 6 credits.

**238a,b,c BALLET II (2 ea)**

Prereq: 6 credits of DNC 138 or equivalent. Permission by audition. Should be taken in sequence. Further development in principles of ballet. Increased difficulty and terminology. Preparation for advanced levels. Repeatable to a maximum of 4 credits each.

**239 INTERMEDIATE/ADVANCED JAZZ DANCE (2)**

Prereq: DNC 139 or permission of instructor. Further development and exploration of jazz dance forms. Increased difficulty in movement vocabulary and deeper rhythmical understanding. Repeatable to a maximum of 6 credits.

**242 CHOREOGRAPHY I (3)**

Prereq: concurrent enrollment in DNC 235a or permission of instructor. Introduction to basic principles of choreography: articulating a concept, finding movement vocabulary and developing a structure. Prepares students to handle the rehearsal process from the point of view of a choreographer. Repeatable to maximum of 6 credits.

**255, 256 DANCE PRODUCTION (2 ea)**

For dance minors: practical experience in technical theatre: lighting, sound stage management, costumes, makeup, et cetera. S/U grading.

**257 PERFORMANCE (2)**

Prereq: being cast in a faculty-directed production. Direct instruction and experience in performance work. Repeatable to a maximum of 6 credits.

**334 MUSIC AND MOVEMENT (2)**

Prereq: DNC 235 or formal music instruction at the 100 level or permission of instructor. Explores the relationship of movement and music and addresses hand drumming techniques and the elements of rhythm and music as they relate to dance; the role of the dance musician in accompanying dance; the process of musical creativity and improvisation; the development of communication skills between the disciplines of music and dance. Repeatable to a maximum of 6 credits.

**335a,b,c MODERN III (2 ea)**

Prereq: DNC 235a,b,c. Permission by audition. Advanced studies of movement principles established in DNC 235.

**336 MUSICAL RESOURCES FOR DANCE (3)**

Prereq: DNC 242 or 235a or permission of instructor. Examines the use of music in relationship to the choreographic process. A companion course to DNC 242, 342 and 442.

**338a,b,c BALLET III (2 ea)**

Prereq: DNC 238a,b,c. Permission by audition. Comprehensive barre and center floor work with emphasis on strength, flexibility, stamina, musicality, and performance projection in all areas of the class enchainments.

**342 CHOREOGRAPHY II (3)**

Further study of principles of choreography. Explores experimentation with theme and development use of music, and construction/deconstruction/

reconstruction of choreographic forms and content. Repeatable to a maximum of 6 credits.

**345 FUNDAMENTALS OF CONTEMPORARY PARTNERING (2)**

Prereq: one year of DNC 235 or permission of instructor. Students explore elements of contemporary partnering including transfer of weight, momentum/leverage, counter balancing and moving in harmony. The class is not gender specific. The warmup includes exercises to enhance kinesthetic awareness and to facilitate ease and comfort in lifting and being lifted. Repeatable to a maximum of 6 credits.

**350 DANCE AND TECHNOLOGY (2)**

Prereq: DNC 235 or permission of instructor. An experiential course that explores the merging of dance and technology through theory and design. Focus is on examining the process of image-making through poster/program design, filming/framing, and video editing. Use of Adobe Photoshop and Final Cut Pro.

**357 REPERTORY (2-6)**

Prereq: permission by audition. The process work, which leads to performance, involved in the creation and/or reconstruction of a major choreographic work. Repeatable to a maximum of 8 credits.

**431 HISTORY OF DANCE SINCE 1450 (3)**

Prereq: DNC 231. Ballet and modern dance forms of Western cultures from the Renaissance into the era of contemporary movement art. Focusing on leading dance artists and the influence their work has had on culture and the related arts of music and theatre.

**433 CREATIVE MOVEMENT FOR EDUCATORS (3)**

Prereq: DNC 334 or permission of instructor. Methodologies of teaching creative movement to children. Exploration and integration of the elements of space, time, and effort as reflective of the Essential Academic Learning Requirements in the dance arts.

**434 DANCE ARTS IN EDUCATION (3)**

Prereq: DNC 237; demonstrated competency at the advanced level of technique. Materials for the methodology of teaching the formal dance techniques of modern dance and ballet for students of the dance minor. Observation and teaching opportunities included.

**435a,b,c MODERN DANCE IV (2 ea)**

Prereq: DNC 335a,b,c. Permission by audition. A performance approach to dance techniques — phrasing, musicality and clarity of intentions are emphasized at this level.

**442 CHOREOGRAPHY III (3)**

Prereq: DNC 342 or permission of instructor. Practical application of choreographic process in the performance setting. Experience in collaboration with costume and lighting designers to support and realize choreographic intention by means of the unity of supporting elements. Repeatable to a maximum of 6 credits.

# MUSIC

A music degree from Western is highly regarded in the profession. The music department graduates successful teachers, performers, composers and leaders in all fields of music. The strength of Western's Department of Music is its forty-member music faculty, each of whom is deeply committed to serving music majors in achieving their aspirations.

The Department of Music also encourages and promotes participation from those students whose academic interests lie outside the arts, yet who have the talent and the dedication to succeed in our department. With more than five hundred students participating in our music program, there are opportunities for performance and academic study at many levels of involvement.

Explorations in early, traditional, contemporary, jazz and electronic music exist in the various course activities and degree plans with the emphasis always on dealing directly with the musical art through performance, composition and analysis.

The Department of Music offers one general and five professional undergraduate programs leading to baccalaureate degrees in music. The general program (BA) provides a liberal arts education with music as the major subject. The four professional undergraduate programs (BMus) emphasize the development of proficiency in the major area: music education, performance, history and literature and composition. The BMus in Music Education has three areas of emphasis: K-12 general music, K-12 instrumental music, and K-12 choral music. The Bachelor of Arts in Education is offered with an elementary music major. State certification to teach is received concurrently with the granting of the degree.

A variety of large and small ensembles and music courses are open to all qualified students of the University, regardless of major. The ensembles include: University Choir, Concert Choir, Symphonic Band, Wind Symphony, University Symphony Orchestra, Jazz Ensembles, Chamber Music (in all instruments and voice), Collegium Musicum, Opera Theatre and Vocal Jazz Ensemble. All music ensembles present public programs throughout the year, and several ensembles participate in annual tours. Music courses open to all students in the University include: The Art of Listening to Music, Fundamentals of Music, Music in the Western World, Non-Western Music, and the History of Jazz, among others.

The Department of Music provides individual advisement and program planning for all students majoring in music. This takes place officially during the registration period. The department also provides individual advisement at any time prior to entrance by appointment. Many students prefer to spend a day on campus prior to transfer, at which time they may receive advisement and visit the various departmental performance groups and classes and meet with instructors. Anyone interested in an appointment is welcome to write or phone the Department of Music, Western Washington University, Bellingham, Washington 98225-9107, phone 360-650-3130 or visit the Web site, [www.wvu.edu/music](http://www.wvu.edu/music).

The department is a full member of the National Association of Schools of Music.

## MUSIC FACULTY

**DAVID FEINGOLD** (1980) Chair and Associate Professor. BA, Sarah

Lawrence College; MA, Western Washington University.

**SUZANNE BANISTER** (2000) Associate Professor. BMus, Western Kentucky University; MMus, University of Akron; PhD, Kent State University.

**ROGER D. BRIGGS** (1989) Professor. BM, Memphis State; MM, PhD, Eastman School of Music.

**GRANT DONNELLAN** (2000) Assistant Professor. BM, Oberlin Conservatory; MM, Yale University.

**JOHN FRIESEN** (1998) Associate Professor. BMus, University of British Columbia; Mmus, Julliard; DMA, University of Southern California.

**JEFFREY GILLIAM** (1992) Associate Professor. BMus, Eastman School of Music; MMus, University of Michigan.

**LESLIE GUELKER-CONE** (1995) Associate Professor. BA, California State University, Stanislaus; MA, San Jose State University; DMA, University of Colorado, Boulder.

**BRUCE HAMILTON** (2002) Assistant Professor. BM, MM, Indiana University.

**CHUCK ISRAELS** (1986) Associate Professor. BA, Brandeis University.

**DAVID MEYER** (2003) Assistant Professor. BM, University of Iowa; MM, DMA, Indiana University.

**CARLA J. RUTSCHMAN** (1975) Professor. BA, University of Northern Colorado; MM, Arizona State University; PhD, University of Washington.

**EDWARD R. RUTSCHMAN** (1975) Associate Professor. BM, University of Northern Colorado; MM, Arizona State University; PhD, University of Washington.

**WALTER SCHWEDE** (1997) Associate Professor. BM, University of Michigan; MM, Catholic University.

**LESLEY SOMMER** (1997) Associate Professor. BMus, MMus, DMus, Indiana University.

**BERTIL H. VAN BOER** (1996) Professor. AB, University of California, Berkeley; MA, University of Oregon; PhD, Uppsala University.

**DAVID WALLACE** (1987) Professor. BM, University of Michigan; MM, University of Wisconsin; DMA, Eastman School of Music.

**EUGENE S. ZORO** (1969) Professor. BM, MM, Eastman School of Music of the University of Rochester.

## AFFILIATE MUSIC FACULTY

**LAUREN ANDERSON**, Trumpet

**LAURIE BRIDGE**, Class Piano

**CHERYL BRIGGS**, Music Education

**MARK CHUBB**, Theory

**GREGORY COX**, Trombone

**TIMOTHY FITZPATRICK**, choir

**VINCE GREEN**, Trumpet

**CINDY HARTLE**, Music Education

**PATRICIA HODGINS**, Voice

**VIRGINIA HUNTER**, Voice

**DAVIDA KAGEN**, Voice

**ERIC KEAN**, Viola

**LISA McCARTHY**, Flute

**BEN MUSA**, Double Bass

**JULIA NOLAN**, Saxophone

**FRANCINE PETERSON**, Bassoon

**MARVIN REGIER**, Voice

**KRISTEN REITZ-GREEN**, Horn

**PATRICK ROULET**, Percussion

**RACHEL ROULET**, Professional Accompanist

**DAVID STEEGE**, Keyboard Technician

**JUDITH WIDRIG**, Piano

**JILL WHITMAN**, Harp

**DAN WILLIAMS**, Oboe

**KEITH WINKLE**, Low Brass

## MUSIC PERFORMANCE

All students in Bachelor of Music degree programs must be members of a major performing ensemble each quarter of residence except in those quarters in which music education majors are enrolled in student teaching and those quarters in

## MUSIC

which piano majors are enrolled in accompanying. The requirement must be met through the student's major instrument or voice as follows: Symphonic Band or Wind Symphony for wind/percussion players, University Choir or Concert Choir for vocalists, and Symphony Orchestra for string players. Pianists, organists and guitarists may elect to participate in any of the major performing ensembles for which they are qualified. Pianists will take a combination of Major Performance Ensemble and Piano Accompanying as follows:

**Performance:** Three quarters of major ensemble, remaining quarters in piano accompanying. **Composition and History/Literature:** six quarters of major ensemble, three quarters of piano accompanying, remaining quarters either major ensemble or piano accompanying. **Music Education:** six quarters of major ensemble, remaining quarters piano accompanying. **Bachelor of Arts in Music** majors will take three quarters of major performance ensemble and three quarters of accompanying.

Organists and guitarists majoring in music performance may, under advisement, substitute up to 12 additional credits in chamber music for this requirement. Performance ensembles may be repeated for credit.

### OFFICIAL ATTIRE

The official attire for all public performances of the University Orchestra, Wind Symphony, Symphonic Band and Concert Choir is as follows: women — long black dress; men — black tuxedo. The Department of Music requires the student to have this attire available at the beginning of the academic year.

### APPLIED PERFORMANCE PROFICIENCY

All entering music students will be expected to demonstrate their performance proficiency before a faculty committee to determine their admissibility as music majors. This qualifying audition will be held on announced dates prior to the start of fall, winter and spring quarter classes and on any day school is in session by prior appointment. Audition deadlines are as follows:

Fall quarter — June 1

Winter quarter — December 1

Spring quarter — March 1

Freshman and transfer students with marginal qualifications may be placed on probation at the beginning of their first quarter of study and will be re-examined at the end of the quarter. A student who fails to have probationary status removed at the end of two consecutive quarters may be removed from music major status, continued applied instruction and admissibility to restricted classes. Music minors wishing to include applied instruction as part of the elective credits for the minor must perform an audition in accordance with the listed levels of proficiency. All students receiving applied instruction, with the exception of guitar and piano, must audition for placement in the appropriate major performing ensemble. All applied private music study is included in the student's regular fees. Applied music may be repeated for credit. Students must complete the audition process in order to be eligible for music major advising.

Minimum applied performance proficiency levels required for entrance to private applied music study are as follows. This list of repertoire is intended to characterize acceptable standards for full admittance and entrance to music major status. However, at the entrance audition, the entering music student may play or sing musical selections other than those listed below.

**Organ** — Ability to play, at the piano, literature of the difficulty of Bach, "Two-Part Inventions," "Short Preludes;" Beethoven,

"Sonatina;" a movement from a "Sonata" of Haydn or Mozart. Two pieces should be prepared. Memorization is not required. Ability to sight read hymns at the piano.

**Piano** — Classic, Romantic and contemporary literature of the difficulty of Bach, "Short Preludes" and "Inventions;" Clementi, Haydn, Mozart and Beethoven "Sonatinas;" Bartok, "Mikrokosmos," Books 3 and 4. It is expected that three pieces be prepared from different style periods and that at least one be played from memory. Sight reading will also be a part of the audition.

**Violin** — Mazas, "Special Studies," opus 36, Book 1, edited by Hermann or Saenger; Handel, Corelli, Vivaldi or other sonatas. Solo pieces through five positions; scales two octaves (major and melodic minor).

**Viola** — Handel, Purcell or other sonatas; Telemann Concerto in G major or Vivaldi Concerto in E minor. Scales two octaves (major and melodic minor).

**Violoncello** — Completion of the Lee, "Method" Book 1 or Dotzauer "Studies" Book 1 or Grutzmacher "Studies" Book 1; short pieces or a sonata of the difficulty of Vivaldi or Marcello. Scales through the fourth position.

**Double Bass** — One étude from Edouard Nanny's "Complete Method Book for Contrabass" Book 1 or solo of candidate's choice. Two contrasting orchestral excerpts (one Mozart) of candidate's choice. Major and minor scales through half, first and second positions.

**Harp** — Two pieces of different style, memorized, such as Handel's *Concerto in B-flat*, Haydn's *Theme and Variations*, Pescetti's *C Major Sonata*, Pierre's *Impromptu Caprice*, Debussy's *First Arabesque*, selections from *Suite of Eight Dances* by Salzedo. Major and melodic minor scales. Sight reading.

**Flute** — Any Handel sonata (except the E minor Sonata) [select at least one sonata]. Any étude from Anderson *Étude Method*, opus 41 [select any two of the 18 studies]. Major and minor scales and arpeggios through four sharps and four flats (two octaves when possible).

**Oboe** — Handel *Sonata No. 1*; Any progressive melodic study from Barrett or an étude from Ferling *48 Studies*. Major and minor scales and arpeggios through four sharps and flats (two octaves).

**Clarinet** — Any two études from *Thirty-two Études for Clarinet* by C. Rose, or from *Preliminary Studies for the Accomplished Clarinetist*, Vol. I, by R. Jettel. One solo work comparable in difficulty to the Weber "Concertino" or Hindemith "Sonata." Major and minor scales and arpeggios through four sharps and four flats (two octaves when possible).

**Bassoon** — Three or four selected studies from the Weissenborn Complete Method. Any two studies from the Weissenborn Advanced studies. Mozart "Concerto in B;" (second and third movements), or Galliard *Sonatas I and VI* or Phillips *Concertpiece* or Telemann Sonata in F Minor," or J. C. Bach "Concerto in B, Major" and minor scales and arpeggios through four sharps and four flats (two octaves when possible).

**Saxophone** — Two studies from Ferling "48 Famous Studies," Rubank "Selected Studies," Klose "25 Exercises or Niehaus Jazz Studies." One solo work comparable to Glazounov "Concerto," Ibert "Concertino de Camara," Villa-Lobos "Fantasia," Bozza: "Aria" or Ibert "Aria." Major and minor scales and arpeggios through four sharps and four flats (two octaves or full range).

**French Horn** — Two or three études selected from "Method for French Horn" by Pottag, edited by Hovey. Mozart, *Concerto No. 3* or Saint-Saens *Romance*. Major and minor scales and

arpeggios through four sharps and four flats (two octaves when possible).

**Trumpet** — One or two études from “34 Studies” by Brandt, edited by Nagel. Haydn “Concerto” (first and second movements), or Vidal “Concertino” or Thome “Fantasy in E<sub>♭</sub>,” or Corelli “Sonata VIII,” edited by Fitzgerald. Major and minor scales and arpeggios through four sharps and four flats (two octaves when possible).

**Trombone (Tenor and Bass Trombone) and Euphonium** — Two or three studies from “Melodious Études” by Rochut, Book I (bass trombone should play one octave lower where feasible). Studies one through ten of the Blashevich Clef Studies. Five selected studies from the Arban Method, Book 1. Major and minor scales and arpeggios through four sharps and four flats (two octaves when possible).

**Tuba** — Any two of the first four solos in “Solos for the Tuba Player” by Wekselblatt. First ten studies from the “Studies for BB<sub>♭</sub> Tuba” by Tyrell. Major and minor scales through four sharps and four flats (two octaves when possible).

**Percussion** — On entering, percussion students should demonstrate proficiency in snare drum, timpani and keyboard percussion and have some experience and ability on drum set and accessory instruments (bass drum, cymbals, tambourine, et cetera.) *Snare Drum*: The 40 Percussive Arts Society snare drum rudiments, a concert and a rudimental style étude or solo. *Timpani*: Demonstrate the ability to tune various intervals and perform an étude or solo using four drums. *Keyboard Percussion (Marimba, Vibraphone, Xylophone)*: Major and minor scales and arpeggios through four sharps and four flats (two octaves), an étude or solo utilizing two and/or four mallet techniques. *Drum Set (optional)*: Demonstrate knowledge of various contemporary styles (jazz, rock, Latin) and the ability to maintain a steady pulse. In addition, sight-reading is required in each of the above categories.

**Voice** — Two songs of contrasting style from the classical or folk song repertoire. At least one song in a language other than English is recommended, i.e., Italian, German or French art song or aria. Accompanist provided.

**Classical Guitar** — *Scales*: two octaves, any key (i and m), major and minor; *reading*: easy pieces through fifth position; prepare two contrasting pieces from “Solo Guitar Playing” book 1 (second position or higher) by Noad or “100 Graded Studies” (Noad), studies numbered 5-100.

**Jazz Guitar** — *Scales*: two octaves, major and minor, alternate picking; *reading*: melodic through and including 5th position, ability to read a chord “chart”; prepare two contrasting tunes from a fake book, both melody and chords; be able to solo over basic chord changes, i.e., blues changes. Available to advanced guitar students only.

## ADMISSION TO PROGRAM

Due to the sequential nature of the music curriculum, mid-year applications are not recommended. Students seeking admission to the program other than fall quarter will be required to meet prerequisites in all course sequences (MUS 121/122 through 225/226; 341 through 343; and 351 through 354) as a condition of admission. All students must also complete the audition to be eligible for music major advising. Contact Judy Korski, undergraduate advisor, at (360) 650-3132 for details.

## ACADEMIC PROGRESS POLICY

A minimum GPA of 2.5 in music courses is required for

graduation with a degree in music. Students must complete the basic music theory sequence (Music 222, 224, 226) with an average of B- or better to continue on to upper-division theory and history courses. Specific requirements for admission into the various BMus degree programs can be obtained from the appropriate area coordinator or the undergraduate advisor.

## THEORY PLACEMENT EXAMINATION — TRANSFERS

All students transferring to Western with less than two years of college theory will be assigned to the theory course that succeeds the last course taken. (Students may repeat theory courses previously taken elsewhere.) All students transferring to Western who have completed two years of college theory will write, prior to enrollment, a Theory Placement Examination. This examination may be written at Western, or it may be written and examined at any college or community college (administered by professors at that college) prior to transferring to Western, upon individual request. This examination is an evaluative instrument; the results of this examination are advisory only. All credit received in theory previously at other institutions will be transferred at the level for which it was earned and may apply toward fulfillment of the requirements for the major in music or in music education.

## HISTORY PLACEMENT EXAMINATION — TRANSFERS

Students with upper-division music history credit (300 level or above) must take a history placement examination to determine what history courses remain to be taken.

## KEYBOARD COMPETENCY

All students in Bachelor of Music programs will successfully complete a Keyboard Competency Examination. Those students commencing their music theory studies at Western will complete this requirement as part of the two-year music theory/ear-training sequence. Students transferring to Western with one or more quarters of music theory will complete the requirement either by: 1) completing the remaining quarters of the theory sequence; or 2) taking the Keyboard Competency Examination. The appropriate course of action will be determined by the results of the Theory/Ear-Training Placement Examination. Students in the BMus degree programs will be required to take the Keyboard Competency Examination by the end of the sophomore year or, in the case of transfer students, after three quarters of full-time study.

## SCHOLARSHIPS

In addition to general University scholarships, several awards are available from off-campus music organizations through The Western Foundation. Scholarship awards to incoming music majors will be based upon quality of entrance audition. For further information, consult the Department of Music.

## CONCERT ATTENDANCE

All music majors will register for MUS 99, Concert Attendance (0 credits, S/U grading) each quarter in residence. Programs or ticket stubs from a minimum of eight approved concerts/recitals must be submitted to receive a satisfactory grade.

## PROGRAM ADVISEMENT

All undergraduate music majors are assigned to the departmental undergraduate program advisor for scheduling and program approval.

## MUSIC

### BACHELOR OF MUSIC

To complete the Bachelor of Music degree requirements, it may be necessary for the student to take more than the usual 180 credit hours. Students should anticipate that these programs may require more than four years.

#### Major — Music Education — P-12\*

109-110 credits

- 110 credits (plus SEC 410, 425, 432, 495; EDF 310, 411; PSY 371, 373; SPED 363b; and issues of abuse competency). This major must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

*\*Music education majors should consult the Education Admissions Office, Miller Hall 202, for information concerning the College of Education professional courses and admission to the Teacher Education program.*

#### Core Requirements

102-103 credits (common to all music education major emphases)

- Theory/Aural Skills: MUS 121, 122, 123, 124, 125, 126, 221, 222, 223, 224, 225, 226
- Advanced Theory: Music 328a
- Music History: MUS 341, 342, 343
- Conducting: MUS 352 and 353 plus either MUS 354a or 354b
- Music Education Methods: MUS 268, 362, 463, 464, 469
- Pedagogy: 8-9 credits from MUS 164, 264, 265 selected under strict advisement
- Major performing ensemble each quarter in residence (minimum 22 credits)\*\*
- Applied music on major instrument or voice — minimum of 3 credits in courses numbered 311-316 or 411-416 — each quarter in residence, except when student teaching (minimum 11 credits)

*\*\*Pianists will take six quarters of major performing ensemble and six quarters of MUS 276 and/or 476 (piano accompanying).*

#### P-12 General Music Emphasis

7 credits

This emphasis leads to an endorsement in general music.

- MUS 271
- MUS 461
- Electives: 2 credits selected under advisement. Piano majors will take Music 466

#### P-12 Choral Music Emphasis

7 credits

This emphasis leads to an endorsement in choral music.

- MUS 366a,b,c
- Electives: 4 credits selected under advisement. Piano majors will take 4 credits of MUS 466

#### P-12 Instrumental Music Emphasis

7 credits

This emphasis leads to an endorsement in instrumental music.

- MUS 271

- MUS 365
- Electives: 4 credits selected under advisement. Piano majors will take 4 credits of MUS 466

#### Professional Major

120-122 credits

The Bachelor of Music (BMus) degree is the professional undergraduate degree program in music. It is an expanded program which requires a student to undertake a course of study of a minimum of 192 undergraduate credits.

#### Core Requirements

61-65 credits (common to all professional music major concentrations)

- Theory/Aural Skills: MUS 121, 122, 123, 124, 125, 126, 221, 222, 223, 224, 225, 226
- Advanced Theory: 2 of the following — MUS 322, 324, 326, 328b, 422
- Music History: MUS 341, 342, 343, plus one course from 441, 442, 443 or 444
- Applied instruction each quarter in residence: see individual concentration for details.
- Major performing ensemble each quarter in residence (minimum 24 credits)\*\*\*

*\*\*\*Pianists will take a combination of major performing ensemble and MUS 276/476 (piano accompanying) as follows: Performance — three quarters major performing ensemble, remaining quarters piano accompanying; Composition and Music History & Literature — six quarters major performance ensemble, three quarters accompanying, remaining quarters in either piano accompanying or major performance ensemble.*

#### Performance Concentration

59 credits

- Entrance by performance audition — student must expect to achieve upper-division applied instruction by sophomore year
- Applied music on major instrument or voice (minimum 30 credits); at least three credits in courses numbered MUS 411-416
- Chamber Music: minimum 4 quarters selected from MUS 275, 475, 478, 480, 481, 483, 484, 485
- Conducting: MUS 351
- Minimum of 4 credits in MUS 466
- Senior Recital: MUS 499
- Electives: 9 credits selected under advisement. Piano and voice majors must take at least 6 credits in MUS 467 and voice majors will take 3 credits in MUS 366

#### Composition Concentration

57 credits

- Entrance by compositional accomplishment and interview — student must qualify for upper-division composition courses by junior year
- Applied music on major instrument or voice (minimum 12 credits); at least three credits in courses numbered MUS 311-316 or 411-416
- Chamber Music: minimum 3 quarters selected from MUS 275, 475, 478, 480, 481, 483, 484, 485
- Conducting: MUS 351, 352, 353
- Composition: minimum 21 credits from MUS 231, 331, 431
- Senior Recital: MUS 499
- Electives: 5 credits selected under advisement

*History and Literature Concentration*

57 credits

- Entrance by interview and distinguished accomplishment in musicianship
- Applied music on major instrument or voice (minimum 12 credits); at least three credits in courses numbered MUS 311-316 or 411-416
- Chamber Music: minimum 4 quarters selected from MUS 275, 475, 478, 480 (minimum 4 credits), 481, 483, 484, 485
- Conducting: MUS 351
- Notation: MUS 441
- Advanced History: minimum 12 credits from MUS 442, 443
- Thesis: MUS 490
- Electives: 14 credits selected under advisement
- Students in music history and literature must pass a reading examination in French or German

**BACHELOR OF ARTS***Major — Music*

60 credits

The Bachelor of Arts is the liberal arts degree program in music. The curriculum, providing 40 credits of free electives and 70 credits of General University Requirements, allows for individual preferences in intensifying studies in certain aspects of music and broadening the scope of academic pursuits.

- Theory/Aural Skills: 24 credits — MUS 121, 122, 123, 124, 125, 126, 221, 222, 223, 224, 225, 226
- Music History: 9 credits — MUS 341, 342, 343
- Theory/Music History electives: 9 credits selected from MUS 105, 205, 231, 322, 324, 326, 328, 331, 334, 335, 336, 422, 431, 434, 435, 436, 442, 443
- Applied music on major instrument or voice: 6 credits minimum. *Additional course credits in applied music instruction beyond the required minimum of 6 may be obtained under the advisement of the appropriate area coordinator.*

- Major Performance Ensemble: 12 credits minimum\*\*

\*\*Pianists will take three quarters of major performing ensemble and three quarters of MUS 276 and/or 476 (piano accompanying).

*Minor — Music*

30 credits

- Theory/Aural Skills: 12 credits — MUS 121, 122, 123, 124, 125, 126
- Music History and Literature: 6 credits — MUS 104 or 105, 202 or 205
- Music electives: 12 credits selected under advisement

**BACHELOR OF ARTS IN EDUCATION***Major — Music — Elementary*

44 credits (plus performance requirement)\*\*\*\*

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- Theory/Aural Skills: MUS 121, 122, 123, 124, 125, 126, 221, 222, 223, 224, 225, 226

- Music History: select two courses from MUS 341, 342, 343
- Musical Survey: MUS 105, 205
- Pedagogy: MUS 164
- Music Education: MUS 268, 362, 461
- Applied music on major performing instrument or voice (jazz guitar and electric bass not applicable); minimum 6 quarters

This results in an elementary endorsement, but does not result in a music endorsement.

\*\*\*\*Pianists will take three quarters of MUS 276 and/or 476 (piano accompanying) and remaining quarters in major performing ensemble.

**GRADUATE STUDY**

For concentrations leading to the Master of Music, see the *Graduate School* section of this catalog.

**COURSES IN MUSIC (MUS)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

**100 MARROWSTONE MUSIC FESTIVAL (1)**

Prereq: concurrent participation/enrollment in the Marrowstone Music Festival. A combined theory, composition, and music literature class keyed to the works students will perform during the Marrowstone Music Festival. Students will gain insight into these works and have the opportunity to develop their own compositional skills.

**101 FUNDAMENTALS OF MUSIC (3)**

Open to all students. The study of musical construction for those unfamiliar with the fundamentals of notation (pitch and rhythm), major and minor scales, intervals, triads and keys, with particular attention to their practical application.

**102, 103 INTRODUCTION TO MUSIC THEORY AND EAR TRAINING (3 ea)**

Prereq: MUS 101 or permission of instructor; each course prerequisite to the next. Courses designed to strengthen the prospective music major's knowledge of fundamental theoretical principles and to introduce the basic aural/reading skills needed to begin the musicianship sequence.

**104 THE ART OF LISTENING TO MUSIC (3)**

Open to all students. Nontechnical basis for enjoyable listening to music; performance practices relating to symphony orchestras, instrumental ensembles, opera, choral groups and solo performance.

**105 MUSIC IN THE WESTERN WORLD (3)**

Open to all students. An introduction to the principal genres, forms and composers of Western music within the framework of a study of the historical stylistic periods.

**121, 123, 125 AURAL AND KEYBOARD SKILLS I (1 ea)**

Prereq: MUS 121 or equivalent, music major status or approval of music theory area coordinator; each course prerequisite to the next. The development of aural competence in and visual familiarity with the sounds and symbols of the diatonic major and minor system. Exercises and drill in prepared and sight reading, dictation, error detection, accuracy of rhythm and intonation. S/U grading.

**122, 124, 126 THEORETICAL AND ANALYTICAL SKILLS 1 (3 ea)**

Prereq: MUS 101 or equivalent; music major status; each course prerequisite to the next. Study of and practical experience in using the basic materials of musical construction including notation, melody, harmony, rhythm and form.

**160 PREPARATORY CLASS PIANO (1)**

Prereq: music major status. Designed for students with no keyboard experience. Basic reading skills and technique.

**163 CLASS VOICE (2)**

Study of basic vocal production skills and repertoire preparation.

**164 CLASS VOICE AND PEDAGOGY (2)**

Prereq: music major status. Tone production, song repertoire interpretation and pedagogy for non-voice majors.

## MUSIC

### 168 EXPLORING THE WORLD OF TEACHING MUSIC (1)

Prereq: concurrent participation/enrollment in the Marrowstone Music Festival. Overview of strategies for effective teaching, rehearsal techniques and strategies, motivational tools, appropriate body language, assertive classroom management.

### 173 MARROWSTONE ORCHESTRA (1)

Prereq: concurrent participation/enrollment in the Marrowstone Music Festival. Study, rehearsal and performance of orchestra literature appropriate to students participating in the Marrowstone Music Festival.

### 181 MARROWSTONE CHAMBER MUSIC (1)

Prereq: concurrent participation/enrollment in the Marrowstone Music Festival. Study, rehearsal and performance of chamber music appropriate to students participating in the Marrowstone Music Festival.

### 202 JAZZ: GENESIS AND EVOLUTION (3)

Open to all students. Personalities, styles and social/cultural influences on jazz from its beginning to the present day.

### 205 SURVEY OF NON-WESTERN MUSICAL CULTURES (3)

Open to all students. A general introduction to the musical styles of major non-Western cultures, including those of Africa, India, Asia, Indonesia and Eastern Europe. Focus on the role played by music in each society.

### 211-217 APPLIED INSTRUCTION (1-4)

Prereq: music major status; minimum applied performance audition. Repeatable for credit.

211 ORGAN

212 PIANO

213 STRINGS

214 WINDS AND PERCUSSION

215 VOICE

216 CLASSICAL GUITAR

217 JAZZ GUITAR

### 221, 223, 225 AURAL AND KEYBOARD SKILLS II (1 ea)

Prereq: MUS 125; music major status; each course prerequisite to the next. The development of aural competence in and visual familiarity with the sounds and symbols of the chromatic major and minor system; introduction to extended tertian harmony. Exercises and drill in prepared and sight reading, dictation, error detection, accuracy of rhythm and intonation. S/U grading.

### 222, 224, 226 THEORETICAL AND ANALYTICAL SKILLS II (3 ea)

Prereq: MUS 126; music major status; each course prerequisite to the next. Advanced study of and practical experience in using the materials of musical construction including extended, chromatic, and non-tertian harmonic structures and complex musical forms.

### 230 INTRODUCTION TO ELECTROACOUSTIC MUSIC (2)

Prereq: MUS 105. Instruction in editing and mixing audio with computer software; analog synthesis with vintage synthesizers; history of electroacoustic music.

### 231 ELEMENTARY COMPOSITION (1-2)

Prereq: permission of instructor. Elementary craft of melodic, harmonic, rhythmic, instrumental and contrapuntal writing in traditional modes; participation in concomitant composition seminars. Repeatable for credit.

### 232 COMPUTER MUSIC SEMINAR (2)

Prereq: music major status; MUS 225. Instruction in musical programming with Csound or SuperCollider. Topics include sound synthesis, signal processing, and algorithmic composition.

### 260 REMEDIAL CLASS PIANO (1)

Prereq: music major status; successful completion of at least four items of the Keyboard Competency Exam. Concentration on specific areas of the Keyboard Competency Exam based on individual needs. Repeatable for credit.

### 261 INTERMEDIATE CLASS PIANO (1)

Prereq: music major status; MUS 225. Intermediate piano repertoire, sight-reading skills, technique and accompanying. Repeatable to a maximum of 6 credits.

### 264a-k INSTRUMENTAL LAB FOR SECONDARY INSTRUMENTS (1-2)

Prereq: music major status. Pedagogy of and performance on secondary

instruments, conducting, developing teaching strategies with goals and objectives.

264a FLUTE/SINGLE REEDS

264b DOUBLE REEDS

264g HIGH BRASS

264h LOW BRASS

264k PERCUSSION

### 265a,b STRING TECHNIQUES AND PEDAGOGY LAB (1-2 ea)

Prereq: music major status. Principles and techniques of playing and teaching string instruments.

265a VIOLIN/VIOLA

265b CELLO/BASS

### 266 FRETBOARD HARMONY (1)

Prereq: MUS 124, two quarters of MUS 216. Diatonic harmony applied to the fretboard. Hands-on application of scales and chords for the guitarist.

### 267a,b INTRODUCTION TO GUITAR REPERTORY (2 ea)

Prereq: MUS 266; co-req: MUS 216. A survey of guitar literature and history from Renaissance to present.

### 268 SURVEY OF MUSIC EDUCATION (2)

Prereq: music major status. History and philosophy of music education, basic teaching methods, curriculum design and implementation. Examination of relevant journals. Observation of public school music programs.

### 269 MUSIC TEACHING PRACTICUM I (2)

Prereq: permission of instructor. Observation, assisting and/or micro-teaching experience in K-12 music classroom environments. Repeatable for credit.

### 271 UNIVERSITY CHOIR (2)

Prereq: permission of instructor. Preparation and performance of major choral works and part-songs. Open to all students having the ability to sing mixed part-songs. Repeatable for credit.

### 272 SYMPHONIC BAND (2)

Prereq: permission of instructor. Preparation and performance of major band works. Open to all students with band experience. Repeatable for credit.

### 274 JAZZ ENSEMBLES (2)

Prereq: by audition. Performance and interpretation of contemporary jazz in a large ensemble situation. Repeatable for credit.

### 275 CHAMBER JAZZ ENSEMBLES (2)

Prereq: by audition; MUS 224 and 334 strongly recommended. Supervised small ensemble performance in jazz idioms stressing repertoire, improvisation, and performance of written arrangements and compositions. One public performance per quarter required. Repeatable for credit.

### 276 PIANO ACCOMPANYING (2)

Prereq: permission of piano area coordinator. Includes private accompanying instruction and weekly performance seminars. Accompanying assignments include duos, chamber ensembles and large performance ensembles. Sight-reading skills, interpretation and accompanying techniques are emphasized. Repeatable for credit.

### 278 OPERA WORKSHOP (1-2)

Prereq: by audition. Preparation of opera scenes or a major music production to include a public performance each quarter. Repeatable for credit.

### 280 COLLEGIUM MUSICUM (1-2)

Prereq: by audition. Music literature studies from an analytical and performance viewpoint from early to classic music, culminating in a public performance each quarter. Repeatable for credit.

### 281a-n APPLIED CHAMBER MUSIC (1-2)

Prereq: by audition; permission of chamber music coordinator. Open to piano, string, wind, brass and percussion performers. Repeatable.

A. FLUTE

B. DOUBLE REED

C. SINGLE REED

F. HIGH BRASS

H. LOW BRASS

K. PERCUSSION

L. STRINGS

M. PIANO

N. GUITAR

**283 CHAMBER VOCAL ENSEMBLES (2)**

Prereq: by audition. Repeatable for credit.

**284 VOCAL JAZZ ENSEMBLE (2)**

Prereq: by audition. Preparation and performance of vocal works by major jazz composers. Open to all University students having the ability to sing in mixed chorus. Repeatable for credit.

**285 FUNDAMENTALS OF MUSICAL THEATRE (3)**

Practical application for singing, acting and movement to performance-related work from American musical theatre through solo, duet and group performance. Repeatable to a maximum of 6 credits.

**305 MUSICS OF THE PACIFIC RIM (3)**

Prereq: MUS 205. An investigation of specific musical styles and practices of selected Pacific Rim cultures, including Pacific Islands, West Coast Native Americans, South America, Indonesia, China and Japan. Includes class participation in actual musical situations from these areas.

**311-317 APPLIED INSTRUCTION (1-4)**

Prereq: music major status; upper-division examination. Repeatable for credit.

311 ORGAN

312 PIANO

313 STRINGS

314 WINDS AND PERCUSSION

315 VOICE

316 CLASSICAL GUITAR

317 JAZZ GUITAR

**321, 323, 325 AURAL AND KEYBOARD SKILLS III (1 ea)**

Prereq: MUS 225 or permission of instructor; music major status; each course prerequisite to the next. The development of aural competence in and visual familiarity with the sounds and symbols of atonal, freely tonal and highly chromatic tonal systems; completion of extended tertian harmony. Exercises and drill in prepared and sight reading, dictation, error detection, accuracy of rhythm and intonation. S/U grading.

**322 FORM AND ANALYSIS: MUSIC TO 1900 (3)**

Prereq: MUS 225, 226. Formal and stylistic analysis of works from the major historical periods up to 1900.

**324a MODAL COUNTERPOINT/324b TONAL COUNTERPOINT (3)**

Prereq: MUS 225, 226. Counterpoint in species and free style. Composition and analysis of pieces in two and three parts.

**326 ORCHESTRATION/ARRANGING (3)**

Prereq: MUS 225, 226. Orchestration and arranging with special reference to the needs of the instrumental conductor and composer. Repeatable for credit.

**328a MIDI NOTATION AND SEQUENCING FOR MUSIC EDUCATION (3)**

Prereq: MUS 225, 226, IT 344 or portfolio of basic instructional technology skills, music education major status. MIDI sequencing and notation instruction. Analysis, synthesis, editing, printing, file management, Internet use as an instructional and research tool. Introduction of software applications for music instruction.

**328b MIDI NOTATION AND SEQUENCING FOR COMPOSITION (3)**

Prereq: MUS 225, 226. Computer-based notation and recording of music through MIDI keyboard systems.

**331 COMPOSITION (3)**

Prereq: MUS 226 and successful completion of upper-division competency examination in composition. Writing pieces in part forms, variation form and sonata form for solo instruments and small ensembles choral writing. Repeatable for credit.

**334 JAZZ IMPROVISATION I (3)**

Prereq: open to all accepted jazz majors or MUS 224 or permission of instructor. Study of basic chord changes, scales and patterns with improvisation based on these principles. Analysis of transcribed solos and study of jazz repertoire.

**335 JAZZ IMPROVISATION II (3)**

Prereq: MUS 334. Study of altered chords, scales and patterns with improvisation based on the principles. Analysis of transcribed solos, study of jazz repertoire and ear training.

**336 JAZZ IMPROVISATION III (3)**

Prereq: MUS 335. Study of bitonal chords, atonality and patterns with improvisation based on these principles. Analysis of transcribed solos, study of jazz repertoire and ear training.

**341 HISTORY OF MUSIC TO 1600 (3)**

Prereq: MUS 225, 226; music major status. Main styles, forms, terminology and composers up to 1600. Individual research projects.

**342 HISTORY OF MUSIC 1600-1830 (3)**

Prereq: MUS 341; music major status. Main styles, forms, terminology and composers from 1600 to 1830. Individual research projects.

**343 HISTORY OF MUSIC 1830-PRESENT (3)**

Prereq: MUS 342; music major status. Main styles, forms, terminology and composers from 1830-present. Individual research projects.

**351 BASIC CONDUCTING (2)**

Prereq: MUS 225, 226; music major status. Basic conducting techniques, score reading and interpretive analysis.

**352 INSTRUMENTAL CONDUCTING (3)**

Prereq: MUS 225, 226; music major status. Instrumental techniques, score reading, interpretive analysis and rehearsal techniques.

**353 CHORAL CONDUCTING (3)**

Prereq: MUS 225, 226; music major status. Choral techniques, score reading, interpretive analysis and rehearsal techniques.

**354 ADVANCED CONDUCTING (3)**

Prereq: MUS 252, 353, music major status. Hands-on practical experience in developing advanced conducting skills. Ensemble conducting experience.

354a CHORAL CONDUCTING

354b INSTRUMENTAL CONDUCTING

**361 MUSIC FOR ELEMENTARY TEACHERS (3)**

For elementary teachers, not music majors. The skills of singing, reading, writing, playing and hearing music; techniques and materials used in the elementary grades.

**362 ELEMENTARY MUSIC EDUCATION (3)**

Prereq: MUS 126; music major status. Teaching techniques, materials and organization of the elementary music program. Introduction to Orff, Kodaly and MMCP methodology. Observations.

**364 ELEMENTARY STRING EDUCATION (2)**

Prereq: MUS 265a and b, music major status. Instruction in elementary-level instrumental repertoire, teaching strategies, rehearsal techniques, curriculum design and implementation. Peer-teaching and micro-teaching assignments in conjunction with instrumental pedagogy lab classes and public school programs.

**365 MARCHING AND JAZZ BAND TECHNIQUES (2)**

Prereq: MUS 328, 352, music major status. Planning, organization and administration of secondary school marching and jazz band programs. Selection of appropriate repertoire and computer-assisted marching band chart preparation.

**366 VOCAL DICTION (1 ea)**

Prereq: music major status or permission of instructor. Must be taken concurrently with applied voice instruction. Familiarization and application of the phonetic structures of the major languages of singing and the use of the International Phonetic Alphabet as a basic tool for pronunciation.

366a ITALIAN

366b GERMAN

366c FRENCH

**411-417 APPLIED INSTRUCTION (1-4)**

Prereq: music major status; upper-division examination. Repeatable for credit.

411 ORGAN

412 PIANO

413 STRINGS

414 WINDS AND PERCUSSION

## MUSIC

- 415 VOICE
- 416 CLASSICAL GUITAR
- 417 JAZZ GUITAR
- 422 ANALYTICAL TECHNIQUES: 20TH-CENTURY MUSIC (3)**  
Prereq: MUS 225, 226. Formal and stylistic analysis of representative 20th century works.
- 431 COMPOSITION (3)**  
Prereq: minimum of 6 credits in MUS 331. Writing pieces of broad proportions for various media. Repeatable for credit.
- 432 ELECTROACOUSTIC MUSIC (2)**  
Prereq: two courses from MUS 230, 232 and 328. Instruction in the use of synthesizers, samplers, and computer software for use in electroacoustic music. Group instruction and studio time. Repeatable to a maximum of 6 credits.
- 434 JAZZ ARRANGING I (3)**  
Prereq: MUS 226 or 334. Writing and arranging for small jazz ensembles. Analysis of small jazz ensemble styles.
- 435 JAZZ ARRANGING II (3)**  
Prereq: MUS 434. Writing and arranging for a variety of instrumental combinations. Analysis of jazz ensemble styles.
- 436 JAZZ ARRANGING III (3)**  
Prereq: MUS 435. Writing and arranging for large jazz ensemble. Analysis of large jazz ensemble styles.
- 441 NOTATION (3)**  
Prereq: MUS 226, 341, 343; permission of instructor. Reading and interpreting early, contemporary or other extant systems.
- 442 SEMINAR IN MUSIC HISTORY (4)**  
Prereq: MUS 342, 343; music major status. The student, in consultation with the instructor, selects one or more given musical developments for individual research. Ongoing results of this research is shared with other members of the seminar. Focus of varies from quarter to quarter. Repeatable for credit.
- 443 HISTORY OF MUSICAL GENRES (3 ea)**  
Prereq: MUS 343; music major status. Development and literature of important musical genres from their origin to the present.
- 443a CHORAL MUSIC
- 443b SOLO SONG
- 443c OPERA
- 443d KEYBOARD MUSIC
- 443e CHAMBER MUSIC
- 443f SYMPHONIC MUSIC
- 443g CONCERTO
- 443h SYMPHONIC MUSIC IN THE 20TH CENTURY
- 444 SHAKESPEARE AND MUSIC (3)**  
Prereq: MUS 343. History and literature of musicians' responses to works of Shakespeare — music for stage and film, orchestral music, opera and song settings.
- 451 CONDUCTING PRACTICUM (1-3)**  
Prereq: MUS 351; 352 or 353 or permission of instructor. Advanced conducting techniques to include direction of student ensembles under faculty supervision. Repeatable for credit.
- 455 BAND MUSIC WORKSHOP (2)**  
Offered summers only. Repeatable for credit.
- 456 STRING MUSIC WORKSHOP (2)**  
Offered summers only. Repeatable for credit.
- 461 ELEMENTARY MUSIC EDUCATION METHODS II (3)**  
Prereq: MUS 361 or 362. Advanced teaching techniques, activities, materials and literature for elementary music teaching. In-depth application strategies for Orff, Kodaly and MMCP methods. Observation and laboratory experience.
- 462 SECONDARY CHORAL MUSIC EDUCATION (3)**  
Prereq: MUS 354, music education major status, and admission to Woodring College of Education. Instruction in middle and high school choral repertoire, teaching strategies, rehearsal techniques, classroom management, curriculum design. Peer-teaching and micro-teaching assignments in public schools.
- 464 INSTRUMENTAL MUSIC EDUCATION (4)**  
Prereq: MUS 354, music education major status, and admission to Woodring College of Education. Instruction in elementary, middle and high school instrumental repertoire, teaching strategies, rehearsal techniques, classroom management, curriculum design. Peer-teaching and micro-teaching assignments in public schools.
- 466 APPLIED MUSIC PEDAGOGY (1-3)**  
Prereq: upper-division level in applied instruction; music major status; permission of instructor. A study of the basic concepts involved in instrument or voice pedagogy through a survey of the most important modern teaching methods. Repeatable for credit.
- 467 APPLIED MUSIC LITERATURE (1-3)**  
Prereq: music major status; permission of instructor. A stylistic and historical survey of literature for instruments or voice. Repeatable for credit.
- 469 MUSIC TEACHING PRACTICUM II (2)**  
Prereq: permission of instructor, and admission to Woodring College of Education. Observation, assisting and intense field experience in music classroom environments. Repeatable for credit.
- 471 CONCERT CHOIR (2)**  
Prereq: by audition. Selected group experience, vocal ability, reading skill, musicianship and interest in serious choral music considered for membership. Repeatable for credit.
- 472 WIND SYMPHONY (2)**  
Prereq: by audition. Repeatable for credit.
- 473 UNIVERSITY SYMPHONY ORCHESTRA (2)**  
Prereq: by audition; open to students who qualify. Repeatable for credit.
- 474 JAZZ ENSEMBLES (2)**  
Prereq: by audition. Advanced performance and interpretation of contemporary jazz in an ensemble situation; recent developments in the idiom; performance of student compositions and arrangements. Repeatable for credit.
- 475 CHAMBER JAZZ ENSEMBLE (2)**  
Prereq: by audition; MUS 334 or 434 strongly recommended. Supervised small ensemble playing in jazz idioms stressing repertoire, improvisation and performance of written arrangements and compositions. One public performance per quarter required. Repeatable for credit.
- 476 ADVANCED PIANO ACCOMPANYING (2)**  
Prereq: completion of major performance ensemble requirement or permission of instructor. Advanced instruction in accompanying skills. Repeatable for credit.
- 478 ADVANCED OPERA PRODUCTION (1-2)**  
Prereq: by audition. Preparation of opera scenes or a major musical production to include a public performance each quarter. Repeatable for credit.
- 480 ADVANCED COLLEGIUM MUSICUM (1-2)**  
Prereq: permission of instructor. Music literature studies from an analytical and performance viewpoint from early to classic music, culminating in a public performance each quarter. Repeatable for credit.
- 481 ADVANCED APPLIED CHAMBER MUSIC (2)**  
Prereq: permission of chamber music coordinator. Open to piano, string, wind, brass and percussion performers. Repeatable for credit.
- 483 ADVANCED CHAMBER VOCAL ENSEMBLES (2)**  
Prereq: permission of instructor. Repeatable for credit.
- 484 ADVANCED VOCAL JAZZ ENSEMBLE (2)**  
Prereq: by audition; MUS 101, 102, 103 recommended. Preparation and performance of vocal works by major jazz composers. Open to all University students having the ability to sing in mixed chorus. Repeatable for credit.
- 485 NEW MUSIC ENSEMBLE (1-2)**  
Prereq: by audition. Performance of 20th-century music literature. Repeatable for credit.
- 486 CHAMBER ORCHESTRA (1)**  
Prereq: permission of instructor. Rehearsal and performance of chamber orchestra literature. Repeatable for credit.
- 490 SENIOR THESIS (3)**  
Prereq: admission to music history and literature program; permission of instructor. S/U grading.

**499 SENIOR RECITAL (3)**

Prereq: permission of instructor. A full-length, public recital approved by the student's Recital Committee. S/U grading.

**Graduate Courses**

Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.

Admission to Graduate School or special permission required. See the Graduate School section of this catalog.

**501 INSTRUMENTAL CONDUCTING AND REHEARSAL TECHNIQUES (3)**

Advanced work in conducting band and orchestra music; baton technique, interpretation, score preparation and rehearsal techniques. Repeatable for credit.

**502 CHORAL CONDUCTING AND LITERATURE (3)**

Successful techniques in developing and conducting choral groups, score analysis of outstanding choral works; laboratory experience in conducting. Repeatable for credit.

**503 INTRODUCTION TO GRADUATE STUDY OF MUSIC (4)**

Sources and availability of music, recordings and literature about music throughout its entire history. Techniques of research bibliography and formal writing about music. Students are expected to prepare and defend a formal written project.

**511 INDIVIDUAL INSTRUCTION — ADVANCED ORGAN (3-4)**

Prereq: permission of the department. In addition to regularly scheduled private lessons, students are expected to participate in organ class performances and to hold a church organist position throughout their residence for the degree. Repeatable for credit.

**512 INDIVIDUAL INSTRUCTION — ADVANCED PIANO (3-4)**

Prereq: permission of the department. In addition to regularly scheduled private lessons, a public performance is expected each quarter. Repeatable for credit.

**513 INDIVIDUAL INSTRUCTION — ADVANCED STRINGS (3-4)**

Prereq: permission of the department. In addition to regularly scheduled private lessons, a public performance of a significant work is expected. The performance will be approved and evaluated by a faculty committee. Repeatable for credit.

**514 INDIVIDUAL INSTRUCTION — ADVANCED ORCHESTRAL WINDS AND PERCUSSION (3-4)**

Prereq: permission of the department. In addition to regularly scheduled private lessons, a public performance of a significant work is expected. The performance will be approved and evaluated by a faculty committee. Repeatable for credit.

**515 INDIVIDUAL INSTRUCTION — ADVANCED VOICE (3-4)**

Prereq: permission of the department. In addition to regularly scheduled private lessons, a public performance is expected each quarter. Repeatable for credit.

**518 INDIVIDUAL INSTRUCTION — APPLIED JAZZ (3-4)**

Prereq: admission to MMus degree program and permission of instructor. Individual instruction in jazz performance styles and techniques. Repeatable to a maximum of 12 credits.

**519 INDIVIDUAL INSTRUCTION — ADVANCED APPLIED CONDUCTING (1-3)**

Prereq: admission to MMus degree program, MUS 501 or 502 and permission of instructor. Individual instruction in conducting techniques and repertoire. Repeatable to a maximum of 6 credits.

**525 BRASS AND PERCUSSION TECHNIQUES AND MATERIALS (3)**

Pedagogical and fundamental performance problems for all brass and percussion instruments; appropriate literature for beginning through advanced levels; performance problems encountered within the school band and orchestra settings.

**531 ARRANGING (3)**

Practical techniques in arranging and composing for large and small ensembles. Summer only.

**532 ANALYTICAL TECHNIQUES: 20TH-CENTURY MUSICAL PRACTICES (3)**

Analysis of works by various composers who have generated the major trends of 20th-century music.

**533 ANALYTICAL TECHNIQUES: 19TH-CENTURY MUSICAL STYLES AND PRACTICES (3)**

Analysis of works by various composers who generated the major trends of 19th-century music.

**534 COMPOSITION (4)**

Prereq: MUS 431. Composition, rehearsal and public performance of original works. Repeatable for credit.

**540 ADVANCED COLLEGIUM MUSICUM (2)**

Editing, coaching and performance of early music (before 1800) for chamber ensembles (vocal and instrumental). Students are expected to prepare stylistically suited performing editions, coach these works and participate in their public performance. (Only 6 credits applicable toward MMus degree.) Repeatable for credit.

**541-543 HISTORY/ANALYSIS (4 ea)**

An in-depth study of a particular segment of music from the period with historical perspective, analysis of representative works, and bibliography and research techniques appropriate to the subject. Repeatable for credit for a maximum of 1 quarter.

541 MUSIC TO 1600

542 MUSIC FROM 1600-1830

543 MUSIC FROM 1830-PRESENT

**550 SEMINAR IN THE HISTORY OF MUSIC (3)**

Prereq: permission of instructor. Detailed study of a particular period or phase of the history of music designed to give students a first-hand acquaintance with one special area of musical literature and with musicological method.

**555 ADVANCED BAND MUSIC WORKSHOP (2)**

Course not applicable to MMus degree. Offered summers only. Repeatable for credit.

**556 ADVANCED STRING ORCHESTRA MUSIC WORKSHOP (2)**

Course not applicable to MMus degree. Offered summers only. Repeatable for credit.

**571 CONCERT CHOIR (2)**

Prereq: admission to MMus degree program and permission of instructor. Rehearsal and public performance of representative choral works. Repeatable to a maximum of 12 credits.

**572 WIND SYMPHONY (2)**

Prereq: admission to MMus degree program and permission of instructor. Rehearsal and public performance of works for wind ensemble. Repeatable to a maximum of 12 credits.

**573 UNIVERSITY SYMPHONY ORCHESTRA (2)**

Prereq: admission to MMus degree program and permission of instructor. Rehearsal and public performance of works for symphony orchestra. Repeatable to a maximum of 12 credits.

**574 JAZZ ENSEMBLES (2)**

Prereq: admission to MMus degree program and permission of instructor. Advanced performance and interpretation of contemporary jazz in an ensemble situation; recent developments in the idiom; performance of student compositions and arrangements. Repeatable to a maximum of 12 credits.

**575 CHAMBER JAZZ ENSEMBLES (2)**

Prereq: admission to MMus degree program and permission of instructor. Supervised small ensemble playing in jazz idioms stressing repertoire, improvisation and performance of written arrangements and compositions. One public performance per quarter required. Repeatable to a maximum of 12 credits.

**576 ACCOMPANYING (2-3)**

Graduate-level instruction in accompanying skills. Pianists will accompany singers and instrumentalists under the supervision and regular coaching of the instructor. Repeatable for credit.

**578 OPERA PRODUCTION (1-2)**

Prereq: admission to MMus degree program and permission of instructor. Preparation of opera scenes or a major musical production to include a public performance each quarter. Repeatable to a maximum of 12 credits.

**581 APPLIED CHAMBER MUSIC (2)**

Prereq: admission to MMus degree program and permission of instructor. Rehearsal and public performance of representative works of chamber

## MUSIC

---

music. Open to piano, string, wind, brass and percussion performers. Repeatable to a maximum of 12 credits.

### **583 CHAMBER VOCAL ENSEMBLES (2)**

Prereq: admission to MMus degree program and permission of instructor. Rehearsal and public performance of chamber vocal works. Repeatable to a maximum of 12 credits.

### **585 NEW MUSIC ENSEMBLE (2)**

Prereq: admission to MMus degree program and permission of instructor. Rehearsal and performance of 20th century music literature. Repeatable to a maximum of 12 credits.

### **586 CHAMBER ORCHESTRA (1)**

Prereq: admission to MMus degree program and permission of instructor. Rehearsal and performance of chamber orchestra literature. Repeatable to a maximum of 6 credits.

### **690 THESIS (1-6)**

Students in the composition concentration of the MMus degree program may meet the thesis requirement by submitting a major original composition; students in the performance concentration may meet the thesis requirement by presenting a full-length public recital; students in the music education concentration selecting the conducting practicum for their thesis requirement will carry out a practical and/or creative conducting project, field study or investigation, or rehearsal/conducting series culminating in a public performance. Repeatable to a maximum of 6 credits.

# THEATRE ARTS

The Department of Theatre Arts offers a Bachelor of Arts and a Master of Arts in Theatre Arts as well as degrees in theatre education and language arts in conjunction with Woodring College of Education. These degrees combine academic rigor with practical work on theatre production. The Department of Theatre Arts strives to prepare broad-based artist generalists with additional specific skills in one or more areas. The students are encouraged to explore their creative spirit through involvement in practical theatrical experience which emphasizes cultural and artistic diversity in an atmosphere of productive cooperation.

The following are central to the undergraduate degrees in theatre arts:

- Knowledge of major works of dramatic literature representative of diverse cultures
- Knowledge of the history of theatrical production — its styles, conventions and social context — from the ancients to the present day
- Knowledge of the means by which theatrical production is realized
- Knowledge of the role of theatre in forming the past, present and future of society

In addition, students completing a degree in theatre arts will possess:

- The ability to analyze and interpret dramatic literature and performance from the standpoint of a designer, performer, director, playwright or critic
- The ability to safely and efficiently use the tools and equipment basic to theatre production and design technology
- The ability to communicate with an audience through at least one of the components of the theatrical arts
- The ability to function effectively as a member of a collaborative team in the preparation and realization of a public performance

Assessment of these competencies is accomplished through a final evaluation of each student which may include the presentation of a written thesis, performance project or portfolio. Since the theatre arts comprise many fields, advanced projects will vary from student to student.

## MAJORS

Each undergraduate major is grounded in fundamentals and chooses one or more areas of specialization (acting, directing, dramatic writing, dramatic literature, dance, educational theatre, technical theatre management and/or design). In addition to preparing majors for careers in the academic or professional theatre, the lessons acquired through this course of study are readily transferable to careers in teaching, law, business and other areas where interpersonal and self-reliant skills are required.

It is the intent of the Department of Theatre Arts to offer a program of superior quality in the classroom and on stage; stay current with the demands of the discipline; and prepare majors and nonmajors to engage successfully in their private, public and professional lives.

For information and advisement contact Kay Reddell, Advisement Coordinator, Performing Arts Center 395, phone 360- 650-7310, e-mail Kay.Reddell@wwu.edu.

## THEATRE ARTS FACULTY

- MARK KUNTZ** (1997) Chair and Associate Professor. BA, University of Washington; MFA, University of Oregon.
- ROGER GERMAIN** (1970) Associate Professor. BA, Western Washington State College.
- DEBORAH GREER** (2003) Assistant Professor. BA, California State University; MA, PhD, University of Oregon.
- MATTHEW JORDAN** (2001) Assistant Professor. BA, MA, Muskingum College; MFA, Tulane University.
- JAMES E. LORTZ** (1989) Associate Professor. BFA, MFA, University of Montana.
- PERRY F. MILLS** (1981) Associate Professor. BA, Western Washington State College; MA, Western Washington University.
- MAUREEN E. O'REILLY** (1983) Professor. BA, Whitman College; MA, University of Washington; MFA, University of Cincinnati.
- GREGORY LAWRENCE PULVER** (2000) Assistant Professor. BA, MFA, Humboldt State University.

## BACHELOR OF ARTS

### Major — Theatre

69 credits

- Core requirements (51 credits): THTR 101, 160, 212, 213, 216, 222, 255, 355, 370, 380, 381, 382, 384 and 496; and two topics selected from THTR 428 plus 3 credits of dramatic literature
- Concentration selected from one of the following areas:
  - Acting: THTR 260, 261, 360, 361, 460 or 461; plus 2 credits under advisement. Dance and voice lessons suggested
  - Dance: DNC 135abc, 138abc, 139, 231, 242, 335, 342 and one elective under advisement
  - Directing: THTR 210, 314, 470 plus 9 credits under advisement
  - Dramatic Literature: THTR 325, 326, 327 plus 9 credits under advisement
  - Dramatic Writing: THTR 385, 485, 486, 487 plus 3 credits
  - Educational Theatre: THTR 350, 351, 450, 452, plus 6 credits under advisement
  - Technical Theatre: THTR 210, 211, 310, 312, 313 or 314, 412 plus 3 credits under advisement
  - Theatre Management: THTR 211, 314, 414, ACCT 240 plus 5 credits under advisement
  - Design
    - Costume Design: THTR 210, 211, 215, 313, 316, 383, 416
    - Lighting Design: THTR 210, 211, 311, 313, 316, 413 plus 3 credits under advisement
    - Scenic Design: THTR 210, 211, 310, 311, 313, 411 plus 3 credits under advisement
- Electives under advisement

### Minor — Theatre

30 credits

- THTR 101, 160, 212, 222, 370
- One course selected from THTR 325, 326, 327, 380, 381, 382, 428

## THEATRE ARTS

- One course selected from THTR 213, 216, 260, 314, 384
- Electives under advisement

Completion of the above courses leads to a supporting endorsement in drama/theatre arts. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

### BACHELOR OF ARTS IN EDUCATION

*Major — Theatre Arts — P-12*  
51 credits

This major must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- THTR 101, 160, 210, 211, 212, 213, 216
- THTR 222, 255, 314, 350, 351, 355, 370, 384
- THTR 428, 452, 496

Completion of the above courses leads to an endorsement in theatre arts. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

*P-12 Supporting Endorsement — Drama (Theatre)*  
29 credits

- THTR 101, 160, 211, 212, 222, 255, 314, 351, 370, 350 or 452

Completion of the above courses leads to a supporting endorsement in drama. To receive a recommendation for state of Washington teacher certification, students must complete a professional preparation program. See the *Elementary* and *Secondary Education* sections of this catalog for program admission, completion, and teacher certification requirements. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or higher. **All supporting drama endorsement and teacher certification requirements must be completed by August 31, 2005 in accordance with Washington Administrative Code 180-82A-215.**

### *English Language Arts*

See the *English department* section of this catalog.

76 credits

- THTR 160, 351, 452 plus 17 additional credits under advisement; 25 credits of theatre arts combine with English, communication, and journalism for a 76-credit major

### GRADUATE STUDY

For a concentration leading to the Master of Arts degree, see the *Graduate School* section of this catalog.

### COURSES IN THEATRE ARTS (THTR)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### 101 INTRODUCTION TO THE ART OF THE THEATRE (3)

An introduction to the nature of the theatre, to plays and the way they work, and to the arts of the theatre and the activities of those who perform them.

#### 160 INTRODUCTION TO ACTING (2)

Prereq: written permission of instructor. THTR 101 recommended. Fundamentals of acting with emphasis on basic techniques and tools used by the actor. Includes improvisation; résumé writing; auditioning; and vocal, physical and emotional awareness. Open to majors and nonmajors.

#### 161 ACTING WORKSHOP FOR HIGH SCHOOL STUDENTS (2)

Prereq: intended for, but not restricted to, students who have completed their junior year of high school. An intensive program to develop actor skills through daily physical, vocal and imagination training. Rehearsal and performance in a variety of theatre environments. Summers only. Recommendations required.

#### 168 INTRODUCTION TO FILM: ACTING AND PRODUCTION (3)

Prereq: THTR 101, 160. Introduction to rudimentary acting and production techniques, including professional conduct, script analysis and audition process.

#### 201 INTRODUCTION TO THE CINEMA (3)

Training eye and ear to appreciate the work of the filmmaker. Analysis of the basic conventions of technique with an emphasis on critical exposition.

#### 210 INTRODUCTION TO DESIGN COMMUNICATION (3)

Introduction to theatre design communication concepts and techniques. Computer applications; drawing and drafting for costume; and scenic and lighting designers and technicians.

#### 211 FOUNDATIONS IN DESIGN (3)

Introduction to design elements and principles, and their use in criticism and communication for the theatre.

#### 212 INTRODUCTION TO STAGECRAFT (4)

Basic theory of planning, drafting, construction and rigging of scenery. Practical lab experiences in scenery construction; painting; and handling and rigging of scenery. One production crew assignment, with one scheduled lab assignment.

#### 213 INTRODUCTION TO LIGHTING (4)

Prereq: THTR 212 or permission of instructor. Basic theory in planning, drafting, handling and rigging of lighting and special effects; one scheduled lab assignment per week.

#### 215 STAGE MAKE-UP (2)

Theory and practice of applying make-up for the stage with emphasis on script analysis and character development.

#### 216 INTRODUCTION TO COSTUMING (3)

Prereq: THTR 101 recommended. Costume design and execution with specific emphasis on basic sewing; costume materials and crafts; basic costume history; costume plots; and theatrical wardrobe. Required 8-hour lab.

#### 222 UNDERSTANDING PLAYS (3)

Prereq: THTR 101 or permission of instructor. Reading a playscript with an eye to theatrical production. Introduction to primary dramatic forms (tragedy, comedy). Practice in speaking and writing intelligently about plays.

#### 255 PRODUCTION: CREW (1)

Prereq: permission of instructor. For theatre majors (before 50 hours in major) and nonmajors: practical experience in rehearsal and performance with light, sound, costume, scenery, makeup, etc. Repeatable. S/U grading.

#### 256 REHEARSAL AND PERFORMANCE (2)

Prereq: permission of instructor. For theatre majors (before 50 hours in major) and nonmajors: practical experience in rehearsal and performance. S/U grading.

#### 257 THEATRE PRODUCTION: PERFORMANCE (2)

Prereq: permission of instructor. For theatre majors and non-majors: direct instruction and experience in performance work. S/U grading.

#### 260 ACTING STUDIO I: THEORY (3)

Prereq: audition and permission of instructor. Explores the theory of the physical, vocal, intellectual and emotional instrument of the individual actor in relation to character demands of a scene or play through the studio approach. Students demonstrate their knowledge of theory in both written and oral forms.

#### 261 ACTING STUDIO I: SCENE STUDY (3)

Prereq: written permission of instructor. Application of the actor/character theory learned in THTR 260 is presented in at least two different scenes which the instructor must approve. It is in the actor's self-interest that, while in the category of American realism, each selection should offer a different writing style.

#### 262 SUMMER STOCK COMPANY (1-15)

Prereq: for performers — THTR 260, 261 or equivalent experience; for technicians — THTR 212, 213, 311 or equivalent experience; written permission of director of summer stock. Offered summer quarter only. Contact director of theatre for details.

**263 MOVEMENT FOR ACTORS (2)**

An actor's introduction to the history, vocabulary and basic techniques of several styles of theatrical movement and dance. Topics may include ballet, modern, jazz, tap, hip-hop, mask, combat and period styles. The actor will also explore character development through movement and dance. Repeatable to a maximum of 6 credits.

**265 ORAL INTERPRETATION (3)**

Basic theory and technique of effective oral presentation of poetry, prose and dramatic text.

**266 MUSICAL THEATRE I: FUNDAMENTALS (3)**

Prereq: THTR 160, 260 and permission of instructor. Practical application of singing and acting to performance-related work from American musical theatre through solo application.

**267 MUSICAL THEATRE II: FUNDAMENTALS (3)**

Prereq: THTR 266 or permission of instructor. Practical application of singing, acting and movement to performance-related work from American musical theatre through solo, duet and group exploration.

**310 SCENE PAINTING (3)**

Prereq: THTR 211 and 212. A survey of traditional scene painting with emphasis on color, technique, materials, tools and formulas.

**311 BEGINNING SCENE DESIGN (3)**

Prereq: THTR 210, 211 and 212. Theory and practical experience in communicating technical and artistic information through drafting and color-rendering.

**312 INTERMEDIATE STAGECRAFT (3)**

Prereq: THTR 212. In-depth exploration of technical theatre practices.

**313 BEGINNING LIGHTING DESIGN (3)**

Prereq: THTR 213 and 311. Technical and artistic study of light and color as they affect other theatre arts and contribute to artistic design; laboratory work in production.

**314 STAGE MANAGEMENT (3)**

Prereq: 2 credits of acting and THTR 212. An in-depth study of the stage manager's role and responsibilities before, during and after production. Assignment to one major production.

**316 BEGINNING COSTUME DESIGN (3)**

Prereq: THTR 211 or permission of instructor. Theory and practical experience in the design and rendering of costumes for the stage.

**318 PUPPETRY (3)**

Design, construction and manipulation of puppets with focus on the history of puppets and puppet making.

**319 MILLINERY (2)**

Prereq: THTR 216. History, design and construction of hats for the theatre.

**320 COMPUTER DRAFTING AND DESIGN FOR THE THEATRE (3)**

Prereq: THTR 101, 210, 211, 212, 213 or permission of instructor. Practical working knowledge of drafting and design software.

**325 MODERN EUROPEAN DRAMA (3)**

Prereq: THTR 222. Selected European plays and playwrights since 1850.

**326 ARTS INQUIRY (3)**

Prereq: permission of instructor. Explores the major facets of art commentary, with discrimination made between theory and practical application. Content presents major problems of distinction between understanding and description of artistic methods and products, with the result that the student will engage philosophical positions at work in science and the arts.

**327 MODERN AMERICAN DRAMA (3)**

Prereq: THTR 222. Selected American plays and playwrights since 1920.

**350 THEATRE FOR YOUTH (3)**

Explores the history, philosophy, literature and techniques for creating theatre for young audiences.

**351 CREATIVITY ACROSS THE CURRICULUM (3)**

Principles and methods for using creative activity as a method for teaching subjects across the curriculum.

**355 PRODUCTION: SUPERVISION (2)**

Prereq: THTR 255 and permission of instructor. Directly supervised practice in theatre crafts prior to performance. Students work as team members in scenic, lighting studios on special project(s). Repeatable. S/U grading.

**356 REHEARSAL AND PERFORMANCE II (2)**

Prereq: THTR 256 and permission. For theatre majors (after 50 hours in major) and nonmajors: practical experience in rehearsal and performance. S/U grading.

**360 ACTING STUDIO II: PHYSICAL INTERPRETATION OF A ROLE (3)**

Prereq: written permission of instructor. Continuation of skills and refinement of techniques presented in earlier acting studios, but with a strong emphasis on the use of the body and physical characterization. Scene work of several periods and styles is required.

**361 ACTING STUDIO II: VOCAL INTERPRETATION OF A ROLE (3)**

Prereq: written permission of instructor. Continuation of skills and refinement of techniques presented in Acting Studio I, but with strong emphasis on voice and vocal characterization. Scene work from several major periods and styles is required.

**362a,b TOURING THEATRE (1-12)**

Prereq: permission of instructor. An intensive and comprehensive involvement in the study and practice of creating and performing theatre for youth. Participants prepare all aspects of a touring production and accompanying educational support materials offered to elementary or secondary schools in Washington; two-quarter commitment. Repeatable once, to a maximum of 12 credits.

**363 VOICE AND DICTION (3)**

Sequence of exercises and drills challenging improvement in resonance, breath support, articulation, relaxation, placement and vocal work ranging from good stage speech (mid-Atlantic) to dialect.

**366 MUSICAL THEATRE III: PRACTICUM (3)**

Prereq: THTR 267. Practical application of advanced skills to a class project; creating, rehearsing and performing a musical theatre performance.

**368 ACTING FOR THE CAMERA (3)**

Prereq: THTR 260, 261 and acceptance into 360. An exploration and application of techniques and approaches for actors reflected currently in the film and television industry.

**370 PLAY DIRECTION (3)**

Prereq: THTR 160, 212, 213, 222 and/or permission of instructor. Theory and practice of stage direction including selection of play, casting and blocking. Production of a scene for public performance is required.

**380 THEATRE HISTORY I (4)**

Prereq: THTR 101, 222. Development of theatre to the Renaissance.

**381 THEATRE HISTORY II (4)**

Prereq: THTR 101, 222; 380 recommended. Development of theatre from the Renaissance to the beginning of realism.

**382 THEATRE HISTORY III (4)**

Prereq: THTR 101, 222; 380, 381 recommended. Development of theatre from the beginnings of realism to contemporary theatre.

**383 COSTUME HISTORY (4)**

Evolution of costume from ancient Greece through present-day fashion with reference to theatrical production.

**384 INTRODUCTION TO DRAMATIC WRITING (4)**

Prereq: written permission of instructor. Beginning exercise in dramatic writing, with emphasis on primary forms and conventions.

**385 INTERMEDIATE DRAMATIC WRITING WORKSHOP (4)**

Prereq: written permission of instructor. Practice in primary forms and conventions of drama. Introduction to mixed forms and contemporary styles. Required for directors and playwrights.

**411 ADVANCED SCENIC DESIGN (3)**

Prereq: THTR 312 and 313 or permission of instructor. Design for the modern theatre; emphasis on interpretation of the play through design; practical designs and techniques.

**412 ADVANCED STAGECRAFT (3)**

Prereq: THTR 212 and 312. Technical analysis of scripts, special effects, computers and properties. Laboratory work on productions.

**413 ADVANCED LIGHTING DESIGN (3)**

Prereq: THTR 313. Concepts and techniques of drafting and computer-assisted drafting, text work sheets, and application programs related to lighting design.

## THEATRE ARTS

---

### **414 THEATRE BUSINESS PRACTICES (3)**

Prereq: THTR 314; THTR 101 recommended. Examination of the theories and approaches to business management in the theatre as well as practical application of those theories discussed including budgeting, promoting and producing.

### **415 ADVANCED SEMINAR IN DESIGN (4)**

Prereq: one course from THTR 411, 412, 413 or 416 or permission of instructor. Script analysis, technical solutions, budgeting, research, design and rendering/model building. Emphasis on collaboration, innovative solutions and new approaches to theatre design.

### **416 ADVANCED COSTUME DESIGN AND RENDERING TECHNIQUES (3)**

Prereq: THTR 316, 382 and 383. Exploration and execution of complete designs of costumes for the modern theatre with emphasis on the development of the design concept and interpretation. Focus on drawing and rendering techniques.

### **428 MAJOR DRAMATISTS (3)**

Prereq: THTR 222. In-depth exploration of an individual playwright or group of playwrights who were influential in the development of a particular style of drama. Topics include Greek and Roman, British, Continental, North American, contemporary or individual playwrights. Repeatable under separate topics.

### **450 THEATRE FOR YOUTH II (3)**

Prereq: THTR 350. Advanced techniques in youth theatre. Each student selects and prepares a script for performance for and/or by youth.

### **451 CREATIVITY ACROSS THE CURRICULUM II (3)**

Prereq: THTR 351. Advanced techniques; supervised laboratory work with young people.

### **452 SECONDARY THEATRE TECHNIQUES (3)**

Prereq: THTR 351; acting and directing courses strongly encouraged. Explores techniques and curriculum for use in secondary theatre classrooms. Creation of lesson plans and projects aimed specifically for theatre students.

### **455 PRODUCTION: ADVANCED PROJECTS (3)**

Prereq: THTR 355 and written permission of instructor. Directly supervised practice in theatre design/large group leadership. Students work as collaborators in scenic, lighting, costume, sound, makeup, property design, set dressing, technical direction or stage management. Repeatable to a maximum of 8 credits.

### **460 ACTING STUDIO III: STYLE — SHAKESPEARE (4)**

Prereq: permission of instructor. Continued refinement of skills and techniques presented in Acting Studio II, adding the physical, vocal and emotional styles of performing Shakespeare plays.

### **461 ACTING STUDIO III: PERSONAL PERFORMANCE (4)**

Prereq: written permission of instructor. Continued refinement of skills and techniques introduced in previous studios, with special emphasis on individual acting problems.

### **462 ADVANCED WORKSHOP IN SUMMER STOCK (1-15)**

Prereq: written permission of director of summer stock. Offered only summer quarter. Contact director of theatre for details. Repeatable once.

### **463 AUDITION PREPARATION (2)**

Prereq: THTR 460 and/or permission of instructor. Preparation of several contrasting monologues and development of specific performance skills to best demonstrate the varied talents of the individual actor in an audition format. S/U grading.

### **470 PLAY DIRECTION II (4)**

Prereq: THTR 314, 370, permission of instructor and 30 hours in the major. Producing and directing a one-act play for public performance; special emphasis on working with the actor.

### **472a,b HIGH SCHOOL DRAMA DIRECTORS INSTITUTE (2, 4)**

A workshop for those who are now engaged or who intend to become engaged in the processes of play production, from script selection, production planning, casting and rehearsal to performance. Utilizes the resources of the concurrent acting workshop for high school students. Repeatable with permission of instructor. Offered summer only.

### **485, 486, 487 DRAMATIC WRITING WORKSHOP (4 ea)**

Prereq: THTR 384 or 385 and written permission of instructor. Opportunity for disciplined expression in writing for stage, film, television or other media. May be repeated as THTR 485, 486 or 487 to a maximum of 12 credits.

### **495 INTERNSHIP (1-12)**

Prereq: junior status or above and permission of the chair. Qualified third- and fourth-year students may apply to apprentice with theatre companies, performing arts agencies or producing organizations. Repeatable to a maximum of 24 credits. S/U grading.

### **496 SENIOR PROJECT (1)**

Prereq: permission of instructor. Capstone course demonstrating accomplishment in the departmental concentration. S/U grading.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **501 INTRODUCTION TO RESEARCH IN THEATRE (4)**

Interpretation and evaluation of research outcomes; purposes and design of various methods with particular emphasis on historical and descriptive methods.

### **511 SEMINAR IN SCENIC DESIGN (4)**

Prereq: permission of instructor. Topics in the practice and principles of the scenic arts with individual projects in design.

### **512 SEMINAR IN STAGECRAFT (4)**

Prereq: permission of instructor. Advanced topics in the practice and principles of the scenic arts with individual projects in design.

### **513 SEMINAR IN LIGHTING DESIGN (4)**

Prereq: permission of instructor. Topics in the practice of light design for the stage with focus on individual projects.

### **514 SEMINAR IN THEATRE BUSINESS PRACTICES (4)**

Prereq: permission of instructor. Study of approaches, procedures and practices employed by managers and producers in for-profit as well as nonprofit theatres.

### **516 SEMINAR IN COSTUME DESIGN (4)**

Prereq: Instructor approval. Topics in the practice and principles of costume design with individual projects in design.

### **522 SEMINAR IN DRAMATIC THEORY AND CRITICISM (4)**

Prereq: undergraduate major in theatre or permission of instructor. Dominant concepts and issues of dramaturgical thought. Principles and practices of dramatic criticism.

### **528 SEMINAR IN DRAMATIC LITERATURE (3)**

Intensive study of major dramatists or periods. Topics could include Greek and Roman, British, Continental, North American, contemporary or individual playwrights. Repeatable under separate topics.

### **550 THEATRE IN EDUCATION I (4)**

Prereq: Undergraduate major in theatre or permission of instructor. Critical review and research in creative of theory and theatre for youth. Individual artistic or research projects.

### **551 THEATRE IN EDUCATION II (4)**

Prereq: permission of instructor. Advanced individual projects in creative pedagogy.

### **552 THEATRE IN EDUCATION III (4)**

Prereq: Instructor approval. Implementation of strategies and techniques for theatre production in the public schools.

### **555 GRADUATE PRODUCTION PROJECT (3)**

Directly supervised graduate practice in theatre practicum. Projects focus on collaboration and leadership within scenic, lighting, costume, sound, makeup, theatrical research (dramaturgy), production management or directing areas. Repeatable to a maximum of 9 credits.

### **560 ACTING (4)**

Prereq: permission of instructor. Training for the actor with an emphasis on the historical; stage mechanics; self awareness, character action and development, styles, and script analysis.

### **561 ADVANCED ACTING (4)**

Prereq: THTR 560. A continuation of THTR 560 with emphasis on contemporary approaches and application in production.

### **562 SUMMER STOCK (1-15)**

Prereq: Summer Stock director's approval. Advance workshop in Summer Stock. Only 8 credits can be applied to the graduate degree program. Repeatable.

**570 DIRECTING THEORY (4)**

Explores a wide range of directorial aesthetics and practices.

**571 SEMINAR IN PLAY DIRECTION (4)**

Prereq: THTR 570. Topics in the principles and practices of the art of play direction with individual student projects.

**572 ADVANCED SEMINAR IN PLAY DIRECTION (4)**

Prereq: THTR 571. Advanced principles and practices of play direction with individual student projects.

**585 PLAYWRITING SEMINAR (5)**

Individual projects in dramatic writing are submitted for group discussion.

**586 ADVANCED PLAYWRITING SEMINAR (5)**

Prereq: THTR 585 or permission of instructor. Individual projects in playwriting.

**594 PRACTICUM IN TEACHING (2-5)**

Prereq: THTR 501 and permission of instructor. Supervised teaching for MA candidates. Repeatable with different topics. Each topic to a maximum of 5 credits. S/U grading.

**595 FINAL PROJECT (1-6)**

(Option II.) Experimentation leading to the development of new methods and materials in the teaching and/or practice of theatre. May involve on- or off-campus projects. Repeatable to a maximum of 6 credits.

**690 THESIS (1-9)**

Repeatable to a maximum of 9 credits.

**691 RESEARCH PAPER (1-3)**

Planning and execution of a publishable scholarly paper. Repeatable to a maximum of 3 credits.

© WWU Publishing Services

# COLLEGE OF HUMANITIES AND SOCIAL SCIENCES

Ronald Kleinknecht, Dean

The College of Humanities and Social Sciences, Western's largest academic unit, is composed of two divisions: the social and behavioral sciences (anthropology; communication sciences and disorders; physical education, health and recreation; political science; psychology, sociology) and the humanities (communication, English, history, journalism, liberal studies, modern and classical languages, philosophy). These 13 departments offer more than 40 bachelor's degrees and eight master's degrees, along with three interdisciplinary degrees in East Asian studies, linguistics, and student-faculty designed majors.

The college houses several research and service centers, including the Center for Cross-cultural Research, the Center for Performance Excellence, the Office of Survey Research, and two community-based professional training centers: the Speech and Hearing Clinic and the Psychology Counseling Clinic. In addition, the college has five nationally accredited professional programs: school counseling, mental health counseling, speech pathology, audiology, and recreation.

The College of Humanities and Social Sciences partners with the College of Sciences and Technology to provide students with a three-component liberal education: first, a program of education-in-breadth through the General University Requirements intended to prepare students for post-graduate life as educated persons and citizens; second, a program of education-in-depth in a disciplinary or interdisciplinary major designed to prepare students for careers or graduate study; and third, a choice of elective courses which can help satisfy the student's curiosity about any of the multitude of subjects that the University curriculum embraces. With each of these components, we intend to produce graduates who are capable of informed and critical thinking; who have learned to tolerate ambiguity; who can appreciate cultural differences; who have developed moral and aesthetic sensibilities; who have mastered the basic tools of literacy and technology and who have acquired levels of information about the natural and social worlds, past and present, sufficient for responsible citizenship and the enjoyment of a civilized society. The college places strong emphasis on student-faculty collaboration in developing these skills through active learning, including laboratory experiences, community-based faculty-directed service learning, and student involvement in faculty research programs.

## Academic Programs Leading to Undergraduate and Graduate Degrees

|  |               |
|--|---------------|
| American Cultural Studies .....          | BA            |
| Anthropology .....                       | BA, BA/Ed, MA |
| Anthropology/Biology .....               | BA            |
| Anthropology/Social Studies .....        | BA            |
| Archaeology Concentration .....          | BA            |
| Archives and Records Management .....    | MA            |
| Biology/Anthropology .....               | BS            |
| Canadian-American Studies .....          | BA            |
| Communication .....                      | BA, BA/Ed     |
| Communication Sciences & Disorders ..... | BA, MA        |
| Community Health .....                   | BS            |
| East Asian Studies .....                 | BA            |

|   |                   |
|---|-------------------|
| English .....   | BA/Ed, MA         |
| English/Creative Writing Emphasis .....                           | BA                |
| English/Literature Emphasis .....                                 | BA                |
| Environmental Studies/Journalism .....                            | BA                |
| Exercise and Sport Science .....                                  | BS                |
| History .....   | BA, BA/Ed, MA     |
| History/Social Studies .....                                      | BA                |
| Humanities .....  | BA, BA/Ed         |
| Journalism .....  | BA                |

| Modern and Classical Languages<br>(French, German, Spanish) ..... | BA, BA/Ed         |
| Double Language Major (French, German, Spanish) .....             | BA                |
| Philosophy .....  | BA                |
| Physical Education and Health .....                               | BA/Ed, MS         |
| Political Science .....   | BA, MA            |
| Political Science/Economics .....                                 | BA                |
| Political Science/Social Studies .....                            | BA                |
| Politics/Philosophy/Economics .....                               | BA                |
| Psychology .....  | BA, BA/Ed, MS     |
| Recreation .....  | BA                |
| School Counseling .....   | M/Ed              |
| Sociology .....   | BA, BA/Ed, BS, MA |
| Sociology/Social Studies .....                                    | BA                |
| Student-Faculty Designed Major .....                              | BA, BS            |

## Majors and Minors

In addition to the General University Requirements and other common degree requirements of the University, the candidate for a Bachelor of Arts or Bachelor of Science degree must complete a major area emphasis which is usually accompanied by supporting courses. A minor is optional. A few concentrations are offered which encompass both a major and a minor. Students will confer with appropriate departmental advisors to plan study programs. Transfer students are expected to complete at least a portion of their work in the major and minor fields in this institution.

## Student-Faculty Designed Majors

Students desiring concentrated study in areas not listed as majors by departments of the College of Humanities and Social Sciences may design a major in conference with faculty members. Details of this procedure are available from the Academic Advising Center or the chair of the Department of Liberal Studies.

## Academic Advisement

As the student completes the freshman year, which usually consists largely of courses that meet the General University Requirements, he or she is referred to the academic departments for continued personalized advisement in planning and selecting courses of study. Faculty within each department share responsibility for counseling students electing concentrations in their area. In some cases, faculty from several departments may cooperate with a student in constructing his or her own interdisciplinary major; in others, faculty members may recommend to the department chair the waiving of certain course prerequisites (when it has been demonstrated that the student already has these

competencies). Students who are undecided about a major may seek advisement through the Academic Advising Center in Old Main.

*Department Chairs*

- Dr. Dan Boxberger ..... Anthropology
- Dr. Sue Hayes, Interim ..... Communication
- Dr. Michael Seilo ..... Communication Sciences  
and Disorders
- Dr. Kathleen Lundeen ..... English
- Dr. Christopher Friday ..... History
- Dr. James Napoli ..... Journalism
- Dr. Robert Stoops ..... Liberal Studies
- Dr. Brent Carbajal ..... Modern & Classical  
Languages
- Dr. Phillip Montague ..... Philosophy
- Dr. Lea Ann Martin, Interim ..... Physical Education, Health &  
Recreation
- Dr. Sara Weir ..... Political Science
- Dr. Dale Dinnel ..... Psychology
- Dr. Jay Teachman ..... Sociology

**Departments, Courses and Programs**

Courses listed in this catalog constitute a record of the total academic program of the University. For an exact scheduling of courses at Western, students should consult the annual *Timetable of Classes*, and Extended Education and Summer Programs' bulletins.

© WWU Publishing Services

# ANTHROPOLOGY

The discipline of anthropology studies humankind in all the cultures of the world, both past and present. This study includes humankind's physical development and the wide diversity of lifestyles people have created.

Anthropology has three main goals: first, providing a deep understanding of humankind, both past and present; second, analyzing and organizing the knowledge gained and making it accessible; and third, engaging in the practical application of anthropology to various areas of contemporary human behavior.

Anthropology is a social science. It shares techniques and methods with other behavioral sciences and also draws upon physical and biological sciences.

Anthropology is unique among the social and behavioral sciences. Anthropologists obtain data primarily from field research and comparative cross-cultural studies in time and space. Thus, anthropology provides theoretical and empirical bases for development of hypotheses about human behavior, and for testing the breadth and applicabilities of such hypotheses.

The anthropology department provides training in each of the four main subdisciplines of anthropology.

**Cultural anthropology** seeks to understand and describe each culture in its own perspective. Cultural anthropologists gather data through first-hand field study in other cultures and do cross-cultural comparative studies which provide crucial insights and understanding of the modes and patterns of human life.

**Archaeology** uses scientific field work and laboratory techniques to investigate past human societies and the processes and effects of cultural evolution through the study of material remains.

**Physical anthropology** focuses on anatomical, physiological and genetic differences in past and contemporary human populations, and analyzes their evolutionary and cultural implications.

**Anthropological linguistics** studies the interrelationships between human culture and language with special focus on unwritten languages, emphasizing the diversity of world languages and non-verbal human communication.

Utilizing ethnographic, ethnological and ethnohistorical tools, as well as information supplied by these four subdisciplines, the anthropologist comparatively studies cultures and the processes of human development. These findings have many practical uses.

## RESOURCES

Opportunities for field work and library research in each of the four subfields of anthropology are available. Archaeological field school surveys are conducted alternate summers. The department engages in a series of funded ethnohistorical projects, providing a wide diversity of research opportunities. Library holdings include Human Relations Area Files complete to 1991 for those pursuing cross-cultural and culture-area research. Linguistic specializations available include Mongolian, Chinese and Japanese.

Degrees offered are the BA and the BA in Education. In addition a combined anthropology/biology BA or BS major is offered.

Careers for graduates in anthropology lie in both the public and private sectors of the economy and are increasing. Opportunities may be found in teaching (public school, community college and college), federal and state agencies, social services, applied health settings, museums and international business.

## MID-PROGRAM CHECKPOINT

Students seeking to complete a BA degree in archaeology within a four-year time span should have completed the following courses by the start of their junior year. Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

ANTH 201, 210, 215 and prerequisites for supporting courses in sciences.

Students seeking to complete a BA or BS degree in biology/anthropology (human biology emphasis) within a four-year time span should have completed the following courses by the start of their junior year. Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

CHEM 121, 122, 123 (or CHEM 125, 126, 225)

BIOL 204, 205, 206

ANTH 201, 210, 215

Physics and calculus

## ANTHROPOLOGY FACULTY

**DANIEL L. BOXBERGER** (1983) Chair and Professor. BA, The Evergreen State College; MA, Western Washington University; PhD, University of British Columbia.

**SARAH K. CAMPBELL** (1988) Associate Professor. BA, Indiana University; MA, PhD, University of Washington.

**MICHAEL GRIMES** (2001) Assistant Professor. BS, PhD, University of Pittsburgh.

**JOYCE D. HAMMOND** (1984) Professor. BA, MA, Brown University; PhD, University of Illinois.

**LINDA AMY KIMBALL** (1976) Professor. BSEd, MA, PhD, The Ohio State University.

**TODD A. KOETJE** (1997) Associate Professor. BA, University of Washington; MA, State University of New York, Binghamton; PhD, University of Tennessee.

**JAMES LOUCKY** (1989) Professor. BA, Haverford College; MA, PhD, University of California, Los Angeles.

**ROBERT C. MARSHALL** (1985) Professor. BA, Youngstown State University; PhD, University of Pittsburgh.

**JOAN C. STEVENSON** (1979) Professor. BA, University of Washington; MA, PhD, University of Wisconsin-Milwaukee.

**KATHLEEN YOUNG** (1996) Associate Professor. BA, MA, Western Washington University; PhD, Simon Fraser University.

## DECLARATION OF MAJOR

Students are advised to declare their major early in their academic career. Transfer students should declare in their first quarter at Western, other students before the end of their sophomore year. Some upper-division courses are restricted to declared majors during the initial phase of registration; and some courses may be available to majors only. Students always have the option of changing majors; students who declare their major early are best able to take full advantage of all academic opportunities which are available to them at Western. Those transfer students not restricted by their AA degree curriculum in community college, or those transferring without attaining the AA degree, or those entering as freshmen who are interested in the anthropology/biology major should seek advisement as soon as possible. Anthropology/biology BA or BS majors need to begin the chemistry/biology sequences required prior to declaring the major. This will assist them in shortening considerably the many quarters necessary for the anthropology/biology major. (Please take human anatomy and physiology if it is offered.)

**BACHELOR OF ARTS***Major — Anthropology*

65 credits

*Core Component*

- ANTH 201
- At least one course each of the major subfields: physical anthropology, archaeology and linguistics (LING 201 or 204, ENG 370 may be substituted for an anthropological linguistics course)
- ANTH 301
- ANTH 335, or another basic statistics course under departmental advisement
- ANTH 496

*Methods*

- At least four (4) credits from the following: ANTH 410, 420, 428, 448, 470, 471, 472, 473, 480, 495 (where appropriate an internship, practicum or archaeological methods course may be substituted under advisement)

*Topical Component*

- At least one course from the following: ANTH 330, 350, 351, 353, 382, 424, 429, 431, 453, 475, 481, 482, 484

*Culture Region Component*

- At least one course from the following: ANTH 361, 362, 364, 365, 460, 462, 463, 464, 465

*Electives*

- Electives in anthropology under departmental advisement. Student selection of a complementary minor under advisement is strongly recommended
- Only one 100-level course will count toward major, minor or archaeology concentration

*Combined Major — Anthropology/Social Studies*

86-88 credits

*Anthropology Courses (45 Credits)*

- ANTH 201, 210, 215
- ANTH 481 or 484
- Electives under departmental advisement — at least one course from each of the following groups:
  - Cultural area courses: ANTH 361, 362, 364, 365, 460, 462, 463, 464, 465
- Topical cultural anthropology courses: ANTH 247, 330, 348, 351, 353, 424, 429, 453, 475, 480, 482

*Social Studies Courses (41-43 credits)*

- ECON 206 or 446 [preferred]
- ECON 207 or 447 [preferred]
- EGEO 201 and 2 additional geography credits
- HIST 103, 104, 391 plus 12 credits in history, including one course in World or Western or Pacific Rim or Civilization
- PLSC 250
- To receive a recommendation for state of Washington certification, students must complete the “teacher certification” program, including the content methods course SEC 426, offered by the Department of Secondary Education, as a part of the undergraduate Bachelor of Arts degree, or as a post-baccalaureate program, or as a part of the Master’s in Teaching degree. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements

Completion of this combined major leads to an endorsement in social studies. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

*Combined Major — Anthropology/Biology*

86 credits including 19 in supporting courses; Biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

- CHEM 121, 122, 123 (or CHEM 125, 126, 225)
- CHEM 251 (or 351, 352, 353)
- PHYS 101 or 114 (PHYS 115 recommended)
- BIOL 204, 205, 206, 321, 348, 349
- ANTH 335 or BIOL 340 or MATH 240
- ANTH 201, 210, 215
- 10 credits in anthropology under advisement
- 8 credits of biology under advisement
- ANTH 496

Program advisers: R. Anderson, biology, and J. Stevenson, anthropology. Students should also consider the human biology concentration in the Biology Department with a minor in anthropology.

*Minor — Anthropology*

25 credits

- ANTH 201 and either 102 or 210 or 215
- Electives in anthropology under departmental advisement. Student selection of a complementary minor under advisement is strongly recommended

*Archaeology Concentration*

80 credits

This concentration is intended for students who plan to do professional work or enroll in a graduate program in archaeology.

- Anthropology major requirements as noted under major requirements
- Two from the following courses: ANTH 308, 310, 314, 431
- Two from the following courses: ANTH 406, 410, 411, 428
- ANTH 312 or equivalent field experience recommended
- Two from the following courses: ANTH 420, 470
- Elective credits in anthropology to complete the 65-credit anthropology major requirement
- ANTH 496
- 12 credits of supporting courses in the sciences or mathematics selected under advisement. Strongly recommended courses include: GEOL 310, 316, 413, 415, 442 or 447; EGEO 330, 351, 352, 432, 433 or 452

**BACHELOR OF SCIENCE***Combined Major — Biology/Anthropology*

110 credits

Basic requirements: supporting courses 34-36 credits; Biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

- CHEM 121, 122, 123 (or CHEM 125, 126, 225)
- CHEM 351 and 352 (or 251 only with approval of adviser); CHEM 353 and 354 recommended
- PHYS 114, 115; 116 recommended (or PHYS 121, 122, 123, 131, 132, 133)
- MATH 124

## ANTHROPOLOGY

Basic requirements: Biology 15 credits

- BIOL 204, 205, 206

Basic requirements: Anthropology 15 credits

- ANTH 201, 210, 215

Breadth requirements: 12 credits

- BIOL 321, 325 or ANTH 350, BIOL 340 or ANTH 335

Depth requirements: 25 credits

- BIOL 348, BIOL 349 or 467
- BIOL 432 or ANTH 423
- One of the following: ANTH 308, 422, 424 or BIOL 410
- Electives: BIOL 323, 322 or 324, 345, 382, 410, 465, 467, 478, ANTH 308, 422, 424, 466; other electives under advisement

Completion requirement: 1 credit

- ANTH 496

Program Advisers: R. Anderson, Biology, and J. Stevenson, Anthropology

### BACHELOR OF ARTS IN EDUCATION

*Major — Anthropology — Elementary*  
45 credits

This major must be accompanied by the professional preparation program in elementary education.

See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- ANTH 201, 210 and 215
- ANTH 481 or 484
- Electives under departmental advisement. Select one course from each of the following groups:
  - Cultural area courses: ANTH 361, 362, 364, 365, 460, 462, 463, 464, 465
  - Topical cultural anthropology courses: ANTH 247, 330, 348, 351, 353, 424, 429, 453, 475, 480, 482

### GRADUATE STUDY

For a concentration leading to the Master of Arts degree, see the *Graduate School* section of this catalog.

### COURSES IN ANTHROPOLOGY (ANTH)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### 102 INTRODUCTION TO HUMAN ORIGINS (5)

Description of scientific evidence for the evolution of the human lineage from its primitive primate ancestors to the origins of civilization. Emphasis on analytical methods employed to reconstruct history from fossils, geological context and cultural remains.

#### 104 AMERICAN MOSAIC: THE CULTURES OF THE UNITED STATES (4)

The study of the cultures of the United States from the perspectives of ethnicity, race, gender and class. Special emphasis on anthropological methods and approaches to enhance understanding of contemporary socio-cultural lifeways.

#### 201 INTRODUCTION TO CULTURAL ANTHROPOLOGY (5)

The study of societies that contrast with Western civilization, leading to an acquaintance with the concept of culture and its importance to an understanding of human behavior. Emphasis on understanding each culture from its own point of view rather than from our own.

#### 210 INTRODUCTION TO ARCHAEOLOGY (5)

The historical roots and current goals of archaeology. Principles of

archaeological inference, including formation of the archaeological record, data collection and analysis, and interpretive frameworks.

#### 215 INTRODUCTORY BIOLOGICAL ANTHROPOLOGY (5)

The biological side of anthropology; human osteology, primate paleontology, human variation, human evolution and primate behavior.

#### 247 LANGUAGE IN CULTURE AND SOCIETY (5)

Prereq: ANTH 201. Analysis of situational varieties of language level and vocabulary; social processes of language change; semantics and world view; speech communities; and linguistic geography.

#### 301 DEVELOPMENT OF ANTHROPOLOGY (5)

Prereq: ANTH 201. The development of anthropological thought from the late 1800s to the present. Emphasis is placed on the major theoretical developments in the discipline.

#### 308 HUNTER-GATHERER SOCIETIES IN WORLD PREHISTORY (4)

Prereq: ANTH 102, 201 or 210. The archaeological remains of hunting-gathering groups from early hominids to modern times interpreted in terms of evolution of adaptive strategies. Relationship to agriculture as an adaptive strategy; contributions of studies of modern hunter-gatherer groups.

#### 310 THE RISE OF CIVILIZATIONS (4)

Prereq: ANTH 102, 201, or 210. Village agricultural societies as revealed by archaeology; crystallization of village farming societies into urban civilizations in the Near East, Egypt, India, China and New World parallel developments.

#### 312 FIELD COURSE IN ARCHAEOLOGY (12)

Prereq: ANTH 102, 201, or 210 or equivalent and permission of instructor. On-site training in methods and techniques of archaeological survey and excavation.

#### 314 ARCHAEOLOGY OF NORTH AMERICA (5)

Prereq: ANTH 102, 201, or 210. Origins of PaleoIndians of North America, their paleoenvironments and the cultural sequences leading to the historic peoples of the New World north of Panama. Mesoamerican and Mississippian cultures, those of the Southwest and the Woodland Archaic.

#### 330 RELIGION AND CULTURE (5)

Prereq: ANTH 201. Comparative study of religious thought, belief and behavior; relationship of religious experience and institutions to other aspects of culture and society.

#### 335 QUANTITATIVE METHODS IN ANTHROPOLOGY (5)

Prereq: ANTH 201 and 10 additional credits in anthropology. Mathematics and statistics as applied to anthropological problems.

#### 338 ECONOMIC ANTHROPOLOGY (4)

Prereq: ANTH 201 or permission of instructor. Examines the relationship between systems of production and culture through four theoretical approaches: formalist, substantivist, Marxist, and culturalist. Emphasis on localized consequences of global economic forces.

#### 348 ANTHROPOLOGICAL LINGUISTICS (5)

Prereq: ANTH 201. Language and other forms of communication. Traditions of spoken and written languages. Introduction to phonology, morphology and syntax. The role of language in anthropological field work.

#### 350 THE ECOLOGY OF HUMAN VARIATION (5)

Prereq: ANTH 201, 210 or 215. Examines contemporary sociopolitical, health and related environmental issues starting with a historical and evolutionary perspective that emphasizes changes in human biology, diet, demography and disease, and the cultural milieu since the hunting and gathering past.

#### 351 FAMILY AND KINSHIP ORGANIZATION (5)

Prereq: ANTH 201. Cross-cultural study of family types and the definition of social roles through kinship organization.

#### 353 SEX AND GENDER IN CULTURE (5)

Prereq: ANTH 201 and one other 200- or 300-level anthropology course. Cross-cultural study of gender stereotypes, gender and language, gender and work roles, gender and religion.

#### 361 NATIVE PEOPLES OF NORTH AMERICA (5)

Prereq: ANTH 201. Ethnographic survey of the peoples and cultures.

#### 362 PEOPLES OF ASIA (5)

Prereq: ANTH 201. Ethnographic survey of the peoples and cultures.

#### 364 PEOPLES OF THE PACIFIC (5)

Prereq: ANTH 201. Ethnographic survey of the peoples and cultures.

**365 PEOPLES OF LATIN AMERICA (5)**

Prereq: ANTH 201. Ethnographic survey of the peoples and cultures.

**382 SOCIOBIOLOGY (4)**

Prereq: junior standing in behavioral or biological sciences, and one of the following: BIOL 101, 201, or ANTH 215; or permission of instructor. Neo-Darwinian approaches for understanding the ultimate causes of behaviors in animals and humans will be reviewed. Topics include resource competition and optimization models, mate choice and reproductive strategies, parental investment, conflict and cooperation, evolution of cognition and morality.

**406 ARCHAEOLOGICAL METHOD AND THEORY (5)**

Prereq: ANTH 210 or 301 and 5 additional credits in archaeology. History of theory and method in North American archaeology and the legacy of earlier goals. Current goals and the development of appropriate theory, method and empirical applications.

**410 ARCHAEOLOGICAL ANALYSIS AND INTERPRETATION (5)**

Prereq: ANTH 102, 201, or 210 and 10 credits in anthropology at the 300 level. Archaeological laboratory methods; artifact identification, classification, measurement; map reproduction, soil and feature profiles; use of photographs and other graphic methods.

**411 ARCHAEOLOGY OF NORTHWESTERN NORTH AMERICA (3)**

Prereq: 14 or 15 credits in anthropology including ANTH 210, 310 or 314, and 361. The prehistoric archaeology of the Northwest coast and plateaus; current explorations and interpretations in a context of paleoenvironmental and ethnohistorical evidence.

**415 ARCHAEOLOGICAL SPATIAL ANALYSIS (3)**

Prereq: ANTH 210 and 335 or equivalent. Focuses on the application of advanced quantitative methods in spatial analysis to specific archaeological contexts and projects. Students will complete a major research project and present it to the class and as a paper.

**420 HUMAN OSTEOLOGY AND FORENSIC ANTHROPOLOGY (5)**

Prereq: ANTH 210 and 215 and one of: ANTH 312, 335 or 410, or junior standing in biology, or permission of instructor. After learning the human skeleton, the student will be trained in techniques for recovery of the body, reconstruction of the body's history (age, sex, race, et cetera) and how to aid the crime investigator.

**422 NUTRITIONAL ANTHROPOLOGY (5)**

Prereq: ANTH 201, 215, BIOL 349, or junior status in biology, or permission of instructor. The study of human nutrition and metabolism from an anthropological perspective. Topics include the structure and function of the digestive system, the chemical composition of nutrients and the regulation by the body of nutrient stores and body composition. Focuses on using a comparative approach to elucidate a naturalistic human diet and the health consequences when this ideal is not met.

**423 HUMAN EVOLUTION (5)**

Prereq: ANTH 210 and 215 and one of ANTH 308, 410, 420 or junior standing in biology, environmental science or geology. Detailed exploration of the fossil record leading to modern humans.

**424 MEDICAL ANTHROPOLOGY (5)**

Prereq: ANTH 201 and junior standing in a behavioral science or biology. Introduction to an area where biological and cultural anthropology interface. Includes health and disease in evolution, the relationships between disease and world view, the healer and the cultural milieu, and comparative studies of healing practices.

**428 CULTURAL RESOURCE MANAGEMENT (4)**

Prereq: at least 10 credits from the 300-level course offerings in anthropology, history and/or environmental studies. Introduction to the field of cultural resource management including historic preservation, archaeological resource management, cultural resource management for subsistence and spiritual practices. Background on legislation and current practices, review of case studies and experience with actual projects.

**429 POLITICAL ANTHROPOLOGY (3)**

Prereq: ANTH 301 or two comparable upper-division anthropology, political science or sociology courses. Political anthropology examines how collective action is possible in societies without centralized authority. It considers problems of order, action and representation in non-state societies, and the question of the origins and spread of state societies.

**431 ANTHROPOLOGICAL ASPECTS OF ARCHAEOASTRONOMY (3)**

Prereq: 15 credits in anthropology and junior standing in anthropology or

physics and astronomy, or permission of instructor. An overview of astronomy as an important aspect of non-Western cultures and of pre-modern Western cultures. Emphasis on the integration of archaeological and ethnographical data in order to understand the embedment of non-Western and pre-modern astronomies in the larger social context of their respective cultures.

**440 CYBORG ANTHROPOLOGY (4)**

Prereq: ANTH 201 or permission of instructor. The cyborg is a life form that is part human and part machine. This course examines the shifting conceptual and physical boundaries between humans and their technological creations through theoretical works, ethnographic accounts, and popular cultural artifacts such as film.

**448 INTERMEDIATE ANTHROPOLOGICAL LINGUISTICS (5)**

Prereq: ANTH 348 and junior standing in anthropology or LING 201, 202, 203 or permission of instructor. Detailed examination of further topics in anthropological linguistics, including language universals, language acquisition, world language and script patterns, and ethno-semantics.

**453 WOMEN OF THE GLOBAL SOUTH (5)**

Prereq: 15 credits at the 300 level in anthropology or related discipline (WMNS 211, ANTH 353 highly recommended) or permission of instructor. Women's familial, economic, religious and political roles in selected "third world" or "developing" societies. Different theoretical perspectives for explaining women's roles.

**456 ANTHROPOLOGY OF WAR AND HUMAN RIGHTS (4)**

Prereq: 15 credits in anthropology. The course focuses on emic and etic perspectives of war and human rights. Investigates cultural relativism and anthropology with regard to war and violence. Cultural constructions of war and definitions of human rights are fundamental to an understanding of what it means to be human.

**457 THE ANTHROPOLOGY OF DEATH AND DYING (5)**

Prereq: 15 credits in anthropology. The course considers death and dying anthropologically as cultural constructs. The course explores a wide range of cultures from a variety of interdisciplinary and interactive perspectives in order to further our understanding of what it means to be human. Studies death and dying in order to broaden our understanding of the human cultural experience. Field trips required.

**460 CULTURE AND SOCIETY OF JAPAN (4)**

Prereq: two classes from ANTH 201, 362, EAST 201 or 202. Overview of Japanese culture and society, its pre-history and historic formation, emphasizing contemporary social organization and social relations in urban and rural society. Examines Japan's solutions to the problems of modern industrial society.

**462 NATIVE PEOPLES OF THE NORTHWEST (3)**

Prereq: ANTH 201 and 361. Tribal distributions, social organization and ecological adaptation and social change with emphasis on the Native peoples of Washington state.

**463 PEOPLES OF SOUTH AND SOUTHEAST ASIA (3)**

Prereq: 15 credits in anthropology or a related field and junior standing or permission of instructor. A survey of cultures on the Indian subcontinent, mainland and insular Southeast Asia. Emphasis on special topics, including ecology, prehistory and selected cultural groups. Readings focus on original monographs.

**464 PEOPLES OF EAST ASIA (3)**

Prereq: 15 credits in anthropology or a related field and junior standing or permission of instructor. Ethnographic in-depth study of the national and minority peoples of China, Taiwan, Korea and Japan with emphasis on their distinctive cultures and societal structure.

**465 PEOPLES OF MEXICO AND CENTRAL AMERICA (5)**

Prereq: ANTH 201. Overview of cultures and social relations in Mesoamerica, with an emphasis on indigenous and rural communities, subsistence and survival issues, and factors underlying political and economic change.

**466 REPRODUCTIVE ECOLOGY (3)**

Prereq: ANTH 201, 215, BIOL 349, or junior status in biology or permission of instructor. Study of human reproduction from an anthropological perspective. Topics include the structure and function of the reproductive system, including hormonal control of ovarian cycling, but also culturally mediated behaviors that influence reproduction. Focus is on variation in the fertility between populations and among couples within populations.

# ANTHROPOLOGY

## **470 MUSEOLOGY STUDIES (3-5)**

Prereq: 40 credits in anthropology and permission of faculty liaison. Internship at the Whatcom Museum of History and Art or other local museums. Students may select an area of museum specialization in most cases; essay questions and a paper are also required. Repeatable to a maximum of 10 credits.

## **471 FIELD WORK METHODS IN CULTURAL ANTHROPOLOGY (7)**

Prereq: 15 credits in anthropology at 300 level or permission of instructor. The study of ethnographic field work methods through exercises in class and a major field work project in the community. Discussion of topics, including the anthropologist as field worker and the ethics of field work.

## **472 VISUAL ANTHROPOLOGY (5)**

Prereq: ANTH 301 and 10 credits in anthropology at the 300 level. Examination of photographic representation of people by anthropologists, ethnographic filmmakers, indigenous people, media and other groups. Analytical skills and applications are emphasized and theoretical perspectives are explored.

## **473 FIELD COURSE IN ETHNOGRAPHY (5-12)**

Prereq: 10 credits in upper-division anthropology courses and permission of instructor. Course is partly classroom-based and partly field-based research through participation in on-site projects. Actual projects vary by quarter and instructor.

## **475 INTERNATIONAL MIGRATION (4)**

Prereq: ANTH 201 and upper-division status. Economic, political and human factors motivating movements of people and affecting their transitions into new societies; comparative exploration of issues, case studies and global trends, with specific focus on implications for policy and services.

## **476 BORDERLANDS (3)**

Prereq: ANTH 201. Comparative examination of simultaneous separating and integrating functions of borders, significance of border regions as vital transition zones, and transboundary policy needs associated with accelerated flows of people, goods and ideas; particular focus on U.S.-Mexico and U.S.-Canada borderlands.

## **480 APPLIED ANTHROPOLOGY (4)**

Prereq: 15 credits in anthropology at the 300 level. Use of anthropology to solve human problems; examines ethics, interventions and policy applications regarding contemporary social issues.

## **481 CHILDHOOD AND CULTURE (4)**

Prereq: ANTH 201 and upper-division status. The process of socialization or enculturation viewed from a cross-cultural perspective.

## **482 PSYCHOLOGICAL ANTHROPOLOGY (4)**

Prereq: ANTH 201 and upper-division status or permission of instructor. Examination of interface of culture and human behavior as revealed in socialization, expressive behavior, mental health, conflict and social change.

## **484 CROSS-CULTURAL EDUCATION (4)**

Prereq: ANTH 201 and upper-division status or permission of instructor. Comparative and anthropological study of educational issues. Examines learning in other cultures, home-school linkages, minority student achievement and multi-cultural curricula.

## **495 TEACHING-LEARNING PROCESSES IN ANTHROPOLOGY (3)**

Prereq: 25 credits in anthropology and permission of instructor. Practicum as discussion leaders in anthropology courses. May be repeated once for departmental credit if taken from a different instructor.

## **496 PORTFOLIO ASSEMBLY (1)**

Prereq: graduation quarter. Student assembles and submits portfolio contents in four areas: research, competence, data analysis, critical comprehension and synthetic comparison, under continuing direction of departmental academic adviser. S/U grading.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

## **501 HISTORY OF ANTHROPOLOGY (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Development of principal theoretical orientations and methods in the cultural and historical setting; development of anthropology as a discipline.

## **502 THEORY IN ANTHROPOLOGICAL RESEARCH (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Issues relating to use of theory in contemporary anthropological research; examination of major writings and their implications.

## **503 RESEARCH DESIGN AND METHOD (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Analysis of major theoretical approaches; research methods and procedures; relationship of theory and method in formulating research problems.

## **506 ARCHAEOLOGICAL METHOD AND THEORY (5)**

Prereq: graduate status in the anthropology program or permission of instructor. History of theory and method in North American archaeology and the legacy of earlier interpretive frameworks. Current goals of the discipline and the development of appropriate theory, method and empirical applications.

## **510 APPLIED ARCHAEOLOGICAL ANALYSIS AND INTERPRETATION (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced design and implementation of archaeological laboratory methods to a specific research project.

## **511 CURRENT ARCHAEOLOGICAL RESEARCH IN NORTHWESTERN NORTH AMERICA (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced survey of current literature in Pacific Northwest archaeology in seminar format with preparation of a major research paper.

## **515 PRACTICUM IN ARCHAEOLOGICAL SPATIAL ANALYSIS (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Application of advanced quantitative spatial analysis techniques to specific archaeological contexts and projects. Students will complete a major research project and paper.

## **520 HUMAN OSTEOLOGY (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced study of human osteology. The latest methods in reconstruction of the individual.

## **522 NUTRITIONAL ANTHROPOLOGY (5)**

Prereq: graduate students in good standing in the anthropology department and other programs with approval of their program adviser. Advanced study of human nutrition and metabolism from an anthropological perspective. Topics include the structure and function of the digestive system, the chemical composition of nutrients and the regulation by the body of nutrient stores and body composition. Each student will prepare a major research paper and presentation.

## **524 APPLIED MEDICAL ANTHROPOLOGY (5)**

Prereq: graduate status in anthropology program or permission of instructor. Advanced study of the use of medical anthropological method and theory in contemporary health care systems or in the analysis of health and disease in past populations.

## **525 PRIMATE EVOLUTION (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced study of primate paleontology. Each student is expected to become expert on some aspect of the fossil record.

## **528 APPLIED CULTURAL RESOURCE MANAGEMENT (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Application of cultural resource management methods to specific management problems. Students will prepare a professional quality cultural resource management plan or nomination form.

## **529 POLITICAL ANTHROPOLOGY (3)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced cross-cultural examination of the principles on which order is legitimated to experience an analysis of circumstances under which it is not, to include societies with and without agencies monopolizing intrasocietal violence.

## **531 ARCHAEOASTRONOMY (3)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced study of archaeoastronomy. Students will work in the primary literature and attain expertise upon selected key topics in the field.

## **535 PROFESSIONAL ANTHROPOLOGY PRACTICUM (5)**

Prereq: graduate status in the anthropology program or permission of

instructor. Practical experience in professional activities other than direct research and teaching. Students prepare and present talks for public and professional audiences. Proposal writing and budget preparation; professional ethics and responsibility.

**540 ANTHROPOLOGICAL LINGUISTICS (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Language and ethnography; the differential relationships existing between the lexicon and the grammar of languages and their speakers' respective cultures, societies and world view.

**553 WOMEN OF THE GLOBAL SOUTH (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Examines a variety of contemporary issues facing women of the South, such as economic realities, family responsibilities, health issues, and women's rights. Emphasis on individual and group work to examine selected topics and to gain in-depth knowledge about women in specific countries.

**563 PEOPLES OF SOUTH AND SOUTHEAST ASIA (3)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced study of selected important topics regarding the peoples and cultures of South and Southeast Asia. Emphasis on work to gain in-depth knowledge and understanding of selected cultures and/or theoretical-analytical topics of special relevance to the region.

**564 PEOPLES OF EAST ASIA (3)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced study of selected important topics regarding the peoples and cultures of East Asia. Emphasis on work to gain in-depth knowledge and understanding of selected cultures and/or theoretical-analytical topics of special relevance to the region.

**565 PEOPLES OF MEXICO AND CENTRAL AMERICA (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced ethnological analysis of cultures and social relations in Mesoamerica, with emphasis on ecological, economic and political issues and implications for community resources for facing globalization.

**571 FIELD WORK METHODS IN CULTURAL ANTHROPOLOGY (7)**

Prereq: graduate status in the anthropology program or permission of instructor. The study of ethnographic field work methods through exercises in class and a major field work project in the community. Discussion of topics, including the anthropologist as field worker and the ethics of field work.

**572 VISUAL ANTHROPOLOGY (5)**

Prereq: graduate status. Examination of photographic/digital image representation of people by anthropologists, ethnographic filmmakers, indigenous people, media and other groups. Emphasizes analytical skills and applications and explores theoretical perspectives. Requires two projects with accompanying presentations.

**576 BORDERLANDS (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced comparative examination of separating and integrating functions of borders, border regions as transition zones, and policy implications, with emphasis on the U.S. borders with Mexico and Canada.

**580 APPLIED ANTHROPOLOGY (5)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced investigation of the use of anthropology to solve human problems; ethics, interventions and policy applications regarding contemporary social issues.

**581 CHILDHOOD AND CULTURE (4)**

Prereq: graduate status in the anthropology program or permission of instructor. Advanced cultural analysis of the process of socialization, child welfare and policy relating to children.

**595 TEACHING IN THE SOCIAL SCIENCES (3)**

Prereq: ANTH 501 or equivalent in political science or sociology. Examination of conceptual frameworks and techniques for teaching social science subjects at the high school and community college levels. Also offered as PLSC 595 and SOC 595.

**690 THESIS (1-12)**

Prereq: formal advancement to candidacy for the MA in anthropology. S/U grading. Repeatable to a maximum of 12 credits.

© WWU Publishing Services

# CANADIAN-AMERICAN STUDIES

The Canadian-American studies major and minor are designed to expand knowledge of Canada and understanding of Canadian-American issues and problems.

The Canadian-American studies curriculum prepares students for positions in firms, agencies and organizations involved with Canada. Canadian-American studies combines well with other majors and minors to add depth and international expertise.

Examples include combinations with international business, marketing, geography and other specialties for employment in firms doing business in Canada or with Canadians. Political scientists, sociologists, environmental scientists and others employed by government agencies and nongovernment organizations will find the program of substantial value. The major also is intended for the individual who wishes to be knowledgeable about Canada and things Canadian. Canadian-American studies has a strong interdisciplinary orientation.

Opportunities for study and internships in British Columbia and Québec are available.

For program advisement, contact Chuck Hart, program manager, phone 360-650-3728, fax 360-650-3995, e-mail: Chuck.Hart@wwu.edu.

## PARTICIPATING CANADIAN-AMERICAN STUDIES FACULTY

**DONALD ALPER**, Canadian-American Studies Director. Political science. Canadian politics/government.

**DANIEL BOXBERGER**, Anthropology. First Nations, Native Peoples and natural resources.

**PATRICK BUCKLEY**, Geography. Transborder economic modeling and GIS.

**RICHARD BULCROFT**, Sociology. Canadian society.

**SARAH CAMPBELL**, Anthropology. Pre-history of the Northwest coast.

**SARAH CLARK-LANGAGER**, Western Gallery Director.

**CECILIA DANYSK**, History. Canadian history.

**JAMES DEAN**, Kaiser Professor of International Business, Center for International Business. International business.

**STEVEN GLOBERMAN**, Kaiser Professor of International Business and Director of the Center for International Business. Canadian economy.

**VICKI HAMBLIN**, French. French literature.

**CÉCILE HANANIA**, French. Twentieth century French literature and literary theory and Québec culture.

**LYLE HARRIS**, Journalism. Cross-border journalism.

**MARY ANN HENDRYSON**, Economics. Canadian economic history, cross border economic relations.

**CAROL JANSON**, Art. Art history.

**KEVIN LEONARD**, History. Pacific Northwest history.

**ROBERT LOPRESTI**, Wilson Library. Canadian government information.

**JAMES LOUCKY**, Anthropology. North American borderlands.

**GEORGE MARIZ**, History, Honors Program Director. Britain, British Empire, European intellectual.

**JEAN MELIOUS**, Environmental Studies. Canadian environmental policy and law.

**ROBERT MONAHAN**, Professor Emeritus, Geography. Canadian geography.

**FALLOU NGOM**, French. French linguistics.

**EDWARD OUSSELIN**, French. French cultural studies and film studies.

**DONNA PACKER**, Wilson Library. Information resources.

**NANCY PAGH**, English. Canadian literature.

**KRISTEN PARRIS**, Political science. East Asia-Canada immigration.

**JOHN PURDY**, English. Canadian literature.

**LYNN ROBBINS**, Environmental Studies. International environmental policy.

**DEBRA SALAZAR**, Political science. Forest policy, political economy.

**LINDA SMEINS**, Art. History of architecture, visual culture.

**PAUL STORER**, Economics. Canadian economic policy, macroeconomics, labor economics.

## Named Professorships

Distinguished Visiting Professorship of Canadian Culture

Ross Distinguished Professorship of Canada/U.S. Business and Economic Relations (position is in the College of Business and Economics)

## BACHELOR OF ARTS

### Major — Canadian-American Studies

Track 1 (50 credits)

Canadian-American studies with French language

Core Courses: C/AM 200, 401, 402; ENG 415 (under advisement); FREN 201, 202, 203 (or equivalent); EGEO 328 or 421; HIST 277; PLSC 406

Select additional credits from the following to complete the major: ANTH 361, 411, 462, 476; A/HI 490; C/AM 400; ECON 364, 365; ESTU 465, 469; FREN 332, 401, 450q; HIST 376, 378, 479, 499 (under advisement); JOUR 460; PLSC 301, 468; SOC 390

Track 2 (50 credits)

Canadian-American studies with area of concentration

Core Courses: C/AM 200, 401, 402; ENG 415 (under advisement); EGEO 328 or 421; HIST 277; PLSC 406; plus 2 upper-division courses in an area of specialization (in consultation with Canadian-American Studies advisor)

Select additional credits from the following to complete the major: ANTH 361, 411, 462, 476; A/HI 490; C/AM 400; ECON 364, 365; ESTU 465, 469; FREN 101, 102, 103 (or equivalent), 201, 202, 203 (or equivalent); 332, 401, 450q; HIST 376, 378, 479, 499 (under advisement); JOUR 460; PLSC 301, 468; SOC 390

### Minor — Canadian American Studies

30 credits

C/AM 200; EGEO 328 or 421; HIST 277; PLSC 406

12 additional credits under advisement from ANTH 361, 411, 462, 476; A/HI 490; C/AM 400, 401, 402; ECON 364, 365; ENG 415; ESTU 465, 469; FREN 101, 102, 103 (or equivalent), 201, 202, 203 (or equivalent); 332, 401, 450q; HIST 376, 378, 479, 499 (under advisement); JOUR 460; PLSC 301, 468; SOC 390

## COURSES IN CANADIAN-AMERICAN STUDIES (C/AM)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

**Most Canadian-American Studies courses are listed in the individual disciplines.** See individual department listings for course titles and descriptions included under the Canadian-American Studies major and minor.

**Courses listed under Canadian-American Studies are:**

### 200 INTRODUCTION TO CANADIAN STUDIES (5)

A basic interdisciplinary course of studies covering the major physical, historical and sociopolitical aspects of Canada.

**401 RESEARCH PROBLEM IDENTIFICATION AND DEVELOPMENT (3)**

Prereq: C/AM 200, 15 credits of core courses. Directed research on a problem or in an area of interest.

**402 RESEARCH ANALYSIS AND WRITING (3)**

Prereq: C/AM 401. Analysis and writing of the research findings in C/AM 401. A writing proficiency course.

# COMMUNICATION

Communities thrive on the effective exchange of ideas and information. In order to promote lively, ethical, educational exchanges, the Department of Communication has these objectives: 1) to teach effective communication that nurtures inclusive civil discourse and encourage cooperative solutions in our diverse society, 2) to build a firm liberal arts foundation, and 3) to enhance communication skills the students will use in business, education, government and professional careers.

The department offers a Bachelor of Arts in communication. Departmental courses in interpersonal/organizational, public/mass communication, rhetoric, persuasion, debate and intercultural communication represent the major interests in the communication discipline.

## COMMUNICATION

The entire communication field is growing rapidly with increased diversification of employment opportunities.

Students in communication enhance their research and writing skills to prepare for entry-level positions in organizational training and development, public relations, public information, marketing, and electronic media. Some program graduates apply their academic skills to advanced degrees in law, business, and the human services professions.

The department sponsors student clubs and activities that encourage learning beyond formal classes. A nationally recognized program in debate and forensics is offered as well as service learning and supervised internships. Qualified students are selected to develop teaching skills in the Fundamentals of Speech program.

## COMMUNICATION EDUCATION

Education students may choose a communication major designed for the elementary level. Graduates with a Bachelor of Arts in Education at the secondary level who are interested in communication may apply for endorsement in English language arts (see description in *English*). It is expected that prospective teachers will seek admission to the Woodring College of Education and then apply for a communication program, English major, or English language arts to accompany Woodring's educational-preparation program.

## COMMUNICATION FACULTY

**SUSANNA A. HAYES** (1990) Interim Chair and Associate Professor. MS, Loyola University; MEd, University of Arizona; PhD, University of Michigan.

**ANNA EBLEN** (1986) Professor. BA, Duke University; MA, University of West Florida; PhD, University of Oregon.

**MICHAEL KARLBERG** (1997) Assistant Professor. BA, University of California; MA, PhD, Simon Fraser University.

**KAREN ROHRBAUCK STOUT** (2000) Assistant Professor. BA, University of Puget Sound; MA, University of Montana; PhD, University of Utah.

**JIANGLONG WANG** (1989) Professor. BA, Fudan University; MA, PhD, Northwestern University.

**STEVEN G. WOODS** (2001) Assistant Professor. BS, MA, Kansas State University; PhD, Florida State University.

## MID-PROGRAM CHECKPOINT

A student seeking to complete a BA degree with a communication major within a four-year time span should complete the following courses by the start of his/her junior year. Major omissions from this list will make it difficult to complete this degree within two additional years.

- COMM 101 or 235 **and** COMM 220 (with a B- or better in both courses)
- One of the following: COMM 235; HIST 398; LBRL 302; LBR 125, 201; PSY 301 (with a C or better grade)
- Two or more 200-level communication courses that are open to all undergraduates
- Substantial progress in GUR requirements
- COMM 398 should be taken by the student as soon as possible once a student is accepted into the department.

## DECLARATION OF MAJOR

Students wishing to declare a major in communications must have completed 90 credits, 12 to 15 of which have been completed at Western Washington University with a GPA of 2.7 or above.

Admission to the Department of Communication will, in part, be determined by the number of applicants and their qualifications. Usually, the department cannot admit all students who apply. Cumulative grade point average (GPA) will be one of the major criteria for admission. The average GPA reported in portfolios approved fall quarter, 2002, was 3.13. Other aspects considered by faculty when selecting communication majors are work experience with diverse populations, service learning experience, seniority at WWU.

- Complete COMM 101 or 235 and 220 with a B- or better in both courses.

Communication majors whose cumulative GPA falls below 2.5 risk losing their major status. They will be warned of the risk in their first quarter below 2.5 and may be dropped from the major if their cumulative GPA is not 2.5 or higher in the subsequent quarter.

## PORTFOLIO REVIEW

The department has established the following policy for declaring a communication major. On or before Friday of the third week of fall, winter and spring quarters, students will submit a portfolio of their work. The faculty will review portfolios and announce the names of successful applicants before the end of each quarter. Students are allowed to make a maximum of two application attempts.

The portfolio will include the following items:

- Transcripts of all college work completed to date
- A letter of intent to major in communication
- A résumé including course of study, work experience, recreational and avocational activities, internships, awards and honors, and public service activities
- Two examples of the student's collegiate writing assignments including best research paper or class project
- Three letters of recommendation from employers, associates, teachers and supervisors
- A proposed program of study which includes a statement indicating the chosen minor or a self-designed minor. A self-designed minor is comprised of at least 25 credits and includes a written statement prepared by the student indicating the rationale for the courses selected

## WRITING PROFICIENCY COURSE GUIDELINES

The communication department has a multitiered system for

writing proficiency courses. Courses are assigned writing proficiency (WP) points based on the percentage of the course grade that is determined by writing assignments that go through revision, as follows:

Greater than or equal to 30 percent of grade = 1 WP point

Greater than or equal to 50 percent of grade = 2 WP points

Greater than or equal to 75 percent of grade = 3 WP points

COMM 400 (Independent Study) can also be designated a writing proficiency course. In order to earn WP points, COMM 400 must be taken for at least 2 credits, meet the conditions above, and be approved as an "Alternative Writing Proficiency Course" by a designee of the Academic Coordinating Commission. (See communication department office for "Alternative" form and guidelines.)

A total of 3 WP points in communication courses is required to satisfy the University requirement of one approved writing proficiency course at WWU (WP courses outside the Department of Communication will also satisfy the University requirement). These points can be accumulated in any combination of courses, as long as 3 WP points are earned.

## BACHELOR OF ARTS

### Major — Communication

72 credits

Students contemplating a major in communication are encouraged to register as pre-majors with the communication department in College Hall 302.

Students who transfer to Western after completing an AA at a community college can enroll in upper-division communication classes as long as they meet the stated prerequisites. Students who enter Western as freshmen will enroll in required GUR classes and develop a GPA that is suitable to communication department majors.

- Satisfy departmental requirements for declaration of major (stated above)
- Complete the following: COMM 398, 498
- Complete a course that emphasizes library research strategies and skills. The following are approved courses: COMM 235; HIST 398; LBRL 302; LBR 125, 201; PSY 301
- Select 27 credits of departmental courses. Obtain recommended course list from departmental office

Normally, majors will take an official minor comprised of 25 or more credits, approved at the time of declaration. The student may petition to substitute a self-designed minor, comprised of at least 25 credits and including a written statement prepared by the student indicating the rationale for the courses selected. Students may substitute a second major, TESOL certification or Internet Studies certification for a minor.

### Minor — Communication

25 credits (minimum)

- COMM 101 or 235
- COMM 220
- Plus additional courses totaling a minimum of 16 credits and including one upper-division course from the following: COMM 224, 230, 235, 244 or JOUR 190, 325, 327, 331 or other upper-division COMM courses when space is available
- The minor may include no more than 3 credits from the following: COMM 236, 300, 339, 400, 436, 450, 451,

459. Students may petition the minor advisor for an additional 3 credits from this series of courses; approval of petition is required well before the graduation evaluation deadline

### Minor — Internet Resource Creation and Management

The Department of Communication participates in offering an interdisciplinary minor listed under the Department of Computer Science. Please see Minors in Computer Science for a complete description.

### Minor — Interdisciplinary

The Department of Communication participates in offering an interdisciplinary minor listed under the Department of Computer Science, *Internet Resources Creation and Management*. Please see *Minors* in Computer Science for a complete description.

## BACHELOR OF ARTS IN EDUCATION

### Declaration of Major

Students must be accepted into the appropriate Woodring College education program before applying for a Communication or Communication/English major concentration. After admission to the education program, please follow the *Declaration of Major* guidelines above. This procedure includes course work and submission of an application portfolio.

### Major — Communication — Elementary

50 credits

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- Maintain a GPA of 2.75 for all college work
- Satisfy departmental requirements for declaration of major
- Complete the following:
  - COMM 224, 327 and a forensics/debate component (COMM 235, unless used to satisfy departmental major requirement, or COMM 236, or COMM 456a, b, or c)
  - COMM 454
  - Select 27 credits of departmental courses, under advisement. (Obtain recommended list from departmental office.) Twelve of the 27 credits must be upper division.
  - A total of not more than six credits from the following may be applied to the 27 credits: COMM 236, 300, 339, 400, 436, 450, 451, 459

## DEPARTMENTAL HONORS

A communication major who wishes to graduate with honors in communication must maintain a GPA of 3.5 in upper-division communication courses and successfully complete COMM 492, Senior Thesis, under the direction of a faculty advisor.

In addition, one of the following must be completed:

- two years of college-level foreign language
- two years of participation in college forensics
- three courses in quantitative and/or qualitative research skills, with a B or better grade

## COMMUNICATION

### COURSES IN COMMUNICATION (COMM)

Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.

#### 101 FUNDAMENTALS OF SPEECH (4)

Functional approach to effective communication. Emphasizes the application of principles to practical problems in speech for persons with little or no previous public speaking experience. Students with prior public speaking experience are advised to take COMM 235 to satisfy GUR requirements or communication major application requirements.

#### 220 COMMUNICATION THEORY (5)

Survey of human communication focuses on communication theories, concepts and principles ranging from intrapersonal to interpersonal, group, organizational, rhetorical, intercultural, international and mass communication.

#### 224 SMALL GROUP PROCESSES (4)

Explores the dynamics of human interaction in small group settings. Group tasks include the development of problem-solving skills, utilizing topics of current interest.

#### 230 SURVEY OF RHETORIC (4)

Survey of major rhetorical theories from ancient Greece to the 20th century. Emphasis on contemporary communication scholars.

#### 235 EXPOSITION AND ARGUMENTATION (4)

Theory and practice of principles of reasoned discourse as applied to public discussion of controversial issues. Students with prior background or experience in public speaking should consider COMM 235 as an alternative to COMM 101.

#### 236 INTERCOLLEGIATE FORENSICS (2)

Debate, extemporaneous and impromptu speaking, and interpretive reading and other phases of forensics. Repeatable to a maximum of 6 credits.

#### 238 HIGH SCHOOL FORENSIC INSTITUTE: EXPOSITION AND ARGUMENTATION (1-4)

Intensive study in perfecting forensic skills through seminars on argumentation theory, debate strategy, individual events classes and practice rounds. Limited to participants in the High School Forensic Institute.

#### 244 ADVOCACY THROUGH MEDIA (4)

Introduction to nonprofit information campaigns, social issues marketing, and other forms of advocacy through contemporary mass media. Students will learn basic theory and then engage in applied exercises as well as service learning assignments.

#### 318 PROFESSIONAL COMMUNICATION (4)

Prereq: junior status; open to noncommunication majors. Theory and practice in job interview, small group problem-solving discussion, public discussion and public speaking.

#### 325 INTRODUCTION TO INTERCULTURAL COMMUNICATION (5)

Prereq: four credits from Comparative Gender and Multicultural Studies block of the GUR or COMM 220. Introduction to intercultural communication. Principles, concepts and various topics in this rapidly growing, important field. Covers the needed skills in communicating effectively with people of diverse cultural backgrounds.

#### 327 INTERPERSONAL COMMUNICATION (5)

Prereq: junior status. Focuses on theory and practice in work, family, and social settings. Emphasizes observation, analysis, and skills training in relationship development. Topics include language use, listening, nonverbal behavior and conflict management.

#### 331 ADVANCED PUBLIC SPEAKING (3)

Prereq: COMM 101, 235. Theory and practice in the art of public discourse.

#### 339 PRACTICUM IN APPLIED COMMUNICATION (1-3)

Students function in a variety of directed studies and contexts in which they apply their communication skills. Covers putting theory into practice in such areas as small group communication, interpersonal communication, organizational communication, intercultural communication and applied public information strategies. S/U grading. Repeatable to a maximum of 12 credits.

#### 350 EMERGING COMMUNICATION TECHNOLOGIES (5)

Primary course objective is technological literacy — gaining skills and experience for working with emerging communication technologies. Students will engage in a range of experiential and service learning

assignments using various emerging technologies. Secondary objective is technology critique and the study of theories of technology.

#### 398 RESEARCH METHODS IN COMMUNICATION (5)

Prereq: departmental majors only. Course should be taken as soon as possible after admission to the major as it is a prerequisite for most 400-level communication courses. Survey of qualitative and quantitative research methods utilized in the field of communication.

#### 416 TOPICS IN COMMUNICATION (3-5)

Prereq: senior status; COMM 398 or permission of instructor. In-depth coverage of special topics in communication, rhetoric and mass media. The subject of each individual course and its prerequisite is announced in the *Timetable of Classes*. Repeatable to a maximum of 12 credits.

#### 420 ADVANCED COMMUNICATION THEORY (5)

Prereq: COMM 398 or permission of instructor. In-depth examination of advanced theories in human communication. Emphasis on theory development.

#### 425 ISSUES IN INTERCULTURAL COMMUNICATION (4)

Prereq: COMM 325 and 398 or permission of instructor. Introduction to dynamic forces that enhance effective communication between persons with various cultural backgrounds. Covers topics such as differences, similarities, values, pride and prejudice, cultural barriers in communication settings, and effectiveness of intercultural communication.

#### 427 ISSUES OF INTERPERSONAL COMMUNICATION (4)

Prereq: COMM 327 and 398 or permission of instructor; junior status; departmental majors only. In-depth examination of theory and practice in interpersonal communication. Normally offered alternate years.

#### 428 ORGANIZATIONAL COMMUNICATION (5)

Prereq: COMM 398 or permission of instructor. Emphasizes the role of communication as central in human organizing. Describes the relationships among communication theories and other theories of organizational behavior. Applies theories to varied organizational settings.

#### 430 RHETORICAL CRITICISM (4)

Prereq: COMM 230 and 398 or permission of instructor. Survey of major theorists and theories of rhetorical criticism and applications to the understanding of contemporary public discourse. Normally offered alternate years.

#### 435 PRINCIPLES OF PERSUASION (4)

Prereq: COMM 235 and 398 or permission of instructor. Study of principles that influence attitudes and opinions in persuasive situations. Normally offered alternate years.

#### 436 ADVANCED FORENSICS AND DEBATE (2)

Prereq: 6 credits in COMM 235 and/or 236. Emphasis on intercollegiate debate with opportunity for experience in extemporaneous, impromptu and persuasive speaking. A maximum of 6 credits may be earned in COMM 436; a combined total of 6 credits from COMM 236 and COMM 436 may be applied to the major.

#### 442 VIDEO WORKSHOP (2)

Prereq: written permission of instructor. Recommended prior to registration: JOUR 104, COMM 350 or have previous video experience. Production of the University's cable television show, *Western View*. Course includes practical application of techniques used in video production. Utilizes digital technology, graphic materials, design and staging. Students will learn the role of producer and director. Repeatable to a maximum of 6 credits.

#### 444 MEDIA LITERACY (5)

Prereq: JOUR 190, COMM 398 or permission of instructor. Examination of advanced theories in mass communication and media literacy. Examines social, political and economic forces that shape media; influences of media on society; and issues of media policy, media advocacy, and media reform.

#### 450 COMMUNICATION PEDAGOGY I (3)

Prereq: recommendation; written permission of instructor. Serve as undergraduate tutor for students taking communication courses. Learn instructional methods and gain further mastery of course content. Conduct supervised tutoring and feedback for students enrolled in communication courses. S/U grading.

#### 451 COMMUNICATION PEDAGOGY II (3)

Prereq: COMM 450; recommendation; written permission of instructor. Help supervise teams of undergraduate tutors. Develop leadership, organizational and pedagogical skills. S/U grading.

**454 INSTRUCTIONAL COMMUNICATION (5)**

Prereq: COMM 398 or permission of the instructor. This course is designed for prospective elementary, secondary and college teachers and communication trainers/consultants. Communication theories, principles, and skills applicable to the classroom context are addressed as they apply to teaching in general and communication specifically.

**456a,b,c HIGH SCHOOL DEBATE COACH WORKSHOPS (1-2 ea)**

Prereq: one year of teaching experience, graduate student status or admission to education program. Intensive lecture and seminar workshops related to teaching argumentation/forensics and using various computer applications for online research. Purpose is improvement of instruction. Summer only.

**459a,b,c,d FIELD INTERNSHIP IN COMMUNICATION (3, 6, 9, 12)**

Prereq: senior status; written permission of advisor; departmental majors only. Supervised work in communication with an educational institution, public agency, private enterprise, broadcast station or other appropriate business. Meetings, written reports and a paper related to the internship are required. For students applying for media internships, plan to complete all academic course work before the internship, as this is the usual career pattern for those in that area. Repeatable to 12 credits. A maximum of 6 credits may be applied to the communication major. S/U grading.

**492 SENIOR THESIS (5)**

Prereq: departmental majors only; admission to departmental honors; 24 completed credits in communication including COMM 398; permission of instructor. Supervised independent research on an advanced topic, leading to a substantial research paper.

**498 COMMUNICATION: ETHICS (4)**

Prereq: COMM 398 or permission of instructor. Examines in detail several ethical perspectives of communication and many criteria which may be used to evaluate the ethicality of communication contexts ranging from interpersonal to international.

# COMMUNICATION SCIENCES AND DISORDERS

## THE DISCIPLINE

Speech-language pathology and audiology are disciplines that have developed out of a concern for people with communication disorders. Preparation leading to a degree in communication sciences and disorders includes a wide range of course work and a variety of clinical practicum opportunities working with the infant through geriatric populations.

Students who intend to seek employment in this profession, whether in a public school, clinic, rehabilitation center, or hospital setting, are advised that a master's degree and certification/licensure at the state and/or national levels are required. Out-of-state students should recognize that other requirements may exist for employment in their locales.

Students who major in allied professional programs and are interested in speech, language and hearing development and wish to understand the nature of communication disorders should consider the communication sciences and disorders undergraduate minor curriculum.

## DEGREE PROGRAMS

The Department of Communication Sciences and Disorders (CSD) offers both the Bachelor of Arts and the Master of Arts degrees. Two programs lead to a Bachelor of Arts degree. The graduate school graduate track is a pre-professional degree that prepares the student for pursuing graduate studies in either audiology or speech-language pathology. The nongraduate school track is for students who do not intend to pursue a career in audiology or speech-language pathology, and therefore will not be preparing for graduate school. For the bachelor's degree, a minor area of study of 25 credits or more is required. The minor must be approved by the students' academic advisor. Suggested areas include biology, business, education, psychology, or sociology. Individually designed minors are permissible with faculty approval.

The Master of Arts degree is a professional degree and facilitates certification at both the state and national level. A student may specialize in either speech-language pathology or audiology at the master's level.

CSD will admit its last audiology graduate class in fall 2004. After fall 2004, the department will place a moratorium on admissions until further notice. High-quality education in audiology at the master's degree level will continue to be provided through 2006, which will allow enrolled students to complete the audiology master's degree program. Please contact the department for more information.

The above will not affect the speech-language pathology graduate program. The department will continue to offer the ASHA accredited master's degree program in speech-language pathology.

Due to the clinical requirements of the program, enrollment in the undergraduate and graduate major may be limited.

A post-baccalaureate graduate preparation program is offered for those with an undergraduate degree in a field other than communication sciences and disorders. The four-quarter lockstep program begins fall quarter. The post-baccalaureate program is self-supporting and has a different tuition rate.

Students interested in the post-baccalaureate program need to complete the Extension Undergraduate Application. Extension

admission and registration information is available from Extended Education and Summer Programs, 360-650-2326.

**NOTE:** Enrollment in the post-baccalaureate program does not guarantee a place in the graduate program.

## ACCREDITATION

The Department of Communication Sciences and Disorders is accredited by the American Speech-Language-Hearing Association's Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) and by the National Council for the Accreditation of Teacher Education.

## CERTIFICATION/LICENSURE IN SPEECH-LANGUAGE PATHOLOGY/AUDIOLOGY

There are three types of professional certification/licensure in the field: state licensure from the Washington state Department of Health; certification as an educational staff associate from the Washington state Office of the Superintendent of Public Instruction; and the Certificate of Clinical Competence, a national certification, from the American Speech-Language Hearing Association. Consult the department for additional information.

## DEGREE PROGRAMS IN COMMUNICATION SCIENCES AND DISORDERS

### Essential Functions of Candidates for Program Admission and Continuance

#### *Introduction*

The CSD department's speech language pathology and audiology preparation programs lead to a Master of Arts degree speech language pathology and/or audiology. The core curriculum is designed to support student attainment of the academic and clinical competencies needed for graduation and to apply for a speech-language pathologist and/or audiologist licensure in the state of Washington. The education of a speech-language pathologist or audiologist requires assimilation of knowledge, acquisition of skills, and development of judgment through patient care experience in preparation for independent and appropriate decision-making practices. The current practices of speech-language pathology and audiology emphasize collaboration among audiologists, speech-language pathologists, other allied health care professionals, physicians, and patients.

#### *Policy*

The accredited graduate programs in speech-language pathology and audiology of CSD at Western adhere to the standards set by the American Speech-Language Hearing Association (ASHA). Within ASHA standards, the CSD program has the freedom and ultimate responsibility for the selection of students; the design, implementation, and evaluation of the curriculum; the evaluation of student progress; and the determination of who should be awarded a degree.

Faculty and professional staff at the CSD department have a responsibility for the welfare of patients tested, treated, or otherwise affected by students enrolled in the CSD program. The department has the ultimate responsibility to the public to

assure that its graduates can become fully competent audiologists and speech-language pathologists, capable of delivering quality care in a timely manner and preserving the well-being of the patients they serve. Thus, it is important that persons admitted, retained, and graduated possess the intelligence, integrity, compassion, humanitarian concern, and physical and emotional capacity necessary to practice speech-language pathology and audiology.

The CSD department is committed to the principle of equal opportunity. The university, college, and department do not discriminate on the basis of race, color, creed, religion, national origin, gender, sexual orientation, age, marital status, disability, disabled veteran or Vietnam-era veteran status. When requested, the university will provide reasonable accommodation to otherwise qualified students in the department. To fulfill this responsibility, the department has established academic standards and minimum essential requirements that must be met with or without reasonable accommodations in order to participate in the program and graduate.

### Program

The CSD department endeavors to select applicants who have the ability to become highly competent speech-language pathologists and audiologists. Admission and retention decisions are based not only on satisfactory prior and ongoing academic achievement, but also on nonacademic factors that serve to ensure that the candidate can complete the essential functions of the academic and clinical program required for graduation. Essential functions, as distinguished from academic standards, refer to those cognitive, physical, and behavioral abilities that are necessary for satisfactory completion of all aspects of the curriculum, and the development of professional attributes required by the faculty of all students at graduation. The essential functions required by the curriculum are in the following areas: *motor*, *sensory*, *communication*, *intellectual/cognitive* (conceptual, integrative, and quantitative abilities for problem solving and diagnosis), *behavioral/emotional*, and the *professional* aspects of the performance of a speech-language pathologist and/or audiologist.

- *Motor Skills.* The student should have sufficient motor function to be able to execute movements required to provide with acuity, accuracy, and facility a complete speech, language, and/or audiologic examination and provide therapeutic services to patients of all ages and both genders in all clinical situations. The student must have the ability to safely assist patients in moving, for example, from room to room, from chair to chair, on and off an examination table.
- *Sensory/Observation.* The CSD curriculum requires essential ability in information acquisition. The student must have the ability to master information presented in course work in the form of lectures, written materials, and projected images. The student must also be able to acquire the information presented through demonstrations and experiences in the clinical training portion of the program. The student must be able to observe a patient accurately, at a distance and close at hand, and observe and appreciate nonverbal communication and manual signs when performing clinical assessments and treatment activities. The student must have the ability to take a case history and perform a visual examination of various oral and cranio facial structures (i.e., ear, throat, oral cavity, skull, et cetera). The student must have sufficient sensory capability to perform all required examination and treatment protocols

using instruments and tools necessary for accurate, efficient, and timely completion of such activities.

- *Communication.* The student must be able to accurately, effectively, and sensitively communicate information on patient status with other students, faculty, staff, patients, families, and other professionals. This information must be communicated in a succinct yet comprehensive manner and in settings in which time available may be limited. These skills require the ability to assess and effectively communicate all relevant information including the significance of nonverbal responses. These skills also require the ability to immediately assess incoming information to allow for appropriate, well-focused follow-up inquiry. The student must be capable of responsive, empathetic listening to establish rapport in a way that promotes openness on issues of concern and sensitivity to potential cultural differences. Students must express ideas and feelings clearly and demonstrate a willingness and ability to give and receive feedback.
- *Cognitive.* The student must have the cognitive abilities necessary to master relevant content in basic science and clinical courses at a level deemed appropriate by the faculty and professional staff. These skills may be described as the ability to comprehend, memorize, analyze, and synthesize material. Students must be able to develop reasoning and decision-making skills appropriate to the practice of speech-language pathology and/or audiology.
- *Behavior/Emotional.* The student must possess the emotional health required for the full utilization of his or her intellectual abilities, the exercise of good judgment, and the prompt completion of all responsibilities attendant to the diagnosis and treatment of communication disorders in patients. In addition, the student must be able to maintain mature, sensitive, and effective relationships with patients, students, faculty, staff, and other professionals under all conditions, including highly stressful situations. The student must have the emotional stability to function effectively under stress and to adapt to an environment that may change rapidly without warning and/or in unpredictable ways. The student must be able to experience empathy for the situations and circumstances of others and effectively communicate that empathy. The student must know if his or her values, attitudes, beliefs, emotions, and/or experiences affect his or her perceptions and relationships with others. The student must be willing and able to examine and change his or her behavior when it interferes with productive individual or team relationships. The student must possess skills and experience necessary for effective and harmonious relationships in diverse learning and working environments.
- *Professional.* The student must possess the ability to reason judiciously and practice speech-language pathology and/or audiology in an ethical manner. Students must be willing to learn and abide by professional standards of practice. Students must possess attributes that include compassion, empathy, altruism, integrity, honesty, responsibility, and tolerance. The student must be able to engage in patient care delivery in all clinical settings and be able to deliver care to all patient populations, including but not limited to, children, adolescents, adults, developmentally disabled persons, medically compromised patients, and vulnerable adults.

## COMMUNICATION SCIENCES AND DISORDERS

### ACADEMIC AND CLINICAL COMPETENCY

Not everyone is suited to work with clients in the clinical fields of speech-language pathology and audiology even though they may maintain a satisfactory academic record. The faculty and staff of the Department of Communication Sciences and Disorders thus reserve the right to counsel students with this in mind, and to recommend a change of academic focus for any students who appear to have personality traits that would prevent them from being successful in the discipline.

For further information, contact the department chair, phone (360) 650-3885, [www.wvu.edu/~csd](http://www.wvu.edu/~csd).

### COMMUNICATION SCIENCES AND DISORDERS FACULTY

**MICHAEL T. SEILO** (1970) Chair and Professor. BS, Northern Michigan University; MA, University of Arizona; PhD, Ohio University. (Audiology, aural rehabilitation, speech acoustics, speech perception).

**EVA BAHARAV** (2003) Assistant Professor. BA, MA, University of California, Berkeley; MA, PhD, Boston University (speech-language, child and adolescent language, typical and disordered language across the life span, phonology).

**RIEKO M. DARLING** (1995) Associate Professor. BS, MS, PhD, The Florida State University. Transfer advisor, undergraduate advisor; director, audiology clinics (audiology), aural rehabilitation, geriatric audiology, amplification systems, central auditory processing disorders).

**BARBARA MATHERS-SCHMIDT** (1991) Professor. BA, Lewis and Clark College; MS, Portland State University; PhD, University of Washington. Undergraduate advisor (speech-language pathology, fluency disorders, neuromotor speech disorders, research methodology, and speech science).

**KIMBERLY A. PETERS** (2002) Assistant Professor. BA, Trinity College; MA, PhD, University of Connecticut (audiology, pediatric audiology, auditory physiology, aural rehabilitation, cochlear implants).

**LINA ZEINE** (1983) Associate Professor. BA, American University of Beirut, Lebanon; MA, University of Colorado; PhD, University of Kansas. Coordinator, graduate studies (speech-language pathology, adult language disorders, voice/laryngectomee).

#### Clinic Staff

**MARILYN BEAL-JUNKERSFELD** (1995) Speech-Language Pathology Clinic Supervisor. BA, MA, Western Washington University (speech-language pathology).

**ANNA CHAMBERLIN** (1998) Audiology and Aural Rehabilitation Clinic Supervisor. BA, MA, Western Washington University (audiology).

**CANDACE K. GANZ** (1982) Director, Speech-Language Clinic. BA, MA, University of Kansas; EdD, Seattle University. Speech-Language Pathology Clinic advisor (speech-language pathology/infant behavior and development, assistive technology).

**JULIA GARBER** (2001) Audiology and Aural Rehabilitation Clinic Supervisor. BA, MA, University of Central Florida (audiology).

**JILL K. HUNT-THOMPSON** (1977) Speech-Language Pathology Clinic Supervisor. BA, MA, Western Washington University (speech-language pathology).

**GEORGETTA LILLEY** (1988) Speech-Language Pathology Clinic Supervisor. BS, MEd, California University of Pennsylvania (speech-language pathology).

**YARROW POSPISIL** (2001) Speech-Language Pathology Clinic Supervisor. BS, MA, Western Washington University (speech-language pathology).

**JANICE A. SMITH** (1989) Intern Coordinator. BS, University of Washington; MS, Idaho State University.

### DECLARATION OF MAJOR

Students interested in majoring in communication sciences and disorders must contact an undergraduate advisor in the Department of Communication Sciences and Disorders. The major must be declared by fall quarter of the junior year.

The Department of Communication Sciences and Disorders offers two different tracks leading to a bachelors degree. The first track, the graduate track, is for students who intend to apply for graduate school within the profession. Undergraduate

students must be graduate track to take CSD 458a, 458b, and 462. The second track, the nongraduate track, is for students who intend to complete their studies in communication sciences and disorders at the bachelors level. For either track, a minor in another major is required.

Before officially being accepted into the graduate track, students must meet the following two criteria: documented overall college GPA of 3.0 over the three prior consecutive academic quarters and an earned B- (GPA 2.70) or better in CSD 251, 352, 354 and 356; nongraduate track students do not take CSD 458a, 458b, and 462, so they will need to substitute an equivalent number of credit hours in order to meet the requirements of the undergraduate degree in CSD.

As stated in the section regarding general university academic policies, "any grade below a C- is unacceptable in the student's major or minor." In the communication sciences and disorders department students also are required to complete each prerequisite course with a grade of C- or better before enrolling in the courses for which that serves as a prerequisite.

### BACHELOR OF ARTS

#### Major — Communication Sciences and Disorders

58 credits

- CSD 251, 352, 353, 354, 356, 361, 371, 372, 373
- CSD 450, 451, 454, 457, 458a, 458b, 462, 463
- Electives under departmental advisement
- Required minor

#### Minor — Communication Sciences and Disorders

25 credits

(A minimum of 25 credits. More than 25 credits recommended.)

- CSD 251, 352, 354, 356, 371
- Electives from CSD 253, 265, 353, 361, 372, 373, 451, 463, 465

### GRADUATE STUDY

For a concentration leading to the Master of Arts degree, see the *Graduate School* section of this catalog.

### COURSES IN COMMUNICATION SCIENCES AND DISORDERS (CSD)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### 251 INTRODUCTION TO COMMUNICATION DISORDERS (3)

An introduction to the disciplines of speech-language pathology and audiology; survey of speech, language and hearing processes and disorders.

#### 253 SPEECH AND HEARING SCIENCES FOR THE LIBERAL ARTS (4)

Basic concepts of speech production, speech acoustics, hearing and speech perception.

#### 352 ANATOMY AND PHYSIOLOGY OF SPEECH MECHANISMS (5)

Structure and function of organs concerned with audition, respiration, phonation, resonance, articulation.

#### 353 SPEECH SCIENCE (5)

Prereq: junior status, CSD 352, 356, 371. Acoustic and articulatory characteristics of the speech signal and their relation to speech production and perception. Lab required.

#### 354 SPEECH AND LANGUAGE DEVELOPMENT IN CHILDREN (3)

Typical speech and language acquisition; its impact on the developing child; origins and growth of symbolic processes, developmental norms; factors influencing learning of language and speech.

**356 PHONETICS (3)**

Training in recognition and production of sounds of spoken English through use of the International Phonetic Alphabet. Lab required.

**361 LANGUAGE DISORDERS I (3)**

Prereq: CSD 354. Etiologies of language learning disabilities in children from birth to five years; diagnosis and treatment procedures.

**371 HEARING SCIENCE (3)**

Prereq: CSD 352. Introduction to the nature of sound and its measurement. The structure and function of the auditory mechanism.

**372 HEARING DISORDERS (3)**

Prereq: CSD 352, 371. The nature, cause and treatment of hearing impairment.

**373 INTRODUCTION TO PHONOLOGY (3)**

Prereq: CSD 251, 352, 356. Phonological development, symptomatology, etiology and therapy for articulation disorders.

**450 NEUROANATOMY FOR SPEECH PATHOLOGY AND AUDIOLOGY (4)**

Prereq: CSD 352 or equivalent and senior/graduate status or permission of instructor. Normal and abnormal structures of the human nervous system as they pertain to speech, language and hearing. Particular emphasis on sensory and motor pathways, localization and lateralization.

**451 LANGUAGE DISORDERS II (3)**

Prereq: CSD 354, 361. Diagnosis and treatment procedures for school-age children with language-learning impairments.

**454 DISORDERS OF FLUENCY (3)**

Prereq: CSD 251. Characteristics of stuttering behavior; current theories of etiology; principles and practices of therapy; cluttering as a related disorder.

**457 CLINICAL PROCESSES (5)**

Prereq: CSD 354, 361, 373, 451. Current principles, methods and materials used in the assessment and treatment of a variety of communication disorders. Directed observation. Writing proficiency course.

**458a BEGINNING CLINICAL PRACTICE IN SPEECH-LANGUAGE THERAPY (3)**

Prereq: CSD 457, graduate track, written permission of instructor. Clinical administrative procedures in diagnostic and therapy planning and implementation; and professional writing. Writing proficiency course.

**458b LAB: BEGINNING CLINICAL PRACTICE IN SPEECH-LANGUAGE THERAPY (1)**

Prereq: CSD 458a, written permission of instructor and a minimum of 25 hours of documented speech-language pathology, audiology and/or aural rehabilitation observation; may enroll in CSD 458a and 458b concurrently with written permission of instructor and if prerequisites are met. Assistant clinician experience. Lab required. S/U grading.

**462 AUDIOMETRIC TESTING (4)**

Prereq: CSD 371 or permission of instructor (graduate track only). Introduction to the theory and application of pure tone, immittance and speech audiometry to the assessment of hearing function; implications for rehabilitation.

**463 AURAL REHABILITATION (4)**

Prereq: CSD 371. Listening training, speech reading, orientation to amplification devices, and coping skills for the aurally handicapped.

**464 CLINICAL PRACTICE IN AURAL REHABILITATION (2 ea)**

Prereq: CSD 458a,b, 463, and permission of instructor and a minimum of 25 hours of documented speech-language pathology/audiology/aural rehabilitation observations. Supervised clinical practice in the rehabilitation of the hard of hearing.

**466 MEDICAL AUDIOLOGY (3)**

Prereq: CSD 371, 462. Pathologies of the hearing mechanism and their auditory manifestations. Discussion with physicians regarding diagnosis, referrals and report writing.

**468 CLINICAL PRACTICUM IN AUDIOLOGY (2)**

Prereq: CSD 371, 462, and a minimum of 25 hours of documented speech-language pathology/audiology/aural rehabilitation observations and permission of instructor. Supervised clinical practice in audiological evaluation. Repeatable to a maximum of 6 credits.

**499a,b FIELD PLACEMENT/OBSERVATION IN SPEECH-LANGUAGE PATHOLOGY OR AUDIOLOGY (1-6)**

Prereq: completion of the undergraduate major requirements and permission of instructor. Off-campus field experience in an approved setting designed to introduce students to the management of communication disorders. Subject to availability of suitable site. S/U grading.

**Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**502 BEHAVIORAL RESEARCH IN SPEECH PATHOLOGY AND AUDIOLOGY (3)**

Introduction to empirical research design, statistics; basic methodology applied to current research in communication and speech.

**510 ORGANIC DISORDERS (3)**

Prereq: CSD 352, 450, 458b or equivalent, or permission of instructor. A review of the etiologies and nature of cleft palate and cerebral palsy; related communication disorders; diagnostic and intervention approaches.

**515 SEMINAR: PHONOLOGY (4)**

Prereq: CSD 373 and graduate status. Current topics and issues on typical and disordered phonology, and the phonological basis of reading and writing, with a special emphasis on clinical implications of recent research findings.

**548 BEGINNING GRADUATE CLINICAL PRACTICE IN SPEECH-LANGUAGE PATHOLOGY (1)**

Prereq: CSD graduate status, permission of the instructor and a minimum of 25 hours of documented speech-language pathology/audiology observations. Initial graduate experience in supervised clinical practicum. Must be completed with satisfaction (final grade of S) before enrollment in SPA 558. Repeatable to a maximum of 2 credits. S/U grading.

**550 VOICE DISORDERS AND THERAPY (4)**

Prereq: CSD 351, 352, 450 or their equivalent or permission of instructor. Pathological and psychological states affecting voice production. Functional psychogenic and organic problems of pitch, quality and loudness. Experience in diagnosis and evaluation of voice disorders. Developing techniques and learning methods for treatment and therapy. Lab required.

**551 SURVEY OF SPEECH PATHOLOGY AND AUDIOLOGY (1)**

Examination of relevant issues and recent concepts, techniques and methods in speech-language pathology and audiology. S/U grading.

**552 DIAGNOSTIC PROCESSES IN SPEECH-LANGUAGE PATHOLOGY (1)**

Prereq: CSD 558 and written permission of instructor. Discussion of the diagnostic process and current diagnostic literature.

**552a PRACTICUM IN DIAGNOSTIC METHODS IN SPEECH-LANGUAGE PATHOLOGY (2)**

Prereq: CSD 558 and permission of instructor; should be taken concurrently with CSD 552. On-campus practicum using specialized methods, tests and instruments used in the assessment and evaluation of a variety of communication disorders.

**552b PRACTICUM IN DIAGNOSTIC METHODS IN SPEECH-LANGUAGE PATHOLOGY (2)**

Prereq: CSD 558 and permission of instructor. Off-campus practicum using specialized methods, tests and instruments used in the assessment and evaluation of a variety of communication disorders.

**553 SEMINAR: PRESCHOOL LANGUAGE DEVELOPMENT AND DISORDERS (4)**

Prereq: CSD 354, 361, 515. Current topics and issues on typical and disordered language in preschool children, as well as factors related to language development. Special emphasis on clinical implications of recent research findings.

**554 STUTTERING (4)**

Prereq: CSD 454 or equivalent. Analysis of current models and recent research on stuttering and cluttering disorders; chief rationale for therapy and evaluation of therapy procedures and results. Review and practice of clinical assessment and intervention.

## COMMUNICATION SCIENCES AND DISORDERS

### **555 SEMINAR: SCHOOL-AGE LANGUAGE-LEARNING AND DISORDERS (3)**

Prereq: CSD 451, 553. Current topics and issues on typical and disordered language in school-age children, as well as alternate treatment approaches for older children. Special emphasis on clinical implications of recent research findings.

### **556 APHASIA (3)**

Prereq: CSD 450 or equivalent. Descriptions, classifications and theoretical issues related to multimodality language-impaired adults following neurogenic brain dysfunction. Some discussion of diagnostic methods.

### **557 ADVANCED SPEECH PATHOLOGY (3)**

Diagnosis and treatment of laryngectomees and traumatic brain injury. Discussion of issues relating to communication and aging.

### **558 GRADUATE CLINICAL PRACTICE IN SPEECH-LANGUAGE PATHOLOGY (1-3)**

Prereq: satisfactory completion of CSD 548 and permission of instructor. Supervised clinical practicum. Must be completed with a grade of B- or better. Repeatable to a maximum of 9 credits.

### **558a GRADUATE CLINICAL PRACTICE IN SPEECH-LANGUAGE PATHOLOGY (1-2)**

Prereq: satisfactory completion of CSD 548 and permission of instructor. Supervised clinical practicum. S/U grading. Offered summer only.

### **559 SPEECH-LANGUAGE PATHOLOGY PRACTICUM (2)**

Prereq: permission of instructor. Must be completed with a grade of B- or better.

### **560 SPEECH-LANGUAGE PATHOLOGY PRACTICUM (2)**

Prereq: permission of instructor. Must be completed with a grade of B- or better.

### **561 ADVANCED AUDIOLOGY I (3)**

Prereq: CSD 371, 462 and permission of instructor. Study of basic auditory correlates and advanced diagnostic audiometric procedures.

### **562 ADVANCED AUDIOLOGY II (3)**

Prereq: CSD 561. Theory and application of advanced diagnostic audiometric procedures.

### **563 SEMINAR: AURAL REHABILITATION (3)**

Prereq: CSD 463 or permission of instructor. Issues related to the hearing-impaired population.

### **564 ADVANCED CLINICAL PRACTICE IN AURAL REHABILITATION (2)**

Prereq: CSD 458a,b, 463, permission of instructor, and a minimum of 25 hours of documented speech-language pathology/audiology and rehabilitation observations. Supervised practice in rehabilitation of the hard of hearing. Must be completed with a grade of B or better. Repeatable to a maximum of 10 credits.

### **564u ADVANCED CLINICAL PRACTICE IN AURAL REHABILITATION (2)**

Prereq: satisfactory completion of CSD 458a,b, CSD 463 and permission of instructor. Supervised clinical practicum. S/U grading. Offered summer only.

### **565 PSYCHOACOUSTICS (3)**

Prereq: CSD 561 or permission of instructor. Application of standard psychophysical techniques and theory of signal detection to audiologic research.

### **566 AUDITORY NEUROPHYSIOLOGY (3)**

Prereq: CSD 561 and permission of instructor. The ear as a transducer and analyzer; electrophysiological and mechanical properties of the ear.

### **567 SEMINAR: HEARING CONSERVATION (3)**

Prereq: CSD 562. Noise as a public health hazard; the effects of noise on hearing; noise abatement, control and protection; federal and state noise regulations and compensation.

### **568 ADVANCED CLINICAL PRACTICUM IN AUDIOLOGY (2 ea)**

Prereq: CSD 371, 462 or permission of instructor; to be taken in sequence; and a minimum of 25 hours of documented speech-language pathology/audiology and rehabilitation observations. Clinical practicum designed to advance skills in audiology. Must be completed with a grade of B or better. Repeatable to a maximum of 14 credits.

### **568u ADVANCED CLINICAL PRACTICUM IN AUDIOLOGY (2)**

Prereq: satisfactory completion of CSD 371, 462, 568 and permission of

instructor. Supervised clinical practicum. S/U grading. Offered summer only.

### **570 MEDICAL AUDIOLOGY (3)**

Prereq: CSD 371, 462, 561. Pathologies of the hearing mechanism and their auditory manifestations. Discussion with physicians regarding diagnosis, referrals and report writing.

### **571 HEARING AIDS I (3)**

Prereq: CSD 462 or permission of instructor. History, development and description of hearing aids and other amplification devices. Research into the electro-acoustic characteristics of hearing aids.

### **572 HEARING AIDS II (3)**

Prereq: CSD 571. Evaluation procedures and fitting techniques for dispensing hearing aids and other amplification devices. Auditory training and counseling techniques covered as well as special instrumentation.

### **573 SEMINAR: SPEECH ACOUSTICS (3)**

Prereq: CSD 353 or permission of instructor. In-depth study of the acoustic speech signal. Analysis of significant theories in speech production/acoustics. Application of relevant acoustic principles in the evaluation and remediation of communicative disabilities.

### **574 SEMINAR: SPEECH PERCEPTION (3)**

Prereq: CSD 353, 573 or permission of instructor. Critical analysis of current issues in speech perception. Examination of the effects of communication disabilities on speech perception.

### **575 COUNSELING IN COMMUNICATION DISORDERS (3)**

Prereq: graduate status. Contemporary theories and techniques of counseling individuals with communication disorders and their families.

### **576 HEARING IMPAIRED IN THE EDUCATIONAL SETTING (3)**

Prereq: bachelor's degree in education or speech pathology/audiology. Introduces the student to the needs of the hearing impaired child in the public school environment, the public laws affecting the placement of such children and the types of remediation that occur in this setting.

### **577 PEDIATRIC AUDIOLOGY (3)**

Prereq: CSD 371, 462, 568 and permission of instructor. Developmental milestones of auditory function, implications of childhood hearing loss and supervised testing of pediatric patients utilizing basic and advanced testing techniques.

### **578 SEMINAR: ELECTROPHYSIOLOGICAL TESTING (3)**

Prereq: CSD 561, 568a or permission of instructor. Current topics and issues in specialized areas of averaged electro-encephalic audiometry and otoacoustic emissions; research trends and problems. Lab required.

### **579 AGING AND THE EAR (3)**

Prereq: CSD 561, 562. Anatomical and physiological influences of aging on the auditory mechanism and how these changes influence overall auditory function and communication.

### **580 COMMUNICATION DISORDERS IN THE PUBLIC SCHOOLS (3)**

Prereq: second-year graduate status or permission of the instructor. Role of the professional in organizing and directing a speech-language therapy or audiology program in the public school setting. Required for public school certification.

### **581 INFANCY: DEVELOPMENT, DISORDERS AND INTERVENTION (2)**

Prereq: graduate status and/or permission of instructor. Typical and atypical prenatal and infant development with special focus on the identification and management of infants with special needs. Assessment and treatment practices, including family issues.

### **582 MEDICAL SPEECH PATHOLOGY (2)**

Prereq: second-year graduate status or permission of the instructor. Current topics and issues related to the practice of speech pathology in a medical/clinical setting.

### **585 NEUROMOTOR SPEECH DISORDERS (4)**

Prereq: CSD 450, 556 or equivalent. Current literature review and discussion of the nature of neurologically based speech disorders (dysarthrias and apraxia). Examination and practice of clinical intervention methods.

### **586 DIAGNOSIS AND TREATMENT OF ADULT LANGUAGE NEUROGENIC DISORDERS (3)**

Prereq: graduate status, CSD 450 and 556 or equivalent. Differential diagnosis assessment tools and theories of diagnostic methods. Treatment approaches for adult neurogenic disorders.

**587 SEMINAR: DYSPHAGIA (1)**

Prereq: CSD 352, 450, 556, 585. Pathology and evaluation of swallowing disorders, diagnostic evaluations, and management/rehabilitative techniques.

**588 SEMINAR IN AUGMENTATIVE AND ALTERNATIVE COMMUNICATION (2)**

Prereq: CSD 552a, 553, 555, 558 or permission of instructor. Focus on evaluation and intervention for children, adolescence and adults with moderate to severe congenital or acquired disorders in speech and language who require augmentative and alternative modes for oral or written communication.

**592 ADMINISTRATION OF SPEECH-LANGUAGE AND HEARING PROGRAMS (3)**

Students enrolling must be within two quarters of program completion. Analysis of program funding; administrative structures within schools, hospitals and clinics. A project report is required.

**596 SUPERVISION IN COMMUNICATION DISORDERS (3)**

Prereq: permission of instructor. Perspectives of the supervisory process. Theories, practices and techniques from this and other disciplines serve as a basis for discussion, implementation and evaluation. Lab required.

**598a,b INTERNSHIP IN SPEECH-LANGUAGE PATHOLOGY OR AUDIOLOGY (1-4 ea)**

Prereq: second-year graduate status; completion of plan of study; permission of department; B- or better in last clinic and minimum of 225 clinical clock

hours which may include 25 observation hours. Additionally, students should be enrolled in a clinic the quarter prior to internship and have all administrative and clinical records current. Supervised, part-time experience providing opportunities to develop and demonstrate clinical competence in an approved setting. Placement is dependent on a suitable site. S/U grading.

**599a,b INTERNSHIP IN SPEECH-LANGUAGE PATHOLOGY OR AUDIOLOGY (8)**

Prereq: completion of the graduate major course requirements, including graduate plan of study; permission of department; demonstrated proficiency in clinical skills; B- or better in last clinic in area of concentration; and minimum of 225 clinical clock hours which may include 25 observation hours. In addition, students should be enrolled in a clinic the quarter prior to internship and have all administrative and clinical records current. See respective advisor or clinic director. Supervised off-campus experience providing opportunities to develop and demonstrate clinical competence in an approved setting. Placement is dependent upon availability of suitable site. (Only 3 credits of the 8 for either a or b are applicable toward the MA degree see *Requirements in Specialization.*) S/U grading.

**690 THESIS (1-9)****691 NON-THESIS OPTION (1 or 3)**

Writing based on research or clinical projects. This report to be used to help satisfy the non-thesis requirement.

# EAST ASIAN STUDIES

East Asia, as one of the world centers of high civilization, has long been the object of cultural interest and study. Increasingly, it has become important for economic and political reasons as well. The Center for East Asian Studies provides a focal point for the University's interaction with East Asia and for academic study of the region.

The program in East Asian studies emphasizes the interdisciplinary study of the area, primarily the countries of China, Japan, Korea and Mongolia. The course of study is designed to attain three major objectives. First, it offers students an opportunity to acquire accurate, detailed and comprehensive knowledge of a region that is becoming increasingly important in world affairs. Second, it prepares students who are attracted by job opportunities related to East Asia in business and government. For those who wish to teach about East Asia, the program provides appropriate preparation. Third, it provides solid undergraduate training for students who plan to enter East Asian programs for graduate studies.

Students interested in pursuing a major in East Asian studies should consult the director of the Center for East Asian Studies, Kathleen Tomlonovic, 360-650-3836, e-mail: Kathleen.Tomlonovic@wwu.edu.

## PARTICIPATING FACULTY

**KATHLEEN TOMLONOVIC**, Director. Modern and Classical Languages. Chinese language and culture; traditional and modern literature.

**PATRICK BUCKLEY**, Geography. Geography and economics of Japan.

**MASANORI DEGUCHI**, Modern and Classical Languages. Japanese language and linguistics.

**MARGARET FAST**, Wilson Library. Methods and materials in East Asia Research.

**JAMES HEARNE**, Computer Science. Chinese philosophy, Chinese science, East Asian language computing.

**EDWARD KAPLAN**, History. Ancient and medieval Chinese history, Chinese economic history.

**ROBERT KIM**, Education. Korean language, literature and culture.

**LINDA AMY KIMBALL**, Anthropology. Anthropology, Southeast Asia, linguistics, traditional Chinese, archaeoastronomy of Central Asia.

**ROBERT MARSHALL**, Anthropology. Japanese business culture, economy and politics of Japan.

**DEBNATH MOOKHERJEE**, Geography. Cultural geography, urbanism, East and South Asian geography.

**KRISTEN PARRIS**, Political Science. East Asian politics.

**SCOTT PEARCE**, Liberal Studies. Medieval Chinese history.

**WAYNE RICHTER**, Wilson Library. Mongolian language.

**JULIA SAPIN**, Art. Asian art history, Japanese art, art of the Pacific Rim.

**HENRY G. SCHWARZ**, History and East Asian Studies, Emeritus. Mongolian and modern Chinese history, minorities of Northern China.

**ROGER THOMPSON**, History. Traditional and modern Chinese history.

**MASSIMILIANO TOMASI**, Modern and Classical Languages. Japanese language and culture, modern Japanese rhetoric and literature.

**EDWARD J. VAJDA**, Modern and Classical Languages. Central Asian and Siberian languages and history.

**JIANGLONG WANG**, Communications. Intercultural communications.

**MELISSA WALT**, Liberal Studies. Asian art and culture.

**DIANA WRIGHT**, History. Pre-modern Japanese history, religion in Japanese history.

**JANET XING**, Modern and Classical Languages. Chinese language, Chinese linguistics.

**NING YU**, English. Chinese and Chinese-American literatures.

**MICHIKO YUSA**, Modern and Classical Languages. History of religion, Japanese language and culture.

## Adjunct Faculty

**PAUL BUELL**, East Asian Studies. Chinese and Japanese culture, traditional Chinese medicine.

**HO-CHIN YANG**, Modern and Classical Languages. Chinese language, history of Tibet.

## BACHELOR OF ARTS

60 credits

- Two years of Chinese or Japanese language (Mongolian or Korean by special arrangement)
- EAST 201, 202 and 302
- Either EAST 367 or 368
- Additional credits from courses approved by the Center for East Asian Studies as listed below
- At least 8 credits must be at the 400 level

## Minor East Asian Studies

30 credits

The following minor may be combined with a major in history or in political science for a major concentration, or may be elected as a minor by majors in other fields. For description of courses, see the sections of cooperating departments.

- EAST 201 and 202
- Either EAST 367 or 368
- Additional credits from other East Asian courses or from courses approved by the Center for East Asian Studies
- 4 credits must be at the 300-400 level

## COURSES IN EAST ASIAN STUDIES (EAST)

*Courses numbered X37; X97; 300,400; 417,445 are described on page 31 of this catalog.*

### 201 INTRODUCTION TO EAST ASIAN CIVILIZATIONS (5)

The origins and evolution of the political, economic, cultural and social aspects of East Asian civilization through the early-modern period. Also taught as HIST 280.

### 202 EAST ASIAN HISTORY IN THE EARLY-MODERN AND MODERN ERAS (5)

Examines political, cultural and social aspects of East Asian civilizations with attention to the early-modern and modern periods. Also taught as HIST 281.

### 210 NOMADS OF EURASIA (5)

Surveys the origins, cultures and languages of the pastoral peoples of Eurasia, including the Mongols, Turks, Arabs, peoples of Iran and Afghanistan, as well as the native tribes of Siberia and the North Pacific Rim. Also taught as EUS 210.

### 302 METHODS AND MATERIALS IN EAST ASIAN STUDIES (3)

Prereq: EAST 201, 202 and one year of Chinese or Japanese. Research methods in East Asian studies; organization of Chinese and Japanese libraries; principal journals, reference tools and scholarly apparatus for various areas of East Asia.

### 313 EARLY INNER ASIA (4)

Prereq: EAST 201 or 202 or 210 or HIST 280 or 281 or permission of instructor. A detailed history of the Eurasian steppe and desert tribes from the earliest times to the rise of the Mongols under Chingiz Khan in the late 12th century. Discusses the complex cultural and political interplay among the early Indo-European, Turkic and Mongol pastoralists as well as their often cataclysmic interaction with the sedentary civilizations of the world.

### 314 THE MONGOLS (4)

Prereq: EAST 201 or 202 or 210 or HIST 280 or 281 or permission of instructor. Documents the history of the Eurasian steppes from the rise of

Chingiz Khan to the present day. Describes the creation of the worlds largest empire, its gradual disintegration and its partial absorption by the agricultural societies on its periphery. Includes analysis of recent political events in this area of the world.

### 315 HISTORY AND CULTURE OF TIBET (3)

Prereq: EAST 201 or 202 or 210 or ANTH 364 or permission of instructor. An examination of the sociopolitical and cultural history of both pre-modern and modern Tibet.

### 367 CHINESE LITERATURE IN TRANSLATION (5)

Prereq: EAST 201 or 202 or CHIN 103 or LBRL 272 or 277 or permission of instructor. Selected readings in Chinese literary masterpieces from earliest to modern times.

### 368 JAPANESE LITERATURE IN TRANSLATION (5)

Prereq: EAST 201 or 202 or LBRL 272 or 275 or permission of instructor. Selected readings in Japanese literary masterpieces from early modern times to the present.

### 400 DIRECTED INDEPENDENT STUDY (1-5)

### 417t TRADITIONAL CHINESE MEDICINE (4)

Survey of traditional Chinese medicine from ancient times to the present, with reference to the social, political, philosophical and religious context within which traditional Chinese medicine has been practiced.

### 465 PEOPLES OF INNER ASIA (3)

Prereq: EAST 210 or ANTH 201 or equivalent or permission of instructor. Ethnographic in-depth study of the present and past peoples and cultures of Inner Asia. Emphasis on special topics including ecology, economics, language, religion and society.

## COURSES FROM OTHER DISCIPLINES

The major is intended to be broad in scope with courses that survey aspects of the regions countries. At the same time, concentration in one area is encouraged.

It is recommended that students take courses from among the various disciplines listed below; however, there is no distribution requirement.

### History

HIST 362: Asian American History

HIST 370: Chinese History to 600 A.D.

HIST 371: Chinese History, 600 to 1800

HIST 372: Chinese History, 1800 to Present

HIST 374: History of Pre-modern Japan

HIST 375: History of Modern Japan

HIST 480: Modern Chinese Social History

HIST 481: The Chinese Revolution

HIST 483: Edo Social History

HIST 484: Women in Japanese History

HIST 485: Japanese Military History: Samurai Fact and Fiction

HIST 486: Religion in Japanese History

### Liberal Studies and Art

LBRL 272: Religion and Society in China and Japan

LBRL 273: Art and Society in China and Japan

LBRL 275: Humanities of Japan

LBRL 277: Humanities of China

LBRL 370: Major Asian and African Traditions: The Traditional Order

LBRL 371: Major Asian and African Traditions: Their Modern Fate

A/HI 270: Survey of Asian Art: India, China and Japan

A/HI 370: Cultural Contacts: Middle East and Asia

### Languages and Literature

EAST 367: Chinese Literature in Translation

EAST 368: Japanese Literature in Translation

CHIN 280: Traditional Chinese Characters

CHIN 360: Business Chinese

CHIN 380: Chinese Culture through Film and Literature

CHIN 390: Introduction to Chinese Language and Linguistics

JAPN 280: Kanji

JAPN 330a: Japanese Culture through Film, Modern

JAPN 330b: Japanese Culture through Film, Classical

JAPN 330c: Japanese Culture through Film, Literature

ENG 236: Introduction to Asian-American Literatures

LANG 217e: Mongolian Language I (available through Extended Education and Summer Programs only)

### Anthropology, Politics and Geography

AMST 205: The Asian-American Experience

ANTH 362: Peoples of Asia

ANTH 364: Peoples of the Pacific

ANTH 460: Culture and Society of Japan

ANTH 464: Peoples of East Asia

GEOG 324: East Asia

GEOG 423: Pacific Rim

PLSC 307: East Asia

PLSC 430: Modern Chinese Politics

PLSC 431: Modern Japanese Politics

## TUTORIALS AND STUDY ABROAD

The Center for East Asian Studies also offers tutorials in advanced Chinese and Japanese. Elementary and intermediate Mongolian language is offered through Extended Education and Summer Programs.

Study Abroad: Students are encouraged to spend up to one year in a study abroad program, including Asia University; Tsuda College; Oberin College, KCP in Tokyo; Inner Mongolia University, Hohhot; Seoul Womans University, Seoul; Yonsei University in Seoul; or Yunnan University, Kunming, China. Many other programs such as CET and CIEE provide opportunities for study in Beijing, Shanghai, Nanjing, Kunming and Taipei.

# ENGLISH

The English major engages students in reflective reading, creative inquiry, critical analysis, and effective expression. The study of literature, linguistics, and writing prepares graduates to pursue a variety of careers, including law, business, government, publishing, and education. These studies also prepare students for graduate study.

The Department of English offers three major emphases: literature, creative writing and teacher preparation.

Two programs lead to the Bachelor of Arts in English. English: Literature Emphasis focuses on the study of literature in historical and cultural contexts and includes course work in English language, literary theory, and composition and rhetoric. English: Creative Writing Emphasis focuses on writing in fiction, drama, poetry, and in nonfiction prose, and is complemented by courses in language and literature.

Three programs lead to a Bachelor of Arts in Education: English Secondary, English Elementary, and English: Language Arts Secondary. Students are urged to augment their required courses in these majors with additional course work in areas such as theatre, linguistics, communication, journalism, history and computer science.

The Department of English provides a dynamic intellectual environment and learning community. Faculty introduce new genres, fields of critical inquiry and technologies to provide our students with the best possible education. The department offers small, student-centered classes, innovative pedagogy, and close faculty-student interaction. English department faculty have earned numerous awards for excellence in teaching and research, and members are nationally recognized in various creative and critical fields. Students have amassed an enviable record of placement in graduate programs and professional positions.

## ENGLISH FACULTY

**KATHLEEN LUNDEEN** (1991) Chair and Professor. BA, MA, PhD, University of California, Santa Barbara.

**BRUCE BEASLEY** (1992) Professor. BA, Oberlin College; MFA, Columbia University; MA, PhD, University of Virginia.

**NICOLE BROWN** (2002) Assistant Professor. BS, BA, Salve Regina University; MA, Carnegie Mellon University; PhD, Purdue University.

**MEREDITH B. CARY** (1964) Professor. BA, Central Missouri State College; MALS, University of Michigan; MA, Michigan State University; PhD, University of Washington.

**KRISTIN DENHAM** (2000) Assistant Professor. BA, Swarthmore College; MA, University of Arizona; PhD, University of Washington.

**DAWN DIETRICH** (1992) Associate Professor. BA, Eastern Michigan University; MA, PhD, University of Michigan.

**MARC GEISLER** (1992) Associate Professor. BA, Bates College; MA, PhD, University of California, Irvine.

**ALLISON GIFFEN** (2001) Associate Professor. BA, Barnard College; MA, Yale University; PhD, Columbia University.

**BRUCE GOEBEL** (1996) Associate Professor. BA, Eastern Washington University; MA, California State University, Fresno; PhD, The University of Iowa.

**CAROL GUESS** (1998) Associate Professor. BA, Columbia University; MA, MFA, Indiana University.

**NANCY JOHNSON** (1994), Professor. BA, University of Washington; MA, PhD, Michigan State University.

**ROSANNE D. KANHAI** (1990) Professor. BA, MPhil, University of the West Indies, Trinidad; PhD, Pennsylvania State University.

**LAURA LAFFRADO** (1993) Professor. AB, Vassar College; MFA, University of Montana; MA, PhD, State University of New York, Buffalo.

**ANNE LOBECK** (1990) Professor. BA, Whitman College; MA, PhD, University of Washington.

**WILLIAM LYNE** (1995) Associate Professor. BA, University of California, Los Angeles; MA, PhD, University of Virginia.

**MARY JANELL METZGER** (1995) Associate Professor. BA, University of Washington; MA, PhD, University of Iowa.

**BRENDA MILLER** (1999) Associate Professor. BA, Humboldt State University; MFA, University of Montana; PhD, University of Utah.

**SUZANNE PAOLA** (1994) Associate Professor. BA, Oberlin College; MFA, University of Virginia.

**DOUGLAS B. PARK** (1979) Professor. AB, Hamilton College; PhD, Cornell University.

**JOHN PURDY** (1991) Professor. BA, Oregon College of Education (Western Oregon University); MA, University of Idaho; PhD, Arizona State University.

**DONNA QUALLEY** (1994) Associate Professor. BA, University of Kentucky; MST, PhD, University of New Hampshire.

**WILLIAM E. SMITH** (1990) Professor. BA, MA, Appalachian State University; PhD, University of Utah.

**SCOTT STEVENS** (2002) Associate Professor. BA, California State University; MA, PhD, University of Rochester.

**KATHRYN TRUEBLOOD** (2002) Assistant Professor. BA, University of California, Berkeley; MFA, University of Washington.

**STEVEN VANDERSTAAY** (1996) Associate Professor. BA, MA, University of Washington; PhD, University of Iowa.

**KATHRYN VULIC** (2004), Instructor. AB, Ohio State University; MA, University of California, Berkeley.

**CHRISTOPHER WISE** (1996) Associate Professor. BA, Northwestern College; MA, University of Oklahoma; PhD, University of California, Riverside.

**NING YU** (1993) Associate Professor. BA, Beijing University of Aeronautics and Astronautics; MA, PhD, University of Connecticut.

## DECLARATION OF MAJOR

The department offers majors leading to both Bachelor of Arts and Bachelor of Arts in Education degrees. Admission to these majors is by application to the appropriate advisor. Students are strongly urged to meet with the department advisors early in their careers at Western; students must declare their major at the start of their junior year. Due to overcrowding and limited funding, acceptance into the major may be delayed and immediate access to specific courses during a specific quarter cannot be guaranteed.

## MID-PROGRAM CHECKPOINT

Students seeking to complete a BA degree program in English, with an emphasis in literature, creative writing, secondary education, elementary education, or interdisciplinary studies, within a four-year time span should have completed the following courses by the start of their junior year:

☐ ENG 101 and either ENG 202 or ENG 203

## BACHELOR OF ARTS

*Major — English — Literature Emphasis*  
60 credits

The literature emphasis offers students the opportunity for both breadth and depth in the study of literature and culture. In the “Literature and Culture” courses (307-311), which are the core of the major, students gain a sense of historical scope as they explore literatures from a range of periods. In addition, majors take required courses in critical and cultural theory, writing and the history and theory of language. All of these courses provide a

solid foundation for intensive study of specialized topics in the upper-level electives and in the senior seminar.

- Four courses from ENG 307, 308, 309, 310, 311
- One course from ENG 301, 350, 371, 401
- ENG 313, 370, 417
- Electives: 10 credits at the 400 level, the remainder at either 300- or 400-level

### *Major — English — Creative Writing Emphasis*

58-60 credits

The creative writing emphasis offers students the opportunity to develop their writing skills in the genres of fiction, creative nonfiction, poetry and drama. Introductory and advanced genre courses form the core of the major, giving students an opportunity to develop their craft and aesthetics through intensive writing, reading and workshops. Students must take courses in at least two different genres. Aside from the core courses, creative writing majors take 25 credits in literature (which may include literary/cultural theory and film studies) at the 300- or 400-level. Special modes courses (456, 457, 458) introduce advanced students to distinct forms within their major genres.

- 25 credits in literature (which may include literary/cultural theory and film studies) at the 300- or 400-level, including a writing proficiency course
- Two of the following: ENG 351, 353, 354, THTR 384, FAIR 354
- Four of the following: ENG 451\*, 453\*, 454\*, 455, 456, 457, 458, 459, THTR 485, 486, 487, 499, FAIR 454
- ENG 370

\*These courses are repeatable to a maximum of 10 credits.

### *Minors*

Courses taken for credit in minor programs may not be counted toward English majors.

#### *English*

25 credits

- 25 credits as electives, with a minimum of 15 credits at the 300 or 400 level

#### *Creative Writing*

25 credits

- Four creative writing courses including work in at least two genres
- An elective under advisement from the 300 and 400 level courses

#### *Film Studies*

25 credits

- ENG 312, 364, 464
- Courses under advisement at the 300 and 400 level to be selected from courses in theory, film and other visual media, including offerings in other departments, such as HIST 364, FAIR 326, 361

#### *Womens Literature*

25 credits

- Courses under advisement at the 300 and 400 level, to be selected from courses in women writers, topics focused on the work of women writers, and topics in language and power of gender

## BACHELOR OF ARTS IN EDUCATION

### *Major — English Language Arts — Secondary*

60 credits

Secondary English education allows students to combine a major in English with the undergraduate teacher certification program provided by the Woodring College of Education. Courses in young adult literature, creative writing and English methods prepare students for teaching in public high schools and middle schools. In addition, majors complete core requirements in "Literature and Culture," critical and cultural theory, and the history and theory of language and writing.

This major must be accompanied by the professional preparation program in education and leads to an endorsement in English: Language Arts. See the Secondary Education section of this catalog for program admission, completion, and certification requirements.

- ENG 370, 436, 443, 444
- One of the following: ENG 347 or 441
- ENG 313
- Four of the following: ENG 307, 308, 309, 310, 311
- ENG 350
- One of the following: ENG 301, 302, 371 or 401

### *Major — English — Elementary*

45 credits

Elementary English education allows students to combine a major in English with the undergraduate teacher certification program provided by Woodring College of Education. It offers a focused background in English/language arts in preparation for certification as a K-8 teacher. Courses in the major are divided into four categories: literature studies, writing, language theory, and methods for teaching English/language arts. Literature courses include historical and cultural explorations of a variety of literary texts, including children's literature. This major also requires completion of required courses for elementary education certification offered through Woodring College of Education.

This major must be accompanied by the professional preparation program in education. See the Elementary Education section of this bulletin for program admission, completion, and certification requirements.

- ENG 370, 440, 441, 446
- One of the following: ENG 436, 438, 439, 442
- Two courses in literature at the 300 or 400 level
- One of the following: ENG 327, 335, 338, 340 or other appropriate course
- One of the following: ENG 301, 302, 350, 351, 353, 354, 401

### *Program Standards*

In certain situations the English education advisor may call a case conference, involving public school faculty and/or faculty acquainted with a student and a student's work, to determine his/her qualification for admission or retention in the Bachelor of Arts in Education program. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

## ADDITIONAL PROGRAM AREAS

Along with a wide range of courses in literature, creative writing, and secondary and elementary education, the English department offers courses that provide training in linguistics, rhetoric, technical writing, and film.

## ENGLISH

### *Linguistics*

- ❑ 270 Introduction to Language and Society
- ❑ 370 Introduction to Language
- ❑ 436 The Structure of Language
- ❑ 438 Cultural History of English
- ❑ 439 Topics in Language and Linguistics

### *Rhetoric and Composition*

- ❑ 100 Introduction to College Writing
- ❑ 101 Writing and Critical Inquiry
- ❑ 202 Writing About Literature
- ❑ 203 Writing in Context
- ❑ 301 Writing Studies
- ❑ 371 Studies in Rhetoric and Rhetorical Analysis
- ❑ 401 Senior Seminar in Writing and Rhetoric

### *Technical and Professional Communications*

- ❑ 302 Introduction to Technical Writing
- ❑ 402 Advanced Technical Writing

### *Visual Literacy*

- ❑ 312 Film and Culture
- ❑ 364 Introduction to Film Studies
- ❑ 408 Cultural Studies
- ❑ 464 Topics in Film Studies

## GRADUATE STUDY

For a concentration leading to the Master of Arts degree, see the *Graduate School* section of this catalog.

## COURSES IN ENGLISH (ENG)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

General University Requirement Courses:

English courses which satisfy GUR requirements are as follows:

*Communications:* 101, 201, 202

*Humanities:* 214, 215, 216, 238, 281, 282, 283, 336

*Comparative, Gender and Multicultural Studies:* 234, 235, 236, 335, 338

The following entries indicate courses routinely offered by the department.

The lettered subheads offer examples of some but not all of the sections of these courses that will be offered during the period of this catalog. For more information about the courses and sections to be offered this year and next, please consult the *Timetable of Classes* and the English department's Web site, [www.ac.wvu.edu/%7Eengldept/](http://www.ac.wvu.edu/%7Eengldept/) for the English department course descriptions and the *Guide for English Majors*.

### **100 INTRODUCTION TO COLLEGE WRITING (5)**

A writing course that offers practice in reading complex texts, writing with fluency and using the conventions of standard written English. Regularly scheduled conferences with instructor required. S/U grading.

### **101 WRITING AND CRITICAL INQUIRY (4)**

May not be taken concurrently with ENG 100. A computer-mediated composition course designed to help students, through extended inquiry in reading, writing, and discussion, develop and practice those critical and reflective habits of mind that will serve them personally, academically, and professionally. Introduces students to the processes of analysis and revision with the aim of increasing students' knowledge and control of the specific conventions writers use to clearly formulate and communicate their ideas to different audiences. Regularly scheduled conferences with instructor required. Students needing to satisfy Block A of the communications section of the General University Requirements are required to do so prior to completion of 45 credits.

### **202 WRITING ABOUT LITERATURE (5)**

Prereq: ENG 101 and completion of 36 college credits. Focuses on the process of reading, analyzing, and writing critical responses to a variety of literary texts.

### **203 WRITING IN CONTEXT (5)**

Prereq: ENG 101 and completion of 36 college credits. Emphasizes writing to learn, to analyze, and to communicate ideas about texts and topics within the discipline of English. Given opportunities for feedback and revision, students develop the ability to identify themes and issues, to summarize key concepts, and to select and synthesize evidence and strategies for exploring ideas and perspectives. Texts and topics vary with section.

### **214 INTRODUCTION TO SHAKESPEARE (5)**

Analysis, interpretation and discussion of a selected number of Shakespeare's plays: histories, comedies, tragedies and romances.

### **215 INTRODUCTION TO BRITISH LITERATURE (5)**

Analysis, interpretation and discussion of a range of texts in British literature with attention to cultural contexts.

### **216 INTRODUCTION TO AMERICAN LITERATURE (5)**

Analysis, interpretation and discussion of a range of texts in American literature with attention to cultural contexts.

### **227 INTRODUCTION TO GAY & LESBIAN LITERATURE (5)**

Analysis, interpretation and discussion of a range of texts by gay, lesbian, bisexual and transgendered authors.

### **234 INTRODUCTION TO AFRICAN-AMERICAN LITERATURE (5)**

Analysis, interpretation and discussion of written, spoken and visual texts by African-American men and women from the 18th century to the present.

### **235 INTRODUCTION TO AMERICAN INDIAN LITERATURES (5)**

Analysis, interpretation and discussion of written, spoken and visual texts in English and translation by writer and storytellers of Native American descent.

### **236 INTRODUCTION TO ASIAN-AMERICAN LITERATURES (5)**

Analysis, interpretation and discussion of written and visual texts in English and translation by and about Asian-Americans.

### **238 SOCIETY THROUGH ITS LITERATURE (5)**

A thematic approach to literature, with different themes exploring the relationship between literary forms and society. Repeatable once as an elective with different topics. May be taken only once for GUR credit.

### **270 INTRODUCTION TO LANGUAGE AND SOCIETY (5)**

Introduction to linguistic diversity, variation and change. Examination of common misconceptions about language.

### **281, 282, 283 INTRODUCTION TO GLOBAL LITERATURES (5 ea)**

Readings from ancient, medieval and modern literatures throughout the world. Not open to students with credit in LBRL 121, 122, 123.

### **301 WRITING STUDIES (5)**

Prereq: completion of ENG 101 and either ENG 202 or 203 or a second writing course; junior status (76 credit). Inquiry and practice in the theory, ideology, and ethics of writing in private, public and academic contexts. Focuses on issues of genre, audience, and stylistic and discursive conventions of writing. Emphasis on expressive, analytical, critical, and collaborative forms of writing as appropriate.

### **302 INTRODUCTION TO TECHNICAL AND PROFESSIONAL WRITING (5)**

Prereq: completion of ENG 101; junior status (76 credits). Introduction to major contemporary strategies and conventions used in written and oral communication for multiple audiences in professional settings. Covers a variety of written forms used in the preparation and design of technical and business documents, critical analyses of these forms and practices, and the ethical and social implications of a technical writer's choices.

### **304 CRITICAL INTRODUCTION TO POETRY (5)**

Prereq: ENG 202 or 203. Reading and discussion of a variety of poetic texts to strengthen students interpretive skills. Explores the formal elements and cultural contexts of poetry, and introduces a range of critical approaches.

### **307 LITERATURE AND CULTURE I: PRE-16TH CENTURY (5)**

Prereq: ENG 202 or 203. Analysis, interpretation and discussion of texts in English or in translation composed before the 16th century. Repeatable once as an elective with different topics.

### **308 LITERATURE AND CULTURE II: 16TH AND 17TH CENTURIES (5)**

Prereq: ENG 202 or 203. Analysis, interpretation and discussion of texts in English or in translation from the 16th- and 17th-century cultures. Repeatable once as an elective with different topics.

**309 LITERATURE AND CULTURE III: 18TH AND 19TH CENTURIES (5)**

Prereq: ENG 202 or 203. Analysis, interpretation and discussion of texts in English or in translation from the 18th- and 19th-century cultures. Repeatable once as an elective with different topics.

**310 LITERATURE AND CULTURE IV: 19TH AND 20TH CENTURIES (5)**

Prereq: ENG 202 or 203. Analysis, interpretation and discussion of texts in English or in translation from the 19th- and 20th-century cultures. Repeatable once as an elective with different topics.

**311 LITERATURE AND CULTURE V: 20TH AND 21ST CENTURIES (5)**

Prereq: ENG 202 or 203. Analysis, interpretation and discussion of texts in English or in translation from the 20th- and 21st-century cultures. Repeatable once as an elective with different topics.

**312 FILM AND CULTURE (5)**

Prereq: ENG 202 or 203. Examines various topics through film as a medium of cultural representation. Repeatable once with different topics.

**313 HISTORY OF CRITICAL AND CULTURAL THEORY (5)**

Prereq: ENG 202 or 203. An introduction to critical and cultural theories in a historical context.

**327 STUDIES IN HISTORICALLY MARGINALIZED LITERATURES (5)**

Prereq: ENG 202 or 203. Analysis, interpretation and discussion of texts in English or in translation from cultures, ethnic communities, or minority authors who have been historically excluded from national literary canons.

**335 LITERARY AND CREATIVE EXPRESSIONS ACROSS CULTURES (5)**

Prereq: ENG 101. Analysis of texts of Asia, Africa, the Middle East and Latin America, and of multicultural experiences in North America and Britain.

**336 SCRIPTURAL LITERATURES (5)**

Prereq: ENG 101. Analysis of literary texts in one or more religious traditions; study of scriptural literature as a source of cultural paradigms.

**338 WOMEN AND LITERATURE (5)**

Prereq: ENG 101. Study of womens texts in various cultures, including thematic and stylistic development within cultural context.

**339 MYTHOLOGY AND LITERATURE (5)**

Prereq: ENG 202 or 203. Comparative study of the patterns, motifs and techniques in world mythologies as they recur and evolve in poetry, drama, fiction, creative nonfiction, film and electronic media in English and translation.

**340 COMPARATIVE LITERATURE (5)**

Prereq: ENG 202 or 203. Studies in genre, periods and periodization, translation theory, thematology, geo-thematics, international literary relations, literary movements, and comparative media. Repeatable once as an elective with different topics.

**347 STUDIES IN YOUNG ADULT LITERATURE (5)**

Prereq: ENG 202 or 203 or permission of instructor. Studies in literature written for and/or by young adults. May focus on literary history, genres, theme, critical approaches or specific authors. Class assignments and discussion may focus on using this literature with young adults in secondary schools and in a home setting.

**350 INTRODUCTION TO CREATIVE WRITING (5)**

Prereq: ENG 101. Examines the fundamentals of at least two genres, such as fiction, nonfiction, playwriting, or poetry. The course will include both lectures, focused on model texts, and workshop-style discussions, focused on student work.

**351 INTRODUCTION TO FICTION WRITING (5)**

Prereq: ENG 101. Examines the fundamental tools available to writers of fiction: point of view, dialog, characterization and voice. The course introduces the terms and protocol of workshop critique.

**353 INTRODUCTION TO POETRY WRITING (5)**

Prereq: ENG 101. Introduction to the techniques of poetry writing, including craft, practice and modeling.

**354 INTRODUCTION TO CREATIVE NONFICTION WRITING (5)**

Prereq: ENG 101. An introductory course in writing nonfiction prose, such as personal essay, memoir, autobiography, travel writing, and other forms.

**364 INTRODUCTION TO FILM STUDIES (5)**

Prereq: ENG 202 or 203. Overview of the conventions and techniques of narrative cinema with some readings in film theory.

**370 INTRODUCTION TO LANGUAGE (5)**

Prereq: ENG 101. Overview of language structure and use. Topics include phonology, morphology, syntax and semantics, how language is acquired, and how it changes over space and time. Emphasis on English as a global language.

**371 STUDIES IN RHETORIC AND RHETORICAL ANALYSIS (5)**

Prereq: completion of ENG 101 and a Writing II course. Selected issues in ancient and modern rhetorical theory; rhetorical analysis of a variety of texts.

**375 SEMINAR FOR WRITING FELLOWS (3)**

Prereq: selection as a Writing Fellow. Examines theories of teaching writing and provides training for undergraduates selected to work in Western's writing-across-the-curriculum program. Fellows become accomplished readers of student writing and effective tutors for students writing in all disciplines. S/U grading.

**401 SENIOR SEMINAR IN WRITING AND RHETORIC (5)**

Prereq: ENG 101 and a Writing II course; senior status. Senior writing seminar and inquiry into topics from the fields of composition and rhetoric.

**402 ADVANCED TECHNICAL AND PROFESSIONAL WRITING (5)**

Prereq: ENG 302. Writing-intensive class focusing on advanced problems of technical communications and their solutions. Strategies for identifying target readers and meeting their informational needs. Special emphasis on a technical writer's responsibilities and the ethical, social and technical issues surrounding electronic publishing.

**406 TOPICS IN CRITICAL AND CULTURAL THEORY (5)**

Prereq: ENG 313 and two other courses from 304-347, 364, 370, or 371. An advanced course that examines one or more critical or cultural theories.

**408 CULTURAL STUDIES (5)**

Prereq: ENG 313 and two other courses from 304-347, 364, 370, or 371. An advanced course that applies semiotic and/or textual approaches to a wide range of cultural issues.

**410 STUDIES IN LITERARY HISTORY (5)**

Prereq: ENG 202 or 203 and three courses from 304-347, 364, 370, or 371. A wide variety of studies in literary history. Repeatable once as an elective with different topics.

**415 SPECIAL TOPICS IN NATIONAL LITERATURES (5)**

Prereq: ENG 202 or 203 and three courses from 304-347, 364, 370, or 371, and possible additional prerequisite relevant to topic. Studies in a variety of topics, canons or national literatures, such as Irish, Canadian, African, Native, or Asian American. Repeatable once as an elective with different topics.

**417 SENIOR SEMINAR (5)**

Prereq: senior status (135 university credits); ENG 313 and two other courses from 304-347, 364, 370, or 371. An advanced seminar offering an in-depth exploration of specialized topics. Requires students to develop scholarly projects integrating course material with their own literary, historical, and theoretical interests.

**423 STUDIES IN MAJOR AUTHORS (5)**

Prereq: ENG 202 or 203 and three courses from 304-347, 364, 370, or 371, and possible additional prerequisite relevant to topic. Studies in the texts of a writer or writers in English or in translation. Repeatable once as an elective with different authors.

**436 THE STRUCTURE OF ENGLISH (5)**

Prereq: ENG 370 or permission of instructor. Introduction to English sentence structure. Topics include clause structure, modification, complementation, and syntactic principles such as movement, coordinating and pronominalization.

**438 CULTURAL HISTORY OF ENGLISH (5)**

Prereq: ENG 370 or permission of instructor. Examines the cultural, linguistic and literary influences on the development of Old, Middle, Early Modern and present-day English.

**439 TOPICS IN LANGUAGE AND LINGUISTICS (5)**

Prereq: ENG 370 or permission of instructor. Explores topics in language and linguistics of interest to students of English literature, creative writing and English education. Repeatable once as an elective with different topics.

**440 TEACHING ENGLISH LANGUAGE ARTS IN THE ELEMENTARY SCHOOL (5)**

Prereq: ENG 202 or 203 and 370. Survey of theory and practice, resources and methods of assessment for teaching English language arts in the elementary school.

**441 CHILDRENS LITERATURE FOR THE ELEMENTARY AND MIDDLE SCHOOL TEACHER (5)**

Prereq: ENG 202 or 203. Examination of the variety and diversity of literature written for children and adolescents; exploration of book format, major genres, and works by notable authors and illustrators.

**442 STUDIES IN LITERACY AND LEARNING (5)**

Prereq: ENG 370 or permission of instructor. Focuses on a variety of historical, cultural, political and pedagogical issues regarding the nature and definitions of literacy and what it means to be literate in different contexts. Examines the role of schools in general and the English curriculum in particular for fostering the development of literacy/literacies.

**443 TEACHING ENGLISH LANGUAGE ARTS IN THE SECONDARY SCHOOLS I (5)**

Prereq: admission to Woodring College of Education. Survey of theory, practice, resources and methods of assessment for the teaching of English language arts. This course may include a teaching lab component.

**444 TEACHING ENGLISH LANGUAGE ARTS IN THE SECONDARY SCHOOLS II (5)**

Prereq: ENG 443. Continuation of the survey of theory, practice, resources and methods of assessment for the teaching of English language arts. This course may include a two-week, one period a day teaching practicum in a middle or high school.

**446 TEACHING WRITING IN THE ELEMENTARY SCHOOL (5)**

Prereq: ENG 440 and 441 or permission of instructor. Examination of how children learn to write, the process of writing, current issues in teaching writing, and methodology and strategies to teach writing in the elementary school.

**451 CREATIVE WRITING SEMINAR: FICTION (5)**

Prereq: ENG 351. An advanced course in the writing of fiction. Repeatable with different instructors to a maximum of 10 credits.

**453 CREATIVE WRITING SEMINAR: POETRY (5)**

Prereq: ENG 353. An advanced course providing disciplined expression in a variety of modes of writing poetry. Repeatable with different instructors to a maximum of 10 credits.

**454 CREATIVE WRITING SEMINAR: CREATIVE NONFICTION (5)**

Prereq: ENG 354. An advanced course in the writing of nonfiction, building on skills learned in prior courses. Repeatable with different instructors to a maximum of 10 credits.

**455 LIVING WRITERS (5)**

Prereq: ENG 351, 353 or 354. An advanced course that combines study of the craft of writing in contemporary works of poetry, fiction, and/or nonfiction and literary expression. May include oral performances and lectures by visiting writers.

**456 SPECIAL TOPICS IN FICTION WRITING (5)**

Prereq: ENG 351. Intensive reading, writing and workshops in one or more specific modes of fiction, such as fantasy, flash fiction, or adapting fictional works to other media.

**457 SPECIAL TOPICS IN POETRY WRITING (5)**

Prereq: ENG 353. Intensive study of poetic texts in traditional and experimental forms. Opportunity to compose in a variety of poetic forms. Study of appropriate models.

**458 SPECIAL TOPICS IN CREATIVE NONFICTION WRITING (5)**

Prereq: ENG 354. Intensive reading, writing and workshop in one or more specific modes of nonfiction, such as memoir, travel writing, autobiography and the personal essay.

**459 EDITING AND PUBLISHING (5)**

Prereq: ENG 351, 353 or 354. Focuses on a variety of professional editing and publishing procedures, opportunities and venues; politics of the literary marketplace; and careers available to writers.

**460 SPECIAL TOPICS IN CREATIVE WRITING: MULTIGENRE (5)**

Prereq: ENG 351, 353, or 354. Intensive study of topics in creative writing that cross genre boundaries, or that critique those boundaries. Opportunities to compose experimental or hybrid works.

**462 TOPICS IN TECHNICAL AND PROFESSIONAL WRITING (5)**

Prereq: ENG 302 or equivalent experience and senior status. A rhetorical examination of various specific topics confronting technical and professional writers in a rapidly changing technological world. Repeatable to a maximum of 10 credits.

**464 TOPICS IN FILM STUDIES (5)**

Prereq: ENG 364 or permission of instructor. Examines various specific topics in film studies and theory. Repeatable once with different topics.

**Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**501 LITERARY THEORIES AND PRACTICES (5)**

Examination of theories as they affect the practice of literary criticism and scholarship. Some attention to methods of research and documentation in English studies. Practicum in critical writing.

**502 SEMINAR IN THE WRITING OF FICTION (5)**

Individual projects in fiction along with examination of recently published works of fiction. May be repeated under advisement.

**504 SEMINAR IN THE WRITING OF POETRY (5)**

Individual projects in poetry along with examination of recently published volumes of poetry. May be repeated under advisement.

**505 SEMINAR IN THE WRITING OF NONFICTION (5)**

Individual projects in nonfiction along with examination of classic and modern models of nonfiction. May be repeated under advisement.

**NOTE:** Graduate seminars in playwriting are available from the Department of Theatre Arts.

**509 INTERNSHIP IN WRITING, EDITING AND PRODUCTION (1-5)**

Under advisement, students may receive credit while working as interns in both on-campus and off-campus assignments appropriate to their career plans. Repeatable to a maximum of 5 credits. S/U grading.

**510a-z SEMINAR: TOPICS IN RHETORIC (5)**

Rhetorical theory and composition. Topics from classical tradition and modern developments. Applications for teaching of language, literature and composition. Repeatable with different topics.

**513 SEMINAR IN TEACHING COLLEGE COMPOSITION (5)**

Prereq: appointment as a teaching assistant or permission of instructor. Offered once a year in the fall.

**514 STUDIES IN LANGUAGE AND LINGUISTICS (5)**

Examines various topics in language and linguistics of interest to students of literature, critical theory, creative writing and rhetoric and composition. Repeatable with different topics.

*In the following literature seminars, the specific subject matter covered will vary from year to year. Subtitles indicate subject matter most recently covered.*

**515 STUDIES IN LITERARY AND CRITICAL THEORY (5)**

Examines major theorists or movements in literary and critical theory. Repeatable with different topics.

**520 STUDIES IN POETRY (5)**

Examines the characteristics, history, uses and criticism of poetry. Repeatable with different topics.

**525 STUDIES IN FICTION (5)**

Examines the characteristics, history, uses and criticism of fiction. Repeatable with different topics.

**530 STUDIES IN DRAMA (5)**

Examines the characteristics, history, uses and criticism of drama. Repeatable with different topics.

**535 STUDIES IN NONFICTION (5)**

Examines the characteristics, history, uses and criticism of nonfiction. Repeatable with different topics.

**540 STUDIES IN GLOBAL LITERATURES (5)**

Examines interrelations in global literatures, involving topics such as war, imperialism, religion, feminism, migration, and the politics of language. Repeatable with different topics.

**550 STUDIES IN AMERICAN LITERATURES (5)**

Examines writers, periods and topics drawn from the full diversity of literature written in America. Repeatable with different topics.

**560 STUDIES IN BRITISH LITERATURE (5)**

Examines writers, periods and topics drawn from the full diversity of British literature. Repeatable with different topics.

**565 STUDIES IN POST-COLONIAL LITERATURES (5)**

Examines post-World War II literatures of, for example, Africa, India and the Caribbean. Repeatable with different topics.

**570 TOPICS IN CULTURAL STUDIES (5)**

Examines the relationship between culture and texts and applies semiotic and/or textual approaches to a wide range of issues in cultural studies. Repeatable with different topics.

**575 STUDIES IN WOMENS LITERATURE (5)**

Examines writers, movements and topics in womens writing that may cut across genres and nationalities. Repeatable with different topics.

**580 STUDIES IN FILM (5)**

Examines the codes and conventions of cinema with attention to critical theory. Repeatable with different topics.

**594 PRACTICUM IN TEACHING (2-5)**

Prereq: ENG 501 and permission of instructor. Supervised teaching for MA candidates. Repeatable with different topics. Each topic repeatable to a maximum of 5 credits.

**595a,b FOURTH CORNER WRITING PROJECT (8,2)**

595a Summer institute. 595b Saturday seminars, academic year. Prereq: experience teaching writing or administering a writing program; special application, with selection by co-directors. Review and implementation of composition research; demonstration of methods for teaching writing; refinement of personal writing and skills useful in teaching colleagues.

**596 NORTHWEST WRITING INSTITUTE: THE TEACHING OF WRITING (3-5)**

Prereq: experience in the classroom or experience in administration within a language-arts program. Theory and practice of teaching writing and planning writing instruction in secondary school and college for experienced teachers and experienced school administrators (e.g. language-arts coordinators). Topics covered include the composing process, design of writing assignments, evaluation of writing (both by individual teachers and district-wide assessment) and writing across the curriculum. Emphasis on the collaborative preparation of instructional materials and strategies, assessment procedures and planning of in-service instruction for other educators. Repeatable with different topics. Each topic repeatable to a maximum of 5 credits.

**598 RESEARCH IN THE TEACHING OF ENGLISH (1-5)**

Prereq: admission to MA program or teaching experience. Various announced topics in the teaching of language, literature, composition, technical writing, and creative writing. Repeatable with different topics. Each topic repeatable to a maximum of 5 credits.

**690 THESIS WRITING (2-5)**

Repeatable to a maximum of 5 credits.

# HISTORY

Without a knowledge of the past, we are, as one writer has phrased it, like victims of collective amnesia groping in the dark for our identity. History as a discipline is rooted in that fundamental human urge, curiosity. It confronts and weighs the relative significance of chance, inevitability and choice in the passage of time.

History is humanistic in its emphasis on the influence of ideas and values, its capacity to both instruct and entertain, and as interpretive literature. In its investigation of social processes, groups and institutions, and the examination of human motivation, it is a social science. It acts as a bridge among disciplines, borrowing from all and contributing a sense of context and sequence to the perception of actions and individuals.

The American historian Carl Becker wrote: The value of history is, indeed, not scientific but moral: by liberalizing the mind, by deepening the sympathies, by fortifying the will, it enables us to control, not society, but ourselves a much more important thing; it prepares us to live more humanely in the present and to meet rather than to foretell the future.

## HISTORY FACULTY

**CHRISTOPHER C. FRIDAY** (1992) Chair and Professor. BA, Lewis and Clark College; MA, PhD, University of California, Los Angeles.

**SUSAN E. COSTANZO** (1993) Associate Professor. BA, MA, PhD, Northwestern University.

**CECILIA A. DANYSK** (1996) Associate Professor. BA, Concordia University; MA, PhD, McGill University.

**PETER D. DIEHL** (1992) Associate Professor. BA, Yale University; MA, PhD, University of California, Los Angeles.

**SUSAN AMANDA EURICH** (1986) Professor. BA, Portland State University; MA, PhD, Emory University.

**ALAN GALLAY** (1988) Professor. BA, University of Florida; MA, PhD, Georgetown University.

**STEVEN J. GARFINKLE** (2001) Assistant Professor. BA, Tufts University; MA, University of London; PhD, Columbia University.

**LEONARD M. HELFGOTT** (1970) Professor. BA, MA, PhD, University of Maryland.

**RANDALL C. JIMERSON** (1994) Professor. BA, Earlham College; MA, PhD, University of Michigan.

**KATHLEEN A. KENNEDY** (1995) Professor. BA, State University of New York, Plattsburgh; MA, PhD, University of California, Irvine.

**KEVIN A. LEONARD** (1997) Associate Professor. BA, Pomona College; MA, PhD, University of California, Davis.

**JOHANN N. NEEM** (2004) Instructor. BA, Brown University; MA, PhD, University of Virginia.

**GEORGE MARIZ** (1970) Professor. BA, MA, PhD, University of Missouri.

**HARRY R. RITTER** (1969) Professor. BA, University of Arizona; MA, PhD, University of Virginia.

**MART A. STEWART** (1992) Professor. BA, Willamette University; MA, Portland State University; PhD, Emory University.

**ROGER R. THOMPSON** (2003) Assistant Professor. BA, Stanford University; MA, PhD, Yale University.

**LOUIS W. TRUSCHEL** (1970) Associate Professor. BA, Pacific Lutheran University; MA, PhD, Northwestern University.

**NANCY E. VAN DEUSEN** (1995) Associate Professor. BA, Kent State University; MA, Ohio State University; MLIS, University of Texas; PhD, University of Illinois, Urbana-Champaign.

**DIANA E. WRIGHT** (1997) Associate Professor. BA, MA, University of Michigan; PhD, University of Toronto.

### Affiliated Faculty

**KITTY FRIESEN**, Archivist, Center for Pacific Northwest Studies.

**ELIZABETH L. JOFFRION**, Archivist, Center for Pacific Northwest Studies.

**ROBERT H. KIM**, Professor. Educational Administration and Foundations.

**MIDORI TAKAGI**, Associate Professor. Fairhaven College.

## MID-PROGRAM CHECKPOINT

A student seeking to complete a Bachelor of Arts degree in history within a four-year time span should have completed at least three courses from HIST 103, 104, 111, 112, 113, 280 or EAST 201 or 202 by the start of the junior year. Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

## BACHELOR OF ARTS

At least one-half the total history credits taken in fulfillment of the following programs must be in upper-division courses unless otherwise noted.

### Major — History

60 credits

For this program history courses are grouped into the following fields:

- United States
- Europe
- East and South Asia
- Africa and Middle East
- Ancient
- Western Hemisphere (outside U.S.)
- Credits to be distributed as follows:
  - Four courses in one of the above fields
  - Three courses in a second field
  - Two courses in a third field
  - HIST 499 (4 credits)
  - Electives under advisement

The department recommends that majors take the maximum permissible number of history courses in the General University Requirements program. Further, history majors are encouraged to enroll in Methods of Research and Analysis (HIST 398), which offers practical training in the tools of historical research. Students planning to declare a history major should do so at the earliest possible date.

It is strongly recommended that majors who elect a four-course history concentration in a field where languages other than English predominate take enough language study to become proficient in appropriate language(s). Students planning on graduate study in history are cautioned that many graduate schools require foreign language proficiency for admission.

A minimum grade point average in history courses of 2.50 is required for graduation. No course with a grade of less than C- may be counted toward this major.

### Major — History — Social Studies

90 credits

This degree is appropriate for students who intend careers in secondary teaching with specialization in history and social studies. To receive certification, students must also complete an approved teacher certification program.

*History Courses (60 credits)*

- History credits should be distributed under advisement as follows:
- Three courses in United States history
- Two courses in European history
- Two courses from one of the following four areas: East and South Asia; or Africa and Middle East; or Western Hemisphere (outside United States), or Ancient
- HIST 391, 499
- Electives under advisement

**NOTE:** At least 30 of the 60 credits must be at the upper-division level, and no course with a grade of less than C (2.0) may be counted in this major. Students must achieve a GPA of at least 2.5 in the courses counted in the major.

*Social Studies Courses (30 credits)*

- ECON 206 or 446
- ECON 207 or 447
- GEOG 201
- PLSC 101 and 250
- Additional credits in any of the above disciplines or anthropology, sociology or psychology to a total of at least 30 credits
- No course with a grade of less than C (2.0) may be counted in this portion of the major

To receive a recommendation for state of Washington certification, students must complete the teacher certification program, including SEC 426, which is offered by the Department of Secondary Education as a part of 1) the undergraduate Bachelor of Arts degree, or as 2) a post-baccalaureate program, or as 3) a part of the Masters in Teaching degree. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better. Completion of this combined major leads to an endorsement in social studies.

**BACHELOR OF ARTS IN EDUCATION***Major — History — Elementary*

45 credits

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- Two courses in United States history
- Two courses in European history
- Two courses from one of the following areas: East and South Asia; or Africa and Middle East; or Western Hemisphere (outside U.S.)
- HIST 391
- Electives under advisement

A minimum grade point average in history courses of 2.50 is required for graduation. At least 15 of the credits must be in upper-division courses. No course with a grade of less than C (2.0) may be counted in this major.

*Minor — History*

25 credits

- United States

- Europe
- East and South Asia
- Africa and Middle East
- Western Hemisphere (outside U.S.)
- Ancient

**Credits should be distributed as follows:**

- Three courses in one of the above fields
- Two courses in a second field
- Electives under advisement
- One half of credits must be in upper-division courses

A minimum grade point average in history courses of 2.50 is required for graduation.

*Minor — Foreign Cultures*

The History Department offers a minor in foreign cultures for foreign language majors and other interested students. Credits to be distributed as follows:

- Two background courses in modern European history (HIST 425, 428)
- Two courses in one of the following areas: France and the French-speaking world (HIST 277, 286, 377, 378, 441, 442, 479); Germany (HIST 431, 432); Latin America (Hist 273, 274, 471, 473, 474); Russia (HIST 333, 334, 435)
- Electives under advisement

*Minor — Area Studies*

Minor programs are available in the following fields:

- Canadian-American Studies
- East Asian Studies — see the individual program sections of this catalog
- Latin American Studies — see listing in this department

Courses taken for credit in these programs may not be counted toward the major.

**LATIN AMERICAN STUDIES**

This program is offered so that students interested in the area of Latin America may be able to concentrate a portion of their academic work in this area free of the stricture of departmental programs and to make more viable the relationships among the separate courses in this area offered by the departments of this University.

A major in Latin American Studies is available through the student-faculty designed majors program (see the *Liberal Studies* section of this catalog).

*Minor — Latin American Studies*

30 credits

- Two courses in Spanish at the 200 or 300 level
- 10 credits in HIST 273, 274 or ANTH 365
- Remainder in courses relating to Latin America from at least one other academic department other than Spanish

For further information and advisement, consult the Department of History.

**GRADUATE STUDY**

For concentrations leading to the Master of Arts degree and for information concerning the archival training program, see the *Graduate School* section of this catalog.

# HISTORY

## COURSES IN HISTORY (HIST)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### 103, 104 INTRODUCTION TO AMERICAN CIVILIZATION (4 ea)

#### 103 AMERICAN HISTORY TO 1865

From the prehistoric period to the end of the Civil War.

#### 104 AMERICAN HISTORY SINCE 1865

From the end of the Civil War to the present.

### 111,112,113 INTRODUCTION TO WESTERN CIVILIZATION (4 ea)

Need not be taken in sequence. Human development in the Western world; emphasis upon ideas, institutions, forces and movements shaping contemporary life.

#### 111 PREHISTORY TO 476

Survey of the political, social and cultural history of occidental civilization from prehistory to the collapse of the Roman empire.

#### 112 476-1713

Survey of the cultural, political, social and economic history of Europe from the early Middle Ages to the signing of the Treaty of Utrecht.

#### 113 1713-PRESENT

Survey of the political, social, economic and diplomatic history of Europe from the opening of the Enlightenment to the present.

#### 199 THINKING HISTORICALLY (4)

Introduces the fundamentals of historical inquiry and reasoning, and the value of knowing the past. Explores the ways the sense of the past informs the contemporary culture.

#### 261 BLACK HISTORY IN THE AMERICAS (5)

The cultures and achievements of blacks in the Americas.

#### 263 AFRICAN AMERICANS SINCE 1865 (4)

Prereq: HIST 104. Analyzes the experience of African Americans since 1865, with special attention to gender and politics.

#### 265 LESBIAN AND GAY EXPERIENCE IN AMERICAN HISTORY (4)

Examines the lesbian and gay experience in American history from 1870-1990. Specifically, it examines how lesbian and gay people formed identities, communities, and civil rights movements.

#### 273 LATIN AMERICA: 1492-1824 (5)

Political, economic and sociocultural trends from the Spanish conquest through the independence movements.

#### 274 LATIN AMERICA: 1824 TO THE PRESENT (5)

Political, economic and sociocultural trends from the post-independence period to the 1990s.

#### 275 THE INDIAN IN AMERICAN HISTORY (5)

Prereq: sophomore status. Events and persons critical to history of North American Indians; review of interpretations of Indian cultures and history.

#### 277 CANADA: A HISTORICAL SURVEY (4)

Canadian history from aboriginal occupation to the present.

#### 280 INTRODUCTION TO EAST ASIAN CIVILIZATIONS (5)

The origins and evolution of the political, economic and social aspects of East Asian civilizations through the early modern period. Also taught as EAST 201.

#### 281 EAST ASIAN HISTORY IN THE EARLY-MODERN AND MODERN ERAS (5)

Examines political, cultural and social aspects of East Asian civilizations in the early-modern and modern periods. Also taught as EAST 202.

#### 285 INTRODUCTION TO AFRICAN CIVILIZATIONS (5)

An introduction to the history of Africa, with emphasis on the development of African societies and civilizations from antiquity to modern times.

#### 286 MODERN AFRICA (5)

History of Africa during and after colonial rule. Emphasis is on African reactions to European rule, nationalist movements and the problems of independence.

#### 287 INTRODUCTION TO ISLAMIC CIVILIZATION (5)

A thematic approach to religious and cultural aspects of Middle Eastern society; the development of Islam as a body of religious thought and practice; and major cultural movements in the Middle East.

#### 310 HISTORY OF ANCIENT MESOPOTAMIA (5)

Prereq: HIST 111 or LBRL 121 or permission of instructor. Introduction to

the culture and history of Mesopotamia from the dawn of civilization to the end of the Roman era. Emphasis on the civilizations of the Fertile Crescent, including the Sumerians, Babylonians, Assyrians, and Hittites.

#### 311 HISTORY OF ANCIENT EGYPT (5)

Prereq: HIST 111 or LBRL 121 or permission of instructor. Introduction to the culture and history of ancient Egypt. Focus on reading and discussing both modern textbooks and translations of ancient texts to gain an understanding of the people behind the pharaohs and the pyramids.

#### 312 HISTORY OF ANCIENT GREECE (5)

Prereq: HIST 111 or LBRL 121 or permission of instructor. Introduction to the culture and history of ancient Greece, including the Bronze Age Aegean. Explores ancient Greece from the beginnings of Minoan civilization on Crete through the rise of Alexander and the Hellenistic world.

#### 313 HISTORY OF ANCIENT ROME (5)

Prereq: HIST 111 or LBRL 121 or permission of instructor. The political and social development of Rome from village to republic to empire, including an exploration of the whole of the Roman world and its impact on the development of Mediterranean civilization.

#### 314 THE ENLIGHTENMENT TRADITION (5)

Prereq: HIST 113 or LBRL 123. An intellectual and cultural survey of modern Western History (circa 1600 to the present) using the philosophy of the eighteenth-century European Enlightenment as a reference point.

#### 315 EUROPE IN THE EARLY MIDDLE AGES (300-1050) (5)

Prereq: HIST 112 or LBRL 122 or permission of instructor. Western Europe from late antiquity through the feudal era; particular attention to Roman-barbarian interchanges, Christianization and the rise, apogee and decline of the Carolingian empire.

#### 316 EUROPE IN THE HIGH MIDDLE AGES (1050-1450) (5)

Prereq: HIST 112 or LBRL 122 or permission of instructor. Western Europe from c. 1050 to the end of the Middle Ages; focus on social, economic, religious and cultural developments.

#### 325 MARRIAGE AND THE FAMILY IN EUROPEAN HISTORY (4)

Prereq: HIST 112 or anthropology major or sociology major or LBRL 122. A study of the development of marriage patterns and family structures in medieval and early modern Europe.

#### 333 IMPERIAL RUSSIA, 1689-1917 (4)

Prereq: HIST 113 or LBRL 123 (preferred). Survey of major political, social and economic developments of Russia from Peter the Great to the fall of the Romanov dynasty.

#### 334 HISTORY OF SOVIET RUSSIA (4)

Prereq: HIST 113 or LBRL 123 (preferred). Russian history from the fall of the Romanovs to the fall of the Communist Party; emphasis on continuity and change.

#### 336 COMPARATIVE IMPERIALISMS: SELECT CASE STUDIES (5)

Prereq: sophomore status. Examines several imperial powers, their controls and methods, their attitudes to race questions, their influence on the colonial peoples and economies.

#### 348 EUROPEAN INTELLECTUAL HISTORY (5)

Prereq: HIST 113 or LBRL 123. A study of the evolution of Western thought from the Middle Ages to the present with primary emphasis on the era since 1700.

#### 362 ASIAN AMERICAN HISTORY (4)

Prereq: HIST 103 or 104 or AMST 203, 205 or 301. Contributions Asian Americans have made to the development of the United States with emphasis on immigration, adaptation, settlement and their struggle for justice and equity. Also taught as AMST 362.

#### 364 FILM AS HISTORY (4)

Prereq: any introductory American or European history course or one of the following: LBRL 121, 122, 123. Readings and related films on selected historical topics; subject and course content varies with instructor. Repeatable with various topics.

#### 365 GREAT PERSONALITIES IN AMERICAN HISTORY (5)

Prereq: sophomore status. Biographical approach based on evaluation of careers of typical leaders in public affairs, the arts and ideas.

#### 367 U.S. WOMEN TO 1865 (5)

Prereq: HIST 103 or 104. A survey of the changing social, economic and political roles of women in the United States from settlement through the Civil War.

**368 U.S. WOMEN FROM 1865 (5)**

Prereq: HIST 103 or 104. A survey of the changing social, economic and political roles of women in the United States from the Civil War to the present.

**369 TOPICS IN U.S. WOMENS HISTORY (4)**

Prereq: HIST 103 or 104. Explores various topics in U.S. women's history. Topics will vary. See department for specific topic.

**370 CHINESE HISTORY TO 600 AD (4)**

The evolution of early civilization and the first stage of high civilization in China to the Tang dynasty.

**371 CHINESE HISTORY 600-1800 (4)**

Political, socioeconomic and intellectual trends during the eras of highest development of the imperial system.

**372 CHINESE HISTORY 1800 TO PRESENT (4)**

China's development from the relative peace and prosperity of the late 18th century through the devastating wars and imperialist incursions of the 19th century to the struggle in the 20th century to create a modern nation-state and regain a position of wealth and power in an often hostile world. Survey ends with the crushing of the pro-democracy movement at Tiananmen in 1989 and its consequences. Chinese materials in translation will help students explore how individuals experienced the major political, cultural, social and economic transformations of the past two centuries.

**374 HISTORY OF PRE-MODERN JAPAN (4)**

Prereq: HIST 280 or 281 or EAST 201 or 202 or permission of instructor. A general survey tracing the development of Japan's unique civilization from its earliest beginnings through the first half of the 19th century. Japan's diverse artistic, religious and intellectual traditions will be presented in sociohistorical context. Topics include the creation/maintenance of Japan's distinct national identity in the face of cultural borrowing, the role of religion in Japanese society, a critical analysis of the Bushido Way of the Warrior ethic, and the importance of the Imperial Institution for Japanese unity.

**375 HISTORY OF MODERN JAPAN (4)**

Prereq: HIST 280 or 281 or EAST 201 or 202 or permission of instructor. Traces Japan's evolution into a 20th-century world power from the Meiji Restoration (1868 C.E.) to the late Showa period. Sociopolitical history is emphasized. Major topics include the nature of the Meiji Restoration itself; the forces affecting Japan's modernization; internal and external pressures upon the Japanese state (both pre- and post-war); the importance of *Tennosei* Emperor System; the impact of the Occupation; and Japan's role in the New World Order.

**376 FRENCH COLONIAL CANADA 1534-1763 (4)**

Prereq: any history course. A history of people and events making the social, cultural, political and economic structures of Canada under French colonial rule. Themes include colonialism, relationships with First Nations, religion, authority, social structures, gender, war and peace, and the nature of the Conquest.

**378 CANADA: A NATION OF IMMIGRANTS (4)**

Prereq: HIST 277 or permission of instructor. Examination of the impact of immigration on Canadian development from the perspective of the host societies and the immigrants. Themes explored will include ethnic relations, labor, gender and politics.

**385 PRE-COLONIAL AFRICA (5)**

Prereq: sophomore status. Development of African societies and states up to the European partition.

**386 SOUTHERN AFRICA (5)**

Prereq: sophomore status. Development of African and European societies in South Africa and neighboring states, their relations and conflicts.

**387 HISTORY OF THE JEWS (5)**

Prereq: one of the following HIST 111, 112, 113, 287, or LBRL 121, 122, 123, or any upper-division European or Middle Eastern history course, junior status or above. An analysis of Jewish history and culture in medieval and modern Europe and in the classical and modern Middle East culminating in the development of the Jewish state in the Middle East.

**388 EAST AFRICA (4)**

Prereq: sophomore status. Imperialism, African nationalism and recent conflicts in Kenya, Tanzania, Uganda, Somalia and Mozambique.

**390 TOPICS IN HISTORY (3-5)**

Prereq: junior status. Specialized topics in history. The subject of each

individual course and its prerequisite will be announced in the *Timetable of Classes*. Repeatable to 10 credits.

**391 HISTORY OF THE PACIFIC NORTHWEST (4)**

Prereq: sophomore status. General history of the Pacific Northwest, state development, samples of local history, and state and local government. Required for certification of secondary school social studies teachers.

**398 METHODS OF RESEARCH AND ANALYSIS (4)**

Prereq: three upper-division courses. Familiarizes students with the application of a wide variety of historical methods and tools. Also focuses on different techniques in data analysis, source criticism and historiography.

**408 THE SECOND WORLD WAR (4)**

Prereq: junior status. Examines the causes and conduct — political, military and economic — of World War II, 1939-1945, the great mid-20th century conflict between the Axis and Allied powers.

**410 THE FIRST CITIES: URBANIZATION IN THE ANCIENT WORLD (4)**

Prereq: junior status and HIST 111 or 310 or 311 or 312 or 313 or LBRL 121. Survey of the emergence and development of cities in antiquity, and of daily life in those cities, from the first urban experiences in Mesopotamia through the Greek city-states and up to the imperial city of Rome.

**415 UNDERGRADUATE SEMINAR IN MEDIEVAL HISTORY (4)**

Prereq: upper-level course in medieval European history and permission of instructor. Focus is on selected topics in medieval European history. Repeatable to a maximum of 8 credits.

**418 MEDIEVAL ENGLAND (4)**

Prereq: HIST 315 or 316 or any 300-level history course. A study of the social, religious and political development of England from the Anglo-Saxon migrations through the end of the War of the Roses. Charts the transformation of England from a minor, peripheral territory at the beginning of the Middle Ages to a central part of the European order at the end of the period.

**420 THE RENAISSANCE AND THE REFORMATION (5)**

Prereq: HIST 112 or LBRL 121; open to sophomores with permission of instructor. Transition from the Medieval to the Modern: Western Europe from the eve of the Hundred Years War to the Treaty of Westphalia (1337-1648).

**422 HISTORY OF MEDIEVAL ITALY (4)**

Prereq: HIST 112 or 315 or 316 or LBRL 122. A study of the most sophisticated and culturally influential region of medieval Europe. Primary focus on the communes of northern and central Italy in the period of 1050-1347, with some treatment also of the Lombard, Carolingian and Ottonian periods, and of the radically different patterns of development in southern Italy.

**425 MODERN EUROPE: 1648-1789 (5)**

Prereq: junior status. Development of the modern state system and the conflict between monarchs and the growing middle class.

**428 MODERN EUROPE: 1914-1945 (5)**

Prereq: junior status. The First World War and the results of that conflict, attempts at world organization, the states of Europe between the wars, the Second World War.

**431 GERMANY FROM 1750 TO 1914 (5)**

Prereq: junior status. Social, economic, cultural and political development from the age of the Enlightenment and Royal Absolutism to the outbreak of World War I.

**432 GERMANY FROM 1750 TO 1914 (5)**

Prereq: junior status. The impact of World War I; the Weimar Republic, the Third Reich and the period since 1945.

**435 WOMEN IN RUSSIA AND THE SOVIET UNION (4)**

Prereq: HIST 334 or permission of instructor. Examines women's interpretations of political developments and everyday experience in Russia and the Soviet Union since 1917.

**440 BRITAIN: 1688 TO THE PRESENT (5)**

Prereq: HIST 113 or LBRL 123 or equivalent. Political, social, economic and intellectual history of Britain from the Glorious Revolution to the present; development of parliamentary, economic and social institutions.

**441 FRANCE: 1453-1815 (5)**

Prereq: HIST 112 or 113 or LBRL 122 or equivalent. Analysis of the transformation of France from a multilingual, multicultural kingdom to

# HISTORY

centralized nation-state; special attention to competing religious confessions, family organization and the state, Louis XIV's policies and the French Revolution and the Napoleonic achievement.

## **442 FRANCE SINCE 1815 (5)**

Prereq: HIST 113 or LBRL 123 or equivalent. Social, economic and political development of France since Napoleon with special emphasis on the impact of the Revolution on 19th-century society and politics, the effects of industrialization, the secularization of French culture, and post-war efforts to retain a distinct place in world politics.

## **447 HISTORY OF THE SCIENCES OF NATURE (4)**

Examines the historical roots and development of the sciences of nature in Europe and the United States, 1600-2000. Will combine history of science with social and cultural history.

## **449 EAST CENTRAL EUROPE AND THE BALKANS SINCE 1900 (5)**

Prereq: junior status. The place of the East European nations. Poland, the Czech Republic, Slovakia, Hungary, the Balkan states in European and world politics. Offered in alternate years.

## **450 AMERICAN COLONIAL HISTORY (4)**

Prereq: junior status. The settlement of the English colonies in America and their political, economic, religious and social developments to the mid-18th century.

## **454 THE CIVIL WAR AND RECONSTRUCTION (4)**

Prereq: junior status. Development of sectionalism; problems of war in North and South; efforts toward reunion; the failure of Reconstruction.

## **455 THE AMERICAN REVOLUTION (4)**

Prereq: junior status. Nature of colonial society, mid-18th century; origins of the patriot movement; military course of the war and the effect of war on the composition of American society.

## **458 THE UNITED STATES: 1900-1941 (5)**

Prereq: junior status. Political, social and economic trends from the beginning of World War I to World War II.

## **459 THE UNITED STATES SINCE 1941 (5)**

Prereq: junior status. Internal and international consequences of the rise of the United States as a world power since World War II.

## **460 AMERICAN ENVIRONMENTAL HISTORY (4)**

Prereq: junior status and HIST 103 or 104. The role and place of nature in American culture from the colonial era to the present, with some comparisons to significant and kindred human-nature interactions elsewhere. Emphasizes the history of cultural constructions of nature, on America perceptions and conceptions of nature, on the transnational character of many environmental problems and ideas and the environmental consequences.

## **461 U.S. URBAN HISTORY (5)**

Prereq: HIST 104 and junior status. Examines the development of cities and suburbs in the United States, primarily since the Civil War. Special attention given to the importance of race, ethnicity and gender in the shaping of urban cultures.

## **463 LATINAS AND LATINOS IN THE U.S. WEST (4)**

Prereq: sophomore status and HIST 104 or AMST 203. Analyzes the experiences of Latinas and Latinos in the western United States; special attention to gender and to the development of ethnic and cultural identities.

## **464 COMPARATIVE FOREST HISTORY (4)**

Prereq: junior status and HIST 103 or 104. History of the relationship between humans and forests in selected locales and regions in different parts of the world. Compares and identifies key differences and similarities in human-forests relationships in different places.

## **465 HISTORY OF SEXUALITY IN THE UNITED STATES (4)**

Prereq: HIST 103, 104 or 8 credits U.S. history. Examines the changing definitions of sexuality from European settlement to 1988.

## **467 AMERICAN CULTURAL HISTORY, 1790-1880 (4)**

Prereq: junior status. American social and cultural history, late colonial era to early 20th century.

## **469 ORIGINS OF THE OLD SOUTH, 1512-1775 (4)**

Prereq: junior status. Analysis of processes which transformed southern colonies into a distinct region: interaction of Indians, blacks and whites; evolution of slavery and the plantation system; competing concepts of family, place and economy; influence of climate and geography; politicization and ideology.

## **470 THE OLD SOUTH, 1776-1860 (4)**

Prereq: junior status. Analysis of plantation system, social relations, politics and slavery. Explores a variety of primary and secondary sources for understanding the Antebellum South.

## **471a WOMEN AND GENDER IN COLONIAL LATIN AMERICA (4)**

Prereq: HIST 273 or 274, junior status or permission of instructor. A thematic and chronological approach to gender relations in Latin America from 1500 to 1824.

## **471b WOMEN AND GENDER IN LATIN AMERICA: 1825 TO PRESENT (4)**

Prereq: HIST 273 or 274 and junior status or permission of instructor. A thematic and chronological approach to gender relations in Latin America from 1825 to the present.

## **472 THE LEGACY OF THE INCAS (4)**

Prereq: HIST 273 or 274 and junior status or permission of instructor. Examines the Incaic period (1400-1532) and the Inca "legacy" from the colonial to the present from an ethnohistorical perspective.

## **474 HISTORY OF MEXICO (5)**

Prereq: junior status. Mexican history from pre-conquest Indian cultures to the present.

## **480 MODERN CHINESE SOCIAL HISTORY (4)**

Prereq: HIST 372 or 281. A comprehensive exploration of key themes and topics in the social, cultural, economic, and political histories of late-imperial and modern China. Long-term processes such as China's interaction with the West, the demise of the imperial system and the creation of a Western-influenced structure of government, the globalization of the economy, the rise of a Western-oriented bourgeoisie, and an agrarian crisis form the backdrop to the Opium Wars, the Taiping Rebellion, the Boxer Uprising, the 1911 Revolution, the Chinese Renaissance, and the rise of the Nationalist and Communist parties.

## **481 THE CHINESE REVOLUTION (4)**

Prereq: HIST 281 or 372. Explores key passages in China's long revolutionary struggle, including Sun Yat-sen's 1911 Revolution, the May 4th Movement, Chiang Kai-shek's National Revolution of 1925-27, Mao Zedong's peasant-based Communist revolution, the Cultural Revolution, and the pro-democracy movement at Tiananmen in 1989. Social, cultural, and political perspectives emerge from first-person and scholarly accounts, novels, and films that students use to explore this vast and still controversial topic.

## **483 EDO SOCIAL HISTORY (5)**

Prereq: HIST 280 or 281, or EAST 201 or 202, plus a 300-level Japanese history course or permission of instructor. This course investigates the Edo period in depth by looking at Tokugawa society. Daily life as well as legal codes, official dogma and ideologies are examined. Topics include Tokugawa religions and politics, popular culture, Western Studies, Tokugawa social structure, education, women's political involvement, Bushido, the family, art and literature, science, and the economic sphere.

## **484 WOMEN IN JAPANESE HISTORY (5)**

Prereq: HIST 280 or 281, or EAST 201 or 202, plus a 300-level Japanese history course or permission of instructor. Examines the diverse roles and fluctuating status of Japanese women from the beginnings of history to modern times. Possible topics: women and Japanese religions, women's political involvement, education and indoctrination, family roles, Japanese feminism, contributions to art and literature, and economic roles.

## **485 JAPANESE MILITARY HISTORY: SAMURAI FACT AND FICTION (5)**

Prereq: HIST 280 or 281, or EAST 201 or 202, plus a 300-level Japanese history course or permission of instructor. Evolution and influence of Japan's military from the beginnings of history to modern times. Dispels popular misconceptions about Japanese warriors and Japan's martial traditions, and addresses military realities as well as formal ideologies. Topics include the evolution of the military class, important battles, translated war tales (*gunki monogatari*), the evolution of military skills and technology, the military's political involvement over time, the myth of Bushido, martial traditions cultural contributions and influences, and the relationship between Japan's religious and martial spheres.

## **486 RELIGION IN JAPANESE HISTORY (5)**

Prereq: HIST 280 or 281, or EAST 201 or 202, plus a 300-level course in Japanese history or permission of the instructor. An examination of the

symbiotic relationship between state and religion throughout Japanese history. Although basic doctrines will be considered, emphasis of the course will be sociopolitical rather than metaphysical. Examples of topics: the formation of the Shinto tradition, Millenarianism, Buddhist institutions and temporal power, women and evolving religious tenets, European missionaries and Sengoku politics, Yasukunjinja and modern politics, and the religio-political nature of the Imperial institution.

#### **487a THE TRADITIONAL MIDDLE EAST (5)**

Prereq: junior status. From the 6th century to 1800.

#### **487b MIDDLE EAST, 1800 TO THE PRESENT (5)**

Prereq: junior status.

#### **487c HISTORY OF ISRAELI/PALESTINIAN CONFLICT (5)**

Prereq: HIST 113 or LBRL 123, or permission of instructor and junior status. Emergence of Israeli and Palestinian national identities and competition for control of territory and state formation.

#### **488 MODERN EGYPT, LIBYA AND THE NILE VALLEY (5)**

Prereq: junior status. The emergence of modern states in Northeast Africa including Egypt, Libya, the Sudan, Ethiopia and Somalia in an age of imperialism and nationalism.

#### **491 REGIONAL AND LOCAL COMMUNITY HISTORY (4)**

Prereq: HIST 391. The detailed examinations of definitions of communities, interdisciplinary methods of analysis, and use of local source materials to understand the connections among the local, regional, national and global with a focus on, but not necessarily limited to, the Pacific Northwest and U.S. West.

#### **499 HISTORICAL RESEARCH (4)**

Prereq: one upper-division course in field of 499 topic. Research and writing of a formal paper on a topic developed by the student. Students normally work under an instructor within the field of their choice. Limited to declared history majors with junior status. Also taught as EAST 302 (selected sections only). Requires departmental preregistration, which occurs each spring. Writing proficiency course.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

*Graduate seminars are repeatable for credit with different topics and with the permission of the instructor. Archival courses (except HIST 592) are not repeatable. No seminar may be repeated more than once.*

#### **501 HISTORIOGRAPHY (4)**

A survey of the methods and concepts of historical research, analysis and writing from ancient to modern times.

#### **505 CONTEMPORARY HISTORICAL METHODS (4)**

Prereq: HIST 501. A survey of current historical practice, including quantitative methods, deconstruction, economic history, comparative history, and intellectual and cultural history. Readings in current practice and papers are expected of students.

#### **512 THE ANCIENT WORLD (4)**

Prereq: one upper-level course in ancient history or permission of instructor. Selected topics in ancient history and the historiography of the ancient world.

#### **515 MEDIEVAL HISTORY (4)**

Prereq: one upper-level course in medieval history or permission of instructor. Selected studies from the Fall of Rome to the late Middle Ages. Repeatable.

#### **520 RENAISSANCE AND REFORMATION (4)**

Readings in the history of Europe from 1337-1848. Repeatable.

#### **533 RUSSIAN HISTORY (4)**

Prereq: HIST 434 or equivalent, or permission of the department. Selected topics in Russian, Soviet, and post-Soviet history and historiography.

#### **536 BRITISH HISTORY (4)**

Prereq: one undergraduate course in British history or permission of the department. Selected topics in British history or historiography.

#### **540 MODERN EUROPEAN HISTORY (4)**

Prereq: HIST 428 or equivalent or permission of the department. Selected topics in modern European history and historiography beginning as early as the Renaissance.

#### **550 COLONIAL AMERICAN HISTORY (4)**

Prereq: HIST 450 or equivalent or permission of the department. Selected topics in American colonial history through the mid-18th century.

#### **552 U.S. SOUTH, 1512-1860 (4)**

Prereq: graduate status. Examination of the colonial and antebellum periods: slavery, plantation system, politics and social relations.

#### **553 AMERICAN ENVIRONMENTAL HISTORY (4)**

Prereq: graduate status in history or permission of instructor. Readings seminar focusing on the literature on the history of the interaction of nature and society in America. Concentration on methods in environmental history. Also offered as ENVR 553.

#### **554 CIVIL WAR AND RECONSTRUCTION (4)**

Selected topics in the history and historiography of the U.S. Civil War and Reconstruction eras.

#### **555 U.S. WOMENS HISTORY (4)**

Selected readings in U.S. womens history.

#### **556 TOPICS IN LATIN AMERICAN HISTORY (4)**

Prereq: graduate status. Selected readings in Latin American history. Repeatable.

#### **558 20th-CENTURY AMERICAN HISTORY (4)**

Prereq: undergraduate preparation in American history or permission of instructor. Topics in 20th-century American history.

#### **560 READINGS IN NORTH AMERICAN INDIAN HISTORY (4)**

Prereq: graduate status. Readings on the history and historiography of Native North America.

#### **563 U.S. URBAN HISTORY (4)**

Prereq: graduate status. Readings that relate to the history of U.S. cities and suburbs. Primary focus on the 20th century.

#### **565 SEMINAR IN U.S. LABOR AND IMMIGRATION HISTORY (4)**

Prereq: graduate status. Readings on the history and interpretations of U.S. labor history (not confined to institutional studies) and immigration history.

#### **566 19TH CENTURY AMERICAN CULTURAL HISTORY (4)**

Explores closely related topics in American cultural history between the post-Revolutionary era and roughly the end of Reconstruction. Examines topics and methodologies characteristic of recent work in this field.

#### **567 PRESERVATION OF ARCHIVAL MATERIALS (4)**

Prereq: HIST 595. Examination of issues in managing a preservation, conservation and disaster preparedness program for archives; and lectures, demonstrations and practical exercises in the conservation and repair of archival media.

#### **568 ADVANCED SEMINAR IN ARCHIVES AND RECORDS MANAGEMENT (4)**

Prereq: HIST 599b or permission of instructor. Readings in selected aspects of archives administration and the management of current records and information systems.

#### **571 CANADA (4)**

Prereq: graduate status. Selected topics in Canadian social history. Repeatable.

#### **582 REPUBLICAN AND COMMUNIST CHINA (4)**

Prereq: HIST 482 or equivalent or permission of the department. Readings in the history of China from 1912 to the present.

#### **587 SEMINAR IN MIDDLE EASTERN HISTORY (4)**

Prereq: undergraduate preparation in Middle Eastern history or permission of instructor. Topics in Middle Eastern history.

#### **588 AFRICA (4)**

Prereq: undergraduate preparation in African history or permission of instructor. Selected topics in the history and historiography of Africa in the pre-colonial, colonial, and/or modern eras.

#### **590w DIRECTED HISTORICAL RESEARCH (4)**

Prereq: Enrollment limited to students pursuing the non-thesis Master of Arts. Directed research in historical topics by arrangement with the instructor. Counts as a writing seminar and may be repeated once with a different topic.

#### **591 SEMINAR IN AMERICAN WESTERN AND REGIONAL HISTORY (4)**

Prereq: HIST 595. Project-based application of principles of archives and/or records management, under direct supervision of a professional archivist or

## HISTORY

---

records manager. Specific topics may vary. A written project proposal must be approved by director of graduate program in archives and records management. Repeatable to a maximum of 6 credits. S/U grading.

### **593 READINGS IN PACIFIC NORTHWEST HISTORY (4)**

Prereq: graduate status. Readings on the history and interpretations of the region, its similarities to and differences from other North American regions.

### **594 COLLECTIONS MANAGEMENT AND USER SERVICES (4)**

Prereq: HIST 595. Detailed examination of archival collecting policies, acquisitions, appraisal, access policies, reference services, outreach and related issues.

### **595 HISTORY AND PRINCIPLES OF ARCHIVES ADMINISTRATION AND RECORDS MANAGEMENT (6)**

Prereq: minimum of 25 undergraduate credits of history or an allied discipline. An overview of the characteristics and uses of records and archival materials, and of the historical development, essential principles, and major functions of the archives and records management professions.

### **596 ARRANGEMENT AND DESCRIPTION OF ARCHIVES (4)**

Prereq: HIST 595. Detailed examination of archival arrangement and description systems, including both manual and automated applications, the USMARC cataloging format, and Encoded Archival Description and other access systems. Practicum project required.

### **598 RECORDS AND INFORMATION MANAGEMENT (4)**

Prereq: HIST 595. Detailed examination of principles, methodology and current issues in managing records in office information systems, including requirements for managing electronic records and for developing and applying automated techniques. Practicum project required.

### **599a,b INTERNSHIP IN ARCHIVES AND RECORDS MANAGEMENT (10 ea)**

Prereq: HIST 596 or 598. Professional internship in a cooperating agency or organization. S/U grading.

### **690a RESEARCH AND WRITING SEMINAR: THESIS (4)**

Introduction to research, the use of primary source materials, auxiliary sciences, problems of interpretation, textual criticism and the use of bibliographical aides. A knowledge of foreign language or the use of statistics or computer programming may be required depending upon the topic of research.

### **690b RESEARCH AND WRITING SEMINAR: THESIS (4)**

Prereq: HIST 690 and a written thesis prospectus. Continuation of research begun in HIST 690a.

### **690c RESEARCH AND WRITING SEMINAR: THESIS (4)**

Prereq: HIST 690b. Emphasis upon writing the thesis.

# JOURNALISM

The journalism department offers a degree program, the Bachelor of Arts, and also maintains a commitment to the liberal arts tradition by offering courses in support of the General University Requirements and other departments.

Journalism majors and minors pursue theoretical and practical communication studies in a liberal arts setting. Students of journalism gain practical experience on Western's prize-winning student media, and majors additionally take field internships with newspapers, magazines, broadcast stations, public relations agencies and other professional organizations.

Courses in the news-editorial sequence emphasize the gathering, writing and ethical presentation of news. Understanding news processes and learning to report with accuracy, clarity and precision prepares graduates to communicate swiftly and lucidly in a changing world. Courses in the public relations sequence follow the news-editorial emphasis, adding communication and marketing skills important for careers in this rapidly growing field. A combined major, environmental studies/journalism, is available in cooperation with Huxley College.

Students are challenged to explore a range of other disciplines and to seek depth in one or more specialized areas through concentrations, major-minor combinations or even double majors.

Graduates find careers in newspapers, magazines, radio, television, publishing, advertising, public relations, teaching, and throughout government and industry wherever communications skills, with general knowledge, are vital.

Because enrollment in the journalism department is limited, students considering a major should consult a journalism advisor before embarking on classes beyond JOUR 190 and JOUR 207.

## DECLARATION OF MAJOR

The Department of Journalism offers two sequences leading to a Bachelor of Arts degree: a journalism sequence (news-editorial) and a journalism/public relations sequence. Students seeking admission to the major should see a member of the journalism faculty for advising and obtain a copy of admission requirements. Admission to the department and to specific courses may be limited.

Students seeking admission to the major must meet the following conditions:

- Have at least 30 college credits with a cumulative 2.50 grade point average
- Pass JOUR 207 with a B- or better (transfer students must meet the same requirement for any course accepted as an equivalent of JOUR 207 and also complete one additional non-staff journalism course with a B- or better)
- Complete with a B- or better one journalism staff course
- Submit a letter of application.

Students meeting qualifications but not admitted because of space limitations will be listed as pre-majors and admitted as space allows.

Majors must maintain a 2.50 grade point average in journalism courses. Students below that average for two consecutive quarters will be placed on probation; a third consecutive

quarter will result in removal from the major.

For additional details on admission to the major, consult the department secretary or any journalism faculty member.

## MID-PROGRAM CHECKPOINT

Students seeking to complete a BA degree in journalism within a four-year time span should have completed the following courses by the start of their junior year. Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

- JOUR 190, 207
- ENG 101
- 100- and 200-level GURs

## JOURNALISM FACULTY

**JAMES J. NAPOLI** (1999) Chair and Associate Professor. BA, MA, Boston College.

**CAROLYN DALE** (1977) Associate Professor. BA, MC, University of Washington.

**SHEARLEAN DUKE** (1999) Associate Professor. BS, Tennessee Tech University; MA, Chapman University.

**JOHN M. HARRIS** (2004) Assistant Professor. BA, Wittenberg University; MS, University of Oregon.

**LYLE E. HARRIS** (1976) Professor. BA, MA, University of Montana; PhD, University of Missouri.

**TIM PILGRIM** (1992) Chair and Associate Professor. BA, Western Montana College; MA, University of Montana; MA, PhD, University of Washington.

## BACHELOR OF ARTS

### *Major — Journalism*

#### *News-Editorial Sequence*

69 credits

- JOUR 207
- JOUR 190, 307, 309, 340, 350, 404, 450, 480
- Three courses from list (a), one course from list (b) and one additional from list (a) or (b), or ENVR 480:
  - (a) JOUR 214, 314, 414, 415
  - (b) JOUR 221, 321, 421, 422
- JOUR 430
- 15 upper-division credits in another academic area under departmental advisement
- Cumulative GPA of 2.50 or higher in major
- A maximum of 70 journalism course credits may be applied toward the 180-credit minimum for graduation

#### *Public Relations Sequence*

72 credits

- JOUR 207
- COMM 428
- MKTG 380
- JOUR 190, 307, 309, 330, 350, 404, 440, 480
- One course from list (a), one from list (b), and one additional from (a) or (b), or ENVR 480:
  - (a) JOUR 214, 314, 414, 415
  - (b) JOUR 221, 321, 421, 422
- JOUR 430

## JOURNALISM

- 15 upper-division credits in another academic area, under departmental advisement. Strongly recommended are courses covering graphic design in the art department, and courses on business organization and marketing in the College of Business and Economics. Please see a journalism department advisor for listing of recommended concentration courses and electives
- Cumulative GPA of 2.50 or higher in major. A maximum of 70 journalism course credits may be applied to the 180-credit minimum for graduation

### *Combined Major — Environmental Studies/ Journalism*

See the *Huxley College* section of this catalog.

### *Minor — Journalism*

32 credits

- JOUR 207
- JOUR 190, 307, 309, 340, 350
- One course from list (a), one from list (b), and one additional from (a) or (b), or Envr 480, or equivalent professional experience
  - (a) JOUR 214, 314, 414, 415
  - (b) JOUR 221, 321, 421, 422

## COURSES IN JOURNALISM (JOUR)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### **106 WRITING STRUCTURE (2)**

Prereq: permission of the instructor. Analysis of and skill development in sentence structure, syntax, English grammar, mechanics, usage and punctuation as applied to journalistic writing.

### **190 INTRODUCTION TO MASS MEDIA (5)**

Introduction to basic issues and problems facing journalists and the public as recipients of mass media messages in national and international society; nature, theory and effects of communication; media systems, structure and support; world news flow; media controls; First Amendment rights; ethical considerations.

### **207 NEWSWRITING (4)**

Writing for news media; clarity in use of language, style and punctuation; sentence and paragraph structure and organization of stories; credibility of information and news judgment; basic methods of researching and writing. Weekly news discussions based on a major national newspaper as one of the texts.

### **214 NEWSPAPER STAFF (2)**

Prereq: sophomore status; JOUR 207. Participation on the staff of the University newspaper; critiques in news reporting, writing, editing and make-up; editorial writing. Repeatable to 8 credits.

### **221 PERIODICAL STAFF (2)**

Prereq: sophomore status; JOUR 207; one newspaper staff course. Workshop in periodical design, layout and production; training in the creative combination of type, headlines, photographs and other illustrative material; text and caption writing; creative layout techniques; publication production; participation on the University periodical. Repeatable to a maximum of 6 credits.

### **305 PHOTOJOURNALISM (3)**

Prereq: ART 290 or equivalent experience; JOUR 207. Basics of news photography; use of equipment; news picture planning and coverage; composing effective news pictures; essentials of processing for publication; photographic notes and files; picture editing and layout; professional ethics and the law.

### **307 REPORTING (5)**

Prereq: JOUR 207. Interviewing, news coverage of community news sources with emphasis on public affairs reporting. Introduction to

computerized database reporting and investigative techniques. Writing for news media. May not be taken concurrently with Journ 309.

### **309 EDITING (5)**

Prereq: JOUR 207. News copy desk operations; editing; headline writing; dummyping; page make-up and news graphics; and computerized editing. May not be taken concurrently with JOUR 307.

### **314 NEWSPAPER STAFF (2)**

Prereq: junior status; JOUR 207. Participation on the staff of the University newspaper; critiques in news reporting, writing, editing and make-up; editorial writing. Repeatable to a maximum of 8 credits.

### **321 PERIODICAL STAFF (2)**

Prereq: junior status; JOUR 207; one newspaper staff course. Workshop in periodical design, layout and production, training in the creative combination of type, headlines, photographs and other illustrative material, text and caption writing; creative layout techniques; publication production; participation on the University periodical. Repeatable to a maximum of 6 credits.

### **330 PRINCIPLES OF PUBLIC RELATIONS (3)**

Prereq: JOUR 207 or ENG 101. Methods, tools and media used in planning and developing company, community and institutional public relations programs. Publicity and promotional techniques; copy preparation, case studies, news releases, publications, relations with the press.

### **340 HISTORY OF MASS MEDIA (3)**

Prereq: junior status. Historical backgrounds of journalism, tracing the rise of mass communications in the Western world with social, economic and political trends.

### **350 MASS MEDIA LAW (4)**

Prereq: junior status. Rights and legal restrictions on freedom of the press; constitutional guarantees as interpreted through the courts; libel, privacy, access to information, censorship, contempt, agency regulations.

### **351 PRESS ETHICS (3)**

Prereq: JOUR 207. Introduction to ethical theories; examination of press codes and standards; changing roles of the news media that affect moral reasoning for the journalist; responsibilities of the press in a world of instant communication and reaction; historical perspectives through case studies; use of reporting methods, headlines, pictures, and news play in print and broadcast.

### **360 LITERATURE OF JOURNALISM (3)**

Prereq: junior status. Reading and critical evaluation of literature by and about journalists.

### **370 ONLINE JOURNALISM (3)**

Prereq: JOUR 307, 309. Practice and study of journalism online. Examines how technological innovations are changing the ways print and broadcast journalists do their jobs, as well as the social, economic, ethical and legal implications of these changes. Students will learn advanced research techniques on the Internet, and to report, edit and design in an online environment.

### **390 THE NEWS PROCESS (4)**

Prereq: junior status required. Critical examination of current news issues and decision-making processes through visiting news media professionals, readings and discussion. Repeatable to 8 credits with various topics.

### **404 FEATURE WRITING (3)**

Prereq: JOUR 307; major status required. In-depth article writing; development of ideas, gathering of materials and writing; special attention to individual interests; exploration of freelance writing markets.

### **414 NEWSPAPER STAFF (2)**

Prereq: senior status, JOUR 207. Participation on the staff of the University newspaper; critiques in news reporting, writing, editing and make-up; editorial writing. Repeatable to 8 credits.

### **415 NEWSPAPER EDITORSHIP (3)**

Prereq: JOUR 207, one newspaper staff course, and permission of instructor. Publication editing and development; creating and implementing budget and advising on budget decisions; acting as mentor to assigned staff members; holding office hours and meetings outside scheduled class time; preparing reports and presentations for class and instructor; assisting with and taking part in workshops; office management and security; learning personnel communication skills; using advanced publication software and technology; making self-evaluation and production reports

for advisor. Repeatable to a maximum of 12 credits. This course may not be taken concurrently with a newspaper staff course.

**421 PERIODICAL STAFF (2)**

Prereq: senior status; JOUR 207; one newspaper staff course. Workshop course in periodical design, layout and production; training in the creative combination of type, headlines, photographs and other illustrative material; text and caption writing; creative layout techniques; publication production; participation on the university periodical. Repeatable to 6 credits.

**422 PERIODICAL EDITORSHIP (3)**

Prereq: JOUR 207, one periodical staff course, and permission of instructor. Publication editing and development; creating and implementing budget and advising on budget decisions; acting as mentor to assigned staff members; holding office hours and meetings outside scheduled class time; preparing reports and presentations for class and instructor; assisting with and taking part in workshops; office management and security; learning personnel communication skills; using advanced publication software and technology; making self-evaluation and production reports for advisor. Repeatable to a maximum of 9 credits. This course may not be taken concurrently with a periodical staff course.

**430 FIELD INTERNSHIPS (6)**

Prereq: JOUR 307, 309, 350, and newspaper staff courses; 330 for PR majors; written permission; major status required. Supervised field work on newspapers, magazines, radio and TV stations, public relations and

advertising agencies, or other appropriate professional situations; for journalism majors between junior and senior years; usually during summer session. S/U grading.

**440 PUBLIC RELATIONS RESEARCH AND CAMPAIGNS (4)**

Prereq: JOUR 330; major status. Study and practice in research methods, theory, implementation and evaluation of effective programs of communication. Emphasis is on establishing a firm theoretical and research-based approach to planning an effective public relations campaign.

**450 ADVANCED REPORTING (5)**

Prereq: JOUR 307. Survey and application of advanced reporting techniques, including computer-assisted reporting, and the use of the Internet, to produce news stories of depth, complexity and appeal.

**460 SPECIAL REPORTING PROJECT (3)**

Prereq: JOUR 307, 350 and three staff courses that include one each on Klipsun and Western Front. Students write about and photograph people who have ethnic, national, environmental or cultural backgrounds different from the dominant society; sensitivity to other cultural traditions; advanced reporting and writing skills.

**480 SENIOR SEMINAR (4)**

Prereq: JOUR 350; major status. Examines theories of mass communication, modern function of media in a democratic society. Research paper examines virtues and shortcomings of media, including interaction with economic, political and social environment.

© WWU Publishing Services

# LIBERAL STUDIES

Liberal studies is an interdisciplinary humanities department offering courses in comparative cultural study and the academic study of religion. Studies in the humanities address major ideas about human beings, their place in the universe, and how they should conduct their lives. The expression of these ideas in language, literature, philosophy, religion and art are considered in light of their historical and social contexts. Attention is given to historical development, cross-cultural interaction, and contemporary issues in the cultures of Europe and North America, South Asia, East Asia, Africa, and the Near East. The academic study of religion brings the tools of modern scholarship to bear on the literature and institutions of the religions of the world, understood as cultural forces.

The department is interdisciplinary in that its faculty are trained in a variety of academic fields and bring multiple scholarly perspectives to each of their courses. The department's objectives, implied in its title, are those traditionally associated with education in the liberal arts. It seeks to acquaint students with the content of major cultural traditions and with the principal modes of intellectual inquiry; to cultivate appreciation of human variety and tolerance for ambiguity; and to develop communication skills and habits of mind characterized by critical reflection, aesthetic sensibility, and continuing curiosity.

## INFORMATION

For additional information, contact the Department of Liberal Studies, Western Washington University, 516 High St., Bellingham, WA 98225-9084. The department office is located in Arntzen Hall 314, telephone 360-650-3031, fax 360-650-6713, e-mail: [lbrlstds@cc.wvu.edu](mailto:lbrlstds@cc.wvu.edu). Web access: [www.ac.wvu.edu/~lbrlstds/](http://www.ac.wvu.edu/~lbrlstds/)

- The department offers interdisciplinary courses which partially fulfill the WWU General University Requirements in humanities and in comparative, gender and multicultural studies; see the *University Graduation Requirements* section of this catalog for the complete General University Requirements and options for satisfying them
- The department offers a BA in humanities and a BA in humanities (elementary education); these majors offer integrated study in the materials and perspectives of the humanities — see below
- The department offers interdisciplinary minor programs in humanities and in the study of religion, and participates with other departments in the East Asian Studies program
- The department administers the Student/Faculty-Designed Major in the College of Humanities and Social Sciences and in the College of Sciences and Technology; this program allows students, in consultation with appropriate faculty, to design a course of study in areas not available through existing departmental majors

Additional information about all of the foregoing is available from the liberal studies office, Arntzen Hall 314.

## MID-PROGRAM CHECKPOINT

Students seeking to complete a humanities degree in liberal studies within a four-year time span should have completed the following courses by the beginning of their junior year. Major omissions from this list will make it difficult or

impossible to complete this degree within two additional years.

LBRL 121, 122, 123 plus 12-15 additional credits from the courses listed under Bachelor of Arts below. One course from LBRL 301, ENG 304 or HIST 314 or 348 is recommended for fall quarter of the junior year, if not taken previously. LBRL 302 should be taken spring quarter of the junior year. Transfer students should contact the department for advisement as early as possible.

For information or advisement, contact the Liberal Studies office.

## LIBERAL STUDIES FACULTY

**ROBERT F. STOOPS, JR.** (1983) Chair and Professor. AB, University of North Carolina at Chapel Hill; MDiv, Harvard Divinity School; MA, PhD, Harvard University.

**DAVID L. CURLEY** (1996) Associate Professor. BA, MA, PhD, University of Chicago.

**ANDREA GOGROF-VOORHEES** (1996) Associate Professor. BA, MA, University of Paris, Nanterre; PhD, University of Washington.

**JONATHAN MIRAN** (2003) Assistant Professor. BA, MA, Institute des Langues et Civilisations Orientales; PhD, Michigan State University.

**SEAN E. MURPHY** (2002) Assistant Professor. AB, MA, PhD, Cornell University.

**RODNEY J. PAYTON** (1970) Professor. BA, MA, Washington State University; PhD, University of Chicago.

**SCOTT PEARCE** (1992) Associate Professor. BA, Rutgers University; PhD, Princeton University.

**WILLIAM K. B. STOEVER** (1970) Professor. BA, Pomona College; MDiv, Yale Divinity School; MPhil, PhD, Yale University.

**MELISSA WALT** (2004) Visiting Assistant Professor. BA, Stanford University; MA, Yale University; PhD, University of Washington.

## BACHELOR OF ARTS

### *Major — Humanities*

64-70 credits

The BA in humanities provides interdisciplinary study of the humanities (literature, history, philosophy, religion, the arts) in Western and other civilizations. The course of study focuses on the manner in which societies create and modify their culture. It addresses methods of study in the humanities, as well as their traditional content. The major emphasizes critical reading, analysis and writing. Students who complete the major will have substantial acquaintance with significant literary texts, historical developments, and principal philosophical and aesthetic currents in Western civilization, and a sense of comparable phenomena in South and East Asian and African civilizations. Students will have opportunity to develop a sense of historical and cultural context and to develop analytical and expressive skills of broad application. The humanities major is intended to prepare students for knowledgeable and articulate participation in social and civic life rather than any particular vocation. Graduates have gone on to successful careers in a variety of public and private settings. The major has proven to be excellent preparation for graduate study in history, English, library science, or religion.

LBRL 121, 122, 123

One course from: PHIL 114, LBRL 231, 243

Two courses from: LBRL 271, 272, 273, 275, 276, 277, 278, 281, HIST 287

- LBRL 302
- One course from: LBRL 301, ENG 304, HIST 314, 348
- Three courses from LBRL 417a-d
- Electives under advisement from LBRL 323, 332, 333, 335, 337, 370, 371, 372, 373, 378; PHIL 320, 340, 350, 355, 360, 364-369, 420; upper-division history courses listed above but not taken, and HIST 315, 316, 420, 440, 441, 442; other appropriate upper-division courses
- LBRL 400, 499

An average grade of B in liberal studies courses is required for admission to LBRL 302. (NOTE: LBRL 302 is ordinarily offered spring quarter only.) LBRL 302 is prerequisite to LBRL 417a-d. LBRL 301 or ENG 304 or HIST 314 or 348 should be completed before enrolling in LBRL 417a-d. (NOTE: ENG 202 is prerequisite to ENG 304.) Permission of the instructor is required for enrollment in LBRL 417a-d. Students who are deficient in expository writing may be required to complete an appropriate additional writing course. LBRL 400 (2 credits) should be taken with a liberal studies faculty member in the quarter prior to enrolling in LBRL 499, to prepare adequately for the latter. It is recommended that students undertake study of a foreign language concurrently with the major.

For information or advisement, contact the liberal studies office.

### Major — Humanities — Elementary\*

44-46 credits

This major offers the same approach and much of the subject matter of the BA in humanities (above). It is designed to accompany the professional elementary education program. Students who complete the course of study will have substantial acquaintance with content and perspectives of the humanities in Western culture, and with methods of study that are broadly applicable to the teaching of the humanities.

- LBRL 121, 122, 123
- Two courses to be chosen from two of the three following groups: LBRL 231, 232; LBRL 243, 273; LBRL 271, 272, 273,\*\* 275, 276, 277, 278, 281
- LBRL 302
- One course from LBRL 301, ENG 304, HIST 314, 348
- Two courses from LBRL 417a-d
- Electives under advisement from LBRL 323, 332, 333, 335, 337, 370, 371, 372, 373, 378, 499 and other appropriate upper-division courses

\*Contact the liberal studies department prior to enrolling

\*\*LBRL 273 may be counted in one group only.

An average grade of B in liberal studies courses is required for admission to LBRL 302. (NOTE: LBRL 302 is ordinarily offered spring quarter only.) LBRL 302 is prerequisite to LBRL 417a-d. LBRL 301 or ENG 304 or HIST 314 or 348 should be completed before enrolling in LBRL 417a-d. (NOTE: ENG 202 is a prerequisite for ENG 304.) Permission of the instructor is required for enrollment in LBRL 417a-d. Students who are deficient in expository writing may be required to complete an appropriate additional writing course. LBRL 400 (2 credits) should be taken with a liberal studies faculty member in the quarter prior to enrolling in LBRL 499, to prepare adequately for the latter.

For information or advisement, contact the liberal studies office. (For information about teacher certification requirements and about the professional curriculum in elementary education, contact the elementary education department.) See the

*Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

### Minor — Humanities

31-32 credits

Interdisciplinary study of the traditional material of the humanities — i.e., major beliefs about and images of human beings and their place in society and the universe — in Western and other cultural traditions.

- LBRL 121, 122, 123
- One course from LBRL 231, 232, 243
- Two courses from LBRL 271, 272, 273, 275, 276, 277, 278, 281
- One course from LBRL 301, 302, 323, 332, 335, 337, 378 and other appropriate courses under advisement

### Minor — The Study of Religion

24-27 credits

Scholarly, critical, nonsectarian study of religious traditions and religious behavior; directed toward understanding of the role of religion in human experience and the complex relationship between religion and other cultural forms.

- LBRL 231
- Three courses from LBRL 271, 272, 278, 335; PHIL 113
- Remaining credits from the following: ANTH 330; ENG 336; LBRL 332, 333, 335, 337, 378; HIST 387; PLSC 480; other appropriate courses under advisement

For advisement regarding either minor, contact the Liberal Studies office.

## LIBERAL STUDIES COURSES (LBRL)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### 121,122,123 HUMANITIES (5 ea)

Interdisciplinary introduction to significant cultural themes from art, music, history, philosophy, literature in the Western tradition. (All three of these courses may be counted toward the GUR humanities requirement; they need not be taken in sequence.)

#### 121 THE WESTERN TRADITION I: THE ANCIENT WORLD

Concepts of man in Near Eastern and Mediterranean cultures: Mesopotamia, Egypt, Greece, Palestine, Rome.

#### 122 THE WESTERN TRADITION II: MEDIEVAL AND EARLY MODERN EUROPE

Emphasis on emergent "modernity" and associated problems of "world-view," authority vs. reason, the individual in the universe.

#### 123 THE WESTERN TRADITION III: MODERN WORLD

Nineteenth- and 20th-century ideologies; their philosophies of man; alienation and integration of the individual in society.

### 121a, 122a, 123a A FOUNDATION FOR THE LIBERAL ARTS (5 ea)

A three-quarter sequence in humanities, open to fall quarter entering freshmen only. Courses must be taken in sequence to meet the GUR requirement. For individual course descriptions, see above.

### 231 INTRODUCTION TO THE STUDY OF RELIGION (4)

Examination of religious phenomena from several scholarly perspectives; mysticism, corporate and individual religion, symbolism and ritual; theories of religion.

### 232 MYTH AND FOLKLORE (4)

Introduction to the study of myth and folklore and its cultural impact.

### 243 ART AND IDEAS (4)

A study of Western humanities through the visual arts, sculpture, painting and architecture. Exploration of the values expressed through choices of style and subject matter in selected cultural periods.

## LIBERAL STUDIES

---

### **271 HUMANITIES OF INDIA (4)**

The Indian experience and the development of its cultural unity; the challenge of Islam and the British colonial experience; the conditions of modernization and the emerging synthesis of values.

### **272 RELIGION AND SOCIETY IN CHINA AND JAPAN (4)**

Study of formal religious thought and of popular religion in traditional Chinese and Japanese cultures, the impact of Christian denominations and the character of contemporary religious life.

### **273 ART AND SOCIETY IN CHINA AND JAPAN (4)**

Studies of the aesthetic traditions of East Asia, courtly and popular, secular and religious; the impact of foreign ideas and the role of art in recent propaganda, architecture and industrial design as well as in traditional modes of expression.

### **275 HUMANITIES OF JAPAN (4)**

Interdisciplinary introduction to Japanese civilization, both traditional and modern, with particular emphasis on religions; historical, artistic, and literary patterns; and societal and cultural ideals.

### **276 HUMANITIES OF AFRICA (4)**

Introduction to the cultural heritage of sub-Saharan Africa and to the contemporary civilization that draws upon it; emphasis on the process by which Africans currently build and use coherent accounts of their heritage.

### **277 HUMANITIES OF CHINA (4)**

Interdisciplinary introduction to Chinese civilization, traditional and modern. Emphasis on religions; intellectual, artistic and literary patterns; and societal and cultural ideals.

### **278 HUMANITIES OF ISLAMIC CIVILIZATION (4)**

Interdisciplinary introduction to Islamic civilizations with an emphasis on shared religious, cultural, and societal ideals and their adaptation in various historical and geographical contexts.

### **281 REPRESENTATIONS OF OTHERNESS (4)**

Examination of images and narratives of the Other in major works of modern literature, art and film from the 19th century to the present. Themes include the roles of the unconscious, language, gender and politics in the construction and deconstruction of self and others.

### **301 HISTORICAL METHODS IN THE HUMANITIES (5)**

Prereq: junior status or permission of instructor; one course from LBRL 121, 122, 123 or HIST 111, 112, 113. Methods of cultural and intellectual history. Locating texts in their historical and cultural contexts by analyzing their authors, audiences and arguments.

### **302 METHODS OF INTERDISCIPLINARY STUDY (5)**

Prereq: LBRL 121, 122, 123, average grade of "B" in liberal studies courses and permission of instructor; ordinarily offered spring quarter only. Exploration of techniques of interdisciplinary investigation through analysis of a major literary text in its cultural and historical context; exercises in the use of the library as a research tool; preparation of a seminar paper.

### **323 THE ROMANTIC PARADOX: LOVE, LIFE, AND DEATH (4)**

Prereq: junior status or permission of instructor. Study of romanticism as a complex, international cultural movement originating in the late 18th century with continuing vitality and influence into the present. Exploration of characteristic Romantic tensions: the desire for unity, harmony, infinity and beauty vs. the experience of fragmentation, limitation and loss. Analysis of texts and films representing various facets of the Romantic mind.

### **332 UNIVERSAL RELIGIONS: FOUNDERS AND DISCIPLES (4)**

Prereq: junior status or permission of instructor. Beliefs and practices of

major world religions; traditional images of religious founders; development of religious traditions; historical and phenomenological perspective.

### **333 RELIGION IN AMERICA (4)**

Prereq: junior status or permission of instructor. Religious traditions, values and institutions in American culture; focus on character and development of American Protestantism, Roman Catholicism and Judaism; attention to contemporary issues and events; interdisciplinary perspective.

### **335 THE BIBLICAL TRADITION (5)**

Prereq: junior status or permission of instructor. Introduction to the academic study of the Bible, with focus on the development of central elements of the Biblical tradition under changing historical conditions. Analysis of representative sections of the Hebrew Bible (Old Testament) and New Testament as religious expressions in cultural context.

### **338 MYSTICISM (5)**

Prereq: junior status and at least one liberal studies course or permission. An interdisciplinary exploration of the nature and variety of mysticism. Theoretical debates concerning the psychological roots and cultural conditioning of mysticism. Includes an examination of important mystics in the Christian, Islamic, and East Asian traditions along with their significance for their respective societies.

### **370 MAJOR ASIAN AND AFRICAN TRADITIONS: THE TRADITIONAL ORDER (4)**

Prereq: junior status or permission of instructor. The basic cultural assumptions, value systems and social orders of China, Japan, India and Africa to the 19th century.

### **371 MAJOR ASIAN AND AFRICAN TRADITIONS: THEIR MODERN FATE (4)**

Prereq: junior status or permission of instructor. Modern challenges to the traditional orders of China, Japan, India and Africa and their responses; issues and models in reconciling traditional and modern values, indigenous and foreign forces.

### **372 INDIVIDUAL AND SOCIETY IN RECENT AFRICAN AND ASIAN LITERATURE (4)**

Prereq: junior status or permission of instructor. Effects of rapid change on individuals and resulting concern about the place of individuals in society, as expressed in novels, autobiography, poetry, and critical reflections on literature and culture from recent and contemporary Africa and Asia.

### **373 IDEOLOGY, POLICY AND EXPERIENCE IN THE CONTEMPORARY NON-EUROPEAN WORLD (4)**

Prereq: junior status or permission of instructor. Case studies of 20th-century Third World political leaders (e.g., Gandhi, Mao Tse-tung, Khomeini); their writings, actions, and influence upon non-European peoples; selected contemporary country case studies.

### **378 RELIGION AND SOCIETY IN INDIA (4)**

Prereq: junior status or permission of instructor. Examination of major Indian religious traditions — Hindu, Sikh and Islamic — as ritual systems, belief-and-value systems, and systems of social identification; emphasis on the relation of religion to social and gender identities, communal politics, and social change, chiefly in the modern period.

### **499 RESEARCH IN HUMANITIES (3)**

Prereq: two courses from LBRL 417a-d, senior status, LBRL 400, permission of instructor. Research and writing of a formal paper on a topic developed by the student in consultation with a faculty advisor. LBRL 400, Readings in Humanities (2), required in the quarter prior to LBRL 499.

# LINGUISTICS

Linguistics, the science of language, is an interdisciplinary field which relates to the diversity of the cultures and languages of the world. It is an integral part of most serious pursuits dealing with aspects of language study and/or analysis. As the boundaries of the world change, an understanding of individual languages and cultures becomes increasingly more important. Communication in this complex society requires knowledge of the workings of languages as well as their interrelationship with their respective cultures. All linguistics majors are expected to acquire a rudimentary knowledge of the functions of language at various levels and knowledge of the techniques/methods used in language analysis. A student of linguistics will thereby significantly advance his/her appreciation of linguistic and cultural diversity.

Students interested in pursuing a major or minor in linguistics should consult with Dr. Rudolf Weiss, director of the interdisciplinary program in linguistics, Humanities 253, 360-650-3927, for advisement. Fax: 360-650-6110, e-mail weiss@cc.wvu.edu. Web site: www.ac.wvu.edu/~linguist/.

## LINGUISTICS FACULTY

**RUDOLF WEISS**, Director. Modern and Classical Languages. General and applied phonetics, applied linguistics, general linguistics.

**EVA BAHARAV**, Communication Sciences and Disorders. Language acquisition, language analysis, language disorders.

**MASANORI DEGUCHI**, Modern and Classical Languages. Japanese linguistics, syntax and semantics.

**KRISTIN DENHAM**, English. Syntactic theory, morphology, sociolinguistics, psycholinguistics, Native American languages.

**SHAW N. GYNAN**, Modern and Classical Languages. Sociolinguistics, second language acquisition, syntax and phonology.

**JAMES W. HEARNE**, Computer Science. General linguistics, computational linguistics, narratology.

**LINDA KIMBALL**, Anthropology. Southeast Asian linguistics.

**ANNE LOBECK**, English. Syntactic theory, historical linguistics, sociolinguistics.

**NED MARKOSIAN**, Philosophy. Philosophy of language, metaphysics.

**FALLOU NGOM**, Modern and Classical Languages. Sociolinguistics, African linguistics, French phonetics and phonology.

**DWAN SHIPLEY**, Modern and Classical Languages. General linguistics, sociolinguistics.

**TRISH SKILLMAN**, TESOL. Language, teaching methodologies, sociolinguistics, second language acquisition.

**MASSIMILLIANO TOMASI**, Modern and Classical Languages, semiotics.

**EDWARD J. VAJDA**, Modern and Classical Languages. Morphology and semantics, language typology, general historical linguistics.

**JANET ZHIQUN XING**, Modern and Classical Languages. Chinese linguistics, historical linguistics, discourse analysis, SLA.

**LINA ZEINE**, Communication Sciences and Disorders. Phonetics, phonological acquisition.

### Linguistics Area Advisors:

**English** — Kristin Denham, Anne Lobeck

**Anthropology** — Linda Kimball

**Communication Sciences and Disorders** — Eva Baharav, Lina Zeine

**Computer Sciences** — James W. Hearne

**Modern and Classical Languages** — Shaw N. Gynan

**Philosophy** — Ned Markosian

**TESOL** — Trish Skillman

## Bachelor of Arts

### Major — Linguistics

55 credits

To declare a major in linguistics, students must have

completed the introductory course (LING 201 or ENG 370 or ANTH 348 or TESOL 401) with a grade of B or better and have a minimum overall GPA of at least 2.5.

- One college year of a non-IE language (Chinese, Japanese or Korean) or second year of other language (12-15 credits)
- LING 201 or ENG 370 or ANTH 348 or TESL 401; LING 204, 301, 302, 303, 314, 402 (must be taken twice)
- Additional credit concentration with at least one additional 400-level course in related department under advisement:

#### English option

- ENG 370 (replaces LING 201)
- Selected courses (may include ENG 436, 438, 439, 442) under departmental advisement

#### Anthropology option

- ANTH 201, 348 (to replace LING 201)
- One of the following under advisement: ANTH 247, 448

#### Communication Sciences and Disorders option

- Selected courses (from CSD 352, 353, 354, 356, 361, 373, 451, 465) under departmental advisement

#### Computer Sciences option

- Applicable courses in computational linguistics under departmental advisement
- Additional work under advisement

#### Modern and Classical Languages option

- 314 course in the language (4 credits)
- Additional credits under advisement; this may include a second foreign language or LANG 410

#### Philosophy option

- PHIL 102, 202, 403

#### TESOL option

- TESL 401 (replaces LING 201)
- TESL 420a, 420b

A presentation or co-presentation at one of the scheduled student colloquia is a requirement for completion of the major.

### Minor — Linguistics

25 credits

- LING 201 or ENG 370 or ANTH 348 or TESL 401; LING 204, 301, 302, 303, 314

## COURSES IN LINGUISTICS (LING)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### 201 INTRODUCTION TO LINGUISTICS SCIENCE (5)

Survey of linguistic method and theory.

### 204 SOCIOLINGUISTICS (4)

Examines the relationship between society and language, concentrating on the following areas: address forms, variation theory, language use, sociolinguistics and education, multilingualism, language policy and language attitudes.

### 301 PHONOLOGY (4)

Prereq: LING 201. Theory, methods and problems of phonological analysis and description.

## LINGUISTICS

---

### **302 MORPHOLOGY (4)**

Prereq: LING 201. Theory, methods and problems of morphemic analysis and description.

### **303 SYNTAX (4)**

Prereq: LING 201. Comparative survey of modern theories of grammar with special reference to syntax.

### **314 PHONETICS (4)**

Prereq: LING 201. Introduction to phonetics as a science, its history and contributions. Emphasis is on the function of the mechanism and on the production, perception and transcription of speech sounds used in various languages.

### **402 TOPICS IN LINGUISTICS (3-5)**

Prereq: permission of instructor. Readings and/or directed research as determined by instructor. Variable topic. Repeatable.

# MODERN AND CLASSICAL LANGUAGES

The Department of Modern and Classical Languages provides to Western Washington University students the skills to learn firsthand about major world societies. The department believes that the best way to understand a culture directly is through its language. The modern languages offered in the department — Chinese, French, German, Japanese, Russian and Spanish — are spoken natively by nearly two billion people. Latin and Classical Greek provide students with the tools to study directly written works that form the foundation of Western civilization.

In keeping with the aim of providing the skills needed to learn about a culture in depth, the department trains in two areas: language structure and literary analysis. Language structure is taught both holistically and analytically.

Holistic language learning is facilitated by modern methods and multimedia technology, as well as foreign study opportunities. The department supports the analytical instruction of language structure through a full range of language skills courses, as well as a significant number of courses in linguistics.

Literary analysis is essential to a student's understanding of the highest achievements in aesthetic expression of a culture's values. The department provides instruction in history and culture, as well as literary theory, with an end to enabling the student to gain access to the intellectual life in the culture.

Furthermore, the department imparts skills to future foreign language teachers so that they may similarly enable high school students to begin the acquisition of foreign languages. To this end the department includes specialists in foreign language methods.

The department provides Western students the opportunity to acquire intermediate skills in three Pacific Rim languages other than English and Spanish: Chinese, Japanese and Russian. The department also supports the studies of Latin and Greek, and houses the Classical Studies program.

Hence, the multifaceted programs of the department provide an opening to the world through language, literature, culture and civilization. It is, therefore, a meeting place for true diversity.

## MODERN AND CLASSICAL LANGUAGES FACULTY

**BRENT J. CARBAJAL** (1997) Chair and Associate Professor of Spanish. BA, Lewis and Clark College; MA, PhD, University of Washington.

**PETRA S. FIERO** (1995) Associate Professor of German. MA, PhD, University of Nebraska, Lincoln.

**SHAW N. GYNAN** (1986) Professor of Spanish and Linguistics. BS, Georgetown University; MA, University of Texas, El Paso; PhD, University of Texas, Austin.

**VICKI L. HAMBLIN** (1989) Professor of French. BS, Southwest Missouri State University; MA, Arizona State University; PhD, University of Arizona.

**CÉCILE HANANIA** (2002) Assistant Professor. PhD, University of Maryland; Doctorat, Université Paris; Maitrise, Université de Provence.

**JOAN M. HOFFMAN** (1994) Associate Professor of Spanish. BA, University of Washington; MA, University of North Carolina, Chapel Hill; PhD, Indiana University.

**FALLOU NGOM** (2002) Assistant Professor. MA, University of Montana; PhD, University of Illinois at Urbana-Champaign.

**EDWARD OUSSELIN** (2001) Assistant Professor of French. MBA, University of Kentucky; PhD, Ohio State University.

**MARÍA PAREDES-MÉNDEZ** (2002) Assistant Professor. MA, PhD, University of Kansas.

**CORNELIUS PARTSCH** (2003) Assistant Professor. MA, PhD, Brown University.

**DANIEL RANGEL-GUERRERO** (1969) Associate Professor of Spanish. AA, Sierra College; BA, Stanford University; MA, PhD, University of Oregon.

**WALTER F. SUESS** (1991) Associate Professor of German. BA, Ruhr-Universität, Bochum, Germany; MA, California State University, San Francisco; PhD, University of California, Davis.

**MASSIMILIANO TOMASI** (1998) Associate Professor of Japanese. Laurea (BA), University of Florence, Italy; MA, PhD, Nagoya University, Japan.

**KATHLEEN M. TOMLONOVIC** (1987) Associate Professor of Chinese. BA, Marycrest College; MA, Fordham University; MA, University of Iowa; PhD, University of Washington.

**JOHN H. UNDERWOOD** (1988) Professor of Spanish. BA, Arizona State University; MS, Georgetown University; PhD, University of California, Los Angeles.

**EDWARD J. VAJDA** (1987) Professor of Russian and Linguistics. BA, Indiana University; MA, PhD, University of Washington.

**RUDDOLF WEISS** (1970) Professor of German and Phonetics/Linguistics. BA, BA in Ed, Western Washington State College; MA, PhD, University of Colorado.

**JANET Z. XING** (1999), Associate Professor of Chinese and Linguistics. BA, Shanxi University, China; MA, Western Michigan University; PhD, University of Michigan, Ann Arbor.

**MICHIKO YUSA** (1983) Professor of Japanese and East Asian Studies. BA, International Christian University (Tokyo); MA, C Phil, PhD, University of California, Santa Barbara.

## MID-PROGRAM CHECKPOINT

Students seeking to complete a BA in French, German or Spanish within a four-year time span should have completed the second-year sequence (e.g., 201, 202, 203) in the language by the start of their junior year. Otherwise it will be difficult or impossible to complete this degree program within two additional years.

## BACHELOR OF ARTS

### *Language Major — French*

55 credits above the 100 level; GPA of 2.50 or above in major; maximum of 15 credits at the 200 level; FREN 425 is not applicable to major.

#### *Required Courses*

- FREN 301, 302
- FREN 314
- FREN 331 or 332
- Two of FREN 340, 341, 342
- FREN 385
- FREN 401 (must be taken on campus) and one other 400-level French course

### *Language Major — German*

55 credits above the 100 level; GPA of 2.50 or above in major; maximum of 15 credits at the 200 level; GERM 425 is not applicable to major.

#### *Required Courses*

- GERM 301 and 302
- GERM 305
- GERM 314
- GERM 331 or 332
- GERM 340
- GERM 341 or 343
- GERM 401 and 402 (must be taken on campus)

## MODERN AND CLASSICAL LANGUAGES

- GERM 450
- GERM 417 or 497

### *Language Major — Spanish*

Students seeking admission to the major must meet the following conditions:

- Complete SPAN 203 with a "B" or better (transfer students must meet the same requirement for any course accepted as an equivalent to SPAN 203)
- Complete at least one Spanish course at Western
- Submit application (available from Spanish coordinator or department office)
- Students meeting qualifications but not admitted because of space limitations may reapply

#### *Requirements*

- 55 credits above the 100 level; GPA of 2.50 or above in major; maximum of 15 credits at the 200 level; Spanish 425 is not applicable to major

#### *Required Courses*

- SPAN 301 and 302
- SPAN 314
- SPAN 331 or 332
- SPAN 340
- SPAN 351 or 352
- One of SPAN 450
- SPAN 401 and 402 (must be taken on campus)

### *Double Language Major — French, German, Spanish*

- 45 credits at the 200 level or above in a first language, 45 credits at the 200 level or above in a second language (90 credits total)
- GPA of 2.50 or above in both languages
- Student must successfully complete the most advanced skills course in both languages (must be taken on campus) as well as at least one course per language in culture, literature, and phonetics; limit of 15 credits at 200 level per language

### *Language Minor — Chinese, French, German, Russian or Spanish*

- A minimum of 24 credits at the 200 level or above, to include *three courses* at 300 or 400 level in minor language; GPA of 2.50 or above in minor language; limit of 15 credits at 200 level; 425 is not applicable to minor

#### *Required Courses*

- FREN 301 and 302; GERM, RUSS or SPAN 301, 302; or CHIN 301, 302, 303

### *Language Minor — German Area Studies*

24 credits

This minor is especially designed for students who major in fields like English, history or political science but is open to anyone who wishes to acquire a solid humanistic background in a wide area of topics related to German history and culture.

#### *Required Courses*

- GERM 417a Literature
- GERM 417b Film
- GERM 417c History of Language and Culture

All of these courses may be repeated for credit when course topic varies.

Remaining credits may be earned by taking study abroad courses at the upper-division level or, under advisement, from upper-division courses offered in departments including, but not limited to, English, history and political science.

### *Language Minor — Japanese*

- 24 credits at the 200 level or above; GPA of 2.50 or above in Japanese; limit of 12 credits at 200 level.

#### *Required courses*

- JAPN 301, 302, 303 or 401

### *Language Minor — Latin or Greek*

- 12 credits above the 100 level; GPA of 2.50 or above in minor courses

### *Minor — Classical Studies*

27 credits; GPA of 2.50 or above in minor courses.

#### *Required Courses*

- CLST 260, 270 and 350
- The remaining credits from: CLST 450; HIST 413; PHIL 364; A/HI 220

### *Minor — Eurasian Studies*

25 credits

All EUS courses are taught in English.

- EUS 201, 210, 310 and at least 11 credits from the following: EAST 313, 314; HIST 287; ANTH 362; RUSS 201; EUS 450

### *Minor — Linguistics*

See the *Linguistics* section of this catalog.

### *Minor — Latin American Studies*

See the *History* section of this catalog.

## TEACHING ENDORSEMENT

This program leads to a BA degree *without* teacher certification. In order to receive a recommendation for state of Washington certification students must complete the "teacher certification" program which is offered by the Department of Secondary Education as 1) a part of the undergraduate BA degree, or as 2) a post-baccalaureate program, or as 3) a part of the Master's in Teaching degree. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

Regulations for teaching endorsement are subject to change. For current requirements and for admission into the teaching endorsement program, contact the foreign language endorsement advisor.

### *Major — French, German or Spanish with a Teaching Endorsement*

Complete both A and B:

#### *A. Language Component*

GPA of 3.00 required in the language major.

#### *B. Endorsement Requirements*

LANG 410, 420 and 430 (11 credits); GPA of 3.00 or above in endorsement courses.

- Be recommended by a faculty member in the major field
- Pass the departmental foreign language oral proficiency exam given during spring quarter

Students preparing teaching endorsements in two languages may do so by completing the "Double Major in Languages," the oral proficiency exam in both languages, and LANG 410, 420 and 430 (11 credits total that will be applied to both languages).

### Other Endorsements

For possible endorsement in other languages, consult department.

### Endorsement of Post-baccalaureate Students

Post-baccalaureate students with a degree in a foreign language are required to:

- Have a GPA of 3.00 or above in the major
- Obtain a letter of recommendation from a faculty member in reference to the candidate's potential as a teacher
- Satisfactorily pass the departmental oral proficiency exam given by appointment only
- Complete the endorsement sequence Lang 410, 420, 430
- Complete 314 (phonetics) in language to be endorsed

Additional work in the language may also be required. Students should consult the coordinator of the language section

## BACHELOR OF ARTS IN EDUCATION

### Major — French, German or Spanish — Elementary 45 credits

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

No foreign language endorsement granted; GPA of 2.75 required in major language.

This program is designed for prospective elementary teachers who wish to concentrate their major efforts in a foreign language. This program is not intended to result in a teaching endorsement by the department, but does satisfy the academic major requirement for certification in elementary education.

- Minimum of 21 credits must be taken in language skills courses (e.g., 201, 202, 301, 305, 401) through the fourth year
- Remaining credits are to be earned in selected courses under advisement at the 300- or 400-level in the language; up to 24 of these credits may be earned through foreign study course work in language, culture or literature (if taken in the target language)

## STUDY ABROAD

Students can increase language proficiency through travel, work and study abroad. WWU offers programs at study centers in Morelia, Mexico; Quito, Ecuador; Valdivia, Chile; Segovia, Oviedo and Cadiz, Spain; Angers and Rennes, France; Vienna, Austria; Macerata and Siena, Italy; Tokyo, Japan; and Beijing and Kunming, China. Designed to give students a complete foreign study experience in the host country, each program includes numerous excursions to historical and cultural sites and a wide range of activities which complement formal classroom work. WWU also sponsors academic-year university exchange

programs (a) with Asia, Tsuda and Obirin universities in Tokyo, Japan; (b) Beijing Foreign Studies University; and (c) with ISEP at 70 universities in 32 countries. Students also may access language schools in Québec, Costa Rica, Germany and many other countries. Special application and registration procedures are required for participation in foreign study programs, and students should consult with the International Programs and Exchanges Office, High Street Hall 25, well in advance of their planned quarter abroad, as well as with the coordinator of the language section to discuss transfer credit.

## GRADUATE STUDY

For a concentration in French, German or Spanish leading to the Master of Education degree, see the *Graduate School* section of this catalog.

This program, however, is not currently accepting new students and courses are not offered every year. For further information, contact the department.

## ADVANCED PLACEMENT CREDIT

The student who has studied a foreign language in high school may be granted additional university credit upon completion of foreign language courses at WWU. Advanced placement credit is not awarded for 100-level courses. Request for advanced placement credit is to be made to the coordinator of the language section.

## TRANSFER PLACEMENT

Students transferring from another university with some course work in a foreign language should consult with the language coordinator of the section about placement. Transfer students majoring in a foreign language must complete at least 9 credits in residence, including two fourth-year stylistics/composition courses (401/402).

## ATTENDANCE

The learning and studying of a foreign language involves a level of student participation considerably higher than that required by some disciplines. It is the students' responsibility to ascertain the specific attendance requirements of their individual instructors.

## COURSES IN FOREIGN LANGUAGES

**NOTE:** Not all courses are offered every year. See *Timetable of Classes* for current offerings. Consult department for specific questions.

Courses numbered 109, 209 are intended for languages offered less frequently.

### General Courses (LANG)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### 109a,b,c DIRECTED INSTRUCTION IN MODERN FOREIGN LANGUAGES (3-5)

To be taken in sequence. Beginning level. Only those languages for which qualified instructors are available for supervision and testing will be offered. Repeatable to 15 credits per language at the 109 level.

#### 209a,b,c DIRECTED INSTRUCTION IN MODERN FOREIGN LANGUAGES (3-5)

Prereq: LANG 109. To be taken in sequence. Intermediate level. Only those languages for which qualified instructors are available for supervision and testing will be offered. Repeatable to 15 credits per language at the 209 level.

#### 410 SECOND LANGUAGE ACQUISITION: THEORY (3)

Prereq: 6 credits in one modern foreign language beyond the second year; LING 201 or TESOL 401 recommended. Current theories on the process

## MODERN AND CLASSICAL LANGUAGES

by which a second language is acquired, in comparison and contrast with first language acquisition. Emphasis on the learner, and the many variables that will affect his/her success in the process of learning a language.

### **420 SECOND LANGUAGE ACQUISITION: PRACTICE (3)**

Prereq: 6 credits in one modern foreign language beyond the second year; MCL 410. To be taken prior to field experience. Current trends in the teaching of language as seen in the historical context. Emphasis on hands-on experimentation and practice with techniques appropriate to a variety of levels. Use, analysis and critique of technological aids that may enhance the acquisition process.

### **430 TEACHING PRACTICUM AT THE ELEMENTARY LEVEL (3)**

Prereq: LANG 420 and written permission of instructor; spring pre-registration through department. Course is offered only during the fall quarter. Supervised foreign language teaching to elementary school students. One-hour weekly seminar to discuss appropriate materials and teaching strategies. S/U grading.

*For courses taught in translation, see Classical Studies and EAST 367, 368.*

## Graduate Core Courses

*Graduate core courses are not currently offered as part of a modern and classical languages graduate program.*

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **540 SECOND-LANGUAGE ACQUISITION: THEORY (4)**

Prereq: graduate status or permission of department. Second-language acquisition discussed in terms of current theories of cognition. Groundwork for these discussions focus on structural and communicative aspects of language; social context of language; notional-functional syllabus, grammatical syllabus; learner strategies; learning theory; interlanguage; acquisition of language components, vocabulary. Offered summers only.

### **542 SECOND-LANGUAGE ACQUISITION: METHODS (4)**

Prereq: graduate status or permission of department. Theory and practice of current methods and techniques in terms of their theoretical bases and application (Natural Approach, Comprehension Approach, TPR, et cetera). Discussion of practical solutions to teaching problems. Includes classroom observation and in-class peer teaching. Offered summers only.

### **544 LANGUAGE LEARNING AND TECHNOLOGY (4)**

Prereq: graduate status or permission of department. Introduction to computer-assisted language learning and the use of video in the classroom. The course focuses on software evaluation and current development with authoring systems and videotapes; introduction to materials development with authoring systems; use of video in the classroom; interactive video; videotaping as a source of materials. Offered summers only.

## Chinese (CHIN)

### **101, 102, 103 FIRST-YEAR CHINESE (5 ea)**

To be taken in sequence. Fundamentals of the modern standard language (Mandarin): pronunciation, grammar, aural comprehension, reading and speaking.

### **201, 202, 203 SECOND-YEAR CHINESE (5 ea)**

Prereq: CHIN 103 or equivalent; to be taken in sequence. Review of the fundamentals of the modern standard language (Mandarin); emphasis on acquisition of oral and written vocabulary; intensive reading and discussion in Chinese of graded materials in modern Chinese (Mandarin).

### **280 TRADITIONAL CHINESE CHARACTERS (2)**

Prereq: CHIN 101. An introduction to the principles used in the formation of Chinese characters. The components of the characters are analyzed and compared with the new, simplified forms. Prepared texts provide practice in reading the characters. Calligraphy sessions provide opportunity to write the traditional forms. In addition, three phonetic transcription methods are taught.

### **301, 302, 303 THIRD-YEAR CHINESE (4 ea)**

Prereq: CHIN 203; to be taken in sequence. Intensive reading, written vocabulary acquisition (reaching the 1,400 character level by the end of the sequence) and oral comprehension of materials in modern standard Chinese (Mandarin).

### **330 CHINESE CULTURE THROUGH FILM AND LITERATURE (3)**

Prereq: CHIN 203 or permission of instructor. An introduction to cultural aspects of Chinese through a study of film as oral and visual texts. Film scripts and short stories, especially those from which films have been adapted, are used to enhance reading and discussion skills. Repeatable to a maximum of 9 credits.

### **360 BUSINESS CHINESE (3)**

Prereq: CHIN 203 or permission of instructor. Designed to prepare students to use Chinese in professional settings. Study of vocabulary and protocol specific to business endeavors is emphasized. Textbooks, videos and newspaper articles form the core materials of instruction.

### **390 INTRODUCTION TO CHINESE LANGUAGE AND LINGUISTICS (4)**

An introduction to the phonology, morphology, syntax, lexicon and writing system of the Chinese language. Explores the relationship between language and society.

## Classical Studies (CLST)

*(The following courses require no knowledge of Latin or Greek as prerequisites.)*

### **260 MASTERWORKS OF ANCIENT GREEK LITERATURE (4)**

Survey of the major Greek texts — epic, dramatic and narrative — in translation with emphasis on those works which have shaped the classical tradition.

### **270 LITERATURE OF ROME AND HER EMPIRE (4)**

Survey of the major literary monuments which serve to define the Roman character and the nature of the Roman Empire at its height.

### **350 GREEK MYTHOLOGY (4)**

A study of Greek myths as a vital and evolving feature of Greek religious and intellectual life from Homer through Hesiod and Aeschylus to Euripides.

### **450 TOPICS IN CLASSICAL STUDIES (3-5)**

Prereq: CLST 260 or 270 or 350 or LBRL 121 or ENG 281. Varying topics, such as individual genres (e.g., epic, tragedy) or eras (fifth-century B.C. Athens, the Mediterranean World in the first century A.D.), will be treated from quarter to quarter. See the *Timetable of Classes* for offerings. Repeatable with different topics with no minimum.

## Eurasian Studies (EUS)

The following courses are taught in English and have no prior language requirement.

### **201 INTRODUCTION TO RUSSIAN CIVILIZATION (5)**

Survey of the history and culture of the Russian people from the earliest times to the present.

### **210 NOMADS OF EURASIA (5)**

Surveys the origins, cultures, and languages of the pastoral peoples of Eurasia, including the Mongols, Turks, Arabs, peoples of Iran and Afghanistan, as well as the native tribes of Siberia and the North Pacific Rim.

### **310 THE ORIGINS OF EUROPE (4)**

Prereq: EUS 201 or 210. Explores the origins and distribution of modern European peoples and their languages by gathering evidence from archeology, paleoecology, paleoclimatology, DNA studies, comparative linguistics, folklore, as well as early history. Provides a broad-based knowledge of European ethnogenesis.

### **450 TOPICS IN EURASIAN STUDIES (3)**

Prereq: EUS 201 or 210 or permission of instructor. Variable topics in Eurasian studies, including folklore, linguistics, area studies. Repeatable to a maximum of 9 credits.

## French (FREN)

### **101, 102, 103 ELEMENTARY FRENCH (5 ea)**

To be taken in sequence. Fundamentals of speaking, reading, writing and understanding French.

### **104 REVIEW OF ELEMENTARY FRENCH (5)**

Designed for students with two years of high school French or equivalent to prepare them for the intermediate level through review and development of basic structure and vocabulary. Also for students needing a review of the first year.

### **201, 202, 203 INTERMEDIATE FRENCH (5 ea)**

Prereq: FREN 103 or 104 or equivalent; to be taken in sequence.

Continuation of skill development begun in elementary French, with additional work in vocabulary acquisition and grammar.

### 301 GRAMMAR REVIEW (4)

Prereq: FREN 203 or equivalent. Study of language and structure, vocabulary building, use of reference tools and writing styles.

### 302 WRITTEN EXPOSITION (3)

Prereq: FREN 301. Practice in written expression of various kinds: résumés, analyses de texte, personal and formal correspondence as well as fiction.

### 314 PHONETICS (4)

Prereq: FREN 203 or equivalent. Emphasizes improvement of pronunciation, contrasts English and French pronunciations and teaches phonetic transcription.

### 331 CIVILISATION ET CULTURE FRANÇAISES (3)

Prereq: FREN 203 or equivalent. An introduction to the culture and civilization of France from historical and modern perspectives. Readings, discussions, films, oral and written assignments in French.

### 332 CIVILISATION ET CULTURE DU QUÉBEC (3)

Prereq: FREN 203 or equivalent. An introduction to Québec culture and civilization from historical and modern perspectives. Readings, discussions, films, oral and written assignments in French.

### 340 INTRODUCTION TO FRENCH LITERATURE I (4)

Prereq: FREN 301 or equivalent. An introduction to literary analysis, *explication de texte* involving poetry, prose and drama from the works of major authors of the Middle Ages and Renaissance.

### 341 INTRODUCTION TO FRENCH LITERATURE II (4)

Prereq: FREN 301 (French 340 recommended). An introduction to literary analysis, *explication de texte* involving poetry, prose and drama from works of major authors of the 17th and 18th centuries.

### 342 INTRODUCTION TO FRENCH LITERATURE III (4)

Prereq: FREN 301 or equivalent. Introduction to literary analysis, *explication de texte* involving poetry, prose and drama from works of major authors of the 19th and 20th centuries.

### 385 CULTURE AND CONVERSATION (4)

Prereq: FREN 301 or equivalent. French and Francophone cultures as seen in various media. Discussion of aspects of these cultures. Required for the major. Repeatable to a maximum of 12 credits.

### 401 ELEMENTS DE STYLISTIQUE (3)

Prereq: FREN 302, 314. Extensive practice in writing and in analyzing grammatical, stylistic and textual forms.

### 402 FRENCH FOR BUSINESS (4)

Prereq: FREN 301 and two other 300-level courses. Extensive practice writing and analyzing French as used for professional purposes, including business case studies, correspondence, and contracts. May replace FREN 401 with permission of instructor.

### 410 ECRITURE FÉMININE FRANCOPHONE (3)

Prereq: FREN 302 and one of the three literature courses (FREN 340, 341, 342). Introduces students to a variety of texts written by women from the Francophone world (from Belgium to North Africa, French Antilles to Canada), and explores social, cultural and literary topics such as bi- and multiculturalism, native cultures vs. exogenous cultures, colonization, women's writing and condition, attitudes toward France and the French language, and exile and memory reconstruction.

### 420 HISTOIRE DE LA LANGUE FRANÇAISE (3)

Prereq: FREN 302 and one of the three literature courses (FREN 340, 341, 342). A cultural and linguistic survey of the development of the French language from its origins to the present.

### 425 TEACHING-LEARNING PROCESSES IN ELEMENTARY FRENCH (2)

Prereq: written permission of department and two courses in upper-division French. Practicum in course preparation, classroom and language laboratory procedures, materials, evaluation and counseling. Repeatable. S/U grading.

### 440 ÉTUDE SOCIOLINGUISTIQUE (3)

Prereq: FREN 302 and one French literature course. Discusses the historical and current developments of French. Examines the sociocultural forces that cause language variation and change, as well as people's attitudes vis à vis French in the Francophone world. Also introduces students to current

sociolinguistic research methods.

### 450 SEMINAR IN FRENCH STUDIES (3-5)

Prereq: FREN 401. Authors, genres, movements and period studies. Repeatable with different topics.

### 460 FRENCH CINEMA I AND II (4 ea)

Prereq: FREN 302 and one of the three literature courses (FREN 340, 341, 342). Part I: Historical overview of French cinema from 1895 to 1945. Part II: Historical overview of French cinema from 1945 to present.

## Graduate Courses in French

*Graduate courses in French are not currently offered.*

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### 501a,b FRENCH LANGUAGE (4 ea)

Prereq: two quarters of FREN 401. Continuing acquisition of proficiency in the four skills: listening, speaking, reading, writing. Offered summers only.

### 510a,b APPLIED FRENCH LINGUISTICS (4 ea)

Prereq: LING 201. Applied French linguistics for the language teacher; contrastive French-English grammar and the examination of teaching problems. Repeatable with various topics. Offered summers only.

### 520a,b STUDIES IN FRENCH CULTURE (4 ea)

Prereq: graduate status or permission of department. Topics in the culture of France and French-speaking countries. Emphasis on materials for possible use in the teaching of culture at the high school level. Sources include texts, songs and films. Repeatable with various topics. Offered summers only.

### 530a,b STUDIES IN FRENCH LITERATURE (4 ea)

Prereq: FREN 450. Topics in French literature. Emphasis on materials for possible use in the teaching of reading and literature at the high school level. Topics include authors, themes, genres and movements. Repeatable with various topics. Offered summers only.

## German (GERM)

### 101, 102, 103 ELEMENTARY GERMAN (5 ea)

To be taken in sequence. Fundamentals of the language; pronunciation, grammar, aural comprehension, reading and speaking.

### 104 REVIEW OF ELEMENTARY GERMAN (5)

Designed for students with two years of high school German or equivalent to prepare them for the intermediate level through review and development of basic structure and vocabulary. Also for students needing a review of the first year.

### 201, 202, 203 INTERMEDIATE GERMAN (4 ea)

Prereq: GERM 103 or 104 or equivalent; to be taken in sequence. Review of the fundamentals, reading and conversation.

### 301, 302 GRAMMAR REVIEW AND COMPOSITION (4 ea)

Prereq: GERM 203 or equivalent; to be taken in sequence. Written and oral composition and grammar, and vocabulary building.

### 305 GERMAN FOR BUSINESS PURPOSES (4)

Prereq: GERM 302. This course prepares students to function in a wide variety of business-related communicative situations, like social contact with business partners, business travel, oral and written contact with customers. Students who successfully finish this course are eligible to participate in the internationally recognized exam: *Zertifikat Deutsch für den Beruf*.

### 314 PHONETICS (4)

Prereq: GERM 203. A course designed to improve the student's pronunciation and intonation, to become familiar with phonetic transcription, and to become aware of problems involved in teaching German sounds.

### 331 CIVILIZATION OF GERMANY THROUGH THE NINETEENTH CENTURY (4)

Prereq: GERM 301 or equivalent. Significant elements of German civilization presented through German texts.

### 332 GERMAN CIVILIZATION TODAY (4)

Prereq: GERM 301 or equivalent. Significant elements of German civilization.

## MODERN AND CLASSICAL LANGUAGES

### **340 INTRODUCTION TO GERMAN LITERATURE (4)**

Prereq: GERM 301. Selected works of major German authors, with emphasis on reading improvement and methods of textual interpretation.

### **341 NINETEENTH-CENTURY GERMAN LITERATURE (4)**

Prereq: GERM 340. Emphasis on either Romanticism or Realism. Repeatable with different topics with no maximum.

### **343 EIGHTEENTH-CENTURY GERMAN LITERATURE (4)**

Prereq: GERM 340. Classical period of German literature as reflected in a major work of Lessing, Goethe and Schiller.

### **401 ADVANCED GRAMMAR (4)**

Prereq: GERM 302 or equivalent. Analysis of syntactical, semantic and stylistic problems in German.

### **402 ADVANCED GRAMMAR AND COMPOSITION (4)**

Prereq: GERM 302 or equivalent. It is recommended to take 401 before 402. Analysis of syntactical, semantic and stylistic problems in German. Extensive practice in composition.

### **406 FLUENCY THROUGH DRAMATIZATION (4)**

Prereq: GERM 302. Bridges the gap between grammar-based language learning and content-based culture and/or literature courses. Students profit highly from a holistic approach involving role playing and the actualization of works of modern German drama. Emphasis is placed on pronunciation and intonation to facilitate increased fluency in German.

### **425 TEACHING-LEARNING PROCESS IN ELEMENTARY GERMAN (2)**

Prereq: written permission of department and 6 credits in upper-division German. Practicum in course preparation, classroom and language laboratory procedures, materials, evaluation and counseling. Repeatable with no maximum. S/U grading.

### **450 STUDIES IN GERMAN LITERATURE (4)**

Prereq: GERM 302 and 340. Major authors and movements. Repeatable with different topics with no maximum.

## **Graduate Courses in German**

*Graduate courses in German are not currently offered.*

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **501a,b GERMAN LANGUAGE (4 ea)**

Prereq: graduate status or permission of department. Continuing acquisition of proficiency in the four skills: listening, speaking, reading, writing. Offered summers only.

### **510a,b APPLIED GERMAN LINGUISTICS (4 ea)**

Prereq: graduate status or permission of department. Applied German linguistics for the language teacher: contrastive phonetics, pronunciation, phonology, morphology, syntax, et cetera. Repeatable with various topics. Offered summers only.

### **520a,b STUDIES IN GERMAN CULTURE (4 ea)**

Prereq: graduate status or permission of department. Topics in the culture of the German-speaking world. Emphasis on materials for possible use in the teaching of culture at the high school level. Sources include texts, songs and films. Repeatable with various topics. Offered summers only.

### **530a,b STUDIES IN GERMAN LITERATURE (4 ea)**

Prereq: graduate status or permission of department. Topics in German literature. Emphasis on materials for possible use in the teaching of reading and literature at the high school level. Topics include authors, themes, genres and movements. Repeatable with various topics. Offered summers only.

## **Greek (GREK)**

### **101, 102, 103 ELEMENTARY GREEK (5 ea)**

Each course prerequisite to the next. Fundamentals of ancient Greek grammar designed primarily to provide an elementary reading knowledge; selected readings from various Greek writers.

### **201, 202 INTERMEDIATE GREEK (4 ea)**

Prereq: GREK 103 or equivalent; to be taken in sequence. Review of fundamentals of ancient Greek grammar; reading from Plato's dialogues, the orators, the *Iliad* or *Odyssey*. Introduction to Greek civilization.

### **350 ADVANCED READINGS (4)**

Prereq: GREK 202. Selected readings from Greek authors with an emphasis on honing grammatical skills and deepening one's understanding of Greek literary and cultural achievements. Repeatable with different topics.

## **Japanese (JAPN)**

### **101, 102, 103 FIRST-YEAR JAPANESE (5 ea)**

To be taken in sequence. Fundamentals of the language: writing and reading hiragana, katakana, and kanji; grammar, listening and speaking. Audio-assisted oral practice is an integral part of the course.

### **201, 202, 203 SECOND-YEAR JAPANESE (4 ea)**

Prereq: JAPN 103 or equivalent; to be taken in sequence. Further fundamental grammar; review of first-year grammar; emphasis on writing, reading, listening and speaking skills. Audio-assisted oral practice is an integral part of the course.

### **280 KANJI (2)**

Acquisition of 50 kanji per week by way of associative method. Repeatable to 10 credits. S/U grading; not applicable to the minor.

### **301, 302, 303 THIRD-YEAR JAPANESE (4 ea)**

Prereq: JAPN 203 or equivalent; to be taken in sequence. Emphasis on well-rounded development of reading, writing, listening and speaking abilities; introduction of colloquial Japanese. Audio-assisted oral practice is an integral part of the course.

### **330a JAPANESE CULTURE THROUGH FILM, MODERN (2)**

Prereq: JAPN 203 or written permission of instructor. Discussion of Japanese culture seen through Japanese films. Topics of discussion involve Japanese psychology, mentality, customs, society and history.

### **330b JAPANESE CULTURE THROUGH FILM, CLASSIC (2)**

Prereq: JAPN 203 or written permission of instructor. Discussion of Japanese culture seen through classical Japanese films. Topics of discussion involve Japanese psychology, mentality, customs, society, religion and history.

### **330c JAPANESE CULTURE THROUGH FILM, LITERATURE (2)**

Prereq: JAPN 203 or written permission of instructor. Discussion of Japanese culture seen through films based on literature. Topics of discussion involve Japanese psychology, mentality, customs, society, religion and history.

### **401 ADVANCED JAPANESE (4)**

Prereq: JAPN 303. Emphasis on well-rounded development of reading, writing, listening and speaking abilities; target the advanced materials.

## **Latin (LAT)**

### **101, 102, 103 ELEMENTARY LATIN (5 ea)**

Each course prerequisite to the next course. Fundamentals of grammar to provide a reading knowledge; selected readings from various Roman writers.

### **201, 202 INTERMEDIATE LATIN (4 ea)**

Prereq: LAT 103 or two years high school Latin; to be taken in sequence. Review of fundamentals; selected readings from various Roman writers; introduction to Latin civilization.

### **350 ADVANCED READINGS (4)**

Prereq: LAT 202. Selected readings from Latin authors with an emphasis on honing grammatical skills and deepening one's understanding of Roman literary and cultural achievements. Repeatable with different topics.

## **Russian (RUSS)**

### **101, 102, 103 ELEMENTARY RUSSIAN (4 ea)**

To be taken in sequence. Fundamentals of the language; pronunciation, grammar, aural comprehension, reading and speaking.

### **201, 202, 203 INTERMEDIATE RUSSIAN (4 ea)**

Prereq: RUSS 103 or equivalent; to be taken in sequence. Review of fundamentals; speaking, reading, writing and understanding.

### **214 RUSSIAN PHONETICS (2)**

Prereq: RUSS 101. Systematic practical and theoretical introduction to the Russian sound system.

### **301 THIRD-YEAR COMPOSITION (3)**

Prereq: RUSS 203 or equivalent. Written and oral expression, advanced grammar, and vocabulary building.

### **302 THIRD-YEAR COMPOSITION (3)**

Prereq: RUSS 301 or equivalent. Written and oral expression, advanced

grammar and vocabulary building.

**314 RUSSIAN SYNTAX (2)**

Prereq: RUSS 201. Systematic survey of Russian declension, conjugation and sentence structure.

**330 CIVILIZATION OF RUSSIA (3)**

Prereq: RUSS 201, 202 and 203; or equivalent. Significant elements of Russian civilization presented through Russian texts.

**Spanish (SPAN)**

**101, 102, 103 ELEMENTARY SPANISH (5 ea)**

To be taken in sequence. Fundamentals of the language: pronunciation, grammar, aural comprehension, reading and speaking.

**104 REVIEW OF ELEMENTARY SPANISH (5)**

Designed for students with two years of high school Spanish or equivalent to prepare them for the intermediate level through review and development of basic structure and vocabulary. Also for students needing a review of the first year. Offered fall only.

**201, 202, 203 INTERMEDIATE SPANISH (5 ea)**

Prereq: SPAN 103 or 104 or equivalent; to be taken in sequence. Review of fundamentals: understanding, speaking, reading and writing.

**301, 302 GRAMMAR REVIEW AND COMPOSITION (4 ea)**

Prereq: SPAN 203 or equivalent; to be taken in sequence. Language development, including written composition, vocabulary building, analysis of grammatical problems and discussion of selected Spanish texts.

**305 THIRD-YEAR CONVERSATION (3)**

Prereq: SPAN 203 or equivalent. Development of speaking skills in communicative situations. S/U grading.

**314 PHONETICS (4)**

Prereq: SPAN 301 or equivalent. Improvement of student pronunciation, familiarization with phonetic transcription and description of Spanish sounds.

**331 CULTURE OF SPAIN (3)**

Prereq: SPAN 301 or equivalent. Survey of Spanish culture.

**332 CULTURE OF LATIN AMERICA (3)**

Prereq: SPAN 301 or equivalent. Survey of Latin American culture.

**333 SPANISH FOR BUSINESS (4)**

Provides students with the *practical and cultural knowledge* necessary for work in the Spanish-speaking business world. Emphasis on business customs and practice, with considerable vocabulary exposure.

**340 INTRODUCTION TO HISPANIC LITERATURE (3)**

Prereq: SPAN 302 or equivalent. Selected works of major Hispanic authors, with emphasis on reading improvement and methods of textual interpretation.

**351 SURVEY OF THE LITERATURE OF SPAIN (4)**

Prereq: SPAN 340. Historical survey of ten centuries of Spanish (Peninsular) literature.

**352 SURVEY OF THE LITERATURE OF LATIN AMERICA (4)**

Prereq: SPAN 340. Historical survey of Latin American literature from the pre-Hispanic period until the present.

**401 ADVANCED GRAMMAR (4)**

Prereq: SPAN 302 or equivalent. Analysis of special problems in Spanish syntax.

**402 ADVANCED COMPOSITION (4)**

Prereq: SPAN 401 or equivalent. Composition and stylistics; analysis of textual examples of style and organization.

**405 FOURTH-YEAR CONVERSATION (3)**

Prereq: SPAN 302 or equivalent. Advanced speaking practice in communicative situations. S/U grading.

**425 TEACHING-LEARNING PROCESSES IN ELEMENTARY SPANISH (2)**

Prereq: written permission of department and two courses in upper-division Spanish. Practicum in teaching Spanish. Repeatable. S/U grading.

**440 STUDIES IN HISPANIC LINGUISTICS (3-5)**

Prereq: SPAN 314 or LING 201. Study of major areas in Hispanic linguistics. Topics may include history of Spanish, lexicology, phonology, morphology, syntax, dialectology. Repeatable with different topics with no maximum.

**450 STUDIES IN HISPANIC LITERATURE (3-5)**

Prereq: SPAN 351 or 352. Major authors and movements. Repeatable with various topics with no maximum.

**Graduate Courses in Spanish**

*Graduate courses in Spanish are not currently offered.*

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**501a,b SPANISH LANGUAGE (4 ea)**

Prereq: graduate status or permission of department. Continuing acquisition of proficiency in the four skills: listening, speaking, reading, writing. Offered summers only.

**510a,b APPLIED SPANISH LINGUISTICS (4 ea)**

Prereq: graduate status or permission of department. Applied Spanish linguistics for the language teacher. Topics may include contrastive Spanish-English grammar, pronunciation and phonology, lexicon, and teaching problems in Spanish morphology and syntax. Repeatable with various topics. Offered summers only.

**520a,b STUDIES IN SPANISH CULTURE (4 ea)**

Prereq: graduate status or permission of department. Topics in Spanish and Hispanic culture. Emphasis on materials for possible use in the teaching of culture at the high school level. Sources include texts, songs and films. Repeatable with various topics. Offered summers only.

**530a,b STUDIES IN SPANISH LITERATURE (4 ea)**

Prereq: graduate status or permission of department. Topics in Spanish and Hispanic literature. Emphasis on materials for possible use in the teaching of reading and literature at the high school level. Topics include authors, themes, genres and movements. Repeatable with various topics. Offered summers only.

# PHILOSOPHY

Philosophy is among the oldest of intellectual disciplines. Many areas of study now distinct from philosophy — for example, the various sciences — may be regarded as offspring of philosophy which have come of age. Nevertheless, the central philosophical questions remain as vital as ever.

Historically, philosophy has been regarded by many as the most basic of intellectual disciplines; it is the firm conviction of the faculty of the Department of Philosophy that it is among the most relevant. Among the questions dealt with in one philosophy course or another are “What is knowledge?” “What is truth?” “Can we gain knowledge?” “Can we know the truth?” “Are there such things as right and wrong?” “Does God exist?” “What is the nature of the distinction between minds and bodies?” “Are persons machines?” and the like. The department believes that consideration of these and related questions is fundamental to being educated and, as such, should be of interest to all students; moreover, the department believes that many students are sufficiently able and mature intellectually to pursue answers to these questions at an advanced level with profit, and the faculty invite them to join in this pursuit.

The Department of Philosophy offers a wide range of courses in most of the traditional areas of philosophical concern: history of philosophy, ethics, philosophy of religion, metaphysics, to name only a few. A number of courses satisfy General University Requirements. Beyond this, the department offers a major and a minor program in philosophy. The major program is intentionally one of the smallest in the University to allow students maximum opportunity to explore other areas of interest.

Work in philosophy fits well into many pre-professional programs. It is highly desirable as preparation for law school; indeed, some law schools have historically listed it as the preferred undergraduate major. Emphasizing, as it does, careful, deep, critical analysis of concepts and problems, philosophy is an excellent major for students who will seek positions in business and government which require a liberal arts background.

Recent studies show that students who major in philosophy are among the very highest groups in performance on the Graduate Record and other such qualifying examinations.

## PHILOSOPHY FACULTY

**THOMAS E. DOWNING** (1968) Chair and Associate Professor. AB, Wayne State University; PhD, Stanford University.

**DANIEL HOWARD-SNYDER** (2001) Professor. BA, Seattle Pacific University; PhD, Syracuse University.

**FRANCES HOWARD-SNYDER** (1993) Associate Professor. BA, MA, University of Capetown; PhD, Syracuse University.

**HUD HUDSON** (1992) Professor. BA, Boise State University; MA, PhD, University of Rochester.

**NED MARKOSIAN** (1998) Associate Professor. BA, Oberlin College; PhD, University of Massachusetts.

## BACHELOR OF ARTS

### *Major — Philosophy*

59 credits

- PHIL 102, 112, 114, 202, 310, 320, 330, 364, 366, 367, 410, 420, 430
- One course from PHIL 365, 368, 369

- Two courses from PHIL 403, 335, 417, 425
- Electives under departmental advisement

### *Combined Major — Politics/Philosophy/Economics* 84-85 credits

A multidisciplinary major designed to provide a solid grounding in disciplines that are critical to decision making and leadership in economic, political and social service institutions.

- ECON 206, 207, 303
- 16 additional upper-division economics credits
- PLSC 250, 360
- One course from each group:
  - PLSC 291 or 271
  - PLSC 320 or 427
  - PLSC 345 or 346 or 347
  - PLSC 462 or 463 or 465 or 469
- PHIL 102, 112, 114, 310, 320, 350, 360, 364, 420
- One communications focus course must be taken

### *Minor — Philosophy*

25 credits

- PHIL 102, 112, 114
- One course from PHIL 364, 365, 366, 367, 368, 369
- Two courses from PHIL 310, 320, 330
- Electives under departmental advisement

## COURSES IN PHILOSOPHY (PHIL)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### **102 INTRODUCTION TO LOGIC (3)**

The development of a formal system of propositional and predicate logic for the evaluation of reasoning.

### **107 LOGICAL THINKING (3)**

An aid to speaking and writing so as to reflect clear, critical and responsive thinking, covering definition, classification, fallacies and techniques of good argument. Not applicable to the philosophy major or minor.

*The following three courses are all introductory philosophy courses. They are not sequential and none of them presupposes any of the others.*

### **112 INTRODUCTION TO PHILOSOPHY: MORAL ISSUES (3)**

Introduction to philosophical thinking about moral problems. Seeks to understand central moral concepts such as good, right, duty, et cetera, in the context of contemporary issues.

### **113 INTRODUCTION TO PHILOSOPHY: PHILOSOPHY OF RELIGION (3)**

Special attention is given to questions about the nature and existence of God. Also examined are such topics as the problem of evil, concepts of faith, religious experience, miracles, et cetera.

### **114 INTRODUCTION TO PHILOSOPHY: KNOWLEDGE AND REALITY (3)**

Emphasis is given to the nature and possibility of knowledge, to related concepts such as truth, belief and evidence, and to selected metaphysical problems.

### **202 INTERMEDIATE LOGIC (4)**

Prereq: PHIL 102. The development of a formal system of logic with multiple quantifiers, identity and definite descriptions; and an examination

of either nonclassical systems of logic or the fundamental results defining the scope and limits of formal systems of logic.

### 310 THEORY OF KNOWLEDGE I (3)

Prereq: PHIL 102, 114. The attempt to understand the possibility, nature, origins and limits of knowledge; problems and concepts.

### 320 ETHICAL THEORY I (3)

Prereq: PHIL 112 or permission of instructor. An examination of traditional and contemporary views concerning the overall nature of morality (views such as cognitivism and realism), and also of specific moral theories (such as utilitarianism and contractualism). Other topics include moral rights, moral responsibility and the moral virtues.

### 330 METAPHYSICS I (3)

Prereq: PHIL 102, 114. A systematic study of the fundamental categories of reality, such as existence, substance, property, identity, space, time, change, event, causality, necessity, essence, free will and mind. The philosophical issues in which these categories play a part also will be discussed.

### 335 PHILOSOPHY OF RELIGION (3)

Prereq: PHIL 102, 113. Philosophy of religion and philosophical theology at an advanced level. Topics may include arguments for and against the existence of God, the attributes of God, religious pluralism, religion and science, religion and ethics, miracles, and the epistemology of religious belief.

### 340 PHILOSOPHY OF SCIENCE (3)

Prereq: upper-division status or permission of instructor. A examination of the basic methods and concepts of the sciences through the study of such topics as explanation, confirmation, causality, probability, laws of nature, theories, revolution, reduction and realism.

### 350 POLITICAL PHILOSOPHY (3)

Prereq: one course in philosophy or upper-division status. The nature of the state, and of the institutions and practices of which it is comprised; the basis and scope of political obligation, the proper role of political activity; considerations of concepts of sovereignty, legitimacy, limits of state power, representation, and the like.

### 355 AESTHETICS AND THE PHILOSOPHY OF ART (3)

Prereq: one course in philosophy or upper-division status. Examination of the concept of art and related concepts, and also of aesthetic evaluation and interpretation as they apply to nature and to human artifacts.

### 360 SOCIETY, LAW AND MORALITY (3)

Prereq: one course in philosophy or upper-division status. Concepts and principles involved in analysis and appraisal of social institutions with attention to freedom, rights, justice, and the relation between laws and morality.

### 364 HISTORY OF PHILOSOPHY: ANCIENT PHILOSOPHY (4)

Prereq: one course in philosophy. Great philosophical thinkers from the pre-Socratic philosophers to the Hellenistic period; special attention to Plato and Aristotle.

### 366 HISTORY OF PHILOSOPHY: THE RATIONALISTS (4)

Prereq: PHIL 114. Great philosophical thinkers in the rationalist tradition, their problems and their methods: Descartes, Spinoza, Leibniz, et al.

### 367 HISTORY OF PHILOSOPHY: THE EMPIRICISTS (4)

Prereq: PHIL 114. Great philosophical thinkers in the empiricist tradition, their problems and their methods: Locke, Berkeley, Hume, et al.

### 368 HISTORY OF PHILOSOPHY: KANT AND POST-KANTIAN PHILOSOPHY (4)

Prereq: PHIL 114. Kant and post-Kantian philosophers, their problems and their methods: Kant, Fichte, Hegel, Schopenhauer, Nietzsche. Normally offered in odd-numbered academic years.

### 369 CONTEMPORARY PHILOSOPHY: THE ANALYTIC TRADITION (4)

Prereq: one course in philosophy. Critical examination of central concerns and methods of the 20th-century analytic movement; treats such persons as Russell, Moore, Wittgenstein. Normally offered in odd-numbered years.

### 403 PHILOSOPHY OF LANGUAGE (3)

Prereq: PHIL 202. An examination of the nature of language through the study of such topics as truth, reference, meaning, use, convention, language's differences from other forms of communication and representation, and language's relations to thought and reality. The relevance of theories on these topics to selected philosophical issues also will be discussed. Normally offered in odd-numbered academic years.

### 410 THEORY OF KNOWLEDGE II (3)

Prereq: PHIL 310. An intensive examination of selected topics and methods in epistemology. Normally offered in even-numbered academic years.

### 417 SEMINAR IN PHILOSOPHY (3)

Prereq: Three upper-division philosophy courses. Examination of a special topic, a particular philosophical issue or the writings of a specific philosopher. Repeatable for credit, but not as a substitute for PHIL 303 or 425.

### 420 ETHICAL THEORY II (3)

Prereq: PHIL 320. An intensive examination of selected topics and methods in ethical theory. Normally offered in odd-numbered academic years.

### 425 PHILOSOPHY OF MIND (3)

Prereq: PHIL 102 and one 300-level course or instructor's permission. A study of the mind through the examination of such topics as the mind-body problem, intentionality, consciousness, 'qualia,' introspection and knowledge of other minds. Philosophical theories on these topics — such as dualism, behaviorism, type physicalism, functionalism and eliminativism. Normally offered in odd-numbered academic years.

### 430 METAPHYSICS II (3)

Prereq: PHIL 330. An intensive examination of selected topics and methods in metaphysics. Normally offered in even-numbered academic years.  
NOTE: Whether an academic year is odd- or even-numbered is determined by whether fall quarter is in an odd- or even-numbered calendar year.

# PHYSICAL EDUCATION, HEALTH AND RECREATION

The department offers degree programs for students interested in professions related to exercise and sport science, P-12 physical education and health, community health education, health promotion, and recreation.

## FACULTY

The department currently consists of 13 faculty members whose backgrounds span the entire range of physical education, health education and recreation. Students are provided opportunities to interact individually with faculty who are involved in community projects and research in public schools, the exercise sciences, health and recreation.

## FACILITIES

The department is housed in Carver Gymnasium. Exercise physiology and biomechanics laboratories afford students an opportunity for in-depth study in the exercise sciences and health assessment as applied to health and sports medicine. Considerable practical experience using laboratory and computerized equipment enables students to develop skills in cardiorespiratory, anthropometric, strength and movement analysis, and health appraisals.

## MAJOR PROGRAMS

### *Physical Education*

The major programs are varied and include undergraduate and graduate student preparation for careers as professional physical educators, exercise science specialists, and health fitness instructors in agencies, schools, industries, hospitals and health care facilities. Students are expected to perform community service in all programs. The concentrations offered include the following:

- Teacher Education P-12 Physical Education and Health
- Exercise and Sport Science
  - Fitness and Health Promotion
  - Health and Fitness Specialist
  - Pre-Physical Therapy
  - Sport Psychology

### PHYSICAL EDUCATION MID-PROGRAM CHECKPOINT

Students seeking to complete a BA degree in teacher education P-12 physical education and health or a BS in exercise and sport science within a four-year time span should have completed the following courses by the start of their junior year:

- All GUR requirements
- BIOL 101 and BIOL 348 preferred

Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

**NOTE:** The *teacher education P-12* option requires a 4½-year commitment which includes a one-semester student teaching internship. Students must meet the minimum entry requirements of the Woodring College of Education before being considered for admission to the P-12 physical education and health program. Students should apply for entry into the P-12 physical education and health program during the fall quarter of their junior year while they are enrolled in pre-major courses. Students who do not meet the minimum

qualifications of the Woodring College of Education cannot apply to be considered for entry into the P-12 physical education and health program.

**NOTE:** The *pre-physical therapy* specialization of the exercise and sport science option requires careful planning if students are to complete the degree in a four-year period. It is suggested that students who are interested in this specialization consult with Dr. Kathleen Knutzen (PEHR faculty) during their freshman or sophomore year in order to establish a reasonable plan of study for the completion of this degree.

**NOTE:** The *health and fitness specialist* option requires that all courses under the specialty area be taken to fulfill the requirements of the American College of Sports Medicine (ACSM) University Connection program. The ACSM University Connection Endorsement Program is designed to recognize academic institutions with educational programs that cover all of the knowledge, skills, and abilities (KSAs) specified by the ACSM Committee on Certification and Registry Boards to prepare students for successful careers in the health and fitness and clinical exercise programming fields.

### *Health Education*

Health education is a multidisciplinary practice concerned with designing, implementing and evaluating education programs that enable individuals, families, groups and communities to achieve, protect and sustain health. The curriculum in health education offers preparation for entry-level career opportunities in community health/health promotion.

**NOTE:** Students interested in teaching health education in P-12 schools are referred to the Physical Education and Health major to meet state requirements for teaching Health and Fitness in the state of Washington.

### HEALTH EDUCATION MID-PROGRAM CHECKPOINT

Students seeking to complete a BS degree in community health within a four-year time span should make normal progress toward the GUR requirements and should apply for admission to the program during their sophomore year. It is suggested that students interested in health education consult the program coordinator (Dr. Billie Lindsey) during their sophomore year to establish a reasonable plan of study for the completion of the degree. The following courses should be completed during the junior year and prior to the start of the senior year. Major omissions from this list make it difficult or impossible to complete the degree within the four-year time span.

- HLED 150, 151, 152, 345, 350
- BIOL 348, 349
- CHEM 115 and 251
- PE 413

### *Recreation*

The curriculum in recreation offers generalist preparation for a wide range of career entry-level positions including:

- Community Recreation
- Therapeutic Recreation
- Outdoor Recreation
- Tourism
- Military Recreation

**RECREATION MID-PROGRAM CHECKPOINT**

Students seeking to complete a BA degree in recreation within a four-year time span should have made normal progress toward the GUR requirements and should apply for admission to the program during fall quarter of their sophomore year. Interested students are strongly urged to contact the Recreation Program early in fall quarter for more information regarding admission and normal progress toward completion of a degree.

**OTHER ACTIVITIES**

In addition to major/minor programs, a broad selection of activities is offered for students interested in developing lifetime sports skills or the promotion of personal fitness and health. In addition to individual and team sports classes, courses are offered in outdoor pursuits including skiing and sailing.

**FACULTY**

- RANDALL T. BURTZ** (2003) Lecturer. BA, MA, Washington State University; PhD, Colorado State University.
- LORRAINE BRILLA** (1985) Professor. BS, Pennsylvania State University; MS, Pennsylvania State University; PhD, University of Oregon.
- DENNIS CAINE** (1992) Professor. BPE, BEd, University of Manitoba; MEd, University of British Columbia; Graduate Certificate in Gerontology, PhD, University of Oregon.
- GORDON CHALMERS** (1996) Associate Professor. BS, Simon Fraser University; MS, PhD, University of California, Los Angeles.
- ROY A. CLUMPNER** (1975) Professor. BS, University of Wisconsin, Lacrosse; MA, California State University, San Jose; PhD, University of Alberta.
- JILL HECKATHORN** (1980) Lecturer. BS, MA, Michigan State University.
- BILLIE J. LINDSEY** (1989) Associate Professor. BS, University of Texas; MA, EdD, University of Northern Colorado.
- KATHLEEN KNUTZEN** (1977) Professor. BA, MA, Western Washington State College; PhD, University of Oregon.
- LEA ANN MARTIN** (1991) Associate Professor. BS, Southwest Missouri State University; MS, University of Arizona; PhD, University of Texas.
- JAMES E. MOORE** (1977) Associate Professor. BA, University of Oregon; MA, Antioch University; MEd, PhD, Oregon State University.
- LESLIE OCHS** (2003) Assistant Professor. BS, MSPH, PhD, University of South Carolina.
- RONALD D. RIGGINS** (1977) Professor. BA, La Verne College; MS, ReD, Indiana University.
- CHARLES D. SYLVESTER** (1984) Professor. BS, MA, University of Maryland; PhD, University of Oregon.
- RALPH A. VERNACCHIA** (1973) Professor. BA, Montclair State College; MS, Ohio University; PhD, University of Utah.

**Affiliated Teaching Faculty**

- JEFF DAVIS** (1987) Certified Water Sports Instructor. U.S. Sailing Association, Levels I and II Instructor Trainer; Windsurfing Instructor Trainer.
- LORI DEKUBBER** (1991) Assistant Coach, Women's Basketball. BS, MEd, Western Washington University.
- PAT FABIANO** (1991) Community Health. BA, University of Pittsburgh; MA, University of Wisconsin; MS, Southern Illinois University; PhD, Union Institute.
- KELVEN HALSELL** (1987) Head Coach, Track and Cross-Country. BS, MEd, Wayland Baptist University.
- MARGO H. HARRIS** (1995) Health Education. BA, Farleigh Dickinson University; MAT, University of Massachusetts.
- MARY HAWK** (1990) Health Education. BS, University of Alberta; MEd, Western Washington University.
- BRAD JACKSON** (1985) Head Coach, Men's Basketball. BA, Washington State University; MA, Seattle Pacific University.
- MARTIN MULHOLLAND** (1993) Lecturer. Student Teacher Supervisor. BEd, Exeter University; MSc, University of Oregon.
- ROBERT SMITH** (1987) Associate Athletic Director; Head Coach, Football. BA, University of Washington.
- LOWELL "BUD" TURNER** (1974). BA, MEd, Seattle University.

**PHYSICAL EDUCATION**

**BACHELOR OF SCIENCE**

*Major — Exercise and Sport Science*  
85-109 credits

This major provides a concentrated study of human movement from mechanical, physiological and pathological perspectives. The program is appropriate for students who plan to work in the fitness/exercise industry or any other field such as coaching or rehabilitation, where human movement and exercise prescription are the focus. Additionally, this degree can serve as the gateway degree to the allied health professions (i.e., physical therapy, occupational therapy, physician assistant) or preparation for post-baccalaureate study in other areas such as exercise physiology, health/fitness, biomechanics, physical therapy, sport psychology and human growth and motor development. Supporting courses from biology, chemistry, computer science, health education and physics are included to provide more in-depth analysis of principles associated with human structure and function.

Students are encouraged to work closely with their advisor to ensure that prerequisites for all required classes are met.

*Major Requirements*

55-64 credits

- General Courses: 8 credits
  - PE 301, BIOL 348
- Professional Activities: 8 credits
  - PE 102, 103, 113, 302
  - Select 2 credits from PE 109, 120, 122, 136, 139, 154, 167, 168
- Exercise Science Foundations: 23 credits
  - PE 306, 308 or 309, 311, 312, 410, 413
  - PE 424
  - Select 6 credits from PE 320, 321, 323, 324, 422
- Field Experience: (PE 491; 6 credits)  
or
- Field Experience (PE 491; 3 credits) and Exercise and Sport Science Research (PE 493; 3 credits)  
or
- Internship: (PE 471; 15 credits)

*Specializations (select one)*

A. Fitness and Health Promotion  
35 credits

The fitness and health promotion specialization is recommended for students who wish to pursue career opportunities in the fitness environment or who have plans for post-baccalaureate study in the exercise science area. This specialization is appropriate preparation for (a) employment in a health club, fitness setting or workplace fitness setting; (b) graduate study in exercise physiology/fitness; or (c) graduate study in biomechanics. Students should seek advising to determine the appropriate set of courses leading to a specialized emphasis. (See advisor for selection of courses.)

- Select from the following: BIOL 349; CHEM 115, 121, 122, 123, 251, 375; MATH 240; PHYS 114, 115, 116; CSCI 101, 140; HLED 345, 350, 410, 435; PE 304, 308 or 309, 414 and 415

## PHYSICAL EDUCATION, HEALTH AND RECREATION

### B. Pre-Physical Therapy

45-53 credits

The pre-physical therapy option is available for students who wish to pursue post-baccalaureate study in a physical therapy program or who wish to enter other allied health or medical professions such as occupational therapist, physician assistant, naturopath or chiropractor. Students meet with an advisor to select a set of courses that will meet the admission requirements of their program(s) of choice. This option also can serve as a foundation for graduate study in exercise science, biomechanics, or exercise physiology. Students should select 53 credits or 45 credits if they complete the internship option.

- ❑ BIOL 204, 205, 206, 321, 340, 345, 346, 349; CHEM 121, 122, 123, 251; PHYS 114, 115, 116; PSY 101, 230, 250, 351; MATH 240; CSCI 101, 140

### C. Health and Fitness Specialist

35 credits

**Required courses** (18 credits, up to 6 credits can count toward Exercise Science Foundations section in the core)

- ❑ PE 109, 308, 309 (one of these courses may count toward the Exercise Science Foundations section in the core)
- ❑ PE 320 (may count toward psychosocial selections)
- ❑ PE 414
- ❑ PE 415

**Elective courses** (17-23 credits; 23 if using 6 credits toward Exercise Science Foundations section in the core)

- ❑ 17-23 credits from the Fitness and Health Promotions option (see advisor for selection of courses)

The pre-athletic training specialization is available for students who wish to pursue accredited entry-level post-baccalaureate study in athletic training. This option can also serve as a foundation for graduate study in exercise science. To fulfill the requirements for the pre-athletic training option, students must complete 15 credits of "Field Experience" under direct supervision of a certified athletic trainer (3 credits equals 100 hours of field experience). Most field experiences in athletic training will be based in the WWU athletic training room under the supervision of athletic trainers employed by the University. However, community placements may also be arranged depending on availability of certified athletic trainers.

- ❑ BIOL 349; PE 304, 415, 491c; HLED 345; PSY 101, PHYS 101; CHEM 115; PE 414 or HLED 350

### D. Sport Psychology

30 credits

The sport psychology option provides students with the behavioral knowledge and educational techniques to enhance performance in recreational, exercise, and athletic settings. This option provides an emphasis in psychology and exercise science that will serve as an adequate set of prerequisites for post-baccalaureate study in sport and/or exercise psychology. PE 320, 321, and 410 are required and must be taken as part of the core requirements in the major.

*Requirements — Core Courses*

- ❑ PE 320, 321, 410, 420; PSY 101, 210, 230, 240, 250

*Electives*

- ❑ Select one course under advisement from PSY 119, 220, 370, 371, 372, 373, 375

### Minor — Sport Psychology

30 credits

This interdisciplinary program is designed to introduce the student to the discipline of sport psychology. More specifically, it emphasizes the educational and behavioral approaches to sport psychology that can be applied in recreational, exercise, and athletic settings and environments.

*Requirements*

- ❑ PE 320, 321, 410, 420; PSY 101

*Electives*

- ❑ Select 13 credits under advisement from PSY 119, 210, 220, 230, 240, 250, 370, 371, 372, 373, 375

Physical education majors cannot use PE 320, 321 and 410 for both major and minor requirements and must select replacement courses from psychology electives.

## BACHELOR OF ARTS IN EDUCATION

### Major — Physical Education and Health — P-12

139 credits, including student teaching

This major must be accompanied by the professional preparation program in secondary education and leads to an endorsement in health and fitness. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

This major provides concentrated study of physical education and health. Completion of the requirements leads to teacher certification in P-12 physical education and health (fitness and health). Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or higher. The program is unique in that it consists of four sequential five-credit blocks in physical education pedagogy with practicum experiences at the elementary, middle, and high school levels, allowing students concentrated time developing teaching techniques while working with children and adolescents in the public schools. Ongoing video analysis of teaching effectiveness is incorporated throughout the blocks. The health component of the program includes 17 required credits that can be taken either during the academic year or summer session.

*The program is popular, and the number of students admitted into the program is limited.*

Students desiring entry into the program should follow the process outlined below:

- ❑ Meet the minimum qualifications of the Woodring College of Education admissions process. This can be initiated and completed as early as winter or spring quarters *before* applying to the physical education and health program the following fall. It is imperative that students begin this process as soon as they are interested in the program. Students who do not meet the minimum qualifications of Woodring College of Education cannot apply for entry into the P-12 physical education and health program.
- ❑ Meet with a department advisor to declare the pre-major and outline a plan of study. Enroll in PE 301, 308, 340 and BIOL 348 fall quarter. **NOTE:** PE 301 and BIOL 348 may be taken prior to fall quarter.
- ❑ Submit a completed application packet for the P-12 physical education and health program no later than the fifth Monday of fall quarter. Students are encouraged to submit applications as soon as they meet the minimum

qualifications of Woodring College of Education. This can be done as early as spring quarter *before* applying to the P-12 physical education and health program the following fall (applications are available in the main office of the PEHR department and should be read *very* carefully).

- Successful completion (grade C or better) of BIOL 348, PE 301, 308, 340
- Applications for the P-12 physical education and health program will be reviewed by faculty, and a limited number of candidates will be accepted into the program and notified prior to winter quarter. Criteria for acceptance are established by physical education faculty, and applications will be judged accordingly. Criteria may include an oral presentation and interview.

### Program of Study

#### Health Education Courses

17 credits

- HLED 150, 151, 152, 345, 455; PE 414 or HLED 350

#### Physical Education Courses

Pedagogy:

- PE 340, 341, 341p, 440, 440p, 441, 441p, 442p, 443

Exercise and Sport Science:

- PE 306, 308, 311, 312, 410, 413

Psychosocial/Historical:

- PE 320, 424 and one of the following: PE 321, 323, 324

Education and Psychology Courses:

- SEC 410, EDF 310, IT 344, SEC 425, EDF 411, SEC 432, IT 444
- PSY 372 or 373, PSY 371

#### Recommended First Year of Study

- Fall*: PE 301, BIOL 348, PE 340 (Block I: Elementary PE), PE 308
- Accepted into the PE and health program
- Winter*: PE 341 (Block II: Elementary PE), PE 312, SEC 410, 425, PSY 372/373
- Spring*: PE 341p (Elementary Practicum), PE 443 and 413, EDF 310, IT 344

For a suggested sequence of courses for the second and third year of the program, please contact the assigned advisor. Students who have all their prerequisites and are accepted into the program can expect to finish the program and their student teaching within three years.

Students add health classes to their schedule as they see fit and/or may need to attend summer session to fulfill this component.

Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

## HEALTH EDUCATION

A health educator is a practitioner who is professionally prepared in the field of health education, who demonstrates competence in both theory and practice, and who accepts responsibility to advance the aims of the health education profession. The practice of health education takes place in community, school, work site, medical care, and college settings. A Certified Health Education Specialist (CHES) is an individual who is credentialed as a result of demonstrating competency based on criteria established by the National Commission for Health Education Credentialing.

Students normally devote most of the freshman and sophomore years of study to completion of the General University Requirements and health education foundation courses (HLED 150, 151 and 152). Several supporting courses required in the community health major fulfill GUR requirements (e.g., CHEM 115, 251; PSY 101, lower-division sociology or ANTH 201). Junior and senior years are devoted to the health education core, human development core, and to electives. Electives that emphasize oral and written communication skills are recommended. Prospective majors are strongly encouraged to fulfill the biological science and chemistry requirements by the end of their junior year. Failure to do so can result in delayed graduation.

## BACHELOR OF SCIENCE

### Major — Community Health

110 credits

A community health educator is a practitioner professionally prepared in the field of health education who demonstrates competence in the planning, implementation and evaluation of a broad range of health-promoting, health-enhancing programs for community groups. This major prepares students to apply a variety of methods and models of health behavior change that result in the education and mobilization of community members in actions for resolving health issues and problems that affect the community. Students participate in aspects of programs that identify and address the health needs of society.

Prerequisites for entry into the major are completion of either HLED 150, 151 or 152, a 2.50 GPA and completion of a program application form. Students must maintain the 2.50 GPA to satisfactorily complete the degree and to enroll in HLED 451 (internship). Further information and major declaration forms are available from the coordinator of health education, Department of Physical Education, Health and Recreation.

### Program of Study

#### General Courses

15 credits

- CHEM 115, 251
- PSY 101, or ANTH 201, or lower-division sociology

#### Health Education

55 credits

- HLED 150, 151, 152
- HLED 345, 350
- HLED 407, 410, 435, 447, 450, 451 (internship), 460

#### Human Development

28 credits

- Upper-division anthropology or sociology course or lower-division psychology course
- BIOL 348 and 349
- PE 413
- JOUR 330
- Statistics (SOC 207 recommended)

#### Electives Under Advisement

12 credits

Students interested in becoming lifestyle advisors in the Peer Health Education Program may include HLED 250 as one of their electives.

## PHYSICAL EDUCATION, HEALTH AND RECREATION

- SOC 260, 333, 338, 340, 380
- ANTH 353, 424
- BIOL 345
- COMM 224, 240
- PSY 230, 240
- PE 312, 414, 415

Substitutions may be made with approval of the student's advisor.

**NOTE:** Program prepares students for the Certified Health Education Specialist (CHES) exam.

### Exit Requirement

- Standard First Aid/CPR certification

### Minor — Health Promotion

28 credits

- HLED 345, 350, 407, 410, 447; BIOL 348/349

Students are advised to check prerequisites for the courses listed above.

## RECREATION

In response to the leisure needs of society, career opportunities in recreation and leisure services are numerous and diverse.

The recreation curriculum prepares students to plan, develop and administer programs and resources in a variety of settings.

The curriculum adapts the quarter system of scheduling classes to a phase system. Students enter Phase I of the program during spring quarter of their sophomore year. They continue through the curriculum as a group, as indicated in the schedule below.

|        | Fall | Winter | Spring | Summer |
|--------|------|--------|--------|--------|
| Fresh  |      |        |        |        |
| Soph   |      |        | I      |        |
| Junior |      | II     | III    | or III |
| Senior | IV   |        |        |        |

The phase system allows maximum flexibility in scheduling workshops, field experiences, conferences and seminars both on and off campus. By making use of other departments at Western, statewide recreation resources and recreation professionals, a wide range of educational experiences is available to the student.

The recreation program emphasizes preparation in the broad areas of outdoor recreation, community recreation, therapeutic recreation, and tourism. Community and outdoor recreation graduates have been successful in finding employment in federal and state recreation and park agencies, county and community recreation departments, commercial recreation businesses, and industrial recreation settings. Therapeutic recreation graduates find employment in hospitals, senior centers, nursing homes, mental health agencies, community recreation departments, and federal, state and private agencies serving persons with special needs. Graduates prepared in tourism plan and lead trips worldwide.

The recreation program is nationally accredited. Students should inquire directly to the recreation program office for

current information on admission procedures.

The deadline for completing all aspects of the application process is fall quarter, *the Friday before Thanksgiving*. Students must have completed 45 quarter unit credits, including approved transfer credits, to be eligible. The deadline also applies to transfer students. Transfer students are urged to contact the recreation program for guidance and further information. The program is popular, and the number of majors admitted is limited. Due to limited space, applications for minors are not currently being accepted.

## BACHELOR OF ARTS

### Major — Recreation

66 credits

- Prereq: RECR 201
- Phase I: RECR 271, 272, 274, 275, 276
- Phase II: Recr 372, 373, 378 plus 1 of 4: RECR 370, 376, 379, 385
- Phase III: RECR 471
- Phase IV: RECR 444, 450, 480 plus 1 of 5: RECR 421, 470, 475, 476, 479

RECR 380 is required for the therapeutic recreation option and is offered fall quarter each year.

### Support Area

Recreation majors must develop a 25-credit support area. Support-area prescriptions are worked out cooperatively with the student's faculty advisor and must have the advisor's final approval. They may range from traditional minors in sociology, environmental studies and other fields to interdisciplinary studies incorporating courses from a broader spectrum of University course offerings. Support areas are designed on the basis of previous experience in recreation related programs, skills and interests, and professional aspirations.

*Example Support Areas:* business, sociology, special education, communications, retail management, psychology, journalism, natural resource management, environmental planning, physical education, cultural arts, commercial recreation, biology, health promotion, tourism, aging.

## GRADUATE STUDY

For a concentration leading to the Master of Science degree, see the *Graduate School* section of this catalog.

## COURSES IN PHYSICAL EDUCATION (PE)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### Developmental Skills/Fitness Leadership

*Activities courses, with the exception of varsity sports and those so noted, may not be repeated for credit.*

All 100-level classes are S/U graded. For courses numbered 168 or below, an \$12.40 fee is required upon registration, unless otherwise noted. Beginning courses, or equivalent, are prerequisite to intermediate courses, which are in turn prerequisite to advanced courses in any given activity.

#### 101-109 DEVELOPMENTAL (1 ea)

- 102a BEGINNING CONDITIONING
- 102b BEGINNING AEROBIC FITNESS
- 103 BEGINNING JOGGING
- 108 BEGINNING WEIGHT TRAINING
- 109 GROUP FITNESS INSTRUCTOR TRAINING

Prereq: current CPR certification; recommended previous enrollment in PE 102b or previous participation in or instruction of a group aerobics fitness class. Instruction leading to qualification for American Council on Exercise (ACE) Group Fitness Instructor Certification Exam.

**111-119 AQUATICS (1 ea)**

- 112 BEGINNING SWIMMING (for nonswimmers)
- 113 INTERMEDIATE SWIMMING
- 114 ADVANCED SWIMMING
- 115 BEGINNING WATER SKIING
- 116 LIFEGUARD TRAINING — NEW METHOD

Prereq: advanced swimming test first day of class. Instruction leading to qualification for the American Red Cross Lifeguard Training Certification.

**120-129 DANCE (1 ea)**

(See *Dance Program* for additional dance offerings.)

- 120 BEGINNING SOCIAL DANCE
- 122 BEGINNING FOLK AND COUNTRY DANCE
- 123 BEGINNING SCOTTISH COUNTRY DANCING
- 124 INTERMEDIATE SCOTTISH COUNTRY DANCE

Prereq: PE 123.

**130-139 DUAL SPORTS (1 ea)**

- 132 BEGINNING BADMINTON
- 133 INTERMEDIATE BADMINTON
- 134 BEGINNING PICKLEBALL
- 136 BEGINNING TENNIS
- 137 INTERMEDIATE TENNIS
- 139 BEGINNING RACQUETBALL

The student furnishes equipment for PE 136, 137, 139.

**140-149 TEAM SPORTS (1 ea)**

- 142 BEGINNING BASKETBALL
- 144 BEGINNING SOCCER
- 145 BEGINNING VOLLEYBALL
- 148 BEGINNING LACROSSE

**150-179 INDIVIDUAL SPORTS (1 ea unless otherwise noted)**

- 154 BEGINNING GOLF
- 157 BEGINNING SKIING
- 158 INTERMEDIATE SKIING
- 159 ADVANCED SKIING
- 165 BEGINNING HANDBALL
- 166 INTERMEDIATE HANDBALL
- 167 BEGINNING BICYCLING
- 168 BEGINNING MARTIAL ARTS
- 170 SAILING

Prereq: swim test first day. Fee: \$40.57.

- 171 SAILBOAT RACING I

Prereq: basic skippering skills. Fee: \$40.57.

- 172 SAILBOAT RACING II

Prereq: PE 171 or one year racing experience skippering. Fee: \$40.57.

- 173 SAILING INSTRUCTOR TRAINING (3)

Prereq: basic skippering skills. Successful completion of the course and additional fees required for Level 1 U.S. Sailing Association instructor certification. Fee: \$40.57.

- 174 SAILBOAT RACING INSTRUCTOR TRAINING (2)

Prereq: PE 173 or written permission of instructor. Successful completion of the course and additional fees required for Level 2 U.S. Sailing Association instructor certification. Fee: \$40.57.

- 175 WINDSURFING

Prereq: swim test first day. Fee: \$40.57.

- 176 WINDSURFING INSTRUCTOR TRAINING (3)

Prereq: basic windsurfing skills. Successful completion of the course and additional fees required for U.S. Sailing Association windsurfing instructor certification. Fee: \$40.57.

- 177 KAYAK TOURING

Prereq: swim test first day. Fee: \$40.57.

- 178 BEGINNING SALTWATER KEEL BOAT SAILING

Prereq: basic skippering skills. Fee: \$116.10.

- 179 INTERMEDIATE SAILING

Prereq: basic skippering skills. Fee: \$40.57.

The student enrolling in 157, 158, 159, 170, 171, 172, 173, 174, 175, 176, 177 and 178 pays cost of transportation and individual instruction. Students in 157, 158, 159 and 167 also furnish own equipment.

**180-194 INTERCOLLEGIATE SPORTS (2 ea)**

Courses below repeatable to a maximum of 10 credits.

- 180 INTERCOLLEGIATE FOOTBALL
- 181 INTERCOLLEGIATE BASKETBALL
- 183 INTERCOLLEGIATE TRACK AND FIELD
- 185 INTERCOLLEGIATE GOLF
- 186 INTERCOLLEGIATE TENNIS
- 189 INTERCOLLEGIATE CROSS COUNTRY
- 190 INTERCOLLEGIATE CREW
- 192 INTERCOLLEGIATE VOLLEYBALL
- 193 INTERCOLLEGIATE SOCCER
- 194 INTERCOLLEGIATE SOFTBALL

**Professional Courses**

**201 PERSPECTIVES OF HUMAN LIFESTYLE AND WELLNESS (3)**

Overview and analysis of the role and place lifestyle and wellness play in society (past, present and future). Issues in health, fitness and leisure.

**301 SURVEY OF PHYSICAL EDUCATION AND HEALTH (3)**

Pre- or co-req: BIOL 348 or permission of instructor. Must be taken first two quarters in the program. Library research methods, career orientation, professional readiness, and current issues in physical education and health.

**302 PRINCIPLES OF CONDITIONING AND STRENGTH TRAINING (3)**

Prereq: PE 301. Theoretical and practical background regarding strength training and aerobic/anaerobic activities.

**304 PREVENTION AND CARE OF ATHLETIC INJURIES (3)**

Prereq: PE 301 or permission of instructor. Overview of current information on the care and prevention, and immediate care, of common sports injuries.

**306 MEASUREMENT AND EVALUATION IN PHYSICAL EDUCATION (3)**

Pre- or co-req: PE 301. Application of the theory of measurement, evaluation and appropriate statistical processes to physical education programs; practical experiences involving test selection, administration and evaluation and interpretation of results in public school or fitness settings.

**308 HUMAN GROWTH AND MOTOR DEVELOPMENT (3)**

The study of postnatal growth, maturation, and physical activity, their interrelationship with cognitive and psychosocial development, with application to health promotion and physical activity programs for children and youth.

**309 PHYSICAL DIMENSIONS OF AGING (3)**

Pre- or co-req: PE 301 or permission of instructor. A study of the physical and motoric changes that occur during the adult years, their interrelationship with physical activity, with application to health promotion

## PHYSICAL EDUCATION, HEALTH AND RECREATION

and disease prevention. Includes theoretical perspectives on aging, the aging process in specific body systems, and how these processes may affect cognitive and emotional development.

### **311 BIOMECHANICS (4)**

Pre- or co-req: PE 301; completion of math GURs. Application of basic mechanical principles to movement. Motion fundamentals, kinetics, kinematics, aerodynamics, hydrodynamics, equilibrium and external forces, rebound and spin, two-dimensional analysis, and the body as a machine; lab work is included.

### **312 KINESIOLOGY (5)**

Pre-req: PE 301. Important muscles of the body; origin, insertion and action; principles of human movement; performance analysis of basic locomotor movements, daily living activities and sports skills; lab work included.

### **320 PSYCHOLOGY OF SPORT (3)**

Pre-req: PE 301 or permission of instructor. Psychological principles and states which are present in sporting activities, both at recreational and highly competitive levels.

### **321 SOCIOLOGY OF SPORT (3)**

Pre-req: PE 301 or permission of instructor. Sociological implications of sport in contemporary American society.

### **323 OLYMPISM AND THE MODERN OLYMPIC GAMES (3)**

Pre-req: PE 301 or permission of instructor. A historical and philosophical overview of the Olympic Movement and modern Olympic Games. Particular emphasis will be placed on the philosophy of the Olympic Movement-Olympism.

### **324 INTERNATIONAL ASPECTS OF PHYSICAL EDUCATION, SPORT, HEALTH AND LEISURE (3)**

Pre-req: PE 301. An analysis of various aspects of physical education, elite sport, health and leisure throughout the world.

### **340 BLOCK I: ELEMENTARY PHYSICAL EDUCATION (5)**

Pre- or co-req: PE 301. Incorporates pedagogical principles and instructional techniques in physical education based on the characteristics and needs of elementary students with emphasis on rhythms and dance, fundamental movement, and gymnastics.

### **341 BLOCK II: ELEMENTARY PHYSICAL EDUCATION (5)**

Pre-req: PE 340, major status in P-12 PE and Health. Incorporates pedagogical principles and instructional techniques in physical education based on the characteristics and needs of elementary students with emphasis on fitness development, fundamental skills, sport-related activities and contemporary recreational activities.

### **341p ELEMENTARY PHYSICAL EDUCATION PRACTICUM (3)**

Pre- or co-req: PE 341. Observing/assisting/teaching in an elementary school setting. Includes weekly seminar.

### **342-343 SPORTS OFFICIATING (2 ea)**

Officiating techniques for individual and team sports.

342m BASKETBALL

342w BASKETBALL

343 TRACK AND FIELD

### **345 PHYSICAL EDUCATION FOR ELEMENTARY SCHOOL (3)**

Pre-req: admission to the Woodring College of Education and PSY 230 or 372. Physical activities in fundamental skill development, fitness, creative movement, rhythms and gymnastics for elementary age. Includes methods of teaching and developmental characteristics of children.

### **380-385 COACHING SPORTS (2-3 ea)**

Practical and theoretical aspects of coaching the sport with special emphasis on advanced skill development and current methodology and resource material being utilized.

380 FOOTBALL (3)

381 BASKETBALL (3)

383 TRACK (3)

385 VOLLEYBALL (2)

### **410 MOTOR CONTROL AND LEARNING (3)**

Pre-req: PE 301. Principles of motor control and skill acquisition, as it relates to human movement.

### **413 PHYSIOLOGY OF EXERCISE (5)**

Pre-req: PE 301; PE 306 recommended; permission of instructor or community health major status. Nature of muscular, metabolic, cardiovascular and respiratory adjustments to acute and chronic exercise. The effect of training on fitness and health. Includes experimental laboratory sessions.

### **414 PHYSICAL ACTIVITY AND NUTRITION (3)**

Pre- or co-req: PE 413. Current topics on exercise and nutrition; weight control, dietary supplementation and performance, fluid regulation, atherosclerosis and diabetes. Applications include metabolic balance, consumer issues such as marketing strategies, label analysis, food choices, attributes of food products such as natural, organic, fat-free, et cetera.

### **415 PHYSICAL FITNESS ASSESSMENT AND EXERCISE PRESCRIPTION (5)**

Pre-req: PE 413. Examine techniques of evaluation for physical fitness with an emphasis on aerobic capacity, flexibility, and body composition; case studies; develop appropriate exercise program and re-evaluation. Includes experimental laboratory sessions and practical laboratory skills analysis.

### **420 SEMINAR IN SPORT PSYCHOLOGY (3)**

Pre-req: PE 320, 321, 410; and 10 credits in psychology or permission of instructor. An interdisciplinary seminar (psychology/physical education) exploring core topics of sport psychology including: evaluation of athletes, research design and strategies, personality assessment, mental and physical preparation for competition, clinical applications.

### **422 PHYSICAL EDUCATION ADMINISTRATION AND MANAGEMENT (3)**

Pre-req: PE 301; 15 credits in the major courses. Criteria for the selection of program activities, planning and maintenance of facilities and equipment, personnel development, evaluative procedures and techniques, administrative policies.

### **424 HISTORY AND PHILOSOPHY OF PHYSICAL EDUCATION (4)**

Pre-req: PE 301, senior status. Historical, philosophical and ethical considerations of physical education. Writing proficiency course.

### **440 BLOCK III: SECONDARY PHYSICAL EDUCATION (5)**

Pre-req: PE 341p; co-req: PE 440p. Incorporates pedagogical principles and instructional techniques based on the characteristics and needs of secondary students, particularly middle school students, with an emphasis on the following content areas: contemporary recreational activities, team sports, and individual/dual sports.

### **440p MIDDLE SCHOOL PHYSICAL EDUCATION PRACTICUM (2)**

Pre-req: PE 341p; co-req: PE 440. Observing/assisting/teaching in a middle school setting. Includes weekly seminar.

### **441 BLOCK IV: SECONDARY PHYSICAL EDUCATION (5)**

Pre-req: PE 440p. Incorporates pedagogical principles and instructional techniques in physical education based on the characteristics and needs of secondary students, particularly senior high students, with an emphasis on the following content areas: strength and fitness development, team and individual sports, rhythms and dance (curriculum development, analysis, and assessment of effective teaching).

### **441p SENIOR HIGH SCHOOL PHYSICAL EDUCATION PRACTICUM (2)**

Pre-req: PE 440p. Observing/assisting/teaching in a senior high school setting. Includes weekly seminar.

### **442p PRACTICUM IN PHYSICAL EDUCATION (2)**

Pre-req: PE 440p. Individualized practicum in teaching physical education activities. May be repeated with no maximum. S/U grading.

### **443 ADAPTED PHYSICAL ACTIVITY (3)**

Pre-req: PE 308 or permission of instructor. A study of the physical and motoric needs of persons with disabilities, their interrelationship with physical activity, with application to the planning and implementation of adapted physical activity programs.

### **471 INTERNSHIP (15)**

Pre-req: First Aid/CPR certification, proof of malpractice insurance, and permission of instructor. Full-time supervised professional experience emphasizing functional proficiency under joint sponsorship of University and agency personnel. S/U grading.

### **491a FIELD EXPERIENCE IN FITNESS AND HEALTH PROMOTION (3)**

Pre-req: First Aid/CPR certification, proof of malpractice insurance, and

permission of instructor. Practical volunteer experience in agencies such as work site wellness programs, hospitals, fitness facilities, on-campus fitness programs and community sports organizations. Repeatable to a maximum of 6 credits. S/U grading.

#### **491b FIELD EXPERIENCE IN PHYSICAL THERAPY (3)**

Prereq: First Aid/CPR certification, proof of malpractice insurance, and permission of instructor. Practical volunteer experience, under supervision of a registered physical therapist, in agencies such as hospitals, physical therapy clinics, and retirement or convalescent centers. Repeatable to a maximum of 6 credits. S/U grading.

#### **491c FIELD EXPERIENCE IN ATHLETIC TRAINING (3)**

Prereq: First Aid/CPR certification, proof of malpractice insurance, and permission of instructor. Practical volunteer experience, under supervision of a certified athletic trainer, in athletic training facilities and intercollegiate sports events. Repeatable to a maximum of 15 credits for athletic training majors. S/U grading.

#### **491d FIELD EXPERIENCE IN SPORTS PSYCHOLOGY AND ATHLETIC COACHING (3)**

Prereq: First Aid/CPR certification, proof of malpractice insurance, and permission of instructor. Practical volunteer experience in community agencies, educational institutions or private sector businesses that oversee athletic, youth sport and exercise/fitness programs. Repeatable to a maximum of 6 credits. S/U grading.

#### **493 EXERCISE AND SPORT SCIENCE RESEARCH (3)**

Prereq: 15 credits completed in Exercise and Sport Science; permission of instructor. Investigation of a problem conducted independently or as part of a group under faculty supervision. S/U grading.

### **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

#### **502 RESEARCH TOPICS IN HUMAN MOVEMENT AND PERFORMANCE (2-5)**

Prereq: graduate status. Supervised research or study in topics related to sociology/psychology of sport, biomechanics, exercise physiology, motor learning/control, human growth and motor development, and epidemiology of physical activity. Repeatable to a maximum of 10 credits.

#### **506 RESEARCH DESIGN IN HUMAN MOVEMENT AND PERFORMANCE (4)**

Prereq: graduate status; undergraduate statistics. Purpose and design of various research methods used in the analysis of human movement and performance problems; survey of common statistical applications; development of research proposals.

#### **507 MOTOR CONTROL (3)**

Prereq: PE 410 or equivalent. Examination of the structure and function of the human neuromuscular system, as it pertains to the production of movement.

#### **510 LABORATORY TECHNIQUES IN EXERCISE SCIENCE (4)**

Prereq: PE 311 and 413 or equivalent. Common laboratory techniques utilized in exercise science are presented with emphasis on body composition analysis, circulo-respiratory testing, phlebotomy/blood analysis, muscular strength and endurance, computer usage, force platform analysis, electrogoniometry and cinematographical techniques.

#### **511 PHYSICAL ACTIVITY AND HYPOKINETIC DISEASES (3)**

Prereq: PE 413 or equivalent and permission of instructor. Survey of effects of physical activity on disease processes related to hypokinesia: cardiovascular disease, obesity, diabetes, osteoporosis, arthritis. Overview of needs of special populations: geriatrics, children.

#### **513 EXERCISE PRESCRIPTION AND PROGRAMMING (4)**

Prereq: PE 312, 413 or equivalents. Design safe, effective and enjoyable physical activities for selected populations in competitive, preventive and rehabilitative exercise programs. Medico-legal aspects and administration of exercise prescription and programming. Case studies.

#### **520 READINGS IN HUMAN MOVEMENT AND PERFORMANCE (3)**

Prereq: graduate status. Directed readings, analysis, discussion of current literature on human movement and performance culminating in a colloquium of a chosen topic.

#### **533 CARDIOVASCULAR PHYSIOLOGY (3)**

Prereq: PE 413 or BIOL 348 or equivalent. Advanced principles and concepts regarding cardiovascular dynamics. Examines various parameters of the cardiovascular system, the relationship of resting data to exercise data, and electrocardiography.

#### **540 APPLIED EXERCISE PHYSIOLOGY (4)**

Prereq: PE 413 or permission of instructor. Selected topics in advanced exercise physiology: homeostasis, energy systems, metabolism, cardiorespiratory adjustments, hormonal control, neuromuscular physiology, ergogenic aids, thermoregulation, environmental responses and adaptations, by lecture and recitation.

#### **541 SEMINAR IN SPORT PSYCHOLOGY (3)**

Prereq: PE 320 or permission of instructor. Theoretical foundations and behavioral applications of sport psychology including: history and current status of sport psychology, individual differences in sport behavior, motivation in sport, exercise psychology, social influence and sport, and the dynamics of sport groups.

#### **542 SEMINAR IN SPORT SOCIOLOGY (3)**

Prereq: PE 321 or permission of instructor. The study of sport as a microcosm of society with particular emphasis on the following topical areas: economics and sport, social mobility and sport, socialization, ethnic issues and sport, gender issues and sport, education and sport, sport and politics, and current social issues and sport.

#### **543 BIOMECHANICAL ANALYSIS OF HUMAN MOVEMENT (4)**

Prereq: PE 311, 312 or permission of instructor. Kinematic and kinetic analysis of human movement with focus on practical application of mechanical laws governing human motion; laboratory and computer applications.

#### **544 BIOMECHANICS OF THE MUSCULOSKELETAL SYSTEM (4)**

Prereq: PE 311, 312 or equivalent and permission of instructor. Selected topics relating to biomechanics of the musculoskeletal system, muscular and skeletal system characteristics, biomechanics of the hip, knee, shoulder, foot, ankle and vertebral column.

#### **546 EPIDEMIOLOGIC ASPECTS OF EXERCISE AND PHYSICAL ACTIVITY (3)**

Prereq: graduate status. Study of the distribution and determinants of disease, injury and other non-disease health states in human populations with specific application to exercise and physical activity.

#### **551 APPLIED SPORT AND EXERCISE PSYCHOLOGY (4)**

Prereq: PE 541. Provides comprehensive overview of applied educational strategies and techniques in sport and exercise psychology, including performance enhancement/intervention strategies and techniques, exercise psychology, psychosocial foundations of youth sport programs and psychology of coaching.

#### **592 INTERNSHIP (2-6)**

Prereq: First Aid/CPR certification, proof of malpractice insurance, and permission of instructor. Supervised internship in schools, hospitals, clinics or corporation/industries as appropriate to complement the student's area of interest. Repeatable to a maximum of 6 credits. S/U grading.

#### **690 THESIS (1-9)**

Prereq: problem approval and permission of instructor. Repeatable to a maximum of 9 credits.

### **COURSES IN HEALTH EDUCATION (HLED)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### **150 CONSUMER AND ENVIRONMENTAL HEALTH (4)**

Analysis of media promotion of health products and services; health fraud; choosing health/medical care; investigation of environmental factors that affect human health; consumer and environmental protection agencies.

#### **151 SOCIETY AND DRUGS (2)**

Physiological and behavioral effects of legal and illegal drugs; societal substance use and abuse; alternatives to drug use.

#### **152 SOCIETY AND SEX (2)**

Sociological, psychological, and biological aspects of human sexuality.

#### **250 HEALTH OF THE COLLEGE STUDENT (4)**

Prereq: HLED 150, 151, 152 recommended; permission of instructor required. Analysis of major health risks; personal health status assessment;

## PHYSICAL EDUCATION, HEALTH AND RECREATION

---

strategies for reducing risk behaviors and promoting healthy lifestyles among college students. S/U grading.

### **345 HEALTH PROMOTION/DISEASE PREVENTION (4)**

Prereq: junior status; HLED 150, 151, 152 recommended. Investigation of chronic/degenerative diseases and infectious/communicable illnesses; intentional and unintentional injuries; relationship of lifestyle choices and personal beliefs to well-being.

### **350 NUTRITION (3)**

Prereq: junior status; BIOL 101 or 205 or CHEM 115 or 121. Study of functions of nutrients in the body, factors that govern nutrient requirements, and the impact of diet on health and disease.

### **407 PRINCIPLES AND FOUNDATIONS OF HEALTH EDUCATION (4)**

Prereq: HLED 345. Historical perspective of health and health education; professional issues and ethics; credentialing; principles, practices and foundations of health education. Writing proficiency course.

### **410 HEALTH COMMUNICATION AND SOCIAL MARKETING (3)**

Prereq: HLED 407 or permission of instructor. Examines the key concepts and practical skills of health communication/social marketing campaigns and their application to individual, group, and community public health initiatives.

### **435 WORK SITE HEALTH PROMOTION (5)**

Prereq: HLED 345 or concurrent. Direct application of theoretical bases to worksite health promotion programs; assessment tools; cost-benefit ratio and employee-productivity; individual/organizational behavior change process.

### **447 COMMUNITY HEALTH (4)**

Prereq: HLED 345; HLED 150, 151, 152 recommended. Concept of community health; role of government, nonprofit and private agencies; investigation of health issues targeting Healthy People 2010; grant writing; coalition building; service-learning required.

### **450 METHODS AND MATERIALS IN HEALTH EDUCATION (4)**

Prereq: HLED 150, 151, 152, 345. Principles and application of methodology for educating about health; learning styles; development of computer-generated materials; selection, utilization, and evaluation of resources.

### **451 INTERNSHIP (15)**

Prereq: HLED 407, 435, 447, 450, 460 and proof of malpractice insurance. Full-time supervised professional experience emphasizing functional proficiency under joint sponsorship of University and agency personnel. S/ U grading.

### **455 HEALTH EDUCATION GRADES K-8 (2)**

Prereq: admission to Woodring College of Education. Instructional methods in health for grades K-8; selection, analysis and application of health education curricula and materials; education about prevention of child abuse and alcohol/drug abuse, and AIDS/HIV.

### **456 ABUSE PREVENTION EDUCATION FOR TEACHERS (1)**

Prereq: admission to Woodring College of Education. Identification of physical, emotional, sexual, and substance abuse; impact of abuse on behavior and learning; responsibilities of teachers; and methods for teaching about and preventing abuse. Meets state WAC 180-79A-206 for continuing and professional certificates for teachers.

### **460 PROGRAM PLANNING AND EVALUATION IN HEALTH EDUCATION (5)**

Prereq: HLED 407, 450. Application of processes of program development in designing health education/health promotion programs. Writing proficiency course.

## **COURSES IN RECREATION (REC)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### **201 FOUNDATIONS OF RECREATION AND LEISURE (4)**

Prereq: sophomore status or permission. Professional course dealing with the history, philosophy, present status, future goals, and challenges of leisure and the recreation service professions.

### **271 COMMUNITY RECREATION AND LEISURE SERVICES (4)**

Prereq: RECR 201; majors only. Community-based recreation service agencies; philosophies, functions, services, personnel and facilities. Emphasis on the diversity and inter-relatedness of community recreation service agencies.

### **272 DYNAMICS OF OUTDOOR RECREATION (4)**

Prereq: RECR 201; majors only. Introduction to the major professional components of the outdoor recreation field; interpretive services, camping, resource management, programming, private recreation and tourism. Focuses on trends, programs and related professional issues.

### **274 INTRODUCTION TO THERAPEUTIC RECREATION (4)**

Prereq: RECR 201; majors only. Introduction to the principles and practices of therapeutic recreation. Includes history, philosophy, trends and issues. Also presents an overview of consumer groups associated with therapeutic recreation.

### **275 PROFESSIONAL PRACTICUM (1)**

Prereq: RECR 201; majors only. Participation in a recreation and park agency in the delivery of recreation services. S/U grading.

### **276 PROGRAM LEADERSHIP (3)**

Prereq: RECR 201; majors only. Leading and processing recreation experiences in community, outdoor and therapeutic settings that promote individual and social well being.

### **370 OUTDOOR PROGRAM DEVELOPMENT (4)**

Prereq: Phase I or appropriate experience and written permission. Methods and techniques in the organization, implementation and evaluation of recreation programs in outdoor settings.

### **372 MANAGEMENT OF RECREATION AND LEISURE SERVICES (4)**

Prereq: Phase 1. Entry-level administrative skills associated with managing personnel and organizational resources within parks and recreation systems.

### **373 RECREATION PROGRAMMING (4)**

Prereq: Phase 1. Systems approach to programming methods for individual and group program planning in all parks and recreation settings.

### **376 THERAPEUTIC RECREATION PROGRAM DESIGN (4)**

Prereq: Phase I or appropriate experience and written permission. Methods and techniques in the organization, implementation and evaluation of recreation programs for special populations: needs assessment, activity modification, adaptive equipment, physical and behavioral management and intervention techniques.

### **378a HUMAN RELATIONS: CONCEPTS AND SKILLS (4)**

Prereq: Phase I; recreation majors. Knowledge of human relations concepts and development of basic helping skills needed by professionals working in a variety of recreation settings. Focuses on improving public and personnel relations in professional settings and on enhancing the quality of leisure experiences for individuals.

### **378b HUMAN RELATIONS: CONCEPTS AND SKILLS (4)**

Prereq: Phase I; recreation majors. Knowledge of human relations concepts and development of basic helping skills needed by individuals working in therapeutic relationships in outdoor, community and institutional settings. Designed for students interested in therapeutic recreation and adventure programming.

### **379 TOURISM PLANNING AND DEVELOPMENT (4)**

Prereq: Phase I or written permission. Study of the nature and process of planning as a function of tourism industry development; focus on the application of resource and activity planning principles to the recreational travel and tourism experience.

### **380 THERAPEUTIC RECREATION PRINCIPLES, PRACTICES AND TECHNIQUES (5)**

Prereq: RECR 201, Phase I or appropriate experience and written permission. Concentrated analysis of the process and practice of therapeutic recreation. Includes medical terminology, disabling conditions, adaptations, models of health care, rehabilitation techniques, and further examination of the foundations and development of therapeutic recreation. Includes 2 hours/ week observing/shadowing in a therapeutic recreation setting.

### **385 LEISURE AND AGING (4)**

Prereq: RECR 201 or permission of instructor. An overview of aging with respect to leisure services. Examines physical, social, psychological, economic and political aspects of aging as they relate to designing recreation programs and leisure opportunities.

### **421 THERAPEUTIC RECREATION TRENDS AND ISSUES (3)**

Prereq: Phase III or appropriate experience and written permission. Trends and issues of therapeutic recreation in relation to a variety of special populations.

### **444 RECREATION BUDGETING AND FINANCE (4)**

Prereq: Phase III. Principles and techniques of obtaining, budgeting and

managing financial resources in parks and recreation agencies.

**450 RECREATION PROGRAM EVALUATION (4)**

Prereq: Phase III. Quantitative and qualitative methods of program evaluation emphasizing experiential learning; questionnaire design and survey research; interviews; observations; and consensus techniques.

**470 ADVENTURE-BASED PROGRAMMING (3)**

Prereq: Phase III. Methods and techniques in the assessment, design, implementation and evaluation of adventure programs in enrichment and therapeutic recreation settings.

**471 INTERNSHIP (15)**

Prereq: Phase II. Full-time supervised professional experience emphasizing functional proficiency under joint sponsorship of University and agency personnel. S/U grading.

**475 COMMUNITY DEVELOPMENT AND LEISURE SERVICES (3)**

Prereq: Phase III or permission. An analysis of community development from the context of recreation and leisure services. Emphasis is placed on the roles and relationships among community members and recreation and leisure services for the purpose of promoting the health and well-being of communities.

**476 PARK AND FACILITY DESIGN AND OPERATIONS (3)**

Prereq: Phase III or appropriate experience and written permission. Design and operations considerations for the park and recreation administrator; program development, master plans, functional considerations, scheduling and maintenance.

**479 ECOTOURISM: PRINCIPLES AND PRACTICES (3)**

Prereq: RECR 379 or permission of instructor. Provides an understanding of the principles and practices of ecotourism. Examines theory, practice, history, terminology and issues in ecotourism planning and management. Emphasizes sustainable practices as they relate to traveler education, tour planning, and destination development.

**480 LEISURE AND SOCIETY (4)**

Prereq: Phase III. A senior capstone course that builds on general education and foundations of professional education. Goal is to synthesize diverse strands of theory and practice into an integrated understanding of recreation and leisure in modern society, with implications for professional service.

© WWU Publishing Services

# POLITICAL SCIENCE

Politics and government affect the lives of all of us. What we do, and what we think, is affected by the decisions and actions of state, local and national governmental institutions and political leaders. The objectives and policies of foreign countries also can affect our daily lives, particularly during periods of international tension and war.

Political science is one of the oldest fields of academic inquiry. Social ideals and their realization through law were systematically studied in ancient Greece. In an increasingly interdependent world, the study of politics and government has flourished as the relations between persons, groups and nations have become more complex, and questions of freedom and authority have challenged every citizen. Modern political science is equally concerned with questions of political philosophy and with the pursuit of social scientific research. These concerns are reflected in a broad and diverse curriculum.

The political science faculty is committed to the belief that understanding politics and government is essential to a well-educated person, vital to democratic citizenship, indispensable to effective public service, and critical to the maintenance and ethical progress of a free society.

The political science curriculum prepares students for careers in public service-related occupations in both government and business. Many students majoring in political science go on to law school, graduate school and into the professions; many others who are not majors take political science courses as an essential part of their liberal arts education.

## THE CURRICULA

The political science department offers several curricula leading to the Bachelor of Arts, the Master of Arts, and the Master of Arts option in political science/environmental studies. These curricula are listed below, and their details are set forth following the list of the department faculty.

- Bachelor of Arts
  - *Majors*: political science, political science/economics, politics/philosophy/economics, political science/social studies.
  - *Minors*: political science, Canadian-American studies, East Asian studies
- Master of Arts in Political Science
- Master of Arts in Political Science (Environmental Studies)

## MID-PROGRAM CHECKPOINT

To finish the political science major in a timely fashion, students should try, by the end of their sophomore year, to complete the core courses (and necessary prerequisites) needed for the advanced courses in the three fields within the major. The core courses for the three fields are:

*American Politics and Public Policy*: PLSC 250

*Political Theory*: PLSC 360

*International and Comparative Politics*: PLSC 271 or PLSC 291

## DECLARATION OF MAJOR

Students are eligible to declare the political science major and any of the majors combined with political science if they have completed any two of the following core courses: PLSC 250,

271, 291, 360, or the equivalent course(s) at another college or university.

Students who have no transfer credits for political science course work, stop by the political science department office, Arntzen Hall 415, with your *Degree Planning Guide* and an unofficial Western Washington University transcript showing the two completed courses from the list above.

For students who have transfer credits for political science course work from another institution, first make an appointment with a department transfer advisor by calling 650-3469 to have credits reviewed. Then visit the department office with the required documents as outlined above.

## POLITICAL SCIENCE FACULTY

**SARA J. WEIR** (1989) Chair. Associate Professor. BA, MA, Ball State University; PhD, University of Washington.

**AMIR ABEDI** (2003) Assistant Professor. BA, University of Hanover, Germany; MA, PhD, University of British Columbia.

**DONALD K. ALPER** (1971) Professor. BA, MA, California State University, Long Beach; PhD, University of British Columbia.

**PAUL CHEN** (2002) Assistant Professor. BA, University of California, Berkeley; JD, Southwestern University School of Law; MA, Biola University; MA, PhD, University of Southern California.

**TODD A. DONOVAN** (1991) Professor. BA, California State University, Sacramento; MA, PhD, University of California, Riverside.

**VICKI HSUEH** (2003) Assistant Professor. BA, Oxford University; MA, PhD, Johns Hopkins University.

**VERNON D. JOHNSON** (1986) Professor. BA, Akron University; MA, PhD, Washington State University.

**KRISTEN D. PARRIS** (1991) Associate Professor. BA, MA, PhD, Indiana University.

**ADAM RESNICK** (1999) Assistant Professor. BA, University of California, Berkeley; MA, PhD, University of Colorado.

**DEBRA J. SALAZAR** (1990) Professor. BS, University of California, Berkeley; MS, PhD, University of Washington.

**SARA SINGLETON** (2001) Associate Professor. BA, MA, PhD, University of Washington.

The department's faculty and staff invite questions about the program and its career potential. Persons seeking more information should visit the department in Arntzen Hall or telephone (360) 650-3469. Written inquiries should be directed to the Department of Political Science, Western Washington University, Bellingham, Washington 98225-9082.

## BACHELOR OF ARTS

### *Major — Political Science*

60 credits

- Students select a first, second and third field of study from the three fields listed below
  - American Politics and Public Policy
  - Political Theory
  - International and Comparative Politics
- Core courses in each of the three fields are required. They are:
  - PLSC 250 for American Politics and Public Policy
  - PLSC 360 for Political Theory
  - PLSC 271 or PLSC 291 for International and Comparative Politics
- In the three fields, the students must complete:

- 15 credits in the first field plus required core course
- 10 credits in the second field plus required core course
- 4 credits in the third field plus required core course
- 3 credits of senior seminar, PLSC 417

Courses in the three fields are organized as follows:

*American Politics and Public Policy:* PLSC 250, 311, 313, 320, 345, 346, 347, 353, 414, 415, 417c, 420, 421, 423, 427, 441, 449, 450, 468

*Political Theory:* PLSC 360, 365, 417d, 460, 461, 462, 463, 464, 465, 466, 469, 480

*International and Comparative Politics:* PLSC 271, 291, 301, 302, 307, 308, 370, 372, 376, 380, 390, 402, 406, 411, 417a, 417b, 430, 431, 435, 436, 453, 475

PLSC 101, 260, 366, 417e, 443, 444, 445, and 491 credits apply toward the major but do not count in any field. No more than 10 credits of internship or independent study may be counted toward the major.

### Combined Major

A combined major is possible as an option for students whose educational or professional interests may best be furthered by an integrated curriculum from two disciplines. A combined major may be fulfilled by the completion of requirements stipulated by both the political science department and a department with which political science has established arrangements. A plan of study must be approved by both departments for completion of the major.

#### Minor — Political Science

25 credits in political science courses

- PLSC 250
- Remaining credits from at least one other field of study
- No more than 10 transfer credits in political science courses will be accepted toward the minor

**NOTE:** PLSC 101 does not count toward minor.

#### Minor — Canadian/American Studies

30 credits

Program Advisors: Dr. Donald Alper

See the *Canadian/American Studies* program section of this catalog. A Canadian/American Studies major may be taken as a joint major with political science.

#### Minor — East Asian Studies

30 credits

Program Advisor: Dr. Kathleen Tomlonovic

This may be added to the major for a major concentration. See the *East Asian Studies* program section of this catalog.

### Combined Major — Political Science/Economics

94 credits

Program Advisor: Dr. Adam Resnick

This major is available for students who have a strong interest in both of these disciplines and whose career interests lie, for example, in government or the legal profession.

- ECON 206, 207, 208, 303, 306, 307, 310
- DSCI 205 or equivalent
- 12 additional credits in upper-division economics courses,

under departmental advisement

- One Business and Economics communications focus course must be taken
- PLSC 250; 271 or 291; 360; 372; 462
- Econ/ PLSC 491 (or approved alternative)
- A minimum of one course from each of these groups: PLSC 320 or 427 or 468; 345 or 346 or 347; 463 or 465
- 8-9 additional credits in upper-division political science electives, to complete the total required 94 credits of this program

### Combined Major — Politics/Philosophy/Economics

84-85 credits

A multidisciplinary major designed to provide a solid grounding in disciplines that are critical to decision making and leadership in economic, political and social service institutions.

- ECON 206, 207, 303
- 16 additional upper-division economics credits
- PLSC 250, 360
- One course from each group:
  - PLSC 291 or 271
  - PLSC 320 or 427
  - PLSC 345 or 346 or 347
  - PLSC 462 or 463 or 465 or 469
- PHIL 102, 112, 114, 310, 320, 350, 360, 364, 420
- One communications focus course must be taken

### Combined Major — Political Science/Social Studies

Program Advisor: Dr. Sara Weir

91-93 credits

#### Political Science Courses (50 credits)

- PLSC 250
- 18 additional credits in American politics and public policy
- 8 credits in each of the two following areas:
  - Political theory
  - International and comparative politics
- Balance of credits in political science electives

#### Social Studies Courses (41-43 credits)

- ANTH 201 or one of SOC 221, 251, 255, 260, 268
- ECON 206 or 446 (preferred)
- ECON 207 or 447 (preferred)
- EGEO 201 and 2 additional geography credits
- HIST 103, 104, 391
- Plus 12 credits in history, including one course in World or Western or Pacific Rim or Civilization

To receive a recommendation for state of Washington certification, students must complete the "teacher certification" program, including the contents method course Sec 426, which is offered by the Department of Secondary Education as 1) part of the undergraduate Bachelor of Arts degree, or 2) as a post-baccalaureate program, or 3) as a part of the Master's in Teaching degree. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements. Completion of this combined major leads to endorsement in social studies. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

## POLITICAL SCIENCE

---

### DEPARTMENTAL HONORS

A political science major who wishes to graduate with honors in political science must have a 3.50 GPA in upper-division political science courses at Western. The student must then satisfy one of the following two additional requirements: complete two years of a foreign language, or demonstrate a satisfactory reading knowledge of it; or complete Research in Politics (PLSC 366). The student must then complete an Honors thesis while enrolled in PLSC 496 (Honors Tutorial) under the supervision of a faculty advisor. Students in the University Honors Program also must satisfy these departmental requirements.

### INTERNSHIPS

Students are encouraged to obtain internships in state, local or national government agencies, political parties and interest groups. Credit may be obtained by prior arrangement. Up to 10 credits may be counted toward the major. The academic relevance and adequacy must be determined by the department through a written evaluative report. Prerequisite is 10 credits in political science or consent of the chair.

### INDEPENDENT STUDY

Students wishing to pursue research and directed reading in areas of the discipline where they have had prior course work may apply to do independent study projects. Enrollment is with the consent of the instructor and the chair. No more than 10 credits may be counted toward the major.

### GRADUATE STUDY

For concentrations leading to the Master of Arts degree, see the *Graduate School* section of this catalog.

### COURSES IN POLITICAL SCIENCE (PLSC)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### 101 GOVERNMENT AND POLITICS IN THE MODERN WORLD (5)

Introduction to concepts of politics; types of governments and political problems in the world today.

#### 250 THE AMERICAN POLITICAL SYSTEM (5)

Consideration of the system and process of American politics and government with primary focus on the national level.

#### 260 POLITICAL ANALYSIS (5)

Prereq: PLSC 101 or 250. Introduction to the kinds of argument and evidence used in politics and political science.

#### 271 INTRODUCTION TO INTERNATIONAL RELATIONS (5)

The politics of war, peace, and international economic relations.

#### 291 INTRODUCTION TO COMPARATIVE POLITICS (5)

Basic structures, functions and sociocultural environments of foreign political systems; methods of comparative study.

#### 301 THE BRITISH PARLIAMENTARY SYSTEM (5)

Prereq: PLSC 101 or 250 or 291. The British parliamentary political system: analysis of British state and political structures and functions; analysis of British political parties; examination of the British service state.

#### 302 WESTERN EUROPE (5)

Prereq: PLSC 101 or 291. Governments and politics of selected western European states.

#### 307 EAST ASIA (5)

Prereq: PLSC 101 or 291. Survey course covering China, Japan and Korea since the mid-19th century. Not offered every year.

#### 308 AFRICAN POLITICAL SYSTEMS (5)

Prereq: PLSC 101 or 291. Post-colonial political development in Africa focusing on ideologies and strategies for achieving legitimate government and improved living standards. Several country studies are included to illustrate outcomes associated with different strategies for development.

#### 311 JURISPRUDENCE (5)

Prereq: PLSC 250. Origin and development of basic concepts and practices of law with emphasis upon legal reasoning and values in contemporary societies.

#### 313 LAW AND SOCIETY (5)

Prereq: PLSC 250. A comparative study and analysis of public policy on outstanding contemporary sociopolitical issues.

#### 320 POLITICS AND PUBLIC ADMINISTRATION (5)

Prereq: PLSC 250. The politics, institutions and management of the executive branch of American governments: federal, state and local.

#### 345 WOMEN AND POLITICS (5)

Prereq: PLSC 101 or 250. The history and ideas of the women's movement; investigation of the changing role of women in American politics including legal status, economic position and political behavior.

#### 346 POLITICS OF INEQUALITY (5)

Prereq: PLSC 250. Survey and critique of cultural perspectives, theories and social processes supporting group subordination and inequality. Emphasizes alternative interpretations of racism, sexism and poverty.

#### 347 RACE, POLITICS AND PUBLIC POLICY (5)

Prereq: PLSC 250 or equivalent. The historical and political bases of contemporary racial conflict in the United States.

#### 353 STATE AND LOCAL POLITICS (5)

Prereq: PLSC 250. Politics of states, urban regions and suburbs. Inter-jurisdictional conflict over growth or development. Federal relations, direct democracy and state policy making.

#### 360 INTRODUCTION TO POLITICAL THEORY (5)

Prereq: PLSC 101 or 250. Major concepts of Western political theory — thematic or historical approach.

#### 365 POLITICAL INQUIRY (5)

Prereq: PLSC 260. Examines the contributions of science, philosophy and other inquiry systems to political knowledge and action. Explores ethical and political problems posed for inquiry by the relation between knowledge and power. Techniques for identifying and defining problems for analysis.

#### 366 RESEARCH IN POLITICS (5)

Prereq: PLSC 260. Fundamentals of research design, including basic methods for the collection and statistical analysis of political and administrative data.

#### 370 GLOBAL ISSUES IN INTERNATIONAL POLITICS (4)

Prereq: PLSC 271. Problems of global dimensions (population, food, resources, environment, nuclear proliferation, terrorism) and international efforts to solve them.

#### 372 INTERNATIONAL POLITICAL ECONOMY (5)

Prereq: PLSC 271 or 291. The politics of international trade, investment, lending and economic development.

#### 376 AMERICAN FOREIGN POLICY (5)

Prereq: PLSC 250 or 271. Background and organization of American foreign policy; the conduct of diplomatic relations with other states; current issues and problems in foreign affairs.

#### 380 INTERNATIONAL ORGANIZATIONS (4)

The role of nonstate organizations in international relations (United Nations, World Bank, Amnesty International, et cetera). Collaboration between states, intergovernmental organizations.

#### 390 THE POLITICS OF DEVELOPMENT (5)

Prereq: PLSC 271 or 291. Political processes in developing countries, colonialism, nationalism, alternative models of political and economic development; problems of instability, military rule, population, famine, debt and other issues confronting developing nations.

#### 402 REGIONAL EUROPEAN SOCIETY AND POLITICS (4)

Prereq: PLSC 101 or 291. Government and society in selected countries from the Scandinavian, Alpine, Benelux and Iberian European regions.

#### 406 CANADIAN GOVERNMENT AND POLITICS (4)

Prereq: PLSC 250, 291 or permission of instructor. Canadian political institutions and process, relations with U.S., current topics including regional tensions, the environment, and First Nations.

#### 411 INTERNATIONAL LAW (4)

Prereq: PLSC 271. Origin, principles and problems. Not offered every year.

**414 CONSTITUTIONAL LAW I: NATIONAL POWERS (5)**

Prereq: PLSC 250 and upper-division status. Supreme Court decisions interpreting major parts of the Constitution: judicial power; separation of powers; and federalism.

**415 CONSTITUTIONAL LAW II: INDIVIDUAL RIGHTS (5)**

Prereq: PLSC 250, 414 and upper-division status. Supreme Court decisions interpreting major parts of the Constitution: Bill of Rights and Fourteenth Amendment.

**417a SENIOR SEMINAR IN COMPARATIVE POLITICS (3-5)**

Prereq: senior status in political science and 30 credits in political science courses. Capstone seminar in comparative politics. Topics vary but emphasis is on comparative issues and approaches. Repeatable with various topics to a maximum of 8 credits.

**417b SENIOR SEMINAR IN INTERNATIONAL POLITICS (3-5)**

Prereq: senior status in political science and 30 credits in political science courses. Capstone seminar in international relations. Topics vary but emphasis is on the interactions of state and non-state actors across international boundaries. Repeatable with various topics to a maximum of 8 credits.

**417c SENIOR SEMINAR IN AMERICAN POLITICS AND PUBLIC POLICY (3-5)**

Prereq: senior status in political science and 30 credits in political science courses. Capstone seminar in American politics and public policy. Topics vary but emphasis is on political institutions and processes and public policy. Repeatable with various topics to a maximum of 8 credits.

**417d SENIOR SEMINAR IN POLITICAL THEORY (3-5)**

Prereq: senior status in political science and 30 credits in political science courses. Capstone seminar in political theory. Involves reading and research in original sources on topics of central importance to politics. Emphasis is on critical examination and discussion of ideas. Repeatable with various topics to a maximum of 8 credits.

**417e SPECIAL TOPICS IN ENVIRONMENTAL POLITICS (3-5)**

Prereq: senior status or permission of instructor. Analysis of current topics related to environment and politics. Topics vary. Repeatable to a maximum of 8 credits.

**420 ENVIRONMENTAL POLITICS (5)**

Prereq: PLSC 101 or 250. Examination of contending perspectives on environmental problems. Focus on how these perspectives are rooted in political philosophy, their roles in the development of environmental movements, and the implications for public policy.

**421 LESBIAN, GAY, BISEXUAL, TRANSGENDERED POLITICS (5)**

Prereq: PLSC 250 or AMST 242 or permission. Examines how lesbian, gay, bisexual and transgender (LGBT) citizens have organized to achieve social change. Focuses on how LGBT movements have engaged in electoral, judicial, legislative, protest and other forms of politics.

**423 THE AMERICAN PRESIDENCY (3)**

Prereq: PLSC 250. The growth of presidential power; the institutionalized presidency and styles of presidential leadership. The president as party leader, policy initiator, chief executive, commander-in-chief and head of foreign relations.

**427 POLICY-MAKING AND POLICY ANALYSIS (4)**

Prereq: PLSC 250. Organizational and societal policy-making, and the nature and consequences of policy for various groups and sectors of the polity; the possibility and problems of objective analysis conducted from within the boundaries of the subject political system.

**430 MODERN CHINESE POLITICS (4)**

Prereq: PLSC 291 or equivalent. Introduction to politics and society in modern China: state structures, political culture, state-society relations, policy-making and foreign relations

**431 MODERN JAPANESE POLITICS (4)**

Prereq: PLSC 291 or equivalent. An introduction to the politics and society of modern Japan: governmental structures, political culture, state-society relations, policy-making and foreign relations.

**435 COMPARATIVE ENVIRONMENTAL POLITICS (4)**

Prereq: PLSC 291 or permission of instructor. Examines how political institutions, cultural values, levels of development, and global political economics shape the dynamics and outcomes of environmental politics in different parts of the world.

**436 MANAGING ENVIRONMENTAL COMMONS (4)**

Prereq: PLSC 271 or 291 or 372. Explores how political, economic and social institutions affect the management and sustainability of shared environments, both local and global.

**441 CONGRESS: PEOPLE AND POLITICS (4)**

Prereq: PLSC 250. The politics and policies of the national Congress in the internal organization of the U.S. Senate and House of Representatives and in their external relations with the President, the bureaucracy, interest groups and the voters. Not offered every year.

**443 LEGISLATIVE INTERNSHIP (5-15)**

Prereq: permission of department. Internship in the Washington state Legislature during winter quarter; assignment is primarily as research assistant to a legislator. Enrollment limited to the number of internships allocated by the Legislature. Open only to juniors and seniors, competitively selected. No more than 10 credits of internship may be counted toward the major without the permission of the chair. Repeatable to a maximum of 15 credits.

**444 ADMINISTRATIVE INTERNSHIPS (3-15)**

Prereq: two courses in appropriate field within the discipline and permission of department. Internships in administrative agencies and other public service settings. Priority given to seniors. Requests for internships should be filed with the departmental intern coordinator one quarter in advance of registration for this course. No more than 10 credits in internship may be counted toward the major without the permission of the chair. Credit may be divided over two quarters where the internship placement requires a commitment of more than 10 weeks. Repeatable to 15 credits.

**445 TEACHING INTERNSHIP (2-5)**

Assists faculty member in conduct of political science course. No more than 10 credits in internship may be counted toward the major without permission of the chair. Repeatable to a maximum of 6 credits.

**449 POLITICS AND SOCIAL CHANGE (4)**

Prereq: PLSC 101 or 250. Theories linking social change and politics. The role of ideas and ideology, mass movements, political institutions, social disruption and violence in causing and directing change.

**450 PARTIES, CAMPAIGNS AND ELECTIONS (4)**

Prereq: PLSC 250. Political parties, voters and voting behavior, candidate and campaign strategy, the resources of politics; workers, money, and mass media.

**453 COMPARATIVE ELECTORAL SYSTEMS (4)**

Prereq: PLSC 101, 291 or 450. Examines how institutional rules affect party systems, electoral outcomes, prospects for small parties, and fairness in translating votes into seats. Survey of politics of electoral system reform in modern democracies. Not offered every year.

**460 CLASSICAL POLITICAL THOUGHT (4)**

Prereq: HIST 111 or LBRL 121 or PLSC 360 or equivalent. Origin and evolution of major concepts in Western political thought from the ancients to the Renaissance.

**461 POLITICAL THEORY: RENAISSANCE AND MODERN (4)**

Prereq: HIST 112 or LBRL 121 or PLSC 360 or equivalent. The development of major concepts in the classical liberal tradition, and the critique of that tradition by communitarians and conservatives. The Renaissance to the Moderns.

**462 THE RISE OF MODERN POLITICAL ECONOMY (4)**

Prereq: PLSC 360 or HIST 113 or ECON 206 or 207 or equivalent. The development of modern conceptions of politics and the economy beginning with the classical political economists of 18th-century through 20th-century developments.

**463 AMERICAN POLITICAL THOUGHT (4)**

Prereq: PLSC 360 or HIST 103 or 104 or equivalent. Major concepts in American political thought from the Colonial period to the present.

**464 CONTEMPORARY POLITICAL THEORY (4)**

Prereq: PLSC 360 or any 400-level political theory course. Contemporary developments, with emphasis on Continental political theory. May also include other contemporary contributions, such as feminist theory and neo-pragmatism.

**465 THEORIES OF DEMOCRACY (4)**

Prereq: PLSC 360. Survey and analysis of theories of democracy, from ancient to modern. Normative and empirical theories with emphasis on contemporary theory and research findings. Not offered every year.

## POLITICAL SCIENCE

---

### **466 IDENTITY, IDEOLOGY AND POLITICS (4)**

Prereq: PLSC 101 or 360. Examines the impact of ideologies on political behavior and public policy. Explores such examples as the rise and fall of the left, and the decline and regeneration of conservatism in American politics; and examines the link between ideology and identity as an explanatory theme.

### **468 POLITICAL ECONOMY OF NATURAL RESOURCES (5)**

Prereq: PLSC 260; Econ 206; or permission. The role of political/economic institutions in regulating the exploitation of natural resources; how polities define and modify property arrangements; how economies allocate natural resources within the context of property rules.

### **469 FEMINIST POLITICAL THEORY (4)**

Prereq: PLSC 360 or any 400-level political theory course. Early feminists to contemporary theoretical critiques and contributions. Topics such as feminist conceptions of philosophy of science, eco-feminism and post-modernism. Not offered every year.

### **470 CANADIAN ENVIRONMENTAL POLICY (4)**

Prereq: ESTU 304 or permission of instructor. Study of Canadian environmental policy, with emphasis on comparative study with U.S. Environmental policy. Case study method is used both for issues and geographic (provincial) areas. Because Canada is very involved in international attempts to deal with environmental issues, the course includes consideration of Canada's involvement, both governmental and nongovernmental, in international environmental issues. Also offered as EGEO 469.

### **475 POLITICS AND INFORMATION (4)**

Prereq: PLSC 250, 271 or 320 or 372. How policy makers gather, evaluate and use information; special attention to public policy, the judicial system and foreign policy.

### **480 POLITICS, GOVERNMENT AND RELIGION (4)**

Prereq: permission of instructor. How political activity and government structures relate to religious perceptions and organizations. Not offered every year.

### **491 ISSUES IN POLITICAL ECONOMY (4)**

Prereq: senior status in the political science/economics combined major or a political science major and economics minor. Discussion and analysis of selected issues of significant political and economic content. Also offered as Econ 491. Not offered every year.

### **496 HONORS TUTORIAL (2-5)**

Repeatable to a maximum of 10 credits.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **501 POLITICAL SCIENCE AS A DISCIPLINE (5)**

Study of political science as an academic field; description and critique of subfields trends and challenges.

### **502 RESEARCH TECHNIQUES IN POLITICAL SCIENCE (5)**

Prereq: PLSC 366 or equivalent.

### **503 PUBLIC POLICY AND ADMINISTRATION (5)**

Consideration of current and emerging problems facing public organizations.

### **505 SEMINAR IN COMPARATIVE GOVERNMENT AND POLITICS (5)**

Principles of government and politics in existing and developing states.

### **506a,b ADVANCED TOPICS IN COMPARATIVE GOVERNMENT AND POLITICS (5 ea)**

Prereq: permission of instructor and graduate advisor. Advanced comparative consideration of the political systems of selected nation-states.

### **520 SEMINAR IN PUBLIC ORGANIZATIONAL THEORY (3)**

Organizational theory and practice in public settings.

### **521 SEMINAR IN PUBLIC POLICY ANALYSIS (3)**

Advanced problems in public policy and analysis.

### **524 ENVIRONMENTAL POLITICS AND POLICY (3)**

Survey of the field of environmental politics and policy. Examination of how political scientists have addressed environmental issues by focusing on questions raised, methods used and conclusions reached. Approach is comparative in examining research on different countries and examining environmental political research as it has addressed issues related to race, class and gender. Also offered as ENVR 524.

### **525 SEMINAR IN MODERN POLITICAL ECONOMY (3)**

Prereq: permission of instructor. Consideration of contemporary theories of political economy: the political aspects of resource allocation and the politics of the distribution of governmental benefits and burdens. Consideration also is given to various exchange theories of collective decision making in democratic systems.

### **528 SPECIAL PROBLEMS IN PUBLIC POLICY AND ADMINISTRATION (1-5)**

Prereq: permission of instructor and graduate advisor. The consideration of special problems and the conduct of independent study under the guidance and supervision of a member of the faculty. Repeatable to a maximum of 10 credits.

### **540 SEMINAR IN THE POLITICAL PROCESS (5)**

The influence of organizations and individuals in the formation of public policy. Includes study of the role of beliefs in the political process.

### **541 SEMINAR IN VOTING BEHAVIOR AND PUBLIC OPINION (3)**

Prereq: PLSC 502 or permission of instructor. The evaluation of major empirical studies of voting behavior and public opinion. Consideration of the role of information in structuring opinions and the act of voting. An examination of individual attachments to parties, economic motivation for voting and decision-making in multiple electoral contexts.

### **542 PUBLIC SERVICE INTERNSHIP (1-10)**

Prereq: PLSC 501, 503 and permission of department. Work as research and management assistant with a local, state or federal government body (executive, legislative or judiciary), political party, interest group or private nonprofit organization. Work load: 3 hours/week per credit. Repeatable to a maximum of 10 credits.

### **550 SEMINAR IN STATE AND LOCAL GOVERNMENT (3)**

Problems at subnational levels, both American and other, internally and in relation to national levels.

### **560a,b SEMINAR IN POLITICAL THEORY (5 ea)**

Function and history of political theory; the crisis in traditional theory; emerging trends

### **570 SPECIAL PROBLEMS IN POLITICAL SCIENCE (1-5)**

Prereq: permission of instructor and graduate advisor. The consideration of special problems and the conduct of independent study under the guidance and supervision of a faculty member. Repeatable to a maximum of 15 credits.

### **595 TEACHING IN THE SOCIAL SCIENCES (3)**

Prereq: PLSC 501 or equivalent in anthropology or sociology. Examination of conceptual frameworks and techniques for teaching social science subjects at the high school and community college levels. Also offered as ANTH 595 and SOC 595.

### **599 SEMINAR IN SOCIAL AND POLITICAL RESEARCH (2)**

Weekly seminar. Selected problems in social and political science, with emphasis on current research. Repeatable to a maximum of 6 credits.

### **690 THESIS/THESIS RESEARCH (1-9)**

Repeatable to a maximum of 9 credits.

# PSYCHOLOGY

## *College of Humanities and Social Sciences*

Most of the major problems facing the people of the world today — hunger, overpopulation, the continuing threat of war, prejudice, pollution, drug addiction — are people problems; people have created them, and it will be people who must and will find solutions to them. Psychology, as the scientific study of mind and behavior, will help provide the answers to many of these pressing problems.

Psychology's attempt to understand the human condition takes many approaches. Some psychologists study brain chemistry and its relation to behavior, while others study the behavior of individuals in groups (for example, in a religious cult). Still others are engaged in providing counseling or psychotherapy to people who are mentally ill or who are having difficulty in coping with the demands of life. With a faculty of 24 men and women, all of whom hold doctoral degrees, the department is able to offer a program of study which provides a solid foundation in the general concepts and methods of psychology, as well as courses and programs for students in many of the more specialized areas of this large and exciting field.

The Department of Psychology has limited the number of credits required for a major in psychology so that students may develop minors or a second major in another department. The core program in general psychology is designed to ensure that all majors will develop a sound basic background in psychology which will provide effective preparation for advanced study as well as contribute significantly to a liberal education.

A very important kind of learning takes place when students become personally involved in psychological research. Students are encouraged to become active participants in their own research projects or to cooperate with a faculty member in his or her ongoing research. It also is recommended that students seek participation in one of the off-campus field experiences which are available.

In addition to its undergraduate offerings, the department also offers three graduate programs, an MS in general psychology with an optional specialization in measurement, evaluation, and statistical analysis (MESA); an MS in mental health counseling; and an MEd in school counseling. Complete descriptions of these programs may be found in the Graduate School section of this catalog.

## PSYCHOLOGY FACULTY

DALE L. DINNELL (1986) Chair and Professor. BS, MAT, MA, PhD, University of Nebraska.

CHRISTINA A. BYRNE (1997) Associate Professor. BS, Virginia Commonwealth University; MS, PhD, University of Georgia.

BRIAN T. CRABB (2002) Assistant Professor. BS, Evangel College; MS, PhD, Iowa State University.

GEORGE T. CVETKOVICH (1969) Professor. BA, Youngstown State University; MA, Akron State University; PhD, Kansas State University.

JENNIFER DEVENPORT (2003) Assistant Professor. BA, Boise State University; MS, PhD, Florida International University; MLS, University of Nebraska.

JANET M. FINLAY (1999) Associate Professor. BS, University of Victoria; PhD, University of British Columbia.

DEBORAH C. FORGAYS (1994) Associate Professor. BA, MEd, PhD, University of Vermont.

JEFFREY W. GRIMM (2001) Assistant Professor. BA, Whitman College; MS, PhD, Washington State University.

FREDERICK W. GROTE, JR. (1970) Associate Professor. AB, Dartmouth College; PhD, University of North Carolina.

DIANA GRUMAN (2003) Assistant Professor. BA, Whitman College; MEd, Western Washington University; PhD, University of Washington.

DAVIS C. HAYDEN (1986) Professor. BA, MA, PhD, University of California, Santa Barbara.

SUSANNA A. HAYES (1990) Associate Professor. MS, Loyola University; MEd, University of Arizona; PhD, University of Michigan.

IRA E. HYMAN, JR. (1991) Professor. BA, Duke University; MA, PhD, Emory University.

RONALD A. KLEINKNECHT (1970) Professor and Dean of the College of Humanities and Social Sciences. BA, MS, PhD, Washington State University.

KRISTI M. LEMM (2000) Assistant Professor. BA, Columbia University; MS, PhD, Yale University.

ARLEEN C. LEWIS (1987) Professor. BA, Utah State University; PhD, University of Nebraska.

LOUIS G. LIPPMAN (1966) Professor. BA, Stanford University; MA, PhD, Michigan State University.

MICHAEL J. MANA (1999) Assistant Professor. BS, Washington State University; MA, PhD, University of British Columbia.

LESLIE C. MCDONALD-MISZCZAK (1997) Associate Professor. BA, University of Alberta; MA, PhD, University of Victoria.

MERLE M. PRIM (1969) Professor. BA, University of Washington; MS, San Diego State College; PhD, Washington State University.

ETHAN R. REMMEL (2002) Assistant Professor. BS, Yale University; MA, San Francisco State University; PhD, Stanford University.

DAVID N. SATTLER (2000) Associate Professor. BA, San Diego State University; MA, PhD, Michigan State University.

DAVID SUE (1985) Professor. BS, University of Oregon; MS, PhD, Washington State University.

LAWRENCE A. SYMONS (2000) Assistant Professor. BA, MA, University of British Columbia; PhD, University of Western Ontario.

ROBERT M. THORNDIKE (1970) Professor. BA, Wesleyan University; PhD, University of Minnesota.

JOSEPH E. TRIMBLE (1978) Professor. BA, Waynesburg College; MA, University of New Hampshire; PhD, University of Oklahoma; RF, Radcliffe Institute, Harvard University.

## MID-PROGRAM CHECKPOINT

Students seeking to complete a BA in psychology within four years should have completed an introductory psychology class (e.g., PSY 101 or a comparable course at another school) and 15 other credits in psychology by the start of their junior year.

## DECLARATION OF MAJOR

Students wishing to declare a major in psychology must have:

- 1) completed at least 75 credits;
- 2) successfully completed or be currently enrolled in PSY 301;
- 3) achieved a Western GPA (based on at least 12 credits) of 2.70 or higher. A GPA of 3.0 in all psychology courses taken at Western, including PSY 301, may substitute for the overall 2.70 GPA.

## BACHELOR OF ARTS

### *Major — Psychology*

65 credits

- PSY 101
- PSY 210, 220 230, 240, 250
- PSY 301, 302, 303
- One course from PSY 310-324
- One course from PSY 330-351
- One course from PSY 410-424
- One course from PSY 430-451
- PSY 481 or 482

## PSYCHOLOGY

### Minor — Psychology

24 credits

- PSY 101
- PSY 210 or 220
- One course from PSY 230, 240 or 250
- Electives under advisement

### Minor — Sport Psychology

30 credits

This interdisciplinary program is designed to introduce the student to the discipline of sport psychology. More specifically, it emphasizes the educational and behavioral approaches to sport psychology and introduces students to psychometric and clinical techniques which are an integral part of this discipline.

- PE 320
  - PE 321
  - PE 410
  - PE 420
  - PSY 101
  - Electives
- Select 13 credits under advisement from the following: PSY 119, 210, 220, 230, 240, 250, 370, 371, 372, 373, 375

## BACHELOR OF ARTS IN EDUCATION

### Major — Psychology: Human Development — Elementary

49-54 credits

Advisor: F. Grote

For students combining a psychology major with the elementary education program. This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- PSY 101
- PSY 210 or 220
- PSY 240 or 250
- PSY 230 or 372
- PSY 321 or 371
- PSY 301
- Three courses from PSY 302, 303, 305, 310-312, 320, 322-324, 331-359, 410-451
- Two courses from PSY 330, 373, 374

## GRADUATE STUDY

For concentrations leading to the Master of Education or the Master of Science degrees, see the *Graduate School* section of this catalog.

## COURSES IN PSYCHOLOGY (PSY)

Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.

Courses in educational psychology include PSY 230, 371, 372 and 373. Note that credit may not be earned for both PSY 321 and 371 or 230 and 372.

### 101 INTRODUCTION TO PSYCHOLOGY (5)

Examination of basic psychological processes utilizing results of research investigations: participation in at least two experiments or equivalent activities is expected.

### 119 PSYCHOLOGY OF GENDER (4)

Basic concepts, foundations for sex roles; similarities and differences between the sexes; historical customs, personality theories, cultural, subcultural and cross-cultural perspectives

### 210 COGNITION (5)

Prereq: PSY 101. An overview of the theories, methods and practical applications of cognitive psychology. The higher mental processes, particularly the ways in which knowledge is acquired, stored and used, will be emphasized. Also examines how theories and findings from cognitive psychology can help us to understand mental activities in everyday life.

### 220 INTRODUCTION TO PHYSIOLOGICAL PSYCHOLOGY (5)

Prereq: PSY 101. An overview of the biological bases of behavior. Basic concepts in neuroanatomy, neurophysiology, and neurochemistry will be used to understand the neural bases of normal and abnormal behavior.

### 230 DEVELOPMENTAL PSYCHOLOGY (5)

Prereq: PSY 101. Basic principles of development. Topics include behavior genetics, early experience, language, cognition, personality and social development. Students cannot earn credit for both PSY 230 and 372. May be substituted for PSY 372 in the teacher education program.

### 240 SOCIAL PSYCHOLOGY (5)

Prereq: PSY 101. Socialization (moral development, racial, ethnic and class differences), attitudes and attitude change, conformity, interpersonal attraction. Theories and methods of social psychology stressing applicability of social psychological research and knowledge to contemporary social problems.

### 250 INTRODUCTION TO PERSONALITY AND ABNORMAL PSYCHOLOGY (5)

Prereq: PSY 101. An overview of the research on individuals within social contexts. Topics include models of personality development, stress and coping, social influence on behavior, the relationship between psychological and physical health and development adjustment issues. Also addresses common psychological problems.

### 301 OVERVIEW OF RESEARCH METHODS (5)

Prereq: 15 credits in psychology, with at least 5 credits at Western Washington University. Introduction to research psychology. A variety of research methodologies will be explored. Students will also learn basic description of research data and how to write psychology papers.

### 302 RESEARCH METHODS AND STATISTICAL ANALYSIS: CORRELATIONAL APPROACHES (5)

Prereq: PSY 301 with a C- or better and declared psychology major. Introduction to correlational research methods in psychology and associated statistics. Review of correlational research methods, design of correlational studies, and development of research instruments such as questionnaires and behavioral observation forms. Methods of data analysis include graphs, bivariate and multivariate descriptive correlational statistics, sampling distributions of statistical inference regarding correlations, and introduction to the *t* and *F* tests. Nonparametric statistics such as chi square also will be discussed.

### 303 RESEARCH METHODS AND STATISTICAL ANALYSIS: EXPERIMENTAL APPROACHES (5)

Prereq: PSY 302 with a C- or better. Continuation of statistical inferencing introduced in PSY 302 as it applies to the special cases of the general linear model. Two sample *t*-tests and ANOVA models will be introduced at the conceptual and computational level. Appropriate follow-up tests also will be covered. Computer data analysis will be utilized for problem sets and the individual project.

### 305 PSYCHOLOGICAL TESTS AND MEASUREMENT (5)

Prereq: PSY 101, 301 or permission. Philosophy, history and development of psychological measurement. Reliability, validity, standardization and norms; tests of intelligence, special abilities, personality, interests and values. Students review nonrestricted instruments of various types in small groups.

### 310 SENSATION AND PERCEPTION (5)

Prereq: PSY 210, 220 and 301. The basic principles involved in seeing, hearing, touch, taste and smell will be presented. Ecological constraints on perceptual processes will be discussed in the context of illusions and other perceptual demonstrations as well as underlying physiological mechanisms.

### 311 HUMAN MEMORY (5)

Prereq: PSY 210 and 301. Reviews memory theories, empirical findings, and applications. Topics include encoding, storage, and retrieval from short- and long-term memory; implicit and explicit memory; autobiographical memory; eyewitness memory.

**312 THINKING AND IMAGINATION (5)**

Prereq: PSY 210 and 301. Discussions and/or demonstrations of logical and intuitive thinking, creativity, symbolism and fantasy. Consideration of the relationships of patterns of thinking and brain activity and of the implications of differences in cognitive style.

**320 TOPICS IN PHYSIOLOGICAL PSYCHOLOGY (5)**

Prereq: PSY 220; PSY 301 or comparable research course and permission of instructor. Detailed examination of key areas of physiological psychology, emphasizing the anatomical, physiological and neurochemical bases of behavior.

**321 LEARNING (5)**

Prereq: PSY 101 and 301. A survey of conditioning and learning. May be substituted for PSY 371 for teacher certification. Students cannot earn credit for both PSY 321 and 371.

**322 MOTIVATION (5)**

Prereq: PSY 220 and 301. Theoretical and empirical study of human and subhuman motivational process. Topics covered range from basic physiological drives to achievement motivation and conformity. Emphasis on both biological and social sources of motivation.

**323 PSYCHOPHARMACOLOGY (4)**

Prereq: PSY 220; PSY 301 or comparable research course and permission of instructor. Introduction to behavioral pharmacology and the effects of therapeutic and recreational drugs on the function of the nervous system and behavior.

**324 COMPARATIVE PSYCHOLOGY (5)**

Prereq: PSY 210, 240 and 301. A phylogenetic comparison of animal behavior, focusing on learning, motivation and sensory processes in selected species of animals.

**328 TECHNIQUES IN PHYSIOLOGICAL PSYCHOLOGY (3)**

Prereq: PSY 220; PSY 301 or comparable research course and permission of instructor; pre- or co-req: PSY 320. Introduction to the laboratory methods and techniques used in physiological psychology. Basic techniques in histology, neurophysiology, neurochemistry, and behavioral analysis.

**329 PSYCHOLOGY OF INDIVIDUAL DIFFERENCES (5)**

Prereq: PSY 101, 301 or permission. Elements of genetics and the influence of heredity on behavior. Topics studied include elementary human genetics, correlational and behavioral-genetic research strategies, the influence of genetic and environmental variation on human personality and cognitive ability.

**330 SOCIAL AND COGNITIVE DEVELOPMENT IN CHILDREN (5)**

Prereq: PSY 230 or 372, and 301. In-depth coverage of social and cognitive development in children and adolescents. Emphasis on the implications and practical applications of research findings in these areas.

**331 ADULT DEVELOPMENT AND AGING (5)**

Prereq: PSY 230 and 301. Examines developmental processes that occur in later life, with a focus on theory, research and practical issues. Topics include a) theoretical and methodological issues, b) biological changes and health issues, c) changes in memory and intelligence, d) personality across adulthood and e) death and dying.

**340 ENVIRONMENTAL PSYCHOLOGY (5)**

Prereq: PSY 240 and 301. Theoretical, methodological and empirical problems and issues relating to behavior in constructed and natural environments.

**341 PSYCHOLOGY AND CULTURE (5)**

Prereq: PSY 240 and 301. Cultural and ecological factors and their effect on perception, thinking, language, intelligence, sexuality and other psychological variables. An examination of the "universality" of traditional Euro-American psychological theories.

**342 SOCIAL COGNITION (5)**

Prereq: PSY 210, 240 and 301. Examination of selected topics related to cognitive processes and their relation to social judgment and behavior.

**343 SOCIAL PROCESSES (5)**

Prereq: PSY 240 and 301. Examination of selected topics related to formation and functioning of groups, as well as intergroup relations.

**350 PERSONALITY (5)**

Prereq: PSY 250 and 301. An examination of the major approaches to personality development, research and application.

**351 ABNORMAL PSYCHOLOGY (5)**

Prereq: PSY 250 and 301. Human behavior patterns culturally labeled as abnormalities, or as mental illness; their etiology, incidence, treatment and

social attitudes toward such patterns. Historical review of the concepts used to explain such behavior and of the research relating to the treatment of psychoses and neuroses.

**359 INTRODUCTION TO SCHOOL AND COMMUNITY COUNSELING (4)**

Prereq: declared major in psychology and PSY 250, 301. Overview of professional counseling in schools, colleges and communities. Includes counselor roles, ethics, counseling theories and techniques, training and licensing, counseling minorities, outreach, use of paraprofessionals and research.

**370 PSYCHOLOGY AND THE ARTS (3)**

Prereq: PSY 101. Concepts from a wide variety of areas in psychology are used to analyze issues in art. Specific works of art — which may include literature, music and visual arts — are considered through class discussion and written essay.

**371 PSYCHOLOGY OF HUMAN LEARNING, COGNITION AND INSTRUCTION (4)**

Prereq: PSY 101; not open to those with credit in PSY 321. Psychological principles of learning and cognition and their application to classroom teaching. Students cannot earn credit for both PSY 321 and 371.

**372 CHILD DEVELOPMENT AND EDUCATION (4)**

Prereq: PSY 101. Basic principles of development, with special attention to the preschool and elementary school age child. Students cannot earn credit for both PSY 230 and 372.

**373 ADOLESCENT PSYCHOLOGY (4)**

Prereq: PSY 101 or 371. Basic principles of development with special attention to the secondary school age child; implications for educational practices.

**374 PSYCHOLOGY OF CHILD REARING (3)**

Prereq: PSY 101. Discipline at different developmental stages; parental influences on social and cognitive development; influences on parenting; a systems approach to understanding families; the changing American family.

**410 SEMINAR IN PERCEPTION (3)**

Prereq: PSY 210-250; 303 and 310, all with C- or better. In-depth coverage of major issues and methods in the study of sensation, perception and thinking. Library and laboratory or field research.

**411 SEMINAR IN COGNITION (3)**

Prereq: PSY 210-250; 303; and one from 310-312, all with C- or better. In-depth coverage of selected topics in memory, cognition, and higher order cognitive processing. Library and laboratory or field research.

**420 SEMINAR IN PHYSIOLOGICAL PSYCHOLOGY (3)**

Prereq: PSY 210-250; PSY 320 or 323; PSY 303 or comparable research course and permission of instructor, all with C- or better. A detailed examination of brain-behavior relations and the neural bases of behavior, based upon review and discussion of current literature in a variety of areas. Library and/or laboratory work.

**421 SEMINAR IN LEARNING (3)**

Prereq: PSY 210-250; 303; and 321, all with C- or better. In-depth study of major theoretical and methodological approaches to the study of learning. Lab and field research exercises.

**422 SEMINAR IN MOTIVATION (3)**

Prereq: PSY 210-250; 303; and 322, all with C- or better. In-depth coverage of determinants of behavior in humans and other animals. Topics of interest to individual students are studied in depth and research analyzing motivational issues is conducted.

**424 SEMINAR IN COMPARATIVE PSYCHOLOGY (3)**

Prereq: PSY 210-250, 303 and 324, all with C- or better. In-depth study of animal behavior where different species in different ecological niches is a major variable. Emphasis on the genetic determinants of behavior differences. Library, field and laboratory exercises are expected with hands-on experience by the student.

**428 ADVANCED TECHNIQUES IN PHYSIOLOGICAL PSYCHOLOGY (3)**

Prereq: PSY 328; PSY 303 or comparable research course and permission of instructor; pre- or co-req, PSY 420; all with C- or better. Laboratory-based electrophysiological and behavioral study of integrated neural systems. Live animal research.

**430 SEMINAR IN DEVELOPMENTAL PSYCHOLOGY (3)**

Prereq: PSY 210-250; 303; and 330 or 331, all with C- or better. In-depth

# PSYCHOLOGY

study of central themes of human development. Contemporary research questions addressed in professional literature and field investigations.

## **431 SEMINAR IN ADULT DEVELOPMENT AND AGING (3)**

Prereq: PSY 210-250, 303, and 331, all with C- or better. In-depth study of central themes of adult development and aging. Contemporary research questions addressed in professional literature and field investigations.

## **440 SEMINAR IN ENVIRONMENTAL PSYCHOLOGY (3)**

Prereq: PSY 210-250; 303; and 340, all with C- or better. In-depth study of major issues and methods in the study of psychosocial adaptations to and of the physical environment. Library and laboratory or field research.

## **441 SEMINAR IN CROSS-CULTURAL PSYCHOLOGY (3)**

Prereq: PSY 210-250, 303 and 341, all with C- or better. In-depth study of contemporary issues, perspectives, and methods used in the study of how cultural and ethnic factors affect psychological processes. A basic examination of current topics that are receiving significant attention. Library and/or lab and field research.

## **442 SEMINAR IN SOCIAL PSYCHOLOGY (3)**

Prereq: PSY 210-250; 303; and 342 or 343, all with C- or better. In-depth study of social psychological theory and research to explain patterns of thought and behavior.

## **450 SEMINAR IN PERSONALITY (3)**

Prereq: PSY 210-250; 303; and 350, all with C- or better. Advanced study in contemporary issues, perspectives, and methods in the study of personality. Library and/or laboratory and field research.

## **451 SEMINAR IN ABNORMAL PSYCHOLOGY (3)**

Prereq: PSY 210-250; 303; and 351, all with C- or better. Advanced study in major issues and research methods in abnormal psychology. Focus on research design and protocols with clinical populations.

## **471 HONORS THESIS SEMINAR (2)**

Prereq: permission of instructor. In-depth investigation of a selected topic in psychology culminating in an honors thesis. Should be taken the quarter before the thesis is begun and while it is in progress. Repeatable to a maximum of 6 credits. S/U grading.

## **481 SEMINAR IN HISTORY AND SYSTEMS OF PSYCHOLOGY (4)**

Prereq: PSY 210-250 and 302, all with C- or better; completion of 45 credits in psychology. An historical perspective of the development of psychological systems and theories and their impact on contemporary psychology.

## **482 SEMINAR IN PSYCHOLOGICAL THEORY (4)**

Prereq: PSY 210-250 and 302, all with C- or better; completion of 45 credits in psychology. A seminar examining the philosophical assumptions of science in general and psychology in particular.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Graduate courses in psychology (500 level and above) are open only to graduate students in psychology. Graduate students in other departments may enroll in psychology graduate courses if they obtain the permission of the instructor and department chairman. See the Graduate School section of this catalog.*

## **501 PHYSIOLOGICAL PSYCHOLOGY (4)**

Prereq: admission to the MS or MEd in psychology program. Examines the basic anatomy, physiology and chemistry of the vertebrate nervous system within the context of both abnormal and normal behaviors. Topics vary but include sensory and motor systems, reward pathways, substance abuse, neural correlates of major mental illness, and regeneration/recovery of function in the central nervous system.

## **502 PERSONALITY AND PSYCHOPATHOLOGY (4)**

Prereq: admission to the MS or MEd in psychology program. Consideration of major theoretical perspectives on human personality and psychopathology to include psychoanalytic and neoanalytic, cognitive social learning, biomedical and humanistic perspectives. Current research into diagnostic classification, etiology, description, diagnosis and treatment of behavioral and mental disorders. Overall orientation is to seek integration of cultural, social, psychological and physiological processes into resultant patterns of personal, social and behavioral maladaptation.

## **503 COGNITION (4)**

Prereq: admission to the MS or MEd in psychology program. Provides an overview of theories, research and applications of cognitive psychology. Topics covered range from basic perception through higher mental processes.

## **504 LIFE SPAN AND SOCIAL PSYCHOLOGICAL DEVELOPMENT (4)**

Prereq: admission to the MS or MEd in psychology or permission of the instructor. An overview of the major theories and principles in developmental and social psychology. Theories, issues and principles are highlighted through an analysis of various topics across the lifespan and as they affect the psychological development of the individual.

## **505 SOCIAL PSYCHOLOGY (4)**

Prereq: admission to the MS or MEd in psychology program. Designed to provide a thorough background in social psychology and to motivate a continuing exploration of theoretical problems and issues in the field. Students will be exposed to historical and contemporary theories and methods in social psychology.

## **510 COMPUTERIZED DATA ANALYSIS (2)**

Prereq: admission to MS program or permission of instructor. Applications of computers to data-entry methods and statistical packages for data analysis. Use of computer packages to "clean" data for analysis. S/U grading.

## **511 FUNDAMENTALS OF PSYCHOLOGICAL TESTING (3)**

Prereq: admission to MS program and PSY 301 or equivalent. Principles of psychological measurement, including assessment of the reliability and validity of tests, methods of test construction and scale development, use of norms for interpretation, item response analysis.

## **512 CORRELATION METHODS AND DATA ANALYSIS (4)**

Prereq: PSY 511. Topics in bivariate and multivariate correlation and regression. Students learn to design correlation studies and to analyze correlational data involving one dependent variable and one or more independent variables. Indices covered include regression coefficients, bivariate product-moment correlations and their special cases, partial and semi-partial correlations, and multiple correlations/regression. Use of computer-based statistical software packages for data analysis and interpretation is stressed.

## **513 EXPERIMENTAL METHODS AND DATA ANALYSIS (4)**

Prereq: PSY 512. Introduces ANOVA models as special cases of the General Linear Model and covers topics in the bivariate distribution. Includes basic topics in research design and data analysis; those ANOVA designs that represent a large portion of published research; the theoretical and mathematical issues that are of concern to the modern researcher. Computer examples of data analysis using computer-based statistical software are used to provide practical experience analyzing data and interpreting the analysis.

## **515 MULTIVARIATE ANALYSIS (3)**

Prereq: PSY 513. Topics in advanced multivariate analysis including canonical analysis, discriminant functions analysis, cluster analysis and factor analysis. Logical and geometric properties of multivariate techniques and interpretation on research results are stressed.

## **516 STRUCTURAL EQUATION MODELING (3)**

Prereq: PSY 515 or permission of instructor. Topics in restricted latent variable analysis, including path analysis and structural equation modeling. Covers theoretical bases and computations of these procedures as well as the use of statistical software packages, with emphasis on interpreting and reporting results.

## **520 SEMINAR IN PERCEPTION (3)**

Prereq: permission of instructor.

## **521 SEMINAR IN LEARNING (3)**

Prereq: permission of instructor.

## **522 SEMINAR IN COMPARATIVE PSYCHOLOGY (3)**

Prereq: permission of instructor.

## **523 SEMINAR IN PHYSIOLOGICAL PSYCHOLOGY (3)**

Prereq: permission of instructor.

## **524 SEMINAR IN MOTIVATION (3)**

Prereq: permission of instructor.

## **525 SEMINAR IN CURRENT PHILOSOPHICAL ISSUES IN PSYCHOLOGY (3)**

Prereq: permission of instructor.

## **526 SEMINAR IN DEVELOPMENTAL PSYCHOLOGY (3)**

Prereq: permission of instructor.

## **527 SEMINAR IN PERSONALITY (3)**

Prereq: permission of instructor.

## **528 SEMINAR IN SOCIAL PSYCHOLOGY (3)**

Prereq: permission of instructor.

**529 SEMINAR IN BEHAVIOR PATHOLOGY (3)**

Prereq: permission of instructor.

**530 SEMINAR IN MEASUREMENT (3)**

Prereq: permission of instructor.

**531 DEVELOPMENTAL PSYCHOPATHOLOGY (3)**

Prereq: admission to the MS or MEd in psychology program. Overall working model of mental disorders diathesis-stress model. Presentation of diverse theories (e.g., attachment, family systems, genetic/physiological, individual difference, social cognition). Review of current research literature on assessment, diagnosis and treatment of childhood mental disorders within a developmental framework. Ethical considerations in clinical research and therapy with children highlighted.

**532 CROSS-CULTURAL PSYCHOLOGY: THEORY, RESEARCH AND APPLICATIONS (3)**

Prereq: admission to MS or MEd in psychology program. This seminar is a basic introduction to the cross-cultural perspective in psychology. Covers history of the modern cross-cultural movement along with a selection of a number of conceptual and methodological issues and problems. Topics include perception, cognition and emotion, developmental topics, social psychological variables, testing and measurement, personality and psychopathology, and virtually all areas of psychology mediated by culture and ethnicity. Some emphasis on professional applications such as counseling.

**551 DEVELOPMENTAL SCHOOL COUNSELING (3)**

Prereq: admission to MS mental health counseling curriculum or to MEd in school counseling; students in general psychology program with instructor permission. A comprehensive overview of professional school counseling with particular emphasis upon recent advances in counseling program development, organization, evaluation and service delivery models.

**553 THEORIES OF COUNSELING AND PSYCHOTHERAPY (3)**

Prereq: admission to MS mental health counseling curriculum or to MEd school counseling program; may be taken by students in the MS general curriculum with permission of instructor. Basic orientation to counseling theories including the history and development of theories of counseling; comparison of the theories in terms of goals, process, methods; and evaluation and research in counseling. Some consideration of consultation strategies, systemic skills and psychological education models used by psychological counselors and psychotherapists.

**554 STANDARDIZED TESTS (3)**

Prereq: admission to MEd school counseling program, MS mental health counseling curriculum program, or instructor permission. Standardized group tests commonly used in the public schools; selection and administration of tests; interpretation of norms.

**555 OCCUPATIONS AND CAREER DEVELOPMENT (3)**

Prereq: admission to MS mental health counseling curriculum or to MEd school counseling program and PSY 553. Critical examination of major theories of career development and vocational counseling. Sources of occupational materials and analysis of their use and distribution in counseling practice.

**556 THE ROLE OF THE SCHOOL COUNSELOR (2)**

Prereq: admission to MS mental health counseling curriculum or to MEd in school counseling and PSY 551 and 555. An advanced seminar in school counseling focusing on the professional roles and responsibilities of the counselor in elementary, middle/junior and high school settings. Particular emphasis placed upon a systems orientation to consultation services within the context of a developmental school counseling program.

**557 TESTING AND APPRAISAL IN COUNSELING (3)**

Prereq: admission to MS mental health counseling curriculum and Psy 511, or admission to the MEd school counseling program and PSY 554. The evaluation and use of various psychological tests, scales and inventories in the assessment of intelligence, personality, interests and other human dimensions. Some consideration of other modes of assessment (e.g., behavioral, projective and neurological). Emphasis is on the practical application of psychological assessment in counseling. Collection, evaluation, application and interpretation of case data.

**558 FAMILY, MARITAL AND SEX COUNSELING (3)**

Prereq: admission to MS mental health counseling curriculum or MEd school counseling program plus PSY 553 and 564. Review of major theories, techniques and research in psychological counseling with families. Emphasis on parent-child developmental problems and the role of

interpersonal relationships within the total family. Students are involved in limited supervised family counseling experiences.

**560 FAMILY COUNSELING LAB (1-6)**

Prereq: admission to MS mental health counseling curriculum or MEd school counseling program. Students observe and conduct family counseling sessions through the psychology department clinic under the supervision of an appropriate faculty member. Repeatable to six credits. S/U grading.

**561 SEMINAR: PROFESSIONAL, LEGAL AND CULTURAL ISSUES (3)**

Prereq: admission to MS mental health counseling curriculum or MEd school counseling program. Consideration of the professional, cultural, ethical and legal issues and special problems in the application of psychological theories and research in educational settings, community clinics and private practice.

**564 INDIVIDUAL COUNSELING TECHNIQUES (5)**

Prereq: admission to MS mental health counseling curriculum or MEd school counseling program. Skill development in individual counseling, psychotherapy and behavior modification techniques using actual interviews, simulations, videotape and other laboratory procedures. Prerequisite to practicum in individual counseling and psychotherapy.

**565 GROUP PROCESSES IN COUNSELING (4)**

Prereq: admission to MS mental health counseling curriculum or MEd school counseling program. Current group counseling and psychotherapy techniques. Covers task-directed, encounter, decision-making and communication techniques.

**567 PROFESSIONAL PRACTICE OF COUNSELING (2)**

Prereq: admission to the MS mental health counseling program or to the MEd school counseling program. A comprehensive overview of the history, philosophy, credentialing, and the development of the professional organizations in counseling. Professional roles and topics for counselors such as consultation, outreach, prevention, advocacy, program evaluation, medications, and economic considerations such as funding, managed care, and private practice will also be addressed.

**570 PRACTICUM (1-10)**

Prereq: admission to MS mental health counseling curriculum or MEd school counseling program. Professional practice under assigned departmental supervision. Repeatable to 15 credits. S/U grading.

**580 SEMINAR IN COLLEGE TEACHING OF PSYCHOLOGY (3)****581 PRACTICUM IN COLLEGE TEACHING OF PSYCHOLOGY (1-12)**

Prereq: permission of instructor. Repeatable to a maximum of 12 credits. S/U grading.

**582 PRACTICUM IN RESEARCH IN PSYCHOLOGY (1-12)**

Prereq: permission of instructor. Student initiates and conducts a project under faculty supervision. Repeatable to a maximum of 12 credits. S/U grading.

**583 RESEARCH MENTORSHIP (1)**

Prereq: admission to the MS in psychology program. Provides an overview of research methods in psychology and the opportunity to develop a research program. Students meet independently with faculty to read, discuss and design research in their area of interest. Mentorship also will cover the procedures involved in conducting research at Western. Students will be given the opportunity to participate in ongoing research projects. S/U grading. Repeatable to a maximum of 3 credits.

**661 ADVANCED SEMINAR IN PROFESSIONAL ISSUES IN COUNSELING PRACTICE (2-4)**

Prereq: admission to MS mental health counseling curriculum, MEd school counseling program, initial certification in school counseling or permission of instructor. An advanced seminar in professional, cultural, ethical and legal issues in counseling. For students who are in internships or for counselors with a year of practical experience. Repeatable for credit with different topics. No maximum. S/U grading.

**670 INTERNSHIP (1-12)**

Prereq: admission to MS mental health counseling curriculum or MEd school counseling program. An extension of PSY 570 with increasingly independent responsibilities for practice in a professional setting. Primary supervision is by appropriate staff in the cooperating agency. Repeatable to a maximum of 30 credits. S/U grading.

**690 THESIS (1-6)**

Prereq: advancement to candidacy. S/U grading.

# SOCIAL STUDIES EDUCATION

Social Studies Education is guided by the definition of social studies adopted by the National Council for Social Studies:

“Social Studies is the integrated study of the social sciences and humanities to promote civic competence. Within the school program, social studies provides coordinated, systematic study drawing upon such disciplines as anthropology, archaeology, economics, geography, history, law, philosophy, political science, psychology, religion, and sociology, as well as appropriate content from the humanities, mathematics, and natural sciences. The primary purpose of social studies is to help young people develop the ability to make informed and reasoned decisions for the public good as citizens of a culturally diverse, democratic society in an interdependent world.”

## BACHELOR OF ARTS IN EDUCATION

### Elementary Education

The elementary social studies major is designed for students enrolled in the Elementary Education Professional program. A 2.75 GPA is required for all courses taken to satisfy this major.

#### *Major — Social Studies — Elementary*

55-62 credits

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

Advisor: Dr. Bruce Larson, PhD

- ANTH 201 or SOC 201
- ECON 446 (preferred) or ECON 206
- EGEO 201 and 320; select one course from EGEO 209, 310, 312, 326, 327, 328
- HIST 103, 104, 391
- PLSC 250

- 3-5 credits upper-division social science
- ELED 425
- One course from ECON 447, GEOG 406, CA 417a
- 10 credits in history including one course in world, Western or Pacific Rim history or civilization

## TEACHING ENDORSEMENT

### Secondary Education

Students interested in a teaching endorsement in social studies must complete the following:

- An approved academic Bachelor of Arts degree program in:
  - Anthropology/Social Studies — Advisor: Dr. James P. Loucky
  - Economics/Social Studies — Advisor: Dr. David M. Nelson
  - Geography/Social Studies — Advisor: Dr. Thomas Terich
  - History/Social Studies — Advisors: Dr. Chris Friday, Dr. Kevin Leonard, Dr. George Mariz, Dr. Louis W. Truschel
  - Political Science/Social Studies — Advisor: Dr. Sara Weir
  - Sociology/Social Studies — Advisor: Linda Clark
- Maintain a 2.75 GPA for all social science and history courses
- Certification requirements of the Secondary Education Department

To receive a recommendation for state of Washington certification, students must complete the “teacher certification” program, including the content methods course SEC 426, which is offered by the Department of Secondary Education as 1) part of the undergraduate Bachelor of Arts degree, or 2) as a post-baccalaureate program, or 3) as part of the Master’s in Teaching degree. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

The state of Washington requires a minimum grade of C (2.0) or better for courses used to meet endorsement requirements.

# SOCIOLOGY

The topics that sociologists examine are common to many disciplines in the social sciences and the humanities: crime and punishment, the formation and dissolution of families, bureaucratic organizations, conflicts between classes, generations, nations. Sociology is distinctive in its focus on social organization rather than individuals as the unit of study and also in its methods of understanding that combine elements of both the humanities and the sciences. Sociologists utilize many different kinds of information sources in their work, including census data, historical documents, transcripts from interviews, survey results, and observations of group behavior.

The Department of Sociology at Western has designed a curricular structure that provides majors opportunities to gain both a wide range of understanding of sociology as an academic discipline and more in-depth knowledge of particular subareas. In addition, the department offers several major options that allow students to combine a major in sociology with other fields such as political science and education. Regardless of the particular curricular plan chosen, sociology students will develop critical thinking, oral and written communication skills, and a familiarity with technology that will significantly enhance students' future career options. Recent sociology graduates have obtained positions in a variety of fields, including criminal justice, corrections, education, social service, and business management, among many others. Many graduates have found that the skills acquired in our program have prepared them for further academic studies in sociology, demography, law, social work, and education.

The department has a number of facilities and resources that undergraduate students may use to enhance their educational experience. The Center for Social Science Instruction contains U.S. Census Bureau publications and data, a collection of census maps for the local area, and several computer work stations. The director of the center is also available to assist students in utilizing several large databases that are available online. The Office of Survey Research has involved many undergraduate students in the construction and administration of surveys of Western students and alumni. The department also has a 21-station computer laboratory for student use. Faculty are engaged in a variety of research activities, and have often involved undergraduate students in their work.

Students who are interested in declaring sociology as a major should read the *Declaration of Major* section that follows carefully, and are encouraged to meet with the departmental undergraduate advisor to establish a study plan as soon as possible.

## SOCIOLOGY FACULTY

**JAY D. TEACHMAN** (1998) Chair and Professor. BA, Western Washington University; MA, PhD, University of Chicago.  
**KRISTIN ANDERSON** (2001) Assistant Professor. BA, University of Northern Iowa; PhD, University of Texas at Austin.  
**KAREN BRADLEY** (1992) Associate Professor. BA, Providence College; MA, Boston College, Stanford University; PhD, Stanford University.  
**KRIS BULCROFT** (1988) Professor. BA, Pacific Lutheran University; MA, Eastern Washington University; PhD, University of Minnesota.  
**RICHARD BULCROFT** (1999) Associate Professor. BA, University of New Hampshire; PhD, University of Minnesota.  
**RABEL BURDGE** (1996) Visiting Professor. BS, Ohio State University; PhD, Pennsylvania State University.

**KYLE CROWDER** (1998) Associate Professor. BA, University of Washington; PhD, University at Albany, State University of New York.  
**MICK CUNNINGHAM** (2000) Assistant Professor. BA, Pacific Lutheran University; PhD, University of Michigan.  
**NANETTE DAVIS** (1997) Visiting Professor. BS, St. Cloud State University; MA, University of Minnesota; PhD, Michigan State University.  
**RONALD HELMS** (2000) Assistant Professor. BA, California State University, Chico; PhD, University of Oregon.  
**JAMES INVERARITY** (1985) Professor. BA, University of Michigan; PhD, Stanford University.  
**PAMELA JULL** (1997) Adjunct Assistant Professor. BA, University of North Carolina; PhD, Cornell University.  
**JENNIFER LOIS** (2000) Assistant Professor. BS, Dartmouth College; PhD, University of Colorado.  
**JOHN RICHARDSON** (1974) Professor. BA, University of the Pacific; PhD, University of California at Davis.  
**G. EDWARD STEPHAN** (1970) Professor Emeritus. BA, San Francisco State College; PhD, University of Oregon.  
**GLENN TSUNOKAI** (2003) Assistant Professor. BA, PhD, University of California, Riverside.

## MID-PROGRAM CHECKPOINT

A student seeking to complete a BA degree in sociology within a four-year time span should have completed the following courses by the middle of his/her junior year. Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

- Any one: SOC 221, 251, 255, 260, 268, 269
- SOC 207, 210, 302, 310
- Mathematics GUR

## DECLARATION OF MAJOR

To declare a major in sociology, students must have a minimum overall GPA of 2.7. Students with a 3.0 or higher GPA are automatically accepted as pre-majors. Students with an overall GPA above 2.7 but less than 3.0 or a GPA of 2.7 for the first 20 credits of sociology at WWU, may petition the department for entry into the pre-major. Acceptance of these petitions will depend upon the number of additional majors the department can accommodate and the individual student's record. Pre-majors must obtain a grade of C or better in SOC 207 (statistics) before being advanced to major status. All majors must also complete SOC 210 with a grade of C- or better within two quarters of completing SOC 207.

## BACHELOR OF ARTS

### *Major — Sociology*

64 credits

The sociology major consists of a 25-credit core, 30 credits of area requirements, a capstone seminar, and electives to bring the total to a minimum of 64 credits.

#### *Core Requirements: 25 credits*

- Any one of the following introductory courses: SOC 221, 251, 255, 260, 268, 269
- SOC 207, 210, 302 and 310

#### *Area Requirements: 30 credits*

- At least *three* courses from *two* of the following areas, for a total of *six* courses:

## SOCIOLOGY

- Note that certain courses are listed as options in more than one area; however, each of these can be applied to only *one* area
- New course offerings may be added to the curriculum, and may be accepted as area requirements under departmental advisement

### *Family/Life Course*

SOC 326, 332, 333, 338, 354, 360, 368, 380, 390

### *Law/Crime Deviance*

SOC 352, 354, 355, 359, 363, 376, 387, 456, 486

### *Population Studies*

SOC 321, 326, 333, 375, 385, 418, 421

### *Social Organization/Social Inequality*

SOC 303, 330, 340, 361, 362, 363, 364, 367, 368, 369, 370, 375, 390

### *Capstone Seminar: 4 credits*

- At least *one* course from one of the following areas:

|                                |                   |
|--------------------------------|-------------------|
| Family/Life Course             | SOC 430, 460      |
| Law/Crime Deviance             | SOC 430, 450, 452 |
| Population Studies             | SOC 426           |
| Social Organization/Inequality | SOC 430, 440, 461 |
- SOC 492-Senior Thesis (5) may be selected as the capstone course for any of the areas.

### *Electives: 5 credits minimum*

- Electives under department advisement to bring the total to a minimum of 64 credits; select from any 300/400-level courses in sociology, including SOC 320, 371, 415, 480, 481

### *Course restrictions*

- SOC 471 may not be applied toward the 64 credits required for the major
- No more than two of the following introductory courses may be applied to the major: SOC 221, 251, 255, 260, 268, 269

### *Combined Major*

A combined major is available as an option to students whose educational or professional interests may best be furthered by an integrated curriculum from two disciplines. A combined major may be fulfilled by the completion of requirements stipulated by both the sociology department and a department with which sociology has established arrangements. A plan of study must be approved by both departments for completion of the major.

### *Major — Sociology/Social Studies — Secondary* 85-87 credits

The Sociology-Social Studies major consists of a 45-credit core in sociology and 41-43 credits in social studies, to bring the total to a minimum of 85 credits. **Note:** Secondary education students also must complete the “teacher certification” program.

#### *Sociology courses (44-45 credits)*

- Any *one* of the following introductory courses: SOC 221, 251, 255, 260, 268, 269
- SOC 207, 210, 302, 310 and 361
- At least two from: SOC 340, 364, 368, 369, 380

- SOC 461 (preferred) or other SOC 400-level capstone seminar, or SOC 492

#### *Social Studies Courses (41-43 credits)*

- ECON 206 or Econ 446 (preferred)
- ECON 207 or Econ 447 (preferred)
- GEOG 201 and two additional geography credits
- HIST 103 and 104 and 391
- Plus 12 credits in history, including one course in world or Western or Pacific Rim or civilization
- PLSC 250

#### *Certification for Secondary Education*

To receive a recommendation for state of Washington certification for secondary education, students must complete the “teacher certification” program, including the content methods course SEC 426, which is offered by the Department of Secondary Education as 1) a part of the undergraduate BA degree, or 2) as a post-baccalaureate program, or 3) as a part of the Master’s in Teaching degree. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

Completion of this combination major leads to an endorsement in social studies. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

### *Minor — Sociology*

24 credits

- One or two from the following: SOC 221, 251, 255, 260, 268, 269
- Electives under departmental advisement (from 300- or 400-level sociology courses *with prerequisites completed*; not to include SOC 400, 471, 480 or 492)

### *Minor — Population Studies*

24 credits

- SOC 221, 321
- SOC 326 or 375
- Electives under departmental advisement (from SOC 320, 326, 333, 375, 385, 418, 421)

### *Minor — Criminology/Sociology of Law*

24 credits

- SOC 251 or 255
- SOC 352 or 355
- Electives under departmental advisement (from SOC 320, 352, 354, 355, 359, 363, 376, 387, 456, 486)

## BACHELOR OF ARTS IN EDUCATION

### *Major — Sociology — Elementary*

49 credits

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- Any *one* of the following introductory courses (no more than two may be applied to the major): SOC 221, 251, 255, 260, 268, 269

- SOC 207, 210, 302 and 310
- SOC 461 (preferred) or other 400-level capstone seminar, or Soc 492
- At least two courses from SOC 340, 364, 368, 369, 380
- Electives under departmental advisement to bring the total to a minimum of 49 credits in sociology

**Course Restriction**

- SOC 471 may not be applied toward the 49 credits required for the major

**BACHELOR OF SCIENCE****Major — Sociology**

68 credits

The Bachelor of Science degree consists of a 39-credit core, 24 credits minimum of area requirements, and 5 credits of senior thesis as the capstone experience.

**Core Requirements**

39 credits

- MATH 124, 125, 204
- Any one of the following introductory courses: SOC 221, 251, 255, 260, 268, 269
- SOC 207, 210, 310 and 302

**Area Requirements**

24 credits

- SOC 320 and 415
- At least three courses in one of the following areas for a minimum of 15 credits:

*Family/Life Course*

SOC 326, 332, 333, 338, 354, 360, 368, 380, 390

*Law/Crime/Deviance*

SOC 352, 354, 355, 359, 363, 376, 387, 456, 486

*Population Studies*

SOC 321, 326, 333, 375, 385, 418, 421

*Social Organization/Social Inequality*

SOC 303, 330, 340, 361, 362, 363, 364, 367, 368, 369, 370, 375, 390

Note that certain courses are listed as options in more than one area; however, each of these can be applied to only one area. New course offerings may be added to the curriculum, and may be accepted as area requirements under departmental advisement.

**Capstone: 5 credits**

- SOC 492

**GRADUATE STUDY**

For a concentration leading to the Master of Arts degree, see the *Graduate School* section of this catalog.

**COURSES IN SOCIOLOGY (SOC)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

**Core Courses**

The following six courses each provide a focused introduction to the discipline of sociology. Any one of these courses will satisfy requirements for an introductory course in this discipline.

SOC 221 — Introduction to Population Issues (5)

SOC 251 — Sociology of Deviant Behavior (5)

SOC 255 — Social Organization of Criminal Justice (5)

SOC 260 — The Family in Society (5)

SOC 268 — Gender and Society (5)

SOC 269 — Race and Ethnic Relations (5)

**COURSES IN SOCIOLOGY (SOC)**

*Courses numbered X37, X97; 300, 400, 417; 445 are described on page 31 of this catalog.*

**207 SOCIAL STATISTICS (5)**

Prereq: completion of Mathematics GUR. Application of statistical reasoning and methods in sociological research.

**210 INTRODUCTION TO RESEARCH METHODS (5)**

Prereq: SOC 207. An introduction to scientific research in sociology: principles of research design, the nature of empirical observation, sampling and measurement techniques, and principles guiding the interpretation of social scientific research.

**221 INTRODUCTION TO POPULATION ISSUES (5)**

Processes determining population growth — fertility, mortality and migration — and their influence on economic development in the more- and less-developed countries of the world; population policies in various countries and their implications for population growth and future development.

**251 SOCIOLOGY OF DEVIANT BEHAVIOR (5)**

A broad overview of concepts, issues and research findings in the sociological study of deviant behavior; how deviance is defined, reacted to and punished in American society. Emphasis on contemporary theoretical perspectives, along with current issues in deviance.

**255 SOCIAL ORGANIZATION OF CRIMINAL JUSTICE (5)**

A survey of basic concepts, problems and issues in the sociological study of social organizations applied to the criminal justice system.

**260 THE FAMILY IN SOCIETY (5)**

Introduction to the study of family as a social institution in society. Overview of social theories on the family and methodological underpinnings of the field of family study. Emphasis on the family as agent of stratification in society, changing roles of men and women in the context of the American family, contemporary issues relating to family social policy today, and the interplay between family and society across time and cultures.

**268 GENDER AND SOCIETY (5)**

Introduction to major concepts, issues and research findings regarding the relationship between gender and social structures. Aspects of society examined include education, work, family, law, government and the media. Discussion includes interrelationship between gender, race, class and age. Focus on the U.S., with some cross-national material.

**269 RACE AND ETHNIC RELATIONS (5)**

Introduces students to the sociology of race and ethnic relations in the United States. Surveys racial and ethnic minority groups and provides a historical context for their relative positions in the United States by considering the dynamics of the political and economic climate, racial/ethnic attitudes, interminority relations, and social policy.

**302 CLASSICAL SOCIOLOGICAL THEORY (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. The emergence of sociology: sociology as response to the Industrial Revolution and as an attempt to develop a scientific understanding of social organization, behavior and change; the development of social thought; Comte, Spencer, Marx, Durkheim and Weber.

**303 CONTEMPORARY SOCIOLOGICAL THEORY (5)**

Prereq: SOC 302. Contemporary sociological theory examines the roots of major theoretical perspective in the late 19th century classical tradition. Examines major perspectives, such as functionalism, world system theory, and organizational theory, as well as the sociological analysis of modern culture.

**310 METHODOLOGICAL APPLICATIONS IN SOCIAL RESEARCH (5)**

Prereq: SOC 207, 210. An applied course which follows sequentially from

## SOCIOLOGY

SOC 207 and 210, drawing on conceptual and analytical skills in an actual research project. Engages students in the steps of the research process, integrating the qualitative phases of problem conceptualization and literature review, following through to the data gathering, analysis and interpretation stages. (Writing proficiency course.)

### **316 SURVEY EXPERIENCE (2)**

Prereq: any one course from SOC 221, 251, 255, 260, 268, 269. An introduction to survey research methods is provided through experience as part of a survey research team. Students will participate in each phase of conducting actual surveys for the University or other public or nonprofit organizations.

### **320 COMPUTER APPLICATIONS FOR SOCIAL SCIENCE DATA (4)**

Prereq: any SOC 221, 251, 255, 260, 268, 269 and Soc 207 or equivalent. Designed to integrate fundamental statistical knowledge with direct computer applications for the organization and analysis of data sets encountered in social science research. Training in the use of library statistical routines (e.g., SPSS) central to research in the social sciences is emphasized.

### **321 DEMOGRAPHY (5)**

Systematic introduction to the study of human populations. Designed for students interested in the subject regardless of their major discipline. Examines social, economic and biological factors associated with fertility, mortality and migrations.

### **326 AMERICAN FAMILY AND HOUSEHOLD DEMOGRAPHY (5)**

Prereq: SOC 207 and 221 or 321. Theoretical, conceptual and analytic issues in the areas of family and household demography based on research conducted in the United States: singlehood, cohabitation, entry into first marriage, work and family, marital disruption, remarriage, and household structure.

### **330 INTRODUCTION TO SOCIAL PSYCHOLOGY (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Interpersonal behavior, perception of others, attraction toward and liking of others, self evaluation, helping behavior, aggression, attitudes and their relationship to behavior, sexual behavior, types of interaction processes, childhood and adult socialization, deviance and conformity, personal space, environmental effects on behavior, sex role attitudes and behavior.

### **332 THE SOCIOLOGY OF HUMAN RELATIONSHIPS (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. A social psychological examination of liking, loving and relating. Emphasis on dyadic relationships such as marriage, friendship and parent-child relationships. Topics include socialization into romance and love, historical linkages between industrialization and the "feminization" of love, sociological perspectives on liking and loving, and research methods used in the study of dyadic relationships.

### **333 AGING IN AMERICA (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Basic theories, methods and concepts in the field of social gerontology highlighting demographic trends in aging, the effects of longevity on the larger society, individual accommodations to the aging process, the social construction of old age, and social policy in relation to the stratification of the aged and an increasingly elderly population.

### **338 SOCIOLOGY OF SEXUAL BEHAVIOR (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Human sexuality, with an emphasis on Western cultures and the United States in particular, is studied from a scientific perspective. Emphasis on both description and explanation of patterns and diversity in sexuality. While focusing on the social dimensions of sexuality, the historical, biological and psychological aspects of sexuality are integrated into a comprehensive overview.

### **340 SOCIOLOGY OF ORGANIZATIONS (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Introduction to major theoretical perspectives and research on public and private organizations, such as corporations, schools and health-care facilities. Formal and informal structures, the relationship between organizations and their environments, leadership, decision-making and labor markets.

### **352 CRIMINOLOGY (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. The study of adult crime, defined as violation of legal norms. Focuses on problems of measurement and attempts to explain crime as a social phenomenon and a cultural product. Includes in-depth analysis of various forms and classes of crimes

and their victims.

### **354 DOMESTIC VIOLENCE AND THE CRIMINAL JUSTICE SYSTEM (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. A survey of sociological research on domestic violence and the criminal justice system. Examines the historical and cultural changes that contributed to the classification of domestic violence as crime, the characteristics of domestic assault, and the variety of criminal justice interventions into domestic violence.

### **355 CRIMINAL JUSTICE SYSTEM (5)**

Prereq: SOC 255, 302. Overview of the social organization of the criminal justice system in the United States. Examination of the organizations that create and enforce the criminal law as well as major issues currently confronting this system (plea bargaining, discrimination, limitations on due process).

### **359 WOMEN AND DEVIANCE (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Examines the sociocultural/sociopolitical conditions that contribute to women being victims or perpetrators of crime. The course has three parts: 1) theoretical framework; 2) victimization and harm; and 3) crime and punishment. Students explore various normative values and institutional sites as the source of women's deviant careers, including gender and sexuality norms, family, economic, corporation, law, and criminal justice.

### **360 MARITAL AND FAMILY INTERACTION (5)**

Prereq: SOC 260, 268 or permission. Examines systems and interactional perspectives on marriage and family dynamics. The focus of this course is on family adaptation as a function of system processes and interactional patterns.

### **361 SOCIOLOGY OF EDUCATION (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Analysis of the historical origins and spread of public education, the internal organization of schools and classrooms and the social impact of education. Schooling as a major form of socialization and status placement; political and legal bases of education; non-formal schooling; education and nation-state formation.

### **362 POLITICAL SOCIOLOGY (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. The social aspects of political phenomena with an emphasis on power and authority, conflict and change, political attitudes and ideologies.

### **363 LAW AND SOCIAL STRATIFICATION (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269, and 302. Examination of current sociological research on the ways in which the creation and application of law are conditioned by class, racial, gender, and ethnic inequalities in society. Applies several general sociological theories of stratification to a range of cases in both civil and criminal law.

### **364 SOCIAL STRATIFICATION (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Social causes and consequences of inequality in America. Social distribution of wealth, power and status; emphasis on poverty and racial social inequality.

### **367 SOCIOLOGY OF WORK AND OCCUPATIONS (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Sociological and social-psychological significance of work; factors affecting contemporary career patterns/life cycle changes; sex, race, ethnic and social class differences; structural characteristics of selected occupational areas.

### **368 GENDER AND EDUCATION (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269 or equivalent, preferably 268 or a course with equivalent content concerning gender. Examines the relationship between gender and education within the U.S. context and internationally. We will consider girls and boys, women and men, in various levels of schooling. The ways in which race and class interact with gender in educational attainment and achievement also will be examined.

### **369 SOCIOLOGY OF RACE AND ETHNICITY (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269 or equivalent, preferably in minority relations. Provides a review of historical, theoretical and empirical work in the sociology of race and ethnicity. Emphasis on primary material in the areas of ethnic assimilation, racial attitudes, and racial and ethnic inequality in the United States.

### **370 HISTORICAL SOCIOLOGY (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269 and 302. Historical

sociology is cross-disciplinary in theory and method, examining the interrelation of historical attention to detail and the sociological focus on general patterns. The application of conceptual frameworks and quantitative methods to specific historical events are elaborated to this end.

### **371 SOCIAL RESEARCH AND SOCIAL POLICY (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269; research methods and introductory statistics in any field. Examines the relationship between social policy decisions and social research. Outlines the role of the social scientist in the dynamics of the policy-making process, studies the recent expansion of methods for evaluating social policy programs, and critiques current policy in light of available evidence. Subject areas include health, welfare, crime, housing, affirmative action, social security and child support. Research a topic and present a policy memo to the class in mock testimony to a congressional committee.

### **375 COMMUNITY AND URBAN SOCIETY (5)**

Prereq: Any SOC 221, 251, 255, 260, 268, 269. Introduces students to some of the central theoretical perspectives on communities, cities, and the processes of urbanization and offers an overview of the challenges facing contemporary urban dwellers. Focuses on how political, social and economic forces have helped to shape processes of urban development and how this urbanization has reshaped the physical form, social structure, and functions of communities. Contemporary urban challenges such as concentrated poverty, residential segregation, riots, structural deterioration, and economic and political restructuring will receive central attention, as will issues of global urban development and theories about the future of cities.

### **376 RESEARCH AND POLICY IN CRIMINAL JUSTICE ORGANIZATIONS (5)**

Prereq: Any one of SOC 221, 251, 255, 260, 268, 269. Examines the sociological studies of criminal justice policy formation and change. Outlines connections between criminal justice policy planning, program design, organizational structure and process considerations, and various methods used to assess change processes and to evaluate program outcomes.

### **380 SOCIOLOGY OF YOUTH (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Sex and age status definitions and role-taking; historical, institutional and social process aspects of maturation, with special emphasis on Western industrial society from the 18th century to the present.

### **385 ENVIRONMENTAL SOCIOLOGY (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Uses sociological concepts to analyze human-bio/physical environment interactions. Topics are environmental sustainability, population and limits to growth, the environmental movement, public opinions, environment and third world development, food production and agricultural technology, natural resource dependent communities, forestry and fishing, alternative environmental practices and the energy crisis.

### **387 SOCIOLOGY OF CORRECTIONAL INSTITUTIONS (5)**

Prereq: any SOC 221, 251, 255, 260, 268, 269. Critical analysis of the history and structure of formal social control, including the asylum and corrections. Emphasizes the role of institutions in regulating the poor and marginal populations; contemporary control practices; men's versus women's prisons; failure of community corrections; probation and parole; and the future of therapeutic and correctional institutions.

### **390 COMPARATIVE FAMILY: CANADA (5)**

Prereq: any one of SOC 221, 251, 255, 260, 268, 269. An introduction to the comparative sociological analysis of institutions through an analysis of the Canadian family and its relationship to Canadian culture, policies, and economic institutions. Comparisons to the U.S. family are emphasized.

### **415 ADVANCED QUANTITATIVE ANALYSIS (4)**

Prereq: any SOC 221, 251, 255, 260, 268, 269; Soc 207, 210 or equivalent; or permission of instructor. Experimentation and tests of significance applied to research problems.

### **418 SOCIAL IMPACT ASSESSMENT (5)**

Prereq: SOC 210, SOC 207 recommended. Utilizing sociological findings and research methods, prepares the student to do social impact assessment separately and with environmental, technical, economic as well as other types of assessments. Working in teams, students do an SIA project of a proposed project or policy change. The focus is on measuring and understanding community level social change in advance of the event. Also

offered as ENVR 418.

### **421 DEMOGRAPHIC ANALYSIS (4)**

Prereq: any SOC 221, 251, 255, 260, 268, 269; Soc 207, 320, 321; or permission of instructor. Theory and method of population analysis; measures of mortality, fertility and migration; population forecasting techniques.

### **426 ADVANCED TOPICS IN DEMOGRAPHY (4)**

Prereq: sociology core or permission of instructor, SOC 320, and a writing proficiency course in sociology; must be taken prior to capstone (not concurrently). Analysis of fertility or mortality issues in both developed and developing countries; proximate determinants of fertility; birth-spacing and family limitation practices; infant and child mortality; life expectancy.

### **430 FIELD RESEARCH METHODS (5)**

Prereq: sociology core or permission of instructor, and a writing proficiency course in sociology; must be taken prior to capstone (not concurrently). Presents skills to conduct qualitative sociological research. Emphasizes ethnographic techniques such as direct observation, participant observation, intensive interviewing, data analysis, literature review, and report writing. Each student conducts original sociological research by entering a specific social setting, collecting and analyzing data within that setting, and producing a comprehensive paper on the findings.

### **440 GLOBALIZATION (4)**

Prereq: sociology core and a writing proficiency course in sociology; must be taken prior to capstone (not concurrently). Examines the economic, cultural and political components of globalization. Special topics include the new forms of inequality that have emerged with global interdependence and debates concerning the benefits and dangers associated with globalization.

### **450 SOCIOLOGY OF LAW (4)**

Prereq: sociology core; SOC 355 and a writing proficiency course in sociology; must be taken prior to capstone (not concurrently). A capstone research seminar in which students develop an individual project, write a review of previous research, and conduct an analysis using secondary data sources to study the effects of laws on society (e.g., consequences of no-fault divorce laws) and the social bases of legal change (e.g., factors influencing state adoption of sentencing guidelines).

### **452 ADVANCED CRIMINOLOGY (4)**

Prereq: sociology core; SOC 352 and a writing proficiency course in sociology; must be taken prior to capstone (not concurrently). An in-depth examination of selected areas in sociological criminology.

### **456 POLICE AND SOCIETY (4)**

Prereq: sociology core; SOC 355 or permission of instructor. Review of research on the organization of law enforcement. Topics include impact of legal and organizational controls on police behavior, police use of deadly force, minorities and policing, and community policing.

### **460 ADVANCED TOPICS IN FAMILY (4)**

Prereq: sociology core and a writing proficiency course in sociology; must be taken prior to capstone (not concurrently). Focus varies, depending on instructor. Emphasis on current research in family sociology. Topics may include family violence, demographic analysis of family structures, family life course development, family and the economy, parent-child interaction, family and social policy, and others.

### **461 ADVANCED SOCIOLOGY OF EDUCATION (4)**

Prereq: sociology core; SOC 361 or permission of instructor, and a writing proficiency course in sociology; must be taken prior to capstone (not concurrently). Advanced study of topics and research presented in SOC 361: educational stratification, origins and expansion of educational systems in the United States and cross-nationally, school and classroom organization and their effects on student learning and socialization; interaction processes in classrooms.

### **471 DIRECTED INTERNSHIP (5)**

Prereq: sociology core, successful completion of a writing proficiency course; a B or better in a 300-level sociology courses relevant to the substantive area of the internship, and acceptance by an agency. The writing proficiency course and the substantive 300-level course may be the same course. Repeatable to a maximum of 10 credits. S/U grading.

### **480 LEARNING AND TEACHING SOCIOLOGY (2-5)**

Prereq: sociology core; a minimum grade of B+ in the course for which the

## SOCIOLOGY

---

student will be a teaching assistant; permission of instructor. The teaching assistantship is intended to provide students with practical experience in the teaching of sociology at the undergraduate level. To that end, students will get a hands-on experience in the various activities associated with teaching a particular course in the department. TA duties may include leading discussion groups, assisting the instructor in preparing lecture material, and assisting students in the class with understanding course material. A more detailed list of sample activities may be obtained from the academic advisor. Actual duties will vary by course and instructor. Repeatable to a maximum of 5 credits.

### **481 RESEARCH ASSISTANTSHIP (2-5)**

Prereq: permission of instructor. Course is structured consistent with the apprenticeship model. Students will work closely with one faculty member, assisting in sociological research. Actual activities will vary depending upon the nature and stage of the research project. Responsibilities may include data set construction and/or analysis, interviewing and interview transcription, and library searches. Requires a report or project journal to be submitted to the supervising instructor in a format to be mutually agreed upon at the start of the assistantship. Repeatable to a maximum of 10 credits.

### **486 CRITICAL ISSUES IN CORRECTIONS (4)**

Prereq: SOC 387. Offers a critical examination of incarceration by integrating various levels of analysis ranging from the macrosociological aspects of punishment to the organizational and individual dimensions of imprisonment. The overarching themes entail social control and the ironic and self-defeating measures of correctional policy and practice.

### **492 SENIOR THESIS (5)**

Prereq: sociology core; 5 credits of SOC 400 (directed independent study) undertaken with the student's senior thesis faculty advisor prior to and in preparation for the senior thesis. The student is required to complete the senior thesis contract in consultation with his/her senior thesis faculty advisor prior to taking the SOC 400/492 sequence.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **501 SOCIOLOGY AS A DISCIPLINE (2)**

Prereq: permission of instructor. Study of sociology as an academic field; description of subfields, with emphasis on relation between theory and research in each subfield. S/U grading.

### **504 ADVANCED THEORY (4)**

Prereq: permission of instructor. Examines the continuity of social theory from the 18th century to contemporary European and American work. Broad themes that span this time are explored in both primary works and current reviews.

### **505 COMPUTER APPLICATIONS IN SOCIOLOGY (4)**

Prereq: permission of instructor. Emphasis on computer applications in the analysis of large-scale data sets; training in the use of SPSS and other library statistical routines.

### **515 SEMINAR: QUANTITATIVE TECHNIQUES (4)**

Prereq: permission of instructor. Regression, path analysis and related techniques as applied to sociological research.

### **521 SEMINAR: DEMOGRAPHY (4)**

Prereq: permission of instructor. Critical review of demographic theory, methods and applications in the light of contemporary world population problems.

### **526 ADVANCED TOPICS IN DEMOGRAPHY (4)**

Prereq: permission of instructor. Analysis of fertility or mortality issues in both developed and developing countries; proximate determinants of fertility; birth-spacing and family limitation practices; infant and child mortality; life expectancy.

### **533 ADVANCED AGING (4)**

Prereq: permission of instructor. Analysis of the social, medical and legal issues surrounding growing old in American society, including to "protect" the elderly. Cross-cultural comparisons concerning the economic and social support of older populations.

### **535 SEMINAR: CURRENT SUBSTANTIVE RESEARCH (1-4)**

Prereq: permission of instructor. Topics to vary. Examines current research in a selected substantive field of sociology. Repeatable, no maximum, with different subject areas.

### **540 COMPARATIVE SOCIAL INSTITUTIONS (4)**

Prereq: permission of instructor. Examines the relationship between large-scale social structures and processes. Current theory and research on topics may include world system theories, comparative state structures and social organization, and the network of relationships among formal organizations, and others.

### **555 SEMINAR: SOCIAL CONTROL AND DEVIANCE (4)**

Prereq: permission of instructor. Critical review of theories and concepts of deviance; analytic and philosophic problems of attempts at programmed social control.

### **560 ADVANCED TOPICS IN FAMILY (4)**

Prereq: permission of instructor. Emphasis on current research in family sociology. Topics may include family violence, demographic analysis of family structures, family life course development, family and the economy, parent-child interaction, family and social policy, and others.

### **563 ADVANCED STATISTICS (4)**

Prereq: permission of instructor. The application of advanced statistical methods to particular types of data and research questions. Emphasis on selecting and implementing various techniques under different measurement and analysis conditions.

### **581 ADVANCED SOCIOLOGY OF EDUCATION (4)**

Prereq: permission of instructor. Advanced study of topics and research presented in SOC 461: educational stratification, origins and expansion of educational systems in the U.S. and cross-nationally, school and classroom organization and their effects on student learning and socialization; interaction processes in classrooms.

### **595 TEACHING IN THE SOCIAL SCIENCES (3)**

Prereq: permission of instructor. Examination of conceptual frameworks and techniques for teaching social science subjects at the high school and community college levels. Also offered as ANTH 595 and PLSC 595.

### **690 THESIS (1-12)**

Prereq: formal advancement to candidacy for the MA in sociology. Repeatable to a maximum of 12 credits. S/U grading.

# HUXLEY COLLEGE OF THE ENVIRONMENT

*Dr. Bradley F. Smith, Dean*

Huxley College is one of seven colleges constituting Western Washington University, consistently recognized as one of the outstanding public institutions of higher education in the West.

Huxley College offers a gathering place for individuals genuinely concerned with the environmental well-being of the earth. Our approach is holistic and deliberately innovative, designed to prepare students for creative, fulfilling professional careers in a changing world. Since its establishment in 1968, Huxley College has won national and international recognition, thanks to its comprehensive upper-division and graduate programs — continually refined and enriched to enhance practical, interdisciplinary approaches to environmental problem-solving.

Students, now numbering more than 400, pursue specialization in their chosen fields, plus breadth to guard against narrowness. Students enter Huxley with a foundation in science and social studies. While here, they fulfill the common core requirements and specific requirements for their chosen majors. In addition, however, they are encouraged to design independent programs within Huxley and cooperative programs with other departments of the University. Faculty and staff are readily available to collaborate with student initiatives in learning. In addition to their classroom work, students participate in internships and may serve with faculty and staff on college committees. Students publish the quarterly *Planet* magazine and the weekly *Ecotones* newsletter.

Faculty specialties include science, social studies, geography and humanities. Thus, courses embrace natural and physical sciences, human ecology and ethics, history and resource policy, writing and photography, utilizing new technologies and computers.

Most Huxley courses are conducted in the Environmental Studies building and adjacent Arntzen Hall, housing classrooms and laboratories, the Institute of Environmental Toxicology and Chemistry (for research on risk assessment and effects of toxic substances) and the Institute for Watershed Studies (with specialized equipment for freshwater and limnological studies). The Shannon Point Marine Center, within easy driving distance on Fidalgo Island, provides facilities for marine studies. Huxley's resources also include a spatial analysis computer lab for GIS and remote sensing and a map library which houses in excess of 245,000 maps and 1,000 atlases. The library, which serves the University and the surrounding community, is regarded as a major map collection in the United States.

Admission to Huxley College is selective and early application is strongly recommended.

## DEPARTMENT OF ENVIRONMENTAL SCIENCES

*Chair: John T. (Jack) Hardy*

Environmental science draws on basic knowledge of the physical, chemical, biological and quantitative aspects of natural systems. The knowledge of how natural systems work is applied to solving problems largely created by human activities. Often these problems are represented by disturbances in the functioning of natural systems. Humans are altering their own life-support systems — the air, the water and the soil. Scales of disturbance range from the molecular and cellular to individuals, populations, ecosystems, and regional and global levels.

Graduates in environmental science enter a wide variety of career

paths in local, state and federal governments, universities, and the private sector. Fields include environmental toxicology, environmental chemistry, terrestrial ecology, environmental impact assessment, watershed studies, air pollution control, solid and hazardous waste management, and marine pollution assessment. Many graduates choose to pursue advanced studies.

## Faculty

The interdisciplinary nature of environmental science is reflected in the wide-ranging expertise of the environmental science faculty. Oceanographers, toxicologists, chemists, biologists, limnologists, terrestrial ecologists and others work together as an interdisciplinary team to offer a curriculum grounded in the sciences, but oriented to the understanding and solution of environmental problems. Active engagement in research allows the faculty to bring an analysis of new knowledge into the classroom.

## Degree

Huxley College offers the Bachelor of Science degree in environmental studies under advisement of faculty in the Department of Environmental Sciences. Requirements for this 85-credit, upper-division program are described below.

## Facilities and Equipment

Facilities are available for teaching laboratory courses and for student research projects. Students gain practical hands-on experience in the use of specialized instrumentation for collection and measurement of samples for water quality, hydrography, air pollution, forest ecology and toxicological testing. Computer facilities — including numerous PCs, software and mainframe facilities — are available primarily through University-wide central computing resources located in buildings throughout campus. A Geographic Information System laboratory with state-of-the-art capabilities (see *Minor — Geographic Information Systems*). The Hannegan Center, a nearby off-campus facility, provides opportunities for field-oriented and mesocosm-type studies of both aquatic and terrestrial systems. The Shannon Point Marine Center offers access to aquaria and a wide variety of laboratory and field sampling equipment for students interested in the marine environment.

## DEPARTMENT OF ENVIRONMENTAL STUDIES: POLICY, PLANNING, EDUCATION AND GEOGRAPHY

*Chair: Gigi Berardi*

The social sciences and humanities are necessary complements to environmental science in understanding and solving environmental problems. Environmental scientists use the tools of natural science to understand and describe natural systems and their disturbances. Social scientists, historians, philosophers, artists and writers add their descriptive and analytical skill to understanding how cultures and societies can and must respond to the challenges of building and maintaining sustainable societies on a foundation of finite and renewable natural resources.

This department's programs allow students to link their interest in the environment with social science and humanities disciplines. Programs include geography, planning and

## HUXLEY COLLEGE OF THE ENVIRONMENT

environmental policy, environmental education, environmental journalism, and environmental economics. These programs direct students to specific environmental career paths or provide an excellent background for advanced study in law, environmental education and interpretation, public administration and resource management.

### Faculty

The work of this department is largely interdisciplinary, though geography maintains a strong disciplinary identity. Department faculty are trained in anthropology, geography, education, natural resources management, urban and regional planning, law, political science, and related fields. Active research work allows faculty to remain current in the rapidly evolving field of environmental and natural resources management. Department academic programs draw heavily upon the expertise of colleagues in other units of the University, such as the departments of political science and economics.

### Degrees

The Bachelor of Arts degree is offered by Huxley College under advisement of faculty associated with the Department of Environmental Studies: Policy, Planning, Education and Geography. Bachelor of Arts in Education options are available in cooperation with Woodring College of Education for students wishing to major in environmental studies or geography and achieve certification for public school teaching.

### Department Resources

Department facilities support applied student learning in the 30-computer spatial analysis lab with a complete suite of state-of-the-art GIS, cartography, and remote sensing software, GPS receivers, and extensive local data sets. Facilities also include the planning studio, the map library, and the environmental education lab. Experiential learning is emphasized in many of our programs, taking students into the field where they apply their skills and knowledge to current problems. Student work has received recognition from national and statewide organizations for exceptional problem-solving solutions, which use geographic information systems and computer-aided design.

## FACULTY

### Department of Environmental Sciences

**WAYNE G. LANDIS** (1989) Professor, Chair and Director, Institute of Environmental Toxicology and Chemistry. BA (biology), Wake Forest University; MA (biology) and PhD (zoology), Indiana University.  
**BRIAN L. BINGHAM** (1995) Professor. BS (zoology), MS (zoology), Brigham Young University; PhD (biology), Florida State University.  
**LEO R. BODENSTEINER** (1995) Associate Professor. BA (biology), Moorhead State University; MA (zoology), PhD (zoology), Southern Illinois University at Carbondale.  
**SCOTT BRENNAN** (2000) Lecturer. BS, MS (environmental science and journalism), Western Washington University.  
**JOHN T. (JACK) HARDY** (1989) Professor, Department of Environmental Sciences. BA (analytical biology), University of California, Santa Barbara; MS (biological oceanography), Oregon State University; PhD (marine botany and aquatic ecology), University of Washington.  
**RUTH HARPER-ARABIE** (2003) Assistant Professor. BA, West Virginia University; MS, McNeese State University; PhD (environmental science and engineering), Colorado School of Mines.  
**PETER S. HOMANN** (1996) Associate Professor. BA (natural sciences) and BS (chemistry), Case Western Reserve University; MS (forest ecology), Yale School of Forestry and Environmental Studies; PhD (forest soils, nutrient cycling), University of Washington.  
**ROBIN A. MATTHEWS** (1986) Professor and Director, Institute for Watershed Studies. BS (biology), University of California at Riverside; MS (environmental studies), Indiana University; PhD (botany/aquatic ecology),

Virginia Polytechnic Institute and State University.

**JOHN F. McLAUGHLIN** (1996) Associate Professor. BA (biological sciences), BA (biochemistry), BA (integrated science program), Northwestern University; MS (biological sciences) and PhD (biological sciences, population biology), Stanford University.

**JOHN M. RYBCZYK** (2000) Assistant Professor. BS (wildlife biology), Michigan State University; MS (ecosystem biology), Eastern Michigan University; PhD (oceanography and coastal science), Louisiana State University.

**DAVID SHULL** (2003) Assistant Professor. BS (oceanography), University of Washington; MS (oceanography), University of Connecticut; PhD (environmental, coastal and ocean sciences), University of Massachusetts.

**BRADLEY F. SMITH** (1994) Professor and Dean, Huxley College of the Environment. BA (political science and international relations) and MA (political science and public administration), Western Michigan University; PhD (School of Natural Resources and Environment), University of Michigan.

**DAVID O. WALLIN** (1995) Professor. BS (biology), Juniata College; MA (biology), The College of William and Mary; PhD (environmental science), University of Virginia.

### Department of Environmental Studies: Policy, Planning, Education and Geography

**GIGI BERARDI** (1995) Chair and Professor, Department of Environmental Studies: Policy, Planning, Education and Geography, BA (biology), University of California at San Diego; MS (natural resources conservation), PhD (natural resources, policy and planning), Cornell University.

**ANDREW J. BACH** (1995) Associate Professor. BS, MA (geography), University of California, Davis; PhD (geography), Arizona State University.

**ANDREW BODMAN** (1999) Provost and Professor. MA, Bach Cambridge; PhD (geography), Ohio State University.

**SCOTT BRENNAN** (2000), Lecturer. BS, MS (environmental science and journalism), Western Washington University.

**PATRICK H. BUCKLEY** (1987) Associate Professor. BS (civil engineering and geology), University of Notre Dame; MA (economic geography and South Asian studies), University of Washington; PhD (economic geography), Boston University.

**RABEL J. BURDGE** (1996) Visiting Professor. BS (agriculture/economics) and MS (rural sociology), Ohio State University; PhD (sociology), Penn State University.

**MICHAEL J. MEDLER** (2002) Assistant Professor. BS (philosophy), MS (environmental studies), University of Oregon; PhD (geography), University of Arizona.

**JEAN O. MELIOUS** (1996) Associate Professor. BA (government and environmental studies), St. Lawrence University; PhM (urban design and regional planning), University of Edinburgh; JD, Harvard Law School.

**JOHN C. MILES** (1968) Professor. BA (anthropology), Dartmouth College; MA (recreation and park management), University of Oregon; PhD (education), The Union Institute.

**DEBNATH MOOKHERJEE** (1961) Professor. BSc, MSc (geography), University of Calcutta; PhD (geography), University of Florida.

**O. EUGENE MYERS** (1995) Associate Professor. BS (human ecology), Western Washington University; MA, PhD (psychology and human development), University of Chicago.

**LYNN A. ROBBINS** (1971) Professor. BA (anthropology), University of Utah; MA, PhD (anthropology), University of Oregon.

**DONALD T. SINGH-CUNDY** (1996) Assistant Professor. BA (political science and economics), University of Minnesota; MA (political behavior and social psychology), University of Hawaii; PhD (political behavior, social psychology, research methods), University of Oregon.

**BRADLEY F. SMITH** (1994) Professor and Dean, Huxley College of the Environment. BA (political science and international relations) and MA (political science and public administration), Western Michigan University; PhD (School of Natural Resources and Environment), University of Michigan.

**THOMAS A. TERICH** (1973) Professor. BA, MA, California State University, Los Angeles; PhD (geography), Oregon State University.

**WENDY WALKER** (1991) Lecturer. BA and K-12 Teaching Certificate (geology), Western Washington University; MS (religion), Florida State University.

**GRACE WANG** (2002) Assistant Professor. BS (political economy of natural resources), University of California, Berkeley; MS, PhD (forestry), University of Minnesota.

**KATHRYN ROSS WAYNE** (1997) Associate Professor. BA, MFA, PhD, University of Oregon.

**NICHOLAS C. ZAFERATOS** (1999) Assistant Professor. BA (economic and regional geography), State University of New York; MS (urban and regional planning), Western Washington University; PhD (urban planning), University of Washington.

**Adjunct Faculty**

**JAMES D. ALLAWAY**, Proprietor, Resources International. PhD (natural resources, policy, and planning), Cornell University.  
**KATHERINE BARIL**, Extension Faculty, Chair, Community Leadership and Natural Resources, Washington State University. JD, University of Puget Sound.  
**BARRY L. BJORK**, PhD, Boston College.  
**BRIAN BOYLE**, PhD, Batelle Seattle Research Center.  
**WILLARD BROWNELL**, Ecoquest, New Zealand.  
**BRIAN CAFFEY**, Ecoquest, New Zealand.  
**ERIC CRECELIUS**, Senior Research Scientist, Battelle Marine Science Laboratory. PhD (oceanography), University of Washington.  
**ANTHONY CUMMINGS**, Ecoquest, New Zealand.  
**JAMES S. DARLING**, Executive Director, Port of Bellingham.  
**PAUL DINNELL** Resident Scientist, Shannon Point Marine Center. PhD (fisheries), University of Washington.  
**JEFFREY GIESON**, North Cascades Institute.  
**ROBERTO GONZALEZ-PLAZA**, Faculty, Northwest Indian College. PhD, Pontificia Universidad Católica de Chile.  
**TIMOTHY HALL**, National Council for Air and Stream Improvement, Marine Research Laboratory, Anacortes, WA. MS (biology), Central Washington University.  
**NADEZHDA K. KHRISTOFOROVA**, Professor and Chair of Ecology, Far East State University, Vladivostok, Russia. PhD (electrical chemistry and ecology of animals), Far East State University.  
**MIMI LARSON BECKER**, Associate Professor of Natural Resources and Environmental Policy, University of New Hampshire. PhD (international environmental resource policy), Duke University.  
**GARY J. LAWRENCE**, Sustainable Strategies and Solutions.  
**ROGER MAC GIBBON**, Ecoquest, New Zealand.  
**PETER MADISON**, Ecoquest, New Zealand.  
**SCOTT L. McCREERY**, President and Chief Environmental Specialist of Environmental Compliance Options.  
**CASSANDRA NOBLE**, JD, University of Washington School of Law.  
**PAUL OLMSTEAD**, Engineer, MIT. MS, Stanford University; MBA, Harvard.  
**WALTER H. PEARSON**, Batelle Laboratory. PhD (oceanography), Oregon State University.  
**RALPH RILEY**, Earthwatch. PhD, Stanford University.  
**DAWN SODT**, North Cascades Institute.  
**WENDY STEFFENSEN**, Acting Technical Supervisor, Public Works, Operations, City of Bellingham.  
**MICHAEL G. STONER**, Environmental Manager, Port of Bellingham. MS (forest soils), University of Washington.  
**SUZANNE STROM**, Marine Scientist, Shannon Point Marine Center, Anacortes, WA. PhD (biological oceanography), University of Washington.  
**KATHRYN LYN VAN ALSTYN**, Professor, Marine Scientist/Information Services Specialist, Shannon Point Marine Center.  
**PETER WILLING**, Water Resources Consultant, LLC, Bellingham, Washington. PhD (water resources policy), Cornell University.

**Affiliated Faculty**

**RANDALL S. BABCOCK**, Professor, Department of Geology  
**DANIEL L. BOXBERGER**, Professor, Department of Anthropology  
**GEORGE T. CVETKOVICH**, Professor, Department of Psychology  
**SUSANNE M. DANIELL**, PhD, Extended Education and Summer Programs  
**DAVID T. MASON**, Professor, Fairhaven College  
**DEBRA J. SALAZAR**, Professor, Department of Political Science  
**MAURICE SCHWARTZ**, Professor Emeritus, Department of Geology  
**MART A. STEWART**, Professor, Department of History  
**STEPHEN D. SULKIN**, Professor and Director, Shannon Point Marine Center  
**DON C. WILLIAMS**, Professor, Department of Biology

**ADMISSIONS AND DECLARATION OF MAJOR**

Admission to Huxley College and its majors is selective and based upon the following four criteria: 1) completion of required preparatory course work, 2) academic performance (GPA), 3) a brief essay in response to a given question, and 4) relevant experience. Applications may be received by the Huxley College office by May 2 for admission to summer or fall quarters; October

20 for admission winter quarter; and January 28 for admission spring quarter. Required preparatory courses are listed below:

**Environmental Science Majors**

- One year general chemistry (CHEM 121, 122, 123)
- One year general biology (BIOL 204, 205, 206)
- One quarter of calculus (MATH 124) second quarter (MATH 125) recommended
- Physical geography (EGEO 203) preferred, or physical geology (GEOL 211)
- Completion of Block B of Communication GUR requirement
- Economics, preferably microeconomics (ECON 206)
- Political science

**Environmental Studies/Economics Majors**

- One quarter of general chemistry (CHEM 115 or 121)
- One quarter of introductory biology (BIOL 101)
- A third course in general biology, geology, chemistry or physics including a laboratory (which does not duplicate any prerequisite course).
- MATH 114 or 156

**All Other Environmental Studies Majors and Geography**

- One quarter of general chemistry (CHEM 115 or 121)
- One quarter of introductory biology (BIOL 101)
- A third course in general biology, geology, chemistry or physics including a laboratory (which does not duplicate any prerequisite course)
- MATH 114 or 156
- Introductory statistics course (e.g. SOC 207, MATH 240, DSCI 205, ANTH 335)
- Physical geography (EGEO 203) preferred, or physical geology (GEOL 211)
- Completion of Block B of Communication GUR requirement
- Economics, preferably microeconomics (ECON 206)
- Political science

Students wishing to complete an environmental science BS degree in four years should complete the general chemistry series during their freshman year and the general biology series during their sophomore year.

Students planning to major in policy, planning or geography should take EGEO 201 as one of their GURs prior to applying to Huxley.

Prospective environmental studies majors are strongly advised to take additional preparatory course work that provides a strong background in chemistry, biology and mathematics.

The above preparatory courses, where approved as GUR courses in the catalog, may be used to fulfill both Huxley College and GUR requirements.

All preparatory courses required for admission should be completed on a lettered or numeric grading scale, not P/NP, and must be completed with a grade of C- or better.

It is also highly recommended that students entering Huxley College have good writing skills and be computer literate, possess skills in word processing, spreadsheets, et cetera.

**TRANSFER STUDENTS**

Transfer applicants are encouraged to apply since Huxley's curriculum is mainly an upper-division program. The first step

## HUXLEY COLLEGE OF THE ENVIRONMENT

---

for a transfer student is application and admission to Western Washington University. Admission to the environmental studies core course requires completion of all required preparatory courses for the major and admission to Huxley College (see *Huxley College Admissions and Declaration of Major* section). Students are strongly encouraged to complete all required preparatory courses prior to transfer to Western Washington University.

Transfer applicants are evaluated by Western's Office of Admissions for transfer credit and for credit toward completion of the General University Requirements. Students who intend to seek a degree in environmental studies should so indicate on the "Uniform Undergraduate Application for Admission to Four-Year Colleges and Universities, State of Washington" and should request an admission application form for Huxley College.

Students who have earned certain associate's degrees from community colleges in Washington state are considered to have satisfied the General University Requirements; prospective transfers should consult the WWU Office of Admissions for information on which degrees are accepted under this agreement. However, students holding associate's degrees from community colleges with which Western has no formal agreement must complete Western's General University Requirements.

### DEGREE PROGRAMS

To achieve its purpose in undergraduate education, Huxley College has developed an integrated set of majors, each of which offers the student a number of options and emphases. In addition, students may create their own self-designed major program which must be approved by two faculty advisors and the curriculum committee of the College.

The environmental studies curriculum prepares students for a wide variety of careers involving environmental policy, planning, management, land use, science and education. Students whose concerns are with the effects of humans on environmental systems will find appropriate course work among Huxley College offerings, as will those who plan to concentrate their efforts on the social and humanistic dimensions of environmental problems.

#### *Bachelor of Science in Environmental Studies*

- Environmental Science
- Student/Faculty Design

#### *Bachelor of Arts in Environmental Studies*

- Environmental Education
- Planning and Environmental Policy
- Student/Faculty Design

#### *Bachelor of Arts in Geography*

- Geography
- Geography/Social Studies

#### *Bachelor of Arts in Journalism*

- Environmental Studies/Journalism

#### *Bachelor of Arts in Economics*

- Environmental Studies/Economics

#### *Bachelor of Arts in Education*

- Environmental Studies — Elementary
- Geography — Elementary

#### *Minors*

- Environmental Education
- Environmental Policy

- Environmental Studies
- Environmental Science
- Geography
- Geographic Information Systems
- Sustainable Design

#### *Master of Education in Natural Science/Science Education*

#### *Master of Science in Environmental Science*

#### *Master of Science in Geography*

Students interested in any of these degree programs should contact the Huxley College office for advisement on admission to Huxley College and selection of a faculty advisor.

### DEGREE REQUIREMENTS

In addition to completing General University Requirements necessary for graduation from Western Washington University, explained elsewhere in this catalog, the environmental studies program has the following specific requirements for baccalaureate degrees in environmental studies:

- An environmental science major (BS program), an environmental education major (BA program), a planning and environmental policy major (BA program), a geography major (BA program), an environmental studies/economics major (BA program in economics), an environmental studies/journalism program (BA program in journalism), or a student/faculty designed major (BA or BS program)
- At least one full year (45 quarter credits) as a major of Huxley College, including the final quarter before granting of a degree
- A cumulative grade point average of 2.0 or better (no grades less than C- in Huxley required preparatory courses or courses that define a student's major or minor)

### HUXLEY CORE REQUIREMENTS

Students admitted to any of the Huxley College baccalaureate degree programs must complete the Huxley core course ESCI/ESTU 301 (5 credits) during their first quarter as a Huxley major. Environmental studies degree programs also require completion of 10 credits minimum of 498a,b,c or d (see below). These must be approved and supervised by the student's advisor and relate to the student's course of study at Huxley College. Students should follow guidelines supplied by the college. A report consisting of written (mandatory in 498a), taped, filmed or other form appropriate to the project must be submitted by the student, at least in draft form, by the third week of the student's last quarter of study.

Each student shall also take:

- An approved course outside the student's major area (science for environmental studies and geography students, and an environmental studies course for science students)
- An approved capstone course

#### *Senior Thesis (ESTU/ESCI 498a)*

1-15 credits (10 credits minimum)

Normally completed in the senior year, the senior thesis is a special project carried out under the supervision of faculty advisors and written in thesis form according to guidelines supplied by the College. It may reflect a single study topic or form part of a major investigation which may take the form of field work or laboratory, library or community research. Two bound copies of the senior thesis are submitted by the student,

one of which is kept on file in Wilson Library.

*Internship (ESTU/ESCI 498b)*

1-15 credits (10 credits minimum)

An internship is a supervised work experience typically of one to three months' duration in a government agency, legislature, corporation, lawyer's office or research laboratory, where the work involved is relevant to environmental studies. The student keeps records during the internship, which are then documented by a written report with such items as slides, drawings, graphs or tables.

*Senior Project (ESTU/ESCI 498c)*

1-15 credits (10 credits minimum)

The senior project may be a creative community project that falls outside the parameters of the senior thesis or internship in that it is not reported using thesis guidelines or is not a supervised work experience. Examples of a senior project might be the writing of a children's book on ecology or the establishment of an interpretive nature trail in the community.

*Foreign Study (ESTU/ESCI 498d)*

1-15 credits (10 credits minimum)

While enrolled as a major in Huxley College, a student who has undertaken college-level foreign language study may study abroad for one quarter in a country utilizing that language. Foreign study must be approved in advance and carried out under the supervision of the student's advisor, must follow the foreign study guidelines for the student's major and relate to the student's course of study at Huxley College. The results of the study must be reported in written, taped, filmed or graphically portrayed form.

**BACHELOR OF SCIENCE**

*Major — Environmental Science*

85 credits

The environmental science major is a two-year, upper-division BS degree program. It builds upon a substantial background in science and mathematics obtained through required lower-division required preparatory courses. See *Huxley College Admissions and Declaration of Major* section for preparatory courses which must be completed prior to admittance to junior-level Huxley common core courses.

*Huxley Common Core Requirements — 22 credits*

- ESCI 301
- One environmental studies core course (see advisor for current list)
- Approved capstone course
- ESCI 498a or 498b or 498c or 498d

*Major Requirements — 26 credits minimum*

- Organic chemistry: CHEM 251 or CHEM 351, 352 and 354
- One course from each of the following
  - Ecology: ESCI 325 or BIOL 325
  - Biostatistics: ESCI 340 or BIOL 340
  - Large-scale Systems: ESCI 321, 435a or 492, EGEO 330, 331, 433
- Two laboratory field courses (including lecture and lab) from the following: ESCI 321/322, 326, 328, 338, 361a and b, 407, 408, 421a and b, 426, 429, 430a and b, 433a and b, 440, 442, 455/457, 456/458
- Electives: 37 upper-division credits under faculty advisement

(or a number to equal a total of 85 credits for the major)

For students wishing an area of emphasis, advisement plans are available for freshwater ecology, environmental toxicology, environmental chemistry, terrestrial ecology, and marine ecology. Opportunities are available for students with an emphasis in marine ecology to spend a full quarter-in-residence at the Shannon Point Marine Center in Anacortes, Washington, either utilizing on-site housing or commuting.

*Student/Faculty Designed Major*

Students who wish to design their own majors in environmental studies should obtain complete guidelines from the Huxley College office. The major must be developed with faculty advisement and must be approved by two faculty members and the Huxley College Curriculum Committee at least four quarters before the student's anticipated graduation.

**BACHELOR OF ARTS**

*Major — Environmental Education*

Advisors: John Miles, Gene Myers, Wendy Walker

85 credits

The general objective of the major in environmental education is to provide students interested in educational roles of various types with an opportunity to obtain a basic understanding of the qualities of the environment in general and of the environmental education process in particular. The program offers two tracks: 1) Outdoor Education and Interpretation, and 2) Community Education and Mass Communication.

The major consists of several parts. First, students acquire a synthetic and holistic understanding of the content of environmental studies. Second, students examine the process of education for environmental perspective; i.e., how the environmental education process differs from other processes of education, what ideas and methods are central to the process and what specific techniques are available to facilitate it. Third, students investigate ways of applying environmental education content and techniques in the professional roles which they might pursue. Fourth, students participate in internships, a field practicum, or research.

Graduates of this major have assumed positions as teachers in public and private schools, as interpreters with resources management agencies, and as staff in programs for special populations such as high-risk youth and the handicapped, among others.

*Huxley Core Requirements (23 credits)*

- ESTU 301
- Approved science core course (see advisor for approved list)
- Approved capstone course
- ESTU 498a or 498b or 498c or 498d

*Major requirements (20 credits)*

- ESCI 310; ESTU 305, 371, 372, 477

*Outdoor Education and Interpretation Track Requirements (25 credits)*

- ESCI 330; ESTU 473, 474, 476, 483, 484

*Outdoor Education and Interpretation Track Electives (19 credits)*

- Upper-division electives chosen under faculty advisement (19 upper-division credits or a number needed to equal a total of 85 credits for the major)

## HUXLEY COLLEGE OF THE ENVIRONMENT

---

### *Community Education and Mass Communication Track Requirements — 19 credits*

- ESTU 480, 481, 479, 486
- Choose one from ESTU 304, 376, 446, 464, or 468

### *Community Education and Mass Communication Track Electives — 17 credits*

- Upper-division electives chosen under faculty advisement (17 upper-division credits or a number needed to equal a total of 85 credits for the major)

Interested students should seek advisement early to formulate a degree program within either of the above tracks.

### *Major — Planning and Environmental Policy*

Advisors: Jean Melious, Lynn Robbins, Don Singh-Cundy, Grace Wang, and Nicholas Zaferatos

85 credits

The interdisciplinary program in planning and environmental policy prepares students to enter professional fields concerned with the sustainability of the human and natural environment. The program provides students with the knowledge and skills necessary to promote positive change by solving problems and implementing shared visions in both natural settings and urban communities. The primary objective of this academic program is to prepare students for employment in planning and policy agencies and private organizations as well as to provide a foundation for graduate study.

See *Huxley College Admissions and Declaration of Major* section for preparatory courses which must be completed prior to admittance to junior-level Huxley common core courses.

### *Program*

The undergraduate program of study for the bachelor's degree requires a major concentration of 85 credits including the Huxley core of 23 credits. The program consists of a core, two major concentration tracks, and specialization electives. The core incorporates the interdisciplinary foundation of Huxley College's approach to the study of the environment. The two major concentration tracks, planning and environmental policy, concentrate studies in public policy development, law, and the methods and processes of planning and decision making. The specialization elective component of the program is flexible. It enables the students to develop an area of special interest, concentrating on a minor in an academic discipline, or to select from a number of thematically oriented clusters of courses. Majors are strongly recommended to pursue an internship.

### *Huxley Core Requirements (23 credits)*

- ESTU 301
- Approved science core course (see advisor for approved list)
- Approved capstone course
- ESTU 498a, 498b, 498c or 498d

### *Planning and Environmental Policy Major Requirements (20 credits)*

- ESTU 369, 436, 444, 464, 466

### *Planning Track Requirements (22 credits)*

- ESTU 370, 380, 401, 443, 470, 472

### *Planning Track Electives (20 credits)*

- Elective courses selected under faculty advisement in one or more areas of specialization: community/sustainable development, natural resources management, urban

studies, environmental policy (20 upper-division credits or a number needed to equal 85 credits for the major)

### *Environmental Policy Track Requirements (18 credits)*

- ESTU 465, ECON 383
- ESTU 443 or 468
- ESTU 420 or 446
- One of the following: ESTU 441, 447, 467, 475; EGEO 461

### *Environmental Policy Track Electives (24 credits)*

- Elective courses selected under faculty advisement (24 upper-division credits or a number needed to equal 85 credits for the major)

### *Major — Geography*

Advisors: Andy Bach, Patrick Buckley, Michael Medler, Debnath Mookherjee and Tom Terich

85 credits

All majors are required to complete a set of core courses, track of concentration requirements, and supporting electives that meet their needs and interests. The faculty advisor will recommend courses related to the student's career objectives. Students are urged to consult advisors at the earliest opportunity to plan their program. For required preparatory courses, see *Huxley College Admissions and Declaration of Major* section for preparatory courses to be completed prior to admittance to Huxley core courses.

### *Huxley Core Requirements (23 credits)*

- ESTU 301
- Approved science core course (see advisor for approved list)
- Approved capstone course
- ESTU 498a, 498b, 498c or 498d

### *Major requirements (24 credits)*

- EGEO 201, 203, 301, 305, 351, 352, one upper-division GIS course (EGEO 350 or ESTU 401 or approved course)

### *Environment: Resource Management Track Requirements (21 credits minimum)*

This option emphasizes the interaction between the natural environment and human activities. Students investigate issues relating to utilization of resources and develop skills in scientific management of natural resources.

- Five of the following: EGEO 330, 331, 362, 363, 431, 432, 433, 461; ESCI 492
- Regional geography — one of the following: EGEO 320, 321, 322, 323, 324, 327, 328

### *Environmental and Resource Management Track Electives (17 credits minimum)*

- Elective courses selected under faculty advisement in one or more of the following areas: hydrology, public policy, natural resource management, environmental sciences, spatial analysis, land management, ecology (17 upper-division credits or a number needed to equal 85 credits for the major)

### *Environment: Human and International Track Requirements (26 credits minimum)*

This option emphasizes the Human-Environment school of geography. It focuses on the study of the human imprint upon the landscape within a broad international arena. It prepares students for public and private sector careers with global perspectives emphasizing human impacts on the environment.

Students gain knowledge and develop skills to analyze issues relating to the environment, culture, spatial economics, urbanization, and development.

- Five of the following (at least two must be at the 400 level): EGEO 310, 312, 314, 340, 412, 414, 421, 423
- Regional geography — three of the following: EGEO 320, 321, 322, 323, 324, 327, 328

*Environment: Human and International Track Electives (12 credits)*

- Elective courses selected under faculty advisement in one or more of the following areas: economic development, cross-cultural or regional studies, environmental policy or planning, spatial analysis, GIS, demography, resource management (12 upper-division credits or a number needed to equal 85 credits for the major)

### Major — Geography/Social Studies

*Social Studies Endorsement for Secondary Education*

Advisor: Thomas Terich

90-92 credits

*Huxley Core Requirements (9 credits)*

- ESTU 301
- Approved science core course (see advisor for approved list)

*Geography Core Requirements (19 credits)*

- EGEO 201, 203, 209, 301, 320, 351

*Regional Electives (6 credits)*

- Select two of the following: EGEO 321, 322, 323, 324, 327, 328

*Geography Electives (6 credits minimum)*

- Selected with faculty advisement

*Track Electives (11 credits minimum)*

- Select three of the following: EGEO 310, 312, 314, 340

*Social Studies Courses (40-42 credits)*

- ANTH 201 or one of SOC 221, 251, 255, 260, 268, 269
- ECON 206 or 446 (preferred)
- ECON 207 or 447 (preferred)
- HIST 103, 104, 391
- 12 credits in history, including one course in World or Western or Pacific Rim or Civilization
- PLSC 250

To receive a recommendation for state of Washington certification, students must complete the teacher certification program, including the content methods course, SEC 426, which is offered by the Department of Secondary Education as 1) a part of the undergraduate BA degree, or 2) as a post-baccalaureate program, or 3) as part of the Master's in Teaching program. See the *Secondary Education* section of this catalog for program admission, completion, and teaching certification requirements. Completion of this combined major leads to an endorsement in social studies. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

### Student/Faculty Designed Major

Students who wish to design their own majors in environmental studies should obtain complete guidelines from the Huxley College office. The student-designed major must be developed with faculty advisement and must be approved by two faculty members and the Huxley College Curriculum Committee at least four quarters before the student's anticipated graduation.

### Combined Major — Environmental Studies/Journalism

84 credits

A combined major is offered cooperatively by Huxley College and the Department of Journalism. The degree awarded is a BA in Journalism. This program was initiated informally a number of years ago by students themselves with aptitude and interest in developing their communication skills. It has grown steadily and systematically, but continues to be innovative and has attracted wide attention and recognition.

The emphasis is on writing with a purpose: to present data as the means of making wise, informed decisions on critical environmental issues, ranging from global warming and population growth to wildlife and forest conservation and local land use.

The program encompasses courses from journalism in news writing, reporting, copy editing, hands-on desktop publishing, and photojournalism coupled with conservation history, physical science, biology and chemistry. See *Huxley College Admissions and Declaration of Major* section for preparatory courses which must be completed prior to admittance to junior-level Huxley core courses. All students must complete JOUR 207 with a grade of B- or better.

*Environmental studies courses — 40 credits*

- ESTU 301
- Approved environmental science core course (see advisor for approved list)
- Capstone course
- One of the following: ESCI 310, 325
- ESTU 480, 481
- Upper-division electives chosen under faculty advisement (18 credits)

*Journalism courses — 44 credits*

- JOUR 207
- JOUR 190, 307, 309, 350, 430, 450, 480
- Three staff courses or equivalent professional experience: one course from list (a), one course from list (b), and one additional course from list (a) or (b) or a second quarter ESTU 480:
  - (a) JOUR 214, 314, 414, 415
  - (b) JOUR 221, 321, 421, 422

Some of the journalism staff course requirements may be waived by substitution of equivalent professional experience. The journalism *outside concentration* requirements are satisfied by the environmental studies portion of the program.

### Combined Major — Environmental Studies/Economics

90 credits

Cooperative Program — Huxley College of the Environment and the College of Business and Economics.

A combined major in environmental studies and economics is available to students having a strong interest in the economic aspects of environmental studies and natural resources. The degree awarded is a BA in economics. Background required preparatory courses: BIOL 101 and a second course in general biology, geology, or physics including a laboratory; CHEM 115 or 121; MATH 114 or 156.

*Huxley Core Requirements*

- ESTU 301

## HUXLEY COLLEGE OF THE ENVIRONMENT

---

- Approved science core course (see advisor for approved list)
  - Approved capstone course
  - ESTU 436, 464, 468
  - ECON 206, 207, 208, 303, 306, 307, 383, 384, 483
  - One of the following: EGEO 310, 312, 340
  - DSCI 205
  - ECON/ESTU 493 or 4 credits of ESTU 499
  - 15 upper-division credits of electives in economics or environmental studies under faculty advisement
  - One communication focus course must be taken
- Students applying to this major must have a 2.5 minimum GPA.

### BACHELOR OF ARTS IN EDUCATION

#### *Major — Environmental Studies — Elementary*

47 credits

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teaching certification requirements.

This program fulfills the academic requirement for elementary education candidates who wish to have a solid background in studies related to the environment. Although environmental studies itself is not an endorsable area, some of the courses might be counted toward endorsement in other areas. Students should contact a faculty advisor for clarification of course work applications. Prerequisites: BIOL 101 and a second course in general biology, geology, or physics including a laboratory; CHEM 115 or 121; Math 114 or 156.

*Huxley Core Courses — 13 credits*

- ESTU 301
- Two of the following: ESTU 303, 304, 305
- One of the following: ESCI 310, 325
- Major requirement: ESTU 371, 372
- Environmental studies electives under advisement — 20 credits

#### *Major — Geography — Elementary*

Advisor: Thomas Terich

45 credits

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

This program is designed to provide necessary depth as well as breadth to teaching majors who wish to specialize in geography in the public school system.

*Major Requirements — 26 credits*

- EGEO 201, 203, 209, 301, 310, 320, 351, 406
- Electives selected under faculty advisement — 19 credits

### MINORS

#### *Minor — Environmental Education*

26 credits

- ESTU 305 or 376
- ESTU 371, 372
- ESCI 330
- Electives under advisement (10 credits)

#### *Minor — Environmental Studies*

24 credits

Huxley's environmental studies minor is open to all students at Western who have completed prerequisites for the courses required for the minor.

- ESCI 101 and ESTU 202 (6 credits)
- Two environmental studies core courses selected from ESCI 310, ESTU 303, 304, 305 (8 credits)
- Environmental studies electives under advisement (10 credits)

#### *Minor — Environmental Science*

25 credits

Huxley's environmental science minor is open to students whose majors in the science disciplines would be complemented by an environmental science minor and who have completed prerequisites for the courses comprising the minor.

- ESCI 101, 302, 325
- One course from the large-systems area and one lab/lecture course from the environmental science major (8 credits)
- Upper-division environmental science electives under advisement to total 25 credits

#### *Minor — Environmental Policy*

Advisors: Lynn Robbins, Jean Melious, Grace Wang

23-24 credits

Huxley's environmental policy minor is open to all students at Western whose majors would be complemented by a minor in environmental policy, and who have completed prerequisites for the courses comprising the minor. (Students majoring in Environmental Policy/Planning or Environmental Studies/Economics are not eligible to take this minor.)

- ESTU 301 or 202
- ESTU 304
- One course from each of the four key aspects of environmental policy
  - Planning: ESTU 369 or EGEO 314
  - Policy: ESTU 464 or 467
  - Skills: ESTU 444 or 447 or 466 or EGEO 362
  - Law: ESTU 443 or 468

#### *Minor — Geography*

Advisor: Thomas Terich

25 credits

- EGEO 201, 203, 320, 351
- Electives under advisement to total 25 credits

#### *Minor — Geographic Information Systems*

Advisor: Michael Medler

32 credits

- EGEO 305 or ESCI 340 or DSCI 305 or approved intermediate statistics course
- EGEO 350 or ESTU 401; EGEO 351, 352, 450, 451, 452; CSCI 140 or an approved programming course
- Electives: select one or more related courses under faculty advisement

**Minor — Sustainable Design**

30-32 credits

- ❑ **Environmental Studies** (10-15 credits)
  - ESTU 369
  - ESTU 415
- ❑ One of the following:
  - ESCI 310
  - ESCI 325
- ❑ One of the following:
  - ESTU 303
  - ESTU 304
  - ESTU 305
  - FAIR 335
- ❑ **Industrial Design** (8 credits)
  - ETEC 311 (prereq: ETEC 110 or ESTU 401 or EGEO 350 or EGEO 352)
  - ETEC 312 (co-req: ETEC 311)
- ❑ **Electives under advisement** (to total 30 credits)

**HUXLEY COLLEGE GRADUATE PROGRAMS**

Program options and requirements are described in the *Graduate School* section of this catalog.

**MS — Environmental Science**

- Freshwater Ecology
- Environmental Toxicology and Chemistry
- Regional, Global and Terrestrial Ecosystems
- Marine and Estuarine Science
- Environmental Chemistry

**MS — Geography**

- Resource Conservation and Management
- Regional Development and Environmental Policy
- Earth Surface Processes

**MEd — Natural Science/Science Education**

- Elementary or Secondary Education
- Environmental Education Residency

The college also participates in a cooperative program with the Department of Political Science, leading to an MA in political science with an emphasis on environmental studies.

**COURSES IN ENVIRONMENTAL SCIENCE (ESCI)**

*Courses numbered X37, X97, 300, 400, 417, 445 are described on Page 31 of this catalog.*

**101 ENVIRONMENTAL STUDIES: A SCIENTIFIC APPROACH (3)**

An introduction to environmental studies which stresses a scientific approach toward understanding the nature and scope of contemporary problems in man's environment. The course reflects application of physical, chemical, biological and geologic principles to define ecological change, both natural and man-made.

**204 THE OCEANS: TOPICS IN MARINE SCIENCE (3)**

Prereq: two quarters of natural science courses at the college level and MATH 102. Selected topics of scientific inquiry that demonstrate the unique nature of the marine environment. Topics include waves, tides, origin of the ocean's salt and water, ocean and global climate, evolution of marine life, deep sea physiology, marine mammal intelligence and divisions of the marine environment.

**301 EXPLORATIONS IN ENVIRONMENTAL STUDIES (5)**

Prereq: Huxley major. Introduction to solving environmental problems in a social and scientific context, applications of analytical, written, verbal and

quantitative skills to address environmental concerns in an interdisciplinary manner.

**302 ENVIRONMENTAL POLLUTION (4)**

Prereq: ESCI 310 or 325. A Huxley core course. Examination of human-induced environmental perturbations of air, land and water occurring on local, regional and global scales.

**310 ENVIRONMENTAL SYSTEMS (4)**

Prereq: Huxley major required preparatory courses or written permission of instructor. Interaction of biotic systems with earth's physical systems; principles of ecology and natural systems; ecosystem structure, function and management. Should not be taken by students who have completed or intend to enroll in ESCI 325 or BIOL 325.

**321 OCEANOGRAPHY (4)**

Prereq: two quarters of biology; CHEM 115 or 121; MATH 115; physics recommended; Geol 340 recommended. Principles of oceanography, with emphasis on a description of the marine environment as an entity. Physics, chemistry and biology of the ocean.

**322 OCEANOGRAPHY LABORATORY (2)**

Pre- or co-req: ESCI 321. A laboratory course supplementing lectures in oceanography, especially ESCI 321 and GEOL 340. Emphasis on the coastal ocean as ecological habitat, and physical oceanography — waves, tides and currents.

**325 FUNDAMENTALS OF ECOLOGY (3)**

Prereq: one year general biology and one year general chemistry. Investigation of the complex interactions of organisms with each other and with their physical surroundings, explored in the context of populations, communities, ecosystems and landscapes.

**326 INTRODUCTION TO MARINE POLLUTION AND TOXICOLOGY (5)**

Prereq: one year biology and chemistry or permission of instructor. Types and sources of pollutants entering the marine environment. Effects in estuarine and oceanic environments at the individual, population and ecosystem levels. Mitigation options. Laboratory and field techniques for evaluating toxic effects. Offered at Shannon Point Marine Laboratory.

**328 INTRODUCTION TO ECOSYSTEM MANAGEMENT (5)**

Prereq: Huxley core courses or permission of instructor. Identification of non-market ecosystem values required of ecosystem management. Site specific inventory and assessment of resource values, methods of collecting, storing, displaying and interpretation of resource data. The use of GIS as a resource management tool. Laboratory time will focus on identifying resource values of parks, natural preserves and other areas with high resource values.

**330 NATURAL HISTORY OF THE PACIFIC NORTHWEST (4)**

Prereq: ESCI 310 or one year of biology or permission of instructor. A field-oriented introduction to the geology, climate and ecosystems of the Pacific Northwest, with a focus on the biology and the ecology of important organisms.

**338 INTRODUCTION TO ECOSYSTEM RESTORATION (5)**

Prereq: Huxley core courses, permission of instructor recommended. An overview of the restoration of ecologically damaged ecosystems. An examination of current techniques of restoration and the complex biological interaction that must be addressed. Topics include restoration of agricultural lands, coastal ecosystems, prairies and range lands. The regulatory framework managing ecological restoration will be equally stressed. The laboratory includes case studies.

**340 BIOSTATISTICAL ANALYSIS (5)**

Prereq: one year of general biology. Study, at an introductory and intermediate level, of data analysis and statistical tests commonly used in the biological and environmental sciences. Descriptive statistics, hypothesis testing, analysis of variance, regression and correlation, experimental design. Calculator required.

**361a WATER QUALITY (3)**

Prereq: one year general biology and one year , or one quarter biology and one quarter chemistry and ESCI 310, or permission of instructor. Water quality principles, problems, and issues; standard methods of assessing water quality; practical approaches in solving water-related problems.

**361b WATER QUALITY LABORATORY (2)**

Prereq: general chemistry and biology course; ESCI 361a (may be co-

## HUXLEY COLLEGE OF THE ENVIRONMENT

---

requisite); or permission of instructor. Standard laboratory methods of water quality analysis including physical parameters, dissolved oxygen, biological oxygen demand, phosphorous, nitrogen, total and fecal coliform, and heavy metals. Techniques include Winkler titrations, spectrophotometric methods, bioassays, linear regression analysis, and use of computer models.

### **402 TOPICS IN ENVIRONMENTAL STUDIES (1)**

Prereq: Huxley major status. Presentations by WWU faculty, researchers from other institutions, and Huxley College graduate students on a wide variety of topics in environmental studies. A written critique of selected presentations required. Questions, discussions and interactions encouraged. Informal brown bag lunch format. Repeatable to a maximum of 3 credits. S/U grading.

### **407 FOREST ECOLOGY (5)**

Prereq: ESCI 325 or BIOL 325; ESCI 340 or BIOL 340; or equivalents. Ecology and analysis of forest ecosystems. Investigates the interactions of ecosystem components, specifically soil, plant and animal processes, with an emphasis on Pacific Northwest forests. Includes investigative field and lab studies of local ecosystems.

### **408 FIELD METHODS IN WILDLIFE ECOLOGY (5)**

Prereq: ESCI 325 or BIOL 325; ESCI 340; or equivalents. Rationale and practice of methods to study vertebrates in the field. Emphasis on terrestrial environments. Students design and conduct field research projects.

### **421a AQUATIC ECOLOGY (3)**

Prereq: one year of biology; ESCI 325 or BIOL 325; a course in oceanography, estuaries or limnology recommended. A comparative examination of biological functioning in various aquatic habitats ranging in scale from small ponds to the whole ocean system. Evaluation of energy flow through trophic levels and adaptations unique to particular aquatic regions.

### **421b FISHERIES MANAGEMENT LABORATORY (2)**

Prereq: ESCI 421a or concurrent. Field and laboratory experience in typical fisheries management techniques. Especially directed toward marine and freshwater sampling, population identification and quantification, and estimation of management parameters.

### **425 ENVIRONMENTAL BIOLOGY OF FISHES (3)**

Prereq: ESCI 325 or BIOL 325. An examination of the physiological, morphological and behavioral adaptations of fishes to the wide array of aquatic environments as demonstrated by various taxonomic and ecological groups.

### **426 MARINE INVERTEBRATES AND THEIR ENVIRONMENT (5)**

Prereq: BIOL 202 or equivalent. Classroom and field study of marine invertebrates and adaptation to their environment. Emphasis on identification and study of the diverse Puget Sound marine fauna.

### **429 STREAM ECOLOGY (5)**

Prereq: ESCI 325 or BIOL 325; ESCI 361a,b. Ecology and analysis of streams with emphasis on physical and chemical properties in relation to biotic communities. Processing of organic matter by stream invertebrates and fish communities. Perturbation by high organic loading or chemical pollutants and recovery processes. Reservoirs as hybrid systems. Field and lab exercises in sampling and analysis of stream ecosystems.

### **430a LIMNOLOGY (3)**

Prereq: ESCI 325 OR BIOL 325. Ecology and analysis of lakes and standing water bodies, with emphasis on the physical, chemical and biological factors that determine biological productivity. Human impacts on lakes. Lecture may be taken without lab (ESCI 430b).

### **430b LIMNOLOGY LABORATORY (2)**

Prereq: ESCI 361a,b; concurrent with ESCI 430a. Laboratory and field studies of the physical, chemical and biological processes in lakes.

### **431 BIOGEOCHEMISTRY (3)**

Prereq: ESCI 325 or BIOL 325; ESCI 361a or EGEO 432. Transfer, cycling, and interaction of carbon, nutrients, and other elements within and between terrestrial and aquatic ecosystems. Physical, chemical and biological influences on transfers. Computer simulation modeling of processes in an ecosystem context.

### **433a POPULATION BIOLOGY (3)**

Prereq: ESCI 325 or BIOL 325; MATH 124; ESCI 340; MATH 125 recommended. Introduction to theory and application of population biology, with emphasis on population ecology. Study of structure, distribution, and dynamics of populations. Analysis of species interactions. Applications to

population conservation and management.

### **433b POPULATION BIOLOGY LABORATORY (2)**

Prereq: ESCI 433a concurrent; ESCI 340 or BIOL 340. Companion lab for 433a.

### **434 INTRODUCTION TO PELAGIC ECOLOGY (3)**

Prereq: ESCI 325 or BIOL 325; ESCI 321; GEOL 340 and upper-division laboratory courses in limnology and oceanography recommended. Theoretical and applied topics in the evaluation of complex life cycles, migration and trophic ecology of zooplankton and free-swimming marine species.

### **435 LANDSCAPE ECOLOGY (4)**

Prereq: ESCI 325 or BIOL 325; ESCI 340 or BIOL 340; or equivalents. The study of landscape patterns across temporal and spatial scales; emphasis on their organization, functional interactions and dynamics. Application of landscape principles to land management problems.

### **436 ENVIRONMENTAL IMPACT ASSESSMENT (5)**

Prereq: senior status, completion of analysis course work within majors or permission of instructor. Objective evaluation and formal description of a real natural system or geographic region. Class preparation of a unified document summarizing physical, biological and social aspects of a study area. Review of pertinent laws and EIS documents.

### **439 CONSERVATION OF BIOLOGICAL DIVERSITY (4)**

Prereq: ENVR 325 or BIOL 325. Examination of causes and consequences of declines in biodiversity due to human activities. Review of conflicts arising from multiple-use management of natural resources. Survey and evaluation of conservation efforts directed at single species and at ecosystems. Optional field trips.

### **440 WETLANDS ECOLOGY (5)**

Prereq: ESCI 340 and 325 or concurrent. An ecosystem approach to investigating the hydrologic, chemical and biological interactions that are unique to wetland systems. Students will take several field trips to bogs, swamps, marshes and estuaries in the area to become familiar with diverse wetland habitats and to illustrate the principals covered in class.

### **441 GIS AND ENVIRONMENTAL MODELING (3)**

Prereq: one course in statistics at the 300 level or above; one course in ecology or natural resources management; one course in GIS. An overview of statistical and simulation models and their use to address applied problems in ecology and natural resources management. Geographical Information Systems are used as a tool for these models and for the display and analysis of model output.

### **442 INTRODUCTION TO REMOTE SENSING (5)**

Prereq: one of GEOL 310, ESCI 310, EGEO 330, BIOL 203 or permission of instructor. An introduction to remote sensing techniques for monitoring the earth's surface. Special emphasis on the use of multispectral scanners and radar. Also offered as GEOL 442.

### **450 ENVIRONMENTAL CHEMISTRY I (4)**

Prereq: CHEM 123 and 351 or permission of instructor; CHEM 333, 434 recommended. Development of analytical strategies necessary to identify and measure chemicals in the environment. Methods and concepts of instrumentation, analytical procedures, sampling and quality assurance/quality control.

### **451 ENVIRONMENTAL CHEMISTRY II (4)**

Prereq: ESCI 450; CHEM 351 or permission of instructor; CHEM 333, 434 recommended. A problem-based laboratory applying analytical techniques and methodologies to the assessment of the environmental impact of chemicals. Analytical method development, quality assurance/quality control principles and instrumental techniques. Demonstration of how analytical data is used to support environmental policy decisions.

### **455 ENVIRONMENTAL TOXICOLOGY I (4)**

Prereq: ESCI 302 or permission of instructor. Physiological and biochemical effects of common pollutants found in our environment. Mechanism of action of individual pollutants, including cellular damage at molecular level.

### **456 ENVIRONMENTAL TOXICOLOGY II (4)**

Prereq: ESCI 455 or permission of instructor. Second course in environmental toxicology series. Covers toxicity testing, biomonitoring, data analysis and environmental risk assessment.

### **457 ENVIRONMENTAL TOXICOLOGY LABORATORY I (4)**

Pre- or co-req: ESCI 302, 455; CHEM 471 recommended. Protocols and

procedures for evaluating the toxicity of chemicals and environmental samples using a variety of organisms and end point responses. Emphasis on organisms at the biochemical level. Introduction to quality assurance/quality control principles.

**458 ENVIRONMENTAL TOXICOLOGY LABORATORY II (3)**

Co- or prereq: ESCI 302 and 455 or permission of instructor; CHEM 471 recommended. Protocols and procedures for evaluating the toxicity of chemicals and environmental samples using a variety of organisms and end point responses. Emphasis on organisms at the biochemical level. Introduction to quality assurance/quality control principles.

**459 AQUATIC TOXICOLOGY (3)**

Prereq: ESCI 455 or 456 or at least 4 credits of 400-level course in aquatic ecology. Effects of toxic compounds on aquatic organisms. Acute and chronic responses of organisms to aquatic toxicants, and current literature on population, community and ecosystem aquatic toxicology.

**462 AIR POLLUTION (4)**

Prereq: ESCI 302; general chemistry course. Types of air pollutants, their measurement and effects. Removal of air pollutants from gas streams. Air pollution meteorology and dispersion. Air pollution laws and standards. Air resources management.

**490 ENVIRONMENTAL RISK ASSESSMENT (4)**

Prereq: ESCI 455 or 456 or permission of instructor. Principles and methods of quantitative environmental risk assessment, data analysis and risk communication.

**492 EFFECTS OF GLOBAL CLIMATE CHANGE (3)**

Prereq: ESCI 325 or BIOL 325; ESCI 302 or GEOL 214; or permission of instructor. Magnitude and extent of climatic change and its probable impact on natural ecosystems, resources (food, water and energy) and society. Possible actions which could minimize the impacts are evaluated.

**498a SENIOR THESIS (1-15)**

Prereq: permission of instructor. A special project carried out under the supervision of a faculty advisor and documented in thesis form according to guidelines supplied by the College. May reflect a single study topic or be part of a major investigation which may take the form of field work, or laboratory, library or community research. Repeatable to a maximum of 15 credits.

**498b INTERNSHIP (1-15)**

Prereq: permission of instructor. Supervised work experience relevant to environmental studies and appropriate to the student's program. The one-to three-month experience is documented by a written report prepared according to guidelines supplied by the college. S/U grading. Repeatable to a maximum of 15 credits.

**498c SENIOR PROJECT (1-15)**

Prereq: permission of instructor. A special project carried out under supervision of a faculty advisor and documented in non-thesis form suitable to the project. May take the form of some environmental or community activity having either a physical or programmatic result. Repeatable to a maximum of 15 credits.

**498d FOREIGN STUDY (1-15)**

Prereq: permission of instructor. While enrolled as a major in Huxley College, a student who has undertaken college-level foreign language study may study abroad for one quarter in a country utilizing that language. Foreign study must be approved in advance and carried out under the supervision of the student's advisor, must follow the foreign study guidelines for the student's major and relate to the student's course of study at Huxley College. The results of the study must be reported in written, taped, filmed or graphically portrayed form. S/U grading. Repeatable to a maximum of 15 credits.

**499a-d SEMINAR (1)**

Prereq: admission to Huxley College or permission of instructor. Student-faculty interaction on topics of general interest. Repeatable for credit with no maximum. S/U grading.

**499f-m SEMINAR (2)**

Prereq: admission to Huxley College or permission of instructor. Student-faculty interaction. Repeatable for credit with no maximum. S/U grading.

**499n-r SEMINAR (1)**

Prereq: admission to Huxley College or permission of instructor. Student-faculty interaction on topics of general interest. Repeatable for credit with no maximum.

**499s-z SEMINAR (2)**

Prereq: admission to Huxley College or permission of instructor. Student-

faculty interaction. Repeatable for credit with no maximum.

**Graduate Courses in Environmental Science**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**501 RESEARCH IN ENVIRONMENTAL SCIENCE (4)**

Prereq: graduate status in environmental science or permission of instructor. Philosophy and ethics of research; funding sources; proposal writing; research methodology; oral and written communication of research results; analytical and computer resources available at WWU.

**502 EXPERIMENTAL DESIGN (4)**

Prereq: at least one 300-level statistics course. Elements of good experimental design, including modeling experiments and evaluating appropriate analysis techniques. Course draws heavily from current literature discussing appropriate use of statistics in experimental studies. Emphasis is on the application of univariate designs in ecological studies.

**503 STATISTICAL ECOLOGY (4)**

Prereq: at least one 300-level biostatistics class and at least 10 credits of ecology. Covers graphical, descriptive and basic inferential statistics; nonparametric procedures; regression, correlation, and analysis of variance; and multivariate classification and ordination. Emphasis on using a variety of statistical tools to analyze ecological data sets. Uses advanced statistical software; computer literacy is helpful but not required.

**507 ADVANCED FOREST ECOLOGY (5)**

Prereq: ESCI 325 or BIOL 325; ESCI 340 or BIOL 340; or equivalents. Ecology and analysis of forest ecosystems. Investigates the interactions of ecosystem components, specifically soil, plant and animal processes with an emphasis on Pacific Northwest forests. Includes investigative field and lab studies of local ecosystems.

**522 ESTUARINE ECOLOGY (5)**

Prereq: graduate status; course in general ecology, oceanography or limnology. Structure and function of estuarine ecosystems with emphasis on the effect of physical and chemical factors on biological systems. Current management issues resulting from human impacts on estuaries.

**529 ADVANCED STREAM ECOLOGY (5)**

Prereq: graduate status; at least 10 credits of general chemistry. Ecology and analysis of streams with emphasis on physical and chemical properties in relation to biotic communities. Offered concurrently with ESCI 429. Graduate students must enroll in graduate laboratory section.

**530a ADVANCED LIMNOLOGY (3)**

Prereq: graduate status; at least 10 credits of general chemistry. Advanced study of the physical, chemical and biological properties of lakes.

**530b ADVANCED LIMNOLOGY LAB (2)**

Prereq: graduate status; at least 10 credits of general chemistry; concurrent enrollment with ESCI 530a. Field and laboratory analysis of the physical, chemical, and biological processes in lakes.

**533 ADVANCED POPULATION BIOLOGY (4)**

Prereq: ESCI 325 or BIOL 325; MATH 124; BIOL 321. MATH 125 recommended. Study of the structure, distribution, and dynamics of populations. Emphasis is on both empirical and theoretical approaches to studying populations.

**534 PELAGIC ECOLOGY (4)**

Prereq: upper-division oceanography; ESCI 421a,b or BIOL 407 recommended. Theoretical and applied topics in the evaluation of complex life cycles, migration and trophic ecology of zooplankton and free-swimming marine species.

**535 ADVANCED LANDSCAPE ECOLOGY (4)**

Prereq: ESCI 325, 340 or equivalents. The advanced study of landscape patterns across temporal and spatial scales with emphasis on their organization, functional interactions and dynamics. Application of landscape principles to land management problems.

**536 ENVIRONMENTAL IMPACT ASSESSMENT PRACTICUM (4)**

Prereq: graduate status. Preparation of an objective assessment description of a real natural area including the search for public documentation, evaluation of coverage and specific new analyses. Coordinating role in task group data assembly and editorial review of draft project summaries. Experience directly

## HUXLEY COLLEGE OF THE ENVIRONMENT

---

related to professional responsibilities in the environmental field. Review of assessment utilization in the EIS format and of significant legislation.

**539 ADVANCED CONSERVATION OF BIOLOGICAL DIVERSITY (5)**  
Prereq: ESCI 325 or BIOL 325. Advanced study of causes and consequences of declines in biodiversity due to human activities. Review of conflicts arising from multiple-use management of natural resources. Survey and evaluation of conservation efforts directed at single species and at ecosystems. Discussion of primary conservation literature. Optional field trips.

**540 WETLANDS ECOLOGY (5)**  
Prereq: graduate status; ESCI 502 or concurrent. Uses an ecosystem approach to investigate the hydrologic, chemical and biological interactions that are unique to wetland systems. Students will take several field trips to bogs, swamps, marshes and estuaries in the area to become familiar with diverse wetland habitats and to illustrate the principals covered in class.

**541 GIS AND ENVIRONMENTAL MODELING (3)**  
Prereq: one course in statistics at the 300 level or above; one course in ecology or natural resources management; one course in GIS. An overview of statistical and simulation models and their use to address applied problems in ecology and natural resource management. Geographical Information Systems are used as a tool for developing input data for these models and for the display and analysis of model output.

**542 REMOTE SENSING (5)**  
Prereq: graduate status. Concepts and applications of remote sensing data collection and analysis of earth's surface features using radar, aerial photography and multispectral scanners. Also offered as GEOL 542.

**555 ADVANCED ENVIRONMENTAL TOXICOLOGY I (4)**  
Prereq: ESCI 302 and CHEM 375, or permission of instructor. Physiological and biochemical effects of major pollutants found in the environment; influence of various nutrients on pollutant toxicity.

**556 ADVANCED ENVIRONMENTAL TOXICOLOGY II (4)**  
Prereq: ESCI 455 or 555 or permission of instructor. Second course in environmental toxicology series. Covers toxicity testing, biomonitoring, data analysis and environmental risk assessment.

**557 ADVANCED ENVIRONMENTAL TOXICOLOGY LABORATORY I (3)**  
Co- or prereq: ESCI 555 or permission of instructor. Protocols and procedures for evaluating the toxicity of chemicals and environmental samples using a variety of organisms and end point responses. Emphasis on organisms at the biochemical level. One hour lecture pre-experiment background or post-experiment data analysis and four hours practicum.

**558 ADVANCED ENVIRONMENTAL TOXICOLOGY LABORATORY II (3)**  
Co- or prereq: ESCI 556 or permission. Protocols and procedures for evaluating the toxicity of chemicals and environmental samples using a variety of organisms and end point responses. Emphasis on freshwater and marine organisms. One hour lecture pre-experiment background or post-experiment data analysis and four hours practicum.

**559 AQUATIC TOXICOLOGY (3)**  
Prereq: ESCI 555 or 556 or at least 4 credits of 400-level courses in aquatic ecology. Evaluation of the effects of toxic compounds on aquatic organisms. Acute and chronic responses to aquatic toxicants. Current trends in organismal, community and ecosystem aquatic toxicology.

**562 ADVANCED AIR POLLUTION (4)**  
Prereq: graduate status, ESCI 302, general chemistry, two quarters of calculus. Types of air pollutants, their measurements and effects. Removal of air pollutants from gas streams. Air pollution meteorology and dispersion. Air pollution laws and standards. Air resources management.

**590 ADVANCED ENVIRONMENTAL RISK ASSESSMENT (4)**  
Prereq: ESCI 555 or 556 or permission of instructor. Principles and methods of quantitative environmental risk assessment, data analysis and risk communication.

**592 EFFECTS OF GLOBAL CLIMATE CHANGE (4)**  
Prereq: graduate status. Magnitude and extent of climatic change and its probable impact on natural ecosystems resources (food, water and energy) and society. Evaluates possible actions which could minimize the impacts.

**595 TEACHING PRACTICUM (1-3)**  
Prereq: graduate status, relevant course work and permission of instructor. Experience in teaching a lecture or laboratory course in environmental

studies. S/U grading. Repeatable.

**599 GRADUATE ENVIRONMENTAL STUDIES SEMINAR (1-2)**  
Prereq: graduate status. Selected topics across the spectrum of environmental studies (e.g., toxicology, watershed studies, applied ecology, geography, environmental education, et cetera). Repeatable to a maximum of 6 credits. S/U grading.

**690 THESIS RESEARCH (1-12)**  
Prereq: permission of the thesis advisory committee. Thesis research in environmental science under faculty direction, an integral part of the MS in environmental science.

**COURSES IN ENVIRONMENTAL STUDIES (ESTU)**  
*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**202 ENVIRONMENTAL STUDIES: A SOCIAL SCIENCE APPROACH (3)**  
An overview of the environmental macro-problem with emphasis on specific cases which reveal the complexity of environmental problems. Social, political, economic, humanistic and scientific issues in their environmental context. A basic introduction to environmental studies from the perspective of the social studies.

**301 EXPLORATIONS IN ENVIRONMENTAL STUDIES (5)**  
Prereq: Huxley major. Introduction to solving environmental problems in a social and scientific context, applications of analytical, written, verbal and quantitative skills to address environmental concerns in an interdisciplinary manner.

**303 HUMAN ECOLOGY (4)**  
Prereq: Huxley major prerequisites or written permission of instructor. Study of the interactions between human and natural systems, including intended and unintended effects on natural systems, the use of energy, information and materials in human systems, and the growing complexity and magnitude of environmental problems and their management. The Pacific Northwest is used to illustrate these processes.

**304 ENVIRONMENT AND RESOURCE POLICY (4)**  
Prereq: Huxley major prerequisites or written permission of instructor. An examination of environmental and resource policy in the United States. What is policy, how is it made and how does it change? The history of environmental policy is examined, and current environmental policy surveyed. Federal, state, regional and local jurisdictions and how they interact in the policy arena are examined. Primary forces affecting environmental policy are reviewed and analyzed. Several case studies are presented.

**305 ENVIRONMENTAL HISTORY AND ETHICS (4)**  
Prereq: Huxley major prerequisites or written permission of instructor. A concern for nature has slowly emerged as human population has grown, understanding of nature has progressed, and the impact of human activity on natural systems has increased. This course reviews how various human activities have historically depended on and interacted with the natural world. It traces how these interactions have resulted in the emergence of what the ecologist Aldo Leopold termed the *land ethic*. The focus will be on how science and politics have interacted as a land ethic in American environmental history.

**306 INTRODUCTION TO HUXLEY COLLEGE (2)**  
An introduction to Huxley College faculty, programs and community. Explains how environmental studies is approached at Huxley College and helps students plan their Huxley experience. S/U grading.

**369 INTRODUCTION TO PLANNING (3)**  
Prereq: admission to Huxley or permission of instructor. Principles and practices in urban development and public planning in the United States. Concepts of planning as a community process and professional activity. Evolution of planning ideas in response to changing social, economic, and environmental conditions within the American political framework. Survey of the specialized fields in planning practice, emphasizing the emerging field of environmental planning.

**370 PROCESSES AND METHODS IN PLANNING (3)**  
Prereq: ESTU 369. Processes in community goal making, formulation of comprehensive land use plans, and the strategies employed in plan

implementation. Methods and analytical techniques used in public planning. The role of the planner in political decision making.

**371 ENVIRONMENTAL EDUCATION (4)**

Prereq: admission to Huxley College or permission of instructor. An introduction to environmental education and a review of current thinking and practices in this dimension of education. Focus on goals and principles, content, settings, methods and processes of environmental education through reading, discussion and project work.

**372 THE ENVIRONMENTAL EDUCATION CURRICULUM (4)**

Prereq: ESTU 371. Critical review of curricula that have been developed. The need for environmental education is assessed, learning objectives are examined and strategies for attaining these objectives studied. The qualities of the ideal environmental education curriculum are identified by students, based on their research into the matter.

**380 HISTORY AND POLITICS OF PLANNING (3)**

Prereq: ESTU 369 or permission of instructor. Survey of the origins, development and significance of the planning movement in the United States and the profession that emerged from it. The seminal innovators, practices and achievements in American planning.

**385 ENVIRONMENTAL SOCIOLOGY (5)**

Prereq: any of the following: SOC 221, 251, 255, 260, 268, ESTU 202. Uses sociological concepts to analyze human-environmental interactions. Topics include humans as part of the ecosystem, natural resource dependent communities, population growth and environmental quality, the environmental and anti-environmental movements, limits to growth and energy use, garbage and other wastes, sustainable development and economic growth, sociological and economic perspectives on alternative environmental futures. Also offered as SOC 385.

**401 APPLICATIONS IN GIS (3)**

Prereq: 12 upper-division credits in environmental studies or permission of instructor. Applied use of GIS software to existing databases for analysis and final outputs as maps, tables and charts. Mastery of the software will be at the beginner's level, mastery of GIS techniques will be at the thematic mapping level. Data will be drawn from electronic databases and include tabular, cartographic, and remotely sensed.

**402 TOPICS IN ENVIRONMENTAL STUDIES (1)**

Prereq: Huxley major status. Presentations by WWU faculty, researchers from other institutions, and Huxley College graduate students on a wide variety of topics in environmental studies. A written critique of selected presentations required. Questions, discussions and interactions encouraged. Informal brown bag lunch format. Repeatable to a maximum of 3 credits. S/U grading.

**410 AGROECOLOGY AND SUSTAINABLE AGRICULTURE (4)**

Prereq: senior status. Ecological concepts and principles applied to design and management of sustainable food production systems. Consideration given to technologies and policies to promote energy and soil and water conservation are discussed in terms of ecosystem structure and function as well as social and economic components of an agroecosystem. Includes case studies and field experience of sustainable agriculture and horticulture practices and principles. Offered alternate years.

**415 PLANNING FOR SUSTAINABLE COMMUNITIES (4)**

Prereq: admission to the Sustainable Design minor or Huxley College or permission of instructor. Synthesis and application of principles, practices and policies in sustainable development and the design of projects, processes, and products using a systems approach to promote social, economic, and environmental sustainability. Students apply sustainable design techniques to local, regional and international community problems.

**418 SOCIAL IMPACT ASSESSMENT (5)**

Prereq: SOC 210 or 207. Utilizing sociological findings and research methods, this course prepares the student to do social impact assessment separately and with environmental, technical, economic as well as other types of assessments. Working in teams, students do an SIA project of a proposed project or policy change. Focus is on measuring and understanding community-level social change in advance of the event. SIA is done within the framework of the State Environmental Policy Act (SEPA) and the National Environmental Policy Act (NEPA). Also taught as SOC 418. A field trip and site visits are required.

**420 ENVIRONMENTAL POLITICS (5)**

Prereq: ESTU 202 or 303; PLSC 101 or 250. History of environmental problems and their cause. The administrative and political responses to them.

Contemporary difficulties in formulating and applying environmental policy. Political and administrative changes needed to meet the environmental challenge. Offered alternate years. Also offered as PLSC 420.

**436 ENVIRONMENTAL IMPACT ASSESSMENT (5)**

Prereq: senior status, completion of analysis course work within majors or permission of instructor. Objective evaluation and formal description of a real natural system or geographic region. Class preparation of a unified document summarizing physical, biological and social aspects of a study area. Review of pertinent laws and EIS documents.

**440 ECOTOURISM AND SUSTAINABLE DEVELOPMENT (3)**

Prereq: ESTU 301 or ESTU 303 or permission of instructor. Examination of ecotourism as a form of natural resource use that attempts to balance conservation and development. Focuses on ecotourism in terms of ecological principles, environmental impacts and its role in indigenous community-based planning and sustainable development. Offered alternate years.

**441 PARKS AND PROTECTED AREAS (3)**

Prereq: ESTU 301, 303 or ESCI 439 or permission of instructor. Examination of the history and philosophy of protected area systems worldwide, the role and limitations of parks and protected areas in biodiversity and nature protection, and emerging alternative approaches to conservation. Reviews issues in park design and management, land use trends (particularly in developing countries), alternative land protection strategies and techniques, and concepts such as buffer zones, sustainable use and multiple use. Offered alternate years.

**442 PUBLIC LAND POLICY (3)**

Prereq: ESTU 301 or permission of instructor. Overview of publicly owned lands (Forest Service, National Park Service, Bureau of Land Management, wildlife refuges, wilderness areas in the United States. Includes administrative history, major players, policy changes over time, administration of these lands, and analysis of current events.

**443 LAND USE LAW (4)**

Prereq: ESTU 369 or permission of instructor. Land use planning is an attempt to reconcile the fundamental conflict between individual property rights and collective environmental goals. Examines the American legal system's role in framing and resolving this dilemma. Provides an understanding of the legal framework that creates the unique "bottom up" land use regulatory system, in which state and local government share primary authority over most land use decisions. Also examines the practical and philosophical implications of federal constitutional restrictions on local government land use authority including Supreme Court "takings" cases and cases evaluating claims of housing discrimination.

**444 ENVIRONMENTAL DISPUTE RESOLUTION (4)**

Prereq: ESTU 301 or 304 or 464 or 468 or permission of instructor. Workshop in which students practice a range of dispute resolution techniques. Students will participate in negotiations, mediation, "round table" discussions and/or other dispute resolution techniques. Course considers several fact patterns involving disputes over natural resource and environmental issues. Students will study and, in some cases, research the facts and will be assigned roles to represent during dispute resolution sessions. The goal is to provide students with an opportunity to experience at first hand and to analyze the roles, limitations, advantages and disadvantages of different approaches to environmental problem solving.

**446 PUBLIC OPINION AND ENVIRONMENTAL ISSUES (4)**

Prereq: introductory statistics or permission of instructor. Examines how different sectors of the public perceive environmental issues, how they feel about those issues and the implications for environmental policy.

**447 MEASURING PUBLIC OPINION: FOCUS GROUPS AND QUESTIONNAIRE CONSTRUCTION (4)**

Prereq: introductory statistics or permission of instructor. What is survey research and how do you do it? This course focuses on the survey design and process from initial conceptualization and problem definition through focus groups, sample generation, attitude scaling, questionnaire construction and interviewing considerations, with a focus on environmental issues.

**464 UNITED STATES ENVIRONMENTAL POLICY (4)**

Prereq: PLSC 101 or 250 or ESTU 304 or 305 or permission of instructor. Analysis and assessment of United States national institutions, legislation, administrative procedures, regulations and the consequences of environmental laws. Use of federal documents on laws and regulations.

## HUXLEY COLLEGE OF THE ENVIRONMENT

---

### **465 INTERNATIONAL ENVIRONMENTAL POLICIES (4)**

Examines transboundary international environmental issues, problems affecting the environmental "commons" (such as oceans and the atmosphere), and issues relating to sustainable development, including aid and trade.

### **466 U.S. AND WASHINGTON STATE ENVIRONMENTAL REGULATIONS (4)**

Prereq: ESTU 304 or 464 or permission of instructor. This course introduces students to United States and Washington state environmental regulations — their origin, content, implementation and modification. Students will learn how to use government documents, the glossary of regulations and will learn how the regulators and the regulated work with the regulations.

### **467 NATURAL RESOURCE POLICY (3)**

Prereq: ESTU 301 or permission of instructor. Explores issues, politics, and conflicts in the area of natural resource policy, including endangered species, water rights and allocation, forest policy, public lands, and/or wetlands. Offered alternate years.

### **468 ENVIRONMENTAL LAW (4)**

Prereq: ESTU 301 or 304 or 464 or 466 or permission of instructor. Introduction to the approaches and content of U.S. environmental law, with particular emphasis on the regulation of toxic and hazardous substances. Introduces students to issues relating to administrative processes and litigation, as well as to the study of statutes, regulations, and cases.

### **469 CANADIAN ENVIRONMENTAL POLICY (4)**

Prereq: ESTU 301 or political science major or permission of instructor. Study of Canadian environmental policy, with emphasis on comparative study with U.S. environmental policy. Case study method is used both for issues and geographic (provincial) areas. Because Canada is very involved in international attempts to deal with environmental issues, the course includes consideration of Canada's involvement, both governmental and nongovernmental, in international environmental issues. Also offered as PLSC 470. Offered alternate years.

### **470 PLANNING STUDIO (6)**

Prereq: ESTU 370. Analysis and synthesis of significant socioeconomic biophysical and cultural resources used in planning; preparation of a land-use or other plan for a selected region.

### **471 CAMPUS PLANNING STUDIO (2)**

Prereq: ESTU 369 or 304 or equivalent or permission of instructor. Introduction to campus planning as applied to the WWU campus community. Planning requirements under the Growth Management Act and approaches to coordinating planning with the surrounding community. Selected research topics relative to Western's master planning process. A studio course emphasizing the application of sustainability principles in campus planning, development and operations.

### **472 PLANNING THEORY (3)**

Prereq: ESTU 370 or 380 or permission of instructor. Survey of the philosophy, methods, critical thinking, and analytical techniques used in public planning. Synthesis of the theories drawn from several disciplines and applied to planning. Emphasis on the application of explanatory concepts in planning decision-making.

### **473 ENVIRONMENTAL INTERPRETATION (4)**

Prereq: ESTU 371 or permission of instructor. An overview of the field of environmental interpretation and how it relates to environmental education. Focus is on gaining an understanding of the basic elements of the interpretive process and on becoming familiar with interpretive approaches and methods. Introduces design and technical components.

### **474 OUTDOOR EDUCATION (4)**

Prereq: ESTU 371 and 372; or permission of instructor; concurrent enrollment in ESTU 476, 483 and 484. Classroom and field study of outdoor education, and approach to environmental education. Reviews traditional outdoor learning methods, as well as new developments and programs such as Outward Bound and adaptations thereof. Includes field experience in various outdoor settings.

### **475 NATIVE AMERICAN PLANNING AND NATURAL RESOURCES POLICY (3)**

Prereq: ESTU 303 and 304 or permission of instructor. Survey of political and jurisdictional considerations, treaty rights, and social and environmental conditions facing tribal communities in their pursuit of self-governance and sustainability. Historic federal Indian policy, court rulings and the consideration

of off-reservation treaty rights in regional planning. Approaches to intergovernmental cooperation for sustainable natural resources management.

### **476 EXPERIENTIAL LEARNING IN ENVIRONMENTAL EDUCATION (4)**

Prereq: ESTU 371 and 372; or permission of instructor; concurrent enrollment in ESTU 474, 483 and 484. Potential of experiential learning for environmental education. Experiential learning theory and its application to specific settings. Simulation gaming, role playing, awareness exercises. Problems of evaluation of this type of learning are given special consideration. Field work required.

### **477 THE AMERICAN LITERATURE OF NATURE AND PLACE (4)**

Prereq: junior status or permission of instructor. Describes and explores the tradition of writing about the outdoors in American literature. The writings of Thoreau, Burroughs, Muir, Leopold, Carson, Eiseley, Borland, Beston and others are read and discussed.

### **478 TOPICS IN ENVIRONMENTAL STUDIES (1-6)**

Study of various environmental topics and issues of the Pacific Northwest. Available only off campus under the aegis of Continuing Education. Not available to Huxley majors. Repeatable for credit with no maximum. S/U grading.

### **479 ENVIRONMENTAL INTERPRETATION METHODS (4)**

Prereq: ESTU 473 or permission of instructor. Opportunity to develop skills in designing and producing interpretive media. Familiarity with and application of basic techniques, tools and equipment are the primary focus. Student projects result in the development of such projects as audiovisual presentations, displays and brochures.

### **480 WRITING AND EDITING *THE PLANET* (2)**

Prereq: JOUR 207 or permission of instructor. Practical involvement in writing, editing, photography, illustration, design and production of a student environmental magazine issued once each quarter. Repeatable to 6 credits.

### **481 ENVIRONMENTAL JOURNALISM (4)**

Prereq: JOUR 207; ESCI 101 or ESTU 202, or permission of instructor. Goal is to equip students to report and write clearly, critically and constructively on environmental and natural resource issues. Emphasis on writing articles for publication involves reading, discussion, and much research and writing.

### **483 FIELD METHODS IN ENVIRONMENTAL EDUCATION (5)**

Prereq: ESTU 371, 372 or permission of instructor; concurrent enrollment in ESTU 474, 476 and 484. Students visit environmental learning sites and programs where they observe, critique and participate as instructors. Develops skill in presentation, field leadership, environmental interpretation and instructional evaluation.

### **484 NATURAL HISTORY FOR ENVIRONMENTAL EDUCATION (4)**

Prereq: ESTU 371, 372 or permission of instructor, concurrent enrollment in ESTU 483, 474 and 476. Classroom and field study of the natural history of the Pacific Northwest as it relates to environmental education. A spring block course.

### **486 COMMUNITY-BASED ENVIRONMENTAL EDUCATION (5)**

Prereq: environmental studies or environmental science major, with completion of environmental studies core course; must be within 3 quarters of graduation. Theory, research and practice of working in an inclusive community context to define, study, and facilitate social-environmental change. Study of participatory techniques and systematic approaches to behavior analysis and change. Requires working in an interdisciplinary group to examine problems and education-based contributions to solutions.

### **487 CONSERVATION PSYCHOLOGY (4)**

Prereq: admission to Huxley or permission of instructor. Principles of psychology applied to environmental problem solving situations. Relationship between behavior and motivational, cognitive, social, moral-developmental, and cultural-psychological variables across the life span.

### **488 THE HISTORY OF CONSERVATION IN AMERICA (4)**

Prereq: ESTU 305 or permission of instructor. Explores the emergence and significance of the idea of resource conservation in American history. Traces arguments about the nature of nature, and the policy decisions regarding allocation of resources derived therefrom. How did the idea of resource conservation appear in government policy and institutions? Uses case studies of land, wildlife, water, and soil conservation, and of resource agencies like the federal National Park Service, Forest Service, and their state counterparts.

### **493 SENIOR SEMINAR: ECONOMICS, THE ENVIRONMENT AND NATURAL RESOURCES (4)**

Prereq: senior status in the environmental studies/economics combined

major. Discussion and analysis of selected issues in the economics of the environment and natural resources. Also offered as ECON 493.

**495 TEACHING PRACTICUM (1-3)**

Prereq: relevant course work and permission of instructor. Experience in teaching a lecture or laboratory course in environmental studies. S/U grading. Repeatable to a maximum of 4 credits.

**496 ENVIRONMENTAL STEWARDSHIP (5)**

Prereq: completion of Huxley core courses, senior standing, and permission of instructor. A field-oriented capstone course for environmental studies majors nearing graduation. Students work in interdisciplinary teams to apply their knowledge and skills to solve complex problems in real world situations.

**498a SENIOR THESIS (1-15)**

Prereq: permission of instructor. A special project carried out under the supervision of a faculty advisor and documented in thesis form according to guidelines supplied by the college. May reflect a single study topic or be part of a major investigation which may take the form of field work, or laboratory, library or community research. Repeatable to a maximum of 15 credits.

**498b INTERNSHIP (1-15)**

Prereq: permission of instructor. Supervised work experience relevant to environmental studies and appropriate to the student's program. The one- to three-month experience is documented by a written report prepared according to guidelines supplied by the college. S/U grading. Repeatable to a maximum of 15 credits.

**498c SENIOR PROJECT (1-15)**

Prereq: permission of instructor. A special project carried out under supervision of a faculty advisor and documented in non-thesis form suitable to the project. May take the form of some environmental or community activity having either a physical or programmatic result. Repeatable to a maximum of 15 credits.

**498d FOREIGN STUDY (1-15)**

Prereq: permission of instructor. While enrolled as a major in Huxley College, a student who has undertaken a college-level foreign language study may study for one quarter in a country utilizing that language. Foreign study must be approved in advance and carried out under the supervision of the student's advisor, must follow the foreign study guidelines for the student's major, and relate to the student's course of study at Huxley College. The results of the study must be reported in written, taped, filmed or graphically portrayed form. S/U grading. Repeatable to a maximum of 15 credits.

**499a-d SEMINAR (1)**

Prereq: admission to Huxley College or permission of instructor. Student-faculty interaction on topics of general interest. Repeatable for credit with no maximum. S/U grading.

**499f-m SEMINAR (2)**

Prereq: admission to Huxley College or permission of instructor. Student-faculty interaction on topics of general interest. Repeatable for credit with no maximum. S/U grading.

**Graduate Courses in Environmental Studies**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**524 ENVIRONMENTAL POLITICS AND POLICY (3)**

Survey of the field of environmental politics and policy. Examination of how political scientists have addressed environmental issues by focusing on questions raised, methods used and conclusions reached. Approach will be comparative in examining research on different countries and in examining environmental political research as it has addressed issues related to race, class and gender. Also offered as PLSC 524.

**536 ENVIRONMENTAL IMPACT ASSESSMENT PRACTICUM (4)**

Prereq: graduate status. Preparation of an objective assessment description of a real natural area including the search for public documentation, evaluation of coverage and specific new analyses. Coordinating role in task group data assembly and editorial review of draft project summaries. Experience directly related to professional responsibilities in the environmental field. Review of assessment utilization in the EIS format and of significant legislation.

**553 AMERICAN ENVIRONMENTAL HISTORY (4)**

Prereq: graduate status. Readings seminar focusing on the literature on the history of the interaction of nature and society in America. Concentration on methods in environmental history. Also offered as HIST 553.

**571 ENVIRONMENTAL EDUCATION FOUNDATIONS (4)**

Prereq: graduate status or permission of instructor. Examination of the principles and processes of education about and for the environment. Review of theory and practice of environmental education in a variety of programmatic settings.

**572 INTRODUCTION TO PLACE-BASED ENVIRONMENTAL EDUCATION (4)**

Prereq: admission to MEd Natural science/science education, environmental studies residency option or other master's program in environmental education. Explores ways to teach about a place in the context of environmental education. Includes examination of fundamental concepts and skills of environmental education and review of the subject matters which are the content of place-based environmental education curricula. These include natural history and its interpretation and the cultural and social history of a place and its interpretation. Students will examine methods of acquiring knowledge comprising this subject matter.

**573 RESOURCE ISSUES IN THE NORTH CASCADES (4)**

Prereq: admission to environmental education master's program. Using the North Cascades region as a microcosm, the course explores the major natural resource issues of the region, the values and goals of stakeholders in those issues, and mandates, histories, and values of the public agencies that deal with those issues. Emphasis on how environmental educators may present such issues to students at various developmental stages.

**574 CULTURAL STUDIES OF THE NORTH CASCADES (4)**

Prereq: ESTU 572, 573. Examines the cultural history of the North Cascades region from the earliest aboriginal habitation to the present. Studies human impact on the region and various cultural orientations to it. Explores how cultural studies and interpretation of a landscape can be transferred to other landscapes, and how cultural studies may be incorporated into environmental education programs focusing on a place.

**575 ASSESSMENT, EVALUATION AND RESEARCH IN ENVIRONMENTAL EDUCATION (4)**

Prereq: graduate status or permission of instructor. Critical review and analysis of approaches to research, evaluation and assessment in environmental education. Application of research approaches, designs and methods in practical settings.

**576 NATURAL HISTORY AND SCIENCE OF THE NORTH CASCADES (4)**

Prereq: ESTU 572, 573. Studies the natural history of the North Cascades to understand the basic ecological, hydrological, and geological principles operating there. Explores diverse processes of scientific inquiry that have been applied to study the landscape. Includes examination of how natural history and scientific inquiry into natural processes may be incorporated into interdisciplinary environmental education programs.

**577 NONPROFIT ADMINISTRATION FOR ENVIRONMENTAL EDUCATORS (4)**

Prereq: ESTU 572, 573. Examines the nature and qualities of nonprofit educational organizations and of models of nonprofit administration. Leadership, management, and partnership principles and strategies will be studied. Topics include all aspects of running an educational nonprofit organization, including financial management, fund raising, and organizational development and evaluation. Working with the public and private sector partners will be explored.

**578 PRACTICUM IN TEACHING NATURAL AND CULTURAL HISTORY (3)**

Prereq: ESTU 572, 573, 574, 575, 576, 577, SCED 513, graduate status and permission of instructor. Supervised field experience in teaching about natural and cultural history in an environmental learning center setting.

**581 PROFESSIONAL WRITING AND PRESENTATION (4)**

Prereq: ESTU 572-577, SCED 513, graduate status and permission of instructor. Capstone course for students completing master's work in environmental education. Reflection on program; writing and presentation of research and curriculum projects during the course of the master's program.

**587 CONSERVATION PSYCHOLOGY (4)**

Critical examination of the psychological and educational research bases for environmental education. Introduction to research methods used to integrate environmental behavior change, learning about the environment, development of environmental responsibility, and formation of ecological ethics across the lifespan. Lecture, discussion, student presentation and research practica.

## HUXLEY COLLEGE OF THE ENVIRONMENT

---

### **588 LANGUAGE, DISCOURSE, AND ENVIRONMENT (4)**

Differing concepts of the nature of the individual and society; psychological and sociological development of these concepts, their basic premises, implicit assumptions and issues.

### **589 CURRICULUM IN ENVIRONMENTAL EDUCATION (5)**

Examines all aspects of curriculum for environmental education, especially the nonformal setting environmental learning centers, nature centers, and outdoor schools. Study of curriculum theory and methodology appropriate to these settings and of processes of curriculum design. Reviews current programs and materials. Students will practice preparing curriculum and learning materials.

### **595 TEACHING PRACTICUM (1-3)**

Prereq: graduate status, relevant course work and permission of instructor. Experience in teaching a lecture or laboratory course in environmental studies. S/U grading.

### **598 RESEARCH PROJECT (6)**

Prereq: completion of 15 credits at 500 level toward MEd in natural science/science education. Research in the field of environmental education for students pursuing the non-thesis option of the MEd natural science/science education program (environmental education specialization).

### **599 GRADUATE ENVIRONMENTAL STUDIES SEMINAR (1-2)**

Prereq: graduate status. Selected topics across the spectrum of environmental studies (e.g., toxicology, watershed studies, applied ecology, geography, environmental education, etc.). Repeatable to a maximum of 6 credits. S/U grading.

### **690a THESIS RESEARCH (1-12)**

Prereq: permission of the thesis advisory committee. Thesis research in environmental studies under faculty direction.

### **690b FIELD PROJECT (6-12)**

Prereq: completion of 15 credits at the 500 level and approval of student's committee in the MEd natural science/science education (environmental studies) program. May take various forms: development of an educational program, preparation of curriculum, production of educational materials. May be done off campus between periods of residence work.

## **COURSES IN GEOGRAPHY (GEOG)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### **201 HUMAN GEOGRAPHY (4)**

Regional patterns of population and settlement; spatial analysis of economic, social and political organization.

### **203 PHYSICAL GEOGRAPHY (4)**

Prereq: at least one GUR natural science course at the university level. Principles and techniques in analysis of areal distributions in the natural environment; landforms, water, climate, soils, vegetation.

### **209 GEOGRAPHY AND WORLD AFFAIRS (2)**

Geographical analysis of selected demographic, economic, political and social problems of the contemporary world.

### **250 GEOGRAPHIC INFORMATION SYSTEMS SURVEY (1)**

Introduction to computer-based tools for describing, analyzing, and providing decision-making on geographical issues. Provides a survey of computer- and Web-based tools such as GIS, electronic atlases, thematic mapping systems, computer cartography and remote sensing through lectures and hands-on activities.

### **301 RESEARCH AND WRITING (3)**

Prereq: EGEO 201, 203 or permission of instructor. Source materials, research and writing techniques; emphasis on the nature and development of geography and planning.

### **305 ANALYSIS OF SPATIAL DATA (4)**

Prereq: MATH 240 or SOC 207 and EGEO 201, 203; or permission of instructor. Intermediate-level statistical techniques commonly used in solving geographic problems.

### **310 DEVELOPING WORLD (4)**

Prereq: EGEO 201. Analysis of selected geographical problems of major countries and regions of Africa, Asia and Latin America; population pressure, agricultural productivity; resource appraisal and utilization; urban-industrial growth; urban and regional planning.

### **312 GEOGRAPHY OF THE WORLD ECONOMY (4)**

Prereq: EGEO 201 and ECON 206; or permission of instructor. Location

analysis of economic activities; interrelationships of resources, industry, trade and transportation.

### **314 URBANIZATION: PROCESSES AND PATTERNS (4)**

Prereq: EGEO 201. Geographic focus upon the development, functions and problems of the modern city with emphasis on American patterns.

### **320 THE UNITED STATES (3)**

Prereq: EGEO 201 or permission of instructor. Topical and regional approaches to selected elements of the physical, cultural and economic characteristics of the nation.

### **321 AFRICA (3)**

Prereq: EGEO 201 or permission of instructor. Resources, people, regions; economic, social and political development of Africa. Emphasis on areas south of Sahara. Offered alternate years.

### **322 THE MIDDLE EAST (3)**

Prereq: EGEO 201 or permission of instructor. Environments, economies and societies of Southwest Asia and North Africa; emphasis on current problems.

### **323 SOUTH ASIA (3)**

Prereq: EGEO 201 or permission of instructor. Systematic analysis of the physical and human environments of South Asia; emphasis on developmental problems. Offered alternate years.

### **324 EAST ASIA (3)**

Prereq: EGEO 201 or EAST 201 or EAST 202 or permission of instructor. Survey of physical environment, sustainability, peoples, regions and resources of East Asia; problems and prospects.

### **327 THE PACIFIC NORTHWEST (3)**

Prereq: EGEO 201 or 203 or permission of instructor. Examination of distribution and character of economic activity, population plus settlement and role of climate, landforms and resources in distributions. Offered alternate years.

### **328 CANADA (3)**

Prereq: EGEO 201 or C/AM 200 permission of instructor. Characteristics and distribution of population, economic activities, various aspects of the physical environment, sustainability and the resource base are examined and analyzed to provide an understanding and appreciation of Canada.

### **330 GEOGRAPHY OF LANDFORMS (4)**

Prereq: EGEO 203; GEOL 101 recommended. Spatial and temporal variation of landforms; regional analysis of landforms and quaternary reconstructions; relationships of landforms with physical and human systems; applied geomorphology. Field trips.

### **331 CLIMATOLOGY (4)**

Prereq: EGEO 203; PHYS 101 or 114 recommended. Climatic processes, including patterns of climates at various scales; applied climatology; climatic change.

### **340 POPULATION AND RESOURCES (3)**

Prereq: EGEO 201 or SOC 321. World distribution of population; patterns of population composition, fertility and mortality. Inter- and intra-regional migrations; resources and population growth.

### **350 INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEMS (3)**

Prereq: Huxley major status or permission of instructor. An introduction to geographic information systems (GIS), examining the nature of spatial data and a basic theory of data manipulation and display, data sources, input, manipulation, and analysis, as well as data output, and basic cartographic production.

### **351 MAP READING AND ANALYSIS (3)**

Interpretation of map symbols and content at different scales; introduction to coordinate systems and map projections; analysis of different types of maps and charts.

### **352 COMPUTER CARTOGRAPHY (2)**

Prereq: EGEO 201 or 203; co-req: EGEO 351; pre- or co-req: EGEO 305. Map layout, design and production using computer techniques. Methods and limitations of graphic communication are emphasized.

### **362 LAND RESOURCE ANALYSIS (3)**

Prereq: EGEO 201 or ESTU 369. The physical, biological, economic and institutional factors affecting, conditioning and controlling man's use of land.

### **363 NATURAL HAZARDS PLANNING (3)**

Prereq: EGEO 203, GEOL 101. The identification and analysis of the causes and consequences of earth and atmospheric hazards upon humans. Presentation

of current federal, state and local hazard reduction policies and programs.

**412 REGIONAL ENVIRONMENTAL AND ECONOMIC RESOURCE MODELING (4)**

Prereq: EGEO 305 or ESTU 370 or ECON 208 plus 383 or permission of instructor. Spatial resource assessment and planning models, including quality of life, shift-share, input-output and linear programming under resource constraints, and demographic projections.

**414 THE URBAN ENVIRONMENT (4)**

Prereq: EGEO 201, 203 and 314. Comparative patterns and processes of urban-economic change in the industrial and nonindustrial world. Emphasis on urban environmental development issues and conflict.

**421 BORDERLANDS (3)**

Prereq: EGEO 320, 327 or 328 or C/AM 200; or permission of instructor. Investigation of issues associated with the growing importance of the United States' border regions, especially our northern border; selected transborder environmental, sustainability, economic and urban topics.

**423 PACIFIC RIM (3)**

Prereq: EGEO 320 or 324 or 327 or 328, or permission of instructor. Investigation of issues associated with the growing importance of the Pacific Rim nations; selected environmental, sustainability, economic, urban and cultural topics.

**431 WATER RESOURCES (4)**

Prereq: EGEO 330 or 331; EGEO 305. The role of water in the environment; the nature of water use and resulting problems; processes which underlie comprehensive water resource planning and basin management; data analysis and presentation.

**432 GEOGRAPHY OF SOILS (4)**

Prereq: EGEO 330. Soil characteristics and processes; description and classification; factors of soil development; spatial and temporal variation; application of soils in paleoenvironmental reconstruction. Field trips and laboratory study.

**433 CLIMATE AND BIOPHYSICAL PROCESSES (4)**

Prereq: EGEO 330; 331, ESCI/ESTU 301. The role and nature of biophysical processes and their significance to the spatial and temporal patterns at various scales; the functional relationships between climate, soils and vegetation; approaches to land systems analysis focusing upon land system interactions.

**450 INTERMEDIATE GEOGRAPHIC INFORMATION SYSTEMS (4)**

Prereq: EGEO 350 or ESTU 401 or equivalent; and EGEO 305 (or concurrent), or ESCI 340 or ESCI 305 or instructor-approved intermediate-level statistics course; or written permission. The collection, storage, analysis and display of spatially referenced data to produce information essential for planning and making decisions in public agencies and private businesses. Principles and concepts of GIS design and operation; practical experience in GIS application through lab assignments.

**451 GIS DATABASES (4)**

Prereq: EGEO 450. The design and development of cartographic databases for use in geographic information systems; interactive image editing, production of check-plots, and file processing to form geographic entity files. Exploration of alternative cartographic products via computer mapping software.

**452 ADVANCED GIS (4)**

Prereq: EGEO 451. Analysis and application of cartographic techniques and geographic information systems to practical mapping and resource management projects.

**453 GIS: VECTOR PROCESSING AND ANALYSIS (3)**

Prereq: ESTU 401 or EGEO 450 or permission of instructor. Provides a student with a working knowledge of a major vector software package, Arc/Info. Intended for students familiar with GIS concepts and computer applications, course emphasizes familiarity with the basic skills needed to complete an entry level GIS project in the software. Through lectures,

demonstrations, and hands-on exercises, participants will learn to create, import, edit, manipulate, analyze, query and display data sets.

**461 NATURAL RESOURCES MANAGEMENT (4)**

Prereq: EGEO 305 and 362 or 363. Techniques for the biophysical and socioeconomic analysis of natural environments; emphasizes the variety of perspectives from which management policies can be developed and modeling tools can be made available.

**462 TRANSPORTATION SYSTEMS AND PLANNING (3)**

Prereq: EGEO 305 or ESTU 370 or permission of instructor. Locational and network analysis of local, regional and national systems. Also, investigation of alternates to traditional transportation modes.

**Graduate Courses in Geography**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**501 HISTORY AND PHILOSOPHY OF GEOGRAPHY (3)**

Study of geography as a core discipline within the social science fields; its origins, trends and challenges. A cross-disciplinary approach toward understanding of multifaceted environmental problems and proposed strategies and solutions.

**510 SPATIAL QUANTITATIVE TECHNIQUES AND PATTERN ANALYSIS (5)**

Prereq: EGEO 305 or equivalent. Methods of gathering and analyzing data for the solution of geographic, regional planning and landscape problems.

**521 RESOURCE ASSESSMENT AND MANAGEMENT (4)**

Prereq: EGEO 501. Investigation and research in the spatial organization of human activity in relation to the environment, including an evaluation of the theories and analytical frameworks in geography. Surveys current trends and historical contexts of study of the environment.

**533 CLIMATE AND BIOPHYSICAL PROCESSES (4)**

Prereq: graduate status. Investigation into the role and nature of biophysical processes and their significance to the spatial and temporal patterns at various scales. Topics examine the functional relationships between climate, soils, landforms and vegetation.

**535 ENVIRONMENTAL PROBLEMS AND REGIONAL DEVELOPMENT (5)**

Prereq: five graduate credits. Cities and regions as complex systems of interdependent natural and human elements; key problems and approaches to their solution through planning.

**551 RESEARCH PROBLEMS (4)**

Prereq: EGEO 521 or 522. Formulation and development of hypotheses for a thesis. Development of the necessary methodology; preparation of bibliography and review of literature.

**552 ADVANCED GIS (4)**

Prereq: permission of instructor. Analysis and application of cartographic techniques and geographic information systems to practical mapping and resource management projects.

**590 GRADUATE COLLOQUIUM (1)**

Current trends and issues in geographic research.

**595 TEACHING PRACTICUM (1-3)**

Prereq: graduate status, relevant course work and permission of instructor. Experience in teaching a lecture or laboratory course in geography. S/U grading. Repeatable.

**690 THESIS (1-12)**

Prereq: advancement to candidacy for the master's degree and appointment of thesis advisor and thesis committee.

# INTERDISCIPLINARY PROGRAMS

## AMERICAN CULTURAL STUDIES

American cultural studies allows students to concentrate on the Americanization process, American character, American cultural institutions and/or American cultural values, particularly as these shape our concepts and choices of vocation.

The program in American cultural studies serves those students and faculty who are interested in the study of such questions but find that important aspects of cultural institutions, cultural artifacts and cultural values are not fully revealed by the course of study within a single department or college. The program allows students the opportunity to study issues especially arising from the cultural diversity in American society. Whenever possible, the program takes advantage of the rich curricular offerings of the various departments and colleges of the University.

Students who want a liberal arts education of breadth and depth will find that, because of its flexibility, the program adapts well to their needs. It offers suitable undergraduate background for advanced study in law, domestic social services, public service, government service or education, and for graduate work in American studies, ethnic studies and the social sciences. It also offers unique ways to combine the study of the humanities and social sciences.

For further information and advisement about the program contact the director of the program, Dr. Lawrence J. Estrada, Miller Hall 175 or Fairhaven College 330.

## FACULTY

**LARRY J. ESTRADA**, Fairhaven; director, American cultural studies program. Race and ethnicity in America; Chicana-Hispano studies; urban multicultural education; U.S.-Mexican relations.

**JEANNE ARMSTRONG**, Wilson Library. Research strategies, multicultural studies.

**ROSEANNE KANHAI-BRUNTON**, English. Feminist literary theory; post-colonial literatures; African American literature; imaginative literature by women of color.

**BILL DEMMERT**, Education. Education and policy of Native American societies; multicultural education; societies and people of the circumpolar north; comparative cultures.

**VERNON JOHNSON**, Political Science. Culture and politics of African societies; African American studies; the civil rights movement in America.

**CHRIS FRIDAY**, History. Asian American and Native American studies; immigration, labor, Pacific Northwest and U.S. West studies.

**CAROL GUESS**, English. Literature, women studies, gay lesbian bisexual transgender studies.

**KEVIN LEONARD**, History. History of Latino and African Americans in the United States.

**JAMES LOUCKY**, Anthropology. Immigration policy, Native American cultures, Latin and Latin American cultures, United States-Mexico border policy.

**BILL LYNE**, English. African American literature, cultural studies, cultural theory.

**JOHN PURDY**, English. Native American literature; ethnic perspectives on literary theory.

**TANIS S'EILTIN**, Fairhaven. Art and creativity; Native American art forms; Native American issues.

**MART STEWART**, History. African American history.

**MIDORI TAKAGI**, Fairhaven. United States History; African American history; comparative racial and ethnic studies.

**STEVEN VANDERSTAAY**, English. Urban studies; ethnicity and education; adolescent cultures; nonfiction writing; life history/research including memoir, oral history, and narrative analysis.

**NING YU**, English; Coordinator, Asian American studies minor. Asian American literature; Asian mythology; 19th century American literature and science.

**RABBI YOSSI ZYLBERBERG**; Jewish American studies.

## BACHELOR OF ARTS

### Major — American Cultural Studies

70 credits

Core Requirements 39-44 credits

- AMST 301, 499
- Three courses from AMST 202, 203, 204, 205, 206, 242
- Two courses from the social sciences, selected under advisement from AMST 315, ANTH 104 or 353; SOC 221, 255, 260, 268 or 269; GEOG 201; PLSC 101 or 250; FAIR 212
- One course from HIST 261, 263, 265, 275, 362, 369, 462, 463, 465
- Two courses from ENG 216, 227, 234, 235, 236, 270, 327, 338
- One course from A/HI 360 or 448 (plus prerequisites); or FAIR 451 or MUS 202 or 205 or DNC 232

*Individualized Program of Study* 26-31 credits (selected under advisement)

A formal program of study is initially designed by the student in consultation with a member of the American cultural studies faculty. The program is then approved by the director of American cultural studies. No program of study may substantially duplicate an existing departmental or college program. Ordinarily, final approval of the course of study must be granted before senior status is reached.

The student may propose a broad, general program in American cultural studies, social science or education concentrations, or focus on one major aspect, for example: ethnic studies, sexuality, myth and folklore or Pacific Northwest studies. In any case, the proposed program must include substantial upper-division work in at least two curricular units of the University. These may include Fairhaven or Huxley colleges.

The faculty recommends that students use a minor to develop special career interests or foci (see, for example, the Native American studies minor), or to develop additional depth in one of the traditional academic disciplines or programs of the University.

### Minor — American Cultural Studies

25 credits

Core Courses 21-22 credits

- Three courses from AMST 202, 203, 204, 205, 206, 242 or 297
- AMST 301
- One course from ENG 227, 234, 235, 236 or 327
- One course from HIST 261, 263, 265, 275, 362, 462 or 463

*Related Courses* 3-4 credits

For more information, contact Dr. Lawrence J. Estrada, director of American cultural studies.

### Minor — Native American Studies

25 credits

The minor in Native American studies is designed to provide students with in-depth study of the cultures and traditions, histories, and arts of indigenous peoples of the Western

Hemisphere. The minor is recommended for students who plan to collaborate with Native Americans in research, educational, environmental, creative, and political projects. The concentration is interdisciplinary and allows students to combine it with many major designations.

For more information, contact Tanis S'eiltin, coordinator of the Native American studies minor concentration, or Dr. Lawrence J. Estrada, director of the American cultural studies program.

*Core Courses* 15 credits

- AMST 202, 301, 315
- Any one of the following courses:
  - ANTH 361, ENG 235, FAIR 451, HIST 275
- Elective Courses* 10 credits
- Any related courses under advisement or additional courses from the list above

### Minor — Asian American Studies

25 credits

The program in Asian American Studies provides for a coherent, integrated and concentrated investigation of peoples of Asian heritage in North America. It also examines separate experiences of Asian Americans and their positions as ethnic minorities in Asian society and politics. This is accomplished through concentration on Asian American history and its place in North America, situating the literatures and other cultural publications of Asian Americans in a broad context, and engaging contemporary issues with appropriate analytical tools.

For more information contact Dr. Ning Yu, coordinator of the Asian American Studies minor concentration, or Dr. Lawrence J. Estrada, director of American Cultural Studies.

*Core Courses* 15 credits

- AMST 205, 301, 362 (cross listed as HIST 362)
- ENG 236

*Elective courses* 10 credits

Three courses from the two categories listed below:

- Contextualizing Asian America
  - ENG 335, 406 or 408
  - HIST 462
  - SOC 369
- Focusing on Asian America
  - ENG 327
  - FAIR 362, 363
- Other courses under advisement may include, but are not limited to, an ISP of 2 to 5 credits (specially arranged independent learning); internship of 2 to 5 credits (encouraged within the major but may be arranged through the minor); language classes up to 5 credits in the second year or higher of a college- or university-level Asian language; East Asian courses (2 to 5 credits) on approval of the Asian American Studies coordinator. For ISP and internship guidelines, contact Dr. Ning Yu.

### Minor — Gay, Lesbian, Bisexual, Transgender Studies

25 credits

The program in Gay/Lesbian/Bisexual/Transgender (GLBT) studies is an interdisciplinary program designed to educate students about the diversity within the GLBT community in the United States, and to explore the GLBT contributions to shaping U.S. history, culture literature, and politics.

For more information, contact Dr. Lawrence J. Estrada, director

of American cultural studies.

*Core courses* 15 credits

- AMST 242 (3)
  - FAIR 219: The Gay, Lesbian, Bisexual Transgendered Experience (3)
  - ENG 227/FAIR 322: GLBT Literatures (4)
  - HIST 265: Lesbian and Gay Experience in American History (4)
  - AMST 301: Comparative Cultural Studies (4)
- Related courses* 10 credits
- ANTH 353: Sex and Gender in Culture (4)
  - HIST 465: History of Sexuality (4)
  - FAIR 313: GLBT Issues in Education (4)
  - THTR 428: Major Dramatists: Gay and Lesbian Literatures (3)
  - PLSC 421: Lesbian/Gay/Bisexual Transgendered Politics (5)
  - FAIR 314: Science and Stories of GLBT Health (4)
  - Other courses under advisement may include, but are not limited to, an ISP of 2 to 5 credits (specially arranged independent learning), and/or an internship of 2 to 5 credits

### Teaching English as a Second Language (TESOL) Certification

Students who major in American cultural studies (ACS) have the option of combining their ACS major core requirements with the WWU TESOL program course requirements to achieve both a BA in American cultural studies and TESOL certification. Students who choose this option should first consult with the director of the American cultural studies program as well as the coordinator of the TESOL program prior to commencing their program of study.

### COURSES IN AMERICAN CULTURAL STUDIES (AMST)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### 202 THE NATIVE AMERICAN EXPERIENCE (3)

The social and cultural evolution of the first peoples of the Americas. Focus on such aspects as education, self-determination, health issues and urbanization as they impact native indigenous populations. Also listed as FAIR 263 on an S/U grading basis.

#### 203 THE HISPANO/A-AMERICAN EXPERIENCE (3)

The development of the Hispano/a-American community, with emphasis on its history, its social and political institutions, and the effects of education, continuing immigration and economic stratification. Also offered as FAIR 218.

#### 204 THE AFRICAN-AMERICAN EXPERIENCE (3)

An overview of African-American history from an interdisciplinary perspective. Emphasis is on the struggle for social and political equality in a developing capitalist economy. The contemporary social, economic and political life of African-Americans also will be examined.

#### 205 THE ASIAN-AMERICAN EXPERIENCE (3)

The history of Asians in the United States, the development of communities and the effects of the encounter between Asian cultures and the developing American cultural context.

#### 206 THE JEWISH-AMERICAN EXPERIENCE (3)

An overview of the Jewish experience in America, past and present Jewish American marginalization, encounters with anti-Semitism and impact on the national scene. Study of Jewish Americans as a secular community, a community of faith, and an American minority ethnic group.

#### 242 THE LESBIAN, GAY, BISEXUAL, TRANSGENDERED (GLBT) EXPERIENCE (3)

The development of the lesbian, gay, bisexual transgendered community in the United States, with emphasis on identity formation, historical and

## INTERDISCIPLINARY PROGRAMS

sociological influences and the effects of encounters between gay cultures and the larger American cultural context. Also offered as FAIR 219.

### 301 COMPARATIVE CULTURAL STUDIES (4)

Prereq: introductory level course in history, sociology, anthropology or equivalent. The interaction of immigrant and indigenous cultures with the developing American cultural patterns. Emphasis upon models and concepts of interaction, especially related to African Americans, Native Americans, Asian Americans and Latinos.

### 315 CONTEMPORARY NATIVE AMERICAN ISSUES (4)

Prereq: AMST 202 or HIST 275. A historical and cultural overview of issues in Indian/White relations. Emphasis on issues of sovereignty, land claims, water rights, treaty rights, education, women, economic development, religious freedom, and cultural appropriation. Also offered as FAIR 399.

### 362 ASIAN-AMERICAN HISTORY (4)

Prereq: HIST 103 or 104 or AMST 203, 205 or 301. Contributions Asian Americans have made to the development of the United States, with emphasis on immigration, adaptation, settlement and their struggle for justice and equality. Also taught as HIST 362.

### 499 RESEARCH AND WRITING (4)

Prereq: AMST 301 and senior status or approval of instructor. Designed to introduce students to primary and secondary sources associated with American cultural studies. Assignments include one major research/writing project and several smaller ones. Also taught as LBR 499.

## FIRST-YEAR INTEREST GROUP/ GUR COURSE LINKS

The First-year Interest Group (FIG) program offers entering students a chance to satisfy General University Requirements (GURs) at the same time that they participate in a learning community environment. FIG students co-enroll in a designated GUR class and a small seminar (SMNR 101). FIG links are limited to first-year students and, typically, are available fall quarter only. While the GUR course in a FIG link will usually be large, the attached Seminar 101 is limited to 25 students.

FIGs provide first-year students with access to resources that can help with their transition to Western. The program emphasizes faculty-student and student-student interaction as well as deeper learning.

The FIG seminar uses the content from the linked GUR lecture course as a context for fostering critical thinking and building academic competencies. The FIG themes provide opportunities for additional interaction between all students and faculty within a theme. A theme example is:

### *The Arts and Hope*

- Visual Dialogue — ART 109 (3) SMNR 101 (2)
- Society Through Its Literature — ENG 238 (5); SMNR 101 (2)
- Music in the Western World — MUS 105 (3); SMNR 101 (2)

For more information, contact the FIG coordinator, Karen Perry, OM 235, 360-650-3757, or via e-mail at Karen.Perry@wwu.edu or the FIG director, Dr. Carmen Werder, Miller Hall 363, 360-650-7329, or via e-mail at Carmen.Werder@wwu.edu.

## GENERAL STUDIES MAJOR

The general studies major is designed for students who want to spread their major studies across courses and departments of their choosing. The major offers students a wide range of choices within each of the following areas: *humanities, social sciences, sciences*.

**Note:** Fairhaven students cannot major in general studies. A general studies major cannot be earned concurrently with another major. Any major earned after the degree is awarded may not be based on essentially the same constellation of courses as the student's general studies major. Students who

have earned a baccalaureate degree at Western cannot major in general studies. A minor in general studies is not offered.

### *Requirements*

To fulfill the major, students must complete 60 credits of upper-division course work within one or more of the three areas. At least 50 percent of the credits used in the general studies major must be earned at Western Washington University. A minimum of two departments must be represented. Students must earn grades of C- or better in courses for the major and may not apply Pass/No Pass grades toward the major. GUR courses may apply to this major as long as they are upper division. Courses from two-year institutions cannot apply toward the general studies major.

Students are required to have two faculty advisors who represent two separate departments or colleges. If the major includes courses from more than one of the three areas, students will be required to have an advisor from each of the *areas* in which courses are taken. Students may select any faculty member at Western to serve as an advisor. A list of advisors is available in the Academic Advising Center, Old Main 380.

No more than 44 credits in courses taught in business (classes by the departments of accounting, decision sciences, finance and marketing, and management) can be counted toward the general studies major.

A minimum cumulative grade point average of 2.00 or higher is required for graduation. The required writing proficiency class may be taken in any department.

### *Major Declaration*

Major declaration forms may be picked up in the Registrar's Office, Old Main 230, or the Academic Advising Center, Old Main 380, and taken to faculty advisors for signature. The original signed form must be returned to the Registrar's Office and a copy kept by the student.

**NOTE:** Students should be aware that some departments give their own majors registration priority: i.e., enrollment in some courses may be limited for general studies majors.

### *Degree Application*

Students completing a Bachelor of Arts degree in General Studies are required to have a major evaluation completed and signed by the faculty advisors. Major evaluation forms are available in the Registrar's Office, Old Main 230, or the Academic Advising Center, Old Main 380. The major evaluation form and the degree application packet should be completed and returned to the Registrar's Office by the end of the last day of classes two quarters prior to the expected quarter of graduation.

### *Areas of Study and Appropriate Departments*

**Humanities.** Art; communication; dance; English; history; journalism; liberal studies; modern and classical languages; music; philosophy; theatre arts; Fairhaven College.

**Social Sciences.** Accounting; American cultural studies; anthropology; Canadian-American Studies; communication sciences and disorders; decision sciences; East Asian studies; economics; environmental social sciences; Fairhaven College; finance and marketing, geography; journalism; linguistics; management; physical education, health and recreation; political science; psychology; sociology; social studies education; women studies; Woodring College of Education.

**Sciences.** Biology; chemistry; computer science; engineering technology; environmental sciences; geology; mathematics; physics and astronomy; science education.

**THE HONORS PROGRAM**

Western's Honors Program provides a challenging opportunity for undergraduate students of demonstrated academic achievement to realize their potential. Freshmen and transfer students are invited into the Honors Program on the bases of results on standardized tests, academic achievement, and recommendations. Students already enrolled at Western may enter the program on the above bases and on the recommendation of a University instructor.

Students in the Honors Program are eligible for Honors GUR courses and seminars in a wide variety of subjects. They also have the opportunity to undertake extended Honors independent study projects in their major fields.

Students interested in the program should contact the Honors Office, Miller Hall 228, 360-650-3034, for more information.

*Requirements for Graduation through the Honors Program*

Students who enter the program as freshmen must complete the General University Requirements as specified in this catalog with the following GUR courses taken through the Honors Program. GUR areas which these courses satisfy are shown in parentheses.

- HNRS 103, Major Cultural Traditions I (Humanities)
- HNRS 104, Major Cultural Traditions II (Humanities)
- HNRS 105, Major Cultural Traditions III (Humanities) (Completion of HNRS 103, 104 and 105 satisfies Block B of the Communications GUR and carries 12 credits of Humanities GUR; completion of Humanities GUR requires an additional 8 credits from the program or two departments; English 101 is prerequisite to Honors 105)
- Any *three* additional Honors GUR courses (100 and 200 level)

*Honors strongly recommends that students take as much of their GUR work as possible through the program.*

- Two Honors seminars
- Completion of a senior project

*Transfer students entering with AA degrees, and Western students who have completed their General University Requirements:*

- Completion of 12 credits in Honors seminars
- Completion of a senior project

*Already enrolled Western students or transfer students who enter the Honors Program prior to completion of their GUR:*

- Completion of 12 credits in Honors seminars
- Completion of a senior project

Students in this category are encouraged to take as much of their outstanding General University Requirements through Honors as possible.

*Additional requirements for graduation through the Honors Program:*

- A cumulative grade point average of at least 3.50 for the last 90 graded credits of University-level work

**HONORS COURSES (NONDEPARTMENTAL) (HNRS)**

**103 MAJOR CULTURAL TRADITIONS I (4)**

Analysis, interpretation, and discussion of a wide range of texts from ancient times to the 15th century, with emphasis on the Western traditions.

**104 MAJOR CULTURAL TRADITIONS II (4)**

Analysis, interpretation, and discussion of a wide range of texts from the 16th to the close of the 19th century, with emphasis on the Western traditions.

**105 MAJOR CULTURAL TRADITIONS III (4)**

Analysis, interpretation, and discussion of a wide range of texts from the contemporary world, with major emphasis on the non-Western traditions.

**121 INTRODUCTION TO POLITICAL SCIENCE (4)**

An introduction to the concept of politics and the types of governments and political issues in the contemporary world, with an emphasis on the comparative study of political ideas and systems.

**155 THE NON-WESTERN TRADITIONS (4)**

An introduction to the civilization and culture of one or more of the following areas: Africa, China, Japan and India. Emphasizes the study of literature, philosophical and historical writing, and art in the historical context from which they have emerged.

**157 PHYSICS (4)**

Laws of motion. Conservation of energy and momentum. Gravitation. Electricity and magnetism. Sound and light waves. Radioactivity. Fission and fusion.

**158 GEOLOGY (4)**

Origin of the earth. The ways in which different types of rocks form, how their ages can be determined and the implications of those ages for the age of the earth. Volcanology, mountain building and evolution of the continents as a result of surface processes and plate tectonics. The theory of plate tectonics, including earthquakes and paleomagnetism.

**159 BIOLOGY (4)**

Basic biology, emphasizing cellular, molecular and evolutionary processes. The energetics of living systems, with emphasis on the activities of photosynthesis and respiration and their relationship to the first and second laws of thermodynamics. The physical structure of the hereditary material, DNA, and its involvement in information flow in the cell.

**251 PSYCHOLOGY (4)**

Examination of basic psychological processes utilizing results of research investigations.

**252 SOCIOLOGY (4)**

Basic problems and concepts in the study of society, social change and organization; human behavior in the family, education, religion, cities, social class, race, age, sex and the structure of society; sociology as science and as response to human problems.

**253 ANTHROPOLOGY (4)**

The study of societies that contrast with Western civilization, leading to an acquaintance with the concept of culture and its importance to an understanding of human behavior. Emphasis on understanding each culture from its own point of view rather than our own.

**254 ECONOMICS (4)**

An introduction to the principles of micro- and macroeconomics. The role of the market in allocating scarce resources; the decision making of economic agents; market and regulatory failures; macroeconomic performance; competing theories of the macro economy; the creation and control of money; international trade and finance.

**255 ETHICS (3)**

Introduction to philosophical thinking about moral problems. Seeks to understand central moral concepts such as good, right and duty in the context of contemporary issues.

**256 KNOWLEDGE AND REALITY (3)**

Emphasis is given to the nature and possibility of knowledge, to related concepts such as truth, belief and evidence, and to select metaphysical problems.

**350-359 SEMINAR (3 EA)**

Repeatable with various topics.

**490 SENIOR PROJECT (2 PER QUARTER)**

S/U grading. Repeatable to 6 credits.

**INTERNATIONAL STUDIES**

The minor in International Studies is designed to provide knowledge, perspectives and skills basic to international competence. Students completing this minor will be well prepared for a variety of professional opportunities in an

## INTERDISCIPLINARY PROGRAMS

increasingly internationalized economy. As a value-added curricular option, the minor builds largely on existing courses across the colleges, and both complements and is concurrent with existing majors.

The course of study for the minor will be determined in consultation with the international studies advisors in the Department of Anthropology and the Department of Political Science. For advisement on study abroad or international internships, contact International Programs and Exchanges, High Street Hall 25, 360-650-3298, fax 360-650-6572.

### *Minor — International Studies*

35 credits

- IS 201 and 499
- Completion of an approved international program or exchange
- At least one foreign language course above 201 level; 100 level accepted for languages not commonly taught
- Additional credits from courses approved by the faculty advisors for international studies in at least two related fields such as anthropology, business and economics, communications, environmental studies, history, liberal studies, political science; at least two courses to be completed on campus

## COURSES IN INTERNATIONAL STUDIES (INTL)

### **201 INTRODUCTION TO GLOBAL STUDIES (4)**

Introduction to contemporary global issues, drawing on the integrated knowledge and methodologies of multiple disciplines.

### **205/305/405/505 (2-24)**

Credit through national and international exchanges, academic programs offered through universities or consortia, cosponsored programs. S/U grading.

### **215/315/415/515 (2-15)**

International internships, independent research projects, work experience approved by departments or colleges. S/U grading.

### **301 INTERCULTURAL ENCOUNTERS (1)**

Pre-departure orientation, ethics and intercultural communication issues for study, service work or internships abroad. S/U grading.

### **302 INTERNATIONAL ADVOCACY (1)**

Prereq: Participation in an approved international program or exchange. Integration of international experience into academic program of students on re-entry from study abroad. S/U grading.

### **499 THESIS IN INTERNATIONAL STUDIES (3)**

Prereq: IS 201. Capstone independent study course integrating global perspective and interdisciplinary bodies of knowledge into a directed research paper.

### *Regional Studies*

In addition to the International Studies minor, students may pursue a major or minor focusing on the following regions of the world: Canadian-American studies, East Asian studies, and Latin American studies. (*Consult the index of this catalog for location of further information.*)

- Asia University America Program
- Intensive English Program
- International Programs and Exchanges

## **LIBRARY**

The library provides an array of credit and noncredit instruction to enable student mastery of critical information-seeking skills within and across disciplinary frameworks and resource formats.

Students' mastery of these skills and abilities can be measured through the library's Information Literacy Learning Outcomes, which are applied to both credit and noncredit instruction in the library. Noncredit instruction can encompass reference, consultation, referrals, bibliographic instruction, orientation and instructional materials. Credit instruction, which includes a variety of courses, teaches information-seeking skills, research strategies, critical analysis and evaluation of information, and an understanding of the importance of information in our society.

## **LIBRARY FACULTY**

**BÉLA FOLTIN, JR.** (2001) University Librarian and Professor. BMus, MMus, MLS, University of Illinois, Urbana.

**MARIAN L. ALEXANDER** (1970) Associate Professor. AB, Occidental College; MLS, University of California, Los Angeles.

**JEANNE ARMSTRONG** (1997) Associate Professor. BA, University of Dayton; MA, Rosary College Graduate School; PhD, University of Arizona.

**STEFANIE BUCK** (2004) Lecturer. BA, Iowa State University; MA, MLS, University of Hawaii.

**HAZEL CAMERON** (2001) Associate Professor. BA, University of Victoria; MLS, MBA, University of British Columbia.

**MARGARET FAST** (1997) Associate Professor. BA, Mills College; MA, University of British Columbia; MLS, State University of New York.

**ROBERT LOPRESTI** (1987) Associate Professor. BA, Juniata College; MLS, Rutgers, The State University.

**LEZA (ELIZABETH) MADSEN** (2002) Associate Professor. BA, Western Washington University; MLS, University of Hawaii; MA, Stanford University.

**RAYMOND G. MCINNIS** (1965) Professor Emeritus. BA, University of British Columbia; MLS, University of Washington.

**DONNA E. PACKER** (1982) Associate Professor. BA, BIS, University of British Columbia; MBA, Western Washington University.

**DIANE C. PARKER** (1984) Professor. BA, University of California, Berkeley; MLS, University of Washington.

**CHERYL PELTIER-DAVIS** (2001) Assistant Professor. BA, the University of the West Indies, St. Augustine, Trinidad & Tobago; MLS, the University of the West Indies, Mona, Jamaica.

**ANDREA PETERSON** (1999) Associate Professor. BA, University of Utah; MLS, Indiana University.

**PAUL PIPER** (1997) Associate Professor. BS, MFA, University of Montana; MLIS, University of Hawaii.

**CECILIA SIU-WAH POON** (2000) Assistant Professor. BA, University of South Florida; MLS, Indiana University.

**JEFF PURDUE** (1999) Assistant Professor. BA, MA, University of Illinois at Chicago; MLIS, Dominican University.

**KAREN B. RICE** (1989) Associate Professor. BS, University of Wisconsin; MSLS, University of North Carolina at Chapel Hill.

**MARIAN A. RITTER** (1969) Associate Professor. BME, MLS, University of Portland.

**PETER A. SMITH** (1990) Associate Professor. BA, MA, MLS, Wayne State University.

**SYLVIA TAG** (1997) Assistant Professor. BA, The Colorado College; MLIS, University of Iowa.

## **COURSES IN LIBRARY INFORMATION (LIBR)**

### **125 INTRODUCTION TO INFORMATION LITERACY (2)**

Intended for first-year students, this course introduces students to basic skills needed for effective use of library resources and services. Emphasis on locating, selecting and evaluating material in both paper and electronic formats. This course will provide hands-on experience in using information technologies including library databases, the Internet, and may include online discussion and creation of Web pages.

### **201 INTRODUCTION TO RESEARCH STRATEGIES (2)**

Intended for sophomores and transfer students who have not taken LIB 125 or its equivalent. Introduces students to the nature of research with emphasis on strategies for carrying out inquiry, locating electronic and print sources, assessing sources for authority and selecting and incorporating material from sources into writing.

### **202 APPLIED RESEARCH STRATEGIES FOR THE HUMANITIES (1)**

Prereq: concurrent enrollment in a 200-level GUR humanities course and permission of instructor. Concurrent enrollment in a writing course also may

be required. This course, offered for GUR credit, teaches students library research methods that will enable them to successfully conduct their research and writing assignments in the related courses. Students may produce a research log or annotated bibliography.

**203 APPLIED RESEARCH STRATEGIES FOR THE SOCIAL SCIENCES (1)**

Prereq: concurrent enrollment in a 200-level GUR social sciences course and permission of instructor. Concurrent enrollment in a writing course also may be required. This course, offered for GUR credit, teaches students library research methods that will enable them to successfully conduct their research and writing assignments in the related courses. Students may produce a research log entry or an annotated bibliography.

**204 APPLIED RESEARCH STRATEGIES FOR COMPARATIVE, GENDER, AND MULTICULTURAL STUDIES (1)**

Prereq: concurrent enrollment in a 200-level GUR comparative, gender and multicultural studies course and permission of instructor. Concurrent enrollment in a writing course also may be required. This course, offered for GUR credit, teaches students library research methods that will enable them to successfully do their research and writing assignments in the related courses. Students may produce a research log or an annotated bibliography.

**225 INTERNET LITERACY (3)**

Prereq: sophomore level or above or permission of instructor. Teaches Internet literacy, which includes understanding Internet publishing and the role of the Internet in scholarly research; defining information needs; identifying and mastering appropriate resources (search engines, directories, databases, e-lists, digital libraries, e-journals, bibliographies, biographies, encyclopedias, et cetera); evaluating Internet information; exploring the effect of the Internet on social issues (censorship, copyright, use trends, fraud, et cetera). Students will create a Web site of resources.

**302 RESEARCH PAPER TUTORIAL (1-4)**

Prereq: concurrent enrollment in a 300-level writing intensive course. This course is intended to be linked with upper-level writing intensive courses. The purpose of this course is to familiarize students with the methods of identifying the relevant body of knowledge in a discipline and the library research methods that will enable them to utilize this knowledge in successfully writing assigned research papers. Includes developing a research strategy and collecting resources for an annotated bibliography to accompany an assigned research paper in a linked 300-level course.

**370 INTRODUCTION TO LITERACY IN SCHOLARLY CULTURES (4)**

Prereq: LIB 125, 201 or 302 or permission of instructor. This course is designed for scholars-in-the-making. The student will develop an understanding of the structures and genres of scholarly discourse; learn about the ways in which scholars communicate and about what scholars mean when they speak of "craft skills," "discourse community," "the social construction of knowledge," and "multicultural issues" in the context of their shared vocabularies and values. The student will learn the skills needed to read and/or write scholarly texts in the social sciences, the humanities, and the sciences. Emphasis will be upon small writing projects, journal keeping, and group work.

**398 METHODS OF RESEARCH AND ANALYSIS (4)**

Prereq: HIST 103 or 104 and HIST 111, 112 or 113. Familiarizes students with the application of a wide variety of historical methods and tools. Designed to develop writing skills, it also focuses on different techniques of analysis, source criticism and historiography. Also taught as HIST 398.

**499 SPECIAL PROBLEMS (4)**

Prereq: AMST 301 and senior status. Research designed to demonstrate the student's competence in working with the tools of the discipline. Also taught as AMST 499.

**WOMEN STUDIES**

[www.wvu.edu/depts/womenstudies/](http://www.wvu.edu/depts/womenstudies/)

The women studies program offers students an interdisciplinary approach to the study of feminist perspectives and voices, and provides a forum for students to develop and articulate their own experience. Courses in the program address issues in three basic areas: women in history and politics, women in science and society, and women in language and the arts.

The minor includes five core courses and additional electives for a total of 30 credits. Students are expected to earn at least a

C+ in courses counting toward the minor.

Students may design a student/faculty-designed major through the College of Arts and Sciences.

Close advisement is recommended, as new courses may apply to this minor.

Women studies minors are required to register with the women studies office. For program advisement, contact the women studies office, Miller Hall 177, phone 360-650-3534.

**PARTICIPATING FACULTY**

**ROSANNE KANHAI**, Women studies director, English. Women of color, transnational feminism, literature across cultures.

**KATHRYN ANDERSON**, Fairhaven. American women's history and politics, gender and communication, women's oral history.

**KRISTEN ANDERSON**, Sociology. Gender and society, the family in society, domestic violence and the criminal justice system.

**KAREN BRADLEY**, Sociology. Gender and education.

**MEREDITH CARY**, English. Gender equality in the study of literature and writing.

**MARIA CHAVEZ**, Anthropology. Global perspectives on feminism, women of Latin America, women of color.

**BARBARA COLLAMER**, Psychology.

**KRISTIN DENHAM**, English. Gender and linguistics.

**DAWN DIETRICH**, English. Literature, technology and gender, feminist film theory, performance studies.

**MARIE EATON**, Fairhaven. lesbian/gay/bisexual/transgendered issues in education.

**ANNA EBLEN**, Communication.

**PATRICIA M. FABIANO**, Prevention and Wellness Services. Women's health, gay/lesbian/bisexual/transgendered health, social and political determinants of health.

**DEBORAH KIRBY FORGAYS**, Psychology. Psychology of women, women and health, gender assessment across cultures, the experience and expression of anger in women.

**ALLISON GIFFEN**, English. Early 19th century American women writers and American women poets.

**CAROL GUESS**, English. Lesbian/gay/bisexual/transgendered studies, 20th century American and British literature.

**JOYCE HAMMOND**, Anthropology. Cross-cultural gender studies, women of the global south, representations of women in the Medici.

**PAM HARDMAN**, English. Women's literature, cultural studies, medical institutions' treatment of women.

**DANA JACK**, Fairhaven. Gender issues in cultural contexts, including women's psychology, depression, eating disorders, anger and aggression in women.

**CAROL JANSON**, Art. Women in early modern European visual culture, representing gender and sexuality in myths, the role of women in museum culture.

**KATHLEEN KENNEDY**, History. American women's history, women and American politics, the history of sexuality.

**ANNE LOBECK**, English. Language and gender.

**JEN LOIS**, Sociology. Gender and society.

**LEE MARACLE**, Canadian studies. Creative writing and performance art, indigenous women, First Nations culture.

**MARY JANELL METZGER**, English. Feminist theory, women and literature.

**KATE MILLER**, Women studies. Introduction to women studies, gay/lesbian/bisexual/transgendered studies, creative writing.

**CYNTHIA MOULDS**, Women studies. Gender and globalization, feminist pedagogy.

**LISA MOULDS**, director, Service Learning. Women studies and service learning.

**NANCY PAGH**, English. Gender and Pacific Northwest regional studies, women and environments, women and space.

**SUZANNE PAOLA**, English. Creative writing, women and literature.

**DEBRA J. SALAZAR**, Political science. Women and environmental politics.

**KATHY SAUNDERS**, Anthropology. Gendered aspects of technoscience, reproduction and kinship, cross-cultural sex and gender.

**LINDA SMEINS**, Art. Feminist art theory.

**MIDORI TAKAGI**, Fairhaven. Race, class and gender, comparative studies of women of color.

**KATE TRUEBLOOD**, English. Women and literature, creative writing.

**NANCY VAN DEUSEN**, History. Women and gender in Latin America.

## INTERDISCIPLINARY PROGRAMS

**SARA WEIR**, Political Science. Social and health policy, women and politics, feminist political theory.

**KATHLEEN YOUNG**, Anthropology. Cross cultural gender roles.

### *Minor — Women Studies*

30 credits

Core

20-22 credits

One course at 300 level or above in each of the following areas

- **Women in History and Politics:** These courses examine women's role and constructions of gender in history and politics: WMNS 311, 313; FAIR 310, 362, 363, 392, 411, 412, 418; HIST 367, 368, 369, 417, 417a, 417c, 435, 463, 465, 471a, 471b, 556; PLSC 345, 421, 469
- **Women in Science and Society:** These courses examine social constructs and theories pertaining to women's identity and roles, drawing especially on issues of class, race and gender; women's work and the economy; families and households: ANTH 353, 453, 553; FAIR 313, 314, 338, 341, 342, 345, 347, 445; SOC 354, 359, 368; WMNS 314
- **Women in Language and the Arts:** These courses discuss feminist critiques of representations of women in language and literature, visual and performance arts, and the media: COMM 416; ENG 309, 311, 338, 408, 417, 514, 550, 575; FAIR 389; THTR 428e; WMNS 314

Each academic year the women studies office compiles a list of all courses with a gender/women studies focus.

Detailed descriptions of the above courses can be found in their respective department listings.

Electives: 4 or more credits from any of the above areas

Students are expected to earn at least a C+ in courses counting toward the minor.

### **COURSES IN WOMEN STUDIES (WMNS)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### **211 INTRODUCTION TO WOMEN STUDIES (4)**

Introduction to the issues, questions, conceptual frameworks and methods basic to a study of human societies, their institutions and cultural artifacts from a perspective that comprehends women's experience.

#### **311 AMERICAN WOMEN STUDIES: 1620-1850 (5)**

Prereq: HIST 103 or 104 or ENG 216 or another women studies course.

Women's role in American society from colonial times to the mid-19th century, with attention to differences of race and class. Emphasis on changing sex roles for both women and men as a result of changes in the structure of the family, immigration, urbanization, expansion of the frontier, education, religion, development of the nation and industrialization.

#### **313 AMERICAN WOMEN STUDIES: 1850-PRESENT (5)**

Prereq: HIST 103 or 104 or ENG 216 or another women studies course.

Factors influencing the female gender role as it changed in the last century and a half from the "Cult of True Womanhood" to the "New Woman" to the "Feminine Mystique" to the "Liberated Woman." Emphasis on the impact of changing modes of American capitalism; women's efforts for equal rights and social reform; changing patterns of fertility; women's increased participation in the work force; changes in women's role in the domestic sphere.

#### **314 GLOBAL WOMEN (4)**

Prereq: WMNS 211 or 4 credits of any 300-level women studies course.

Introduces the concepts of transnational feminism. Examines the experiences of women in a global economy, explores the strategies women develop to resist global patriarchal structures, and to organize and mobilize globally.

#### **353 SEX AND GENDER IN CULTURE (4)**

Prereq: 5 credits of anthropology. Cross-cultural study of gender stereotypes, gender and language, gender and work roles, gender and religion. Also listed as ANTH 353.

#### **411 SENIOR PROJECT (1-6)**

Prereq: must have completed women studies core. Projects serve as a capstone experience for minors and majors in which students demonstrate their ability to apply knowledge of subject matter and methodology. Students are encouraged to develop interdisciplinary research or field projects that gives them opportunity to put into practice the theories and skills they have been learning during the course of their study. Students are encouraged to develop project internships with women's community organizations. Repeatable to a maximum of 15 credits.

#### **453 WOMEN OF THE GLOBAL SOUTH (4)**

Prereq: 15 credits at the 300 level in anthropology or a related discipline, WMNS 211, ANTH 353 highly recommended or permission of instructor. Examines a variety of contemporary issues facing women of the South such as economic realities, family responsibilities, health issues, and women's rights. Emphasis on individual and group work to examine selected topics and to gain in-depth knowledge about women in specific countries.

### **Courses from Other Disciplines**

**Anthropology:** ANTH 353, Sex and Gender in Culture; ANTH 453, Women of the Global South; ANTH 553, Women of the Global South.

**Art History:** A/HI 438, Art and Feminism.

**Communication:** COMM 416, Women and Communication in 20th Century Social Movements.

**English:** ENG 309, Literature and Culture III: 18th and 19th Centuries; ENG 310, Literature and Culture IV, 19th Century American Women Writers; ENG 311, Literature and Culture V, 20th and 21st Centuries; ENG 338, Women and Literature; ENG 408, Cultural Studies; ENG 417, Senior Seminar; ENG 514, Studies in Language and Linguistics; ENG 550, Studies in American Literature; ENG 575, Studies in Women's Literature.

**Fairhaven:** FAIR 310k, Culture, Gender and Emotion; FAIR 310r, Radical Women: Emma Goldman; FAIR 313, GLBT Issues in Education; FAIR 314, The Science of GLBT Health; FAIR 341, Awareness Through the Body II; FAIR 345, The Body Speaks: Culture and Eating Disorders; FAIR 362, We're Not for Sale: History of Asian Women in America; FAIR 363, Suzie Wong to Miss Saigon: Asian Presence in Hollywood; FAIR 389, Communication and Gender; FAIR 392, Women of the West; FAIR 411, Political Ideas; FAIR 412, Ecofeminism; FAIR 418, Women, Ideas and Change: A History of Feminist Thoughts and Actions; FAIR 445, Human Aggression.

**History:** HIST 367, U.S. Women to 1865; HIST 368, U.S. Women from 1865; HIST 369, Topics in U.S. Women's History; HIST 417, Identity, Class, and Gender in the Ancient World; HIST 463, Latinas and Latinos in the U.S. West; HIST 471a, Women and Gender in Colonial Latin America; HIST 471b, Women and Gender in Latin America: 1825 to Present; HIST 556, Gender, Class and Race in Colonial Latin America.

**Political Science:** PLSC 345, Women and Politics; PLSC 421, Lesbian, Gay, Bisexual, Transgendered Politics; PLSC 469, Feminist Political Theory

**Sociology:** SOC 354, Domestic Violence and the Criminal Justice System; SOC 359, Women and Deviance; SOC 368, Gender and Education.

**Theatre Arts:** THTR 428a, Contemporary Women Dramatists.

# EXTENDED EDUCATION AND SUMMER PROGRAMS

## EXTENDED EDUCATION AND SUMMER PROGRAMS

Dr. Barbara Audley, Executive Director

405 32nd St., Suite 209, 360-650-7265

www.ExtendedEd.wvu.edu

Extended Education and Summer Programs (EESP) links the University to a broad-based community, from youth to senior citizens, by providing high-quality, client-centered educational opportunities.

EESP supports and delivers University programs to students and community members within and beyond the borders of the Bellingham campus. Bachelor's degree completion, graduate, and certificate/endorsement programs are available at various locations around Puget Sound or, in some instances, online. Individual distance learning courses are offered for degree completion and professional development purposes. EESP also facilitates the on-campus Summer Session.

EESP reaches out to the public with space-available courses for community members, with workshops for youth, and noncredit enrichment courses for all ages. EESP facilitates conferences for groups and organizations, both on and off campus. Training programs can be arranged for businesses and industry.

### Degree Programs

Lois Longwood, Director

360-650-2117

www.ExtendedEd.wvu.edu

The following *academic degree, certificate and preparation programs* are offered through the College of Humanities and Social Sciences, the College of Sciences and Technology, Huxley College, Woodring College of Education, and the Graduate School. For program information, contact the appropriate site listed below.

These programs are self-sustaining, and are contingent upon sufficient enrollment and available University resources. Upon startup, all course work for program completion will be offered at a designated site or through distance education.

### Communication Sciences and Disorders

The Department of Communication Sciences and Disorders offers a post-baccalaureate program for students interested in preparing for a graduate degree in the communication sciences and disorders field. The program is a four-quarter lockstep program beginning fall quarter; courses are taken sequentially through summer quarter.

- Western Washington University, 516 High St., Bellingham, WA 98225, 360-650-2117

### Continuing and College Education

This MEd program is designed for those who desire to teach, train, and administer education programs targeted to adult populations. Program graduates will be prepared as teachers, trainers, educators, and administrators in continuing and higher education settings.\*

\*Pending HECE approval.

- Everett Education Center at Broadway Center, 840 N. Broadway, Suite 118, Building B, Everett, WA 98201-1288, 425-339-3810, X/17

### Educational Administration

The MEd in Educational Administration and/or post-master's course work leads to Washington State Principal Certification (initial or continuing). The program is designed to prepare elementary and secondary school personnel to assume the leadership roles of the principal or associate principal.

- Western Washington University, Miller Hall 204, Bellingham, WA 98225-9087, 360-650-3708
- Seattle Urban Center at Northgate, 12351 8th Ave. N.E., Seattle, WA 98125-4805, 206-366-7806
- Classes in Bremerton, 360-650-3708

The **Superintendency Certificate Program** will train exemplary leaders to meet the demands of school district leadership focused on optimal student achievement. Completion of the program leads to state superintendent certification and qualifies candidates for the superintendency as well as other district-level leadership roles.

- University Center at Everett Station, 3201 Smith Ave., Ste. 200, Everett, WA 98201, 360-650-3708

### Elementary Teacher Education and Certification

Transfer students may take a sequence of upper-division courses leading to a **BA in Education and the Residency Teaching Certificate**. Evening classes allow working adults to continue or complete education goals.

Students with a BA or BS, in an approved academic major may complete course work leading to a **Washington State Residency Teaching Certificate** with a primary endorsement in elementary education (K-8). This post-baccalaureate program offers evening courses.

*The undergraduate and post-baccalaureate programs are offered at one or more of the following extension sites:*

- Everett Education Center at Broadway Center, 840 N. Broadway, Suite 118, Building B, Everett, WA 98201-1288, 425-339-3810, X/11
- Bremerton Center at Olympic College, 1600 Chester Ave., Bremerton, WA 98337-1699, 360-475-7272
- Oak Harbor Center at Skagit Valley College, 1900 S.E. Pioneer, Oak Harbor, WA 98277, 360-679-5275
- Seattle Urban Center, North Seattle Community College, 9600 College Way N., Seattle, WA 98103-3599, 206-527-3718

A full-time, five-quarter *daytime program* is also offered to post-baccalaureate students seeking a Residency Teaching Certificate with a primary endorsement in elementary education (K-8). The program incorporates extensive field experience in the Bellingham Public Schools within a cohort model. Classes are held on Western's Bellingham campus and local public school classrooms.

- Western Washington University, 516 High St., Bellingham, WA 98225, 360-650-7358

### Environmental Studies

Western's Huxley College of the Environment offers a two-year upper-division undergraduate degree program with course work in two majors: environmental policy and environmental science. Program classes are planned on the campuses of Peninsula College in Port Angeles and Olympic College in Bremerton beginning fall 2004.

The BA in environmental policy prepares students to enter

## EXTENDED EDUCATION AND SUMMER PROGRAMS

professional fields concerned with the sustainability of the human and natural environment. This program provides the knowledge and skills necessary to promote positive change by solving problems and implementing shared visions in both natural settings and urban communities.

The BS in environmental science major draws on basic knowledge of the physical, chemical, biological and quantitative aspects of natural systems. The program provides the knowledge of how natural systems work and the skills required for solving problems largely created by human activities.

- Bremerton Center at Olympic College, 1600 Chester Ave., Bremerton, WA 98337-1699, 360-475-7265
- Port Angeles Center at Peninsula College, 1502 E. Lauridsen Blvd., Port Angeles, WA 98262-6698, 360-650-7244

### Human Services

The human services major is an interdisciplinary, upper-division program leading to a BA degree. Curricular goals stress the continual interaction between theory and practice by integrating classroom concepts and internship placement experiences. The degree is offered at four sites and via Web-based instruction.

- Western Washington University, Miller Hall 403, Bellingham, WA 98225-9087, 360-650-7759
- Cyber, WWU Miller Hall 403, Bellingham, WA 98225-9087, 360-650-7487
- Bremerton Center at Olympic College, 1600 Chester Ave., Bremerton, WA 98337-1699, 360-475-7265
- Everett Education Center at Broadway Center, 840 N. Broadway, Suite 118, Building B, Everett, WA 98201-1228, 425-339-3810, X/17
- Seattle Urban Center at Northgate, 12351 8th Ave. N.E., Seattle, WA 98125-4805, 206-366-7800

### Rehabilitation Counseling

The MA in rehabilitation counseling prepares students to work with individuals with disabilities in a variety of public and private settings. The 72-credit graduate program includes a clinical counseling internship component. Courses are offered evenings and by distance education. Graduates are prepared to take the national certification exam.

- Center for Continuing Education and Rehabilitation, 6912 220th St. S.W. #105, Mountlake Terrace, WA 98043-2169, 425-774-4446

### Secondary Teacher Education and Certification

Students may take a sequence of upper-division and graduate courses leading to a residency teaching certificate and MIT. Most of the courses are offered in the evening, allowing students to work toward the certificate or degree on a part-time basis.

- Seattle Urban Center at North Seattle Community College, 9600 College Way N., Seattle, WA 98103-3599, 206-527-3718

### Vehicle Design

The Vehicle Research Institute (VRI) offers a post-baccalaureate program in vehicle design for students with a background in engineering. The program is a three-quarter lockstep program beginning fall quarter; courses are taken sequentially through spring quarter. The courses are based at the undergraduate level with additional content and an emphasis on applied laboratory experience. Students may also become involved in the ongoing research of VRI.

Western Washington University, 516 High Street, Bellingham,

WA 98225-5293, 360-650-2117

### Continuing and Independent Learning (CIL) 360-650-3650

Dr. Larrene Shannon, Director

[www.ExtendedEd.wvu.edu/CIL](http://www.ExtendedEd.wvu.edu/CIL)

Many people would like to take university courses but regular class attendance does not fit into their busy schedules. The CIL office offers alternatives for completing university credit without coming to campus. Most of the courses are open to anyone — both Western students and the public may enroll.

Western students often enroll to fulfill their General University Requirements; writing proficiency requirement; electives; or, if available, courses required for their major. Members of the public also enroll for professional development, personal enrichment, or to apply credits toward teaching credentials or a degree at another institution. CIL opens the door to the following educational opportunities:

**Academy for Lifelong Learning (ALL)** offers courses for adults of all ages and backgrounds. ALL enriches the community by providing learning opportunities not available elsewhere. Courses are offered in ever-changing topics, with emphasis on interdisciplinary exploration.

**Certificate Programs** offer in-depth study in professional and specialized areas, resulting in professional certification or a certificate of completion when the program is successfully completed. Courses are designed to meet the busy schedules of adults. Programs include:

- The 12-credit, online **Birth to Five Care** certificate program offers preparation for a career in early childhood training and care. Courses meet state and national Head Start and early childhood education requirements

[www.ExtendedEd.wvu.edu/Birthto5](http://www.ExtendedEd.wvu.edu/Birthto5)

- The **Emergency Management** 23-credit, online certificate program offers a foundation in hazards, disasters, and society's organized response to them. Students are prepared to pursue or advance in a career in emergency management or a related field

[www.ExtendedEd.wvu.edu/EmergencyMgmt](http://www.ExtendedEd.wvu.edu/EmergencyMgmt)

- The **Professional Certificate Program** prepares candidates to become outstanding teachers and helps them to engage in career-long, self-directed professional development. The program promotes best practices in teacher education and professional development, and assists candidates in achieving and demonstrating a positive impact on student learning.

[www.wce.wvu.edu/Resources/Certification](http://www.wce.wvu.edu/Resources/Certification)

### Teaching English to Speakers of Other Languages (TESOL).

The 24-credit TESOL program leads to a certificate of achievement and also meets Washington state's requirements for a supporting endorsement in teaching ESL. The program provides training in the core areas vital to the profession, including linguistics, grammar, second language acquisition theory and a two-part methods course.

- Western Washington University, Miller Hall 251D, 516 High St., Bellingham, WA 98225, 360-650-4949

- Everett Education Center at Broadway Center, 840 N. Broadway Center, Suite 118, Building B, Everett, WA 98201-1288, 425-339-3810, X/15

[www.wce.wvu.edu/TESOL](http://www.wce.wvu.edu/TESOL)

**SPAN Program.** Space Available to Non-matriculated (SPAN) students enables individuals not formally admitted to WWU to

earn credit by attending classes at the Bellingham campus. SPAN registration is offered on a space available basis for fall, winter, and spring quarters only  
[www.ExtendedEd.wvu.edu/SPAN](http://www.ExtendedEd.wvu.edu/SPAN)

**Independent study contracts** are available for students not currently enrolled at WWU

**Print-based (correspondence style) courses** enable students to start anytime and work from any location while following a course guide developed for the self-paced student  
[www.ExtendedEd.wvu.edu/ilearn](http://www.ExtendedEd.wvu.edu/ilearn)

**Professional Development.** Opportunities are available for individuals interested in broadening their professional skills or exploring new careers, and for teachers seeking professional certification, additional endorsements, or courses to enhance their careers. Offerings include:

- **Credit Option/Clock Hour partnerships** with school districts and professional organizations provide Western credit to their course offerings. Course work must meet University academic standards
- **Individual courses** in the classroom offered on a self-supporting basis through academic departments
- **Online (Internet-based) courses** begin and end with Western's quarters. Students may access the course 24 hours, seven days a week and work at the pace designated by the instructor. Many of these courses are geared toward new, returning and continuing educators, and human services professionals

[www.ExtendedEd.wvu.edu/ProfDev](http://www.ExtendedEd.wvu.edu/ProfDev)

• **Special Education**

This 45-credit post-baccalaureate program is designed for teachers who wish to obtain an additional endorsement in Special Education (P-12). The program provides coherent preparation in all areas of the special education curriculum as well as an internship experience.

[www.wce.wvu.edu/depts/SPED/Everett](http://www.wce.wvu.edu/depts/SPED/Everett)

- University Center at Everett Station, 3201 Smith Ave., Ste. 200, Everett, WA 98201, 360-650-7505.

**COURSES IN EXTENDED PROGRAMS (EXT)**

Courses numbered X37; X97; 300, 400; 417, 445 are described on Page 31. No more than 15 credits of courses taken in the EXT prefix can be applied toward a degree at Western Washington University.

**129 WRITING CONVENTIONS (3)**

Vocabulary of language, standard writing conventions, and the process of effective writing. Practice in identifying proper English usage and in developing fluent, professional writing.

**460 PRINCIPLES AND PRACTICES OF EMERGENCY MANAGEMENT (3)**

Introduction to society's organized response to natural and technological hazards and disasters. Explore the history and evolution of the profession and investigate the organization of emergency management systems in public and private sectors. Required for Emergency Management certificate completion.

**461 PRACTICAL APPLICATIONS OF EMERGENCY MANAGEMENT (3)**

Study the theory and techniques involved in developing an emergency management plan for a public or private sector organization. Explore the processes involved in the data gathering, hazard identification and vulnerability assessment, plan development, training and exercise. Students will prepare a draft emergency program development plan for the organization of their choice. Required for Emergency Management certificate completion.

**462 LAW AND POLICY IN EMERGENCY MANAGEMENT (3)**

Discusses the legal processes related to emergency management and their effect on social change, delivery systems, and affected populations. Readings encompass the intent, development, and use of legislative,

judicial, administrative, and policy/procedural systems within Federal, State, and local levels of government. Required for Emergency Management certificate completion.

**463 SOCIAL ISSUES IN EMERGENCY MANAGEMENT IN THE 21ST CENTURY (4)**

The effects of contemporary social issues and conflicts upon the development and delivery of emergency management systems in the United States are outlined. Gain an understanding of the varying constraints and motivations of people. Lessons in the response of cross-cultural, religious, and special needs populations before, during, and after a disaster are provided.

**464 GROUP DYNAMICS AND FACILITATION OF EMERGENCY MANAGEMENT SYSTEMS (3)**

Evaluate group systems in relation to the effective implementation of emergency management systems. Review solutions for organizational problems and assess the role of conflict management in an emergency management setting.

**465 IMPACT OF DISASTER (4)**

Investigates the impact and consequences of post-traumatic stress on victims, families, emergency workers, and community members resulting from natural disasters, human-made emergencies, or societal violence.

**466 INTERPERSONAL COMMUNICATION IN DISASTER SERVICE (3)**

Examine the interpersonal dynamics of verbal and written communication in relation to emergency management. Analyze communication issues including, listening effectively, understanding nonverbal communication, speaking in public, and working with the media.

**467 EMERGENCY MANAGEMENT AND THE CHALLENGE OF TERRORISM (3)**

Provides an introduction to the hazards posed by terrorism and the response to terrorism through the lens of the duties and functions inherent in the role of the emergency manager.

**468 EMERGENCY MANAGEMENT AND COPING WITH DISASTER STRESS (3)**

When faced with the reality of a disaster the one constraint is that humans react. Learn the typical reactions for toddlers through senior citizens and organizations. Techniques are presented for coping, mitigating, and how to be better the next time a disaster occurs.

**494 EMERGENCY MANAGEMENT SERVICE LEARNING INTERNSHIP (2-6)**

Supervised service learning experiences as employees or volunteers in an emergency service agency. Open only to students of the Emergency Management Certificate. S/U grading only.

*Summer Programs*

*Dr. Susanne Daniell, Director*

360-650-7244

[www.ExtendedEd.wvu.edu](http://www.ExtendedEd.wvu.edu)

**Summer Session** is a self-support quarter on the Bellingham campus which offers academic credit and professional development courses. Summer enrollment is open to WWU students and the public. 360-650-2841, [www.wvu.edu/~summer/](http://www.wvu.edu/~summer/).

**Conference Services** is active year-round in facilitating and planning professional conferences for groups and organizations. Services include fiscal management, registration, hospitality, printing, media equipment and support. 360-650-6821, [www.ExtendedEd.wvu.edu/conference](http://www.ExtendedEd.wvu.edu/conference)

**Institutes** provide professional renewal opportunities for individuals and groups in a campus-retreat setting.

**Seminars** bring to campus, or to a central location, noted public speakers who share their expertise by conducting topical presentations.

**Youth Programs** are designed for the academic pursuits and leadership development of youth in elementary, middle and high school. Participants live on campus or commute while they explore the arts, humanities, technology, science, outdoor challenges and more. 360-650-6822/6820, [www.wvu.edu/~adventur](http://www.wvu.edu/~adventur).

# COLLEGE OF SCIENCES AND TECHNOLOGY

The College of Sciences and Technology consists of seven academic departments: biology, chemistry, computer science, engineering technology, geology, mathematics, and physics/astronomy. In addition to the academic departments, the college is home to Western's Science, Mathematics, and Technology Education (SMATE) program that is dedicated to the enrichment and education of K-12 pre-service teachers and education reform. The college is committed to excellence in teaching, fostering interdisciplinary research and study opportunities, enhancing diversity, enhancing the quality of science and technology K-12 teaching, and the development of critical thinking. Western has invested heavily in new facilities for the sciences in recent years (biology, chemistry, engineering technology, and SMATE). A new communications facility will open in the spring of 2004 and will house both the computer science department and the physics/astronomy department. Thus, students in the college are engaged in high-quality classroom experiences that, when combined with laboratory experiences, foster a basic understanding of the scientific method and research methodologies. Students in the college are encouraged to participate in individual or team research projects with faculty members.

All the departments with the college are dedicated to providing a high-quality education for students by using undergraduate research and practical laboratory-based experiences designed to stimulate intellectual curiosity, critical thinking abilities and application of the scientific method. Graduates from the college pursue graduate degrees, a wide variety of jobs in industry or governmental organizations, or become teachers. All of the graduates are expected to be excellent communicators and be vigorous throughout their lives in the active pursuit of knowledge.

Within the seven academic departments, students will find a wide variety of majors from which to choose, including many interdisciplinary majors. Both bachelor's and master's degrees are offered. Graduates from many majors also seek certification in education. The College of Sciences and Technology partners with the College of Humanities and Social Sciences to provide students with a liberal education. Graduates from the College of Sciences and Technology are uniquely positioned, therefore, to contribute leading roles in their scientific, professional and technical lives in our increasingly complex world.

## Academic Programs Leading to Undergraduate and Graduate Degrees

|   |            |
|---|------------|
| Anthropology/Biology .....                        | BA         |

| Student-Faculty Designed Major .....       | BA, BS           |

## Majors and Minors

In addition to the General University Requirements and other common degree requirements of the University, the candidate for a Bachelor of Arts or Bachelor of Science degree must complete a major area emphasis which is usually accompanied by supporting courses. A minor is optional. A few concentrations are offered which encompass both a major and a minor. Students will confer with appropriate departmental advisors to plan study programs. Transfer students are expected to complete at least a portion of their work in the major and minor fields in this institution.

## Academic Advisement

As the student completes the freshman year, which usually consists largely of courses that meet the General University Requirements, he or she is referred to the academic departments for continued personalized advisement in planning and selecting courses of study. Faculty within each department share responsibility for counseling students electing concentrations in their area. Faculty members may recommend to the department chair the waiving of certain course prerequisites (when it has been demonstrated that the student already has these competencies). Students who are undecided about a major may seek advisement through the Academic Advising Center in Old Main.

## Department Chairs

|   |                        |
|---|------------------------|
| Dr. Gisèle Muller-Parker, Interim ..... | Biology                |
| Dr. Mark Wicholas .....                 | Chemistry              |
| Dr. David Bover .....                   | Computer Science       |
| Dr. Steven Dillman, Acting .....        | Engineering Technology |
| Dr. Scott Babcock .....                 | Geology                |
| Dr. Tjalling Ypma .....                 | Mathematics            |
| Dr. Brad Johnson .....                  | Physics/Astronomy      |

## Departments, Courses and Programs

Courses listed in this catalog constitute a record of the total academic program of the University. For an exact scheduling of courses at Western, students should consult the annual *Timetable of Classes* and Extended Education and Summer Programs' bulletins.

# BIOLOGY

Biology — the scientific study of living things — includes a broad spectrum of fascinating fields. Cell and molecular biology, developmental genetics, systematics and evolution, botany, zoology, marine biology, microbial ecology, plant ecology, animal ecology, physiological and behavioral ecology and science education are some of the specialties of study that students can pursue with the biology faculty at Western. The Department of Biology offers major and minor degree programs wherein students can obtain a strong base of biological knowledge from the *core curriculum*. Biology majors become proficient in critical thinking, the application of scientific methods and approaches, and written and oral presentation. Biology majors are provided the opportunity to focus in an area of depth, called an *emphasis*, in which the student takes an array of advanced courses that enables the student to build an interest into a strength. Thus, students are well prepared by the biology faculty to begin post-graduate pursuit of a variety of professional careers in biology, in the health sciences, and in teaching at public schools and community colleges. A description of the Department of Biology may be found on the World Wide Web at [www.biol.wvu.edu/biology/](http://www.biol.wvu.edu/biology/).

An important mode of teaching by faculty in the biology department is laboratory instruction, wherein active learning by students occurs at the lab bench and in the outdoors, under faculty supervision. We strongly recommend that biology majors own a personal computer with current software. These are important tools for analyzing data and preparing graphs, tables, and text for biology classes. Students in many of the advance courses perform individual and group research projects, wherein the practice of independent learning is refined. Students can also assist in faculty research and can perform quasi-independent research projects as well. These active learning experiences develop the skills that are invaluable for the many careers in biology.

## FACILITIES AND RESOURCES

Western Washington University has recently completed construction of three new buildings for the sciences: Biology, Chemistry, and the Science, Math and Technology Education Center. The Department of Biology features teaching labs, research labs, environmental control rooms, a seawater lab, image analysis labs, darkrooms, computer labs and multimedia lecture halls. A greenhouse on campus supports teaching and research in botany. The Sundquist Marine Laboratory at Shannon Point, near Anacortes, supports research and teaching by the marine biologists in the Department of Biology. Several recent National Science Foundation grants for acquisition of state-of-the-art instrumentation have been awarded to the biology faculty. Some of the recent acquisitions are fluorescence and video microscopes, 3-D optical sectioning microscope, image analysis systems, DNA sequencing and PCR equipment, spectrophotometers, hydrolabs for examination of water quality, veterinary-grade X-ray machine, oxygen and carbon dioxide respirometry systems, and bioelectric and force measurement systems.

The variety of plant communities and climatic patterns of the Cascade and Olympic Mountains and nearby lowlands, the numerous ponds and lakes, streams and rivers and the many marine habitats provide a rich diversity of organisms for students to encounter and study. Hence, fascinating learning opportunities abound for students participating in the many laboratory courses and research projects in biology at Western.

## BIOLOGY FACULTY

- GISÈLE MULLER-PARKER** (1990) Interim Chair and Professor. BS, State University of New York at Stony Brook; MS, University of Delaware; PhD, University of California, Los Angeles.
- ALEJANDRO ACEVEDO-GUTIERREZ** (2002) Assistant Professor. BSc, Universidad Autonoma de Baja California Sur, Mexico; PhD, Texas A&M University.
- ROGER A. ANDERSON** (1994) Associate Professor. BS, University of Minnesota; MA, University of California, Riverside; PhD, University of California, Los Angeles.
- HERBERT A. BROWN** (1967) Professor. BA, University of California, Los Angeles; PhD, University of California, Riverside.
- DEBORAH A. DONOVAN** (1998) Associate Professor. BSc, MSc, University of California, Davis; PhD, University of British Columbia.
- DAVID U. HOOPER** (1998) Associate Professor. BA, Middlebury College; PhD, Stanford University.
- DAVID S. LEAF** (1991) Associate Professor. BS, University of Washington; PhD, Indiana University.
- DAVID R. MORGAN** (1993) Associate Professor. BS, MS, Mississippi State University; PhD, University of Texas.
- CRAIG L. MOYER** (1997) Associate Professor. BS, MS, Oregon State University; PhD, University of Hawaii.
- EMILY R. PEELE** (1990) Professor. BA, University of North Carolina, Greensboro; MSPH, University of North Carolina, Chapel Hill; PhD, University of Georgia.
- MERRILL A. PETERSON** (1997) Associate Professor. BS, University of Washington; PhD, Cornell University.
- ANU SINGH-CUNDY** (1996) Associate Professor. BSc, MSc, Delhi University, Delhi, India; PhD, Cornell University.
- CAROL TRENT** (1989) Associate Professor. BS, Indiana University; PhD, Massachusetts Institute of Technology.
- DON C. WILLIAMS** (1968) Professor. BA, Chico State College; MA, PhD, University of California, Davis.
- JEFF C. YOUNG** (1999) Associate Professor. BA, PhD, Ohio State University.

### Research Associates

- GEORGE H. CZERLINSKI**. BS, University of Hamburg; MS, Northwestern University; PhD, University of Göttingen.
- FREDERICK M. RHOADES**. BA, Swarthmore; MS, Oregon State University; PhD, University of Oregon.

### Adjunct Faculty

- JENNIFER PURCELL**. BS, MS, Stanford University; PhD, University of California, Santa Barbara.
- STEPHEN SULKIN**. BA, Miami University; MS, PhD, Duke University.
- KATHRYN L. VAN ALSTYNE**. BS, University of Rhode Island; PhD, University of Washington.

## The BS Degree

Professions in biology are diverse. Many specialties require additional training after graduation from Western. Students interested in particular professional opportunities should select one of the areas of emphasis listed below, and they should meet with their advisor to organize an appropriate program of study. The BS program is recommended for students who plan to engage in occupations requiring a specialty in biology: teaching biology in secondary schools and in community colleges, technician-level biological research, or principal-investigator-level biological research and teaching, requiring post-graduate studies in the biological sciences. This BS degree is based on a strong core of biology courses and supporting courses in chemistry, physics and mathematics. The BS degree has a number of different emphases: botany, cellular, ecology, evolution, general biology, secondary teaching, marine biology and zoology.

An interdisciplinary BS major, Cellular and Molecular Biology/Biochemistry is offered with the chemistry department. Two

## BIOLOGY

combined BS majors are also offered: Biology/Anthropology and Biology/Mathematics. More specific information about the BS program is available in the biology office.

### *The BA Degree*

Many students simply want to make biology the focus of a liberal arts education, and are not directly interested in post-graduate study or professional careers in biology or teaching. These students are encouraged to pursue the BA degree in biology. The number of required courses in the BA degree has been kept low to permit students to add other areas of study and courses suited to their individual needs and interests. Students pursuing the BA degree in biology may wish to combine their interest in biology with a focus of course work in other areas such as history or political science. Combinations of these sorts are particularly valuable to those interested in environmental science. Focusing course work in other disciplines, such as art, economics, philosophy, physical education, psychology or speech are also beneficial to students pursuing a BA degree in biology. The combined BA in biology/anthropology is available to students whose interests span these two disciplines.

### TEACHING CAREERS IN BIOLOGY

Students wishing to teach in the Washington public schools should complete the certification program in the Woodring College of Education ([www.wce.wvu.edu/Resources/Certification/](http://www.wce.wvu.edu/Resources/Certification/)), and must obtain endorsements to teach particular subjects. Because certification to teach high school requires more than four years of study, advisement prior to or at the beginning of the third year is essential. Students interested in teaching biology in secondary schools may receive an endorsement in biology by obtaining the Biology BS degree with the secondary teaching emphasis. Courses required for state teaching endorsements must be completed with a grade of C (2.0) or better. By completing GEOL 211 and 212, biology students may also receive the *Science* endorsement. Those who wish endorsements in both biology and chemistry should consider the BA in Education program in biology/chemistry. Students planning to teach biology at the college level are advised to complete a BS in biology and to continue graduate work leading to a master's or doctoral degree.

### DECLARING A MAJOR

The Department of Biology maintains a program of advisement; students interested in any major or pre-professional program in biology should consult the Department of Biology as early in their university careers as possible. Early advisement will ensure appropriateness and proper sequence of courses. Those interested in biology as a major, contact the department office in Biology Building 315 to complete the paperwork in person or complete the declaration form at [www.biol.wvu.edu/biology/advising.html](http://www.biol.wvu.edu/biology/advising.html).

### PREREGISTRATION COURSE REQUEST FORMS

Many biology courses require students to complete a preregistration course request form to be eligible for registration. Information about these forms is available on the biology department Web site in November, February and May. Students who receive an override from this process are given the opportunity to register for the class. If the class fills before the student has an opportunity to register, the override will not give them admittance to the class. The student will need to contact the instructor on the first day of class.

### TRANSFER STUDENTS

Washington community college transfers account for about 40 percent of Western's students. Transfers are especially welcome in the biology programs; however, smooth transition, optimum progress and completion of a bachelor's degree in four years can be accomplished only if the transfer fulfills specific requirements before entering Western.

Satisfaction of lower-division requirements for biology majors may be met by one of the following (A or B):

A. Complete all requirements for an AA degree **and** be sure to include:

- mathematics through one quarter of calculus, **and**
- a year sequence in general chemistry, **and**
- a year sequence in introductory biology for majors

B. Complete all of the following sequences; 90 credits; without an AA:

- one quarter of calculus, **and**
- a year sequence in general chemistry, **and/or**
- two quarters of organic chemistry, or two quarters of physics; **and**
- a year sequence in introductory biology for majors

Students are strongly advised to have taken the science sequences in A or B above by the time they have completed 90 credits of college course work at Western or at their transfer institution. Students must expect that a bachelor's degree in biology will require **a minimum of two years of course work after completing a year of biology**. The most efficient and academically most sensible curriculum for a biology major will include enrollment in two science or math courses and one or more non-science courses for each of 12 quarters.

### MID-PROGRAM CHECKPOINT

Students seeking to complete a BS degree in biology within a four-year time span should have completed the following courses prior to their **junior** year:

- CHEM 121, 122, 123; BIOL 204, 205, 206; ENG 101; MATH 124; 18 additional credits from the non-science section of the GUR

Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

### BACHELOR OF ARTS

#### *Major — Biology*

74 credits

Supporting courses 22 credits; 52 credits in biology; Biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

#### *Basic biology emphasis*

- Supporting courses: CHEM 121, 122, 123 (or CHEM 125, 126, 225), 251; MATH 240 or equivalent
  - Required core courses: BIOL 204, 205, 206; BIOL 321, 323, 325, 432
  - PHYS 101 or 114 (PHYS 115 recommended)
  - Upper-division biology courses approved by faculty advisor
- Program Advisor: Assigned faculty

#### *Combined Major — Biology/Anthropology*

86 credits including 19 in supporting courses; Biology Phase II status required for admission into 300- and 400-level biology

courses for biology majors.

- CHEM 121, 122, 123 (or CHEM 125, 126, 225), and 251 (or 351, 352, 353)
- PHYS 101 or 114 (PHYS 115 recommended)
- BIOL 204, 205, 206, 321, 348, 349
- ANTH 335, or BIOL 340 or MATH 240
- ANTH 201, 210, 215
- 10 credits in anthropology under advisement
- 8 credits in biology under advisement
- ANTH 496

Program Advisors: Roger Anderson, Biology, and Joan Stevenson, Anthropology.

## BACHELOR OF ARTS IN EDUCATION

**Combined Major — Biology/Chemistry — Secondary**  
105-106 credits; Biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

This major must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- CHEM 121, 122, 123 or CHEM 125, 126, 225; 333; CHEM 351, 352, 353, 354
- BIOL/CHEM 471, 472, and CHEM 474
- BIOL 204, 205, 206; BIOL 321, 323; BIOL 322 or 324; BIOL 325, 326, 432
- PHYS 114, 115, 116 (or PHYS 121, 122, 123, 131, 132, 133)
- MATH 124
- SCED 370, 491, 492

Program Advisors: Deborah Donovan, Alejandro Acevedo-Gutierrez

**NOTE:** This major meets the requirements for Washington state teaching endorsements in both biology and chemistry. Completion of GEOL 211 and 212 would provide the student with an additional endorsement in *Science*.

### Teaching Endorsement

Recommendations for teaching endorsement with the chemistry-biology major concentration normally require completion of the program with a grade point average of 2.75 or better in the chemistry and in the biology courses. Courses required for state teaching endorsements must be completed with a grade of C (2.0) or better.

## BACHELOR OF SCIENCE

A diploma granted under this major will indicate "Bachelor of Science"; official transcripts will indicate *biology* and the area of *emphasis*.)

### Major — Biology

110 credits (see also *University Graduation Requirements*)

**Basic Requirements:** *Supporting Courses* 34-52 credits; Biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

- CHEM 121, 122, 123 (or CHEM 125, 126, 225); required prior to admission to Biology Phase II (General Science majors take CHEM 251 instead of CHEM 123)
- CHEM 351 and 352 (or 251 only with approval of advisor); CHEM 353 and 354 recommended
- PHYS 114, 115; PHYS 116 recommended (or PHYS 121, 122,

123, 131, 132, 133)

- MATH 124
  - Other acceptable supporting courses: GEOL 211, 212; MATH 125, 240
  - Other supporting courses under advisement
- Basic Requirements: Biology Phase I, 14 credits*
- BIOL 204, 205, 206 required prior to admission to Biology Phase II; students should apply for Phase II status in the last quarter of the Biology 200 series

*Breadth Requirements: Biology Phase II, 19 credits (check area of emphasis for exceptions)*

- BIOL 321, 323, 325, 432, and BIOL 340 (check area of emphasis for exceptions)

*Depth Requirements:* 21-39 credits (total depends on number of supporting and completion credits) taken under a selected *emphasis* (see *area of emphasis* below), including required core courses and a very limited number of credits from electives. Appropriate courses from anthropology, chemistry, geology, environmental studies, math/computer science, and physics may serve as electives, with approval of advisor. At least one-half of the credits in the *Depth Requirements* (required and elective courses combined) must be biology courses with prefix BIOL taken at WWU.

*Completion Requirements:* 4 credits or more

Prerequisites for the completion requirements include senior standing and written permission. Grading convention: A-F or S/U.

- One of the following: BIOL 494, 495, 496, 498

### Area of Emphasis

Four or more courses from one of the following areas of depth known as an *emphasis*. A minimum of three upper-level laboratory courses are required: at least one at the 400 level and at least one of the following at the 300 level: BIOL 322, 324, 326, 346. Although BIOL 400, 417, 445 and 497 are not listed in any area of emphasis, they may be suitable electives under advisement.

Faculty area advisors are responsible for informing students of required courses and recommended electives for completion of the *area of emphasis*. Faculty advisors are also responsible for final approval upon completion of the degree program, and for assisting students in career advisement in their selected *emphases* and completion requirements.

- Cellular Emphasis
  - A 200-level statistics course such as MATH 240 or 341
  - Required core: BIOL 324 (or 475); BIOL 345; BIOL 451 or 482, and two of the following: BIOL 322, 346, 453 or 484; one of the following: BIOL 471 or 473
  - Electives: BIOL 322, 346, 451, 453, 470, 471, 472, 473, 475, 478, 479, 483, 484; other electives under advisement

Faculty Advisors: David Leaf, Craig Moyer, Emily Peele, Mary Anne Pultz, Carol Trent, Don Williams, Jeff Young

- Ecology Emphasis
  - Required core: BIOL 326; 403 or 479
  - Electives: BIOL 403, 404, 405, 407, 410, 434, 454, 462, 465, 479; ESCI 429, 430a&b, 435

Faculty Advisors: Roger Anderson, Alejandro Acevedo-Gutierrez, David Hooper, Emily Peele, Merrill Peterson

- Evolution Emphasis
  - Required core: GEOL 211, 212; BIOL 324, and at least one of the following: BIOL 434, 436, 438, 439

## BIOLOGY

- Electives: GEOL 316; BIOL 434, 436, 438, 439, 452, 454, 460, 465, 469, 482

Faculty Advisors: Herbert Brown, David Morgan, Craig Moyer, Merrill Peterson, Don Williams

### Marine Biology Emphasis

- Required core: BIOL 326, 406, 407, 456, 460; GEOL 211
- Electives: BIOL 403, 405; CHEM 333 or ESCI 361a&b; ESCI 326, 421a&b, 430a&b, 433a&b

Faculty Advisors: Alejandro Acevedo-Gutierrez, Deborah Donovan, Craig Moyer, Gisèle Muller-Parker, Emily Peele

### Botany Emphasis

- Required core: BIOL 326, 452; BIOL 479 (or 451 and 453)
- Electives: BIOL 322, 404, 450, 451, 453, 454, 455, 479

Faculty Advisors: David Hooper, David Morgan, Anu Singh-Cundy, Jeff Young

### Zoology Emphasis

- Required core:
  - Taxon diversity: BIOL 460 or 465 and one of the following: 462, 463, ESCI 425, 426
  - Choose at least one from each of the following categories: Physiology and anatomy: BIOL 403, 467, 468, 469; Behavior: BIOL 410, 463, 465
- Electives: Upper-division courses under advisement

Faculty Advisors: Alejandro Acevedo-Gutierrez, Roger Anderson, Herbert Brown, Deborah Donovan, Merrill Peterson

### Secondary Teaching Emphasis

To receive a recommendation for state of Washington certification, students must complete the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion and teacher certification requirements. Courses required for state teaching endorsements must be completed with a grade of C (2.0) or better.

A 200-level statistics course (such as MATH 240 or equivalent) may be substituted for BIOL 340

- Required core: BIOL 322 or 324; BIOL 326; SCED 370; one of BIOL 460, 465, 467 and 468, 469 or 482 and 484; one of BIOL 450, 451 and 453, 452, or 479; for a *Biology* endorsement: SCED 491, 492; for a *Science* endorsement (in addition to the courses listed for the Biology endorsement): GEOL 211, 212
- Electives: Upper-division courses under advisement

Faculty Advisors: Alejandro Acevedo-Gutierrez, Deborah Donovan

### General Biology Emphasis

- Selected upper-division courses; minimum of 10 credits of depth electives in 400-level excluding BIOL 432, 494, 495, 496, 498; minimum of 2 lab courses or courses with lab from 300- and 400-level; BIOL 348 does not count toward depth requirement

Faculty Advisors: Assigned faculty

### *Interdisciplinary Major — Cellular and Molecular Biology/Biochemistry*

109 credits; Biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

Cellular and molecular biology emphasis

For biochemistry emphasis, see the *chemistry department* section of this catalog.

- BIOL required core: 204, 205, 206, 321, 323, 322, 345, 346, 470, 471, 472, 473, 474, 475

- CHEM 121, 122, 123 (or CHEM 125, 126, 225), 351, 352, 353, 354

- MATH 124, 125; MATH 240 or 341

- PHYS 121, 122, 123, 131, 132, 133

Electives should be chosen from the courses listed below. One Group A selection must be included among the electives chosen.

- Group A Electives: BIOL 436; 451 and 453; 467 and 468; 479; 482 and 484; BIOL 494 or 495 (at least 2 credit hours)

- Group B Electives: BIOL 325, 432, 438; 445 (under advisement); 467, 478, 483

This program is specifically designed for students who seek employment or graduate study in cellular biology, molecular biology, or biochemistry.

Faculty Advisors: David Leaf, Carol Trent, Don Williams, Jeff Young

### *Combined Major — Biology/Anthropology*

110 credits

Basic requirements: Supporting courses 34-36 credits; Biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

- CHEM 121, 122, 123 (or CHEM 125, 126, 225)

- CHEM 351 and 352 (or CHEM 251 only with approval of advisor; CHEM 353 and 354 recommended)

- PHYS 114, 115; PHYS 116 recommended (or PHYS 121, 122, 123, 131, 132, 133)

- MATH 124

Basic requirements: Biology 14 credits

- BIOL 204, 205, 206

Basic requirements: Anthropology 15 credits

- ANTH 201, 210, 215

Breadth requirements: 12 credits

- BIOL 321, BIOL 325 or ANTH 350, BIOL 340 or ANTH 335

Depth requirements: 25 credits

- BIOL 348, BIOL 349 or 467

- BIOL 432 or ANTH 423

- One of the following: ANTH 308, 422, 424, BIOL 410

- Electives: BIOL 323, 322 or 324, 345, 382, 410, 465, 467, 478, ANTH 308, 422, 424, 466; other electives under advisement

*Completion requirement:* 1 credit

- ANTH 496

Program Advisors: Roger Anderson, Biology, and Joan Stevenson, Anthropology.

### *Combined Major — Biology/Mathematics*

109 credits; Biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

- BIOL 204, 205, 206, 321, 323, 325

- BIOL 432

- MATH 124, 125, 204, 224, 331, 341, 342, 432; CSCI 140, 141, or MATH 207; plus 12 credits of approved electives from math, math/computer science, or computer science

- CHEM 121, 122, 123 (or CHEM 125, 126, 225); CHEM 251

- PHYS 121, 122, 131, 132

Faculty Advisor: Merrill Peterson, Biology; Tjalling Ypma, Mathematics

**Minor — Biology**

43 credits

- Supporting courses: CHEM 121, 122, 123 (or CHEM 125, 126, 225)
- Required core courses: BIOL 204, 205, 206 plus 15 credits of upper-division biology electives

The course requirements for a biology minor are different from those stated here when coupled with certain academic majors. Students must consult their major department or the biology department for specific course requirements which will fulfill a biology minor accompanying their declared major.

At least 20 credits of biology must be taken at Western.

**GRADUATE STUDY**

For concentrations leading to the Master of Education or the Master of Science degrees, see the *Graduate School* section of this catalog.

**COURSES IN BIOLOGY (BIOL)**

*Courses numbered X37; X97; 300, 400, 417, 445 are described on page 31 of this catalog. Several 400-level courses are offered in alternate years. See tentative multiyear schedule for courses posted in the biology office or the biology department Web site.*

**101 INTRODUCTION TO BIOLOGY (4)**

Prereq: MATH 102 or higher. Major ideas and processes of modern biological science at molecular, cellular, organismic and community levels; stressing qualitative and quantitative dimensions of the discipline in lecture, laboratory, field and discussion settings. Lab included.

**102 BIOLOGICAL DIVERSITY: EVOLUTION AND SYSTEMS (4)**

Prereq: BIOL 101. A consideration of biodiversity; adaptations and life cycles of plants and animals; organismal biology; science as a way of knowing; the relevance of the above-mentioned topics for the educated citizen. Lecture, discussion, field and lab included.

**150 MARINE BIOLOGY (3)**

Prereq: BIOL 101. Recognition, life history, ecological relationships, and distribution and evolutionary trends of representative organisms.

**160 FOREIGN CHEMICALS AND NATURAL SYSTEMS (3)**

Prereq: BIOL 101; CHEM 101 or higher. An elementary treatment of the effect and mechanism of action of such currently encountered substances as pesticides, food additives, hallucinogenic drugs and conventional drugs (alcohol, tobacco and coffee).

**204 INTRODUCTION TO EVOLUTION, ECOLOGY AND BIODIVERSITY (4)**

Pre- or co-req: CHEM 121 or 125. Introduction to evolutionary and ecological processes involved in the generation of our planet's biodiversity, including review of patterns and processes that influence the origin, evolution, distribution, and abundance of living things.

**205 INTRODUCTION TO CELLULAR AND MOLECULAR BIOLOGY (5)**

Prereq: BIOL 204, CHEM 121 or 125; pre- or co-req: CHEM 122 or 126. Structure and function of biomolecules and cells, membrane structure and function, photosynthesis and respiration, molecular origin of life, phylogenetic and metabolic diversity of prokaryotes, molecular genetics and genomics.

**206 INTRODUCTION TO ORGANISMAL BIOLOGY (5)**

Prereq: BIOL 205, CHEM 122 or 126; pre- or co-req: CHEM 123 or 225. Study of the many ways that eukaryotic organisms perform basic functions and cope with varying environmental conditions. Phylogenetic organismal diversity and organ system structural and functional diversity will be studied in lecture and laboratory.

**321 GENETICS (4)**

Prereq: BIOL 204, 205, 206. Survey of classical genetics, molecular genetics and genomics in prokaryotic and eukaryotic organisms.

**322 GENETICS LAB (2)**

Prereq: BIOL 321 or concurrent. Explores the fundamentals of genetics using prokaryotic and eukaryotic model organisms.

**323 CELL AND MOLECULAR BIOLOGY (3)**

Prereq: BIOL 204, 205, 206; CHEM 351 and 352 or 251. Cell structure and function. Topics include protein structure and function, gene regulation, cell cycle, signal transduction, and organelle assembly and function.

**324 METHODS IN MOLECULAR BIOLOGY (3)**

Prereq: BIOL 323 (or concurrent). Introduction to widely used molecular biology techniques and laboratory skills.

**325 ECOLOGY (3)**

Prereq: BIOL 204, 205, 206. Organismal-environmental relationships in marine, fresh water and terrestrial habitats. Functions and development of ecosystems.

**326 ECOLOGY LABORATORY (2)**

Prereq: concurrent enrollment in BIOL 325. Field experience working with ecological instruments and sampling methods. Written reports of lab exercises.

**340 BIOMETRICS (5)**

Prereq: BIOL 204, 205, 206; permission of instructor. The design of biological experiments and appropriate statistical analysis of experimental data.

**345 FUNDAMENTALS OF MICROBIOLOGY (3)**

Prereq: BIOL 205; CHEM 351 or 251. Cell structure, metabolism, evolution and ecology of prokaryotes.

**346 MICROBIOLOGY LAB (2)**

Prereq: BIOL 205; CHEM 351 or 251; BIOL 345 or concurrent. Techniques of general microbiology, including isolation, culture, enumeration and identification of prokaryotes.

**348 HUMAN ANATOMY AND PHYSIOLOGY (5)**

Prereq: BIOL 101 or 205. Macroscopic and histological examination of human anatomical systems, and study of general neuromuscular and cardiopulmonary functions. Not available for credit to biology students receiving a bachelor of science degree.

**349 HUMAN PHYSIOLOGY (5)**

Prereq: BIOL 348; CHEM 115 or 121 or 125. A comprehensive introduction to the study of integrated functions of cells, organs and organ systems in humans.

**382 SOCIOBIOLOGY (4)**

Prereq: junior standing in the behavioral or biological sciences, and one of the following: BIOL 101, 205, or Anth 215; or permission of instructor. Neo-Darwinian approaches for understanding the ultimate causes of behavior in humans and other animals will be reviewed. Topics include resource competition and optimization models, mate choice and reproductive strategies, parental investment, conflict and cooperation, evolution of cognition and morality.

**395 BIOLOGY RESEARCH PARTICIPATION (1-4)**

Prereq: permission of instructor. Participation in biology research under the tutelage of a biology professor. The experience may include assisting in the maintenance of experimental setup, data collection, data entry, literature searches, and developing graphics.

**403 PHYSIOLOGICAL ECOLOGY OF ANIMALS (5)**

Prereq: BIOL 206 and 325; permission of instructor. Physiological and biochemical adaptations of animals to environmental factors. Marine environments are emphasized, but adaptations to fresh water and terrestrial conditions also are considered. Laboratories introduce research techniques which are then applied in student-designed independent research projects.

**404 PLANT ECOLOGY (5)**

Prereq: BIOL 206, 325 and 326; permission of instructor. Ecology of plant communities, interpretation of vegetation pattern, and plant ecophysiology.

**405 MICROBIAL ECOLOGY (4)**

Prereq: BIOL 325; course work in microbiology strongly recommended; permission of instructor. Study of microbial communities in aquatic and terrestrial environments, with emphasis on the functional role of microbes in energy flow, nutrient cycling and element transformation. Offered in alternate years.

**406 GENERAL OCEANOGRAPHY (5)**

Prereq: BIOL 204, 205, 206; PHYS 114. Introduction to chemical, physical, geological and biological oceanographic subdisciplines. Sampling methods and analytical techniques applied to local marine areas.

**407 MARINE ECOLOGY (5)**

Prereq: BIOL 325 and 326. The structure and function of marine ecosystems with an emphasis on processes in shallow-water and benthic habitats.

## BIOLOGY

Investigative field and laboratory studies of local marine and estuarine systems.

### **410 ANIMAL BEHAVIOR (4)**

Prereq: BIOL 206; BIOL 325 (or ESCI 325); or permission of instructor. Investigation of the component processes and adaptive functions of animal behavior in an ecological and evolutionary context, and an introduction to the questions asked, hypotheses proposed and methods used in the study of animal behavior. Offered in alternate years.

### **416 ECOSYSTEM ECOLOGY AND GLOBAL CHANGE (3)**

Prereq: BIOL 325 or ESCI 325, BIOL 326 recommended. Investigation of the factors controlling whole ecosystem processes such as productivity, decomposition, and nutrient cycling. Application of these concepts to current issues in global change, including the carbon cycle and global warming, land use change, nitrogen-loading, and biodiversity and ecosystem function. Lectures and textbook reading are integrated with discussion of papers from the primary literature.

### **432 PRINCIPLES OF ORGANIC EVOLUTION (4)**

Prereq: BIOL 321. Principles, patterns, processes and mechanisms of evolution in the organic world.

### **434 POPULATION GENETICS (3)**

Prereq: BIOL 321, 325 or equivalents. Exploration of the analysis of genetic variation in and among populations. Quantifying genetic variation and understanding the evolutionary forces influencing that variation will be discussed using both theory and empirical examples. Offered alternate years.

### **436 MOLECULAR PHYLOGENY AND MICROBIAL DIVERSITY (5)**

Prereq: BIOL 345, 346; permission of instructor. Explore the ramifications of the recent revolutionary discoveries in microbial diversity, the reconstruction of evolutionary discoveries in history at both molecular and organismal levels and the implications of the origins of life on prokaryotic evolution. Emphasis on applications of phylogenetic theories and methods to the understanding and "modeling" of the evolutionary progression of life. Multiple phylogenetic reconstruction algorithms will be closely examined and scrutinized. Offered alternate years.

### **438 BIOCHEMICAL AND CELLULAR EVOLUTION (3)**

Prereq: BIOL 323. An examination and detailed consideration of the kinds of evidence at the cellular and molecular level which support evolutionary theory. Offered alternate years.

### **439 SYMBIOSIS (3)**

Prereq: BIOL 325; BIOL 432 recommended. Symbiotic interactions among organisms will be explored through lectures and discussions of the ecological and evolutionary relationships of all major groups of organisms. Offered alternate years.

### **450 PLANT ANATOMY (5)**

Prereq: BIOL 206. Structure of the plant body, from cellular to whole plant level, including developmental and ecological aspects. Offered alternate years.

### **451 PLANT GROWTH AND DEVELOPMENT (3)**

Prereq: BIOL 206. The developmental biology of plants, including the cellular and molecular genetic basis of morphogenesis, its integration by phytohormones and its responses to environmental factors. Offered alternate years.

### **452 SYSTEMATIC BOTANY (5)**

Prereq: BIOL 206. Taxonomy of higher plants with emphasis on the characteristics and phylogeny of flowering plant families; collection and identification of local species.

### **453 INVESTIGATIONS IN PLANT DEVELOPMENT (3)**

Prereq: BIOL 206; co-req: BIOL 451. Laboratory skills and contemporary methods in plant developmental biology. Each project focuses on an open-ended question, and a variety of morphometric, cellular, biochemical and molecular genetic techniques are used to address the problem. Offered alternate years.

### **454 PLANT EVOLUTION (4)**

Prereq: 25 credits in biology, permission of instructor, BIOL 452 or 432 recommended. Application of modern experimental methods to the study of plant evolution. Offered alternate years.

### **455 ECONOMIC BOTANY (3)**

Prereq: BIOL 206. The agricultural, medicinal, industrial and folk uses of plants and plant products. Offered alternate years.

### **456 ALGAE (5)**

Prereq: BIOL 206. Physiology and ecology of macroalgae and

phytoplankton; including identification, collection and culture of major algal groups. Laboratory focus on research techniques which are then applied in student independent projects.

### **460 INVERTEBRATE ZOOLOGY (5)**

Prereq: BIOL 204, 205, 206. Evolutionary relationships of invertebrate animals, including anatomy, physiology, classification, development and ecology.

### **462 ENTOMOLOGY (5)**

Prereq: BIOL 206. The biology of insects, emphasizing their ecology and evolution, as well as comparative anatomy, physiology, and development. Laboratory exercises will focus on community studies and insect identification.

### **463 ORNITHOLOGY (5)**

Prereq: BIOL 206 or equivalent. Evolution of morphological adaptations of birds, classification, distribution; annual cycle including migration, breeding and population dynamics; laboratory study, field trips.

### **465 VERTEBRATE ZOOLOGY (5)**

Prereq: BIOL 206, 325 or written permission. Investigations of vertebrate phylogenies; analyses of the biogeographic and ecological patterns of spatiotemporal distribution of many vertebrate taxa; examinations of the principal adaptive features that uniquely define each major vertebrate taxon. Offered alternate years.

### **467 COMPARATIVE VERTEBRATE PHYSIOLOGY (3)**

Prereq: BIOL 206. Examination of the physiological functions of organ systems in each of the major vertebrate classes, with systems of taxa compared in evolutionary and ecological contexts.

### **468 COMPARATIVE VERTEBRATE PHYSIOLOGY LABORATORY (3)**

Prereq: BIOL 206, BIOL 467 or concurrent. Design and implement laboratory research on some aspect of whole-animal performance physiology.

### **469 COMPARATIVE VERTEBRATE ANATOMY AND EMBRYOLOGY (5)**

Prereq: BIOL 206. Morphological adaptations, developmental anatomy and evolution of organ systems in vertebrate animals. Laboratory study of adults and embryos of shark, frog, chicken, cat and pig.

### **470 FUNCTIONAL GENOMICS (3)**

Prereq: BIOL 323; 321. Examines the development and application of genome-based experimental approaches in biology.

### **471, 472 MOLECULAR BIOLOGY AND BIOCHEMISTRY (3 ea)**

Prereq: BIOL 205; CHEM 123 or 225, 353 or concurrent; BIOL 471 prerequisite to BIOL 472. A consideration of the structure and function of biological macromolecules; intermediary metabolism; membrane structure and function; bioenergetics. Also offered as CHEM 471, 472.

### **473 MOLECULAR BIOLOGY (3)**

Prereq: BIOL 321; BIOL 472 or CHEM 472 or permission of instructor. An examination of the structure, replication and expression of genetic information. Also offered as CHEM 473.

### **474 BIOCHEMISTRY LABORATORY (3)**

Prereq: BIOL/CHEM 472 or concurrent; CHEM 354. Modern methods of isolation and characterization of biological macromolecules, especially enzymes and other proteins. Also offered as CHEM 474.

### **475 MOLECULAR BIOLOGY LABORATORY (3)**

Prereq: BIOL/CHEM 473 or concurrent; BIOL/CHEM 474 or permission of instructor. Survey of modern molecular techniques including nucleic acid manipulation, gel electrophoresis, radiolabeling, DNA sequencing and DNA amplification. Also offered as CHEM 475.

### **478 THE BIOCHEMISTRY OF DRUG ACTION (3)**

Prereq: BIOL 323 or CHEM 471. The effect and molecular mechanism of action of selected natural and synthetic chemical compounds, both naturally occurring and introduced, upon target and nontarget organisms. Topics include selected drugs, pesticides, chemical mutagens and certain natural exochemicals produced by plants and animals. Normally offered in alternate years.

### **479 PLANT PHYSIOLOGY (5)**

Prereq: BIOL 206; CHEM 351 and 352 or CHEM 251. Basic principles of physiology including cell structure and function, plant-soil-water relationships, absorption and translocation of materials, transpiration, photosynthesis, respiration, mineral nutrition, growth and development, hormonal regulation.

### **482 DEVELOPMENTAL BIOLOGY OF ANIMALS (3)**

Prereq: BIOL 321; BIOL 323 or 471. An examination of the molecular, cellular

and genetic aspects of developmental biology in invertebrate and vertebrate model systems: fruitflies, nematodes, sea urchins, frogs and mammals.

#### 483 SEMINAR IN DEVELOPMENTAL BIOLOGY (1)

Pre- or co-req: BIOL 482. Seminar course that investigates the current experimental analysis of animal and plant development. Emphasizes discussions and presentations of research papers.

#### 484 DEVELOPMENTAL BIOLOGY LABORATORY (3)

Pre- or co-req: BIOL 482. Laboratory investigations of the genetic, cellular and molecular control of development, focusing on invertebrate model systems. Microscopy techniques used to study development, including video microscopy, time lapse, DIC, and epifluorescence.

#### 494 BIOLOGY RESEARCH (1-5)

Prereq: Phase II in biology and permission of instructor; completion of department's course requirement agreement form required. Individual or collaborative research, including design and implementation of a research project, working under the tutelage of a biology professor. Repeatable to a maximum of 8 credits.

#### 495 RESEARCH COMMUNICATION (1-4)

Prereq: BIOL 494; Phase II in biology and permission of instructor. Analysis and written and/or oral presentation of results of individual scientific research. Communication can be in the form of a full scientific paper, a poster, or an oral presentation. Number of credits is dependent on the form of communication.

#### 496 PROFESSIONAL WORK EXPERIENCE IN BIOLOGY (1-5)

Prereq: Phase II in biology and permission of instructor. Full- or part-time work with a cooperating agency or firm. Written reports required. Repeatable to 8 credits. S/U grading.

#### 498 TEACHING PRACTICUM (1-4)

Prereq: Phase II in biology and permission of instructor. Classroom experience in biology teaching. Students will assist faculty in the laboratory and lecture settings. Repeatable to a maximum of 4 credits. S/U grading.

### Graduate Courses

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**NOTE:** BIOL 503, 508, 559, 568, 571, 577 and 583 are broad-titled courses that deal with a variety of topics in biology. Each year there are usually several different subjects offered under these titles, each one taught by a different professor. Examples of recent course titles are: fluid flow in biological systems; environmental entomology; ecological scaling; marine behavioral ecology; plant somatic hybridization; the human genome project.

#### 503 ADVANCED TOPICS IN ECOLOGY (4)

Prereq: 25 credits of biology and permission of instructor. Analysis of current literature on fundamental properties of ecosystems, communities, populations, species and characteristic environments. Repeatable with different topics.

#### 505 CURRENT RESEARCH IN MARINE SCIENCE (1)

Prereq: permission of instructor. Presentation and discussion of research expertise of University faculty participating in the marine and estuarine science graduate specialization. S/U grading. Repeatable to a maximum of 2 credits.

#### 508 ADVANCED TOPICS IN MARINE BIOLOGY (4)

Prereq: 25 credits of biology and permission of instructor. Analysis and discussion of current literature on selected topics in marine and estuarine biology. Examples of topics include symbiosis, intertidal community dynamics and marine microbiology. Repeatable with different topics.

#### 513 PHYSIOLOGICAL ECOLOGY OF ANIMALS (5)

Prereq: BIOL 202 and 325; or introductory courses in zoology and ecology. Physiological and biochemical adaptations of animals to environmental factors. Emphasizes marine environments, but adaptations to freshwater and terrestrial environments conditions are also considered. Labs introduce research techniques which are applied in student-designed independent research projects.

#### 516 ADVANCED ECOSYSTEM ECOLOGY (3)

Prereq: BIOL 325 or ESCI 325; BIOL 326 recommended. Investigates the factors controlling whole ecosystem processes. Application of these concepts to current issues in global change, including the carbon cycle and global warming, land-use change, nitrogen load, and biodiversity and ecosystem functioning.

#### 534 ADVANCED POPULATION GENETICS (3)

Prereq: BIOL 325 or ESCI 325; BIOL 321 or equivalent. Explores the factors that influence genetic variation in and among populations. These issues are central to evolutionary biology and are applicable to conservation biology and forensic sciences.

#### 554 PLANT EVOLUTION (4)

Prereq: 25 credits of biology and permission of instructor (BIOL 432 and 452 recommended). Application of modern experimental methods to the study of plant evolution.

#### 559 ADVANCED TOPICS IN BOTANY (4)

Prereq: 25 credits of biology and permission of instructor. Analysis and discussion of current literature on plant anatomy, physiology and systematics. Repeatable with different topics.

#### 568 TOPICS IN DEVELOPMENTAL AND COMPARATIVE MORPHOLOGY (4)

Prereq: 25 credits of biology and permission of instructor. Structural changes, cellular interactions, and control mechanisms operating during growth and development or evolution of selected organisms. Repeatable with different topics.

#### 571 ADVANCED TOPICS IN CELL AND MOLECULAR BIOLOGY (4)

Prereq: 25 credits of biology and permission of instructor. Examination of special topics such as cell cycle control, signal transduction and regulation of gene expression. Repeatable with different topics.

#### 577 ADVANCED TOPICS IN PHYSIOLOGY (4)

Prereq: 25 credits of biology and permission of instructor. Topics in general, microbial or comparative physiology; laboratory work illustrating processes or experimental techniques. Repeatable with different topics.

#### 579 ENZYMOLOGY LABORATORY (3)

Prereq: upper-division course in biochemistry. Assay and quantification of selected enzymes; isolation and characterization; determination of kinetic parameters.

#### 583 ADVANCED TOPICS IN BIOSYSTEMATICS (4)

Prereq: 25 credits of biology and permission of instructor. Role of morphology, cytology, biochemistry and genetics in taxonomy; systematic study of a specific group of local organisms. Repeatable with different topics.

#### 584 POPULATION AND COMMUNITY BIOLOGY (4)

Prereq: upper-division course in genetics. Study of populations and communities as interacting, functioning systems, and the changes in the numbers and proportions of organisms in populations and the diversity of species in communities; also factors influencing changes in populations and communities.

#### 593 SEMINAR IN DEVELOPMENTAL BIOLOGY (1)

Prereq: undergraduate or graduate course work in genetics and cell biology. Concurrent enrollment in BIOL 595. Seminar course that investigates the current experimental analysis of animal and plant development.

#### 594 DEVELOPMENTAL BIOLOGY LABORATORY (3)

Prereq: graduate standing and permission of instructor. Pre- or co-req: BIOL 482/595. Laboratory investigations of the genetic, cellular and molecular control of development, focusing on invertebrate model systems. Microscopy techniques used to study development, including video microscopy, time lapse, DIC, and epifluorescence.

#### 595 DEVELOPMENTAL BIOLOGY (2)

Prereq: 25 credits of biology and permission of instructor. An examination of the molecular, cellular and genetic aspects of developmental biology in invertebrate and vertebrate model systems: fruitflies, nematodes, sea urchins, frogs and mammals.

#### 598 TEACHING PRACTICUM (1-3)

Prereq: permission of instructor. Intended for the student who wants experience in teaching a biology course of his/her choice. Repeatable to 6 credits. S/U grading.

#### 599 SEMINAR IN BIOLOGY (2)

Prereq: 40 credits in biology. Selected problems in biology, with emphasis on current literature. Repeatable.

#### 690 THESIS RESEARCH (1-12)

Prereq: permission of thesis advisor. Research contributing to a graduate degree program. Graded "K" until thesis completed. Repeatable. S/U grading.

# CHEMISTRY

www.chem.wvu.edu/dept

The Department of Chemistry offers undergraduate degree programs in chemistry and biochemistry. American Chemical Society accreditation is available to BS graduates in chemistry. Major graduate and professional schools have readily accepted chemistry and biochemistry graduates from Western.

The Department of Chemistry — in addition to its core of fundamental studies in physical, inorganic, organic, analytical and biochemistry — has added a variety of elective courses that offer diversity in training, study and research at both the undergraduate and graduate levels. Within the department, faculty members are active in many research areas, including organometallic chemistry, organic synthesis, photochemistry, protein and nucleic acid biochemistry, molecular biology of viruses, electrochemistry, molecular spectroscopy, reaction kinetics, atmospheric and environmental chemistry, surface chemistry and catalysis, and new areas of computer applications.

Every effort is made to update and modernize course work and teaching methods. The department strives to maintain state-of-the-art instrumentation for both teaching and research activities. Students gain experience in modern analytical methods through hands-on use of the instrumentation. Several faculty members have authored successful textbooks and computer-assisted instructional materials that have found wide usage at major universities. Western's graduates have a long and enviable record of success in PhD programs at major research-oriented universities and in a variety of medical, dental and pharmacy programs.

## CHEMISTRY FACULTY

All of the members of the department hold the PhD degree, and most have had postdoctoral experience before coming to Western. The department supports an active undergraduate research program, and students are encouraged to undertake a research project early in their studies.

There is an unusual degree of personal contact between faculty and students in the department. Faculty members are aware of campus policies and resources, and both academic and career counseling is readily available to all chemistry students.

**MARK WICHOLAS** (1967) Chair and Professor. AB, Boston University; MS, Michigan State University; PhD, University of Illinois.

**SPENCER J. ANTHONY-CAHILL** (1997) Associate Professor. BA, Whitman College; PhD, University of California, Berkeley.

**MARK E. BUSSELL** (1990) Professor. BA, Reed College; PhD, University of California, Berkeley.

**CHRISTOPHER DALEY** (2002) Assistant Professor. BS, McGill University; PhD, University of Alberta.

**STEVEN R. EMORY** (2001) Assistant Professor. BS, California Lutheran University; PhD, Indiana University.

**STEVEN GAMMON** (2002) Professor. BA, Bowdoin College; PhD, University of Illinois at Urbana-Champaign.

**LISA N. GENTILE** (2001) Assistant Professor. BA, Colgate University; PhD, Brown University.

**DONALD M. KING** (1966) Associate Professor. BS, Washington State University; PhD, California Institute of Technology.

**GEORGE S. KRIZ** (1967) Professor. BS, University of California, Berkeley; PhD, Indiana University.

**GARY M. LAMPMAN** (1964) Professor. BS, University of California, Los Angeles; PhD, University of Washington.

**JOSEPH G. MORSE** (1993) Professor. BS, South Dakota State College; MS, PhD, University of Michigan.

**DAVID L. PATRICK** (1996) Associate Professor. BS, University of California, Davis; PhD, University of Utah.

**DONALD L. PAVIA** (1970) Professor. AB, Reed College; MS, PhD, Yale University.

**GERRY A. PRODY** (1984) Associate Professor. BS, PhD, University of California, Davis.

**SALVATORE F. RUSSO** (1968) Professor. BA, Wesleyan University; PhD, Northwestern University.

**JAMES R. VYVYAN** (1997) Associate Professor. BS, University of Wisconsin, Eau Claire; PhD, University of Minnesota.

**JOHN A. WEYH** (1968) Professor. BA, College of Great Falls; MS, PhD, Washington State University.

## PROGRAMS AND CAREER OPPORTUNITIES

The programs of study offered by the chemistry department are diverse and challenging, and provide the following benefits to the student:

- A wide variety of accredited programs, designed to meet diverse career goals
- A faculty committed to excellence in undergraduate education and research
- Close student-faculty contact and relatively small classes
- Direct access to modern laboratory equipment and instrumentation
- Opportunity for research work under the direction of a faculty advisor

The chemistry department offers three basic degree programs: Bachelor of Science, Bachelor of Arts and Bachelor of Arts in Education. All three programs have a common core of study:

- One year of general chemistry and one year of college-level calculus
- One year of organic chemistry, one year of college physics and one quarter of analytical chemistry
- One year of physical chemistry

This provides the foundation for elective courses in the student's area of interest. Through choice of degree programs and electives, the student can prepare for careers in industry or government, teaching at the secondary level or further study at the graduate level.

Students planning to major in chemistry or biochemistry or to begin university transfer programs involving chemistry courses are advised to consult the department at the beginning of the first year to arrange for proper sequence of courses.

Students planning to transfer to Western after completing two years of college study elsewhere should complete as many of the following program requirements as possible prior to transfer in order to avoid delays in degree work completion:

- One year of general chemistry
- One quarter or one semester of analytical chemistry
- One year of organic chemistry
- One year of college-level calculus
- One year of college-level physics

**Bachelor of Science.** The department offers BS programs in chemistry and biochemistry. These are specifically designed for students interested in graduate study or careers in industry and

government as laboratory scientists.

**Bachelor of Arts.** This program provides less intensive training in chemistry but, when combined with a minor in a related area, prepares students for a variety of career opportunities in fields such as:

- Chemical Sales and Marketing
- Computer Sciences
- Technical Writing (Journalism)
- Environmental Sciences
- Secondary School Teaching

**Bachelor of Arts in Education.** This program provides several program emphases (chemistry-biology, chemistry-mathematics, and chemistry-physics). Although requirements within these options differ in detail, the three programs are similar enough that the prospective teacher need not choose among them until the sophomore or junior year. Successful graduates are qualified to teach in their areas of concentration at the middle school or high school level. Prospective teachers with qualifications in more than one area will have a distinct advantage in seeking such positions. Detailed descriptions of each of these degree programs and course descriptions are given below.

## BACHELOR OF ARTS

### Major — Chemistry

86 credits

- CHEM 121, 122, 123, 333 (or CHEM 125, 126, 225)
- CHEM 351, 352, 353, 354, 355, 441, 461, 462, 463, 464
- CHEM 375 (or CHEM 471 and 472)
- MATH 124, 125, 224
- One year of college physics (recommended sequence is PHYS 121, 122, 123, 131, 132, 133)

### Minor — Chemistry

30-32 credits

- CHEM 121, 122, 123
- Completion of one of the following tracks:
  - A. CHEM 333, 461, 462, 463
  - B. CHEM 333, 351, 352, 353, 354
  - C. CHEM 351, 352, 353, 354, 375 (or 471)

To obtain minor approval, a minimum of four credits of those required must be taken in chemistry at Western Washington University. The general chemistry honors sequence (CHEM 125, 126, 225) may be substituted for CHEM 121, 122, 123 and 333, for Tracks A and B.

### Teaching Endorsement

Students planning on careers as high school teachers must take SCED 370, 491 and 492 to earn an endorsement in chemistry, plus the secondary education program in addition to the Bachelor of Arts degree. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements. Because certification to teach high school now requires more than four years, advisement prior to or at the beginning of the third year is absolutely necessary to avoid lengthening the program. Students also are strongly advised to complete requirements for a broad area science endorsement by taking BIOL 204, 205, 206 and GEOL 211, 212. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or above.

## BACHELOR OF ARTS IN EDUCATION

### Combined Major — Chemistry/Mathematics — Secondary

108-122 credits

This major must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- CHEM 121, 122, 123, 333 (or CHEM 125, 126, 225)
- Option A or B:
  - A: CHEM 251, 375
  - B: CHEM 351, 352, 353, 354 and 375 (or 471-473)
- CHEM 461, 462
- MATH 124, 125, 224
- MATH 204, 209, 331, 360, 419, 483
- At least two of the following: Math 207, 341, 410
- PHYS 121, 122, 123, 131, 132, 133
- SCED 370, 491, 492

### Combined Major — Chemistry/Physics — Secondary

104-117 credits

This major must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- CHEM 121, 122, 123, 333 (or CHEM 125, 126, 225)
- Option A or B:
  - A: CHEM 251, 375
  - B: CHEM 351, 352, 353, 354 and 375 (or 471-473)
- CHEM 461, 462
- PHYS 121, 122, 123, 131, 132, 133
- PHYS 119, 201 or 205, 223, 224, 233
- ASTR 315
- 8 upper-division credits in physics and/or astronomy under advisement, to include 2-3 credits of PHYS 491, 492 or ASTR 493
- MATH 124, 125, 224
- SCED 370, 491, 492

### Combined Major — Chemistry/Biology — Secondary

See the *biology department* section of this catalog.

### Teaching Endorsement

The BAEd degrees above require completion of the professional secondary teacher preparation program in the Woodring College of Education. Recommendation for teaching endorsement normally requires completion of one of the above majors with a grade point of 2.50 or better in the required major courses. As certification to teach high school now requires more than four years of study, advisement prior to or at the beginning of the third year is absolutely necessary to avoid lengthening the program. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or above.

## BACHELOR OF SCIENCE

### Major — Chemistry

106 credits

- CHEM 121, 122, 123, 333 (or CHEM 125, 126, 225)

## CHEMISTRY

- CHEM 351, 352, 353, 354, 355
- CHEM 375 (or 471, 472)
- CHEM 434, 441, 461, 462, 463, 464, 465
- MATH 124, 125, 224, 204
- PHYS 121, 122, 123, 131, 132, 133
- Advanced electives with prior departmental approval to total 9 credits

**NOTE:** The chemistry department at Western Washington University is approved by the American Chemical Society, and students who complete the Bachelor of Science in chemistry program receive ACS certification of their degree.

A typical four-year program leading to a Bachelor of Science (ACS certified) is described on the department's Web site.

### *Interdisciplinary Major — Biochemistry/Cellular and Molecular Biology*

Admission to the Bachelor of Science major in biochemistry is selective and based upon preparation and prior academic performance. Application may be made through the chemistry department (Chemistry Building 270). Admission to the biochemistry major will be in two phases. Students will be designated Phase I majors until they have completed CHEM 121, 122, 123, 351 and 352 and BIOL 205. Students will be admitted to Phase II based on their performance in Phase I. Students with a grade point average of 3.0 or higher in the Phase I courses will be given preferential admission to Phase II. Students with a grade point average below 3.0 will be considered on a case by case basis for remaining spaces in the major. See the department's Web site for more details.

### *Major — Biochemistry*

108 credits

This major is part of an interdisciplinary program between the biology and chemistry departments at Western. The BS degree in biochemistry (with greater emphasis on the physical chemical theory behind biological chemistry) is offered via the chemistry department, whereas a BS degree in cellular and molecular biology (with a different emphasis) is offered via the biology department. The requirements for the BS in biochemistry are listed below. For the cellular and molecular biology degree program, see the *biology department* section of this catalog.

- BIOL 204, 205, 321, 323
- CHEM 121, 122, 123, 333 (or CHEM 125, 126, 225)
- CHEM 351, 352, 353, 354, 461, 467, 468, 471, 472, 473, 474, 475
- MATH 124, 125, 224
- PHYS 121, 122, 123, 131, 132, 133
- Approved electives to total 3 credits

This program is specifically designed for students who seek graduate study or employment in biochemistry or molecular biology.

A typical four-year program leading to a Bachelor of Science degree in biochemistry is described on the department's Web site.

### **DEPARTMENTAL HONORS**

A chemistry major who wishes to graduate with honors in chemistry must complete a one-year program of research, culminating in CHEM 498. The student must also maintain a 3.50 cumulative grade point average, submit a senior thesis and present a public seminar covering the research topic.

Criteria for candidacy for departmental honors are 1) a minimum grade point average of 3.50 at the conclusion of the penultimate year and 2) acceptance for admission to the program by the chemistry department. Students who are in the University Honors Program must also satisfy these departmental requirements.

### **GRADUATE STUDY**

For concentrations leading to the Master of Education or the Master of Science degrees, see the *Graduate School* section of this catalog.

### **COURSES IN CHEMISTRY (CHEM)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### **101 CHEMICAL CONCEPTS (4)**

Prereq: MATH 102. A survey course for non-science students. Fundamental topics of chemistry such as: atoms and molecules, periodic table, organic and biochemistry, radioactivity. Applications to selected and variable topics. Includes lab.

#### **115 GENERAL CHEMISTRY (5)**

Prereq: MATH 114 or the equivalent score on the intermediate algebra mathematics placement test. Principles and laws of chemistry developed from the properties, structure and reactions of matter; an abbreviated course in general chemistry for students not requiring CHEM 121, 122 in their programs. Includes lab.

#### **121, 122, 123 GENERAL CHEMISTRY I, II, III (5,5,4)**

Prereq: MATH 114 or the equivalent score on the intermediate algebra mathematics placement test. Each course prerequisite to the next. Stoichiometry atomic and molecular structure, states of matter, solutions, thermodynamics, chemical equilibrium, kinetics, electrochemistry. Includes lab.

#### **125, 126, 225 GENERAL CHEMISTRY, HONORS (5 ea)**

Prereq: one year high school chemistry or equivalent; MATH 114 (or the equivalent score on the intermediate algebra WWU math placement test); permission of instructor. Each course prerequisite to the next. An accelerated survey of fundamental chemical principles, including atomic and molecular structure, bonding, chemical thermodynamics, equilibria, kinetics, solution chemistry, nuclear chemistry, and analytical methods. Includes lab.

#### **201 INDEPENDENT RESEARCH (1-3)**

Pre- or co-req: CHEM 351 and permission of instructor. Undergraduate research under supervision. Written report required. S/U grading. Repeatable to a maximum of 9 credits over three quarters.

#### **251 ELEMENTARY ORGANIC CHEMISTRY (5)**

Prereq: CHEM 115 or 121 or 125. Reactions, nomenclature and uses of carbon compounds; an abbreviated course in organic chemistry primarily for persons not requiring the CHEM 351-354 series.

#### **301 INDEPENDENT RESEARCH (1-3)**

Prereq: 30 credits in chemistry and permission of instructor. Undergraduate research under supervision. Written report required. S/U grading. Repeatable to a maximum of 9 credits over three quarters.

#### **308 INTRODUCTION TO POLYMER CHEMISTRY (3)**

Prereq: CHEM 115 or 121 or 125, 251, ETEC 333. Types of polymers, methods of polymerization, and preparation of important commercial thermoplastic and thermosetting plastics. Addition and condensation polymers are prepared in the laboratory.

#### **333 ANALYTICAL CHEMISTRY (5)**

Prereq: CHEM 123. Theory and practice of gravimetric, volumetric, potentiometric and spectrophotometric methods of analysis. Selected analytical topics such as ion exchange resins, non-aqueous solvents, chelates, extractions, chromatography.

#### **351, 352, 353 ORGANIC CHEMISTRY (4,4,3)**

Prereq: CHEM 123 or 225 (or concurrent); each course prerequisite to the next. Chemistry of carbon compounds with emphasis on structural theory, reactions and mechanisms.

#### **354 ORGANIC CHEMISTRY LABORATORY I (2)**

Prereq: CHEM 352 or concurrent. Techniques of organic chemistry:

reactions, separations and syntheses of organic compounds.

### 355 ORGANIC CHEMISTRY LABORATORY II (2)

Prereq: CHEM 353 (or concurrent) and 354. Techniques of organic chemistry: reactions, separations; syntheses and introduction to practical spectroscopy.

### 375 ELEMENTS OF BIOCHEMISTRY (4)

Prereq: CHEM 251 (or CHEM 351, 352, 353). Introduction to the structure and function of proteins, nucleic acid, lipids, and carbohydrates. Enzyme chemistry. Replication, transcription, and translation of genetic information. Metabolism of carbohydrates, the citric acid cycle, electron transport, and oxidation phosphorylation. This course is not intended for students in the bachelor of science-biochemistry program.

### 401 INDEPENDENT RESEARCH (1-3)

Pre- or co-req: CHEM 461 and permission of instructor. Undergraduate research under supervision. Written report required. S/U grading. Repeatable for a maximum of 9 credits over three quarters.

### 405 INTENSIVE WRITING IN CHEMISTRY OR BIOCHEMISTRY (1)

Prereq: CHEM 401, 425, 471, 494 or 498 (or concurrent) and permission of instructor. Concentrated study of a topic associated with chemistry or biochemistry. Students are required to write a substantial expository paper. Writing proficiency course.

### 425 ADVANCED TOPICS IN CHEMISTRY (3)

Prereq: permission of instructor and any additional prerequisites as listed. A series of senior electives in chemistry.

425a Natural Products Chemistry. Prereq: CHEM 353.

425b Organic Reactions. Prereq: CHEM 353.

425d Group Theory and Spectroscopy. Prereq: CHEM 463.

425c Medicinal Chemistry. Prereq: CHEM 353 or permission of instructor; CHEM 471 recommended.

425h Enzyme Chemistry. Prereq: CHEM 463 or 468, 471.

425i Immunology. Prereq: CHEM 473 or BIOL 473.

425m Organometallic Chemistry. Prereq: CHEM 441.

425p Computers in Chemistry. Prereq: CHEM 461 or 467 or PHYS 331 or concurrent or permission of instructor.

425r Surface Chemistry. Prereq: CHEM 461.

425s Protein Engineering. Prereq: CHEM 471.

425t Virology. Prereq: CHEM/BIOL 473.

### 434 INSTRUMENTAL ANALYSIS (4)

Prereq: CHEM 333 (or 225); CHEM 461 (or concurrent). Theory and experimental techniques of optical, electrical and other physical measurements applied to chemical analysis.

### 441 ADVANCED INORGANIC CHEMISTRY (4)

Prereq: CHEM 462 or concurrent. Bonding, structure and reactivity of inorganic molecules; transition metal and organometallic chemistry; chemistry of the nonmetallic elements.

### 454 ORGANIC SPECTROSCOPY (5)

Prereq: CHEM 123 or 225, 353 and 355. Identification of organic compounds by spectroscopic methods: infrared, nuclear magnetic resonance, ultraviolet and mass spectroscopy. Laboratory work includes application of spectroscopy in identifying unknowns with confirmation by chemical methods.

### 455 ADVANCED NMR TECHNIQUES (3)

Prereq: CHEM 454. A course in advanced techniques in nuclear magnetic resonance, including Fourier transformation, multiple pulse sequences, relaxation time measurements, gated decoupling, polarization transfer, pulse sequences and two-dimensional NMR experiments. Includes lab.

### 461, 462, 463 PHYSICAL CHEMISTRY (4,4,3)

Prereq: one year of college physics, MATH 224 and one year of general chemistry; each course prerequisite to the next. Atomic and molecular structure, states of matter, solutions, chemical thermodynamics and equilibria, chemical kinetics and electrochemistry.

### 464 PHYSICAL/INORGANIC CHEMISTRY LABORATORY I (3)

Prereq: CHEM 333 (or 225) and 461; pre- or co-req: CHEM 441 and 462. An integrated approach to inorganic synthesis and physical measurement. Includes formal report writing.

### 465 PHYSICAL/INORGANIC CHEMISTRY LABORATORY II (3)

Prereq: CHEM 464; pre- or co-req: CHEM 463. An integrated approach to inorganic synthesis and physical measurement. Includes formal report writing.

### 467, 468 BIOPHYSICAL CHEMISTRY (3, 4)

Prereq: MATH 224; one year of college physics; CHEM/BIOL 471; CHEM 461, 467 prereq to CHEM 468. Biophysical experimental methods and theory, including classical and statistical thermodynamics, bonding, ligand binding, spectroscopy, transport processes, enzyme kinetics, and X-ray diffraction.

### 471, 472 BIOCHEMISTRY AND MOLECULAR BIOLOGY (3 ea)

Prereq: CHEM 123 (or 225), 353 (or concurrent), and BIOL 205; CHEM 333 recommended; CHEM 471 prerequisite to CHEM 472. A consideration of the structure and function of biological macromolecules; intermediary metabolism; membrane structure and function; bioenergetics. Also offered as BIOL 471, 472.

### 473 MOLECULAR BIOLOGY (3)

Prereq: CHEM 472 and BIOL 321 or permission of instructor. An examination of the structure, replication and expression of genetic information. Also offered as BIOL 473.

### 474 BIOCHEMISTRY LABORATORY (3)

Prereq: CHEM 123 (or 225), 354, CHEM/BIOL 472 or concurrent. Modern methods of isolation and characterization of biological macromolecules, especially enzymes and other proteins. Also offered as BIOL 474.

### 475 MOLECULAR BIOLOGY LABORATORY (3)

Prereq: CHEM/BIOL 473 or concurrent; CHEM/BIOL 474 or permission of instructor. Survey of modern molecular techniques including nucleic acid manipulation, gel electrophoresis, radiolabeling, DNA sequencing and DNA amplification. Also offered as BIOL 475.

### 494 INDUSTRIAL WORK EXPERIENCE (3)

Prereq: 30 credits in chemistry including CHEM 333 and permission of department. Academic credit awarded for chemical employment in industry or government in areas such as research, development or quality control. Written report and an oral or poster presentation describing the work are required. May be repeated once. See chemistry department for information. S/U grading.

### 498 HONORS RESEARCH IN CHEMISTRY (3)

Prereq: 6 credits of chemistry research courses, advancement to departmental honors candidacy (application required). Oral presentation and honors thesis required. S/U grading.

## Graduate Courses

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### 501 RESEARCH PROJECT IN CHEMISTRY (2-6)

Prereq: permission of instructor. Advanced individual laboratory projects under supervision. Repeatable to a maximum of 12 credits.

### 502 TEACHING PRACTICUM (1)

Prereq: permission of instructor. Curriculum and instructional support for teaching the general chemistry laboratory sequence. Repeatable to a maximum of 3 credits. S/U grading.

### 510 SPECIAL TOPICS (1-3)

Prereq: permission of instructor. Specialized lectures on a conference basis for a particular area of interest. Repeatable to a maximum of 9 credits.

### 511 ADVANCED LABORATORY METHODS (1-3)

Prereq: CHEM 463. Specialized laboratory on a conference basis for a particular area of interest. Repeatable to a maximum of 9 credits.

### 534 INSTRUMENTAL ANALYSIS (4)

Prereq: CHEM 333, 461 or concurrent, permission of instructor. Principles of chromatographic, spectrochemical and electrochemical methods of analysis.

### 540 ORGANOMETALLIC CHEMISTRY (3)

Prereq: CHEM 441. Classes of organometallic compounds; structure, bonding, general patterns of reactivity; reactions; industrial homogeneous catalysis.

## CHEMISTRY

---

### 552 CHEMISTRY OF NATURAL PRODUCTS (3)

Prereq: CHEM 353 or permission. Isolation, structure, synthesis, biosynthesis and photochemistry of selected classes of natural products.

### 553 ORGANIC REACTIONS (3)

Prereq: CHEM 353 or permission. Organic chemical reactions as applied to problems in organic synthesis.

### 554 ORGANIC SPECTROSCOPY (5)

Prereq: CHEM 123, 353, 355. Identification of organic compounds by spectroscopic methods: infrared, nuclear magnetic resonance, ultraviolet and mass spectroscopy. Includes lab.

### 555 ADVANCED NMR TECHNIQUES (3)

Prereq: CHEM 454 or 554. A lecture/lab course in advanced techniques in nuclear magnetic resonance, including Fourier transformation, multiple pulse sequences, relaxation time measurements, gated decoupling, polarization transfer and two-dimensional NMR experiments.

### 556 MEDICINAL CHEMISTRY (3)

Prereq: CHEM 353 or permission of instructor; CHEM 471 recommended. The chemistry of drug discovery, design, development, and action.

### 562 GROUP THEORY AND SPECTROSCOPY (3)

Prereq: CHEM 463. Correlation of mathematical group theory with molecular symmetry and application of symmetry groups to the interpretation of molecular spectra. Principle applications will be to infrared and Raman vibrational spectra.

### 563 COMPUTERS IN CHEMISTRY (3)

Prereq: CHEM 461 or 467 or PHYS 331 or concurrent or permission of instructor. Use of computers in chemistry and biochemistry, including chemistry on the Internet, molecular modeling, visualization, simulation, and the control of laboratory experiments.

### 565 SURFACE CHEMISTRY (3)

Prereq: CHEM 461. Physical chemistry of solid surfaces. Examples drawn from heterogeneous catalysis and environmental chemistry.

### 573 ENZYME CHEMISTRY (3)

Prereq: CHEM 463 or 468, 471. Preparation and measurement of activities of enzymes; mechanism of enzyme reactions; properties of individual enzymes and coenzymes.

### 575 IMMUNOLOGY (3)

Prereq: CHEM 473 and permission of instructor. Biochemistry of the immune response, antibody structure and function, origin of antibody diversity, cell-mediated immunity.

### 578 PROTEIN ENGINEERING (3)

Prereq: CHEM 471. Analysis of protein structure and protein-ligand interactions, protein design considerations, and design of small molecule and protein-based therapeutic agents.

### 579 VIROLOGY (3)

Prereq: CHEM/BIOLOG 473. Overview of viruses — their structures, life cycles and control. Bacterial, plant and animal viruses will be discussed.

### 595 SEMINAR (1)

Presentation of contemporary subjects in chemistry. S/U grading. Repeatable to 2 credits.

### 596 SEMINAR IN CURRENT CHEMISTRY AND BIOCHEMISTRY (1)

Introduction to current research problems in chemistry and biochemistry. Repeatable to a maximum of 6 credits. S/U grading.

### 690 THESIS (1-6)

Research in chemistry under faculty direction terminating in a master's thesis. S/U grading. Repeatable to a maximum of 12 credits.

### 694 INDUSTRIAL INTERNSHIP IN CHEMISTRY (1-6)

Prereq: advancement to candidacy and permission of graduate advisor. A supervised technical field experience in chemical laboratory practice. The experience may be in an industrial or government laboratory setting in such areas as research and development, chemical sales, manufacturing, process development, clinical chemistry, analytical chemistry, quality control or environmental control. A project report following an approved format is required. S/U grading. Repeatable to a maximum of 12 credits.

# COMPUTER SCIENCE

The proliferation of computers and computer networks (the World Wide Web) is transforming the world rapidly and irreversibly. Developments in many fields such as medicine, genetic engineering, atomic physics, and telecommunications depend on computers to produce their work. The increasing use of and reliance on computers in our modern technological culture and society makes the study of computer science an exciting and challenging one.

Computer science at Western is organized around the study of design and analysis techniques used to write software or programs in various application areas, along with details about the internal workings of computers (known as computer architecture and operating systems). The design and analysis techniques encompass many areas of study such as algorithms and data structures (ways to organize instructions and information efficiently), programming languages (specific methods of delivering instructions to computers), software methodology and engineering (processes to develop software and ways to organize groups of instructions), databases and information retrieval, and artificial intelligence.

Faculty interests represent many diverse areas of computer science, including distributed and parallel computing, object-oriented development, graphics, computer networks, image processing, cryptography, robotics, and formal methods. Members of the department are also involved in collaborative projects with local industry and other academic units.

## PROGRAMS

The computer science department offers Bachelor of Science and Master of Science degree programs, accredited by the Computing Accreditation Commission of ABET, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, phone 410-347-7700, and cooperates with the departments of mathematics and accounting to offer joint majors. The department also offers a computer science minor, an interdisciplinary minor in Internet Resource Creation and Management, and three certificate programs (Web content development, Web programming, and Web site management). The ISC minor and certificate programs are designed so that computer science majors, as well as non-computer science majors, may gain the technical and communication background necessary for developing, maintaining, and managing Web pages and resources.

## CAREER OPPORTUNITIES

Computer science graduates often begin their careers as computer programmers or systems analysts. Expert programmers are widely sought and bring to bear a wealth of knowledge and creativity far surpassing mere knowledge of a programming language and/or its syntax. The Bachelor of Science degree provides a problem-solving and analytical background that is typical of the expertise employed by very good programmers and systems analysts to obtain programming solutions. Systems analysts assess the needs of a project for computer hardware and software, then proceed to design systems that meet those needs. Systems analyst positions are not entry-level positions, but rather are the typical career path for computer scientists with a bachelor's degree.

## INTERNET STUDIES CENTER AND MINOR IN INTERNET RESOURCE CREATION AND MANAGEMENT

The Internet Studies Center provides an adjunct program to a regular degree program. The center offers courses in Web site development and management that enable students to apply their major field in the world of Web-based communications and enterprise. Students completing a sequence of these courses are eligible for certification. The courses follow three different tracks. Students from a wide variety of liberal arts and science majors can earn certification in Web content development. This certifies that students have sufficient technical knowledge and skill to work effectively as Web content producers in a development team where they must work with programmers and project managers to produce a professional Web site. The Web programmer certification track provides a deeper technical program for CS majors to master programming skills pertinent to content delivery in large, dynamic Web sites. Finally, the Web site management certification track, offered in conjunction with the finance, marketing and decision sciences department of the College of Business and Economics, provides students with in-depth knowledge of large Web site management for e-commerce and other enterprise applications.

Those students interested in Web development but not seeking certification may take a set of courses that leads to a minor in Internet resource creation and complements management. This minor complements degrees in disciplines outside computing, providing students with the ability to publish and maintain material on the World Wide Web. This minor will enhance students' standing in applications to entry-level positions and helps increase the marketability of their major degree. The curriculum for this minor and all of the center-sponsored courses adapt to changes in Internet technology as the Internet evolves.

## COMPUTER SCIENCE FACULTY

**DAVID C. BOVER** (2002) Chair and Professor. BS, Monash University; PhD, Australian National University.

**GARY L. EERKES** (1985) Associate Professor. BA, MS, Western Washington State College; MS, Washington State University; PhD, University of Oregon.

**MARTIN GRANIER** (1997) Visiting Associate Professor and Director, Internet Studies Center. BS, Middle Tennessee State University; MS, University of Southwestern Louisiana; PhD, University of Oregon.

**JAMES W. HEARNE** (1986) Associate Professor. BA, MA, PhD, University of California.

**JAMES L. JOHNSON** (1981) Professor. BS, University of Louisville; MS, PhD, University of Minnesota.

**DEBRA S. JUSAK** (1988) Associate Professor. BA, State University of New York at Potsdam; MS, University of Connecticut; PhD, University of California, Irvine.

**GEOFFREY B. MATTHEWS** (1985), Professor. BA, University of California; MA, PhD, Indiana University.

**MICHAEL MEEHAN** (1996) Associate Professor. BS, Birmingham-Southern College; MS, PhD, University of Alabama, Huntsville.

**PHILIP A. NELSON** (1987), Associate Professor. BS, Pacific Union College; MS, University of California, Davis; PhD, University of Washington.

**MARTIN L. OSBORNE** (1977), Professor. BA, Hamilton College; MA, University of Oregon; PhD, Oregon State University.

**SAIM URAL** (1979) Professor. BS, MS, PhD, Middle East Technical University, Ankara.

**JIANNA ZHANG** (2002) Assistant Professor. BS, MS, PhD, University of Regina.

## COMPUTER SCIENCE

---

### FACILITIES

The department has a number of general and special purpose laboratories that support the computer science program. The general purpose labs contain PC-Pentium/Windows and Sun workstations running Unix in an X-windows environment. Most computer science classes use these laboratories for their programming and other homework needs. Additionally, there are three special purpose labs: PCs to support the architecture class sequence; machines running NetBSD to support networking and other classes; and PC Pentium/Windows to support the Internet Studies Center program.

### DECLARING A MAJOR

#### BACHELOR OF SCIENCE

Students must apply for admission to the major by completing a form in the department office, Communication Facility 495, or online at [www.cs.wvu.edu](http://www.cs.wvu.edu). Students are assigned a faculty advisor when accepted as a major. Students who have not yet been accepted as majors should seek advice in the undergraduate advisor's office. To graduate, the student must satisfy the requirements as stated in the catalog in effect at the time of declaration or in a subsequent catalog.

#### TRANSFER STUDENTS

Washington community college transfers comprise a large percentage of Western's students, especially computer science majors. Transfer students are very welcome in the computer science program; however, optimum progress depends upon fulfilling the following requirements:

- MATH 124 and 125
- Two programming courses in a high-level language, such as Ada, C++, C# or Java
- A year sequence chosen from BIOL 204, 205, 206; CHEM 121, 122, 123; PHYS 121/131, 122/132, 123/133; GEOL 211, 212, and one of 310, 314, 318, 352

Students are further encouraged to take a linear algebra course (MATH 204).

#### MID-PROGRAM CHECKPOINT

To complete the Bachelor of Science degree in computer science within four years, the student should complete the following courses by the start of the junior year. Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

- MATH 124, 125
- CSCI 141, 145, 211, 241
- The supporting science sequence (choice of biology, chemistry, geology or physics)

#### INFORMATION

Department of Computer Science, Communication Facility 495, Western Washington University, Bellingham, WA 98225-9062. Please direct questions to the departmental office: The phone is 360-650-3805, or correspond by e-mail to [csdept@cc.wvu.edu](mailto:csdept@cc.wvu.edu).

#### ADVISING

Undergraduate Advisor: Julie Marx, CF 459, 360-650-2300, [Julie.Marx@wvu.edu](mailto:Julie.Marx@wvu.edu)

For more detailed information on advising issues, go to [www.cs.wvu.edu](http://www.cs.wvu.edu) and click on the advising link.

### BACHELOR OF SCIENCE

#### Major — Computer Science

99 credits from computer science and mathematics

- CSCI 141, 145, 211, 225, 227, 241, 311, 341, 344, 347, 351, 352, 367, 401, 405, 410, 460, 496
- MATH 124, 125, 204, 226, 341
- CSCI 380 OR M/CS 375
- 12 credits chosen from CSCI 242, 342, 400, 402, 417, 420, 430, 442, 450, 467, 480, 494, M/CS 335, 435, 475, of which a maximum of 4 credits may be from CSCI 400 or 494 projects
- A supporting sequence chosen from: BIOL 204, 205, 206; CHEM 121, 122, 123; GEOL 211, 212, and one of GEOL 310, 314, 318, 352; or PHYS 121/131, 122/132, 123/133
- Two additional courses of a supporting nature, each chosen by one of the two methods: 1) a course in the same discipline as the supporting sequence chosen above, but of a higher level or 2) a course from a different discipline than the supporting sequence chosen above, but restricted to the list above.

#### FIVE-YEAR BS AND MS FAST TRACK PROGRAM

The Five-Year BS + MS Fast Track program makes it possible for exceptional undergraduate computer science majors to complete both a BS and MS degree in computer science in five years. Computer science majors who qualify will take four core courses from the graduate program when they are seniors. The computer science master's degree may then be completed in only one additional year of study at the master's level after students have applied to, and been accepted as, master's degree candidates by the WWU Graduate School.

Computer science majors who have achieved a GPA of 3.0 or above in their first three years as an undergraduate should contact the computer science graduate advisor. Applications are available at the graduate advisor's office, the undergraduate advisor's office, and may be downloaded from the computer science Web site, [www.cs.wvu.edu](http://www.cs.wvu.edu).

Students should apply for admission into the undergraduate honors program after the completion of their junior year of study. Once admitted to the honors program, students will take the four MS core curriculum courses. The course substitutions are: CSCI 510 for CSCI 401, CSCI 511 for CSCI 405, CSCI 512 for CSCI 410, CSCI 513 for CSCI 420.

After students are graduated with the BS degree in the computer science honors program, they will then complete all remaining requirements for the MS degree, i.e., CSCI 601, 602, 603 plus six graduate electives. Registering for three courses per term, it is possible to complete all MS requirements in only one additional year. When students enter the MS program via this path, the qualifying examination will be given during their first term as a graduate student, which implies that they may register for CSCI 601 while pending the outcome of the qualifying exam.

#### Advancement to Candidacy

Students are advanced to candidacy when they have demonstrated a reasonable likelihood of completing their program of study. The student must have completed the core curriculum courses with a B or better GPA and must have passed the qualifying examination. Students are recommended for candidacy by the Graduate Committee.

#### COMBINED MAJORS

The computer science department cooperates with other departments in offering combined majors for students wishing

to acquire some familiarity and experience in both areas.

Accounting/Computer Science: See *Accounting* under the College of Business and Economics section of this catalog.

Mathematics/Computer Science: See the *Mathematics* section of this catalog.

## MINOR

### Minor — Computer Science

38-40 credits

- CSCI 141, 145, 211, 241, 311, 341, 344
- MATH 124 or 157
- Two upper-division computer science or math/computer science courses

### Minor — Internet Resource Creation and Management

27-29 credits

- CSCI 112, 202, 403
- MIS 314
- COMM 318 or MGMT 319
- Either ENG 302, 402 or JOUR 207, 309

## INTERNET STUDIES CENTER CERTIFICATION

### Certificate Requirements

- CSCI 112, 202, MIS 314 and CSCI 403/MIS 427 or CSCI 494/MIS 428 for all students; CSCI 403/MIS 427 courses allow students to obtain real-world experience while staying on campus; CSCI 494/MIS 428 allow students to work in intern positions in real companies on actual Web site development
- Certification requires a minimum of eight hours of content-oriented courses from the student's major, approved by center director. Courses currently approved include the following sequences:
  - CSCI 242, 342, 442
  - MIS 324 and 424
  - COMM 244 and 318 (plus one additional course determined by major advisor required to meet 8 hour minimum)
  - ENG 302 and 402 (plus one additional writing course determined by major advisor required to meet 8 hour minimum)
  - JOUR 207 and 309 or JOUR 207, 305 and 330
  - MKTG — Any two marketing courses
  - ART 370 and 371

Students whose major course of study does not include pre-approved content-oriented courses are encouraged to consult with their major advisor and the director of the ISC to determine whether acceptable courses dealing with Internet technology are available.

## GRADUATE STUDY

For information regarding the Master of Science degree in computer science, please see the *Graduate School* section of the *General Catalog*.

## COURSES IN COMPUTER SCIENCE (CSCI)

Courses numbered X/37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.

### 101 COMPUTERS AND APPLICATIONS (4)

Study of computers, computer systems, and computer applications.

Computer hardware and software fundamentals. Networking, telecommunications, and the Internet. Hands-on experience with a variety of standard computer applications. Computer-related social and ethical issues. Lab.

### 102 COMPUTER-MEDIATED COMMUNICATIONS (3)

Prereq: basic computer literacy. Internet skills, with an emphasis on the Internet as a medium of political and business communication, research, cultural exchange and worldwide collaboration. Basic principles of effective Web site organization and design. Lab.

### 112 INTRODUCTION TO INTERNET RESOURCE CREATION (4)

Prereq: CSCI 101, 102 or permission of instructor. Methods for the construction and maintenance of published materials on the World Wide Web. Hypertext Markup Language (HTML) through advanced level, including frames and tables. Introduction to interactive Web pages with JavaScript programming, Flash and Dreamweaver.

### 140 PROGRAMMING FUNDAMENTALS (4)

Prereq: MATH 102 or permission of instructor. Intended for students wishing to acquire programming skills in connection with natural science or technology. Basic concepts of computer programming using an object-oriented programming language. Topics include introduction to development environment, introduction to computer architecture, and language elements such as control structures, functions, basic I/O, one-dimensional and parallel arrays, text file I/O, and user-interface design. Emphasis on algorithm development, program solving, and software engineering. Programming is required in implementation of concepts. Lab.

### 141 COMPUTER PROGRAMMING I (4)

Prereq: one of the following: MATH 102, 114, 115, 118, 124, 125, 128 or 156. Intended for those majoring in computer science. Basic concepts of computer programming using an object-oriented programming language. Topics covered: introduction to development environment, introduction to computer architecture, and elements of a language such as control structures, functions, basic I/O, one-dimensional and parallel arrays, text file I/O. Algorithm development, problem solving and software engineering are emphasized. Programming is required in implementation of concepts. Laboratory.

### 145 COMPUTER PROGRAMMING AND LINEAR DATA STRUCTURES (4)

Prereq: CSCI 141 or equivalent; any of the following: MATH 115, 118 or 124. Abstract data types, generics, access or pointer types, dynamic memory allocation, recursion, concurrent programming and linear data structures, including stacks, lists and queues. Programming is required in implementation of concepts. Lab.

### 202 BASIC INTERNET RESOURCES (4)

Prereq: CSCI 112 or permission of instructor. Principles and technologies required to produce and distribute Internet (World Wide Web) content, with a focus on site architecture and client-side dynamic pages; an introduction to server-side processing.

### 211 DISCRETE STRUCTURES AND FUNCTIONAL PROGRAMMING I (4)

Prereq: CSCI 141; any of the following: MATH 115, 118 or 124. Elementary logic (truth tables, propositional calculus), proofs, sets (tuples, relations, functions), induction, inductively defined sets (lists, strings, trees, graphs). Programming using a functional language is required in implementation of concepts. Laboratory.

### 225 SOCIAL AND ETHICAL ISSUES IN COMPUTER SCIENCE (3)

Prereq: available only to students who have been accepted into the computer science major. A forum for student learning, discussion, debate, and writing on topics on the ethical issues and the social impact of computing. Students are provided with instruction on oral communications and multimedia presentation.

### 227 COMPUTER ORGANIZATION I (3)

Prereq: CSCI 145. Overview of basic computer organization and design, data representation, digital logic, Boolean algebra. Combinational circuits, sequential logic circuits, system interconnection structures, processor design issues, instruction set architectures, instruction set design, details about the Pentium processor, pipelining and vector processors, Flynn's taxonomy, RISC processors.

### 241 DATA STRUCTURES (4)

Prereq: CSCI 145; MATH 124 or 157. Hash tables, general trees, search

## COMPUTER SCIENCE

---

trees, balanced trees, graphs, file organizations (direct, indexed, sequential), external sorting techniques, storage allocation structures. Programming is required in implementation of concepts. Lab.

### **242 INTRODUCTION TO JAVA PROGRAMMING (4)**

Prereq: CSCI 145. Introduction to the Java programming language for CS majors and non-majors seeking Web programmer certification from the Internet Studies Center. Subjects include object-oriented programming, language, utilities, abstract, window toolkit, network programming and applets.

### **311 DISCRETE STRUCTURES AND FUNCTIONAL PROGRAMMING II (4)**

Prereq: CSCI 211; MATH 124 or 157. Big-Oh notation; best, worst and average running time; discrete probability; recurrences; propositional and predicate logic; higher-order logic and computational logic; algebraic structures.

### **341 OBJECT-ORIENTED PROGRAMMING IN C++ (4)**

Prereq: CSCI 241. Object-oriented design: Universal Modeling Language (UML); realization of object-oriented design in C++, templates, Standard Template Library.

### **342 WEB SCRIPT PROGRAMMING (3)**

Prereq: CSCI 145. For CSCI majors and nonmajors seeking Web programmer certification from the Internet Studies Center. Development of programs and scripts for Web server applications; common gateway interface with Perl, C, and other scripting languages. Server-side JavaScript; Active Server pages.

### **344 SOFTWARE ENGINEERING (3)**

Prereq: CSCI 341. Requirements analysis, design, development and release of software in a project environment; waterfall model of software development; configuration management and version control. Survey of current technologies such as extreme programming and UML. Writing proficiency course.

### **347 COMPUTER ORGANIZATION II (4)**

Prereq: CSCI 227, 241. Pentium assembly language programming, interfacing assembly language programs to high-level languages, memory design, cache memory, virtual memory, I/O interfacing and communication, interrupts.

### **351 WIN32 SOFTWARE DEVELOPMENT(3)**

Prereq: CSCI 341. The design and development of systems and programs in the Win32 environment. Win32 operating system fundamental concepts. Win32 standards and implementations. System data files. Environment of a Win32 process. Win32 programming at the system call level. File and terminal I/O, processes, interprocess communication and events. Introduction to GUI-based programming, Visual Studio Development tools.

### **352 UNIX SOFTWARE DEVELOPMENT (3)**

Prereq: CSCI 341. The design and development of systems and programs in the Unix environment. Unix operating system fundamental concepts. Unix standards and implementations. System data files. Environment of a Unix process. Unix programming at the system call level. File and terminal I/O, processes, interprocess communication and signals. Introduction to shell programming, standard Unix development tools and system utilities: awk, m4, cc, lint, make, sed, grep, and others.

### **367 COMPUTER NETWORKS I (3)**

Prereq: CSCI 227, 347. Introduction to computer networks; network architecture and design; protocols, management, physical networks; implementation of network protocols, programming projects in protocol usage and applications.

### **380 NUMERICAL COMPUTATIONS (4)**

Prereq: CSCI 241, MATH 204. Computer arithmetic and error analysis, roots of nonlinear equations, solution of system of linear and nonlinear equations, numerical differentiation, numerical quadrature, approximation theory, initial and boundary value problems.

### **401 FORMAL LANGUAGES AND AUTOMATA (3)**

Prereq: CSCI 311. Formal languages, grammars, automata.

### **402 ARTIFICIAL INTELLIGENCE (3)**

Prereq: CSCI 311. Introduction to knowledge representation and search. Possible application areas include natural language, perception, learning and expert systems.

### **403 PRACTICUM IN NET RESOURCE MANAGEMENT (3)**

Prereq: MIS 314 and permission of instructor. Group project in the creation and management of an Internet site; Web server installation; use of a variety of site management tools.

### **405 DESIGN AND ANALYSIS OF ALGORITHMS (3)**

Prereq: CSCI 311, 341; MATH 226. Derivation of time and space complexity of algorithms. Typical algorithms investigated include sorts, graph traversals, string matching. Algorithm paradigms: divide and conquer, greedy algorithms, backtracking, branch and bound. Discussion of NP-completeness. Correctness proofs of algorithms.

### **410 PROGRAMMING LANGUAGES (3)**

Prereq: CSCI 311 and 344. Introduction to the structure of programming languages; syntax and semantics; properties of algorithmic languages; special purpose languages.

### **420 COMPUTER ARCHITECTURE III (3)**

Prereq: CSCI 311, 341, 347. Basic processor design: arithmetic logic unit, datapath, control alternatives, pipelining; memory organizations: cache memory, virtual memory; input/output and interfacing; comparative architectures. Student reports.

### **430 DATABASE THEORY (3)**

Prereq: CSCI 311, 341. Data models and their access languages. Design issues: ER diagrams, functional dependency analysis and normalization. Database programming.

### **442 ADVANCED WEB PROGRAMMING IN JAVA (3)**

Prereq: CSCI 242, 342. CSCI 242 may be waived with instructor approval. For CSCI majors and nonmajors seeking Web programming certification from the Internet Studies Center. Advanced network, applet, and server applications in Java. GUIs, Web spiders and Web search algorithms, security, remote method invocation and Java Beans.

### **450 COMPILER THEORY AND DESIGN (4)**

Prereq: CSCI 344, 410; CSCI 401 is recommended. Theory and practice of compiler design. Emphasis is on basic theory and methods necessary to design and implement a functional syntax directed compiler.

### **460 OPERATING SYSTEMS (3)**

Co- or prereq: CSCI 347. Principles of operating systems; concurrent processes; resource management; process management; file systems; protection.

### **467 COMPUTER NETWORKS II (3)**

Prereq: CSCI 420. Advanced computer network. Applications including Internet and distributed computing.

### **480 COMPUTER GRAPHICS (4)**

Prereq: CSCI 344, 351; MATH 204; CSCI 380 OR MATH-CS 375. Overview of the hardware, software, and techniques used in computer graphics; raster display devices; input devices; display files, 2D and 3D transformations; windowing, clipping; simple surface rendering.

### **494 PROFESSIONAL WORK EXPERIENCE (4)**

Prereq: 30 credits in computer science, including CSCI 344; GPA at least 2.70 and permission of department. Academic credit awarded for employment in industry. Students are required to keep a journal and to submit a written report. See the Department of Computer Science for information. S/U grading.

### **496 SENIOR PROJECT (3)**

Prereq: senior status and permission of department, senior evaluation. Software development project requirement specifications, design, implementation, testing, and documentation. Review of the computer science curriculum to prepare students for the Major Field Examination (MFE). Students must take the MFE.

### **498 TEACHING PRACTICUM (2)**

Prereq: senior status and permission of department. Classroom experience in computer science teaching. Students will assist faculty in laboratory settings. Repeatable to a maximum of 4 credits.

## GRADUATE COURSES

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **505 PARALLEL COMPUTATION (4)**

Prereq: CSCI 401, or equivalent. Topics in concurrent and parallel computation. Possible areas include formal specification methods for parallel systems, semantics and verification of parallel language programs, and analysis and implementation of parallel algorithms.

### **510 AUTOMATA AND COMPLEXITY (4)**

Prereq: graduate status or acceptance to undergraduate honors program in

computer science. Theory of automata in support of complexity theory. Models of computation; computability and undecidability; complexity classes P and NP; NP-complete problems; responses to the NP situation, including randomized computation and approximation algorithms.

#### **511 ANALYSIS OF ALGORITHMS (4)**

Prereq: graduate status or acceptance to undergraduate honors program in computer science. Space and time complexity of problems of algorithms; asymptotic notation; amortized analysis; taxonomy of algorithmic type: self-adjusting structures, dynamic programming, graph algorithms, string matching.

#### **512 DESIGN AND IMPLEMENTATION OF COMPUTER PROGRAMMING LANGUAGES (4)**

Prereq: graduate status or acceptance to undergraduate honors program in computer science. Evaluation of programming language features, classification of programming languages in terms of expressiveness, complexity, uniformity and orthogonality. Cost of implementing and using programming language in view of compilation and run-time environments. Mapping of programming language features onto computer architectures. Alternative programming methodologies: functional paradigm, imperative programming, logic programming, data flow programming, explicit and implicit concurrency models.

#### **513 SYSTEMS PROGRAMMING AND OPERATING SYSTEMS INTERNALS (4)**

Prereq: graduate status or acceptance to undergraduate honors program in computer science. Systems software such as linkers, loaders, system utility software and operating system internals. Investigation of real operating systems, augmentation or modification of the operating system source code. Process creation and management; interprocess communication; process scheduling; I/O hardware and software; memory management; file system design and implementation; security and protection mechanisms.

#### **520 ADVANCED COMPILER DESIGN (4)**

Prereq: CSCI 401, 450, or any graduate-level course involving work with formal languages. Theory and practice of compiler design. Detailed consideration of efficient parsing techniques; organization of semantic analysis and code generation phases; machine dependent and independent optimization techniques; organization of runtime environment.

#### **525 ADVANCED TOPICS IN OPERATING SYSTEMS (4)**

Prereq: CSCI 460 or equivalent. Topics from interprocess communication, resource management, security, distributed operating systems, process models for distributed systems, real-time operating systems, formal models applicable to operating systems.

#### **527 EMBEDDED SYSTEMS (4)**

Prereq: CSCI 420, 460, or equivalent. Design and development of embedded microprocessors in instrumentation, controls and user appliances. Emphasis on hard real-time multi-tasking. Laboratory in intelligent instrumentation and control systems.

#### **530 ADVANCED DATABASE THEORY (4)**

Prereq: CSCI 430 or equivalent. Advanced topics in database systems. Possible areas include transaction processing, concurrency control, recovery, security, query optimization, distributed systems, and logic-based systems.

#### **535 EMPIRICAL METHODS (4)**

Prereq: CSCI 344. Introduction to the examination of empirical data. Design of experiments, analysis of data and understanding of results. In particular, computer systems and software are examined from an empirical perspective.

#### **538 OBJECT ORIENTED COMPUTING (4)**

Prereq: CSCI 344 or equivalent experience. The principles and practice of object-oriented software development. Exploration of research topics in object-oriented systems chosen from areas of current interest.

#### **540 THEORY AND PRACTICE OF PROGRAMMING LANGUAGE DESIGN (4)**

Prereq: CSCI 512 or equivalent experience. Design and implementation of novel programming languages.

#### **545 DISTRIBUTED FILE SYSTEMS (4)**

Prereq: graduate standing, CSCI 513. Topics in distributed file systems.

Topics include networked file systems, server and client implementation, network protocols, high-level goals, actual implementations, mobile computing needs, current research in distributed file systems.

#### **555 ADVANCED COMPUTER ARCHITECTURES (4)**

Prereq: CSCI 420 or equivalent. Memory hierarchy organization and management, pipelining, multi-processors, new architectures.

#### **565 COMPUTER COMMUNICATIONS NETWORKS (4)**

Prereq: permission of instructor. Topics from digital communications technologies, media access control, local area networks, network architectures, networking protocols, inter-connections and routing, performance, security, and industry standards.

#### **571 MACHINE LEARNING ALGORITHMS (4)**

Prereq: CSCI 402 or equivalent. Covers important machine learning research areas such as artificial neural nets, Bayesian learning, data mining, decision tree learning, evolutionary computation, reinforcement learning, version space learning, rough sets, and computational learning theory. Algorithms from these research areas will be analyzed. Each student will select one of the learned algorithms and apply it to the term project.

#### **572 ROBOTICS (4)**

Prereq: CSCI 571 or equivalent. Class materials cover from hardware to software according to students' needs and available instructors. Each course offering will select one of the two (hardware and software) research areas or a combination of them. The syllabus includes, but is not limited to, architectures, navigation, and motion planning, control, vision, synthesizing, and algorithm design. Students will gain firsthand experience by working on a small robot. They will design algorithms or manipulate the hardware to make the robot do or learn a certain task.

#### **573 COMPUTATIONAL LINGUISTICS (4)**

Prereq: graduate status, or permission of instructor. Formal and computational models of the syntax, semantics and pragmatics of natural languages; rival approaches to semantic and pragmatic representation; applications to database queries and machine translation.

#### **578 CRYPTOGRAPHY (4)**

Prereq: graduate status or permission of instructor. Selected topics from number theory; simple, homophonic, polyalphabetic substitution ciphers; product ciphers, DES; public-key algorithms, digital signatures and identification schemes; key management.

#### **580 ADVANCED COMPUTER GRAPHICS (4)**

Prereq: CSCI 480 or equivalent. Three-dimensional concepts, shading techniques, curves and surfaces, ray tracing, radiosity, texture mapping, fractals.

#### **584 SCIENTIFIC VISUALIZATION (4)**

Prereq: CSCI 480 or equivalent. Introduction to the computer display of scientific datasets. Topics include visualizing 2D and 3D scalar and vector fields, visualizing nonlinear relationships, and user interface design.

#### **585 IMAGE PROCESSING (4)**

Prereq: graduate status or permission of instructor. Digital image fundamentals, image transforms, image enhancements, image restoration, image encoding, representation and description, color image processing, morphological operations.

#### **601 AREA OF SPECIALIZATION RESEARCH EXPERIENCE I (4)**

Prereq: permission of instructor. Work on ongoing research project. Credit given when CS 601, 602 and 603 completed. S/U grading.

#### **602 AREA OF SPECIALIZATION RESEARCH EXPERIENCE II (4)**

Prereq: CSCI 601 and permission of instructor. Work on ongoing research project. Credit given when CS 601, 602 and 603 completed. S/U grading.

#### **603 AREA OF SPECIALIZATION RESEARCH EXPERIENCE III (4)**

Prereq: CSCI 601, 602 and permission of instructor. Work on ongoing research project. Credit given when CS 601, 602 and 603 completed. S/U grading.

#### **690 MASTERS THESIS (1-12)**

Prereq: appointment of thesis advisor and committee. S/U grading.

#### **691 MASTERS PROJECT (1-8)**

Prereq: appointment of project advisor and committee. Software/hardware project for non-thesis option. S/U grading.

# ENGINEERING TECHNOLOGY

The Department of Engineering Technology offers five programs that prepare graduates for technical and professional careers in industry and one program to prepare students for careers in education. Each program offers a unique mix of laboratory experiences and theoretical course work. Most of the courses within the Department of Engineering Technology have laboratory components where students apply the theory learned in lectures to solve practical problems and experience industrial applications of technology. Creativity is encouraged and emphasized. Several state-of-the-art laboratories support the six programs.

The six distinct programs are:

- Electronics Engineering Technology
- Manufacturing Engineering Technology
- Plastics Engineering Technology
- Industrial Design
- Industrial Technology
- Technology Education

Engineering technology is the profession in which knowledge of mathematics and natural sciences gained by higher education, experience and practice is used to create and enhance technologies that benefit humanity. For example, engineering technologists use their knowledge to help make airplanes, buildings, computer systems, power plants, and transportation systems. Engineering technologists work for major technological companies, including regional operations such as Boeing, Paccar, Alpha Technologies, Nike, Korry Electronics, et cetera. They are employed across the technological spectrum but are best suited to areas that deal with application, manufacturing, implementation, engineering operation, sales and production.

The engineering technology programs at Western provide the theoretical abstract training necessary for planning, design and creating new products. They focus on application and practice and, thus, emphasize laboratory experiences. The programs include specialized technical courses that emphasize problem solving and applying scientific principles to find practical solutions to technical problems, as well as courses in mathematics and sciences that support the technical courses. In addition, Western's GURs contribute to a liberal education, providing graduates with a solid foundation in communication skills.

Students planning to major in any engineering technology program are encouraged to have a solid foundation in mathematics and the sciences, especially physics. Students planning to major in industrial design are also encouraged to have a sound background in art and design.

## ENGINEERING TECHNOLOGY FACULTY

**STEVEN H. DILLMAN** (1993) Interim Chair and Associate Professor. BS (chemical engineering), Rice University; PhD (chemical engineering), University of Washington.

**THOMAS GRADY** (1986) Associate Professor. BA, BS, MSEE, University of Colorado.

**F. DAVID HARRIS** (1990) Professor. BSEE, Newark College of Engineering; MAT (Physical Sciences), Rhode Island College; MSEE, Rensselaer Polytechnic Institute. Registered professional engineer.

**NICOLE HOEKSTRA** (1998) Associate Professor. BSME, MSME, University of Minnesota, Institute of Technology.

**KATHLEEN L. KITTO** (1988) Professor and Associate Dean, College of Sciences and Technology. BS, MSME, Montana College of Mineral Science and Technology.

**ERIC C. LEONHARDT** (2002) Assistant Professor. BA, Whitman College; BS, Western Washington University; MS, University of Michigan.

**ERIC K. MCKELL** (1997) Associate Professor. BSMET, MSMFE, Brigham Young University. Registered professional engineer.

**TODD MORTON** (1988) Professor. BSEE, MSEE, University of Washington.

**STEVE MOSKOWITZ** (1984) Associate Professor. BEE, MEE, Rensselaer Polytechnic Institute.

**JEFFREY L. NEWCOMER** (1998) Associate Professor. BS, MEng, MS, PhD (mechanical engineering), Rensselaer Polytechnic Institute.

**VEEKIT O'CHAROEN** (2002) Assistant Professor. BS, King Mongkut's Institute of Technology; MS, Bradley University; DIT, The University of Northern Iowa.

**ARUNAS P. OSLAPAS** (1991) Associate Professor. BFA, Montana State University; MFA, University of Illinois.

**ROBERT A. RAUDEBAUGH** (1988) Professor. BS, MA, Northern Arizona University; EdD, Arizona State University.

### Adjunct Faculty

**INDLE G. KING** (1987). BA, MA, University of Washington.

## DECLARATION OF MAJOR

Students who intend to complete one of the six majors should declare the major early and obtain advisement from a department advisor so that a program of study can be planned. Engineering technology programs require courses that also fulfill GUR requirements (natural sciences and communications, for example). Freshmen and transfer students may begin their studies within the department in their first quarter at Western. Declaration of a major does not decrease the opportunity to change plans or majors. Students or prospective students may wish to participate in department projects and student club organizations since that is often a good way to understand the different career opportunities and requirements of the six majors.

## MID-PROGRAM CHECKPOINT

Students intending to complete a Bachelor of Science degree in one of the department majors within four years should complete the following courses by the start of their junior year. Students are expected to follow all prerequisite requirements for courses and seek early departmental advisement.

### Electronics Engineering Technology

- ETEC 110, 270, 271, 272, 273, 274, 371, 372, 375
- MATH 114, 115 or 118, 124, 125
- PHYS 121/131, 122/132, 123/133 or 114, 115, 116
- COMM 101, CS 141, Eng 101 and 302
- 8 credits technical electives, 5 credits other GURs

### Manufacturing Engineering Technology

- ETEC 110, 111, 220, 222, 223, 224, 225
- MATH 115 or 118, 124, 125
- PHYS 121/131, 122/132, 123/133
- CHEM 115, CSCI 140, COMM 101, ENG 101; students should take CSCI 140 in Fall 2004 or Winter 2005 when the course teaches C++ programming language
- 20-24 credits other GURs

### Plastics Engineering Technology

- ETEC 110, 111, 220, 223, 224, 225
- MATH 115 or 118, 124, 125
- PHYS 114, 115
- CHEM 121 and 251, CSCI 140, COMM 101, Eng 101;

students should take CSCI 140 in Fall 2004 or Winter 2005 when the course teaches C++ programming language

- 25-30 credits other GURs

#### Industrial Design

- ETEC 110, 214, 215, 216, 231, 311, 312, 411
- MATH 115 or 118, MGMT 271
- PHYS 114, 115
- ART 109, 110, 120, 130 plus additional art courses (with advisement)
- A/HI 240
- Other GURs (with advisement)

#### Industrial Technology — CAD/CAM

- ETEC 110, 111, 220, 223
- MATH 114, 115 or 118, 124
- CSCI 140
- CHEM 115
- PHYS 114, 115
- ACCT 240, MGMT 271, ESTU 202
- Minimum of 24 credits GURs

#### Industrial Technology — Vehicle Design

- ETEC 110, 111, 220, 223, 280, 281
- MATH 114, 115 or 118, 124
- CSCI 140
- CHEM 115
- PHYS 114, 115
- ACCT 240, MGMT 271, ESTU 202
- Minimum of 22 credits GURs

#### Technology Education

- ETEC 110, 111, 212, 213 plus (choose 4) ETEC 223, 231, 280, 301 (or both 220 and 333), 305, 311, 351
- MATH 114, 115 or 118
- PHYS 114, CHEM 115, CSCI 140
- Completion of GUR
- For junior status, student must have full admission to the Woodring College of Education.

#### VEHICLE DESIGN

A post-baccalaureate professional development certificate program in vehicle design is offered for students with an undergraduate degree in engineering. The three quarter lockstep program begins fall quarter. The post-baccalaureate program is self supporting and has a different tuition rate. Students interested in the post-baccalaureate program need to be referred by Eric Leonhardt. Upon referral, students need to complete the Extension Undergraduate Application. Extension admission and registration information is available from Extended Education and Summer Programs, 360- 650-3308.

#### BACCALAUREATE PROGRAMS

The department administers six undergraduate programs that lead to the Bachelor of Science degree: electronics engineering technology; industrial design; industrial technology; manufacturing engineering technology; plastics engineering technology; and technology education.

#### ACADEMIC STANDARDS

Students must request, in writing, any program course

exception to the engineering technology departments curriculum committee. A D+ or lower in a required program course is always considered a program exception.

In the application to the curriculum committee, clearly state the requested exception and a detailed explanation why the exception is being requested and why it is appropriate. Students must inform their faculty advisor of the request and provide a copy of the request to their advisor. The student's faculty advisor will be expected to submit a response to the request to the curriculum committee. Faculty advisors may also choose to attend the meeting in person. Students should expect that the curriculum committee will need ample time (a week or more) to consider the request and the application process must be completed well before registration time.

Requests for exceptions to course prerequisites or course substitutions must be made in writing to the curriculum committee before the end of the last day of classes of the quarter prior to when the course in question will be taken. The only exception to this is if the exception request is the result of a grade received in a course the quarter prior to the affected course being taken. In this case, the request for an exception must be made in writing to the curriculum committee before the end of the first week of classes. Exceptions will not be granted to anyone who does not meet these deadlines.

A minimum grade point average of 2.00 in the appropriate engineering technology program sequence (electronics core, industrial design core, industrial technology core and specialization, manufacturing core, plastics core, breadth/depth core for technology education) is required for graduation.

A grade of C- or better is required in all program courses. This means that a grade of C- or better is needed in all prerequisite courses listed for any subsequent course. Students enrolled in a course with a D+ or lower in a prerequisite course will be required to drop the subsequent course. A K grade in a listed prerequisite course must be completed with a C- or better before the subsequent course can be taken.

#### BACHELOR OF SCIENCE

##### ELECTRONICS ENGINEERING TECHNOLOGY

The electronics engineering technology program prepares engineering technologists who understand and can apply established scientific and engineering knowledge and methods in combination with technical skills of modern technology to support engineering activities. Students are provided with a strong concentration of both classroom instruction and practical hands-on laboratory design and testing experiences. Graduates are qualified for application positions in electronic systems analysis and design, product design and development, technical sales and service, and field engineering operations and maintenance.

Certain community colleges within the state have established two-year associate degree transfer programs with Western that satisfy all of the prerequisites for the junior year. Students transferring to Western from one of these programs or students having obtained equivalent backgrounds elsewhere may begin the junior year of the program.

Western's electronics engineering technology program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC/ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, phone 410- 347-7700.

## ENGINEERING TECHNOLOGY

### Major — Electronics Engineering Technology

150 credits

*Electronics Core:* 98 credits

- ETEC 110, 270, 271, 272, 273, 274, 371, 372, 373, 374, 375, 376, 378, 379, 405, 455, 457, 471, 474, 475, technical electives

*Supporting Courses:* 52 credits

- Mathematics 24 credits: MATH 114, 115 or 118, 124, 125, 321
- Physics 15 credits: PHYS 114, 115, 116 or 121, 122, 123, 131, 132, 133
- Communications 9 credits: ENG 302, COMM 101
- Computer Science 4 credits: CSCI 141

Total credits for the electronics engineering technology degree, including additional GUR requirements, equal 199.

### Minor — Embedded Systems

26 credits

- ETEC 271, 272, 273, 373, 374, 454

## INDUSTRIAL DESIGN

The Bachelor of Science degree program in industrial design prepares graduates to work as practicing designers in a corporate, consulting, or entrepreneurial position in virtually any industry. Industrial design is a highly competitive, professional service of creating and developing concepts and specifications that optimize function, value, and appearance of products and systems for the mutual benefit of both user and manufacturer.

## ENTRANCE PORTFOLIO REQUIREMENT

Declaration of a major in the Industrial Design program at Western Washington University requires the submission of a portfolio which, in the judgment of the faculty, offers evidence of a candidate's potential for success within the program.

A portfolio is a collection of an applicant's best work, revealing the applicant's interests and presented as professionally as possible. Applicants should submit work from high school/university courses, professional work, or self-initiated projects. For more information on design portfolios and what makes a good portfolio, please refer to links on the Industrial Design Web site.

The applicant's entrance portfolio may provide examples in the following five areas:

- Sketching (examples of sketches that express ideas and creative problem solving, show a variety of concepts, or demonstrate an ability to draw)
- 2-D design (examples of page layout, composition, color, et cetera, as demonstrated in an illustration, advertisement, painting, or other 2-dimensional work)
- 3-D design (examples of form development, construction, craftsmanship, et cetera, as demonstrated in a 3-dimensional piece such as a model, sculpture, clothing, et cetera)
- Computer skills (examples of computer-aided drafting (CAD), and/or aptitude in drawing/image editing software programs such as Adobe Illustrator, Photoshop, et cetera)
- Communication (examples of written or visual communication through papers, reports, or presentations)

Portfolios are reviewed by an Industrial Design committee three times per year prior to the quarter of acceptance into the major. Submission deadlines are October 22 for winter quarter, February 14 for spring quarter, and August 16 for fall quarter. If applicants

do not qualify for acceptance one quarter, they may apply for a following quarter after improving the content of their portfolio.

### Entrance Portfolio Submission Format

To apply for admission to the major, an individual must submit color photocopies, digital images on CD, or 35mm slides of a maximum of 12 pieces of their work. Each piece should be clearly marked with the applicant's name, title of the project, medium (or software/materials) used, size, and date of completion. In the case of professional or group projects, applicants should indicate their personal responsibilities. Neatness of presentation is important; it reflects your attitude toward your work. Application materials will not be returned unless a self-addressed, stamped envelope is provided.

### Sophomore Portfolio Review

The number of majors accepted into the junior and senior professional practice series of courses is limited to 12 juniors and 12 seniors through the sophomore portfolio review. This review takes place after the first two years of studies has been completed and is held once a year in June.

The requirements for this second portfolio review include completion of the following classes: MATH 115 or 118; PHYS 115; ETEC 110, 214, 215, 216, 231, 311, 411; a minimum of five studio art courses (ART 110, 120, 130, 203 and 220 recommended); one art history course (ART 109 recommended); a maximum of 90 credits remaining to graduate; a portfolio consisting of seven pieces or projects. Early advisement is essential.

More information on the second portfolio review is available in the FAQ section on the Western Washington University Industrial Design Web site.

The industrial design program is accredited by the National Association of Schools of Art and Design (NASAD), 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190, phone 703-437-0700.

### Major — Industrial Design

135 credits

*Industrial Design Core:* 44 credits

- ETEC 110, 111, 214, 215, 216, 223, 231, 301, 311, 312, 411

*Professional Practice Series:* 30 credits

- ETEC 314a, 314b, 314c, 414a, 414b, 414c

*Supporting Courses:* 61 credits

- ART 109, 110, 120, 130, 203, 220, 230, 270, 290
- A/HI 240, 270
- MATH 115 or 118
- PHYS 114, 115
- MGMT 271
- MKTG 380

### Minor — Sustainable Design

28-32 credits

Huxley College of the Environment and the Department of Engineering Technology jointly offer a minor in Sustainable Design. Design is the process of conceptualization, representing, and creating projects, processes, or products (ranging in scale from consumer objects to regions). Sustainability requires that designed products promote long-term economic, social equity, and ecological values. The minor provides basic foundations in environmental studies and design, and allows for individualized tailoring according to the student's interest.

The goal of the program is to enable students with strengths in

design or in environmental studies to gain complementary skills in the other area so as to pursue sustainable design careers more effectively. The program is also open to students from any area that would benefit by the set of concepts and skills offered. Students in the program will obtain an understanding of the natural systems within which human institutions and technologies function, and of the social systems which mediate human interactions with ecosystems. This background allows the student to make informed decisions about how ecological constraints define sustainability, and how human choices shape the context in which sustainable projects may be implemented or used. The course work in industrial design introduces the design process and provides skills in the representation of design concept. Students of the sustainable design minor are accepted into the minor by application. The student should prepare a statement explaining how his or her educational goals, background course work, and experiences qualify him or her for this program. Examples of the applicant's own design concepts or products, or evidence of participation in ecological management are also welcome. Those students who show the highest affinity for integrating environmental systems information, sustainable design principles, and understanding of practical applications will be accepted into the minor. The statement should be submitted to either the Department of Engineering Technology or to Huxley College. Space in the minor will be limited.

**Environmental Studies** (13-15 credits)

- ESTU 369 (3 credits)
- ESTU 415 (3 credits)

One of the following:

- ESCI 310 (4 credits)
- ESCI 325 (3 credits)

One of the following:

- ESTU 303 (4 credits)
- ESTU 304 (4 credits)
- ESTU 305 (4 credits)
- FAIR 335 (4-5 credits)

**Industrial Design** (8 credits)

- ETEC 311 (4 credits) (prereq: ETEC 110 or ESTU 401 or EGEO 350 or EGEO 352)
- ETEC 312 (4 credits) (pre- or co-req: ETEC 311)

**Electives under advisement** (7-9 credits)

### INDUSTRIAL TECHNOLOGY

The Bachelor of Science degree program in industrial technology prepares graduates to enter supervisory and management levels of technical industries. The major provides a general understanding of tools, materials and processes used in industry, a fundamental supporting background in business and/or economics and depth in some technical area. Areas of specialization within the major include the vehicle design program of the Vehicle Research Institute, CAD/CAM, and specialization by advisement. Graduates of this program hold management positions throughout the Northwest.

#### Major — Industrial Technology

110 credits

Core Courses: 75 credits

Required of all IT majors:

- ETEC 110, 111, 220, 223, 224, 327, 333, 351; MATH 114, 115 or 118, 124, 125; CHEM 115; CSCI 140; PHYS 114,

115; ESTU 202; electives by advisement (4 credits)

*Specialization: 35 credits minimum*

Complete one of the following specializations with guidance from a departmental advisor:

CAD/CAM

- *Required:* ETEC 222, 307, 322, 323a, 323b, 323c, 335, 338, 426a-d (select any one), 427
- *Optional (3-9 credits):* ETEC 312 (pre- or co-req of ETEC 311), 313, 402 (1-9), 419, 425, 431, electives by advisement (3-8 credits)

**NOTE:** The available department resources will control the number of majors in the CAD/CAM specialization and a limit may be placed on the number of new majors allowed to declare in any one quarter.

Vehicle Design: ETEC 280, 281, \*311, \*322, 334, 380, \*381, 382, 400 (1 credit), 480, \*481, 484, 486, 489 (3 credits)\*

Specialization by advisement: acceptance into option must be before 50 percent of the proposed courses are completed. Option must be approved by the Industrial Technology program coordinator.

\*Optional.

#### Minor — Industrial Technology — Vehicle Design

25 credits

ETEC 280, 281, 380, 382, 484, 486

### MANUFACTURING ENGINEERING TECHNOLOGY

Manufacturing engineering technology prepares engineering technologists who understand and can apply established scientific and engineering knowledge and methods in combination with technical skills of modern technology to support engineering activities. Career fields include development and testing of new products, computer-aided manufacturing, robotics, cost analysis, production supervision and management, marketing and technical support, production process control, manufacturing support, and technical sales and service.

Prospective students are encouraged to include physics, chemistry and mathematics in their high school preparation. University-level physics, computer science, precalculus and calculus must be taken during the first two years to ensure that junior-level course prerequisites are completed.

Certain community colleges offer the first two years as direct transfer. Therefore, it is necessary for interested students to seek early advisement from the Department of Engineering Technology.

Students can expect to complete this program in four years by carrying 16-17 credits per quarter in a prescribed sequence of courses.

The manufacturing engineering technology degree program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, phone 410-347-7700.

#### Major — Manufacturing Engineering Technology

145 credits

Manufacturing Core: 86 credits

- ETEC 110, 111, 220, 222, 223, 224, 225, 322, 326, 327, 328, 333, 344, 351, 352, 354, 420, 424, 427, 444, technical electives (10 credits)

## ENGINEERING TECHNOLOGY

*Supporting Courses:* 59 credits

- Mathematics, 18 credits: MATH 115 or 118, 124, 125, 240
- Computer Science, 4 credits: CSCI 140 (replacement for CSCI 141); students should take CSCI 140 in fall 2004 or winter 2005 when the course teaches C++ programming language.
- Operations Management, 8 credits: OPS 460, 463
- Physics, 15 credits: PHYS 121, 122, 123, 131, 132, 133
- Chemistry, 5 credits: CHEM 115
- Communication, 9 credits: COMM 101, ETEC 341, ETEC 422

Total credits for the manufacturing engineering technology degree, including additional GUR requirements, equal 194.

Technical electives, one of which should be an advanced processing course, must be chosen from an approved list. The list is available from program faculty advisors. Some electives are grouped by subject area so that some degree of specialization may be attained.

### *Minor — Manufacturing Engineering Technology*

*Manufacturing Engineering Technology Core:* 17 credits

- ETEC 110, 111, 220, 223, 328
- One of the following sequences:
  - General Manufacturing (8 or 9 credits): Choose 2 of the following — ETEC 222, 322, 333
  - Engineering Design (8 credits): ETEC 224, 225
  - Computer Aided Manufacturing (10 credits): \*\* ETEC 322, 427, 426a,b or c
  - Engineering Polymers (10 credits):\*\*\* ETEC 333, 334

\* Students majoring in *Plastics Engineering Technology* must take the *Computer Aided Manufacturing Option*.

\*\* Not available to students majoring in *Industrial Technology, CAD/CAM option*.

\*\*\* Not available to students majoring in *Industrial Technology*.

## PLASTICS ENGINEERING TECHNOLOGY

The plastics engineering technology program prepares students for productive, professional careers in the plastics industry. The technical curriculum is built upon a firm base of mathematics, physics, chemistry and materials technology, and provides extensive coverage of polymeric materials and processing methods. Practical experience in design, control analysis, processing, testing and production is a crucial part of the curriculum that is provided in the programs extensive and well-equipped laboratory facilities.

Students can expect to complete the program in four years by carrying 16-17 credits per quarter in a prescribed sequence of courses.

The plastics engineering technology degree program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, phone 410- 347-7700.

### *Major — Plastics Engineering Technology*

140 credits

*Plastics Core:* 86 credits

- ETEC 110, 111, 220, 223, 224, 225, 322, 333, 334, 335, 337, 338, 344, 351, 431, 432, 433, 434, 436, 444, technical electives (12 credits)

*Supporting Courses:* 54 credits

- Mathematics, 18 credits: MATH 115 or 118, 124, 125, 240
- Physics, 10 credits: PHYS 114, 115
- Chemistry, 13 credits: CHEM 121, 251, 308
- Communication, 9 credits: COMM 101, ETEC 341, 430

- Computer Science, 4 credits: CSCI 140 (replacement for CSCI 141); students should take CSCI 140 in fall 2004 or winter 2005 when the course teaches C++ programming language

**NOTE:** CHEM 122 and 123 are recommended but not required if natural science GUR is otherwise completed.

Also note that completion of PHYS 116 (in addition to the required PHYS 114 and 115) will also satisfy the natural science GUR.

Total credits for the plastics engineering technology degree, including additional GUR requirements, equal 194-198 depending on courses taken to fulfill the natural science GUR.

## TECHNOLOGY EDUCATION

The teacher preparation program has been offered for over 80 years and is a traditional strength at Western. This program prepares teachers of technical subjects for the junior and senior high schools and has been approved by the Office of the Superintendent of Public Instruction. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better. Most graduates also meet the certification requirements for vocationally approved programs.

This major must be accompanied by the professional preparation program in secondary education in order to receive a recommendation for state of Washington certification with an endorsement in technology education. Students may complete the teacher certification program that is offered by the Department of Secondary Education as 1) a part of the undergraduate BS degree, or as 2) a post-baccalaureate program, or as 3) a part of the Master's in Teaching degree. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

### *Major — Technology Education*

82-85 credit minimum plus supporting courses

- Breadth Requirement: ETEC 110, 111, 212, 213
- Breadth Options (choose 4): ETEC 223, 231, 280, 301 (or both 220 and 333), 305, 311, 351
- Depth Requirement: 15 credits in engineering technology, of which 10 must be at 300-400 level
- Professional Block — 15 credits: ETEC 341, 488, 491, 493, 494, 496
- Supporting Courses — 24 credits: PHYS 114, CHEM 115, CSCI 140, MATH 114 and 115 or 118

**NOTE:** To expand teaching eligibility, technology education majors should seek additional certification endorsement. Some of the courses for additional certification may be included in the GUR and the technology education major or may be taken after graduation.

The professional block courses are to be taken simultaneously in the spring quarter just prior to the student internship. The courses are taught on a competency-based model, with pedagogical, technical, managerial and professional competencies listed for achievement by candidates. Through problem-solving activities in a school technology education laboratory setting, students demonstrate competency to an acceptable level and will not receive credit for course work until such competence is clearly shown. Technology education majors do their internship only in the fall quarter.

## GRADUATE STUDY

For a concentration leading to the Master of Education degree, see the *Graduate School* section of this catalog.

## COURSES IN ENGINEERING TECHNOLOGY (ETEC)

Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.

### 110 ENGINEERING DESIGN GRAPHICS I (3)

Introduction to the engineering design process. Course topics include the design process, ideation sketching, communication drawing, documentation drawing, three-dimensional computer-aided design and rapid prototyping.

### 111 ENGINEERING DESIGN GRAPHICS II (3)

Prereq: ETEC 110 or equivalent. Second course in engineering design graphics. Includes the design process, parametric modeling and design, tolerance specification, documentation drawing and assembly modeling.

### 212 INTRODUCTION TO TECHNOLOGY FOR EDUCATORS (3)

The areas of information, physical, biological, and power and energy technologies are explored through the application of design/problem-solving activities which engage students in firsthand experiences with technology.

### 213 DESIGN DEVELOPMENT FOR TECHNOLOGY EDUCATION (3)

Prereq: technology education major or permission of the instructor. Basic design fundamentals applied to technology education teaching. Development of creativity with application to school projects and design problems.

### 214 SOPHOMORE INDUSTRIAL DESIGN I (5)

Prereq: ETEC 231. Introductory industrial design studio course explores the use of different media and techniques to create innovative solutions for two- and three-dimensional design problems. Emphasis on fundamental design principles, ability to express new ideas, and awareness of the consumer market.

### 215 HISTORY OF INDUSTRIAL DESIGN (3)

A historical overview of mass-produced products, the designers who created them, and their influence on our culture and society. International perspective covering significant events from the Industrial Revolution to the present.

### 216 SOPHOMORE INDUSTRIAL DESIGN II (5)

Prereq: ETEC 110, 214. Second industrial design studio course focusing on more difficult design problems and using a more comprehensive design methodology. Additional emphasis on idea generation, human factors, basic mechanics and fabrication of models.

### 220 INTRODUCTION TO ENGINEERING MATERIALS (4)

Prereq: MATH 115 or 118, CHEM 115 or 121/131. Co-req: PHYS 114 or 121. The relationship between the properties, structure and processes of engineering materials is discussed. Emphasis on the fundamentals of selecting materials based on engineering design criteria.

### 221 WELDING (3)

Prereq: ETEC 220. Basic concepts in welding to include shielded metal arc welding, oxy-acetylene welding, welding symbols, heat treatment, soldering and brazing, survey of processes.

### 222 FOUNDRY, FORMING AND JOINING (4)

Prereq: ETEC 220. Survey of the principles and practices employed in contemporary metal-casting and forming industries. Emphasis is placed on applications of the concept of design for manufacturability.

### 223 MACHINE METAL PROCESSES (4)

Prereq: MATH 114; pre- or co-req: ETEC 111. Basic concepts and skills in machine metal processes.

### 224 APPLIED ENGINEERING STATICS (3)

Prereq: MATH 125 (or concurrent), and PHYS 121/131 or departmental permission. Principles and basic concepts of statics including: vector analysis applied to equilibrium of rigid body systems and subsystems, force and moment resultants, free body diagrams, internal forces and friction. Analysis of basic structural and machine systems and components.

### 225 STRENGTH OF MATERIALS (5)

Prereq: ETEC 220, 224, MATH 125. Internal response of structural members to forces; principal stresses and strains; combined stresses.

### 226 ENGINEERING DYNAMICS (4)

Prereq: ETEC 224 and MATH 224 or permission of instructor. Kinematics and kinetics of particles and rigid bodies, including methods of work and energy, and impulse and momentum.

### 231 DESIGN PROBLEMS IN WOODWORKING (4)

Prereq: ETEC 110 recommended. Technology education and industrial design majors are given priority enrollment. Wood as a material for solving a variety of design problems.

### 270 ELECTRONICS SEMINAR (1)

Introduction to careers in electronics. Seminars presented by industrial representatives and Western faculty. Topics include sales and customer service, product development and design, manufacturing, entrepreneurial opportunities, marketing, and an introduction to computer tools.

### 271 CIRCUIT ANALYSIS I (4)

Pre- or co-req: MATH 114, EET major or permission. Fundamental properties of electrical components and their use in DC and AC circuits. Use of basic laws and theorems in circuit analysis and design. Laboratory experiments with electrical components and circuits.

### 272 ELECTRONIC DEVICES AND CIRCUITS (4)

Prereq: ETEC 271, EET major or written permission. A first course in electronic devices and circuits. Fundamental properties of semiconductor devices and their behavior in electronic circuits. Laboratory experiments in construction, testing, investigation and troubleshooting.

### 273 DIGITAL ELECTRONICS (4)

Prereq: ETEC 271, EET major or written permission. Introductory digital electronics with emphasis on basic digital concepts, Boolean algebra, digital integrated circuit devices and the major functional units from building block approach. Laboratory with applications, constructing, testing and troubleshooting of digital circuits.

### 274 FUNDAMENTALS OF MICROPROCESSORS (5)

Prereq: ETEC 273, EET major or written permission. Introduction to microprocessors and programming concepts. Study of structured programming, instruction sets, hardware and interfacing techniques. Laboratory experiments with popular units.

### 280 POWER MECHANICS (5)

Design principles of major power sources: including Otto cycle, Clerk cycle, Diesel, Wankel, Stirling cycle and Rankine cycle engines.

### 281 POWER TRANSMISSION (5)

Principles and practices of mechanical transmission of power. Gear drive, chain drive, belt drive, overrunning clutches, universal joints, synchromesh transmissions and limited slip differentials are covered in theory and practice.

### 301 MATERIALS FOR DESIGN (5)

Prereq: ETEC 110, industrial design or technology education major or permission. Fundamentals of materials technology for industrial design majors. Properties and processing of materials with an emphasis on plastics.

### 305 COMPUTER-AIDED DESIGN ANIMATION (4)

Prereq: ETEC 110 or written permission. Development of design animations. Students will utilize a computer-aided design package to produce renderings and animations.

### 307 CAD SYSTEM CUSTOMIZATION AND PROGRAMMING (3)

Prereq: ETEC 111 and CSCI 141. Programming, menu customization and configuration of computer-aided design systems.

### 311 PERSPECTIVE AND RENDERING I (4)

Prereq: ETEC 110 or EGEO 350 or EGEO 352 or ETSU 401 and permission of instructor. First half of course explores perspective systems, shadow construction, reflections and other aspects of technical drawing as they apply to industrial design. Second half applies perspective skills to realistic marker rendering of materials and products as well as rapid visualization as an informal means of expressing new ideas quickly.

### 312 INDUSTRIAL DESIGN CAD SKILLS (4)

Prereq: ETEC 311 or permission of instructor. Computer-intensive course focusing on solid modeling, advanced rendering techniques, vector-based drawing and raster-based image editing relevant to industrial design that will enable students to present and communicate product design concepts skillfully.

### 313 ARCHITECTURAL CONCEPTS AND RESIDENTIAL PLANNING (5)

Prereq: ETEC 110. Historical development; considerations of design; analysis of needs; utilization of sites; preparation of plans.

### 314a JUNIOR INDUSTRIAL DESIGN I (5)

Prereq: acceptance into junior industrial design program. Studio course work emphasizing a comprehensive design methodology which includes market research, problem identification, idea generation, implementation and presentation. Additional focus on a team approach.

### 314b JUNIOR INDUSTRIAL DESIGN II (5)

Prereq: ETEC 314a. Studio course work focusing on the development of a concept from the research phase to a three-dimensional model that is

## ENGINEERING TECHNOLOGY

---

submitted to a national competition. Emphasis on concise project explanation, descriptive drawings and quality photo-documentation of model.

### **314c JUNIOR INDUSTRIAL DESIGN III (5)**

Prereq: ETEC 314b. Studio course work focusing on a collaborative project with industry. Assignments are jointly directed by the instructor and industry. Students are expected to relate to the industry sponsor as their client and perform their work professionally.

### **322 NUMERICAL CONTROL OPERATIONS (4)**

Prereq: ETEC 111, 220, 223 and MATH 115. Laboratory-intensive course which provides students with the opportunity to design, program and produce NC and CNC manufactured parts.

### **323a ADVANCED CAD (PRO/ENGINEER) (4)**

Prereq: ETEC 111. Advanced topics in computer-aided design. Topics include parametric design, assembly design and modeling, surface modeling, collaborative design, and computer-aided manufacturing.

### **323b ADVANCED CAD (ADVANCED PROFILE GENERATION) (4)**

Prereq: ETEC 111. Topics include generation of complex profiles for part design, such as gears and cams and part profiles requiring complex mathematical equations for vehicle design, tool design, and machine design.

### **323c ADVANCED CAD (CATIA) (4)**

Prereq: ETEC 111. Advanced topics in computer-aided design. Topics include parametric modeling, assembly modeling, collaborative design and computer-aided manufacturing.

### **326 FLUID POWER (4)**

Prereq: MATH 125, CSCI 140 or equivalent; pre- or co-req: ETEC 225, 351. Fluid properties, basic principles of pneumatic and hydraulic power components and systems, control techniques, and fluid system analysis and design.

### **327 MANUFACTURING ECONOMICS (3)**

Prereq: MATH 115 and ETEC 223. Examines many techniques to factor cost into manufacturing decisions. Topics covered include capital allocation, product cost estimating, work measurement, value engineering and budgeting.

### **328 MANUFACTURING ERGONOMICS, SAFETY AND HEALTH (3)**

Prereq: ETEC 223. Methods for ergonomic job design and evaluation. Design of equipment and facilities in manufacturing systems for human use. Development of environmental comfort and safety, including materials handling, storage, and workers' right to know.

### **329 VIRTUAL SIMULATION (4)**

Prereq: ETEC 223. Development of the basic skills needed to perform simulation construction in the virtual environments provided within IGRIP, ASSEMBLY, and ERGO. Topics include user interface, importing and exporting files, creating parts and devices, programming, loading and running simulation, system setup and collision, and motion kinetics and analysis functions.

### **333 POLYMER TECHNOLOGY (5)**

Prereq: ETEC 110, 220 (includes PHYS 114 and CHEM 115 as prerequisite). Polymer science and analysis of basic plastics materials; experience in product design, tooling, and processing of thermoplastic.

### **334 REINFORCED PLASTICS/COMPOSITES (5)**

Prereq: ETEC 333. Polymer and reinforcement systems; material testing; mold design and development; laboratory involvement in reinforced plastics production processes.

### **335 TOOLING FOR PLASTICS PROCESSING (3)**

Prereq: ETEC 223, 322, 333, 338. Design and construction of various types of production molds that are used for processing plastics in final shape. Product design in relationship to molding techniques and various techniques and materials used to construct the molds are the major units of study.

### **336 TOOLING AND INJECTION MOLDING (4)**

Prereq: ETEC 322, 333. Design and construction of various types of plastics processing tooling. Theory and practice of the injection molding process, product design in relationship to process techniques, tooling materials, economics and maintenance are the major units of study. Extensive laboratory experience.

### **337 SECONDARY OPERATIONS (3)**

Co-req: ETEC 333. Introduction to materials and processes used for secondary operations. Topics such as color theory, surface treatments, composition and applications of coatings, assembly processes and decorating processes. Laboratory work in various secondary operations.

### **338 INJECTION MOLDING (4)**

Prereq: ETEC 333. Theory and practice of injection molding. Analysis of

machine functions, processing parameters, production tooling, process control systems, quality assurance, automation, rheology of polymers, heat transfer. Extensive lab experience.

### **341 ENGINEERING AND SOCIETY (3)**

Prereq: ENG 101, ETEC 223 or ETEC 271 or equivalent. Explores the relationship between the engineering profession and society, and the role of communication in engineering. Proposals, reports, documentation of procedures, presentations, and communication to multiple audiences will be discussed and practiced.

### **344 INDUSTRIAL QUALITY ASSURANCE (4)**

Prereq: MATH 240. Quality assurance as applied to industrial manufacturing operations. One-fourth of this course is used to enhance and expand on applied statistics.

### **351 ELECTRONICS FOR ENGINEERING TECHNOLOGY I (4)**

Prereq: MATH 115 or 118; PHYS 115 or co-req PHYS 123 and 133. Analysis of basic electric circuits, design of simple analog and digital circuits including power supplies, transistor amplifiers, operational amplifiers, timers and logic devices. Laboratory reinforces the circuit concepts presented in the classroom and promotes competent use of basic electronic instruments. Cannot be taken for credit by EET majors.

### **352 ELECTRONICS FOR ENGINEERING TECHNOLOGY II (4)**

Prereq: ETEC 351. Analysis and design of advanced analog and digital circuits, three-phase power, magnetic circuits, transformers, DC and AC motors. Cannot be taken for credit by EET majors.

### **354 ELECTRONICS FOR ENGINEERING TECHNOLOGY III (4)**

Prereq: ETEC 352. The characteristics and use of typical transducers and sensors used to monitor or control industrial processes. Study of programmable logic controllers and other microprocessor-based systems used to monitor and control industrial processes. Cannot be taken for credit by EET majors.

### **371 CIRCUIT ANALYSIS II (5)**

Prereq: ETEC 271, MATH 115 or 118, EET major or written permission. A second course in DC and AC circuits with increased emphasis on mathematical techniques used in electrical circuit analysis and design. Use of network theorems, vector analysis techniques, polyphase circuits and additional topics. Structured laboratory with emphasis on measurement, theory and applications, test equipment, verification of circuit laws, data analysis and formal report preparation.

### **372 ELECTRONIC ANALYSIS AND DESIGN (5)**

Prereq: ETEC 272, 371, EET major or written permission. A second course in electronic devices and circuits with increased emphasis on mathematical modeling and techniques used in analysis and design. Study of semiconductor theory and devices, small and large signal amplifier configurations, hybrid-pi models, frequency response and multistage circuits. Laboratory with emphasis on practical design, construction, testing and evaluation. Formal report preparation.

### **373 DIGITAL SYSTEMS (5)**

Prereq: ETEC 272, 273, EET major or written permission. An upper-division course in digital system analysis and design including the study of sequential/state machine design techniques and applications using SSI, MSI and ASIC technologies. Laboratory projects with formal reports.

### **374 MICROPROCESSOR APPLICATIONS (5)**

Prereq: ETEC 274 or CSCI 227, ETEC 373, EET major or written permission. Upper-division study of microprocessors, support devices, and peripheral equipment and their integration into microcomputer systems. Study of various hardware configurations and interfacing techniques. Application-oriented laboratory experiments and design problems.

### **375 ELECTRONIC SYSTEMS (5)**

Pre- or co-req: ETEC 372, EET major or written permission. A study designed to acquaint the student with the operation of electronic systems. Feedback systems, multi-phase power systems and solid state control systems. Structured laboratory with emphasis on experimental verification of results, original design, data analysis and formal report preparation.

### **376 ELECTRICAL POWER (5)**

Prereq: ETEC 372, EET major or written permission. A study of electrical power concepts and components. Topics will include complex numbers, three-phase power systems, DC and AC motors and generators, control system components and power electronics. Laboratory investigation of characteristics of above components and systems.

### **377 INSTRUMENTATION (4)**

Prereq: ETEC 375 or 354; EET major or written permission. An introduction to

electronic instrumentation techniques. Topics include sensors, signal conditioning circuits and noise reduction. Sensor topics include force, torque, pressure, acceleration and temperature. Signal conditioning topics include bridge circuits, amplifiers, filters and analog-to-digital conversion. Laboratory investigation of characteristics of above components and systems.

#### **378 NETWORK ANALYSIS (4)**

Prereq: ETEC 371. Pre- or co-req: MATH 321, EET major or written permission. General analysis of linear networks using classical methods, Laplace transforms and computer-aided methods. Topics include single element transients, first- and second-order circuits, transfer function analysis and Bode plots.

#### **379 ACTIVE LINEAR AND NONLINEAR CIRCUITS (5)**

Prereq: ETEC 372, 378, EET major or written permission. Upper-division treatment of active linear and nonlinear circuits. Analysis, design, testing, and evaluation of electronic circuits and subsystems with primary emphasis on the application of integrated circuit components and modules. Computer modeling of complex electronic circuits with frequency response, sensitivity and worst-case analysis. Laboratory projects with formal report preparation.

#### **380 ADVANCED POWER MECHANICS (3)**

Prereq: ETEC 280. Efficiency determinants, power measurement, development of concepts introduced in ETEC 280. Engine and chassis dynamometer testing and port air flow testing.

#### **381 ADVANCED POWER TRANSMISSION (3)**

Prereq: ETEC 281. Practical application of hydraulic and mechanical theory as applied to automatic transmissions.

#### **382 AUTOMOTIVE ELECTRICAL AND ELECTRONICS SYSTEMS (2)**

Prereq: ETEC 280. Basic principles of electrical components on systems of the automobile and other engines. Electronic fuel injection is covered in detail.

#### **402 COOPERATIVE WORK/STUDY (1-9)**

Prereq: junior status; approval of advisor. Supervised study of technical problems associated with production and/or management in business and industry. Credit varies according to individual employment circumstances, the degree requirements of the applicant and the extent to which employment is related to major. Repeatable to a maximum of 9 credits.

#### **405 COMMUNICATIONS CIRCUITS (4)**

Prereq: ETEC 375; pre- or co-req: Math 321, EET major or written permission. A study of communications concepts including analog and frequency modulation and detection methods, r.f. amplifier and oscillator circuits and transmitter and receiver principles. Structured laboratory with emphasis on experimental verification of principles, use of specialized equipment, data analysis and formal report preparation.

#### **411 PERSPECTIVE AND RENDERING II (4)**

Prereq: ETEC 311. Advanced applications of perspective and rendering will include further exploration in various media including the use of computers in generating product images.

#### **414a SENIOR INDUSTRIAL DESIGN I (5)**

Prereq: ETEC 314c. Studio course work with a strong focus on art and craftsmanship. Through the design of various products, a validation of artistic expression and technical skills will be realized.

#### **414b SENIOR INDUSTRIAL DESIGN II (5)**

Prereq: ETEC 414a. Studio course work with a strong focus on the functional and engineering aspects of industrial design. Emphasis on manufacturability of products with importance placed on materials and processes.

#### **414c SENIOR INDUSTRIAL DESIGN III (5)**

Prereq: ETEC 414b. Studio course work with a strong focus on entrepreneurialism. Business aspects of industrial design are explored and applied in the design projects.

#### **419 DIRECTED RESEARCH IN DRAFTING/DESIGN (1-3)**

Prereq: ETEC 111. Research problem in drafting or design conducted under supervision. Repeatable three times to a maximum of 9 credits.

#### **420 MANUFACTURING AUTOMATION AND ROBOTICS (4)**

Prereq: ETEC 322, 326 and 351 or 374. An introduction to the automation of manufacturing and assembly operations. Topics include design process and design for assembly, parts feeding, sensors and actuators for automation, fundamentals of robotics, including robot programming, programmable logic controllers for industrial applications, and machine vision systems.

#### **422 MANUFACTURING PROJECT DEFINITION (2)**

Prereq: ETEC 341, 444. Selection, definition and analysis of a problem suitable for senior project, prior to actual project development. Includes

consideration of project parameters and implications, analysis of alternative solutions and justification of selected solution. Culminates in writing of formal senior project proposal.

#### **424 MANUFACTURING IMPLEMENTATION (4)**

Prereq: ETEC 422. Follow-up to ETEC 422. Manufacture a product or design an industrial process. Project will be fully documented, including final report and presentation, with performance specifications, functional description, schematics, cost analysis, parts list, photographs, diagrams, and charts.

#### **425 MACHINE DESIGN (4)**

Prereq: ETEC 225. Design and modeling of machine components (gears, bearings, shafts, etc.) with an emphasis on industrial practices. Theoretical dynamics also is included.

#### **426a ADVANCED COMPUTER NUMERICAL CONTROL — SURFACING AND CONTOURS (3)**

Prereq: ETEC 322. CNC programming techniques and requirements for manufacturing components on CNC machining centers, emphasizing programming and applications of three-dimensional surfaces and contours.

#### **426b ADVANCED COMPUTER NUMERICAL CONTROL — MILL/TURN (3)**

Prereq: ETEC 322. CNC programming techniques and requirements for manufacturing components on CNC turning centers, emphasizing programming and applications where live tooling can be applied.

#### **426c ADVANCED COMPUTER NUMERICAL CONTROL — HI-SPEED MACHINING (3)**

Prereq: ETEC 322. CNC programming techniques and requirements for manufacturing components on CNC turning centers, emphasizing programming and applications where high-speed machining can be applied.

#### **426d ADVANCED COMPUTER NUMERICAL CONTROL — EDM (3)**

Prereq: ETEC 322. CNC programming techniques and requirements for manufacturing components on EDM machines, emphasizing programming and applications where Wire EDM and Ram EDM can be applied.

#### **427 TOOL DESIGN (3)**

Prereq: ETEC 222, 322, 327. Design of special tooling used in manufacturing processes to include, but not limited to, inspection gauges, fixtures, jigs, assembly fixtures, punch and dies.

#### **428 ADVANCED MANUFACTURING LABORATORY (3)**

Prereq: ETEC 420 or instructor permission. Students will work together in a team to develop and operate a limited manufacturing run for a product of their own design. This course allows students to implement knowledge they have learned in an industrially styled environment.

#### **429 DIRECTED RESEARCH IN MANUFACTURING (1-3)**

Research under supervision within one of the areas of manufacturing technology. Repeatable three times to a maximum of 9 credits.

#### **430 PLASTICS SENIOR PROJECT — DEFINITION (2)**

Prereq: senior status, ETEC 341; co-req: ETEC 444. Selection, definition, and analysis of a problem suitable for senior project, prior to actual project implementation. Includes consideration of implications, analysis of alternative solutions, justification and detailed development of selected solution. Investigation is detailed in a formal written senior project proposal.

#### **431 PLASTICS PRODUCT DESIGN (3)**

Prereq: ETEC 335, 338. Design principles related to design of plastics products. Analysis of functional requirements, structural properties, aesthetic qualities and cost relationships. Experience in product design and material evaluation.

#### **432 PLASTICS SENIOR PROJECT — IMPLEMENTATION (4)**

Prereq: ETEC 430. Implementation of project proposed in ETEC 430. Manufacture of a tool, prototype, or product, design an industrial process, investigation of a material.

#### **433 ENGINEERING POLYMERS (3)**

Prereq: ETEC 338. Structure, properties, processing and applications of engineering polymers. Advanced analysis and testing of polymers for engineering applications.

#### **434 ADVANCED COMPOSITES (3)**

Prereq: ETEC 225, 334 or permission. Advanced polymer matrix and reinforcement systems; structural design and analysis; advanced composites processes and automated production systems.

#### **436 POLYMER COMPOUNDING (3)**

Prereq: ETEC 433; CHEM 251; ETEC 444. Principles of polymer formulation and modification. Additives and modifiers, compounding processes and

## ENGINEERING TECHNOLOGY

equipment. Use of experimental design in compound formulation.

### **438 DIRECTED RESEARCH IN PLASTICS (1-3)**

Prereq: ETEC 333, 433 or 434 or 335. Selection, development and research, under supervision, within one of the areas of plastics engineering technology. Repeatable three times to a maximum of 9 credits.

### **439 DIRECTED RESEARCH IN WOODS (1-3)**

Prereq: ETEC 231. Selection, development and research, under supervision, within one of the areas of wood technology. Repeatable three times to a maximum of 9 credits.

### **444 DATA ANALYSIS AND DESIGN OF EXPERIMENTS (4)**

Prereq: ETEC 344 or permission, competence in Excel. A practical approach to Design of Experiments and the analysis of data, including analysis of variance, linear, multiple linear, and nonlinear regression. Emphasis on the proper use and interpretation of the techniques in solving engineering problems rather than on theoretical development. Application of these tools using spreadsheet software.

### **454 EMBEDDED SYSTEMS (4)**

Prereq: ETEC 374, CSCI 141 or equivalent; EET major or written permission. The advanced study of microcontroller-based hardware and software applied to real-time embedded systems. Includes embedded software design, programming microcontrollers in C, real-time kernels and kernel services, hardware and software applications and testing techniques.

### **455 COMMUNICATION SYSTEMS (4)**

Prereq: ETEC 405; pre- or co-req: ETEC 378, EET major or written permission. Upper-division study of modern communications concepts from a systems point of view. Fourier transforms, spectral analysis, analog modulation and detection methods, transmission line theory, radiation and propagation, antennas, and microwave concepts. Structured laboratory with emphasis on measurement theory and applications, test equipment, data analysis and formal report preparation.

### **457 AUTOMATIC CONTROL SYSTEMS (4)**

Prereq: ETEC 378. A study of analog control systems and techniques using operational mathematics. Laplace transforms, servo components, transfer functions, signal flow graphs, second-order systems, frequency response analysis, stability criteria and compensation. Laboratory investigation of control components and systems and computer modeling of control systems.

### **471 PROJECT DEFINITION (2)**

Prereq: ETEC 374, EET major or written permission. Students define objectives and prepare project proposals for ETEC 474.

### **474 MICROCOMPUTER-BASED DESIGN (4)**

Prereq: ETEC 374, 471, EET major or written permission. Analysis and design of smart microcomputer-based instrument and control systems. Design and implementation of a microcomputer-based system.

### **475 DIGITAL COMMUNICATIONS (4)**

Prereq: ETEC 374, 455, EET major or written permission. An upper-division study of modern digital communications concepts and techniques. Topics include sampling, quantizing, digital modulation and detection methods, baseband signaling and line codes, bandpass signaling, synchronization and error detection. Several case examples are presented throughout the course.

### **479 DIRECTED RESEARCH IN ELECTRONIC TECHNOLOGY (1-3)**

Advanced study in problems chosen and conducted under supervision. Repeatable three times to a maximum of 9 credits.

### **480 ADVANCED EMISSION CONTROL (3)**

Prereq: ETEC 280 and 380. Experimental research in emission control on operating laboratory engines. Topics center around temperature control on NO<sub>x</sub>, new methods of optimizing stoichiometric combustion, and thermal and catalytic exhaust treatment.

### **481 GASEOUS FUELS (4)**

Prereq: ETEC 380. Study of the various technologies involved in gaseous fuels. Topics include: LPG, CNG and hydrogen as alternative fuels for vehicles, solving the exhaust emissions of gaseous fuels, fuel injection and gaseous fuels, conversion systems, and the infrastructure needed to support gaseous fuels as an alternative to gasoline and diesel fuels.

### **484 VEHICLE DESIGN (5)**

Prereq: ETEC 280, 380 or permission of instructor. Suspension design; chassis design, spring rates, tire design parameters; automobile aerodynamics; brake system.

### **486 ADVANCED VEHICLE DESIGN (5)**

Prereq: ETEC 484. Advanced body design, ergonomics, aerodynamics,

climate control, aesthetic design of automobile interiors and exteriors. Practical work includes wind tunnel model construction and testing.

### **488 TECHNOLOGY EDUCATION: SAFETY PRINCIPLES AND PRACTICES (2)**

Basic course in safety practices for technology education teachers in grades 1-12 and for vocational teachers who must meet state certification requirements.

### **489 DIRECTED RESEARCH IN POWER MECHANICS (1-3)**

Prereq: ETEC 280, 381. Advanced study in problems chosen and conducted under supervision. Repeatable three times to a maximum of 9 credits.

### **491 HISTORY AND PHILOSOPHY OF VOCATIONAL EDUCATION (3)**

Evolving issues, objectives, programs and legislation in vocational education.

### **493 TECHNOLOGY EDUCATION: METHODS (3)**

Prereq: admission to technology education professional block. Competency-based approach to principles, practices and problems in teaching technology education and vocational laboratory courses.

### **494 TECHNOLOGY EDUCATION: CURRICULAR APPROACHES (3)**

Prereq: admission to technology education professional block. An examination of the rationales, content and formats of the new technology education curricula, with strategies for change from traditional industrial arts.

### **496 COMMUNITY AND INDUSTRIAL RESOURCES (1-3)**

A study of those resources available in the community and how they can be used to enhance the educational experience of students engaged in formal schooling. Repeatable three times to a maximum of 9 credits.

## Graduate Courses

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **590 PRINCIPLES OF TECHNOLOGY I (4)**

Prereq: teaching experience in physics or technology education or mathematics. A methods course for teachers preparing to teach the first year of the nationally validated high school course, Principles of Technology. Involves introduction to science and technical content, the curriculum and support teaching materials, and experience with all laboratory experiments. **NOTE:** This course is not applicable to a masters degree.

### **591 PRINCIPLES OF TECHNOLOGY II (5)**

Prereq: teaching experience in Principles of Technology I. A methods course for teachers preparing to teach in the second year of the nationally validated high school course, Principles of Technology. Involves introduction to science and technical content, the curriculum and support teaching materials, and experience with all of the laboratory experiments. **NOTE:** This course is not applicable to a master's degree.

### **592 CURRICULUM DEVELOPMENT IN TECHNOLOGY EDUCATION (1-3)**

Prereq: public school teaching experience in technology education. Development of content, laboratory activities, resource materials and teaching aids useful in revising, improving, and implementing technology education curriculum. Repeatable to a maximum of 3 credits per course.

592a Electronics

592b Drafting/Design

592c Metals

592d Plastics

592e Power Mechanics

592f Woods

592g Visual Communication

592h Photography

592j Man/Technology

592k Manufacturing

592m Construction

592n Computer Applications

### **593 TECHNOLOGY EDUCATION METHODS (3)**

Prereq: graduate with major in technology education/industrial arts. An application of principles, practices and problem solutions in the development and implementation of teaching methods appropriate for technology education. S/U grading.

### **594 TECHNOLOGY EDUCATION: CURRICULAR APPROACHES (3)**

Prereq: graduate with major in technology education/industrial arts. An

application of rationales, content and formats in the development and implementation of curriculum materials for technology education. S/U grading.

**691 RESEARCH SEMINAR (9)**

Graduate research or final project under direction of graduate committee or program advisor.

© WWU Publishing Services

# GEOLOGY

The natural setting of Western Washington University adjacent to the Cascade Mountains and Puget Sound provides an ideal situation for study of a wide variety of geologic problems.

## FACULTY

At the present time the department consists of 12 faculty members who have a broad range of backgrounds covering the entire field of geology. There are about 120 undergraduate students declaring geology majors and approximately 30 graduate students in the department.

## FACILITIES AND EQUIPMENT

Geology is a science that studies the earth, including its surfaces, interior and history and the processes that have altered it through time. It embraces investigation of the natural environment both in the field and in the laboratory. The Department of Geology occupies modern laboratories, classrooms and offices constructed in 1976 in the Environmental Studies Center. Geology laboratory facilities and equipment are available for X-ray diffraction, atomic absorption, sedimentation, air photo interpretation, flume and wave tank studies, paleomagnetic analysis, geochemistry, petrography and scanning electron microscopy. The Sundquist Marine Laboratory at Shannon Point near Anacortes provides facilities for studies in marine geology.

## PROGRAMS

Objectives of the department are varied, including preparation of undergraduate and graduate students for careers as professional geoscientists and also preparation of earth science teachers at the primary and secondary levels.

A wide variety of geologic phenomena in the adjacent Cascade Range and the marine environment of Puget Sound provide a broad spectrum of geologic features for study.

The department offers BA, BA/Ed, BS and MS degrees plus specialized courses in the following subjects: economic geology; environmental geology; geochemistry; geomorphology; geophysics; glacial geology; hydrology; paleomagnetism; paleontology; petrology; sedimentation; stratigraphy; and structure and tectonics.

## STUDENT INVOLVEMENT IN RESEARCH

The faculty in the Department of Geology are active in a wide variety of ongoing research projects that frequently involve undergraduate and graduate students in special projects and thesis projects or provide employment. Some of this research is funded or partially supported from grants to individual faculty members from the National Science Foundation, U.S. Geological Survey, National Parks Commission, Office of Ecology and geological-related companies. Many of these projects are in the Western Washington region, others include investigations in other parts of the United States, Canada and even overseas.

## GEOLOGY FACULTY

**RANDALL S. BABCOCK** (1967) Chair and Professor. AB, Dartmouth College; MS, PhD, University of Washington.

**DOUGLAS H. CLARK** (1998) Associate Professor. BS, MS, Stanford University; PhD, University of Washington.

**JULIET G. CRIDER** (2001) Assistant Professor. BA, Amherst College; MS, University of Washington; PhD, Stanford University.

**SUSAN M. DEBARI** (1998) Associate Professor. BA, Cornell University; PhD, Stanford University.

**DAVID C. ENGBRETSON** (1983) Professor. BA, Western Washington University; MS, PhD, Stanford University.

**THOR A. HANSEN** (1985) Professor. BS, George Washington University; PhD, Yale University.

**DAVID M. HIRSCH** (2001) Assistant Professor. BS, University of California, Los Angeles; PhD, University of Texas at Austin.

**BERNARD A. HOUSEN** (1997) Associate Professor. BS, University of Washington; MS, PhD, University of Michigan.

**SCOTT R. LINNEMAN** (2000) Associate Professor. BA, Carleton College; PhD, University of Wyoming.

**ROBERT J. MITCHELL** (1996) Associate Professor. BS, University of Wisconsin-River Falls; MS, Michigan Technological University; PhD, Michigan Technological University.

**ELIZABETH R. SCHERMER** (1990) Associate Professor. BS, Stanford University; PhD, Massachusetts Institute of Technology.

**CHRISTOPHER A. SUCZEK** (1977) Associate Professor. AB, University of California, Berkeley; PhD, Stanford University.

### Research Associates

**CLARK M. BLAKE** (1993). AB, University of California, Berkeley; PhD, Stanford University.

**RUSSELL F. BURMESTER** (1978). BS, Stanford University; MA, University of Texas, Austin; PhD, Princeton University.

**TRAVIS HUDSON** (1998) BS, San Jose State University; MS, PhD, Stanford University.

**CHARLES A. ROSS** (1992). BA, University of Colorado; MS, PhD, Yale University.

### Adjunct Faculty

**KENT C. NIELSEN** (1997). BS, MS, University of North Carolina; PhD, University of British Columbia.

**PETER WILLING** (1997). BA, University of Washington; MS, PhD, Cornell University.

## BACHELOR OF ARTS

### Major — Geology

70 credits

An accompanying minor in one of the sciences or in mathematics is recommended.

- GEOL 211, 212, 306, 310, 318, 406
- 18 credits under advisement from geology courses above the 100 level
- CHEM 121, MATH 124, PHYS 121 and 131; 10 additional credits selected from MATH 125, 240; PHYS 122, 132; CHEM 122, 123; BIOL 204

### Major — Geology — Thesis Option

68-71 credits

An accompanying minor in one of the sciences or in mathematics is recommended.

- GEOL 211, 212, 306, 310, 318, 406
- 10 credits under advisement from geology courses above the 100 level
- One of the following research methods courses in consultation with advisor: GEOL 411, 413, 415, 423, 425, 440, 450, 451, 452, 453, 454, 456, 457, 461, 472, 473, 474
- Successful application to the department approving the thesis topic

- Complete at least 4 credits of GEOL 490
- CHEM 121; MATH 124; PHYS 121 and 131
- 10 additional credits from MATH 125, 240; PHYS 122, 132; CHEM 122, 123; BIOL 204

### Minor — Geology

25 credits

- GEOL 211, 212
- Electives under departmental advisement

### MID-PROGRAM CHECKPOINT

Students seeking to complete a BA degree in geology within a four-year time span should have completed GEOL 211 and 212, MATH 124, PHYS 121 and 131, and CHEM 121 by the start of their junior year.

### BACHELOR OF ARTS IN EDUCATION

The geology department recommends for teaching endorsement those students who have satisfactorily completed requirements for the bachelor's degree in education with 1) an earth science secondary major or 2) a geology minor combined with a major in one of the other physical or biological sciences. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

#### Major — Earth Science — Elementary

75-77 credits

This major does not lead to an endorsement in earth science.

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- GEOL 211, 212, 310, 311, (or 306 and 406), 340, EGEO 331 or GEOL 252
- MATH 114 and 115, CHEM 121 and 122; EGEO 203; PHYS 114; ASTR 103 or 315
- SCED 390 and 391
- Electives (choose two of the following):
  - GEOL 214, 308, 309, 314, 315, 316, 318, 352, 400, 410a, 410b, 414, 415, 430, 440; EGEO 431, 432; ASTR 316; BIOL 406

#### Major — Earth Science — Secondary

86-88 credits

This program must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

This major leads to an endorsement in earth science.

- GEOL 211, 212, 214, 311 (or 306 and 406), 310, 340; EGEO 331 or GEOL 252; ASTR 103 or 315
- MATH 114 and 115; PHYS 114 and 115; CHEM 121 and 122; SCED 370, 491, 492
- Electives (choose two of the following):
  - GEOL 308, 309, 314, 315, 316, 318, 352, 400, 407, 410a, 410b, 414, 415, 430, 440

It is recommended that this major be accompanied by a minor in chemistry, physics or biology.

### Combined Major — Earth Science/General Science — Secondary

107-108 credits

This program must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

This major leads to recommendation for teaching endorsements in earth science and science.

- GEOL 211, 212, 214, 311 (or 306 and 406), 310, 340; EGEO 331 or GEOL 252; ASTR 103 or 315
- MATH 114 and 115; CHEM 121, 122, 251; BIOL 204, 205, 206; PHYS 114, 115, 116 or 121, 122, 123
- SCED 370, 491, 492
- At least one elective from: GEOL 308, 309, 314, 315, 316, 318, 352, 400, 407, 410a, 410b, 414, 415, 430, 440

### BACHELOR OF SCIENCE

#### Major — Geology

97-110 credits

This program is recommended for students who are preparing to become professional geologists and intend to enter industry or enroll in a graduate program upon completion of the degree.

Students intending to pursue graduate study are strongly advised to take Math 224 or 204, PHYS 123 and other science support courses appropriate to the specialty.

Students must complete both the Core Program and one of the three concentrations.

#### Core Program

- GEOL 211, 212, 306, 310, 318, 352, 406, 410 a and b, 415, and one of GEOL 442, 447, 448
- CHEM 121, 122, 123; MATH 128 or MATH 124 and 125, PHYS 121, 122, 131, 132

#### Geology Concentration

This option is designed to provide students with a broad background in geology, with advanced preparation in earth materials, structural geology, and tectonics. Completion of this program will prepare students for a variety of careers in geology or graduate work in geology.

- The core courses
- GEOL 316, 407
- MATH 204, 224, 341
- Two of the following, or substitute courses under advisement: GEOL 411, 423, 424, 425, 428, 430, 450, 451, 454, 456

#### Geology Concentration — Thesis Option

97-102 credits

- Core courses, with the exception that one of GEOL 442, 447, 448 is waived
- GEOL 316, 407
- One of the following research methods courses in consultation with advisor: GEOL 411, 423, 425, 450, 454, 456
- Successful application to the department approving the thesis topic

## GEOLOGY

---

- Complete at least 4 credits of GEOL 490

### *Environmental Geology Concentration*

This option is designed to provide students with a general background in the surficial and hydrologic processes required for the involvement in site assessments, groundwater investigations, hazard evaluations, watershed analyses, stream characterization and restoration, land use planning, location of waste disposal sites and other projects that involve the Earth and the activities of humankind. This option is also suitable preparation for graduate work in geology or environmental sciences.

- The core courses
- GEOL 314, 473
- One of MATH 204, 224, 341
- 9 additional credits from GEOL 413, 430, 440, 449, 450, 451, 452, 461, 462, 472, 470, 474

### *Environmental Geology — Thesis Option*

94-104 credits

- Core courses, with the exception that one of GEOL 442, 447, 448 is waived
- GEOL 314, 473
- MATH 204
- One of the following research methods courses in consultation with advisor: GEOL 413, 440, 450, 451, 452, 461, 462, 470, 472, 474
- Successful application to the department approving the thesis topic
- Complete at least 4 credits of GEOL 490

### *Geophysics Concentration*

This option will prepare students to apply various geophysical techniques to the study of the Earth. Completion of this concentration will prepare students for careers in environmental geophysics or graduate work in geotectonics and other quantitative aspects of Earth Science.

- Core courses plus GEOL 452
- At least one from GEOL 453, 456, 457
- At least one from GEOL 432, 449, 450, 451, 454, 472, 473 or 4 additional credits from the Math or Physics courses listed below.
- 8 credits from MATH 204, 224, 225, 331; PHYS 123, 133, 325, 368, 369

### *Geophysics Concentration — Thesis Option*

105-112 credits

- Core courses, with the exception that one of GEOL 442, 447, 448 is waived
- GEOL 452
- At least one course from GEOL 449, 450, 451, 453, 472, 473, or 4 additional credits from math or physics courses listed below
- One of MATH 204, 224, 225, 331; PHYS 123, 133, 325, 368, 369
- One of the following research methods courses: GEOL 454, 456, 457
- Successful application to the department approving the thesis topic
- Complete at least 4 credits of GEOL 490

## SENIOR THESIS

An undergraduate thesis is an excellent way to develop research skills, establish closer working relationships with faculty, and gain a more in-depth knowledge of geology. Completion of a thesis is also a notable achievement that highlights a student's ability to do research, providing tangible evidence of research ability to either graduate schools or potential employers. Thesis options are available for the BA and BS degrees in geology. Students interested in pursuing a senior thesis should contact potential advisors during their junior year to discuss possible thesis topics. A formal application to the department must be made, and accepted, prior to the start of the thesis project.

## MID-PROGRAM CHECKPOINT

Students seeking to complete a BS degree in geology within a four-year time span should have completed GEOL 211 and 212; MATH 124 and 125; CHEM 121, 122 and 123; and PHYS 121, 122, 131, 132 and, if graduate school is contemplated, PHYS 123, by the start of their junior year. Omissions from this list will make it difficult or impossible to complete this degree within two additional years.

## DECLARATION OF MAJOR

Some 300-level geology courses give preference to majors during Phase I of registration, so it is important to declare a major as early as possible.

Students are admitted to the BA or BS major once they have completed GEOL 211, 212, MATH 124 and CHEM 121. (**NOTE:** Grades of D-, D, or D+ are not acceptable for major and supporting courses.) Students must apply to the department for admission to the major.

## WRITING PROFICIENCY COURSE GUIDELINES

The geology department has a multitiered system for writing proficiency courses. Courses are assigned writing proficiency (WP) points based on the percentage of the course grade that is determined by writing assignments that go through revision as follows:

Greater than or equal to 30 percent of the grade = 1 WP pt

Greater than or equal to 50 percent of the grade = 2 WP pt

Greater than or equal to 75 percent of the grade = 3 WP pt

GEOL 400 (Independent Study) can also be designated a writing proficiency course, subject to the conditions above and with the approval of the Expository Writing Committee. A total of 3 WP points in geology courses are required to satisfy the University requirement of one approved writing proficiency course at WWU (taking a WP course outside of the Department of Geology will also satisfy the University requirement). These points can be accumulated in any combination of courses, i.e., in one course worth 3 WP points, three courses worth 1 WP point each, et cetera.

## DEPARTMENTAL HONORS AND DISTINCTIONS

BA or BS students and students in the University Honors program who have completed at least 4 credits of GEOL 490 and have a cumulative GPA of 3.50 or higher meet the requirements for departmental honors. Those students who have completed at least 4 credits of GEOL 490 and have a cumulative GPA higher than 3.20 meet the requirements for departmental distinction.

**GRADUATE STUDY**

For concentrations leading to the Master of Education or the Master of Science degrees, see the *Graduate School* section of this catalog.

**COURSES IN GEOLOGY (GEOL)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

**101 GENERAL GEOLOGY (4)**

Prereq: MATH 112 or equivalent. Introduction to geology for non-science majors; practical applications of geology; processes that have produced the earth and its landforms. Lab included. Geology majors, those having had geology in high school and those planning to take GEOL 212 should take GEOL 211.

**202 PLATE TECTONICS AND CONTINENTAL DRIFT (4)**

Prereq: GEOL 101 or equivalent. Emergence of the theory of plate tectonics and its revolutionary impact on geologists thinking about the history of the earth; an instance of scientific discovery. For non-science majors.

**204 GEOLOGY AND SOCIETY (3)**

Prereq: GEOL 101 or BIOL 101 or permission of instructor. Thematic approach to geology, with different themes exploring the relationship between scientific ways of knowing, and geology in particular, with society.

**211 PHYSICAL GEOLOGY (5)**

Prereq: MATH 114 or higher and high school or college chemistry. Course for science and geology majors in which the origin, composition and structure of earth are explored. Emphasizes identification of common rocks and minerals; the evolution of the surface features and structures of continents and interpretation of landforms from maps. Includes substantial quantitative work. Students intending to major in geology or affiliated sciences should take GEOL 211 in lieu of GEOL 101.

**212 HISTORICAL GEOLOGY (4)**

Prereq: GEOL 211. Evolution of the major features of the earth surface and of life; history of the ocean basins, continents and mountain belts related to the theory of plate tectonics; geologic history of North America and the Pacific Northwest.

**214 ENVIRONMENTAL GEOLOGY (3)**

Prereq: GEOL 101 or 211. Explores the interactions between geological phenomena and human society. Topics include geologic hazards such as earthquakes, landslides, floods and volcanic eruptions, as well as the effects of human activities on earth systems, such as ground water contamination, resource limits, and global warming.

**252 THE EARTH AND ITS WEATHER (4)**

Prereq: GEOL 101, CHEM 101 or PHYS 101. An introduction to meteorology from a global viewpoint. A study of the earth's atmosphere, including weather observation and forecasting. Measurement and description of atmospheric properties.

**303 DINOSAURS AND THEIR ENVIRONMENT (3)**

Prereq: GEOL 101. Dinosaurs and their world; their biology, behavior, evolution, and what the world was like during their reign.

**306 MINERALOGY (4)**

Prereq: GEOL 211; CHEM 121, 122. Introduction to crystal chemistry and crystallography. Origin, occurrence and classification of common minerals; physical and chemical properties of minerals used in identification. Basic petrographic microscopy techniques and identification of common rock-forming minerals in thin-section.

**308 EARTHQUAKE GEOLOGY (3)**

Prereq: GEOL 211. Examination of the geologic records of past earthquakes and crustal deformation held in landforms and crustal structures and an introduction to the techniques of geomorphology and structural geology. Topics include global distribution of earthquakes; active tectonic deformation of alluvial fans, rivers, and coastlines; fault scarps and active folding; paleoseismology; and the influence of climate on mountain building. Focus on cases studies from the Pacific Northwest.

**309 VOLCANOLOGY (3)**

Prereq: GEOL 211. Processes, products, and hazards of volcanic eruptions. Topics to include eruptive mechanisms, volcanic landforms and their relation to the composition and physical properties of magmas,

emplacement mechanisms of pyroclastic flows and characteristics of their deposits, calderas, volcanic gases, effects of volcanic eruptions on climate and the atmosphere, volcanic hazards and their mitigation, and geothermal energy and mineral resources.

**310 GEOMORPHOLOGY (5)**

Prereq: GEOL 211, MATH 114 or higher. Origin and evolution of topographic features by surface processes; analysis of glaciers, streams, wind, waves, ground water and other agents in development of landforms.

**311 EARTH MATERIALS (4)**

Prereq: GEOL 211; CHEM 121. Examines geologic materials (minerals, rocks, and soils) from the scale of atoms to tectonic plates. Lecture foci range from the esoteric (mineral symmetry) to the practical (economic minerals). Lab exercises emphasize the scientific skills of observation, identification, and classification in lab and in the field. Field trips required.

**314 ENGINEERING GEOLOGY (3)**

Prereq: GEOL 211, PHYS 121. Introduction to the engineering properties of rock and soil surficial materials and their significance regarding slope stability and natural foundations for buildings, bridges, dams and other engineering works.

**315 MINERALS, ENERGY AND SOCIETY (4)**

Prereq: GEOL 101 or 211. Mineral resources are vital to society, and yet they are nonrenewable, expensive to find, unevenly distributed and their extraction and consumption can be environmentally damaging. Can we make economically and environmentally sound decisions regarding land-use planning, development vs. conservation, mining vs. environmental protection, recycling vs. waste?

**316 RESEARCH IN MARINE PALEONTOLOGY (4)**

Prereq: GEOL 212. A problem-solving approach, working on a sequence of problems with reports that build to a core project, report and presentation. Begins with the classification and ecology of marine organisms. Research projects involve data gathering and analysis of fossil samples. Emphasizes hypothesis testing, writing and sharing of data in collaborative research.

**318 STRUCTURAL GEOLOGY (5)**

Prereq: GEOL 211, 212; PHYS 114 or 121. An overview of deformation in the earth's crust and introduction to tools for analysis of geologic structures. Topics include geometry and development of faults, folds and rock fabrics; stress, strain, and rheology; interpretation of geologic maps and cross sections. Field and laboratory exercises are major components. One section each year is taught entirely in the field.

**340 GEOLOGICAL OCEANOGRAPHY (3)**

Prereq: GEOL 211, CHEM 121, 122 or equivalent. Nature and origin of major structural and geomorphic features of the ocean basins, coastal processes and geochemical oceanography. The content of this course is coordinated with ENVR 321 (oceanography). Either course may be taken first.

**352 INTRODUCTION TO GEOPHYSICS (4)**

Prereq: GEOL 318; PHYS 121. Basic elements of geomagnetism, seismology, gravity and heat flow with reference to the internal structure of the earth.

**396a,b,c HONORS TUTORIALS (2-5)**

Repeatable with no maximum.

**401a TEACHING PRACTICUM (1)**

Prereq: GEOL 211, with a minimum of a B grade, and permission of chair. Supervised teaching experience in the general geology laboratory. Students will assist in one 2-hour lab section per week. Repeatable to a maximum of 2 credits. S/U grading.

**401b TEACHING PRACTICUM (2)**

Prereq: permission of chair; student must have received a minimum of a B grade in the course for which they will be a Teaching Fellow. Assisting faculty in teaching advanced undergraduate geology courses. Students will assist in two 2-hour lab sections per week in GEOL 211 or one 2-hour session per week in GEOL 212. Repeatable to a maximum of 4 credits. S/U grading.

**406 PETROLOGY (4)**

Prereq: GEOL 306. Origin, occurrence and classification of igneous, sedimentary and metamorphic rocks, hand specimen identification of rocks.

**407 ADVANCED PETROGRAPHY (3)**

Prereq: GEOL 406. Interaction of light with minerals. Advanced petrographic techniques and identification of minerals with the polarizing

## GEOLOGY

microscope. Study of rocks and minerals with a polarizing microscope.

### **410a FIELD METHODS AND THEORY (6)**

Prereq: GEOL 211, 212, 318, 406. Concurrent or successive enrollment in Geol 410b required. Methods of geological field investigations; includes use of field instruments and outcrop studies.

### **410b GEOLOGIC MAPPING (6)**

Prereq: concurrent or immediately prior enrollment in GEOL 410a. Application of geological field methods to making geological maps and reports of specific areas; supervised investigation of one or more map areas.

### **411 FIELD GEOLOGY OF WESTERN UNITED STATES (3)**

Prereq: Concurrent or prior enrollment in GEOL 410a, 410b. Geologic mapping and tectonic analysis of various field sites in the southern U.S. Cordillera, from the plate margin to the craton. Will include outcrop study, reading, independent field research, and discussion of tectonic evolution of the Cordillera.

### **413 FLUVIAL GEOMORPHOLOGY (4)**

Prereq: GEOL 310 or permission of instructor. Stream processes, equilibrium in fluvial environments, channel adjustments, mechanics of sediment erosion and transport. Weekly field trips.

### **414 GEOLOGY OF WASHINGTON (3-5)**

Prereq: GEOL 101 or 211. The significant geologic features of Washington State; field studies. Offered summer only.

### **415 STRATIGRAPHY AND SEDIMENTATION (4)**

Prereq: GEOL 212, 306 and 310 or permission of instructor. Analysis of the transportation, deposition and consolidation of sediments; classification of sedimentary rocks; determination of depositional facies; principles of stratigraphic nomenclature.

### **423 ADVANCED IGNEOUS PETROLOGY (4)**

Prereq: GEOL 406, 407. Advanced course on modern methods of igneous petrology. Focus on magma generation and evolution, utilizing major element, trace element, and isotope geochemistry. Interpretive methods include use of the petrographic microscope and geochemical modeling exercises. Individual research projects required.

### **424 ADVANCED SEDIMENTARY PETROLOGY (5)**

Prereq: GEOL 406, 407 or equivalent. Description, classification and interpretation of sedimentary rocks, including provenance, depositional history and diagenesis. Advanced lab stresses work with petrographic microscope. Individual research projects.

### **425 ADVANCED METAMORPHIC PETROLOGY (5)**

Prereq: GEOL 406, 407 or equivalent. Advanced course in metamorphic petrology. Emphasizes graphical and mathematical analysis of phase relations, and field and laboratory study of metamorphic structures, minerals and microstructures. Individual research projects performed and presented.

### **428 DEPOSITIONAL ENVIRONMENTS (3)**

Prereq: GEOL 415 or equivalent. Depositional framework of marine and continental sedimentary basins. Study of the means by which depositional environments of sedimentary rocks are determined.

### **430 IMAGE INTERPRETATION (3)**

Prereq: GEOL 310; GEOL 318 recommended. Explores fundamental concepts of identifying and interpreting geologic features using remote imagery, including aerial photographs, topographic data (maps, DEMs), multispectral satellite images, and geophysical imagery. Emphasizes critical evaluation and development of multiple working hypotheses in creating geologic maps from images.

### **440 GLACIAL GEOLOGY (4)**

Prereq: GEOL 310. Explores fundamental concepts of glaciology and glacial geology. Topics include formation and dynamics of glaciers and glacier mass-balance, processes of glacial erosion, transport, and deposition, quaternary climate change associated with global glaciations, and assessing effects of glaciation on the modern landscape. Includes field trips and research components.

### **442 INTRODUCTION TO REMOTE SENSING (5)**

Prereq: upper-division standing in the sciences or permission of instructor. Concepts and applications of remote sensing data collection analysis of earths surface features using radar, aerial photography and multispectral scanners.

### **443 DIGITAL IMAGE PROCESSING (4)**

Prereq: GEOL 442. Microcomputer techniques used to create images from digital data collected using the Landsat Thematic mapper.

### **447 INTRODUCTION TO GIS (3)**

Prereq: senior status in geology. Introduction of ArcGIS as a tool for analyzing spatial data. Introduces a variety of projections and discusses geodatabases. GPS systems used in data collection.

### **448 APPLIED GEOSTATISTICS (3)**

Prereq: computer literacy and senior status in geology. Study of applied statistical analysis using environmental data. Introduces the S-Plus language.

### **449 GEOMECHANICS (3)**

Prereq: PHYS 121; GEOL 318 or 314; GEOL 352 recommended. Reviews applications of continuum physics to geological problems. Fundamental topics may include a review of elementary mechanics, mathematical descriptions of stress, strain, elasticity, buoyancy, and the flow of viscous materials. Geoscience applications may include faulting, flexure, landslides, propagation of seismic waves, flow of glaciers, debris flows, lava flows, isostatic rebound. The exact curriculum will be decided by participants. The tutorial format requires active participation and discussion by all students. Offered alternate years.

### **450 ADVANCED TOPICS IN STRUCTURAL GEOLOGY (4)**

Prereq: GEOL 318, 406, 410. Analysis of geologic structures from microstructural to plate tectonic scales. Includes active and ancient structures, concepts of stress and strain, kinematics and mechanics of deformation, and modeling of deformation. Field trip and research project required.

### **451 ACTIVE TECTONICS SEMINAR (4)**

Prereq: GEOL 318, 352. Study of active faults, associated crustal deformation and earthquakes. Examines the mechanics of faulting, earthquake seismology, and GPS geodesy. Regional emphasis on the Pacific Northwest.

### **452 APPLIED GEOPHYSICS (5)**

Prereq: GEOL 352 or equivalent. Geophysical exploration techniques applied to geological problems. Theory and field application of gravity, magnetics, refraction and earthquake seismology, electrical resistivity and others. Class projects include depth-to-bedrock, buried and subsurface features, groundwater estimates and earthquake potential and grounds response.

### **453 PLATE TECTONICS (4)**

Prereq: GEOL 352. Kinematics and dynamics of plate motions, with applications to geotectonics.

### **454 MAGNETIC FABRICS AND GEOLOGIC PROCESSES (4)**

Prereq: GEOL 352 or equivalent. Theory and laboratory measurement of magnetic anisotropy in rocks, sediments, and minerals. Emphasis on the use of magnetic anisotropy techniques to understand various geological processes including deformation, sediment transport, and magma flow and emplacement. Laboratory project and writing project included.

### **455 CLIMATE-RELATED GEOLOGIC HAZARDS (3)**

Prereq: PHYS 121 or equivalent. The relation of climate and weather to geologic hazards: air masses, fronts, trends in temperature, precipitation, winds and tides. Topics include effects of severe weather on mass wasting, floods and erosion, global climate and sea-level variations for the past two million years.

### **456 PRINCIPLES OF OROGENY (5)**

Prereq: GEOL 318, 352 and 406. Application of geological and geophysical tools to understanding of earths mountain belts. Research project required.

### **457 PRACTICAL PALEOMAGNETISM (4)**

Prereq: GEOL 352. Application of rock magnetism and paleomagnetism to field-oriented research problems. Seminar style meetings, field trip(s), and laboratory measurements will focus on solution of an original research problem. Results will be used for a required research paper. Project topics will vary; examples include paleomagnetism of displaced terranes, magnetostratigraphy, magnetic fabrics, environmental magnetism.

### **461 ANALYTICAL GEOCHEMISTRY (2)**

Prereq: GEOL 306, CHEM 123. Introduction to analysis of rocks, soil and water. Methods include atomic absorption spectrophotometry, ion chromatography, gas chromatography and quadrupole mass spectrometry as well as gravimetric, volumetric and colorimetric analysis.

**462 HYDROGEOCHEMISTRY (3)**

Prereq: GEOL 211; CHEM 121, 122. A discussion of the geological and geochemical processes that control the chemical composition of surface and groundwater.

**470 LANDSLIDES AND SLOPE STABILITY (3)**

Prereq: GEOL 310 and GEOL 318 or 314. Reviews current research on landslides and slope stability, including landslide types and processes, landslide triggering mechanisms, soil and rock slope stability, soil and rock slope failure modes, landslide hazard analysis. Offered alternate years.

**472 SURFACE WATER HYDROLOGY (4)**

Prereq: GEOL 211, MATH 125. Components of the hydrologic cycle, including precipitation, infiltration, evapotranspiration, and runoff, and their effect on a water balance in a watershed.

**473 GROUND WATER HYDROLOGY (4)**

Prereq: GEOL 211, PHYS 122. Introduction to the geologic and hydrologic factors controlling the occurrence and movement of subsurface water. Applications in well hydraulics and groundwater site investigations.

**474 GROUND WATER CONTAMINATION (3)**

Prereq: GEOL 473 or permission of instructor. Introduction to the principles of some of the important physical, chemical, and biological processes that govern the transport, persistence, and/or degradation of pollutants in saturated and unsaturated groundwater systems.

**476 SURFACE WATER QUALITY MODELING AND ANALYSIS (3)**

Prereq: senior status in the sciences and computer literacy, e.g., competency in the use of a mathematical analysis program. Application of mass balance concepts to determining water quality concentrations in completely mixed streams. Reaction kinetics are introduced and applied to perturbations caused by impulse loads, step loads, exponential loading, and periodic inputs.

**490 SENIOR THESIS (1-5)**

Prereq: senior status. Research project under direction of faculty. Repeatable to a maximum of 9 credits.

**Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**501 TEACHING PRACTICUM (2)**

Prereq: graduate status and permission of chair. Supervised teaching experiences in undergraduate geology laboratories at the 300 level and above courses. Maximum of 2 credits can be applied toward student's graduate course work.

**513 FLUVIAL GEOMORPHOLOGY (4)**

Prereq: GEOL 310 or permission of instructor. Stream processes, equilibrium in fluvial environments, channel adjustments, mechanics of sediment erosion and transport. Weekly field trips.

**518 STRUCTURAL GEOLOGY AND TECTONICS OF WASHINGTON (3)**

Prereq: graduate status, permission of instructor, GEOL 318 or equivalent. Field methods of structural geology and introduction to the structural and tectonic evolution of Washington, focusing on the building of the Cascade Mountains. Taught during a three-week period prior to the beginning of fall quarter. Involves camping and field work throughout Washington state, including some strenuous hiking.

**523 ADVANCED IGNEOUS PETROLOGY (4)**

Prereq: GEOL 406 and 407 or equivalent. Advanced course on modern methods of igneous petrology. Focus on magma generation and evolution, utilizing major element, trace element, and isotope geochemistry. Interpretive methods include use of the petrographic microscope and geochemical modeling exercises. Individual research projects required.

**524 SEDIMENTARY PETROLOGY AND PETROGRAPHY (5)**

Prereq: GEOL 406, 407 or equivalent. Description, classification and interpretation of sedimentary rocks, including provenance, depositional history and diagenesis. Advanced lab stresses work with the petrographic microscope.

**525 ADVANCED METAMORPHIC PETROLOGY (5)**

Prereq: GEOL 406, 407 or equivalent. Advanced course in metamorphic

petrology. Emphasizes graphical and mathematical analysis of phase relations, and field and laboratory study of metamorphic structures, and microscope study of metamorphic structures, minerals and microstructures. Individual research projects performed and presented.

**528 DEPOSITIONAL ENVIRONMENTS (3)**

Prereq: GEOL 415 or equivalent. Depositional framework of marine and continental sedimentary basins. Study of the means by which depositional environments of sedimentary rocks are determined.

**530 IMAGE INTERPRETATION (3)**

Prereq: GEOL 310; GEOL 318 recommended. Explores fundamental concepts of identifying and interpreting geological features using remote imagery, including aerial photographs, topographic data (maps, DEMs), multispectral satellite images, and geophysical imagery. Emphasizes critical evaluation and development of multiple working hypotheses in creating geologic maps from images.

**536 PALEOBIOLOGY (3)**

Prereq: GEOL 316 or permission of instructor. Explores current topics in the study of fossils. Topics may include mass extinctions, community paleoecology, dinosaur behavior or the effects of extraterrestrial events on the earth's biosphere. Specific topics for each quarter will be decided by the class.

**540 GLACIAL GEOLOGY (4)**

Prereq: GEOL 310 or equivalent. Explores fundamental concepts of glaciology and glacial geology. Topics include formation and dynamics of glaciers and glacier mass-balance, processes of glacial erosion, transport, and deposition, quaternary climate change associated with global glaciations, and assessing effects of glaciation on the modern landscape. Includes field trips and research components.

**542 INTRODUCTION TO REMOTE SENSING (5)**

Prereq: graduate status. Concepts and applications of remote sensing data collection analysis of the earth's surface features using radar, aerial photography and multispectral scanners.

**543 DIGITAL IMAGE PROCESSING (4)**

Prereq: GEOL 442 or 542. Microcomputer techniques used to create images from digital data collected using the Landsat Thematic mapper.

**547 INTRODUCTION TO GIS (3)**

Introduces ArcGIS as a tool for analyzing spatial data. Introduces a variety of projections and discusses geodatabases. GPS systems are used in data collection.

**548 APPLIED GEOSTATISTICS (3)**

Prereq: computer literacy; graduate status. Study of applied statistical analysis using environmental data. Introduces the S-Plus language.

**549 GEOMECHANICS (3)**

Prereq: PHYS 121, GEOL 314, 318; GEOL 352 recommended. Reviews applications of continuum physics to geological problems. Fundamental topics may include a review of elementary mechanics, mathematical descriptions of stress, strain, elasticity, buoyancy, and the flow of viscous materials. Geoscience applications may include faulting, flexure, landslides, propagation of seismic waves, flow of glaciers, debris flows, lava flows, isostatic rebound. The exact curriculum will be decided by participants. The tutorial format requires active participation by all students. Offered alternate years.

**550 ADVANCED TOPICS IN STRUCTURAL GEOLOGY (4)**

Prereq: GEOL 318, 406, 410. Analysis of geologic structures from microstructural to plate tectonic scales. Includes active and ancient structures, concepts of stress and strain, kinematics and mechanics of deformation, and modeling of deformation. Field trip and research project required.

**551 ACTIVE TECTONICS SEMINAR (4)**

Prereq: GEOL 318, 352. Study of active faults, associated crustal deformation and earthquakes. Examines the mechanics of faulting, earthquake seismology and GPS geodesy. Regional emphasis on the Pacific Northwest.

**552 APPLIED GEOPHYSICS (5)**

Prereq: GEOL 352 or equivalent. Geophysical exploration techniques applied to geological problems. Theory and field application of gravity, magnetics, refraction and earthquake seismology, electrical resistivity and others. Class projects include depth-to-bedrock, buried subsurface features,

## GEOLOGY

---

groundwater estimates and earthquake potential and grounds response.

### **553 PLATE TECTONICS (4)**

Prereq: GEOL 352. Kinematics and dynamics of plate motions, with applications to geotectonics.

### **554 MAGNETIC FABRICS AND GEOLOGICAL PROCESSES (4)**

Prereq: GEOL 352 or equivalent. Theory and laboratory measurement of magnetic anisotropy in rocks, sediments, and minerals. Emphasis on the use of magnetic anisotropy techniques to understand various geological processes including deformation, sediment transport, and magma flow and emplacement. Laboratory project and writing project included.

### **555 CLIMATE-RELATED GEOLOGIC HAZARDS (3)**

Prereq: PHYS 121 or equivalent. The relation of climate and weather to geologic hazards: air masses, fronts, trends in temperature, precipitation, winds and tides. Topics include: effects of severe weather on mass wasting, floods, and erosion; global climate and sea level variations for the past two million years.

### **556 PRINCIPLES OF OROGENY (5)**

Prereq: GEOL 318, 352, and 406. Application of geology and geophysical tools to gain understanding of earth's mountain belts. Research project required.

### **557 PRACTICAL PALEOMAGNETISM (4)**

Prereq: GEOL 352. Application of rock magnetism and paleomagnetism to field-oriented research problems. Seminar style meetings, field trip(s), and laboratory measurements will focus on solution of an original research problem. Results will be used for a required research paper. Project topics will vary; examples include paleomagnetism of displaced terranes; magnetostratigraphy; magnetic fabrics, environmental magnetism.

### **558 PALEOMAGNETISM AND TECTONICS LAB SEMINAR (1-2)**

Prereq: GEOL 457/557. Advanced instruction in the operation of paleomagnetic lab equipment, research techniques in rock and paleomagnetism, discussion and evaluation of current paleomagnetic literature. Seminar topics will focus on presentation of research results and current research in the field. Topics related to paleomagnetism and plate tectonics will vary each quarter. Repeatable to a maximum of 4 credits.

### **559 ROCK MAGNETISM AND GEOMAGNETIC FIELD LAB (1-2)**

Prereq: GEOL 457/557 or permission of instructor. The course will involve advanced instruction in the operation of paleomagnetic lab equipment, research techniques in rock and paleomagnetism, discussion and evaluation of current paleomagnetic literature. Seminar topics will focus on presentation of research results and current research in the field. Topics related to the geomagnetic field and rock magnetism will vary each quarter. Repeatable to a maximum of 4 credits.

### **560 GEOLOGIC PHASE EQUILIBRIA (3)**

Prereq: permission of instructor. Analysis of geologic phase equilibria in

terms of classical thermodynamics. Review of current research literature and seminar presentations.

### **561 ANALYTICAL GEOCHEMISTRY (2)**

Prereq: permission of instructor. Applications of analytical chemistry to soil, water and rock samples. Methods include atomic absorption spectrophotometry, ion chromatography, gas chromatography, mass spectrometry and X-ray diffraction. Field collection techniques, sample preparation and data processing also are discussed. Course consists of two hours of lecture and two hours of lab per week.

### **562 ADVANCED HYDROGEOCHEMISTRY (3)**

Prereq: GEOL 211; CHEM 121, 122. Discussion and directed research on the physical processes and geochemical equilibria that control the major and trace element composition of water in its various forms on earth.

### **570 LANDSLIDES AND SLOPE STABILITY (3)**

Prereq: GEOL 310 and GEOL 318 or 314 or equivalent. Reviews current research on landslides and slope stability, including landslide types and processes, landslide triggering mechanisms, soil and rock slope stability, soil and rock slope failure modes, landslide hazard analysis. Offered alternate years.

### **572 SURFACE WATER HYDROLOGY (4)**

Prereq: permission of instructor. Components of the hydrologic cycle and their interaction, including precipitation, infiltration, evapotranspiration, and runoff, and their effect on a water balance in a watershed.

### **573 GROUND WATER HYDROLOGY (4)**

Prereq: permission of instructor. Introduction to the geologic and hydrologic factors controlling the occurrence and movement of subsurface water. Applications in well hydraulics and groundwater site investigations.

### **574 GROUND WATER CONTAMINATION (3)**

Prereq: GEOL 573 or permission of instructor. Introduction to the principles of some of the important physical, chemical, and biological processes that govern the transport, persistence, and/or degradation of pollutants in saturated and unsaturated groundwater systems.

### **576 SURFACE WATER QUALITY MODELING AND ANALYSIS (3)**

Prereq: graduate status in the sciences and computer literacy, e.g., competency in the use of Mathcad. Application of mass balance concepts to determining water quality concentrations in completely mixed streams. Reaction kinetics are introduced and applied to perturbations caused by impulse loads, step loads, exponential loading, and periodic inputs.

### **595 SEMINAR IN CONTEMPORARY GEOLOGY PROBLEMS (2)**

Prereq: graduate status in department. Seminar and weekend field trips introduce geology graduate students to research problems. S/U grading. Repeatable to a maximum of 6 credits.

### **690 THESIS (2-12)**

Thesis research.

# MATHEMATICS

The Department of Mathematics offers majors and minors in mathematics, applied mathematics and mathematics education. Combined majors are offered in mathematics and computer science, biology and mathematics, chemistry and mathematics, economics and mathematics, and physics and mathematics. The department also offers a Master of Science degree in which there is an emphasis on applied mathematics.

By taking a significant number of graduate math courses as an undergraduate, it is possible to earn both a Bachelor of Science and a Master of Science degree in mathematics within five years of study. Detailed requirements for this option are available from the Department of Mathematics.

The majors mentioned above will serve as components of a liberal education, but each one also prepares the recipient for a career in business, industry, government or education. Further information about career opportunities is available in the department office. Persons planning a career in almost any field will find their opportunities for interesting and challenging positions enhanced by the study of mathematics. A person who develops the ability to formulate and solve quantitative problems will be able to attack many of the complex problems of society.

## MATHEMATICS

Mathematics has developed from attempts to find simple general laws governing the behavior of the phenomena we observe around us, phenomena as diverse as the motion of the planets, the evolution of biological systems and the movement of traffic.

These attempts have been remarkably successful, although many problems remain to be solved. The concepts involved are profound and exciting; their development and use require imagination and careful deductive reasoning.

“Mathematics reveals hidden patterns that help us understand the world around us. Now much more than arithmetic and geometry, mathematics is a diverse discipline that deals with data, measurements, and observations from science, with inference, deduction, and proof; and with mathematical models of natural phenomena, of human behavior, and of social systems.

“As a practical matter, mathematics is a science of pattern and order. Its domain is not molecules or cells, but numbers, chance, form, algorithms, and change. As a science of abstract objects, mathematics relies on logic rather than on observation as its standard of truth, yet employs observation, simulation, and even experimentation as means of discovering truth.

“The special role of mathematics in education is a consequence of its universal applicability. The results of mathematics — theorems and theories — are both significant and useful; the best results are also elegant and deep. Through its theorems, mathematics offers science both a foundation of truth and a standard of certainty.

In addition to theorems and theories, mathematics offers distinctive modes of thought which are both versatile and powerful, including modeling, abstraction, optimization, logical analysis, inference from data, and use of symbols. Experience with

mathematical modes of thought builds mathematical power — a capacity of mind of increasing value in this technological age that enables one to read critically, to identify fallacies, to detect bias, to assess risk, and to suggest alternatives. Mathematics empowers us to understand better the information-laden world in which we live.”

— Excerpt from *Everyone Counts: A Report to the Nation on the Future of Mathematics Education*  
© 1989, National Academy of Sciences

The purpose of the mathematics and applied mathematics majors is to acquaint the student with mathematical concepts; to provide the student with the tools needed to apply the concepts in other fields; and to continue to learn and develop new ideas.

A student primarily interested in the application of mathematical ideas in another field should elect the major in applied mathematics or mathematics and computer science. A student who is interested in some branch of mathematics itself, or who is considering graduate study in mathematics, should choose the mathematics major. A student considering a career as an actuary should consult the department for specific course suggestions. A student who is unsure about future plans should probably choose the mathematics major because of the greater flexibility it offers.

## MATHEMATICS EDUCATION

The Bachelor of Arts in Education major may be completed with either of two concentrations; one prepares the graduate for teaching mathematics on the secondary level, the other concentrates on the elementary level. Those who intend to pursue one of these concentrations must complete certain courses in calculus, linear algebra, discrete mathematics, statistics, number theory, geometry, history of mathematics, and computer science. Successful completion of these courses provides a good part of the training necessary for technical expertise in the classroom.

The elementary concentration emphasizes breadth in mathematics. Breadth of experience is important so that the teacher may expose elementary students to a wide variety of mathematical topics. The specialist in mathematics on the elementary level must be particularly skilled at transforming the material mastered in college to a form suitable for the level in question.

Secondary majors learn the methods of teaching mathematics in MATH 483; elementary majors learn such methods in MATH 381 and 382.

Students who wish to teach mathematics on the secondary level also can gain certification in mathematics by completing any one of the Bachelor of Science majors in mathematics, applied mathematics or mathematics-computer science. In addition to the requirements for the major, they are expected to complete these courses: MATH 302, MATH 360, MATH 419 and MATH 483.

Recommendation for teaching endorsement requires the completion of the major with a minimum grade point average of 2.50 in the courses required for the major. The state of Washington requires a minimum grade of C (2.0) or better for all courses used to meet major certification or endorsement

## MATHEMATICS

---

requirements. To gain the Initial Teaching Certificate, students must also complete a program of studies in professional education, including student teaching. Early in their careers at Western, students should seek formal advisement on the appropriate program in education. It is essential that the interested reader consult the *Elementary Education* and *Secondary Education* sections of this catalog for further information.

### ACADEMIC PLACEMENT

Initial placement in most mathematics courses at Western will be on the basis of the results of an appropriate placement test, except for students who have successfully completed at least one quarter of calculus in college. Mathematics placement tests are administered throughout the state of Washington each year, and both freshmen and transfer students who are residents in Washington are advised to take the appropriate examination prior to arrival on campus. Full information on which test to take and how to take it is available from the admissions office or the mathematics department.

Students who have completed at least one year of high school calculus or at least one quarter of college calculus should consult a departmental advisor before registering.

Except by permission of the chair of the Department of Mathematics, a student may not receive credit for any of MATH 101, 102, 106, 107, 114, 115, 118, 156 or 157 if that course is completed after completion of any higher numbered course in this list or after completion of a course in calculus for which college credit has been received.

### ADVICE TO ENTERING STUDENTS

The Bachelor of Science degrees in mathematics, applied mathematics and mathematics-computer science are based on the following core:

- MATH 124, 125, 224, 226 (calculus)
- MATH 204, 304 (linear algebra)
- Either MATH 209 or MATH 302
- MATH 312 (proofs in elementary analysis)
- One of CSCI 140, 141, MATH 207; M/CS majors should complete CSCI 141

These courses, except for MATH 312, represent the minimum that a student planning one of these majors should complete during the first two years. In addition, any student pursuing a Bachelor of Science degree in the department should complete MATH 225, the second quarter of multivariable calculus except that the applied math major has an option. A well-prepared student will be able to build a stronger program, possibly including some graduate-level courses in the senior year, by completing some 300-level work chosen under advisement in addition to the list above. In particular, MATH 331 (differential equations) will be suitable for many students.

Transfer students, especially those intending to enter Western with an Associate of Arts degree, should normally complete as much as possible of the core program above, certainly including the entire calculus sequence and linear algebra. Students should be aware that 200-level differential equations courses may not transfer as equivalent to MATH 331, and that certain third quarter calculus courses also may not transfer as equivalent to either MATH 224 or 226.

Transfer students must complete at this institution a minimum of nine upper-division credits for a major in the department or five upper-division credits for a minor in the department.

The Bachelor of Arts major in mathematics provides exposure

to a wide range of courses but, relative to the Bachelor of Science major, has fewer requirements for courses in analysis and other upper-division courses. A Bachelor of Science major in mathematics is generally more appropriate than a Bachelor of Arts major in mathematics for students intending to pursue graduate studies in any mathematically intensive discipline.

Instructors in many courses require that students use a graphics calculator. Students should contact the department for recommendations before purchasing a calculator. Bachelor of Arts-Secondary Education has the same core except for MATH 312 and requires both MATH 209 and MATH 302.

### DECLARATION OF MAJOR

Students who intend to complete a major in the department are urged to declare the major formally at an early point in their Western career so that a program of study can be planned in collaboration with a departmental advisor. This does not in any way decrease the opportunity to change plans, but does ensure an efficient program which is not subject to future catalog revisions.

By taking a significant number of graduate math courses as an undergraduate, it is possible to earn both a Bachelor of Science and a Master of Science degree in mathematics within five years of study. Detailed requirements for this option are available from the Department of Mathematics.

### ENROLLMENT PREFERENCE FOR MAJORS

The department will give enrollment preference for certain high-demand courses to its majors.

### ACADEMIC EXCELLENCE

The mathematics department offers three means of recognition for outstanding students. One, Graduation with Merit in Mathematics, is an award which recognizes outstanding scholastic achievement in courses required for the major. The second, Graduation with Distinction in Mathematics, is a program which rewards exceptional achievement in mathematics as evidenced by meeting all the requirements for Graduation with Merit and completing certain additional requirements detailed below. The third, Graduation with Honors in Mathematics, is part of the University Honors Program and includes a substantial general education component as well as most of the requirements for Graduation with Distinction. While Graduation with Merit is automatically conferred on all students who qualify, students must apply to the chair of the Department of Mathematics to participate in either or both of the other programs.

Students interested in these programs should also inquire into the possibility of earning both a Bachelor of Science and a Master of Science degree in mathematics within five years of study. Detailed requirements for this option are available from the Department of Mathematics.

#### *Graduation with Merit*

To graduate with merit in mathematics, a student must complete one of the majors or combined majors offered by mathematics alone or by mathematics in cooperation with another department.

The student's program must include at least 32 quarter hours of mathematics or math-computer science courses taken at Western, including MATH 225, 304 and 312 and at least 23 approved credits at the 400 level or above.

The cumulative GPA for mathematics and math-computer science classes taken at Western must be at least 3.6.

### Graduation with Distinction

To graduate with distinction in mathematics, a student must meet all the requirements for graduation with merit in mathematics.

Furthermore, the student must successfully complete:

- A comprehensive examination covering MATH 124, 125, 224, 225, 226, 204, 331
- An approved senior project

The comprehensive examination should be taken no later than the junior year. This examination may be retaken if necessary, but must be passed no later than fall of the senior year and before beginning the senior project.

The senior project is subject to approval of the Undergraduate Committee and is undertaken under the direction of a faculty member. It includes some independent work, the preparation of a report and a colloquium presentation. The senior project constitutes a course at the 400 level and is letter graded with 4 credits applicable towards the major.

Students interested in graduating with distinction in mathematics should declare their interest to the chair of the Department of Mathematics at an early point in their career at Western in order to receive appropriate advice and guidance.

### Graduation with Honors

Students may graduate with honors in mathematics by completing one of the majors listed for graduation with merit in mathematics and completing the usual requirements for the Honors program (see the Honors Program in the *Interdisciplinary Programs* section of this catalog) with the following modifications:

- Entering freshmen must satisfy the GUR in science by completing one of the following sequences:
  - CHEM 121, 122, 123
  - PHYS 121, 131, 122, 132, 123, 133
- The comprehensive examination described under *Graduation with Distinction* may be substituted for the honors senior project

A student interested in the Honors Program should contact both the chair of the Department of Mathematics and the director of the Honors Program.

### INFORMATION

Those interested in the study of mathematics are welcome to write, phone or visit the chair of the Department of Mathematics, Western Washington University, Bellingham WA 98225, phone 360-650-3785.

### MATHEMATICS FACULTY

- TJALLING J. YPMA** (1987) Chair and Professor. BSc, University of Cape Town; MSc, DPhil, Oxford University.
- EDOH Y. AMIRAN** (1989) Associate Professor. BA, University of Chicago; PhD, Massachusetts Institute of Technology.
- MICHELLE L. BYRTEK** (2004) Assistant Professor. BS, Lewis and Clark College; MS, Portland State University; PhD, National University of Ireland, Cork.
- LINDA M. CAVE** (1994) Associate Professor. BS, Oregon State University; MEd, University of Portland; PhD, Oregon State University.
- DONALD R. CHALICE** (1967) Associate Professor. BA, University of Wisconsin; MA, PhD, Northwestern University.
- VICTOR CHAN** (2001) Assistant Professor. BA, Whitman College; MS, State University of New York; MS, PhD, Iowa State University.
- KEITH CRASWELL** (1966) Associate Professor. BS, MS, PhD, University of Washington.
- BRANKO CURGUS** (1988) Professor. BS, MS, PhD, University of Sarajevo.

- RICHARD J. GARDNER** (1991) Professor. BSc, PhD, University College, London; DSc, University of London.
- DAVID A. HARTENSTINE** (2004) Assistant Professor. BA, University of Pennsylvania; PhD, Temple University, Philadelphia.
- NORA HARTSFIELD** (1984) Professor. BA, Humboldt State University; MA, PhD, University of California, Santa Cruz.
- ROBERT I. JEWETT** (1970) Professor. BS, California Institute of Technology; MS, PhD, University of Oregon.
- JERRY L. JOHNSON** (1984) Professor. BA, Augsburg College; MS, California Institute of Technology; MA, University of California, Los Angeles; PhD, University of Washington.
- MILLIE J. JOHNSON** (1991) Associate Professor. BS, University of Minnesota; MEd, University of Washington.
- RICHARD G. LEVIN** (1967) Associate Professor. BS, University of Pennsylvania; PhD, University of California, Davis.
- NORMAN F. LINDQUIST** (1967) Associate Professor. BA, Linfield College; PhD, Oregon State University.
- STEPHEN R. MCDOWALL** (2001) Assistant Professor. BS, MS, University of Canterbury, New Zealand; PhD, University of Washington.
- MICHAEL NAYLOR** (1999) Associate Professor. BS, Michigan State University; MS, PhD, Florida State University.
- THOMAS T. READ** (1967) Professor. BA, Oberlin College; MA, PhD, Yale University.
- JOHN R. REAY** (1963) Professor. BA, Pacific Lutheran University; MS, University of Idaho; PhD, University of Washington.
- YUN-QIU SHEN** (1988) Professor. BS, University of Science and Technology of China; MS, PhD, Michigan State University.
- JOHN W. WOLL** (1968) Professor. BS, Haverford College; PhD, Princeton University.

### BACHELOR OF ARTS

#### Major — Mathematics

70 credits in mathematics plus 19-20 credits in other courses

- MATH 124, 125, 204, 224, 226, 331
- MATH 341 or 441
- One of CSCI 140, 141, MATH 207
- At least three courses from MATH 209, 302, 304, 312, 360
- At least two courses from MATH 410, M/CS 335, 375, 435, 475
- MATH 419 or 420
- Not fewer than 16 additional approved credits in mathematics or math-computer science, including completion of at least two of the following sequences: MATH 331-432, MATH 341-342, MATH 401-402, MATH 441-442, M/CS 335-435, M/CS 375-475
- At least one of the following sequences:
  - PHYS 121, 122, 123, 131, 132, 133
  - CHEM 121, 122, 123 (or CHEM 125, 126, 225)
  - CSCI 141, 145, 211, 241, 311
  - ECON 206, 207, 306 and one of 375, 470 or 475

#### Combined Major — Economics/Mathematics

98-99 credits

This major is for students who wish considerable depth in both areas, and it is particularly suitable as preparation for graduate study in economics.

- ECON 206, 207, 208, 303, 306, 307, 406 or 407, 475
- 16 additional credits in upper-division courses in economics, of which 4 credits must be a communication focus class, under prior departmental advisement; eight of these 16 credits must be at the 400 level
- MATH 124, 125, 204, 224, 225, 226, 304, 331
- M/CS 435

## MATHEMATICS

- MATH 341, 342; or MATH 441, 442
- One of CSCI 140, 141, MATH 207

### BACHELOR OF ARTS IN EDUCATION

#### *Teaching Certification and Endorsement*

The BA/Ed degrees below require completion of the professional secondary teacher preparation program in the Woodring College of Education. Recommendation for teaching endorsement normally requires completion of one of the above majors with a grade point of 2.50 or better in the required major courses. The state of Washington requires a minimum grade of C (2.0) or better for courses used to meet the endorsement requirements.

#### *Major — Mathematics — Elementary*

49 credits

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- MATH 124, 125, 204, 209, 381, 302, 341, 360, 382, 419
- MATH 207

- 4 credits in mathematics (200+ level) as advised

It is recommended that the student also take EDAF 452.

#### *Major — Mathematics — Secondary*

70 credits

This major must be accompanied by the professional preparation program in secondary education and leads to an endorsement in secondary mathematics. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- MATH 124, 125, 204, 207, 209, 224, 226, 302, 331, 341, 360, 419, 483

- At least four courses selected from the following: MATH 304, 312, 401, 402, 410, 441, and M/CS 375

#### *Minor — Mathematics — Secondary*

41 credits

This minor must be accompanied by the professional preparation program in secondary education and leads to an additional endorsement in secondary mathematics accompanied by an endorsement in another content area. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- MATH 124, 125, 204, 209, 302, 360, 419, 483

- One of CSCI 140, 141, MATH 207

- 4 credits in mathematics (200+ level) as advised

#### *Combined Major — Chemistry/Mathematics — Secondary*

108-122 credits plus supporting courses in physics

This major meets the requirements for Washington state teaching endorsements in both chemistry and mathematics.

This major must be accompanied by the professional education program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- CHEM 121, 122, 123, 333 (or CHEM 125, 126, 225)

- Option A or B:

- A: CHEM 251, 375
- B: CHEM 351, 352, 353, 354, 375 or 471-473

- CHEM 461, 462

- MATH 124, 125, 224

- MATH 204, 209, 331, 360, 419, 483

- At least two of the following: MATH 207, 341, 410

- PHYS 121, 122, 123, 131, 132, 133

- SCED 370, 491, 492

#### *Combined Major — Physics/Mathematics — Secondary*

108-109 credits

This major must be accompanied by the professional education program in secondary education. This major meets the requirements for Washington state endorsements in both physics and mathematics. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- PHYS 119

- PHYS 121, 122, 123, 131, 132, 133

- PHYS 223, 224, 225, 233, 322

- PHYS 391

- PHYS 201 or 205

- ASTR 315

- 9 additional credits of upper-division physics or astronomy courses, including 2-3 credits of PHYS 491, 492, ASTR 493

- MATH 124, 125, 204, 224

- MATH 209, 331

- MATH 360, 483

- At least two courses from MATH 207, 341, or 410

- MATH 419

- SCED 370, 491, 492

### BACHELOR OF SCIENCE

#### *Major — Mathematics*

70 credits in mathematics plus 19-20 credits in other courses

- MATH 124, 125, 204, 224, 225, 226, 304, 312

- MATH 209 or 302

- Not fewer than 31 approved credits in mathematics or math-computer sciences, including at least two of the following sequences: MATH 331-432, MATH 341-342, MATH 441-442, M/CS 335-435, M/CS 375-475, MATH 401-402, MATH 421-422; and to include at least 19 credits from 400-level courses in mathematics or math-computer science except MATH 483, and including at most one of MATH 419 and MATH 420

#### *Supporting Courses*

- One of CSCI 140, 141, MATH 207

- One of the following sequences:

- PHYS 121, 122, 123, 131, 132, 133

- CHEM 121, 122, 123 (or CHEM 125, 126, 225)

- CSCI 141, 145, 211, 241, 311

- ECON 206, 207, 306 and one of 375, 470 or 475

Language competency in French, German or Russian is strongly recommended for those students who may go to graduate school.

**NOTE:** Those students who are interested in the actuarial sciences should complete MATH 441, 442, M/CS 335, 435, and M/CS 375, 475 as part of their major programs.

**Major — Applied Mathematics**

70 credits in mathematics plus 19-20 credits in other courses

- MATH 124, 125, 204, 224, 226, 304, 312, 331
- MATH 209 or MATH 302
- One of CSCI 140, 141, MATH 207
- M/CS 375-475
- MATH 341-342 or Math 441-442
- One of the following concentrations:
  - Engineering Concentration: MATH 225, either MATH 430 or 432, MATH 438
  - Operations Research Concentration: M/CS 335-435, MATH 410
- No fewer than 3 additional credits at the 400 level from MATH, M/CS, or CS 405, 480
- One of the following sequences:
  - PHYS 121, 122, 123, 131, 132, 133
  - CHEM 121, 122, 123 (or CHEM 125, 126, 225)
  - CSCI 141, 145, 211, 241, 311
  - ECON 206, 207, 306 and one of 375, 470 or 475

**Minor — Mathematics**

35 credits

- MATH 124, 125, 224
- MATH 204
- One of CSCI 140, 141, MATH 207
- 12 credits of approved electives from MATH 209, 225, 226 and upper-division courses except MATH 381, 382, 483

**Combined Major — Mathematics/Computer Science**  
92 credits

- MATH 124, 125, 204, 224, 226, 302, 312, 331, 430 or 432; 341 or 441; 304 or 401
- Three courses from M/CS 335, 375, 435, 475
- CSCI 141, 145, 211, 241, 311, 341, 401, 405
- 3 additional upper-division credits in mathematics or computer science as advised

**Combined Major — Biology/Mathematics**

109 credits; biology Phase II status required for admission into 300- and 400-level biology courses for biology majors.

- BIOL 201, 202, 203, 321, 323, 325
- BIOL 432
- MATH 124, 125, 204, 224, 331, 341, 342, 432; CSCI 140 or 141 or MATH 207; plus 12 credits of approved electives from math, math/computer science, or computer science
- CHEM 121, 122, 123 (or CHEM 125, 126, 225); CHEM 251
- PHYS 121, 122, 131, 132

Faculty advisor: Merrill Peterson, Biology; Tjalling Ypma, Mathematics.

**GRADUATE STUDY**

For a concentration leading to the Master of Science degree, see the *Graduate School* section of this catalog.

By taking a significant number of graduate math courses as an undergraduate, it is possible to earn both a Bachelor of Science and a Master of Science degree in mathematics within five years of study. Detailed requirements for this option are available from the Department of Mathematics.

**COURSES IN MATHEMATICS (MATH)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

*(Courses in Mathematics-Computer Science are listed after the listings in Mathematics.)*

**101 FUNCTIONS AND ALGEBRAIC METHODS FOR K-8 TEACHERS (5)**

Prereq: suitable score on the Intermediate Math Placement Test or completion of a college intermediate algebra course with a grade of C- or better and permission of instructor. Designed for prospective K-8 teachers. Emphasizes pattern recognition and generalization, building mathematical models and problem solving. Supporting topics include polynomials, linear and quadratic equations, inequalities, graphs, rational expressions and functions. Graphing calculators required. Cannot be counted toward majors or minors in mathematics or computer science.

**102 FUNCTIONS AND ALGEBRAIC METHODS (5)**

Prereq: suitable score on the Intermediate Math Placement Test or completion of a college intermediate algebra course with C- or better. Pattern recognition and generalization, building mathematical models and problem solving are emphasized. Supporting topics include polynomials, linear and quadratic equations, inequalities, graphs, rational expressions, radicals and functions. Graphing calculator required. Cannot be counted toward majors or minors in mathematics or computer science.

**106 QUANTITATIVE REASONING (4)**

Develops abilities to understand quantitative information and make reasoned decisions using it. Focus is on reasoning and symbolic and quantitative models as they are commonly encountered in personal life, careers, and public issues.

**107 MATHEMATICAL REASONING AND ITS APPLICATIONS (4)**

Prereq: suitable score on the Intermediate Math Placement Test or at least C- in MATH 102 or 106, or a college intermediate algebra course. Reading quantitative information, reasoning, personal finance, data display and summary, assessing risk; quantitative decisions in life, careers, and public issues. Students interested in studying a single area of mathematics in detail should consider substituting a course from MATH 114, 118, 124, 156, 157 or 240. To take MATH 114, a student must take a math placement test or MATH 102.

**114 PRECALCULUS I (5)**

Prereq: suitable score on the Intermediate mathematics placement test or at least C- in MATH 102. Data analysis, functions as mathematical models, functions and their graphs. Graphing calculators are required. Cannot be counted toward majors or minors in mathematics or computer science. Students needing math for GUR purposes only should consider MATH 107 instead of MATH 114.

**115 PRECALCULUS II (5)**

Prereq: At least C- in MATH 114. Data analysis, modeling, trigonometry, inverse functions. Graphing calculator required. Cannot be counted toward majors or minors in mathematics or computer science.

**117a TOPICS IN MATHEMATICS (variable)**

Prereq: permission of instructor. A supplement to one or more math courses offered at the 100 level. Repeatable subject to permission of department.

**117b TOPICS IN MATHEMATICS (variable)**

Prereq: permission of instructor. A supplement to one or more math courses offered at the 100 level. Repeatable subject to permission of department. S/U grading.

**118 ACCELERATED PRECALCULUS (5)**

Prereq: Suitable score on the intermediate mathematics placement test or suitable score on the Advanced mathematics placement test. Not open to students who have taken a lower numbered mathematics course at Western. Functions as mathematical models, functions and their graphs, inverse functions, trigonometry. Graphing calculator required. Cannot be counted toward majors or minors in mathematics or computer science.

## MATHEMATICS

### 124 CALCULUS AND ANALYTIC GEOMETRY (5)

Prereq: suitable score on the Advanced mathematics placement test or at least C- in MATH 115 or MATH 118. Derivatives, rules for computing derivatives, applications including curve sketching and optimization, antiderivatives. Students with a full year of high school calculus may be eligible for MATH 128. Graphing calculator required.

### 125 CALCULUS AND ANALYTIC GEOMETRY (5)

Prereq: MATH 124. The definite integral, techniques of integration, applications including area and volume, growth and decay, introduction to differential equations.

### 128 ACCELERATED CALCULUS (5)

Prereq: one year of AP-level high school calculus and permission. Designed for entering freshmen who are thoroughly familiar with the computational aspects of single variable calculus. Students study selected topics from MATH 124 and 125 from a more conceptual point of view. Students who complete this course receive five credits of advanced placement (unless previously received). Not open to students who have taken MATH 124 or 125. Offered fall quarter only.

### 156 ALGEBRA WITH APPLICATIONS TO BUSINESS AND ECONOMICS (4)

Prereq: suitable score on the intermediate mathematics placement test or at least C- in MATH 102. Equations and inequalities, graphs and functions, exponential and logarithmic functions, mathematics of finance, systems of linear equations and matrices, systems of linear inequalities.

### 157 CALCULUS WITH APPLICATIONS TO BUSINESS AND ECONOMICS (4)

Prereq: suitable score on the advanced mathematics placement test or at least C- in MATH 156, MATH 114 or 118. Limits, rates of change, differentiation, graphing and optimization, integration, business applications, partial differentiation. MATH 124 may be substituted for MATH 157. Cannot be taken for credit by a student who has already completed another college-level calculus course.

### 203 LINEAR ALGEBRA AND DIFFERENTIAL EQUATIONS I (4)

Prereq: MATH 125 or equivalent; MATH 224 strongly recommended. First course in the 203-303 sequence. A unified treatment of the material on elementary linear algebra and elementary differential equations covered in MATH 204 and 331. Together with MATH 303, is equivalent to MATH 204 and MATH 331.

### 204 ELEMENTARY LINEAR ALGEBRA (4)

Prereq: MATH 125; MATH 224 recommended. Systems of linear equations; matrices; the vector space  $\mathbb{R}^n$ ; linear independence, bases, subspaces and dimension in  $\mathbb{R}^n$ ; introduction to determinants and the eigenvalue problem; applications.

### 205 LINEAR ALGEBRA WORKSHOP (1)

Prereq: MATH 204 or concurrent. Elementary linear algebra projects on a computer. S/U grading.

### 207 MATHEMATICAL COMPUTING (3)

Prereq: Basic computer literacy (CSCI 101 or equivalent); MATH 125 and 204. Use of mathematical software such as Matlab and Mathematica. Elementary programming, numerical and symbolic computation, visualization and technical reporting in mathematical context.

### 209 DISCRETE MATHEMATICS (4)

Prereq: MATH 124 or 128. The logic of proofs, combinatorics, graph theory, and topics from recurrences and generating functions, set theory.

### 217a TOPICS IN MATHEMATICS (1-4)

Prereq: permission of instructor. A supplement to one or more math courses offered at the 200 level. Repeatable subject to permission of department.

### 217b TOPICS IN MATHEMATICS (1-4)

Prereq: permission of instructor. A supplement to one or more math courses offered at the 200 level. Repeatable subject to permission of department. S/U grading.

### 220 VISUALIZATION IN MULTIVARIABLE CALCULUS (1)

Co-req: Math 224. Weekly lab projects emphasizing the creation and interpretation of computer-generated graphs and contour diagrams for functions of several variables. Problems are drawn from material being studied in MATH 224. S/U grading.

### 224 MULTIVARIABLE CALCULUS AND GEOMETRY (5)

Prereq: MATH 125 or 128. Coordinate systems, curves and vectors in the

plane and in space, partial derivatives, applications including optimization and motion, multiple integrals.

### 225 MULTIVARIABLE CALCULUS AND GEOMETRY (4)

Prereq: MATH 224. Multiple integrals, line and surface integrals, gradient fields, Green's and Stokes' theorems.

### 226 LIMITS AND INFINITE SERIES (4)

Prereq: MATH 125 or 128. Limits, continuity, convergence of sequences and infinite series, Taylor series, applications.

### 240 INTRODUCTION TO STATISTICS (3)

Prereq: suitable score on the Intermediate mathematics placement test or MATH 102. The nature of statistical reasoning, descriptive statistics, ideas of probability and measurement, sampling distributions, the binomial and normal distributions, confidence intervals and the testing of statistical hypotheses. Cannot be counted toward any major in the Department of Mathematics.

### 302 INTRODUCTION TO PROOFS VIA NUMBER THEORY (4)

Prereq: MATH 125 or 128. The properties of integers, prime numbers, Euclidean algorithm, congruences. The student is expected to develop competence in proving basic results in number theory.

### 303 LINEAR ALGEBRA AND DIFFERENTIAL EQUATIONS II (4)

Prereq: MATH 203. Second course in the MATH 203-303 sequence. A unified treatment of the material on elementary linear algebra and elementary differential equations covered in MATH 204 and 331. Together with MATH 203, is equivalent to MATH 204 and MATH 331.

### 304 LINEAR ALGEBRA (4)

Prereq: MATH 204. Orthogonality and orthogonal bases; linear transformations and the least squares problem; further study of eigenvalues and eigenvectors and their applications; abstract vector spaces and linear transformations.

### 312 PROOFS IN ELEMENTARY ANALYSIS (4)

Prereq: MATH 226 and either MATH 209 or 302. Open and closed sets in the line and plane, sequences, least upper bound axiom, continuous functions and their properties. The student is expected to develop competence in proving basic theorems involving these concepts.

### 321 MATHEMATICS FOR TECHNOLOGY (4)

Prereq: MATH 125. A survey of topics from differential equations and the Laplace Transform. Designed especially for students majoring in engineering technology. Students may count only one of MATH 321 or MATH 331 toward any major or minor in the Department of Mathematics.

### 331 ORDINARY DIFFERENTIAL EQUATIONS (4)

Prereq: MATH 224; co-req: MATH 204. An introductory course including first-order equations, higher-order linear equations, applications to physical and other systems.

### 341 PROBABILITY AND STATISTICS (4)

Prereq: MATH 125 or 128. Probability, including discrete distributions using combinatorial methods and continuous distributions using integrals. Descriptive statistics and the use of computer statistical packages. Statistical methods of estimation and hypothesis testing. Emphasis on use, validity and understanding of particular statistical models.

### 342 STATISTICAL METHODS (4)

Prereq: MATH 341. Use of statistical models and inference including analysis of variance, covariance, multiple regression and nonparametric statistics. Use of computer statistical packages.

### 360 EUCLIDEAN AND NON-EUCLIDEAN GEOMETRY (4)

Prereq: MATH 125 or 128, 204 and either MATH 209 or 302. Metric development of Euclidean geometry and consideration of non-Euclidean geometries.

### 381 TEACHING K-8 MATHEMATICS I (4)

Prereq: suitable score on the intermediate math placement test or a grade of C or better in MATH 101, 102 or 107 or a college intermediate algebra course. Investigations of mathematical topics, such as number, functions, geometry, probability, statistics and measurement. Emphasis on problem solving, the use of manipulatives and computing technologies, instructional strategies, curricular issues, assessment, remediation and resource materials. Not acceptable for any department major except BA/Ed, Elementary, and does not satisfy GUR mathematics requirement except for those who complete the BA/Ed, Elementary.

### 382 TEACHING K-8 MATHEMATICS II (4)

Prereq: a grade of C or better in MATH 381. Investigations of mathematical

topics, such as number, functions, geometry, probability, statistics and measurement. Emphasis on problem solving, the use of manipulatives and computing technologies, instructional strategies, curricular issues, assessment, remediation and resource materials. Not acceptable for any departmental major except BA/Ed, Elementary, and does not satisfy GUR mathematics requirement except for those who complete the BA/Ed, Elementary.

**401, 402 INTRODUCTION TO ABSTRACT ALGEBRA (4 ea)**  
Prereq: MATH 204 and either MATH 209 or 302; MATH 401 prerequisite to 402. Groups, rings, fields, field extensions, Galois Theory.

**410 MATHEMATICAL MODELING (4)**  
Prereq: MATH 204 and 224; 331. The construction and solution of mathematical models, using optimization, stability analysis, eigenvalue methods, probability and simulation.

**412 MATHEMATICAL MODELING COMPETITION (1)**  
Prereq: permission of instructor. Preparation for participation in the national mathematics modeling competition. Repeatable, no maximum.

**419 HISTORICAL PERSPECTIVES OF MATHEMATICS (3)**  
Prereq: 12 credits of upper-division mathematics. History and development of mathematical thought from ancient to modern times. Philosophical, sociological and biographical perspectives.

**420 TOPICS IN THE HISTORY AND PHILOSOPHY OF MATHEMATICS (3)**  
Prereq: MATH 312. Concentrated study of a topic or a closely connected group of topics associated with the history and philosophy of mathematics. Students are required to write a substantial expository paper.

**421 METHODS OF MATHEMATICAL ANALYSIS I (4)**  
Prereq: MATH 312. Introduction to metric spaces, properties of functions on metric spaces, compactness and continuity. The student is expected to develop competence in proving basic theorems involving these concepts.

**422 METHODS OF MATHEMATICAL ANALYSIS II (4)**  
Prereq: MATH 421. Analysis on the real line, including uniform convergence of series, using metric space notions. The student is expected to develop competence in proving theorems involving these concepts.

**430 FOURIER SERIES AND PARTIAL DIFFERENTIAL EQUATIONS (4)**  
Prereq: MATH 204, 226 and 331. An introduction to the Fourier series and the Fourier transform; applications to boundary value problems including the wave and heat equations.

**432 SYSTEMS OF DIFFERENTIAL EQUATIONS (4)**  
Prereq: MATH 204 and 331; 304 recommended. First-order linear systems, stability theory of nonlinear systems, phase portraits, Laplace transforms, applications.

**438 INTRODUCTION TO COMPLEX VARIABLES (4)**  
Prereq: MATH 225, 226. Differentiation and integration of complex-valued functions; Cauchy integral theorem; calculations of residues.

**441, 442 MATHEMATICAL STATISTICS (4 ea)**  
Prereq: MATH 224 and 304; MATH 441 prerequisite to MATH 442. Probability theory; development of distributions; generating functions; averages, moments, regression, correlation, variance and statistical inference.

**447 STATISTICAL DESIGN OF EXPERIMENTS (3)**  
Prereq: MATH 342 or equivalent. Topics and concepts useful in the design and analysis of experiments: randomization, blocking, analysis of variance, randomized block designs, Latin square designs, factorial designs, fractional factorial designs. Use of statistical software packages. Emphasizes applications and analysis of experimental data.

**448 STATISTICAL QUALITY ASSURANCE AND RELIABILITY (4)**  
Prereq: MATH 441 and MATH 342 or 442 or equivalent. Statistical theory and methods for monitoring and improving industrial processes and their reliability. Topics include Shewhart, EWMA, CUSUM charts, acceptance sampling, stochastic modeling and analysis of lifetime data, censored data, and accelerated testing.

**483 METHODS OF TEACHING SECONDARY MATHEMATICS (4)**  
Prereq: at least two upper-division mathematics courses. Topics include pre-algebra, algebra, geometry, problem solving and resource materials.

**490 SENIOR PROJECT (4)**  
Prereq: successful completion of the comprehensive exam for graduation

with distinction in mathematics; permission of the chair. Intensive study of an advanced topic in mathematics.

**495 ACADEMIC OR INDUSTRIAL LEARNING AND RESEARCH EXPERIENCE IN MATH (1-4)**  
Prereq: 20 credits in Math above 100 level, and permission of department. Participation in a learning program, research project or internship in business, industry, a government agency or academic institution. Oral and written report required. Repeatable to a maximum of 8 credits. S/U grading.

### Graduate Courses

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*  
*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**502 ABSTRACT ALGEBRA (4)**  
Prereq: MATH 401 or equivalent. Rings, fields, field extensions, Galois Theory.

**503 TOPICS IN ABSTRACT ALGEBRA (3)**  
Prereq: MATH 502 or equivalent. Topics based on the theory of groups and its applications. Repeatable with various topics.

**504 ABSTRACT LINEAR ALGEBRA (4)**  
Prereq: MATH 304 or equivalent. Abstract vector spaces, linear transformations, spectral theory.

**510 MATHEMATICAL MODELING (4)**  
Prereq: MATH 204, 224; 331. The construction and solution of mathematical models, using optimization, stability analysis, eigenvalue methods, probability and simulation.

**511 ADVANCED MODELING (4)**  
Prereq: MATH 331, permission of instructor. Exact and numerical techniques for the development and analysis of models of dynamic processes, including the construction and validation of models.

**521 METHODS OF MATHEMATICAL ANALYSIS I (4)**  
Introduction to metric spaces, properties of functions on metric spaces, compactness and continuity.

**522 METHODS OF MATHEMATICAL ANALYSIS II (4)**  
Prereq: MATH 521. Analysis on the real line, including uniform convergence of series, using metric space notions.

**523 ADVANCED CALCULUS OF SEVERAL VARIABLES (4)**  
Prereq: MATH 304 or equivalent, MATH 521. Parameterization, integration and changes of variables in Euclidean spaces.

**525 TOPOLOGY (3)**  
Prereq: MATH 521. Topological spaces, connectedness, compactness, product and quotient spaces, homotopy.

**527 REAL ANALYSIS (4)**  
Prereq: MATH 522. Theory of Lebesgue measure and integration.

**528 FUNCTIONAL ANALYSIS (4)**  
Prereq: MATH 522. Spaces of functions, linear functionals and their representation, applications.

**530 FOURIER SERIES AND PARTIAL DIFFERENTIAL EQUATIONS (4)**  
Prereq: MATH 204, 226 and 331 or equivalents. An introduction to the Fourier series and the Fourier transform; applications to boundary value problems including the wave and heat equations.

**533 ADVANCED ORDINARY DIFFERENTIAL EQUATIONS (3)**  
Prereq: MATH 432 or equivalent, MATH 521. Existence and uniqueness of solutions, stability theory for nonlinear equations, bifurcation.

**535 NONLINEAR OPTIMIZATION (4)**  
Prereq: MATH 204, 224, and CSCI 140 or MATH 207. Nonlinear programming with emphasis on basic theory (including Lagrange multipliers and the Kuhn-Tucker conditions), algorithms for numerical solution of problems, and applications. Introductory dynamic programming, with emphasis on applications and algorithms.

**538 COMPLEX VARIABLES (4)**  
Prereq: MATH 226 or equivalent. Differentiation and integration of complex-valued functions, Cauchy integral theorem, residues.

**539 TOPICS IN COMPLEX ANALYSIS (3)**  
Prereq: MATH 521, 538. Topics such as normal families, mapping

## MATHEMATICS

---

properties of analytic functions, conformal mappings, fluid flow, Dirichlet and Neumann problems, Julia sets. Repeatable with various topics.

### **541 PROBABILITY (4)**

Prereq: MATH 224, 304. Probability theory, both discrete and continuous. The Central Limit Theorem.

### **542 MATHEMATICAL STATISTICS (4)**

Prereq: MATH 441 or equivalent. Distributions, generating functions, averages, moments, regression, correlation, variance, statistical inference.

### **545 TOPICS IN PROBABILITY (3)**

Prereq: MATH 541. Topics from Markov and sequential decision processes, renewal theory, inventory theory, stochastic control, random arrival and service processes, waiting time, number in queue, bulk arrivals, networks, balking. Repeatable with various topics.

### **547 STATISTICAL DESIGN OF EXPERIMENTS (3)**

Prereq: MATH 342 or equivalent. Topics and concepts useful in the design and analysis of experiments: randomization, blocking, analysis of variance, randomized block designs, Latin square designs, factorial designs, fractional factorial designs, Use of statistical software packages. Emphasis on applications and analysis of experimental data.

### **548 STATISTICAL QUALITY ASSURANCE AND RELIABILITY (4)**

Prereq: MATH 441 and either MATH 342 or 422 or equivalent. Statistical theory and methods for monitoring and improving industrial processes and their reliability. Topics include Shewhart, EWMA, CUSUM charts, acceptance sampling, stochastic modeling and analysis of lifetime data, censored data, and accelerated testing.

### **560 TOPICS IN GEOMETRY (3)**

A study of one or more topics in geometry such as convex sets, polytopes, tilings, integral geometry or combinatorial geometry. Repeatable with various topics.

### **562 DIFFERENTIAL GEOMETRY (4)**

Prereq: MATH 522. Geometry of curves, surfaces and manifolds.

### **564 GRAPH THEORY (3)**

Basic properties of graphs, trees, Eulerian and Hamiltonian circuits, genera of graphs, algorithms, applications.

### **566 TOPICS IN COMBINATORICS (3)**

Counting techniques, generating functions, coding, coloring and relations with probability theory. Repeatable with various topics.

### **570 TOPICS IN OPTIMIZATION (4)**

Prereq: MATH 304 and 521. Topics taken from nonlinear programming, calculus of variations or the theory of optimal control. Repeatable with various topics.

### **573 NUMERICAL LINEAR ALGEBRA (4)**

Prereq: MATH 304, ability to program. Norms; fundamental matrix types, transformations and factorizations; linear equations, linear least squares; rounding error, condition and stability; the algebraic eigenvalue problem (QR method).

### **575 NUMERICAL ANALYSIS (4)**

Prereq: MATH 224, M/CS 375. Polynomial interpolation including splines, orthogonal systems of functions and least squares approximation;

numerical differentiation and integration; solution of systems of nonlinear equations and unconstrained optimization.

### **577 TOPICS IN NUMERICAL ANALYSIS (4)**

Prereq: M/CS 375 or MATH 573. Topics from numerical optimization, approximation, linear algebra, quadrature, and the solution of algebraic and differential equations. Repeatable with various topics.

### **595 TEACHING ALGEBRA AND PRECALCULUS (2)**

Curriculum and instructional support for teaching the algebra and precalculus sequence. S/U grading.

### **599 MATHEMATICS SEMINAR (1-3)**

Repeatable to a maximum of 4 credits.

### **680 INTERNSHIP IN INDUSTRIAL MATHEMATICS (2-8)**

Prereq: MATH 510, 547, and 575 or equivalents. An internship in industry, government, or other organizations during which participants will work with people in the host organization on problems of a quantitative nature. Number of credits depends on time spent at the host organization.

### **690 THESIS (variable credit)**

Repeatable to a maximum of 4 credits. S/U grading.

### **691 REQUIRED PROJECT (1 or 2)**

Prereq: advancement to candidacy. Repeatable to a maximum of 2 credits. S/U grading.

## **COURSES IN MATHEMATICS-COMPUTER SCIENCE (M/CS)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

*The courses listed below require background in both mathematics and computer science. The problems attacked in these courses cannot be solved without fruitful wedging of knowledge from both areas. In many of the upper-level computer science and math-computer science courses, majors have priority for admission.*

### **335 LINEAR OPTIMIZATION (4)**

Prereq: MATH 204 and CSCI 141 or MATH 207. The optimization of linear functions subject to linear constraints. Linear programming, duality theory, sensitivity analysis, applications.

### **375 NUMERICAL COMPUTATION (4)**

Prereq: MATH 204 and CSCI 141 or MATH 207. Computer arithmetic, solution of nonlinear equations and optimization in a single variable; matrix factorization; matrix iterative techniques.

### **435 NONLINEAR OPTIMIZATION (4)**

Prereq: MATH 204, 224 and CSCI 141 or MATH 207. Nonlinear optimization with emphasis on basic theory (including Lagrange multipliers and the Kuhn-Tucker conditions), algorithms for numerical solution of problems, and applications. Introductory dynamic programming, with emphasis on applications and algorithms.

### **475 NUMERICAL ANALYSIS (4)**

Prereq: MATH 224, M/CS 375. Polynomial interpolation including splines, orthogonal systems of functions and least squares approximation; numerical differentiation and integration; solution of systems of nonlinear equations and unconstrained optimization.

# PHYSICS AND ASTRONOMY

The Department of Physics and Astronomy offers a BS degree in physics and a BA in Education degree in physics/mathematics and chemistry/physics education. The physics BS is based on a core curriculum that covers the five fundamental theories of physics: mechanics, thermodynamics, electromagnetism, relativity and quantum mechanics. Laboratory work forms an important part of many of the core courses, and more sophisticated upper-division laboratories are offered in electronics, optics, nanotechnology, holography and lasers. Students graduating with a Bachelor of Science degree in physics are well prepared for graduate school in physics, astronomy, optics and several fields of engineering or a variety of industrial jobs.

Physics majors are encouraged to work for the department as laboratory teaching assistants and as co-workers in the technical work of the department. Such employment provides valuable experience as well as financial support. It also promotes close association between faculty and students.

## PHYSICS

Physics is the fundamental science. It is the study of matter and energy and the interaction between the two. Astronomy, biology, chemistry, geology and engineering apply the principles of physics to specific problems. Almost all areas of modern technology involve applications of physics. An undergraduate major in physics provides a solid foundation upon which to build later work in astronomy, optics and engineering, applied mathematics, as well as physics itself. Students planning careers in physics should select the physics Bachelor of Science program, since this will give them the extensive background required for success in graduate school or a variety of job possibilities.

Computers are playing an increasingly important role in physics research and work in applied physics. The department manages a laboratory/classroom equipped with 20 modern microcomputers running sophisticated physics, mathematics and astronomy software packages, as well as Web browsers. Students can expect to make use of the computers in the majority of their physics courses. The computers are available to physics majors 24 hours a day, seven days a week. In addition, for theoretical research projects, there are a number of Linux-based microcomputers.

The department also offers a variety of research opportunities in experimental condensed-matter physics.

## ASTRONOMY

Astronomy is the study of the planets, stars, galaxies, and the universe as a whole. Our current understanding of the basic physical processes that underlie the universe continues to evolve as new discoveries are made with advanced data analysis and sophisticated electronic instrumentation on both ground-based telescopes and space-based missions. Professional astronomers usually are university faculty members or are scientists with national observatories and government laboratories, but a background in astronomy can also be useful for research careers in business and private industry where knowledge of instrumentation and remote sensing is valued. Students planning professional careers in astronomy should select the Bachelor of Science program in

physics and the minor in astronomy. Together, these programs provide a solid preparation for graduate work.

Although the department does not have an observatory, it does have astronomical imaging facilities equipped with computers, professional image analysis software, and a computer-controlled 12-inch Schmidt-Cassegrain telescope with a CCD camera. In addition, much of modern research in astronomy in this department and throughout the astronomical community uses the Internet, with large new databases of astronomical data and remote access to telescopes around the world. Students who complete courses in astronomy are encouraged to work with faculty on astronomy research and take the senior project course in astronomy.

## OPTICS

Optical science deals with light and its interaction with matter. Optoelectronics extends this science to the design and construction of useful devices and systems that generate, manipulate, or detect light in the visible and other adjacent ranges of the electromagnetic spectrum (e.g., LEDs, lasers, photo detectors). Students interested in careers in the latter areas should select the physics Bachelor of Science degree and these optional courses: PHYS 339 (Optics), PHYS 349 (Optics Laboratory), PHYS 431 (Optoelectronics), PHYS 475 (Solid State Physics), and PHYS 490 (Holography). Students may also do related project work in the department's laboratories under PHYS 400 (Directed Independent Study) and/or PHYS 400 (Senior Project in Experimental Physics).

Optical science and optical engineering have become important fields for both industry and government in recent years. Major international meetings in optics and related topics are organized and held several times a year by SPIE (the International Society for Optical Engineering). This organization has its headquarters in Bellingham, and the department has benefited in a variety of ways through its interaction with the SPIE organization.

## ACADEMIC PLACEMENT

### *Advice to Freshman*

The physics curriculum that forms the core of the physics BS program is arranged in a logical sequence, so that earlier courses are usually prerequisites for later courses. This means that it is important to start the core sequence as early as possible, since any substantial delay will result in the student needing more than four years to complete the degree. All physics major courses require mathematics, and calculus is particularly important. For this reason, *a freshman considering a major in physics should take MATH 124 (Calculus and Analytic Geometry) his or her very first quarter at Western.* Freshmen who have had calculus in high school are advised to take PHYS 121 (Physics with Calculus I) that same first quarter, along with the appropriate level calculus course. Freshmen who have had no calculus at all should postpone PHYS 121 until their second quarter at Western, so that they may first complete MATH 124. The physics course sequence has been arranged so that this delay of one quarter will not cause problems later, so long as MATH 124 is still taken the first quarter. Freshmen who elect to delay PHYS 121 one quarter are advised to take PHYS 219 (Introduction to Special Relativity) their first quarter at Western.

## PHYSICS AND ASTRONOMY

This course does not require calculus beyond what the student would know from taking MATH 124 concurrently, yet it deals with an interesting and important area of physics that will be useful when taking later physics courses.

### *Advice to Transfer Students*

The first two years of the physics BS program is based on the following core courses:

- PHYS 121, 122, 123, 131, 132, 133; MATH 124, 125, 224; CSCI 141
- PHYS 223, 224, 225, 233, 322, 325; MATH 225, 331

Students planning to transfer to Western from a community college should strive to take as many equivalents of the courses above as possible. The community college sequence equivalent to PHYS 121-122-123 will usually be called introductory physics with calculus and will probably include PHYS 131-132-133, which are just the lab courses that accompany the corresponding PHYS 121-122-123 courses. MATH 124-125-224 is the first year of college calculus, and MATH 225 is a second quarter of multivariable calculus. Students should be aware that 200-level community college courses in differential equations may not transfer to Western as equivalent to MATH 331.

### MID-PROGRAM CHECKPOINT

A student seeking to complete a BS degree in physics within a four-year time span should have completed the following courses by the start of his/her junior year. Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

- PHYS 121, 122, 123, 131, 132, 133, 223, 224, 225, 233, 322, 325
- MATH 124, 125, 224, 225, 331
- CSCI 141

Students must make an appointment to see the chair during the fall quarter of their junior year, to make arrangements for research and/or project material for their senior project requirement.

A student seeking to complete a BA in Education degree in physics/mathematics within a four-year time span should have completed the following courses by the start of his/her junior year. Major omissions from this list will make it difficult or impossible to complete this degree within two additional years.

- PHYS 121, 122, 123, 131, 132, 133, 219, 223, 224, 225, 233, 322
- MATH 124, 125, 204, 224, 209, 331

### ADMISSION TO THE MAJOR

The department has established a requirement that holds for both the physics BS major and the physics/mathematics and chemistry/physics BA in Education: *A cumulative GPA of at least 2.50 must be maintained in the courses required by the major.* This is a requirement that applies to admission to the major, retention in the major, and graduation with a degree in the major. A freshman or transfer student who has not yet received grades at Western in courses required by the major can still be admitted to the major but will be dropped if grades received later fail to meet the department's GPA requirement.

To declare a physics major, a student takes his/her Degree Planning Guide (DPG) to the physics/astronomy office (Bond Hall 152) and meets with the department chair. The student fills out an official declaration of undergraduate major card.

The department chair signs both the card and the major declaration section of the DPG.

Students planning to major in physics are urged to declare the major as early as possible, preferably their freshman year. This will enable them to obtain advice that may shorten the total time required to complete the degree. The department also offers certain benefits to majors that are not available to other students, such as accounts on department computers, after-hours access to laboratory equipment, employment by the department and, in some cases, office space.

### INFORMATION

Anyone interested in learning more about the study of physics, astronomy and optics at Western is invited to write, phone, e-mail, fax or visit the chair of the Department of Physics and Astronomy, Western Washington University, Bellingham, WA 98225-9064. Telephone: 360-650-3818, fax: 360-650-6505. Information about Western's physics and astronomy programs is also available through the World Wide Web at [www.ac.wvu.edu/~physics](http://www.ac.wvu.edu/~physics). The department is in Bond Hall 152.

### PHYSICS AND ASTRONOMY FACULTY

- BRAD L. JOHNSON** (1997) Chair and Professor. BS, MSBS, University of Colorado, Colorado Springs; PhD, University of Colorado, Boulder.
- RICHARD A. ATNEOSEN** (1968) Associate Professor. BS, MS, University of Minnesota; PhD, Indiana University.
- W. LOUIS BARRETT** (1968) Professor. BS, University of Idaho; MS, PhD, University of Washington.
- MILTON FROM** (1998) Associate Professor. BSc, University of Manitoba; MSc, PhD, McGill University.
- KRISTEN A. LARSON** (2002) Assistant Professor. BS, University of California, San Diego; MS, PhD, Rensselaer Polytechnic Institute.
- ROBERT J. QUIGLEY** (1970) Professor. BS, MS, California Institute of Technology; MA, PhD, University of California, Riverside.
- GEORGE D. NELSON** (2002) Associate Professor. BS, Harvey Mudd College; MS, PhD, University of Washington.
- AJIT S. RUPAAL** (1964) Professor. BSc, MSc, Punjab University; PhD, University of British Columbia.
- JAMES E. STEWART** (1987) Professor. BA, BS, University of North Dakota; MS, PhD, University of New Mexico.
- SEDA TAKELE** (2002) Assistant Professor. BS, Asmara University (Eritrea); MS, Addis Ababa University (Ethiopia); PhD, University of the Witwatersand, Johannesburg, South Africa.
- RICHARD D. VAWTER** (1968) Associate Professor. BS, Texas Technological University; MS, State University of Iowa; PhD, State University of New York.
- Research Associates**
- ROY F. POTTER** (1977). BS, University of Washington; MS, University of Maryland; PhD, University of Rhode Island.
- NANCY SWANSON** (2002) BS, Western Washington University; MS, University of Oregon; PhD, Florida State University.
- JAMES S. WALKER** (2003) BS, MS, PhD, University of Washington.

### BACHELOR OF SCIENCE

#### *Major — Physics*

107-108 credits

- PHYS 121, 122, 123, 131, 132, 133; MATH 124, 125, 224; CSCI 141
- PHYS 223, 224, 225, 233, 322, 325; Math 225, 331
- PHYS 335, 363, 368, 369, 391, 392
- PHYS 455, 456, 485 and one of the following: PHYS 491, 492, ASTR 493
- At least three courses selected from PHYS 323, 336, 339 and 349, 475
- Three courses selected from PHYS 431, 472, 486, 490; ASTR 316, 416

PHYS 219 is recommended as an elective. PHYS 419 is recommended as a course to satisfy the writing proficiency requirement.

### Minor — Physics

38 credits

- PHYS 121, 122, 123, 131, 132, 133, 223, 233
- PHYS 224 or 322
- MATH 124, 125, 224

### Minor — Astronomy

29-30 credits

- PHYS 114, 115 and 116; or PHYS 121, 122, 123, 131, 132 and 133, 219
- ASTR 315, 316
- ASTR 320 or 333 or 416

## BACHELOR OF ARTS IN EDUCATION

### Combined Major — Physics/Mathematics — Secondary

108-109 credits

This major must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- PHYS 121, 122, 123, 131, 132, 133
- PHYS 223, 224, 225, 233, 322
- PHYS 391
- PHYS 201 or 205
- PHYS 219
- ASTR 315
- 9 additional credits of upper-division physics or astronomy courses, including 2-3 credits of PHYS 491, 492, or ASTR 493
- MATH 124, 125, 224, 204
- MATH 209, 331
- MATH 360, 483
- At least two courses from MATH 207, 341, or 410
- MATH 419
- SCED 491, 492
- SCED 370

This major meets the requirements for Washington state teaching endorsements in both physics and mathematics.

### Combined Major — Chemistry/Physics — Secondary

104-117 credits

This major must be accompanied by the professional preparation program in secondary education. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- CHEM 121, 122, 123, 333 (or CHEM 125, 126, 225)
- Option A or B
  - A: CHEM 251, 375
  - B: CHEM 351, 352, 353, 354 and 375 or 471-473
- CHEM 461, 462
- PHYS 121, 122, 123, 131, 132, 133
- PHYS 119, 201 or 205, 223, 224, 233

- ASTR 315
- 8 upper-division credits in physics and/or astronomy under advisement, to include 2-3 credits of PHYS 491, 492, or ASTR 493
- MATH 124, 125, 224
- SCED 370, 491, 492

This major meets the requirements for Washington state teaching endorsements in both chemistry and physics.

### Teaching Endorsement

The BA in Education degrees above require completion of the professional secondary teacher preparation program in the Woodring College of Education. Recommendation for teaching endorsement normally requires completion of one of the above majors with a grade of 2.50 or better in the required major courses. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better. As certification to teach high school now requires more than four years of study, advisement prior to or at the beginning of the third year is absolutely necessary to avoid lengthening the program.

## COURSES IN PHYSICS (PHYS)

*Courses numbered X37; X97; 300, 400, 417, 445 are described on page 31 of this catalog.*

### 101 INTRODUCTION TO PHYSICS (4) F,W,S

Prereq: MATH 102. Basic concepts of physics: a study of physics as a human endeavor to understand nature, emphasizing the methods, meaning, and impacts of science and how we know what we know. Lab.

### 114 PRINCIPLES OF PHYSICS I (5) F,W

Prereq: MATH 115. Kinematics and dynamics of particles; force, momentum, energy; rotational dynamics and equilibrium; gravity and oscillations. Recommended for students in science and pre-professional programs not requiring physics with calculus.

### 115 PRINCIPLES OF PHYSICS II (5) W,S

Prereq: PHYS 114. Fluids, kinetic theory, heat and thermodynamics, principles of electricity and magnetism. Lab.

### 116 PRINCIPLES OF PHYSICS III (5) S

Prereq: PHYS 115. Waves and sound, geometrical and physical optics, relativity and modern physics. Lab.

### 121 PHYSICS WITH CALCULUS I (4) F,W

Prereq or co-req: MATH 124; concurrent enrollment in PHYS 131 (lab) required for physics majors. Kinematics and dynamics of particles; work and energy; gravitation; collisions and conservation of momentum.

### 122 PHYSICS WITH CALCULUS II (4) W,S

Prereq: PHYS 121; MATH 124; pre- or co-req: MATH 125; concurrent enrollment in PHYS 132 (lab) required for physics majors. Rotational kinematics and dynamics; oscillations; fluid statics and dynamics; thermodynamics.

### 123 ELECTRICITY AND MAGNETISM (4) F,S

Prereq: PHYS 122; MATH 125; pre- or co-req MATH 224; concurrent enrollment in PHYS 133 (lab) required for physics majors. Electrostatics; magnetic fields of steady currents; time-varying electric and magnetic fields; DC and AC circuits; electromagnetic waves.

### 131 PHYSICS WITH CALCULUS I LAB (1) F,W

Prereq: concurrent enrollment in PHYS 121.

### 132 PHYSICS WITH CALCULUS II LAB (1) W,S

Prereq: concurrent enrollment in PHYS 122.

### 133 E AND M LABORATORY (1) F,S

Prereq: concurrent enrollment in PHYS 123.

### 201 THE SCIENCE OF SOUND (3) F

Prereq: one quarter of college-level physics. Basic principles needed to understand the production, transmission and detection of sound waves; standing and complex waves; decibels; hearing and psychoacoustics; musical and room acoustics. Laboratory. Offered alternate years; alternates with PHYS 205. Not intended for BS physics majors.

## PHYSICS AND ASTRONOMY

### 205 LASERS AND HOLOGRAPHY (3) F

Prereq: one quarter of college-level physics. Introduction to lasers and the properties of light; reflection and transmission holography. Laboratory. Not intended for BS physics majors. Offered alternate years; alternates with PHYS 201.

### 219 INTRODUCTION TO SPECIAL RELATIVITY (3) F

Prereq: MATH 124 (or concurrent). The relationship of space and time; the Michelson-Morley experiment; the Lorentz transformation; time dilation and the Lorentz contraction; spacetime events and world lines; spacetime four-vectors; relativistic momentum and energy.

### 223 WAVES AND OPTICS (3) F

Prereq: PHYS 123; MATH 224; concurrent enrollment in PHYS 233 (lab) required for physics majors. Waves in elastic media, superposition, interference and standing waves; sound waves; electromagnetic waves; reflection, refraction and polarization of light; geometrical optics; interference and diffraction of light; special relativity.

### 224 MODERN PHYSICS I (4) W

Prereq: PHYS 223. Quantization of charge, light, and energy; nuclear atom; wavelike properties of particles; Schrödinger equation; atomic physics; nuclear physics.

### 225 MODERN PHYSICS II (3) S

Prereq: PHYS 224. Bose-Einstein and Fermi-Dirac statistics; molecular structure and spectra; solid state physics; nuclear reactions and applications; particle physics.

### 233 WAVES AND OPTICS LABORATORY (1) F

Prereq: concurrent enrollment in PHYS 223.

### 322 FUNDAMENTALS OF ELECTRONICS (4) W

Prereq: PHYS 123. Principles of DC and AC circuit theory; diodes; bipolar and FET transistors; amplifiers; SCRs; test equipment; transducers; AM and FM modulation. Lab.

### 323 ANALOG AND DIGITAL ELECTRONICS (4) S

Prereq: PHYS 322. Operational amplifiers; active filters; Boolean algebra; digital circuitry and signal processing; interfacing science experiments to personal computers; Labview programming. Lab.

### 325 MATHEMATICAL TOOLS FOR PHYSICS (3) W

Prereq: MATH 225. Selected mathematical techniques needed for advanced undergraduate physics courses, including first order differential equations, linear differential equations of second and higher order, series solutions of differential equations, matrices, vectors, determinants and Eigenvalue problems.

### 335 STATISTICAL AND THERMAL PHYSICS I (3) F

Prereq: PHYS 225, 325. Statistical description of physical systems; foundations of macroscopic thermodynamics; laws of thermodynamics; Maxwell relations; statistical ensemble theory.

### 336 STATISTICAL AND THERMAL PHYSICS II (3) W

Prereq: PHYS 335. Applications of ensemble theory; quantum statistics; systems of interacting particles; low temperature magnetism.

### 339 OPTICS (3) S

Prereq: PHYS 223; co-req: PHYS 369; concurrent enrollment in PHYS 349 (lab) required for physics majors. Reflection and refraction at plane and spherical surfaces; lenses and aberrations; optical instruments; interference and interferometers; diffraction; polarization.

### 349 OPTICS LABORATORY (1) S

Prereq: concurrent enrollment in PHYS 339.

### 363 CLASSICAL MECHANICS (4) F

Prereq: PHYS 122, MATH 331. Newtonian mechanics; general motion of a particle in three dimensions; Lagrangian mechanics; canonical coordinates; particle systems and rigid bodies; gravitation and Newtonian cosmology; nonlinear mechanics and chaos.

### 368 ELECTROMAGNETISM I (3) W

Prereq: PHYS 225, 325. Differential and integral representation of static electric and magnetic field laws; boundary value problems; Lorentz force; polarization and magnetization in materials.

### 369 ELECTROMAGNETISM II (3) S

Prereq: PHYS 368; MATH 331. Electrodynamics; Maxwell's equations; plane electromagnetic waves in free space; dielectrics and conductors; reflection and refraction at a plane boundary; electromagnetic radiation; relativistic dynamics.

### 391 JUNIOR LAB I (2) F

Prereq: PHYS 225, 322. Selected experiments in atomic physics and nuclear physics. Introduction to error analysis.

### 392 JUNIOR LAB II (2) W

Prereq: PHYS 391. Selected experiments in condensed matter physics and materials science. Topics in error analysis (co-variance, distributions, curve fitting).

### 419 TOPICS IN PHYSICS (3) S

Prereq: one year of college physics. Consult instructor prior to enrollment. Topics include research and ethics; physics and the arms race; important discoveries and applications; philosophy and history; physics and society. Essays and term papers required. Writing proficiency course.

### 431 LASERS AND OPTOELECTRONICS (3) F

Prereq: PHYS 322, 339. Elements of solid state physics; modulators; laser operation and survey of laser types with applications; photo detectors; optical fiber wave guides.

### 455 QUANTUM MECHANICS I (3) F

Prereq: PHYS 225, 363; MATH 331. Review of the Schrodinger equation with applications to simple potentials, introduction to Dirac notation, generalized function spaces, and general uncertainty relations. The Schrodinger equation in three dimensions, including the hydrogen atom, angular momentum, and spin. Introduction to identical particles.

### 456 QUANTUM MECHANICS II (3) W

Prereq: PHYS 455. Introduction to perturbation theory (including time independent, degenerate, and time dependent), the variational principle and WKB approximations. Introduction to scattering theory. Special topics such as Bell's theorem, relativistic quantum mechanics.

### 472 ELEMENTARY PARTICLES (3) S

Prereq: PHYS 368, 456. Fermions and bosons; conservation laws (charge, parity and time invariance); electromagnetic, weak and hadronic interactions; gauge theories; electroweak theory; quarks, mesons, and baryons.

### 475 SOLID STATE PHYSICS (3) S

Prereq: PHYS 368, 455. Crystal structure and lattices; lattice vibrations; electrons in a periodic potential; energy bands, with applications for semiconductors and metals; transport in a solid.

### 485 MATHEMATICAL PHYSICS (3) F

Prereq: PHYS 325. Fourier transforms; Laplace transforms; orthogonal functions and boundary value problems; series expansions; rotations and tensors; complex integration.

### 486 COMPUTATIONAL PHYSICS (3) W

Prereq: PHYS 363; MATH 331. Introduction to methods of solving physics problems with computers. Topics include molecular dynamics, electronic states, calculation of classical electromagnetic fields and orbits, and Monte Carlo methods applied to statistical mechanics and quantum systems.

### 490 HOLOGRAPHY (3) W

Prereq: PHYS 485 or permission of instructor. Basic concepts of holography; major hologram types; theory of recording in thick media; holographic applications with emphasis on interferometry and information storage. Lab.

### 491 SENIOR PROJECT IN EXPERIMENTAL PHYSICS (1-3) F,W,S

Prereq: PHYS 323, 392; senior status in physics; permission of instructor required. Individual experimental physics projects under supervision. The experimental physics project may be an extension of a summer research project carried out at another institution. Oral presentation and written report required. Repeatable for credit. S/U grading.

### 492 SENIOR PROJECT IN THEORETICAL PHYSICS (1-3) F,W,S

Prereq: PHYS 363, 369; senior status in physics; permission of instructor required. Individual theoretical physics projects under supervision. The theoretical physics project may be an extension of a summer research project carried out at another institution. Oral presentation and written report required. Repeatable for credit. S/U grading.

## COURSES IN ASTRONOMY (ASTR)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### 103 INTRODUCTION TO ASTRONOMY (4) F,W,S

Prereq: MATH 102. A survey of astronomy including the solar system, galactic structure and cosmology. Not recommended for science, math or computer science majors.

**315 GENERAL ASTRONOMY: SOLAR SYSTEM (4) F**

Prereq: PHYS 114 or equivalent. Motions of the planets, satellites and other bodies of the solar system. Eclipses; time systems; properties and composition of the planets and their satellites, with particular emphasis on the discoveries of the space program. Intended for science, math and computer science majors.

**316 GENERAL ASTRONOMY: STARS AND GALAXIES (4) W**

Prereq: one year of college physics. Observational evidence of the nature of stars; star formation and star death, including supernovae, pulsars and black holes; galaxies, quasars and the large-scale structure of the universe.

**320 COSMOLOGY (3) S**

Prereq: ASTR 316 or ASTR 103 and one year of college physics. Origin and evolution of the universe; curved spacetime; the big bang; the expanding universe; the fate of the universe. Offered alternate years; alternates with ASTR 333.

**333 LIFE IN THE UNIVERSE (3) S**

Prereq: 3 credits of college astronomy. Nature and formation of life in the solar system; extra-solar planets, habitability zones, and life in extreme environments; search for extraterrestrial life and intelligence; problems of interstellar communication and travel.

**416 STELLAR ASTROPHYSICS (3) S**

Prereq: PHYS 336, 363 and ASTR 316. Stellar physics. Radiation transport and spectral line formation in stellar atmospheres; interior stellar structure, including composition and energy generation; stellar models.

**493 SENIOR PROJECT IN ASTRONOMY (1-3) F,W,S**

Prereq: PHYS 339; ASTR 316. Individual astronomy projects under supervision. The astronomy project may be an extension of a summer research project carried out at another institution. Oral presentation and written report required. Repeatable for credit. S/U grading.

© WWU Publishing Services

# SCIENCE EDUCATION

The Science, Mathematics and Technology Education Program is a visionary and practical program designed to enrich the training and education of K-12 pre-service and in-service teachers and, through them, their students. From a collaboration of the disciplines of education, chemistry, geology, biology, physics/astronomy, mathematics and engineering technology, the Science, Mathematics and Technology Education Program (SMATE) offers an opportunity for teachers and future teachers to gain specific skills and broaden talents within their chosen discipline.

The general science major is offered at three levels: Elementary for students intending to teach grades K-8, Elementary with Science plus one discipline endorsement for students intending to teach science in grades K-8, and Secondary for students intending to teach science in grades 5-12. Students planning a major in science for high school education should consult with the appropriate science education advisors within the natural science departments or with the director of science education regarding the General Science major.

For further information and advisement, consult with an advisor or the director of Science, Mathematics and Technology Education, Dr. George Nelson, phone 360-650-3637, Science, Math and Technology Education Building, SL 250D, e-mail [George.Nelson@wwu.edu](mailto:George.Nelson@wwu.edu).

## FACILITIES AND RESOURCES

Pivotal to this program is a facility designed to accommodate this academic vision. The 15,000 square foot facility contains four state-of-the-art classrooms and laboratories, one each specifically tailored to elementary and secondary education. They surround a Learning Resource Center with more than 15,000 books on standards, assessment, curriculum and activities. It also contains collections of classic and current materials, laboratory resources, educational technology, and expertise that students, faculty, the local community and teachers from around the state can draw upon either on site or in the schools. In both its approach and facilities, the Science, Math and Technology Education Program is a national model for teacher training in undergraduate mathematics, science and technology education. Additionally, the North Cascades Olympic Science Partnership National Science Foundation-funded \$12 million project is directed and coordinated through the SMATE program. The project involves 26 school districts, two education service districts, four two-year colleges, the Pacific Science Center, and Western Washington University, and runs through August 2008.

To find out more about the Learning Resource Center and SMATE facilities, contact Jamie Harrington, assistant director of the SMATE program, at 360-650-3647, by e-mail at [Jamie.Harrington@wwu.edu](mailto:Jamie.Harrington@wwu.edu), or stop by the Science, Math and Technology Education Building, Science Lecture 220.

## SCIENCE EDUCATION FACULTY

**ALEJANDRO ACEVEDO-GUTIERREZ** (2002) Assistant Professor. BSc, Universidad Autonoma de Baja California Sur, Mexico; PhD, Texas A&M University.

**SUSAN M. DEBARI** (1998) Associate Professor. BA, Cornell University; PhD, Stanford University.

**JACOB BLICKENSTAFF** (2004) Assistant Professor. BA-Physics, MA-Education, PhD-Science Education, University of California, Davis.

**DONALD BURGESS** (2004) Lecturer. MS Education-Biology, State University of New York, Cortland.

**DEBORAH A. DONOVAN** (1998) Associate Professor. BSc, MSc, University of California, Davis; PhD, University of British Columbia.

**STEVEN GAMMON** (2002) Professor. BA, Bowdoin College; PhD, University of Illinois at Urbana, Champaign.

**SCOTT R. LINNEMAN** (2000) Associate Professor. BA, Carleton College; PhD, University of Wyoming.

**GEORGE D. NELSON** (2002) Professor. BS, Harvey Mudd College; MS, PhD, University of Washington.

**CHRIS OHANA** (1999) Associate Professor. BA, University of California, Berkeley; MA, University of Oregon; PhD, Iowa State University.

**JAMES E. STEWART** (1987) Professor. BA, BS, University of North Dakota; MS, PhD, University of New Mexico.

## BACHELOR OF ARTS IN EDUCATION

*Major — General Science — Elementary*  
45 credits

This major must be accompanied by the professional preparation program in elementary education. It does not result in a science endorsement. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- PHYS 114; ASTR 103 or EGEO 331 or GEOL 252
- CHEM 115 or 121; GEOL 211, 212
- BIOL 101, 102 or 204, 205, 206
- SCED 294
- Electives under advisement

*Major — General Science — Elementary (with Endorsements in Science and One Other Discipline)*  
69-82 credits (plus 88 credits to complete the professional preparation program in elementary education)

This major must be accompanied by the professional preparation program in elementary education. See the *Elementary Education* section of this catalog for program admission, completion, and teacher certification requirements. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better.

The student must choose one of the four options — biology, chemistry, earth science, or physics — for the in-depth study required to meet state guidelines for a science endorsement, which includes one in-depth field of study. The minimum number of credits, ranging from 69-82 for the various options, is based on the minimum state requirements for each area plus MATH 115. Changing from one program option to another will increase the total number of credits required to complete the major. The methods courses SCED 390 and 391 are part of the preparation for all elementary teachers. SCED 370 is part of the in-depth study area credits for all four options and meets the writing intensive course requirements.

### General Science with Biology

77-80 credits

- Biology — 14 credits: BIOL 204, 205, 206; 3 credits: BIOL 319 or 323; 4 credits: BIOL 321; 2-3 credits: BIOL 322 or 324; 5 credits: BIOL 325, 326; 4 credits: BIOL 432
- 3 credits: SCED 370

- Chemistry — 15 credits: CHEM 121, 122, 251
- Geology — 9-10 credits: GEOL 211, 212 and 414
- Physics — 5 credits: PHYS 114
- Supporting courses — 10 credits: MATH 114, 115

#### General Science with Earth Science

78-82 credits

- Geology — 9 credits: GEOL 211, 212; 3 credits: GEOL 214; 4 credits: GEOL 252 or EGEO 331; 5 credits: GEOL 310; 3 credits: GEOL 340; 4 credits: GEOL 311 (or GEOL 306 and 406); 10 credits: geology electives under advisement
- Science Education — 3 credits: SCED 370
- Astronomy — 3 credits: ASTR 103
- Chemistry — 10 credits: CHEM 121, 122
- Physics — 5 credits: PHYS 114
- Biology — 8 credits: BIOL 101, 102
- Supporting courses — 10 credits: MATH 114, 115

#### General Science with Chemistry

69-75 credits

- Chemistry — 14 credits: CHEM 121, 122, 123; 5 credits: CHEM 333; 5 credits: CHEM 251 or 11 credits: CHEM 351, 352, 353; 4 credits: CHEM 375
- Science Education — 3 credits: SCED 370
- Physics — 15 credits: PHYS 114, 115, 116
- Geology — 5 credits: GEOL 211
- Biology — 4 credits: BIOL 101
- Geology: 4-5 credits: GEOL 212 or 214
- Supporting courses — 10 credits: MATH 114, 115

#### General Science with Physics

74 credits

- Physics — 15 credits: PHYS 121, 122, 123, 131, 132, 133; 3 credits: PHYS 119; 7 credits: PHYS 224, 225; 4 credits: PHYS 322; 5 credits: physics electives under advisement
- Astronomy — 4 credits: ASTR 315
- Science Education — 3 credits: SCED 370
- Chemistry — 5 credits: CHEM 115 or 121
- Biology — 8 credits: BIOL 101, 102
- Geology — 5 credits: GEOL 211
- Supporting courses — 15 credits: MATH 124, 125, 224

#### Major — General Science — Secondary

90-101 credits

This major must be accompanied by the professional preparation program in secondary education. Courses required for a state teaching endorsement must be completed with a grade of C (2.0) or better. See the *Secondary Education* section of this catalog for program admission, completion, and teacher certification requirements.

- Physics — 15 credits: PHYS 114, 115, 116 or PHYS 121, 122, 123 with lab
- Chemistry — 15 credits: CHEM 121, 122, 251
- Biology — 14 credits: BIOL 204, 205, 206
- Earth Science — 13 credits: GEOL 211, 212 and ASTR 103 or GEOL 252 or EGEO 331 or GEOL 340

- Science Education — 3 credits: SCED 370 or equivalent
- Science Education — 9 credits: SCED 491, 492
- Electives in a single scientific discipline, under advisement to meet state endorsement standards for that discipline: 22-32 additional credits from single science discipline.

#### GRADUATE STUDY

For a concentration leading to a Master of Education degree in natural science/science education see the *Graduate School* section of this catalog.

#### COURSES IN SCIENCE EDUCATION (SCED)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

##### 294 INVESTIGATIVE SCIENCE (4)

Prereq: three courses in the natural sciences. Experimental science for preservice elementary education students. Through “directed discovery,” students collaborate in developing and executing a plan to investigate a topic as a common thread in biology, chemistry, geology and physics. Includes experimental work and discussion/lecture, allowing students to develop a theoretical base and practice experimental design.

##### 370 SCIENCE AND SOCIETY (3)

An in-depth exploration of selected contemporary issues such as global climate change, energy crisis, genetically modified foods, and large-scale extinction of species. The course also explores what constitutes science and pseudo science, looking specifically at “creation science.” Writing proficiency course.

##### 390 SCIENCE METHODS AND CURRICULUM FOR THE ELEMENTARY SCHOOL (3)

Prereq: at least 12 credits in the natural sciences; general university requirements in mathematics; ELED 320. Classroom/laboratory study of theory, curriculum, science content and processes and effective teaching methods in the context of national and Washington state standards in science and with activities appropriate for the elementary classroom. To be taken in sequence with SCED 391 (enroll one quarter prior to registering for SCED 391).

##### 391 LABORATORY/FIELD EXPERIENCE IN ELEMENTARY SCIENCE (2)

Prereq: SCED 390. A field-based experience in which WWU students teach science at a local elementary school.

##### 401 READING IN SCIENCE EDUCATION (1)

Prereq: SCED 491 or concurrent enrollment or permission of instructor. In-depth study of science education literature with a view to writing one short and one extensive report, plus making two short presentations to class peers based on these reports.

##### 491 METHODS IN SECONDARY EDUCATION FOR SCIENCE TEACHERS (5)

Prereq: admission to the secondary teaching program and a major or concentration in natural sciences; SEC 431 or 532. Study of literature, curriculum and teaching strategies in life, earth and physical sciences for grades 4-12, plus peer teaching and school observations. To be taken in fall quarter of year student does student teaching.

##### 492 TEACHING SCIENCE FOR THE SECONDARY SCHOOL (4)

Prereq: SCED 491. Preparation and performance of the TIC during first 3 to 4 weeks of winter quarter prior to entering SEC 495. S/U grading.

#### Graduate Courses

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

##### 501 ADVANCED STUDIES IN SCIENCE EDUCATION (4)

Prereq: teaching experience or permission of instructor. A critical study of research and developments related to science education.

##### 511 INTERNSHIP IN SCIENCE EDUCATION (3)

Prereq: permission of instructor. Assisting with the teaching of an on-campus science methods course for pre-service elementary school teachers. S/U grading.

## SCIENCE EDUCATION

### 512 IN-SERVICE WORKSHOPS IN SCIENCE EDUCATION (3)

Prereq: permission of instructor. Planning and implementing a series of not less than three in-service workshops in elementary school science. Repeatable for elective credit. S/U grading.

### 513 SCIENCE CURRICULUM GRADES K-12 (3)

Prereq: teaching experience or permission of instructor. Examination of science curricula for grades K-12 with major emphasis on the elementary grades as a basis for selection of a science curriculum and teacher's guide for use in local school systems.

### 514 SEMINAR IN ELEMENTARY SCIENCE EDUCATION (1-3)

Prereq: permission of instructor. Repeatable to a maximum of 3 credits.

### 517 SPECIAL TOPICS (1-3)

Prereq: SCED 390, 391 or equivalent or teaching experience. Special topic offerings include a series of 12 physics subject areas and three watershed education courses, and a leadership development course.

### 580 SPECIAL PROBLEMS IN SCIENCE TEACHING IN THE ELEMENTARY SCHOOL (2-5)

Prereq: teaching experience or permission of instructor. Problems related to science instruction and curriculum. Repeatable to a maximum of 10 credits.

### 582 SPECIAL TOPICS IN THE PHYSICAL SCIENCES FOR ELEMENTARY SCHOOL TEACHERS (4)

Prereq: SCED 390, 391 or equivalent. In-depth study of topics in the physical sciences most appropriate for instruction in the elementary school. Repeatable with permission of instructor and/or graduate advisor, to a maximum of 8 credits.

### 583 SPECIAL TOPICS IN THE BIOLOGICAL SCIENCES FOR ELEMENTARY SCHOOL TEACHERS (4)

Prereq: SCED 390, 391 or equivalent. In-depth study of topics in the biological sciences most appropriate for instruction in elementary school. Repeatable with permission of instructor and/or graduate advisor, to a maximum of 8 credits.

### 584 SPECIAL TOPICS IN THE EARTH SCIENCES FOR ELEMENTARY SCHOOL TEACHERS (4)

Prereq: SCED 390, 391 or equivalent. In-depth study of topics in earth sciences most appropriate for instruction in the elementary school. Repeatable with permission of instructor and/or graduate advisor, to a maximum of 8 credits.

### 590 SPECIAL PROBLEMS IN SCIENCE TEACHING IN THE JUNIOR AND SENIOR HIGH SCHOOL (2-5)

Prereq: teaching experience or permission of instructor. Problems related to science instruction and curriculum. Repeatable with no maximum.

### 592 SPECIAL TOPICS IN THE PHYSICAL SCIENCES (4)

Prereq: secondary method course, admission to MEd natural sciences program and completion of undergraduate courses required for admission. Content topics in chemistry and physics of special interest to secondary teachers. Repeatable with permission of instructor and/or graduate advisor, to a maximum of 8 credits.

### 593 SPECIAL TOPICS IN THE BIOLOGICAL SCIENCES (4)

Prereq: secondary science methods course, admission to MEd natural sciences program and completion of undergraduate courses required for admission. Content topics in biology of special interest to the secondary teacher. Repeatable with permission of instructor and/or graduate advisor, to a maximum of 8 credits.

### 594 SPECIAL TOPICS IN THE EARTH SCIENCES (4)

Prereq: secondary science methods course, admission to M.Ed. natural sciences program and completion of undergraduate courses required for admission. Content topics in geology and related fields of special interest to secondary teachers. Repeatable with permission of instructor and/or graduate advisor, to a maximum of 8 credits.

### 598 RESEARCH PROJECT (6)

Prereq: admission to MEd natural sciences program, and completion of 15 credits of 500-level courses including one of SCED 590, 592, 593 or 594. Research in fields of biology, chemistry, earth science, general science, physical science, physics or education for non-thesis option.

### 690a RESEARCH (1-12)

Prereq: admission to program, permission of instructor. Restricted to thesis-related research. Repeatable to a maximum of 12 credits.

### 690b FIELD PROJECT (1-12)

Prereq: approval of the student's graduate committee. Field project under the direction of a faculty committee. A portion of the field project normally requires work off campus. S/U grading. Repeatable to a maximum of 12 credits.

# WOODRING COLLEGE OF EDUCATION

Dr. Stephanie Salzman, Dean

## Mission and Vision Statement of the College

**Mission:** *The Woodring College of Education mission statement provides context and purpose for our actions.*

Woodring College of Education facilitates learning that prepares and advances quality educators and human services professionals throughout their careers. As academic leaders, educators, mentors, and scholars, we seek to:

- Model best practices in teaching and learning which, in turn, lead graduates to use best practices in their professions
- Cultivate student competence through extensive field experiences with exemplary practicing professionals
- Construct, transform, and convey knowledge by integrating research, theory, and practice
- Act with respect for individual differences
- Develop collaborative partnerships that promote the learning and well-being of individuals, families and the community
- Evaluate processes and outcomes to assure continual program improvements

**Vision:** *The vision of Woodring College of Education frames our future.*

Woodring College of Education endeavors to foster community relationships and a culture of learning that advances knowledge, embraces diversity and promotes social justice.

## Teacher and School Administrator Programs

Professional preparation programs in the Woodring College of Education are accredited by the National Council for Accreditation of Teacher Education and the Washington State Office of Superintendent of Public Instruction. These programs are designed to prepare graduates to be *thoughtful, knowledgeable, effective educators for a diverse society.*

## Function and Organization of the College

The Woodring College of Education is responsible for developing and implementing those professional education programs which lead to teacher certification, credentialing of school administrators, and professional training of leaders in human services and various areas of educational leadership. It serves as a clearinghouse for the exchange of information and as a coordinating agency for programs at both the undergraduate and graduate levels. Woodring College of Education is responsible for coordinating programs which involve a wide variety of departments throughout the University that support the preparation of educators.

The departments of elementary education, secondary education, and special education offer teacher education programs which lead to Washington state teaching certificates in P-12 education.

The Department of Educational Leadership offers programs leading to certification for school administrators and graduate programs in educational administration, continuing and

college education, and student affairs administration. An undergraduate certificate program in Teaching English to Speakers of Other Languages is also available.

The Department of Human Services and Rehabilitation offers programs for the preparation of human services professional and rehabilitation counselors.

Professional education programs are developed and reviewed with the assistance of professional education advisory boards with representatives from cooperating school districts and professional associations.

Details about all of the Woodring College of Education programs may be found in the departmental and program area sections. Students should consult with an advisor in the appropriate area of the Woodring College of Education for more information regarding curricula, admission requirements, and other important factors. Current program office materials will be final in these matters.

## Academic Programs Leading to Undergraduate and Graduate Degrees

Elementary Education ..... BAEd, MEd  
Secondary Education ..... MIT  
(For information regarding academic majors and endorsements for elementary and secondary education, see departmental listings.)

Special Education ..... BAEd, MEd  
Advanced Classroom Practice ..... MEd  
(pending HECB approval)

Human Services ..... BA  
Education Administration ..... MEd  
with administrator certification (principal and superintendent)

Continuing and College Education ..... MEd  
(pending HECB approval)

Student Personnel Administration ..... MEd  
Rehabilitation Counseling ..... MA

## Teacher Certification Requirements

Teacher certification requirements are outlined in the *Elementary Education, Secondary Education and Special Education* sections of this catalog.

## REASONABLE ACCOMMODATION POLICY

It is the policy of Western Washington University to provide reasonable accommodation to the known physical or mental limitations of otherwise qualified individuals except where such accommodation would impose undue hardship on the institution. Students with documented disabilities who are enrolled at the University and seek reasonable accommodation should contact Disability Resources for Students for assistance and advice. Students with disabilities who are covered under this policy include those who, with or without auxiliary aids or removal of barriers, can meet the essential eligibility requirements of the program.

## OVERVIEW OF THE WOODRING COLLEGE OF EDUCATION

### ADMINISTRATIVE SERVICES

- Dr. Michael Henniger, Associate Dean
- Dr. Victor Nolet, Director, Assessment and Evaluation
- Dr. Sheila Fox, Director, University-School Partnerships
- Certification
  - Dana Edward, Certification Officer (Teacher)
    - Residency Certification
    - Professional Certification
  - Dr. Marvin Klein, Certification Officer (Administrator)
    - Principal Certification
- Teacher Education Admissions, Gretchen Anderson (Coordinator)
- Office of Field Experiences, Jennifer McCleery (Director)
  - Teacher Education internship administration
- Center for Educational Pluralism
- Northwest Center for Holocaust Education
- Pacific Northwest Children's Literature Clearinghouse
- Center for Continuing Education in Rehabilitation
- Service Learning Programs
  - LINK
  - Native American Mentoring Program (NAMP)
  - Hispano-America Student Tutoring for Achievement (HASTA)
  - Partners in Reading and Writing

### DIVISION OF TEACHER EDUCATION

#### DEPARTMENT OF ELEMENTARY EDUCATION

Dr. Suzanne Krogh, Chair

##### *Programs Offered*

- Elementary Education/Certification (K-8) — Undergraduate and Post-Baccalaureate
- Early Childhood Education Endorsement (P-3)
- Reading Endorsement (P-12)

#### DEPARTMENT OF SECONDARY EDUCATION

Dr. Ray Wolpov, Chair

##### *Programs Offered*

- Secondary Education/Certification — Undergraduate, Post-

Baccalaureate and Master's

- P-12 Education/Certification — Undergraduate, Post-Baccalaureate and Master's

### DEPARTMENT OF SPECIAL EDUCATION

Dr. Kristine Slentz, Chair

##### *Programs Offered*

- Early Childhood Special Education/Certification
- Special Education (P-12) with Elementary Education
- Special Education (P-12) with Secondary Education
- Special Education (P-12)/Certification

### TEACHER EDUCATION

##### *Advanced Programs Offered*

- Professional Certification
- Advanced Classroom Practice — Master's (pending HECB approval)
- National Board Certification Support Program

### DIVISION OF EDUCATIONAL AND COMMUNITY LEADERSHIP

#### DEPARTMENT OF EDUCATIONAL LEADERSHIP

Dr. Marvin Klein and Dr. Susan Mancuso, Co-Chairs

##### *Programs Offered*

- Continuing and College Education (pending HECB approval)
- Educational Administration
- Instructional Technology
- Student Affairs Administration
- Teaching English to Speakers of Other Languages (TESOL)

#### DEPARTMENT OF HUMAN SERVICES AND REHABILITATION

Dr. Jacquelyn Baker-Sennett, Chair

##### *Programs Offered*

- Human Services
- Rehabilitation Counseling

### GRADUATE PROGRAMS IN EDUCATION

The Woodring College of Education offers various master's degrees. For a complete description of these programs, see the *Graduate School* section of this catalog.

## Changes In Courses From Adult & Higher Education To Continuing & College Education And Student Affairs Administration

| COURSE TITLE  | CREDITS | NEW COURSE NUMBER | OLD RUBRIC | NEW RUBRIC |
|---|---------|-------------------|------------|------------|
| Current Issues in Education (new rubric)  | 1-5     |                   | AHE        | CCE        |
| Classroom Management (new course)   | 2       | 542               |            | CCE        |
| Foundations of Continuing Education (new course)  | 4       | 554               |            | CCE        |
| Foundations of Higher Education (revised credits and description)   | 3       | 555               | AHE        | CCE        |
| The Community College (new rubric, revised prerequisite)  | 3       | 556               | AHE        | CCE        |
| Seminars: College Student Personnel Administration (new number, title and description: "Student Development Theory and Practice")       | 4       | 557               | AHE        | CCE        |
| Student Development Counseling (new title and description: "Interviewing and Interpersonal Effectiveness")                              | 3       | 558               | AHE        | AHE        |
| Seminars: College Student Personnel Administration (new number, title and description: "Leadership and Organizational Management")      | 4       | 559               | AHE        | AHE        |
| Student Affairs Practice and the College Student (new course)   | 4       | 560               |            | AHE        |
| Collaboration and Group Dynamics (new course)   | 3       | 561               |            | AHE        |
| Cultural Pluralism and Higher Education (new course)  | 3       | 562               |            | AHE        |
| Program Development and Instruction (new course)  | 4       | 563               |            | AHE        |
| Seminars: College Student Personnel Administration (new number, title and description: "Current Issues and Trends in Higher Education") | 3       | 564               | AHE        | AHE        |
| Issues in Adult Literacy (new rubric)   | 3       | 570               | AHE        | CCE        |
| Curriculum Development and Assessment (new course)  | 4       | 571               |            | CCE        |
| Continuing Professional Education (new course)  | 4       | 572               |            | CCE        |
| Human Resource Management (new rubric)  | 2-8     | 573a-d            | AHE        | CCE        |
| Experiential Learning (new rubric)  | 4       | 574               | AHE        | CCE        |
| Foundations of Adult Education (new rubric)   | 4       | 575               | AHE        | CCE        |
| Leadership and Management in Adult Education (new title and rubric: "Leadership and Management of Educational Programs")                | 4       | 576               | AHE        | CCE        |
| Learning in Adulthood (new rubric)  | 4       | 577               | AHE        | CCE        |
| Program Planning for Adult Education (new title and rubric: "Program Planning")   | 4       | 578               | AHE        | CCE        |
| The Nature and Use of Power in Bureaucracies (new title and rubric: "Power in Organizations")   | 4       | 579               | AHE        | CCE        |
| Theory and Practice of Teaching (new title, credits, description and rubric: "Effective Teaching")                                      | 4       | 580               | AHE        | CCE        |
| Readings in Adult Education (new title and rubric: "Readings in College and Continuing Education")                                      | 2-5     | 581               | AHE        | CCE        |

# CONTINUING AND COLLEGE EDUCATION

The Continuing and College Education program is designed to prepare both entry-level and advanced practitioners as teachers, trainers, educators and administrators, particularly in community college and continuing education settings. Upon graduation, competence is expected in such areas as leadership, instructional technology, teaching, training, project management, curriculum development, assessment and program planning. The Continuing and College Education program is also offered at the Everett site.

For additional information, refer to the Continuing and College Education and Student Affairs Administration programs in the Graduate School section of this catalog. The program office is located in Miller Hall 311 and the phone number is 360-650-3190.

## CONTINUING AND COLLEGE EDUCATION FACULTY

**SUSAN MANCUSO** (1995) Associate Professor. BA, University of California, Los Angeles; MA, Western Washington University; EdD, University of Washington.

**SANDRA DAFFRON** (2002) Assistant Professor. BS, Eastern Illinois University; MS, Southern Illinois University; EdD, Northern Illinois University.

### Adjunct Professors

**GEORGE PIERCE** (1998) BA, Farleigh Dickinson University; MA, New School for Social Research; PhD, Claremont Graduate School.

## DEGREES GRANTED

- Master of Education in Continuing and College Education (pending HECB approval)
  - Certificate in Community and Technical College Teaching

## COURSES IN CONTINUING AND COLLEGE EDUCATION

### Continuing and College Education Program (CCE)

#### 518 CURRENT ISSUES IN EDUCATION (1-5)

Prereq: graduate status or permission of instructor. Examination and discussion of several current and controversial issues in education. Repeatable with no maximum.

#### 542 CLASSROOM MANAGEMENT (3)

Techniques for dealing with ethical, behavioral, and motivational challenges experienced both inside and outside the classroom. Legal rights and responsibilities of students and faculty.

#### 554 FOUNDATIONS OF CONTINUING EDUCATION (4)

Introductory seminar that provides an understanding of continuing education as a discipline and a field. Topics include scope, structure, philosophy, history and current factors influencing practice.

#### 556 THE COMMUNITY COLLEGE (3)

History, objectives, organization and role of the public community college; special attention to the expanding system in the state of Washington.

#### 570 ISSUES IN ADULT LITERACY (3)

Overview of the context in which adult literacy educators operate. Topics include politics of literacy, workplace and family literacy, federal and state policies, local literacy program designs and issues.

#### 571 CURRICULUM DEVELOPMENT AND ASSESSMENT (4)

Students will analyze and apply models of curriculum development and assessment.

#### 572 CONTINUING PROFESSIONAL EDUCATION (4)

An overview of continuing education programs for professionals, the role of

the provider and current issues in the field.

#### 573a-d HUMAN RESOURCE MANAGEMENT (2-8)

Prereq: permission of instructor. Provides a foundation for conceptualizing, developing, administering, correcting and improving the effectiveness of the human resource function in community-based organizations, private or public, as well as some educational institutions or agencies. In addition to an overview course 573a, three other sections are available. The four course titles are as follows:

573a INTRODUCTION (2)

573b STAFF DEVELOPMENT AND TRAINING (2)

573c VOLUNTEER MANAGEMENT (2)

573d SUPERVISION (2)

**Note:** AHE 573a must be taken prior to or concurrently with 573b, 573c and/or 573d.

#### 574 EXPERIENTIAL LEARNING: THEORY TO PRACTICE (4)

Designed to provide theory and practice in the use of educational strategies that enhance the learner's ability to translate research into usable knowledge.

#### 575 FOUNDATIONS OF ADULT EDUCATION (4)

Prereq: graduate status or permission of instructor. Introductory seminar that provides an understanding of adult education's characteristics as a discipline and as a social movement. Topics include: scope, structure, philosophy, history and current factors influencing practice.

#### 576 LEADERSHIP AND MANAGEMENT OF EDUCATIONAL PROGRAMS (4)

Prereq: graduate status or permission of instructor. A study of contemporary theories of leadership and their application in private, public and nonprofit agencies.

#### 577 LEARNING IN ADULTHOOD (4)

Prereq: graduate status or permission of instructor. Study of the ways adults learn and the factors related to their motivation, participation and achievement. Application of theory to practice.

#### 578 PROGRAM PLANNING (4)

Prereq: graduate status or permission of instructor. Program planning for all types of institutionalized adult education settings, including both private and public organizations, in-service education, etc. Case studies utilized.

#### 579 POWER IN ORGANIZATIONS (4)

Prereq: graduate status or permission of instructor. Study of the sources of power in organizations, power acquisition and various kinds of power. Examine alternatives to traditional views of power and bureaucracy.

#### 580 EFFECTIVE TEACHING (4)

Prereq: graduate status or permission of instructor.; CCE 577 recommended prior to CCE 580. Study and practice in effective teaching strategies and assessment for post-secondary and continuing education settings. Special emphasis on facilitating student learning and applied classroom practice.

#### 581 READINGS IN CONTINUING AND COLLEGE EDUCATION (2-5)

Prereq: permission of instructor. Supervised study focusing on selected topics in the following areas: adult education, student affairs, human resources development, human services. Repeatable to a maximum of 6 credits.

#### 587 UTILIZATION OF TESTS AND EVALUATION TOOLS (3)

Prereq: AHE 582 or permission of instructor. Gathering, analyzing and synthesizing of vocationally relevant information for use in the rehabilitation process. Advantages and limitations of traditional psychological inventories, and various situational assessment tools. Emphasis on a collaborative client-centered approach to assessment.

#### 591 APPLIED RESEARCH PROPOSAL (2)

Use of qualitative research models to develop a research proposal to study a question from the student's own practice. Educational Foundations.

#### 592 FIELD EXPERIENCE (2-6)

Prereq: graduate status or permission of instructor. Field-based project in an

---

aspect of continuing education or community college education to enhance theory/practice integration, such as, teaching, training, leadership, project management, curriculum development, distance education design. Repeatable to a maximum of 8 credits under advisement. S/U grading.

**599 GRADUATION SEMINAR (1-3)**

Prereq: student (a) must be in final quarter of classes excluding thesis/field project and (b) must receive approval of program advisor. Provides a capstone experience for graduating candidates. Readings and discussions to assist integration of overall program experience. Repeatable to a maximum of 3 credits. S/U grading.

**690 THESIS (1-9)**

Prereq: advancement to candidacy and approval of the student's graduate committee. Research study under the direction of a faculty committee. Repeatable to a maximum of 9 credits. S/U grading.

**691 RESEARCH SEMINAR (1-6)**

Prereq: approval of the student's graduate committee or program adviser. Graduate research under the direction of program adviser/committee. Repeatable to a maximum of 6 credits. S/U grading.

# EDUCATION

Education (EDU) courses are offered through the Division of Teacher Education for the advanced professional development of teachers as continuing education or as requirements for the MEd and the MIT degrees.

## COURSES IN EDUCATION (EDU)

### 427a-m CURRENT EDUCATIONAL TOPICS (1-4)

Varied topical presentations, workshops, seminars and courses designed for individuals seeking educational development and growth or professional renewal. Content tailored to the K-12 system while not specific to any department. Repeatable with different subjects. S/U grading.

### 473 EDUCATIONAL STATISTICS (4)

Prereq: completion of the mathematics GUR. An introduction to statistics as it applies to education. Stresses understanding, application and interpretation of key concepts. Topics include graphical representation of data, measures of central tendency, the normal distribution, correlation and causality, basic ideas of hypothesis testing, and computer applications.

## Graduate Courses

Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.

Admission to Graduate School or special permission required. See the Graduate School section of this catalog.

### 501 INTRODUCTION TO EDUCATIONAL RESEARCH (4)

Prereq: graduate status or permission of instructor; must be taken within the first 12-16 credit hours under advisement. Introduction to the concepts and procedures of contemporary educational research. Locating and interpreting research literature; formulating research problems and hypotheses. Selecting research designs, including quantitative and qualitative approaches. Use of correlational, causal comparative, quasi-experimental, experimental, single subject, descriptive, case study, and various qualitative methodologies.

### 502 LEARNING AND INSTRUCTION (4)

Prereq: graduate status or permission of instructor; must be taken within the

first 12-16 credit hours under advisement. Presents the student with content pertaining to learning processes of students as they relate to the acquisition of skills and knowledge through classroom instruction.

### 504 PHILOSOPHICAL INQUIRY AND PRACTICE (4)

Prereq: graduate status and EDU 501 or permission of instructor. A seminar in which participants become members of a "community of inquiry" to deepen their understanding of the transformational aspects of pedagogy. Participants examine both enduring and contemporary issues and analyze some central assumptions embedded in current teaching practice. The engagement provides a means by which participants can begin to transform their own pedagogical practice.

### 505 CREATING CLASSROOMS FOR LEARNING (4)

Prereq: graduate status and EDU 501 or permission of instructor. Advanced studies in culturally responsive curriculum, instruction, and assessment.

### 506 ACTION RESEARCH: APPLIED RESEARCH AND PROJECT DESIGN (4)

Prereq: graduate status, EDU 501, 502, and 505 or permission of instructor. Examination and analysis of research related to contemporary issues in education, including research methods and inquiry approaches. Development of a literature review, and an individualized proposal for a project or thesis.

### 534 ASSESSING EDUCATIONAL QUALITY (3)

Prereq: EDU 501 or permission of instructor. Developing criteria and designing procedures for measuring input process and product resulting from special or innovative programs, community factors, options in administrative and instructional organization; for coordinators and research workers in the public schools.

### 676 INSTRUCTIONAL SYSTEMS THEORY AND COMMUNITY COLLEGE INSTRUCTION (4-6)

Prereq: master's degree and permission of instructor. Instructional systems theory with application to the development of competency-based programs for community college instruction. Students plan, write and evaluate a short competency-based program for an instructional problem in their own area of teaching. Repeatable to a maximum of 6 credits.

© WWU Publishing Services

# EDUCATIONAL ADMINISTRATION

The Educational Administration program is designed to prepare thoughtful, knowledgeable, and effective P-12 school leaders for a diverse society. Upon successful completion of the program, candidates are recommended for the master's degree and/or principal certification. Consistent with national and state standards for P-12 school administrators, the program emphasizes leadership and management related to curriculum, school instruction, personnel, staff/community relations, financial and legal matters. The requirements for principal certification include a master's degree, one year (180 days) of successful school-based instructional experience with students (e.g., teaching), and a valid Washington state teaching or ESA certificate.\* This program is also offered at off-campus sites in Kitsap County, Seattle, and Anacortes. Candidates are directed to the Graduate School section of this catalog for more information; the program area office is located in Miller Hall 204A, phone 360-650-3708, e-mail Judy.Gramm@wwu.edu.

*\*NOTE: Verification of good moral character and personal fitness forms available in the Educational Administration Office, Miller Hall 204A, 360-650-3708, are required if the applicant does not hold a valid Washington certificate at the time of application.*

## EDUCATIONAL ADMINISTRATION FACULTY

**MARVIN L. KLEIN** (1978) Chair and Professor. BS, MS, Southern Illinois University; PhD, University of Wisconsin, Madison.

**WARREN ALLER** (1996) Lecturer. BS, University of Idaho; MEd, Western Washington University.

**THEODORE J. CZAJKOWSKI** (1999) Lecturer. BA, Michigan State University; MA, University of Michigan; EdD, Michigan State University.

**LAWRENCE W. MARRS** (1984) Professor. BS, MS, University of Utah; PhD, University of Texas.

**E. KRISTINE MCDUFFY** (1994) Seattle Program Director. BAE, MEd, Western Washington University; EdD, Seattle University.

**KATHRYN ROSS WAYNE** (educational foundations) (1997) Associate Professor. BA, MFA, PhD, University of Oregon.

## DEGREES GRANTED

- Master of Education in Educational Administration (Elementary, Secondary, Instructional Technology)
  - Principal's (Residency or Continuing) Certificates
  - Certificate of Advanced Study (CAS)

**Competency in the Use of Instructional Technology in Education:** Students admitted to programs in the Woodring College of Education are required to possess competence in the use of instructional technology in education prior to completion of their program and, when applicable, prior to being recommended for certification.

Information on demonstrating or developing competence is available in Miller Hall 204.

## COURSES IN EDUCATIONAL ADMINISTRATION (EDAD)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### 101a-f INTRODUCTORY PRINCIPLES AND PRACTICES IN SCHOOL DISTRICT FINANCIAL SUPPORT SERVICES (1-3)

Instruction and practicum experiences for beginning school district financial support personnel. Studies of topics in any of the following areas: (a) school district accounting; (b) school district purchasing; (c) school district payroll; (d) departmental management; (e) student body fund management; (f) school district current topics. Repeatable with no maximum. S/U grading.

### 201a-h INTERMEDIATE PRINCIPLES AND PRACTICES IN SCHOOL DISTRICT FINANCIAL SUPPORT SERVICES (1-3)

Prereq: permission of instructor. Instruction and practicum experiences at the intermediate level for the school district financial support personnel. Studies of topics in any one of the following areas: (a) school district accounting; (b) school district purchasing — standards and specifications; (c) school district payroll; (d) departmental management; (e) student body fund management; (f) school district current topics; (g) school district bidding; (h) budget analysis. Repeatable with no maximum. S/U grading.

### 301a-f ADVANCED PRINCIPLES AND PRACTICES IN SCHOOL DISTRICT FINANCIAL SUPPORT SERVICES (1-3)

Prereq: permission of instructor. Instruction and practicum experiences at the advanced level for school district financial support personnel. Studies of topics in any one of the following areas: (a) school district financial analysis; (b) public works purchasing; (c) school district payroll; (d) departmental management; (e) student body fund management; (f) school district current topics. Repeatable with no maximum. S/U grading.

### 456 PRINCIPLES AND PRACTICES OF INDIVIDUALIZED INSTRUCTION AND CONTINUOUS PROGRESS EDUCATION (4)

Prereq: practicing teacher. Survey of practices related to most individualized programs and how such practices and programs relate to certain principles of learning; emphasis on types and uses of alternative learning materials found in such programs and systems for monitoring and managing learner progress.

### 458a-m MANAGING CONFLICT AND STRESS (1-4)

Examines the relationships among conflict, stress and health. Emphasizes coping and managing techniques. Self-assessment methods necessary to diagnose stressors in the work setting, et cetera, are included. Repeatable with no maximum. S/U grading.

## Graduate Courses

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### 501 INTRODUCTION TO EDUCATIONAL RESEARCH AND EVALUATION (4)

Prereq: graduate status or permission of instructor. Introduction to fundamental concepts and procedures of educational research and evaluation. Interpreting research and evaluation literature and assessing appropriateness of methodology and application of research and evaluation models; utilization of databases for K-12 application in curriculum and decision making.

### 512 POLICY STUDIES IN EDUCATIONAL ADMINISTRATION (4)

Prereq: graduate status or permission of instructor. Introduction to philosophical, ethical, moral, and legal bases of educational administration, policy decision making, and formulation. Study of selected policy development and implementation models in relation to above perspectives.

### 518 CURRENT ISSUES IN EDUCATION (1-5)

Prereq: graduate status or permission of instructor. Examination and discussion of several current and controversial issues in education. Repeatable with no maximum.

### 537 SEMINAR IN PUBLIC SCHOOL FINANCE (4)

Local-state fiscal arrangements; current school budgets; related educational finance procedures.

### 538a-d CASE STUDIES IN SCHOOL ADMINISTRATION (2-4)

Prereq: graduate status or permission of instructor. Studies to assist students in understanding school administration. Repeatable to a maximum of 6 credits.

### 539 EDUCATIONAL LEADERSHIP (4)

Prereq: teaching experience or permission of instructor. Roles and responsibilities of persons serving as members of the leadership team in public schools.

**540 POLITICAL AND ECONOMIC FORCES SHAPING EDUCATION (4)**

Prereq: graduate status or permission of instructor. A study of major forces and groups at the federal, local and state level which impact education through political and economic means.

**541 THEORY IN EDUCATIONAL ADMINISTRATION (4)**

Prereq: graduate status or permission of instructor. The study of major administrative theories, and the impact of management, leadership, and decision-making for school administrators.

**542 PUBLIC SCHOOL ORGANIZATION AND ADMINISTRATION (4)**

Problems and potentials of the principalship.

**543 SUPERVISION IN THE PUBLIC SCHOOLS (4)**

Supervision as educational leadership in continuous evaluation and improvement of school practice.

**544 COLLECTIVE BARGAINING IN THE PUBLIC SCHOOLS (4)**

Technical structure and protocol of collective bargaining as well as issues and practices.

**546a-d ADMINISTRATIVE RESEARCH TOPICS (2-3)**

Prereq: graduate status or permission of instructor. Identification, study and evaluation of research topics appropriate for building level administrators. Repeatable to a maximum of 6 credits.

**547a-d READINGS IN SCHOOL ADMINISTRATION (2-5)**

Prereq: permission of instructor. Supervised study focusing on one or more selected topics. Repeatable to a maximum of 6 credits.

**548 SCHOOL LAW (4)**

Legal principles underlying statutes and court decisions related to the schools.

**549 SEMINAR IN SCHOOL PERSONNEL ADMINISTRATION (4)**

Prereq: permission of instructor. Professional relationships among certified employees and other school personnel; development and implementation of policies.

**550 DEVELOPING STAFF AND COMMUNITY RELATIONS (4)**

Prereq: graduate status or permission of instructor. Models for planning, implementing and evaluating professional development and school/community relations programs.

**551 SYSTEMS APPROACH AND EDUCATIONAL MANAGEMENT (4)**

The systems approach as related to educational project planning and management.

**552 PLANNING FOR CURRICULUM ADMINISTRATION (4)**

Prereq: graduate status or permission of instructor. Planning and decision-making process as related to development and administration of educational curriculum and innovations.

**553 ADMINISTERING ELEMENTARY AND SECONDARY SCHOOLS (4)**

Prereq: permission of instructor. Program articulation between elementary and secondary schools as well as unique aspects of these schools.

**554 ADMINISTRATION AND THE INTERNATIONAL SCHOOL (2-6)**

Prereq: permission of instructor; graduate status. An examination of the structure, organization and principles by which Western European schools are financed, staffed and administered. Repeatable to a maximum of 6 credits.

**555 SEMINAR IN EFFECTIVE SCHOOL PRACTICES (4)**

Review and analysis of research findings related to effective school practices.

**556a-d FIELD STUDY IN EDUCATIONAL ADMINISTRATION (2-3)**

Prereq: advancement to candidacy, permission of instructor and submission of outline indicating scope of project. Design, implementation and evaluation of a field project (6 credits maximum/minimum).

**592a-c FIELD EXPERIENCE IN ADMINISTRATION FOR THE PRINCIPAL (2-6)**

Prereq: written permission of instructor. Applicants for the Washington State Administrative Certificate. Repeatable with no maximum. S/U grading.

**594a,b,c PRACTICA IN ACTION RESEARCH (3 ea)**

Prereq: teaching experience and permission of instructor. Field-based studies by entire school building staffs to resolve persistent and significant school problems. Course requirements include the development of an approved proposal for action research. May be repeated with different content. Repeatable to a maximum of 9 credits. S/U grading.

**640 CURRENT TOPICS IN EDUCATION (1-5)**

Prereq: master's degree and permission of instructor. Studies of current topics in educational administration, personnel administration, interprogram topics. Repeatable with no maximum.

**641 IMPROVING STUDENT LEARNING (4)**

Prereq: master's degree and EDAD 552 or equivalent. Systematic examination of curriculum and instruction policy development, implementation and maintenance of curriculum models, and development of guidelines for curriculum governance.

**642 EFFECTIVE SCHOOL SYSTEM MANAGEMENT (5)**

Prereq: master's degree and permission of instructor. Examination of important school system management theories and models. Development of strategies for management models implementation, evaluation and maintenance.

**643 ADVANCED LEADERSHIP THEORY (5)**

Prereq: master's degree. Examination of important leadership theories and governance styles as they relate to the role of the K-12 school superintendent. Key focus upon the ethics and fairness of reasoned decision making as a leader.

**644 PUBLIC POLICY FORMULATION AND PRACTICE (4)**

Prereq: master's degree. Exploration of research-based approaches to the development and implementation of public policy. Examines successful approaches to implementation and dissemination.

**646a-d FIELD PROJECT IN EDUCATIONAL ADMINISTRATION (2-5)**

Prereq: master's degree, permission of instructor and submission of a one-page outline indicating scope of proposed project. Repeatable to a maximum of 8 credits.

**647a-d SEMINARS FOR SCHOOL DISTRICT LEADERS (4)**

Prereq: master's degree, applicant for a Washington State Superintendent's Certificate and/or permission of instructor. Current problems and issues facing school administrators.

**690 THESIS (1-9)**

Prereq: advancement to candidacy and approval of the student's graduate committee. Research study under the direction of a faculty committee. Repeatable to a maximum of 9 credits. S/U grading.

**691 RESEARCH SEMINAR (1-6)**

Prereq: advancement to candidacy and approval of the student's graduate committee or program advisor. Research study under the direction of a faculty committee. Repeatable to a maximum of 6 credits. S/U grading.

**692a-c FIELD EXPERIENCE IN ADMINISTRATION FOR THE SUPERINTENDENT (1-6)**

Prereq: master's degree and written permission of instructor. Applicants for the Washington State Administrative Certificate. S/U grading.

# EDUCATIONAL FOUNDATIONS

Educational Foundations (EDF) courses are offered through the Division of Teacher Education and focus specifically on the moral, ethical, political, and social foundations of education. These courses support the preparation of thoughtful, knowledgeable, effective educators for a diverse society.

## COURSES IN EDUCATIONAL FOUNDATIONS (EDF)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### 109 EXPLORATIONS IN EDUCATION (3)

Provides pre-professional students an opportunity to explore the profession of teaching, professional teacher education programs and citizen participation in the process of education.

### 210 STUDENTS IN GLOBAL PERSPECTIVE: IDENTITY, CAMPUS CULTURE, AND SOCIETY (4)

Interdisciplinary course focusing on students in various cultural contexts. Emphasizes how students are involved in webs of youth culture, school cultures, family, and the greater social structure. Compares students cross-nationally and within nations, including varied experiences within the United States.

### 307 TUTORING TECHNIQUES FOR VOLUNTEERS (2)

Prereq: an intention to volunteer for the following academic year with volunteer programs such as NAMP, HASTA, or LINK. Explores the methods and practices of effective tutoring and mentoring. S/U grading.

### 310 THE TEACHER AND THE SOCIAL ORDER (4)

Prereq: admission to Woodring College of Education or written permission of department chair. Dominant aspects of society as they interact with schools and teaching.

### 311 GLOBAL ISSUES AND AMERICAN EDUCATION (4)

Examination of issues and problems facing mankind in a global village and of ways and means of coping with them in our world community through education.

### 391 HUMAN RELATIONS (1-4)

A study and practicum in interpersonal relationships as they affect teacher-student interaction. Repeatable to a maximum of 20 credits.

### 407 TEACHING NATIVE AMERICAN STUDENTS (2)

Seminar on practical applications of tutoring and teaching Native students in elementary and secondary schools. Real problems identified by the class as individuals or as a group will be explored, with class members presenting suggestions for discussion.

### 410a-m TEACHING/LEARNING PROCESSES IN MULTICULTURAL EDUCATION (1-4)

Provides understanding of cultural forces that influence children, families, community values, and school curriculum. Examines learning/teaching styles in cultures; issues of home school-community linkage, attitude vs. resources; minority student achievement; and multiculturally inclusive curriculum for cultural identity. Repeatable to a maximum of 20 credits. S/U grading.

### 411 FOUNDATIONS OF EDUCATION (4)

Prereq: EDAF 310 and admission to Woodring College of Education. Differing views of human nature and learning as they relate to educational aims, methods and content.

### 412 THE EDUCATION OF NATIVE PEOPLES (4)

A series of seminars organized to help each student develop an understanding of the historical and contemporary context of cross cultural

education (using the circumpolar north as a starting point). Major topics of study are the cultural climate of the school; the context from which a curriculum ought to be presented, and the role of the school in supporting the Native language, and cultural base.

### 413 HISTORY OF AMERICAN EDUCATION (4)

Historical development of formal education emphasizing the impact of cultural forces on evolution of the American system of public education.

### 414 GLOBAL EDUCATIONAL SYSTEMS (4)

Examination of the role of education in creating global citizens for an interdependent world.

### 416 PERSISTENT PROBLEMS IN EDUCATION (1-4)

Seminars in socio-philosophical problems relating to education; different seminars deal with different problems and related sociological and philosophical theory. Repeatable to a maximum of 20 credits.

### 416a-m PERSISTENT PROBLEMS IN EDUCATION (1-4)

Seminars in socio-philosophical problems relating to education; different seminars deal with different problems and related sociological and philosophical theory. Repeatable to a maximum of 20 credits. S/U grading. **NOTE:** 416a-m is identical to 416 with the exception of S/U grading.

## Graduate Courses

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### 510 CULTURAL AND LINGUISTIC DIVERSITIES IN AMERICAN EDUCATION (4)

Prereq: must be a practicing teacher. Development of the knowledge and skills necessary to understand culturally different children. A review of methods for teaching such children in school settings.

### 511 SEMINARS IN SOCIAL THEORIES AFFECTING EDUCATION (3)

Studies in various aspects of social theory as it relates to education. Different seminars deal with different topics and related theory.

### 512 SEMINAR IN EDUCATIONAL PHILOSOPHY (4)

Prereq: EDU 501 or permission of instructor. Differing concepts on the nature of human beings and their education; historical and philosophical development of these concepts, their basic premises, implicit assumptions and issues.

### 513 SEMINAR IN PSYCHOLOGY AND SOCIOLOGY OF EDUCATION (4)

Prereq: EDU 501 or permission of instructor. Differing concepts of the nature of the individual and society; psychological and sociological development of these concepts; basic premises and implicit assumptions.

### 516 SEMINARS IN PHILOSOPHY OF EDUCATION (3)

Prereq: EDF 411 or equivalent. Studies of the works of one man, a problem or a movement; implications for schooling.

### 518 CURRENT ISSUES IN EDUCATION (1-5)

Prereq: graduate status or permission of instructor. Examination and discussion of several current and controversial issues in education. Repeatable to a maximum of 25 credits.

### 640 CURRENT TOPICS IN EDUCATION (1-5)

Prereq: master's degree and permission of instructor. Studies of current topics in foundations, interprogram topics. Repeatable to a maximum of 25 credits.

# ELEMENTARY EDUCATION

The Department of Elementary Education offers professional education programs that lead to recommendation to the Office of the Superintendent of Public Instruction for residency certification in the state of Washington. The department offers courses and certification sequences on the Western campus and at off-campus sites in Everett, Seattle, Kitsap County, and Oak Harbor. Students are encouraged to visit the departmental offices in Miller Hall 262 for information on program offerings that meet the needs of individual students.

The programs in elementary education are designed to *prepare thoughtful, knowledgeable, and effective teachers for a diverse society*. Consistent with national and state standards for what teachers should know and be able to do, the elementary education curriculum is a carefully sequenced professional program that is firmly backed by current research on effective teaching and learning.

The current curriculum for elementary teacher education is being revised. Students should contact the department office or a faculty advisor for more information.

## Information

Individuals interested in teacher can obtain information from the Web site at [www.wce.wvu.edu/Admiss](http://www.wce.wvu.edu/Admiss). Inquiries should be directed to the Woodring College Teacher Education Admissions Office, Miller Hall 206, phone 360-650-3313, e-mail address [TeacherEdAdmissions@wwu.edu](mailto:TeacherEdAdmissions@wwu.edu). Written inquiries may be addressed to Teacher Education Admissions, Western Washington University, MS-9090, 516 High St., Bellingham, WA 98225-9090.

Information about elementary education programs may be obtained by visiting the department Web site at [www.wce.wvu.edu/Depts/ELED](http://www.wce.wvu.edu/Depts/ELED). Applicants who wish to speak with a faculty advisor may request an appointment through the elementary education department office in Miller Hall 262, phone 360-650-3336, e-mail address [Ellen.Kreider@wwu.edu](mailto:Ellen.Kreider@wwu.edu).

Those persons interested in graduate programs should consult the Graduate School section of this catalog or contact the Graduate School directly, phone 360-650-3170, e-mail [gradschl@wwu.edu](mailto:gradschl@wwu.edu). Written inquiries may be addressed to the Graduate School, Old Main 530, MS-9037, Western Washington University, 516 High St., Bellingham, WA 98225-9037.

## ELEMENTARY EDUCATION FACULTY

**SUZANNE KROGH** (1990) Chair and Professor. BA, Florida State University; MEd, University of Maryland; PhD, University of Oregon.

**PAUL BEISENHERZ** (2003) Lecturer. BA, William Jewell College; MA, University of Minnesota; PhD, University of Washington. Science education off campus extended education.

**DENISE BINDERUP** (1996) Lecturer, MEd, University of Washington.

**ROB BRAND** (1993) Lecturer. BA, University of Washington; MA, Western Washington University.

**JOANNE CARNEY** (2003) Assistant Professor. BA, MA, Gannon University; PhD, University of Washington.

**DAVID CARROLL** (2001) Assistant Professor. BA, Antioch College; MA, Leslie College; PhD, Michigan State University.

**RAMONA CHAUVIN** (2000) PhD, Program Director/Faculty for Everett Extension Program.

**SANDRA CHOCK-ENG** (1998), PhD, Program Director/Faculty for Seattle UTEP.

**TRACY COSKIE** (2003) Assistant Professor. BA, University of Rochester; MEd, PhD, University of Washington.

**WILLIAM DEMMERT** (1999) Professor. BA, Seattle Pacific College; EdM,

University of Alaska; EdD, Harvard Graduate School.

**ELIZABETH DREW** (2002) Program Director, Kitsap Extension Program. BA, MEd, Seattle University.

**PAUL ENGLERBERG** (educational foundations) (1995) Lecturer. BA, University of California, Berkeley; MAT, University of New Hampshire; MA, Yale University; EdD, University of Massachusetts at Amherst.

**MICHAEL L. HENNIGER** (1991) Professor. BA, Whitman College; PhD, University of Texas.

**KAREN J. HOELSCHER** (1992) Professor. BS, Bemidji State University; MS, Mankato State University; EdD, Harvard University.

**KAY KLEIN** (1995) Program Director/Faculty for Port Angeles and Oak Harbor Extension Programs. BA, MA, California State University.

**CHRIS OHANA** (1999) Associate Professor. BA, University of California, Berkeley; MA, University of Oregon; PhD, Iowa State University.

**LAURIE PHELAN** (1996) Director of Field-based Post-Baccalaureate Program. BA, MEd, Western Washington University.

**MARSHA RIDDLE BULY** (1999) Assistant Professor. BA, Western Washington University; MA, California State University; PhD, University of Washington.

**GENÉT SIMONE** (2002) Faculty for Extended Education. BA, Western Washington University; MS, Minnesota State University; PhD, University of Colorado.

**ROSEMARY VOHS** (1994) Lecturer. BA, Northwest College; MA, Western Washington University.

**RONALD WARD** (1995), PhD, Faculty for Extended Education.

## ELEMENTARY EDUCATION PROGRAMS

The elementary education department offers the following programs:

- **Undergraduate and Post-Baccalaureate** — This program leads to a recommendation to the state of Washington for a teaching certificate with a K-8 Elementary Education endorsement. Requirements include completion of the Elementary professional education course sequence, a major in an approved endorsable area, and a one quarter internship.
- **Early Childhood Education Endorsement (P-3)** — Program information and advising materials are available from the elementary education department.

## CERTIFICATION

The Washington Administrative Code specifies the requirements for earning a Washington state teacher certificate. State-approved preparation programs and certification requirements align with state learning goals and essential academic learning requirements, and require candidates to demonstrate that they have made a positive impact on student learning. First-level residency certification programs are designed around the standards of foundational knowledge, effective teaching, and professionalism. Second-level professional certification programs are designed around the standards of effective teaching, professionalism, and leadership. Teacher certificates are issued by the state, upon the recommendation of the regionally accredited college or university where the candidate completed a state-approved preparation program.

**State requirements for teacher certification at the time of completion of a student's program will supersede those outlined in this catalog.** These changes may affect the time it takes for a student to complete the teacher education program.

### *Residency Teacher Certification*

The first-level residency certificate is awarded to new teachers upon the completion of these general requirements:

## ELEMENTARY EDUCATION

- A baccalaureate or higher-level degree from a regionally accredited college or university
- A state-approved, performance-based teacher preparation program that includes preparation in an endorsable subject area, teaching methodology, and an internship
- Evidence of good moral character and personal fitness

Candidates for residency certification must pass a subject knowledge assessment, the Washington Educator Skills Test — Endorsements (WEST-E Praxis), to receive an endorsement for certification. **Western Washington University students who will complete their teacher certification program requirements later than summer 2005 are subject to this requirement.** The WEST-E Praxis is administered by Educational Testing Services (ETS). For information on test requirements, registration, fees, and test dates and locations, refer to this ETS Web site, [www.ets.org/praxis/prxwa.html](http://www.ets.org/praxis/prxwa.html). Candidates for residency certification must also complete the state of Washington performance-based Pedagogy Assessment during the student teaching internship.

Residency certificates are valid for five years and may be renewed once for a specified term provided state criteria are met. Application for the residency certificate is made to the Woodring College of Education Certification Office, Miller Hall 216, phone 360-650-4930, no later than three months prior to the start of the internship.

### Professional Teacher Certification

The second-level professional certificate is awarded to experienced teachers who hold a valid residency certificate, and who complete a state-approved, performance-based professional certification program or earn national board certification through the National Board for Professional Teaching Standards. For further information, contact the Woodring College of Education certification officer at 360-650-4630, Miller Hall 202.

### ENDORSEMENTS

An endorsement identifies the subject matter in which a teacher is prepared and authorized by the state to teach. One endorsement is required for residency certification. Courses required for a state teaching endorsement and the professional education sequence must be completed with a grade of C (2.0) or better. Elementary education students complete the professional program leading to an endorsement in Elementary Education, and an approved major designed specifically for elementary education candidates. Approved academic majors are listed below under *Choosing an Academic Major*. Elementary education students may also earn an additional endorsement in Early Childhood Education through the Department of Elementary Education.

For information on additional endorsement programs offered throughout the University, contact the Woodring College of Education certification officer at 360-650-4630, Miller Hall 202.

### CHOOSING AN ACADEMIC MAJOR

Students who wish to earn a teacher certificate endorsed in elementary education must also complete one of the approved academic majors for elementary education. They include anthropology, art, communication, English, environmental studies, foreign language, general science, geography, geology (earth science), history, humanities, interdisciplinary child development, mathematics, music, psychology (human development), social studies, sociology, special education, student/faculty designed major.

While information on each of these majors is available throughout this catalog, it is important to seek advisement from faculty in the appropriate department before beginning work on an academic major.

### PROGRAM LENGTH

While it is possible to earn a bachelor's degree and initial teaching certificate with certain majors in four academic years, most students require closer to five years. Following acceptance by the College of Education, which requires at least sophomore status, the student should expect to take eight to ten quarters to complete the teacher certification program. During these eight to ten quarters, the student has time to work on the academic major and General University Requirements, but it is advisable to have made progress in these areas prior to beginning the professional education sequence. Students who enter the College of Education as juniors (e.g., many transfer students) should have satisfied nearly all of the General University Requirements and should have a good start on their academic major.

### ADMISSION REQUIREMENTS

All applicants to the Woodring College of Education undergraduate and post-baccalaureate teacher education programs must be formally admitted to and currently enrolled at Western Washington University or must apply to Western for the same quarter they apply to teacher education. Woodring College teacher education program application materials are available in Miller Hall 206 and are also printable from [www.wce.wvu.edu/Admiss](http://www.wce.wvu.edu/Admiss).

The requirements listed below are minimum application criteria. Enrollment restrictions apply to teacher education programs. Meeting the following requirements makes the applicant eligible for admission consideration but does not guarantee admission. Students who meet all criteria are further evaluated to determine the most qualified applicants. Students will be evaluated on all information provided with the application, including required copies of transcripts from all prior colleges.

Application criteria:

- Completion of at least 45 quarter credits of college-level course work
- Cumulative grade point average of 2.75 or higher overall college-level work or over the last 45 credits
- Passing scores on all three subtests (reading, mathematics, writing) of the Washington Educator Skills Test-Basic (WEST-B); visit the WEST-B Web site at [www.west.nesinc.com](http://www.west.nesinc.com) for more information
- Completion of an English composition course with a grade of B- (2.7) or higher
- Completion of an acceptable public speaking course with a grade of B- (2.7) or higher
- Completion of five full days of classroom observation in a public school. The observation form is available in Miller Hall 206, 262, and from the Web site at [www.wce.wu.edu/Depts/ELED/Admiss/shtml](http://www.wce.wu.edu/Depts/ELED/Admiss/shtml)
- Experiences with children, strong interpersonal communication skills, and other skills helpful in teaching are given special emphasis. Interviews may be required. It is recommended that all students seek advisement from the elementary education department prior to submitting an application to best satisfy the selection criteria

### ADVISEMENT AND ORIENTATION

Upon acceptance, each student is assigned an advisor in his or her education program. All newly admitted students should schedule an initial advising appointment with their assigned advisor before beginning their first quarter classes and thereafter as needed. Additionally, all accepted students must attend a required orientation. Students may be dropped from Elementary Education for failing to attend the required orientation.

## PROGRAM RETENTION

Students admitted to the Woodring College of Education must meet specified requirements throughout the course of their teacher education program in order to remain in the program.

### Requirements upon Program Admission

- ❑ Completion of an *Institutional Application for a Teacher's Certificate and Character and Fitness Supplement*, and background checks as described below under *Character and Fitness*
- ❑ Completion of the Woodring College of Education Prevention of Sexual Harassment Training
- ❑ Completion of the Woodring College of Education Blood-Borne Pathogens Training
- ❑ Students should obtain and read the *Elementary Education at Western Washington University Student Handbook*. This handbook, available at the campus bookstore, provides valuable information about expectations of the program, sequences and schedules for important learning benchmarks, a professional code of ethics, and expectations for student conduct
- ❑ Students should obtain and read a copy of the *Student Conduct and Case Conference Handbook*, available in Miller Hall 262, and discuss any questions with a faculty advisor

### Character and Fitness

The Washington Administrative Code requires applicants for teacher certification to give evidence of "good moral character and personal fitness." Students provide evidence of character and fitness through two separate but related processes:

- ❑ An Institutional Application for a *Teacher's Certificate and Character and Fitness Supplement*, provided to students upon acceptance into the program. The application for certification requires candidates to answer questions regarding professional fitness, criminal history and personal conduct. Students with "yes" responses must report to the certification officer in Miller Hall 202 before registering for classes
- ❑ Washington State Patrol and FBI background checks through a fingerprinting process. Procedures and fee information are provided to students upon acceptance into the program

No student in a teacher education program may participate in a University-sponsored activity in the public schools until cleared by the Washington State Patrol, or in some cases, investigated and then cleared by the Washington State Office of Superintendent of Public Instruction. Clearances are valid for specified time frames. Students must maintain character and fitness clearance until they have been recommended for a residency teacher certificate following completion of the teacher education program.

In addition to the Washington state character and fitness requirements noted above, students must abide by the Woodring College of Education conduct policies acknowledged in the *Student Conduct Requirements and Agreement*, which is submitted with program application materials.

### General Retention Requirements

- ❑ Students must maintain at least a 2.75 GPA, beginning with the quarter they are notified of admission to Elementary Education. This requirement applies even to quarters where no education courses are being taken. Students who fail to meet this standard will receive a letter advising them that they have been dropped from the program. Grade point average for the academic major or minor may differ among academic departments

- ❑ Students must earn a grade of C (2.0) or better in both the professional education sequence and in all courses required for the endorsement
- ❑ Students must understand and demonstrate a high level of competence in the English language. Those who have difficulty in their verbal and/or written communications should expect to seek remediation before beginning the internship

### Parental Involvement Competency

This competency can be met through University course work (ELED 438 or SPED 468) or independent work. Students who choose the second option must complete a set of readings and activities in the Center for Educational Pluralism, located in Miller Hall 250, prior to the beginning of their second practicum.

## PROGRAM COMPLETION

To qualify for program completion and recommendation for state of Washington residency certification, students must complete the following requirements and assessments:

- ❑ A baccalaureate or higher-level degree from a regionally accredited college or university
- ❑ A state-approved, performance-based teacher preparation program that includes preparation in an endorsable subject area, teaching methodology, and an internship
- ❑ Evidence of good moral character and personal fitness
- ❑ Minimum scores set by the state of Washington on the Washington Educator Skills Test (WEST-E Praxis) for the primary endorsement area(s)
- ❑ Completion of the Washington Performance-Based Pedagogy Assessment
- ❑ Successful completion of the student teaching internship as shown by performance on the WWU Intern Development and Evaluation System (IDES)

## ELEMENTARY PROGRAM

Requirements for completion of the professional program in Elementary Education are outlined below.

### *Elementary Education Professional Program* 92 credits

This program leads to a residency certificate with an endorsement in elementary education and must be accompanied by an approved academic major. The courses listed below are not in the sequential order students will follow.

#### *Professional Studies Core*

28 credits

- ❑ Psychological Foundations
  - PSY 371
  - PSY 372
- ❑ Social/Philosophical Foundations
  - EDF 310
  - EDF 411
- ❑ Instructional Foundations
  - SPED 363a
  - ELED 320
  - ELED 429
  - IT 444

#### *Elementary Program — Methods and Curriculum Content* 40 credits

- ❑ ART 380

## ELEMENTARY EDUCATION

- MUS 361
- MATH 381, 382
- PE 345
- SCED 390
- SCED 391
- ELED 385a and 385b
- ELED 425
- ENG 440 or ELED 424
- ELED 485
- HLED 455

### *Field Experience*

24 credits

- ELED 394a, 394b
- ELED 494

### *Early Childhood Professional Program*

Students seeking an endorsement in early childhood education complete the elementary education program above and additional course work in early childhood education. See the elementary department for details.

### **ADDITIONAL ENDORSEMENTS**

The elementary education department offers additional endorsement programs for students. These programs must be accompanied by the professional education program in elementary education described above. See the elementary education department for more details.

### *Additional Endorsement — Early Childhood Education*

Students seeking an additional endorsement in early childhood education must take 24 credits in early education. See the elementary education department for details.

### **INTERNSHIP**

An important experience for teacher certification candidates is the student teaching internship. Students can complete up to 20 weeks of internship through an extended field experience that extends over two quarters. See an advisor for more information.

Students must apply for their internship assignment in January of the year prior to the internship. They are expected to have completed a credit evaluation, a parental involvement competency, a diversity competency requirement, the documentation of their ability to work effectively with students from racial and ethnic populations other than their own, the sexual harassment prevention education requirement and the blood-borne pathogens training, certification paperwork and a Washington State Patrol/FBI fingerprint check. Beginning fall 2005, students must submit scores on the WEST-E Praxis test in Elementary Education. These requirements must be completed before the Office of Field Experiences will seek an internship placement. Anyone who has been out of school for a quarter or more must meet the deadline for filing a returning student application. Students with incomplete course work or who fail to meet qualifications are subject to withdrawal from the internship.

During the internship, students teach under the direct supervision of a certified teacher in a school setting. They have intensive practice at integrating methods, content area knowledge and classroom organizational strategies. For the final portion of the internship, students take full responsibility for their classrooms.

The Office of Field Experiences is the service agency of the College of Education which seeks placements for prospective

interns. It does not guarantee placements. Placement in a school is contingent on:

- Fulfillment of all requirements (satisfactory academic work, education program course work, and practica and faculty recommendations)
- Availability of placements in specific grade/subject areas
- Acceptance by K-12 school personnel

Students are required to interview with the public school teacher to whom they have been assigned for final placement approval.

A maximum of three initial interviews for placement are arranged by the Office of Field Experiences.

Any subsequent placement after a voluntary or nonvoluntary withdrawal from an internship is granted only by faculty recommendation following a case conference.

Time commitment to the internship requires seven clock hours daily Monday through Friday plus class preparation time, seminars and responsibilities outside of school. Students may not register for other course work or hold jobs or other time-demanding commitments without the approval of the department and the Office of Field Experiences.

Placement locations are listed on the map available in the department office or the Office of Field Experiences. The Office of Field Experiences reserves the right to place students anywhere within the WWU service area.

For further information, contact the Woodring College of Education, Office of Field Experiences, phone 360- 650-3310, Miller Hall 206D.

## **BACHELOR OF ARTS IN EDUCATION**

### *Major — Interdisciplinary Child Development — Elementary* 45 credits

This major must be accompanied by the professional preparation program in elementary education. Program admission, completion, and teacher certification requirements are provided within this Elementary Education section of the catalog.

The Interdisciplinary Child Development major is an academic major offered through the Woodring College of Education.

This major can only be taken by students who plan to graduate with a degree in elementary education or the combination elementary-early childhood education. It is required for the latter group. The major is organized into topical strands of child development. Selections of options under each topic should be made in consultation with an advisor.

Students in elementary education taking the interdisciplinary child development major may be endorsed to teach in early childhood by completing the appropriate additional course work. See the elementary education department for details.

#### *Core Courses*

34-40 credits

- Learning
  - PSY 371 or 321
- Development
  - PSY 372 or 230
- Motor Development
  - PE 308
- Language Development
  - CSD 354 or ELED 489 or ENG 370

- Exceptional Children in the Classroom
  - SPED 360 or 363a
- Child in the Family
  - PSY 374 or ANTH 351 or ELED 438
- Child and Family in Society and Culture
  - ELED 435 and SOC 260 or ANTH 351 or 481 or 484, or HSP 335
- Statistics
  - PSY 301 or SOC 207

*Elective Courses (selected to total 45 credits)*

- ANTH 353
- ELED 430, 431, SPED 467a
- ENG 442
- PSY 119, 330, 373
- SOC 210, 268, 368, 380

Several of the courses listed below will have different descriptions as they are altered to meet new Washington state endorsement requirement. See the elementary education department for updated information.

## COURSES IN ELEMENTARY EDUCATION (ELED)

*Courses numbered X37; X97; 300, 400; 417 445 are described on page 31 of this catalog.*

### 131 INTRODUCTION TO EARLY CHILDHOOD EDUCATION (3)

Review of the field in terms of history, philosophy and professional opportunities; observation of young children.

### 320 EFFECTIVE TEACHING (3)

Prereq: admission to the Woodring College of Education or permission of the instructor. Co-req: ELED 394a, 429, IT 444a and SPED 363a. Teacher behaviors positively affecting student achievement.

### 350 INTRODUCTION TO MIDDLE SCHOOLS (4)

Prereq: admission to Woodring College of Education. Designed to give students an overview of middle school curriculum and instruction. Examines various forms of curricula currently used in middle schools, developmental issues concerning middle school students and appropriate instructional strategies. Provides an opportunity to closely examine issues through on-site visits to middle schools in the area.

### 385a,b PRACTICAL ASSESSMENT IN THE ELEMENTARY CLASSROOM (2 ea)

Prereq: admission to Woodring College of Education. Develop skills in using assessment methodology to enhance teaching. Topics include assessment models, basic premises, the value of sound assessment procedures, and an examination of the thought processes of educational evaluation.

### 390 PROFESSIONAL PRACTICUM AND SEMINAR (3)

Prereq: permission of instructor. Observation, participation and related seminars to enable each student to make a suitable professional decision. S/U grading.

### 394a ELEMENTARY PRACTICUM (1-4)

Prereq: admission to Woodring College of Education. Co-req: ELED 320, 429, IT 444a and SPED 363a. In-school observation and participation focusing on effective teaching. Required for recommendation to student teach. S/U grading. Repeatable to a maximum of 4 credits.

### 394b PRACTICUM IN LITERACY (2-4)

Prereq: ELED 424 (or ENG 440) and ELED 485 complete or concurrent. In-school experience observing and teaching reading and language arts. Required for recommendation to student teach. S/U grading. Repeatable to a maximum of 4 credits.

### 421 INSTRUCTION IN THE ELEMENTARY SCHOOL (1-5)

Organizing learning experiences, selecting methods or processes and materials appropriate to the maturation and rate of development of children.

### 421a-m INSTRUCTION IN THE ELEMENTARY SCHOOL (1-5)

Organizing learning experiences, selecting methods processes, curriculum and materials appropriate to the maturation and rate of development of children. Repeatable with no maximum. S/U grading.

### 422 THE ELEMENTARY CURRICULUM (3)

Historical and analytical study of the curriculum of the elementary school.

### 424 LANGUAGE ARTS IN THE ELEMENTARY CURRICULUM (4)

Prereq: ELED 320. Functions and programs of language arts in the curriculum including reading, writing, speaking, listening.

### 425 SOCIAL STUDIES FOR THE ELEMENTARY SCHOOL (4)

Prereq: ELED 320. Social studies methods, resources, curriculum, objectives, planning and exposure to contributions of social sciences. For elementary certification.

### 426a,b SOCIAL STUDIES IN THE ELEMENTARY CURRICULUM (4)

Functions, programs and materials in the social studies. Letters indicate grade level of emphasis in various sections of the course: (a) Primary; (b) Intermediate.

### 429 ELEMENTARY CLASSROOM MANAGEMENT AND DISCIPLINE (3)

Co-req: ELED 320, 394; IT 444a and SPED 363a. Development of strategies designed to prevent and/or solve behavior problems; discussion of effective classroom management techniques; analysis of related child development and learning theory.

### 430 CREATIVITY AND PLAY IN CHILDHOOD (3)

Prereq: permission of instructor. Definitions, theories and developmental characteristics of creativity and play. Examination of the role of creativity and play in the development of the child.

### 431 EDUCATION OF THE YOUNG CHILD (4)

Prereq: permission of instructor. An in-depth study of the historical and philosophical bases of the education of young children and an examination of psychological principles as they relate to current programs.

### 432 PRE-KINDERGARTEN EDUCATION (3)

Prereq: ELED 430 or permission of instructor. Development of curriculum for pre-kindergarten age children, emphasizing experiences which develop language, cognitive, motor, affective and social competencies.

### 433 KINDERGARTEN AND PRIMARY EDUCATION (3)

Prereq: ELED 430 or permission of instructor. Historical background; recent trends; organization of facilities and materials for kindergarten and primary programs; curriculum development based upon research in this area.

### 435 CHILD ABUSE AND NEGLECT (3)

Development of skills for working with children from abusive or neglectful home environments. Content deals with helping educators help children increase their self esteem and cope with their environments.

### 435a-m CHILD ABUSE AND NEGLECT (1-4)

Development of skills for working with children from abusive or neglectful home environments. Content deals with helping educators help children increase their self-esteem and cope with their environments. Repeatable with no maximum. S/U grading.

### 436 USING COMMUNITY RESOURCES IN SOCIAL STUDIES (3)

Prereq: junior status. Community resources and the incorporation of the resources in the curriculum.

### 438 SCHOOL-HOME-COMMUNITY RELATIONSHIPS (1-3)

Problems of communication and interaction among teachers, parents, and paraprofessionals, administrators, and community; conferencing, planning meetings, community survey. PR publications, use of mass media.

### 438a-m SCHOOL-HOME COMMUNITY RELATIONSHIPS (1-4)

Problems of communication and interaction among teachers, parents and paraeducators, administrators, and community; conferencing, planning meetings, community survey. PR publications, use of mass media. Repeatable with no maximum. S/U grading.

### 439 IMPROVEMENT OF WRITING SKILLS FOR CHILDREN (2-4)

Appropriate sequence of skills in composition for children; techniques implementing creative writing and improving fundamental skills.

### 441 ANALYSIS AND STRATEGIES OF TEACHING (3-5)

Prereq: one course from the educational psychology or foundations area, or permission of instructor. Systematic study of teaching; observation; analysis and development of teaching skills and strategies; individual projects.

### 441a-m ANALYSIS AND STRATEGIES OF TEACHING (1-5)

Prereq: one course from the educational psychology or foundations area, or permission of instructor. Systematic study of teaching; observation; analysis and development of teaching and classroom management skills and

## ELEMENTARY EDUCATION

strategies; individual projects. Repeatable with no maximum. S/U grading.

### **442 WORKING WITH STUDENT TEACHERS (3)**

Prereq: teaching experience. Techniques for the orientation of student teachers, major problems which confront student teachers, and evaluation of their achievement.

### **451a INTENSIVE MIDDLE SCHOOL PRACTICUM (3)**

Prereq: admission to the Woodring College of Education; ELED 350. In-school observation with a focus on the needs of early adolescents; assisting teachers in their classrooms. Reflective journal writing and individual inquiry projects required. S/U grading.

### **458 MANAGING CONFLICT AND STRESS IN TEACHING (1-3)**

Prereq: teaching experience. Examines the relationships among conflict, stress and health. Emphasizes coping and managing techniques. Also includes self-assessment methods necessary to diagnose stressors in the work setting, et cetera.

### **458a-m MANAGING CONFLICT AND STRESS IN TEACHING (1-4)**

Examines the relationships among conflict, stress and health. Emphasizes coping and managing techniques. Also includes self-assessment methods necessary to diagnose stressors in the work setting, et cetera. Repeatable with no maximum. S/U grading.

### **463c STUDENTS AT RISK (4)**

Prereq: admission to College of Education or permission of instructor. Exploration of characteristics, identification and special needs of students who are at risk for academic and/or social failure in school due to chemical dependence issues, bilingualism, poverty, dysfunctional family situations or other factors that may interfere with a student's ability to succeed. Analyzes strategies that combine the skills of special and regular education teachers.

### **464 MULTICULTURAL EDUCATION FOR TEACHERS (4)**

Preparation for teaching in a multicultural society. Participants will learn how to design a curriculum that reflects diversity and an instructional methodology that promotes the learning of diverse students.

### **465b PUBLIC SCHOOL PRACTICUM (4)**

Co-req: SPED 462b. Practicum experience in a school setting. Designed to provide students with the opportunity to practice and receive feedback on instruction, management, assessment, and professionalism.

### **482 THEORY AND PRACTICE IN LITERACY EDUCATION (12-16)**

Prereq: permission of the instructor. Theory, instructional strategies, and assessment in literacy education; integrated planning; application of literacy education principles in an applied setting.

### **484 THE TEACHING OF READING IN CONTENT FIELDS (4)**

Techniques of teaching reading and applying reading to study skills in social sciences, mathematics, English and other content areas in upper intermediate and secondary grades.

### **485 BASIC READING INSTRUCTION (3-4)**

Prereq: ELED 320. Basic reading instruction in grades K-8; methods and materials for teaching reading, reading readiness; word attack skills, word reading skills, comprehension skills; grouping; lesson planning.

### **485a PRACTICUM IN BASIC READING INSTRUCTION (4)**

Prereq: concurrent enrollment in off-campus section of ELED 485. Practice in offering basic reading instruction in grades K-8. Methods and materials for teaching reading in areas of readiness, word attack skills and comprehension. Lesson plans developed and used with specific children. Evaluation of trade books and reading achievement.

### **486 PROBLEMS IN CORRECTIVE READING INSTRUCTION (4)**

Prereq: permission of instructor. Analysis, correction and prevention of reading problems; refinement of group and informal testing; supervised practicum with pupils having mild disabilities in reading.

### **488 INDIVIDUALIZED READING INSTRUCTION (1-5)**

Principles and practices of individualized reading with emphasis on problems in organizing classroom programs for meeting individual interests and needs.

### **489 LANGUAGE STRUCTURE AND READING DEVELOPMENT (4)**

Examines the structure of language and its development in children with consideration of how this structure and development are critical to effective reading instruction.

### **490 TEACHING LABORATORY (4)**

Prereq: SEC 471 or 571 or permission of program advisor. Diagnosis of students, lesson preparation, videotaped peer teaching, analysis of

teaching, lesson redesign.

### **490a SEPTEMBER EXPERIENCE (2-3)**

Prereq: permission of department. Observation and participation in the opening of school. S/U grading.

### **493e,f INDIVIDUALIZED INSTRUCTION IN READING — LANGUAGE ARTS IN THE ELEMENTARY SCHOOL (6 ea)**

Integration of reading, writing, speaking, listening and use of children's books as functional tools of the communication process; laboratory experience in developing individualized language activities with children in school settings. S/U grading.

### **494 INTERNSHIP — ELEMENTARY (2-18)**

Prereq: recommendation for supervised teaching. Supervised teaching experience to develop and demonstrate teaching competence at the primary and/or intermediate grades. Repeatable to 24 credits. S/U grading.

### **494a INTERNSHIP — EARLY CHILDHOOD EDUCATION (2-24)**

Prereq: recommendation for supervised teaching. Supervised teaching experience to develop and demonstrate teaching competence at the pre-primary or primary level. Repeatable to 24 credits. S/U grading.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission is required. See the Graduate School section of this catalog.*

### **502 REFERRAL AGENCIES AND RESOURCE PERSONNEL (3 ea)**

Study of agencies and resources available to aid teachers and schools. Involves visits to community agencies. Students complete workbook for use in their school. **NOTE:** This course is not applicable to a master's degree. It is for continuing certification only.

### **518 CURRENT ISSUES IN EDUCATION (1-5)**

Prereq: graduate status or permission of instructor. Examination and discussion of several current issues in Elementary Education.

### **518f TEACHING AND ADMINISTERING IN SCHOOLS ABROAD: K-12 (3)**

Practicum of education in various countries abroad. Preparation includes reading, test questions, research paper assignment spring quarter. Practicum requires supervised team teaching and/or administering in a school for one week.

### **518g SUMMER STUDY ABROAD (6)**

Lectures and experiences in philosophy, administration, culture, history and curriculum integration in various schools abroad. Seminars on how principles and practices in schools abroad can be adapted to the context of U.S. schools. Culminating project is required.

### **521 SEMINAR IN ELEMENTARY CURRICULUM (4)**

Prereq: completion of requirements for teaching certification and an elementary K-8 teaching endorsement. Advanced study of curriculum planning and development, including design, materials and problems in curriculum change. Independent research is expected.

### **525 HISTORY OF NATIVE AMERICAN EDUCATION AND POLICY DEVELOPMENT (4)**

A seminar designed to give students an understanding of the historical events surrounding the development of schools and schooling for the Native American. The historical context of education will be discussed and explored to give students an understanding of how those events influenced the development of past and contemporary federal policy affecting the education programs and school systems that exist for Native American students today.

### **526 NATIVE AMERICAN LITERATURE/ART/MUSIC (4)**

A class designed to develop in students an appreciation and understanding of the fine arts of Native America, with a priority for teaching students how to design and implement fine arts programs for elementary and secondary students and schools. Each student will be taught the skills necessary to bring technology, community fine arts experts and students together for developing a fine arts program and curriculum.

### **530 PLAY AND THE CHILD (4)**

Prereq: graduate status or teaching experience. Examination of the nature and role of play in the cognitive, affective, physical and social development of the child. Attention given to the educative functions of play and implications of those functions for curriculum and instruction.

**531 SEMINAR IN EARLY CHILDHOOD EDUCATION (4)**

Prereq: permission of instructor. In-depth exploration of programs, theories and significant recent research in early childhood education.

**531a ADVANCED SEMINAR IN EARLY CHILDHOOD EDUCATION (3)**

Prereq: ELED 531, 596a. Specific problems are drawn from the field and content organized according to student need.

**533 ADVANCED SEMINAR IN ELEMENTARY EDUCATION (4)**

Prereq: advancement to candidacy. Advanced study of individual research topics in elementary education.

**535 RESEARCH ANALYSIS OF CURRENT ISSUES IN ELEMENTARY EDUCATION (4)**

Prereq: completion of requirements for teaching certification and an elementary K-8 teaching endorsement, graduate status and EDU 501. Examination and analysis of research underlying current issues and problems in elementary education.

**538 CURRENT ISSUES IN ASSESSMENT AND EVALUATION IN ELEMENTARY LITERACY EDUCATION (4)**

Prereq: graduate status or teaching experience. Examines current theory and research and practice in classroom-based literacy assessment and evaluation.

**539 MASTER'S SEMINAR (4)**

Prereq: completion of requirements for teaching certification and an elementary K-8 teaching endorsement, advancement to candidacy, ELED 501, EDF 512, 513, ELED 521, 535. Preparation and presentation of a seminar paper on a problem or issue in education.

**555 MIDDLE SCHOOL CURRICULUM DESIGNS AND INSTRUCTIONAL STRATEGIES (4)**

Current trends in middle-level education; includes a review of developing curriculum ideas endorsed by the National Middle School Association. Physical, social and emotional growth of early adolescents; instructional strategies for middle-level schools; requires topical or action research project.

**569a ISSUES IN INCLUSIVE EARLY EDUCATION (3)**

Prereq: admission to graduate school or permission of instructor. Current issues and best practices in early childhood program design and implementation. Emphasis on family-centered, play-based interagency models that serve children of all abilities. Applied research focus.

**569b ASSESSMENT OF YOUNG CHILDREN (BIRTH-8 YEARS) (4)**

Prereq: admission to graduate school or permission of instructor. Issues and resources for accurate and appropriate assessment of young children. Current best practices in instructionally relevant assessment, monitoring child progress and evaluating overall program success. Alternative strategies for assessing the very young child, family needs and special populations. Emphasis on critical evaluation of instruments, psychometric adequacy and technical aspects of test development.

**569c INCLUSIVE CURRICULUM IN EARLY CHILDHOOD (3)**

Prereq: admission to graduate school or permission of instructor. Curriculum development and adaptation for infants, toddlers, and preschool children. Includes available resources, best practices with the developmentally young and play-based criteria. Focus on model program curricular approaches, the use of daily routines and parent-child interaction as a context and content for curriculum, and peer-mediated learning strategies. Emphasis on efficacy research and the impact of various curricular models.

**583 LITERACY AND CHILDREN'S LITERATURE (4)**

Prereq: teaching experience. Teaching basic reading skills through the use of children's books; selection and analysis of children's books in order to teach literacy, from beginning or pre-word recognition levels through junior/senior high level.

**584 TEACHING THE INTEGRATED LANGUAGE ARTS (4)**

Prereq: graduate status or teaching experience. Teaching activities designed to foster continuing development of literacy, in part, through stressing interrelationships between the various forms of language.

**585 SEMINAR IN LITERACY EDUCATION (3-4)**

Prereq: permission of instructor. Literacy education research and its application to classroom practices, to individual problems in the teaching of reading, to supervision and administration of reading programs.

**586 SEMINAR FOR READING SPECIALISTS (4)**

Prereq: advancement to candidacy or permission of instructor. Critical examination of issues in reading education in the areas of developmental

reading, diagnosis/remediation of reading disabilities and content area reading. A summary course to be taken after other required course work in reading/literacy.

**587 IMPROVEMENT OF INSTRUCTION IN LITERACY (4)**

Prereq: at least one previous course in the teaching of reading or teaching experience. Teaching developmental reading; methods, materials, theory.

**589 LANGUAGE ACQUISITION AND LITERACY DEVELOPMENT (4)**

Prereq: graduate status or teaching experience. Exploration of current theories in language acquisition, linguistics and psycholinguistics, and implications for early childhood education and literacy instruction.

**590 SEMINAR IN ANALYZING TEACHING AND SUPERVISION (3)**

Prereq: ELED 442 or permission of department. Advanced studies in the principles of supervision; utilization of instructional resources and the evaluation and improvement of teaching.

**591 RESIDENCY IN ELEMENTARY TEACHING (8 or 16)**

Recommended for supervised teaching. Supervised teaching experience to develop and demonstrate teaching competence at the primary and/or intermediate grades; action research including case study and single subject projects. May be repeated. S/U grading.

**592d FIELD EXPERIENCE IN EARLY CHILDHOOD EDUCATION (2-6)**

Prereq: graduate status and permission of instructor. Supervised field experience in developing, directing and evaluating early childhood education programs.

**592e FIELD EXPERIENCE IN ELEMENTARY SCHOOL LEADERSHIP (2-6)**

Prereq: permission of instructor. Designing, field testing and evaluating innovative school programs, practices and materials for the elementary school.

**594e,f PRACTICUM IN READING DIAGNOSIS AND REMEDIATION (4 ea)**

Prereq: graduate status or permission of instructor: (e) assessment and correction of reading difficulties: supervised practica in use of diagnostic reading tests; (f) remedial instruction of children with reading problems: clinical practicum.

**596a ADVANCED PRACTICUM: EARLY CHILDHOOD EDUCATION (2-6)**

Prereq: graduate status or permission of instructor. Individualized practicum in early childhood programs for experienced teachers. S/U grading.

**596b ADVANCED PRACTICUM IN TEACHING: ELEMENTARY SCHOOL (2-6)**

Prereq: graduate status and 20 quarter hours of approved course work. Supervised experience for the improvement of teaching. Participants select an area of concentration, develop plans and procedures for improvement of instruction, and submit a plan for classroom implementation and evaluation. Repeatable to a maximum of 6 credits. S/U grading.

**599 FIELD STUDY OF ELEMENTARY EDUCATION ABROAD (2-5)**

An in-depth study of the primary school system with research focus on one specific aspect. Examines schools, philosophy, materials, environment and application to U.S. classrooms.

**639 CURRENT TOPICS IN EDUCATION (1-5)**

Prereq: master's degree and permission of instructor. Studies of current topics in any one of the following areas: (a) Elementary Education; (b) Early Childhood Education; (c) Reading.

**686 ADVANCED SEMINAR FOR READING RESOURCE SPECIALISTS (4)**

Prereq: master's degree and Initial ESA Certificate as a reading resource specialist; currently employed as reading specialist. Emphasis on problems faced by the reading specialist/consultant in working with children, parents, teachers, other specialists and administrators.

**690 THESIS (1-9)**

Prereq: advancement to candidacy and approval of the student's graduate committee. Research study under the direction of a faculty committee. S/U grading. Repeatable to a maximum of 9 credits.

**691 RESEARCH SEMINAR (1-6)**

Prereq: approval of the student's graduate committee or program advisor. Graduate research under the direction of a program advisor/committee. S/U grading. Repeatable to a maximum of 6 credits.

# HUMAN SERVICES

The human services undergraduate major is an interdisciplinary education program that prepares professionals to provide integrated services and to respond to individual, group, organizational, community and global issues and needs.

The human services major is a two-year, upper-division sequential program within the Woodring College of Education, leading to the Bachelor of Arts degree. Students can complete the human services degree by taking some or all of their courses in Web-based format through the *cyber site*.

The curriculum in the human services major is interdisciplinary, with curricular goals emphasizing continued integration between theory and practice in human services organizations.

Classes are offered at five locations: Bellingham, Cyber (online), Everett, Kitsap, and Seattle. Required courses are taught at all locations. Classes are scheduled to minimize conflict with work schedules. Most classes meet in the evening, with some classes in the afternoon or on weekends.

The human services department is self-sustaining (not funded by legislative appropriation). The tuition rate will be different than for state-supported courses.

Admission to the program requires a Washington state transferrable Associate of Arts degree or 90 credits that include the General University Requirements (sciences, mathematics, communications, social sciences, humanities, comparative gender/multicultural studies), and a minimum transferrable 2.75 GPA. Admission and registration information is available in Miller Hall 403, 360-650-7759, HSP.Info@wwu.edu or at any of the off-campus program sites. For additional information on application requirements, visit [www.wce.wwu.edu/depts/hs](http://www.wce.wwu.edu/depts/hs).

## Program Retention

In addition to university retention requirements, retention in the human services program is dependent upon the development of professional competencies and the adherence to ethical standards as outlined in the Ethical Standards for Human Services Professionals by the National Organization for Human Service Education. Development of professional competencies and adherence to ethical standards is monitored by program faculty in consultation with the student's supervisors in the field.

## Competency in Instructional Technology

Students admitted to programs in the Woodring College of Education are required to possess competence in the use of instructional technology. A prerequisite for admission to the human services program is successful completion of a basic computer course from an academic institution or the equivalent.

## HUMAN SERVICES FACULTY

**JACQUELYN BAKER-SENNETT** (2000) Chair and Associate Professor. AB, Occidental College; PhD, Cornell University.

**PEGGY ANDERSON** (1996) Director HS Everett site, Lecturer. BA, MEd, Western Washington University.

**SANDRA CROSS** (1997) Director HS Kitsap site, Lecturer. BEd, Western Washington University; MEd, University of Washington; EdD, Seattle University.

**JUDITH ANNE DEIRO** (1997) Director HS Seattle site, Lecturer. BA, Oklahoma State University; MA, University of Florida; PhD, University of Washington.

**SUSAN KINCAID** (1995) Director HS cyber site, Lecturer. BA, MEd, Western Washington University.

**ROBERT LAWSON** (1985) Lecturer. BA, MEd, Western Washington University.

**MARY MORGAN LIVINGSTON** (1997) Lecturer. BA, MA, University of Oregon.

**TRULA NICHOLAS** (1994) Co-director HS Bellingham site, Lecturer. BA, MS, Western Washington University.

**JANE VERNER** (1994) Co-director HS Bellingham site, Lecturer. BS, New York University; MBA, University of Toronto.

**LEE WILLIAMS** (2003) Director of Field Studies, Lecturer. BS, University of Wisconsin-Oshkosh; MA, University of Tennessee at Knoxville; PhD, University of Tennessee at Knoxville.

## Adjunct Faculty

**PATRICIA M. FABIANO** (1991). BA, University of Pittsburgh; MA, University of Wisconsin; MS, Southern Illinois University; PhD, The Union Institute.

## BACHELOR OF ARTS

### Major — Human Services

90 credits

#### Program Requirements

- Core courses (24 credits): HSP 301, 303, 305, 402, 404, 406, taken one per quarter for six quarters, providing a foundation in intrapersonal, interpersonal, small group, organizational, community, societal and global dynamics as they relate to the human services profession
- Introduction to Human Services (3 credits): HSP 302, which provides a conceptual foundation of human services, with an emphasis on history, current theoretical models, and ethical considerations for professionals
- Professional internship experience (20 credits): HSP 390b,c; HSP 490a,b,c, taken one per quarter for five quarters, which provides at least 16 hours per week of professional experience in an approved human service setting; students may meet this requirement either as (a) salaried employees of a human service agency or as (b) interns in approved human services settings. (Students are responsible for finding their own placements, subject to program approval; HSP 320a provides a structured process for selecting an internship site; assistance is available and recommended)
- Internship seminar (7 credits): HSP 320a,b,c; HSP 420a,b,c, taken one per quarter for six quarters, provides students the opportunity to discuss their professional internship experiences and receive weekly consultation from the faculty and their peers
- Interviewing for Human Services (3 credits): HSP 325, offers the theory and practice of interviewing in a variety of settings, e.g., agencies, education, health care, and business, with emphasis on skill development and intake interviewing
- Human Services and Management (3 credits): HSP 383 offers an introduction to the field of management in public and nonprofit agencies and organizations
- Seminar in Cultural Awareness (4 credits): HSP 477 responds to the humanistic values attendant to working and living in pluralistic and global societies
- Applied Research Methods (4 credits): HSP 482 provides students with the knowledge and skills required to evaluate human service agencies, programs, services

- Twenty-two elective credits are required with advisement, with a minimum of 6 credits coming from departmental elective course work
- For scholarship standards refer to the *University Academic Policies* section of this catalog

## COURSES IN HUMAN SERVICES (HSP)

Courses numbered X37, X97, 300, 400; 417, 445 are described on page 31 of this catalog.

### 301 HUMAN SERVICE PROFESSIONALS AND PERSONAL SYSTEMS (4)

Introduction to the helping role, with emphasis on motives, values, ethics and professional practice. Self-awareness and personal communication are fostered.

### 302 INTRODUCTION TO HUMAN SERVICES (3)

A conceptual foundation of human services, with an emphasis on history, current theoretical models, and ethical considerations for professionals.

### 303 HUMAN SERVICE PROFESSIONALS AND INTERPERSONAL SYSTEMS (4)

Prereq: HSP 301 or permission of instructor. The dynamics of interpersonal systems in relation to other human service systems. Emphasis on developing interpersonal communication skills and effective helping strategies.

### 305 HUMAN SERVICE PROFESSIONALS AND SMALL GROUP SYSTEMS (4)

Prereq: HSP 303 or permission of instructor. The dynamics of small group systems in relation to other human service systems. Emphasis on participation in and facilitation of task-oriented or decision-making groups and leadership theory.

### 310a-c EFFECTIVE PRESENTATIONS TO HUMAN SERVICE AGENCIES (1)

Explores methods of developing human service presentations, including: researching the topic, understanding the audience, and preparation. Students will have the opportunity to gain speaking proficiency and receive constructive evaluations. **NOTE:** HS 310a,b and c need not be taken in sequence, nor is it required that students take all three courses.

### 320a-c INTERNSHIP SEMINAR — FIRST-YEAR (1-2 ea)

Co-req: HSP 390b,c, and first-year core — HS 301, 303, 305. Readings and discussion on the application of human services concepts, with emphasis on individuals and groups.

### 325 INTERVIEWING FOR HUMAN SERVICES (3)

The theory and practice of interviewing in a variety of settings, e.g., agencies, education, health care, and business. Emphasis on skill development and intake interviewing.

### 331 DEVELOPMENTAL PATTERNS: CHILDREN/ADOLESCENTS (3)

Developmental theories and current issues of children and adolescents. Integration of concepts with the problems of service delivery.

### 333 DEVELOPMENTAL PATTERNS: ADULTS/SENIORS (3)

Developmental theories and current issues of adults and seniors. Integration of concepts with the problem of service delivery.

### 335 DEVELOPMENTAL PATTERNS: FAMILY (3)

Theories and historical and current issues of family systems. Integration of concepts with the problem of service delivery.

### 350 HUMAN SERVICES ONLINE COMMUNICATION (2)

Prereq: admission to Human Services program or permission of instructor. The Internet can offer powerful ways of teaching and learning. This course covers the technical information needed to be successful utilizing online resources. It presents an introduction to the basics of online communication including e-mail, file transfer, Internet search tools, computer-mediated instruction and other types of distance education.

### 355 NARRATIVE IN HUMAN SERVICES (3)

Study of lives and life history as a means of examining, illuminating, and spurring theoretical understanding of the uses of narrative in human services including sociological research, psychological theory, and values shaping by families and culture.

### 371 ISSUES AND CONCEPTS IN HUMAN SERVICES SYSTEMS (3)

Current issues and concepts are considered, with emphasis on providers,

clients and diverse sociocultural influences.

### 373 LAW AND HUMAN SERVICES (3)

Legal processes and their effect on human services client populations and delivery systems. Legislative, judicial, administrative, and policy and procedural processes.

### 383 HUMAN SERVICES AND MANAGEMENT (3)

An introduction to the field of management in public and nonprofit agencies and organizations.

### 390b, c PROFESSIONAL INTERNSHIP — FIRST-YEAR (4)

Coreq: HSP 320b,c, and first-year core — HSP 301, 303, 305. Field experience for first-year students in human services. Staff and agency supervision. S/U grading.

### 402 HUMAN SERVICE PROFESSIONALS ORGANIZATIONAL SYSTEMS (4)

Prereq: HSP 305 or permission of instructor. The dynamics of human service organizations in relation to other human service systems. Emphasis on knowledge of factors that influence organizational behavior, the skills useful in influencing organizational outcomes and the characteristics of effective human service professionals in human services organizations.

### 404 HUMAN SERVICE PROFESSIONALS AND COMMUNITY SYSTEMS (4)

Prereq: HSP 402 or permission of instructor. The dynamics of community systems and the relationship of these systems to other human service systems. Emphasis on factors that influence community systems, skills of influencing community structure and process, and the characteristics of effective human service professionals in community settings.

### 406 HUMAN SERVICES PROFESSIONALS AND SOCIETAL AND GLOBAL SYSTEMS (4)

Prereq: HSP 404 or permission of instructor. The dynamics of societal and global systems and their effects on the other subsystems of human services. Emphasis on the factors influencing societal and global outcomes, and the characteristics of effective human service professionals in societal and global settings.

### 411 HUMAN SERVICES IN THE EMERGING HEALTH CARE SYSTEM (3)

Examines values and economic factors that give rise to managed care and other major changes in the health care system. Looks at the possibilities that are created within the changing system and assesses different organizational models that are emerging in response to the changing system. Provides an overview of the kinds of skills that are likely to be necessary for human service professionals to work in the emerging health care environment.

### 420a-c INTERNSHIP SEMINAR — SECOND-YEAR (1 ea)

Prereq: HSP 320a,b,c. Must be taken concurrently with HS 490a,b,c, and second-year core — HS 402, 404, 406. Readings and discussion on the application of human services concepts with emphasis on agencies and organizations.

### 421 INTRODUCTION TO CIVIL LAW IN HUMAN SERVICES (3)

Survey of legal processes and their effect on human services client populations and delivery systems. Judicial, administrative and legislative processes considered.

### 422 INTRODUCTION TO CRIMINAL LAW IN HUMAN SERVICES (3)

Survey of the criminal justice system from arrest through sentencing in a context of political and social change impacting human services agencies and clients.

### 423 CONFLICT RESOLUTION IN HUMAN SERVICES (3)

Survey of the nature of conflict; styles of conflict resolution including negotiation, mediation, conciliation and facilitation.

### 424 LAW AND ETHICS IN HUMAN SERVICES (3)

Exploration of ethical issues in our legal system generated by political and social change affecting human services agencies and clients.

### 425 CHILDREN AND FAMILY LAW IN HUMAN SERVICES (3)

Survey of laws applicable to clients of human services in the area of children and family law, including child abuse and parenting laws.

### 430 PERSISTENT PROBLEMS IN HUMAN SERVICES (1-4)

Seminars in contemporary social problems which impact the roles of human services workers. Different seminars deal with different problems and related treatment theories. Repeatable to a maximum of 6 credits.

## HUMAN SERVICES

---

### **431 JUVENILE JUSTICE THEORY AND PRACTICE IN HUMAN SERVICES (3)**

Analysis of juvenile justice system including effects on victims, perpetrators, families, law enforcement and human service agencies.

### **432 PERSONALITY THEORY (3)**

Theories of personality, the philosophical problems of personality theory formulation and the impact on service delivery.

### **434 WOMEN AND MEN IN TRANSITION (3)**

Examination of changes occurring in women's/men's roles. Emphasis on personal awareness as well as social, political and economic issues of particular interest to women/men.

### **438 HOLISTIC HEALTH (3)**

Health from a systems approach and the interplay of body/mind/spirit, with emphasis on the roles which human service delivery systems (including major health systems) play in fostering or discouraging holistic health practices.

### **448 CASE MANAGEMENT AND INTERVENTIONS (3)**

Models, theories, and ethics of case management and interventions, including intake, assessment, action plans, resources, referrals, and informational strategies.

### **450 SURVEY OF ADDICTIONS AND DEPENDENCIES (3)**

Examines the etiology of chemical dependency and other compulsive behaviors and the impact of these behaviors on societal systems such as family, legal, education, work, social and health services.

### **451 PHILOSOPHY OF HELPING (3)**

A philosophical exploration of various concepts of the helping relationship and the ethical issues inherent in that process.

### **452 FAMILY DYNAMICS AND ADDICTIONS (3)**

Examines the unique dynamics of families coping with addictions and discusses the treatment modalities designed to intervene in such a family system.

### **460 INTRODUCTION TO SCHOOL, FAMILY, AND COMMUNITY PARTNERSHIPS (3)**

Explores collaboration and partnership design between schools, families and communities. Examines cultures and foundations of human services and education, strengths-based and family-centered practice, community partnership, and community-based schools.

### **461 COLLABORATION SKILLS (3)**

Examination, analysis, and synthesis of research on collaboration. Strategies necessary in the creation, facilitation, assessment, and evaluation of various collaborations and partnerships between human services, education, public health, the private sector and higher education.

### **462 CREATING EFFECTIVE SCHOOL AND COMMUNITY-BASED PROGRAMS (3)**

Research, analysis, and assessment of effective practices in integrated services for families, schools, and communities. Topics include asset mapping, resiliency and protective factors, prevention and intervention strategies, the university role in program design and partnership, and design of effective outcome.

### **463 INTERPROFESSIONAL PRACTICUM: SERVICE LEARNING (1-3)**

Prereq: HSP 460, 461, 462 or permission of instructor. Field/service learning experience for students enrolled in the Integrated Collaboration Program. Students may meet this requirement in the field or as a volunteer. Students find their own placements which reflect collaboration between human services and the schools subject to program approval. Supervision provided by agency/school personnel and staff.

### **464 SCHOOL-BASED ASSESSMENTS AND PROGRAM EVALUATION IN HUMAN SERVICES AND EDUCATION (3)**

Prereq: HSP 460 or permission of instructor. Theories, methodology of assessment and evaluation in community and school-based projects and the role of the human service worker will be studied. Related topics include asset mapping, community and school-based needs assessments, program evaluation and analysis, focus groups and report writing. Topics will be integrated into the following areas: service learning, action research, cultural competency, technology, social issues and field application.

### **465 COMMUNITY DEVELOPMENT AND ADVOCACY (3)**

Theories and techniques of community development and advocacy planning in promoting community change. Related topics: community organizing, community assessment, large group and community facilitation and interventions, community building strategies and community-based collaborations.

### **474 WORK AND HUMAN SERVICES (3)**

Work and career patterns in contemporary culture, with a focus on work force needs, unemployment patterns and the place of work as a political and lifestyle issue.

### **475 GROUP WORK AND ADDICTIONS (3)**

A didactic and experiential course to introduce students to the dynamics of rehabilitation group work. Theory, process, and techniques related to various types of group work within the addictions field are discussed.

### **476 THE FUTURE SOCIETY AND HUMAN SERVICES (3)**

Theories and predictions about the future of society are examined as they impact the kinds, quality and theory of human services delivery.

### **477 SEMINAR IN CULTURAL AWARENESS (4)**

Examination and comparison of subcultures and various groups including history, ethnicity, mores, issues, conflicts, and the interactions of those groups with human services systems. Institutional practices also are examined.

### **480 POLITICS OF HUMAN SERVICES (3)**

Examination of political forces affecting human services agencies, and the development of skills for intervention in the political process.

### **482 APPLIED RESEARCH METHODS (4)**

Study of theory and techniques involved in examining the effectiveness of human services agencies, including the application of techniques that lead to direct social action and agency intervention.

### **484 PROGRAM FUNDING AND GRANT WRITING (3)**

Prereq: HS 383 or permission of instructor. Planning, writing, marketing and evaluating funding proposals. Elements of grant proposal preparation, including the methods of seeking grant funds, interpreting funding guidelines, designing marketing strategies and negotiating with funding agencies.

### **485 PROGRAM PLANNING AND BUDGETING (3)**

Prereq: HSP 383 or permission of instructor. Fundamentals of planning, budgeting and financial management in nonprofit agencies and organizations.

### **486 HUMAN RESOURCES DEVELOPMENT (3)**

Development of knowledge and skills in consultation, advocacy, organization and mediation in the human services professions.

### **487 LEADERSHIP (3)**

Modern theories of administration, management and leadership.

### **490a-c PROFESSIONAL INTERNSHIP — SECOND YEAR (4)**

Prereq: must be taken concurrently with HSP 420a,b,c and second-year core — HSP 402, 404, 406. Field experience for second-year students in human services. Staff and agency supervision. S/U grading.

# INSTRUCTIONAL TECHNOLOGY

The instructional technology program offers instruction and research opportunities in the areas of learning resources, instructional television and instructional technology in education, including interactive multimedia, online networking and information retrieval, and instructional design involving computer technology.

Instructional Technology includes:

- Certificate Program: Leadership in School Technology
- Certificate Program: Instructional Design and Web-Based Learning
- Master of Education in Educational Administration — Instructional Technology
- Elective concentrations for instructional technology use (elementary and secondary)
- Elective concentrations within the MEd in Continuing and College Education

For further information, contact the program advisement office, Miller Hall 204, phone 360-650-3090, e-mail Tony.Jongejan@wwu.edu.

## INSTRUCTIONAL TECHNOLOGY FACULTY

**JOANNE CARNEY** (2003) Assistant Professor. BA, MA, Gannon University; PhD, University of Washington.

**ANTHONY JONGEJAN** (1983) Associate Professor. BA, MS, Western Washington University; MS, PhD, University of Oregon.

**TIMOTHY KEIPER** (1997) Associate Professor. BA, University of Northern Colorado; MA, EdS, PhD, University of Missouri, Columbia.

**LEANNE ROBINSON** (2002) Assistant Professor. BAEd, Western Washington University; MAEd, Central Washington University; PhD, Washington State University.

### *Instructional Technology in Education*

This program is designed for those who wish to improve or develop their abilities to select, use, adapt and create learning materials incorporating microcomputers. This program provides teachers with the background necessary to integrate instructional technology into their lesson plans. Because changes in technology are ongoing, please consult an advisor.

**NOTE:** Concentrations of instructional technology courses are also available to support most Woodring College of Education MEd programs. For further information, contact Instructional Technology faculty (Miller Hall 204).

### *Elective Concentration*

24 credits

*Required courses (15 credits)*

- IT 444a-d, 461, 462, 463, 465

*Elective courses (9 credits)*

- IT 466, 467, 468, 470
- Additional electives under advisement

### *Professional Certificate in Instructional Design and Web-Based Learning*

A professional certificate designed to prepare post-baccalaureate students for creating interactive multimedia for Web-based education and training is offered through the

Woodring College of Education. Admission to the program requires students to have completed a baccalaureate degree program from an accredited institution. The program includes a nine-course sequence of 27 credits in the design and development of multimedia materials. Course topics include graphic production, audio and video digitization, authoring systems, desktop publishing and instructional design. Application materials and further information can be obtained by contacting the instructional technology program, Miller Hall 204, 360-650-3090.

**Competency in the Use of Instructional Technology in Education:** Students admitted to programs in the Woodring College of Education are required to possess competence in the use of instructional technology in education prior to completion of their program and, when applicable, prior to being recommended for certification.

- Completion of IT 444a-d or equivalent with a grade of C or higher demonstrates this competency.
- Entrance into IT 444a-d requires the completion of a portfolio of basic instructional technology skills. IT 344 can be used to help complete this portfolio. Procedures for completing this portfolio are available in Miller Hall 204.

Information on demonstrating or developing competence is available from the instructional technology program, Miller Hall 204.

A Washington State Patrol/FBI fingerprint check is required of most students prior to their internship. Students should check with their program areas or advisors for details.

## COURSES IN INSTRUCTIONAL TECHNOLOGY (IT)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### INSTRUCTIONAL TECHNOLOGY (IT)

#### **343 OPERATION OF LEARNING RESOURCE EQUIPMENT (1)**

Instruction in the operation of learning resource equipment including videotape recorders, 16mm projectors, slide/filmstrip projectors, overhead and opaque projectors, microcomputers. S/U grading.

#### **344 BASIC INSTRUCTIONAL TECHNOLOGY SKILLS (1)**

Allows the student to prepare a portfolio that demonstrates the instructional technology skills which are required for admission to IT 444a-d. S/U grading.

#### **431 COMPUTERS IN THE EDUCATIONAL FIELD (1-4)**

Application of computers in the field of education. Oriented toward specific educational content needs. Does not satisfy the Woodring College of Education's competency in instructional technology requirement. Repeatable with no maximum.

#### **431a-d COMPUTERS IN THE EDUCATIONAL FIELD (1-4)**

Application of computers in the field of education. Oriented toward specific educational content needs. Does not satisfy the Woodring College of Education's competency in instructional technology requirement. Repeatable with no maximum. S/U grading. **NOTE:** 441a-d is identical to 441 with the exception of S/U grading.

#### **431e-h APPLICATION SOFTWARE IN THE CLASSROOM (1-4)**

Examines the application of tools such as word processing, databases, spreadsheets, graphics, desktop publishing and presentation software in the classroom. Repeatable with no maximum. S/U grading.

#### **431i-m TECHNOLOGY IN EDUCATION (1-4)**

Application of Internet, World Wide Web, multimedia and new emerging

## INSTRUCTIONAL TECHNOLOGY

computer technology in the classroom. Repeatable with no maximum. S/U grading.

### **444a CLASSROOM USE OF INSTRUCTIONAL TECHNOLOGY (ELEMENTARY) (3)**

Prereq: IT 344 or portfolio of basic instructional technology skills. Coreq: ELED 320, 394a, 429 and SPED 363a. Examines the use of instructional technology, including using the computer as teacher, student, partner (tool) and aide. Successful completion satisfies the Woodring College of Education instructional technology education competency requirement.

### **444b CLASSROOM USE OF INSTRUCTIONAL TECHNOLOGY (SECONDARY) (3)**

Prereq: IT 344 or portfolio of basic instructional technology skills. Examines the use of instructional technology, including using the computer as teacher, student, partner (tool) and aide. Successful completion satisfies the Woodring College of Education instructional technology education competency requirement.

### **444c CLASSROOM USE OF INSTRUCTIONAL TECHNOLOGY (SPECIAL EDUCATION) (3)**

Prereq: IT 344 or portfolio of basic instructional technology skills. Examines the use of instructional technology, including using the computer as teacher, student, partner (tool) and aide. Successful completion satisfies the Woodring College of Education instructional technology education competency requirement.

### **444d CLASSROOM USE OF INSTRUCTIONAL TECHNOLOGY (GENERAL) (3)**

Prereq: IT 344 or portfolio of basic instructional technology skills. Examines the use of instructional technology, including using the computer as teacher, student, partner (tool) and aide. Successful completion satisfies the Woodring College of Education instructional technology education competency requirement.

### **450 INTRODUCTION TO LEARNING RESOURCES (3)**

Prereq: an introductory professional education course. The role and application of educational media and technology in the teaching-learning process.

### **451 PRACTICUM IN LEARNING RESOURCES (3)**

Prereq: IT 450. Preparation of instructional materials for classroom utilization; selection, evaluation, utilization of major types of audiovisual materials and equipment; organization and curricular integration of educational media; laboratory.

### **452 COMPUTER PROGRAMMING PROCEDURES (3)**

Prereq: IT 444a-d or permission of instructor. An introduction to the basic elements of computer program design, and classroom instruction utilizing appropriate programming languages (such as Logo and HyperCard).

### **453 EDUCATIONAL USES OF INSTRUCTIONAL TECHNOLOGY (3)**

Prereq: IT 444a-d or permission of instructor. A study of computer-based and interactive multimedia courseware. Introduction of planning strategies for the integration of instructional technology into schools and classrooms.

### **454 APPLICATION SOFTWARE FOR EDUCATORS (3)**

Prereq: IT 444a-d or permission of instructor. Examines the use of tools such as word processing, data bases, spreadsheets, graphics, desktop publishing and presentation software.

### **457a-d PRACTICUM IN INSTRUCTIONAL TECHNOLOGY (1-4)**

Prereq: IT 444a-d or permission of instructor. Supervised practicum for students to work in the design, implementation and evaluation of instructional technology activities with selected K-12 population. Repeatable to a maximum of 6 credits.

### **460 DESKTOP PUBLISHING AND TECHNICAL WRITING (3)**

Prereq: IT 444a-d or permission of instructor. Basic issues of desktop publishing for technical documents, including layout, design, scanning and graphics.

### **461 MULTIMEDIA TOOLS AND APPLICATIONS (3)**

Prereq: IT 444a-d or permission of instructor. An overview of the tools required for the creation of interactive multimedia. The tools are organized into three categories: authoring systems, hypermedia authoring environments, and media production (such as graphics production, video and sound).

### **462 DIGITAL VIDEO AND AUDIO PRODUCTION (3)**

Prereq: IT 461 or permission of instructor. Principles of audio and video production and methods for digitizing for multimedia development.

### **463 TECHNIQUES AND TOOLS IN GRAPHIC DESIGN (3)**

Prereq: IT 461 or permission of instructor. Principle, techniques and tools used in the creation and manipulation of digital graphic elements and products. Topics include elements of design and photography, application of artistic concepts, issues related to graphic representation, and modes of delivery with an emphasis on Web-based development.

### **465 AUTHORING FOR INTERNET DELIVERY (3)**

Prereq: IT 461 or permission of instructor. Techniques and procedures for creating Internet and Intranet-based instructional materials. Topics will include design, development and delivery issues.

### **466 AUTHORING FOR MULTIMEDIA DEVELOPMENT (3)**

Prereq: IT 461 or permission of instructor. Techniques and procedures for authoring when developing multimedia. Scripting required in implementation of concepts.

### **467 AUTHORING SYSTEMS FOR COMPUTER-BASED TRAINING (3)**

Prereq: IT 461 or permission of instructor. Features of authoring languages and systems, including templates, multimedia, record keeping, variables, data structures, and Internet delivery.

### **468 INTERACTIVE MULTIMEDIA SYSTEMS (3)**

Prereq: IT 444a-d or permission of instructor. An introductory study of interactive multimedia systems. Includes videodiscs, computer interfacing, CD ROM and multimedia authoring software.

### **470 THE INTERNET IN EDUCATION (3)**

Prereq: IT 444a-d or permission of instructor. Studies the use of the Internet and the World Wide Web in educational settings, including strategies for effective student and teacher use. Topics include e-mail, Web browsing, videoconferencing, implementation, ethics and issues. Examines alternatives in Web development.

## **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### **518 CURRENT ISSUES IN EDUCATION (1-5)**

Prereq: graduate status or permission of instructor. Examination and discussion of several current and controversial issues in education. Repeatable with no maximum.

### **544 INSTRUCTIONAL TECHNOLOGY AND EDUCATION (4)**

Prereq: graduate status or permission of instructor. A study in the use of instructional courseware, teacher and student tools, presentation and development tools and administrative management tools. Emphasizes planning for their use. Satisfies the Woodring College of Education instructional technology education competency requirement.

### **550 LEADERSHIP AND MANAGEMENT OF INSTRUCTIONAL TECHNOLOGY PROGRAMS (4)**

Prereq: IT 544 or permission of instructor. Problems and principles in establishing and maintaining the use of instructional technologies in educational institutions, including staffing, financing, coordinating, evaluating and facilities management.

### **551 SEMINAR IN INSTRUCTIONAL TECHNOLOGY (4)**

Prereq: 20 credits in the program and permission of instructor. Analysis of issues affecting present and future implementations of instructional technology.

### **552 INSTRUCTIONAL DESIGN: STRATEGIES (3)**

Prereq: IT 560 or permission of instructor. Survey of strategies for delivering instruction, including large-scale strategies such as cooperative learning, lectures and technology; and microstrategies such as feedback, advance organizers, teaching procedures and questioning strategies.

### **555a-d READINGS IN INSTRUCTIONAL TECHNOLOGY (2-5)**

Prereq: permission of instructor. Supervised study focusing on one or more selected topics in instructional technology. Repeatable to a maximum of 6 credits.

**560 INSTRUCTIONAL DESIGN FOR MULTIMEDIA DEVELOPMENT (3)**

Introduction to the process of instructional design. Topics include task analysis, competency specification, instructional strategies, media selection, user interface, prototyping, formative evaluation and project management.

**561 DESIGNING COMPUTER-BASED INSTRUCTION (3)**

Prereq: IT 560 and 566 or 567 or permission of instructor. Addresses the design, development and evaluation of computer-based instructional software. Covers the steps in creating an effective CBI lesson, designing effective displays, use of graphics and illustrations, use of color, analyzing questions, learner control, and storyboarding.

**562 DIGITAL VIDEO AND AUDIO PRODUCTION (3)**

Prereq: IT 461 or permission of instructor. Principles of audio and video production and methods of digitizing for multimedia development.

**563 TECHNIQUES AND TOOLS IN GRAPHIC DESIGN (3)**

Prereq: IT 461 or permission of instructor. Principle, techniques and tools used in the creation and manipulation of digital graphic elements and products. Topics include elements of design and photography, application of artistic concepts, issues related to graphic representation, and modes of delivery with an emphasis on Web-based development.

**565 AUTHORIZING FOR INTERNET DELIVERY (3)**

Prereq: IT 461 or permission of instructor. Techniques and procedures for creating Internet and Intranet-based instructional materials. Topics will include design, development and delivery issues. Independent research required.

**566 AUTHORIZING FOR MULTIMEDIA DEVELOPMENT (3)**

Prereq: IT 461 or permission of instructor. Techniques and procedures for authoring when developing multimedia. Scripting required in implementation of concepts.

**567 AUTHORIZING SYSTEMS FOR COMPUTER-BASED TRAINING (3)**

Prereq: IT 461 or permission of instructor. Features of authoring languages and systems, including templates, multimedia, record keeping, variables, data structures and Internet delivery.

**568 ADVANCED DESIGN OF MULTIMEDIA INSTRUCTION (3-6)**

Prereq: IT 566 or 567 or permission of instructor. Advanced issues in the design and development of interactive multimedia instructional lessons. Covers design issues related to the use of multimedia for instruction and is organized around individual student projects. Repeatable to a maximum of 6 credits.

**640 CURRENT TOPICS IN EDUCATION (1-5)**

Prereq: master's degree and permission of instructor. Studies of current topics in learning resources/library science or instructional technology. Repeatable with no maximum.

**690 THESIS (1-9)**

Prereq: advancement to candidacy and approval of the student's graduate committee. Research study under the direction of a faculty committee. Repeatable to a maximum of 9 credits. S/U grading.

**691 RESEARCH SEMINAR (1-6)**

Prereq: approval of the student's graduate committee or program advisor. Graduate research under the direction of program advisor/committee. Repeatable to a maximum of 6 credits. S/U grading.

# LIBRARY SCIENCE

“Information” is one of the key words in education today, and educators in many settings are increasing their use of the library-media center to enhance their teaching and the learning of their students. Courses in library science are intended to provide teachers with the skills to make efficient use of learning materials in print, nonprint and electronic formats in their lessons. This program also offers excellent preparation for those who wish to eventually become directors of library media centers. Storytelling, advanced storytelling, children’s literature, and Reader’s Theatre in the Classroom courses help prepare students to use children’s literature and folklore more effectively in the classroom.

For further information, contact the program advisor: Dr. Tony Jongejan, Miller Hall 204B, 360-650-3381, Tony.jongejan@wwu.edu.

## *MEd Educational Administration — Instructional Technology*

For a description of this program, please see the *Graduate School* section of this catalog.

### **COURSES IN LIBRARY SCIENCE (LIB)**

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

#### **304 INTRODUCTION TO CHILDREN’S LITERATURE (2)**

An overview of the field of literature for pre-school through middle school students.

#### **309 STORYTELLING (3)**

Selection, adaptation and presentation of stories for elementary school children.

#### **320 READER’S THEATRE IN THE CLASSROOM (4)**

Prereq LIB 405 or ENG 441 recommended. Adaptation of fiction and nonfiction into script form for K-12 classroom. Emphasis on teaching creative writing, literature appreciation, teamwork and oral skills development.

#### **401 THE LIBRARY IN THE SCHOOL (3)**

The organization and maintenance of effective materials-centered libraries in elementary and secondary schools.

#### **402 ORGANIZATION OF MATERIALS (3)**

Principles of classification and cataloging; making unit cards, adapting

printed cards, and organizing a shelf list and dictionary catalog.

#### **403 BASIC INFORMATION SOURCES (3)**

Evaluation of basic information sources and practice in their use.

#### **404 THE LIBRARY IN THE SOCIAL ORDER (3)**

Social, educational and cultural implications of the role of the library in society.

#### **405 BOOKS AND MATERIALS FOR ELEMENTARY SCHOOLS (4)**

Reading and evaluation of books and materials for elementary children; emphasizes wide reading, book selection, literary analysis, correlation with the curriculum, current content trends and innovative uses.

#### **407 BOOKS AND MATERIALS FOR YOUNG ADULTS (4)**

Reading and uses of books for adolescents and their curriculum; multicultural and self-concept literature; realistic and mystical fiction and poetry; literary analysis.

#### **409 ADVANCED STORYTELLING (3)**

Prereq: LIB 309 and/or permission of instructor. Training in public storytelling performance in community and educational settings. Emphasizes personal performance development, practical public experience, storytelling teaching methods, and advanced study of the history and current trends in the growing field of storytelling.

#### **410 WRITING AND ILLUSTRATING CHILDREN’S BOOKS (4)**

Prereq: LIB 405 or permission of instructor. Analysis of illustrations and writing of children’s and adolescents’ literature; techniques of composition and illustrations fundamental in writing; illustrating and binding.

### **Graduate Courses**

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

#### **502 ADVANCED CATALOGING (4)**

Prereq: LIB 402 or permission of instructor. Application of theories and principles of cataloging in classifying print and nonprint materials for elementary and secondary schools and community colleges.

#### **505 BOOKS AND MATERIALS: USE AND EVALUATION (4)**

Prereq: LIB 405 or permission of instructor. Study and selection of children’s and adolescent literature (fiction and poetry). Literary criticism. Use of various media.

#### **520 INSTRUCTIONAL DEVELOPMENT (4)**

Prereq: permission of instructor. Understanding and application of learning theory to library materials and media. Work with instructional clients (industrial or educational) in production of materials.

# REHABILITATION COUNSELING

The rehabilitation counseling program prepares graduate students to work with individuals with disabilities in a variety of public and private settings. Graduates of the program are eligible to sit for the Certified Rehabilitation Counselor Examination that is required by many organizations. The program is offered at the program's off-campus site at Mountlake Terrace.

For additional information, refer to Rehabilitation Counseling in the *Graduate School* section of this catalog.

## DEGREE GRANTED

- ☐ Master of Arts in Rehabilitation Counseling

## REHABILITATION COUNSELING FACULTY

**GERALDINE HANSEN** (1999) Director, Center for Rehabilitation Counseling; Associate Professor. BS, MS, Mankato State College; EdD, University of Northern Colorado.

**MARTI RIEMER-REISS** (2000) Visiting Assistant Professor. BS, University of Arizona; MS, San Diego State University; PhD, University of Northern Colorado.

## COURSES IN REHABILITATION COUNSELING (RC)

*Courses numbered X/37, X/97, 300, 400, 445 are described on Page 31 of this catalog.*

### 482 INTRODUCTION TO VOCATIONAL REHABILITATION OF THE NATIVE AMERICAN (3)

Introduction to the vocational rehabilitation service delivery system to Native Americans with disabilities.

### 490 JOB PLACEMENT ISSUES OF THE NATIVE AMERICAN WITH DISABILITIES (3)

Prereq: RC 482. Introduction to job placement of the Native American with disabilities.

### 496 VOCATIONAL ASSESSMENT OF THE NATIVE AMERICAN WITH DISABILITIES (3)

Introduction to assessment of the Native American with disabilities.

## Graduate Courses

*Courses numbered X/37, X/97, 300, 400, 445 are described on Page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

### 519 CURRENT ISSUES IN REHABILITATION COUNSELING (3)

Examination of several current and controversial issues in rehabilitation. Topics change.

### 546 RELAPSE PREVENTION AND REHABILITATION (3)

Prereq: HS 450. Addresses personal, family and social rehabilitation issues that emerge within the first five years of recovery from addiction. Discusses the processes and behaviors leading to relapse and theoretical models for prevention and promoting recovery.

### 581 READINGS IN REHABILITATION (2-5)

Supervised study focusing on selected topics in the following areas: empowerment, advocacy, ethics, disability rights, rehabilitation, vocational rehabilitation. Repeatable to a maximum of 6 credits.

### 582 INTRODUCTION TO VOCATIONAL REHABILITATION (3)

Prereq: graduate status or permission of instructor. An overview of the principles and practices of vocational rehabilitation which serve as the foundation for rehabilitation counseling. Various specialties within the field of rehabilitation and rehabilitation counseling as a profession.

### 583a THEORY OF REHABILITATION COUNSELING (3)

An introduction to major counseling theories and their application in

rehabilitation settings. Emphasis on understanding and demonstrating basic helping skills in a counseling relationship with individuals and disabilities.

### 583b PRACTICE OF REHABILITATION COUNSELING (3)

Application of concepts and techniques which have been introduced from major counseling theories in RC 583a. Emphasis on continued development and refinement of counseling skills through advanced role-play and actual counseling with individuals with disabilities.

### 583c PRACTICE OF REHABILITATION COUNSELING II (3)

A didactic and experiential course which emphasizes in-depth practice of the theories, concepts and techniques introduced in RC 583a and b. Continued development and refinement of counseling skills with proficiency as a desired outcome.

### 584 GROUP COUNSELING TECHNIQUES IN REHABILITATION (3)

Prereq: RC 583 or permission of instructor. A didactic and experiential course to introduce students to the dynamics of group counseling. Purpose, process and techniques related to various types of groups.

### 585 SOCIAL, PSYCHOLOGICAL AND ATTITUDINAL ASPECTS OF DISABILITY (3)

An examination of the impact of disability on the individual, the individual's environment, significant others and society in general. The adjustment process which individuals and their families experience is compared and contrasted within a broader environmental context.

### 586 MEDICAL ASPECTS OF DISABILITY (3)

Prereq: graduate status or permission of instructor. An examination of the etiology, prognosis, treatment procedures and vocational implications of major disabling conditions. Includes an introduction to medical specialties, therapeutic services, restorative techniques, medical examinations and medical terminology.

### 587 UTILIZATION OF TESTS AND EVALUATION TOOLS (3)

Prereq: RC 582 or permission of instructor. Gathering, analyzing and synthesizing of vocationally relevant information for use in the rehabilitation process. Advantages and limitations of traditional psychological inventories, and various assessment tools. Emphasis on collaborative client-centered approach to assessment.

### 588 OCCUPATIONAL INFORMATION AND CAREER DEVELOPMENT (3)

Prereq: RC 582 or permission of instructor. Explores occupational information, labor market trends and meaningful employment with a career focus. Examines career development theories.

### 589 CASE MANAGEMENT IN REHABILITATION (3)

Prereq: RC 582 or permission of instructor. A close examination of techniques and procedures related to individualized case management and caseload management. Emphasis is on selecting the services which will meet the unique needs of individuals with disabilities and assisting them in developing and implementing an individual rehabilitation plan. Techniques related to working simultaneously with multiple individuals will be examined.

### 590 EMPLOYMENT STRATEGIES AND JOB PLACEMENT (3)

Prereq: RC 582, 588 or permission of instructor. A comprehensive exploration of the process and techniques of job development with employers and assisting individuals with disabilities to find and maintain employment. Includes job analysis, work site modification, employment techniques and legislation. Students will develop employment plans, implement placement strategies, and development job contracts.

### 592a PRACTICUM IN REHABILITATION COUNSELING (2-6)

Prereq: permission of instructor. Demonstration of counseling skills with individuals with disabilities in a rehabilitation agency. Supervision by agency personnel. Repeatable to a maximum of 8 credits.

### 592b INTERNSHIP IN REHABILITATION COUNSELING (1-10)

Prereq: RC 592a and permission of instructor. Demonstration of counseling skills in a rehabilitation agency with primary supervision by agency personnel. Students are required to spend significant time within an agency functioning as a professional counselor. Repeatable to a maximum of 20 credits. S/U grading.

## REHABILITATION COUNSELING

---

### **593 INTRODUCTION TO ASSISTIVE TECHNOLOGY (3)**

Understand the ecology of assistive technology for people with disabilities. Emphasis on the functional assessment and relation to assistive technology needs and the physical, psychosocial, environmental and legal domains of assistive technology. Covers the use of various devices and their implications on an individual's rehabilitation program.

### **594 INTRODUCTION TO PSYCHIATRIC REHABILITATION (3)**

Understanding major psychiatric disorders, principles and practices of psychiatric rehabilitation. Examines the role of the rehabilitation counselor as an integral part of the treatment team.

### **595 COGNITIVE DISABILITIES IN REHABILITATION (3)**

Prereq: RC 586 or permission of instructor. Overview of cognitive disabilities and the treatment and planning issues for rehabilitation people with disabilities.

### **596 VOCATIONAL ASSESSMENT IN REHABILITATION (4)**

Prereq: RC 587, 588 or permission of instructor. Advanced course designed to draw upon medical, vocational, assessment knowledge and skills to apply skills in planning, selection and interpretation of the rehabilitation process for individuals with disabilities.

### **598 THE FAMILY AND REHABILITATION COUNSELING (3)**

Prereq: RC 583b, 585 or permission of instructor. A theoretical understanding of how to work with families for achieving maximum outcomes in the rehabilitation counseling process.

# SECONDARY EDUCATION

The Department of Secondary Education offers professional education programs that lead to recommendation to the Office of the Superintendent of Public Instruction for residency teacher certification in the state of Washington. The programs in secondary education are designed to *prepare thoughtful, knowledgeable, and effective middle and secondary school teachers for a diverse society.*

Consistent with state and national standards for what teachers should know and be able to do, the secondary education curriculum is a carefully sequenced professional program that is firmly backed by current research on effective teaching and learning. The program reflects a framework which embraces the artistic, scientific, and professional aspects of teaching.

Programs which address residency teacher certification require students to complete an academic major, the teacher certification sequence and a semester internship. Upon completion of the program successful candidates will be recommended to the Certification Office of the Superintendent of Public Instruction to receive a certificate to teach in their endorsed field.

## Information

Individuals interested in teacher certification can obtain information from the Web site at [www.wce.wvu.edu/Admiss](http://www.wce.wvu.edu/Admiss). Inquiries should be directed to the Woodring College Teacher Education Admissions Office, Miller Hall 206, phone 360-650-3313, e-mail address [TeacherAdmissions@wvu.edu](mailto:TeacherAdmissions@wvu.edu). Written inquiries may be addressed to Teacher Education Admissions, Western Washington University, MS-9090, 516 High St., Bellingham, WA 98225-9090.

Information about secondary education programs may be obtained by visiting the department Web site at [www.wce.wvu.edu/Depts/SEC](http://www.wce.wvu.edu/Depts/SEC). Advising related to the academic major or endorsement will take place in the academic major department. Students should meet with an academic major advisor before consulting with a secondary education advisor. Questions may be directed to the secondary education department in Miller Hall 306, by phone at 360-650-3327, or by e-mail to [Patricia.Roberts@wvu.edu](mailto:Patricia.Roberts@wvu.edu).

Those persons interested in graduate programs should consult the Graduate School section of this catalog or contact the graduate school directly, phone 360-650-3170, e-mail [gradschl@wvu.edu](mailto:gradschl@wvu.edu). Written inquiries may be addressed to the Graduate School, Old Main 530, Western Washington University, MS-9037, 516 High St., Bellingham, WA 98225-9037.

## SECONDARY EDUCATION FACULTY

**RAY WOLPOW** (1994) Chair and Associate Professor. BA, Wagner College; MA, Columbia University; PhD, Pennsylvania State University.

**CATHERINE ASHCRAFT** (2003) Assistant Professor. BA, California State University-Hayward; MA, University of Colorado-Denver; PhD, University of Colorado-Boulder.

**ANGELA HARWOOD** (1997) Associate Professor. BA, University of Utah; MA, PhD, Emory University.

**LORRAINE KASPRISIN** (Educational Foundations) (1979) Professor. BA, MA, The College of the City of New York; MPhil, PhD, Teachers College, Columbia University.

**ROBERT KEIPER** (1990) Associate Professor. BA, Kearney State College; MA, EdD, University of Northern Colorado.

**TIMOTHY KEIPER** (1997) Associate Professor. BA, University of Northern

Colorado; MA, EdS, PhD, University of Missouri, Columbia.

**BRUCE LARSON** (1996) Associate Professor. BAE, Pacific Lutheran University; MEd, PhD, University of Washington.

**LAUREN MCCLANAHAN** (2000) Assistant Professor. BA, MA, PhD, The Ohio State University.

**CHRISTINE SCHAEFER** (1996) Affiliated Teaching Faculty. BA, Whitman College; MEd, PhD, University of Washington.

**SHELBY SHEPPARD** (Educational Foundations) (1997) Visiting Assistant Professor. MA, BGS, PhD, Simon Fraser University.

## Secondary Education Programs

The Department of Secondary Education offers two programs which lead to teacher certification by the state of Washington.

- Secondary Education: Undergraduate and Post-baccalaureate
  - This secondary education program leads to a recommendation to the state of Washington for a teaching certificate with an endorsement in an approved academic teaching field for Secondary or P-12. This program requires completion of the secondary professional education course sequence, a major in a state-approved endorsable area, and a full semester internship
- Master's in Teaching with Residency Certification (MIT)
  - This program is designed for students who have already completed a baccalaureate degree with a *state-approved endorsable academic major* and who wish to complete a master's degree while gaining teacher certification; the MIT program is available on the Western campus or at the off-campus site in Seattle

## CERTIFICATION

The Washington Administrative Code specifies the requirements for earning a Washington state teacher certificate. State-approved preparation programs and certification requirements align with state learning goals and essential academic learning requirements, and require candidates to demonstrate that they have made a positive impact on student learning. First-level residency certification programs are designed around the standards of foundational knowledge, effective teaching, and professionalism. Second-level professional certification programs are designed around the standards of effective teaching, professionalism, and leadership. Teacher certificates are issued by the state, upon the recommendation of the regionally accredited college or university where the candidate completed a state-approved preparation program.

**State requirements for teacher certification at the time of completion of a student's program will supersede those outlined in this catalog.** These changes may affect the time it takes for a student to complete the teacher education program.

### Residency Teacher Certification

The first-level residency certificate is awarded to new teachers upon the completion of these general requirements:

- A baccalaureate or higher-level degree from a regionally accredited college or university
- A state-approved, performance-based teacher preparation program that includes preparation in an endorsable subject area, teaching methodology, and an internship
- Evidence of good moral character and personal fitness

## SECONDARY EDUCATION

---

Candidates for residency certification must pass a subject knowledge assessment, the Washington Educator Skills Test — Endorsements (WEST-E Praxis), to receive an endorsement for certification. **Western Washington University students who will complete their teacher certification program requirements later than summer 2005 are subject to this requirement.** The WEST-E Praxis is administered by Educational Testing Services (ETS). For information on test requirements, registration, fees, and test dates and locations, refer to this ETS Web site, [www.ets.org/praxis/prxwa.html](http://www.ets.org/praxis/prxwa.html). Candidates for residency certification must also complete the state of Washington performance-based Pedagogy Assessment during the student teaching internship.

Residency certificates are valid for five years and may be renewed once for a specified term provided state criteria are met. Application for the residency certificate is made to the Woodring College of Education Certification Office, Miller Hall 216, 360-650-4930, no later than three months prior to the start of student teaching.

### *Professional Teacher Certification*

The second-level professional certificate is awarded to experienced teachers who hold a valid residency certificate and who complete a state-approved, performance-based professional certification program or earn national board certification through the National Board of Professional Teaching Standards. For further information, contact the Woodring College of Education certification officer at 360-650-4630, Miller Hall 202.

## ENDORSEMENTS

An endorsement identifies the subject matter in which a teacher is prepared and authorized by the state to teach. One endorsement is required for residency certification. Courses required for a state teaching endorsement and the professional education sequence must be completed with a grade of C (2.0) or better. Secondary education students are required to complete a state-approved endorsement program. Students completing a major in theatre arts, health and fitness, music, special education, visual arts or world languages will be prepared to teach grade levels P-12. The remaining majors listed below under *Choosing an Academic Major* prepare students to teach at the secondary level. For information on additional endorsement programs offered throughout the University, contact the Woodring College of Education certification officer at 360-650-4630, Miller Hall 202.

## CHOOSING AN ACADEMIC MAJOR

Secondary education graduates are in high demand as teachers in many fields and grade levels. Areas of greatest demand fluctuate. Students who are interested in a teaching career are encouraged to visit the Career Services Center, Old Main 280, for information as to which academic majors are in greatest demand. Certain academic majors require sequences of classes in the first two years of college in order to complete a baccalaureate degree in four years. All secondary education students are advised to speak with an academic department major advisor early in their program. Western Washington University academic departments offer the following majors which have been approved by the state board of education and lead to a recommendation by that department for a primary teaching endorsement:

- Anthropology/Social Studies
- Biology (BS)
- Biology/Chemistry
- Biology/Science

- Chemistry
- Chemistry/Mathematics
- Chemistry/Physics
- Earth Science
- Earth Science/Science
- Economics/Social Studies
- English Language Arts
- General Science
- Geography/Social Studies
- Health and Fitness
- History/Social Studies
- Mathematics
- Music Education
- Physics/Mathematics
- Political Science/Social Studies
- Sociology/Social Studies
- Special Education
- Technology Education
- Theatre Arts
- Visual Arts
- World Languages

### *Academic Major Methods Courses*

Academic content methods courses are required for all major endorsement areas. For specific course numbers and schedule information, students are advised to contact their academic major department advisor.

## UNDERGRADUATE AND POST-BACCALAUREATE PROGRAMS

### PROGRAM LENGTH

While it is possible, in some majors, to earn a bachelor's degree and residency teaching certificate in four academic years, most students require closer to five years. Undergraduate students usually take certification courses while completing their academic major during their junior and senior years. Students who apply to the undergraduate certification program should have satisfied all of the General University Requirements and should have completed some course work toward their academic major.

Students in the post-baccalaureate program usually complete the certification sequence in three academic quarters plus a one-semester internship. This time frame could be extended if additional course work is needed to meet department or state endorsement requirements. Applicants to the post-baccalaureate program who have an endorsable major and a 3.0 GPA are strongly encouraged to apply to the MIT program outlined below.

### ADMISSION REQUIREMENTS

All applicants to the Woodring College of Education undergraduate and post-baccalaureate teacher education programs must be formally admitted to and currently enrolled at Western Washington University or must apply to Western for the same quarter they apply to teacher education. Woodring College teacher education program application materials are available in Miller Hall 206 and are also printable from [www.wce.wvu.edu/Admiss](http://www.wce.wvu.edu/Admiss).

The requirements listed below are minimum application criteria. Enrollment restrictions apply to teacher education programs.

Meeting the following requirements makes the applicant eligible for admission consideration but does not guarantee admission. Students who meet all criteria are further evaluated to determine the most qualified applicants. Students will be evaluated on all information provided with the application, including required copies of transcripts from all prior colleges.

Application criteria:

- Completion of at least 75 quarter credits of college-level course work
- Cumulative grade point average of 2.75 or higher over all college-level work or over the last 45 credits
- Passing score on all three subtests (reading, mathematics, writing) of the Washington Educator Skills Test-Basic (WEST-B). Visit the WEST-B Web site at [www.west.nesinc.com](http://www.west.nesinc.com) for more information
- Completion of an English composition course with a grade of B (3.0) or higher
- Adequate academic major preparation. Please see an advisor from the academic major department prior to submitting an application to Secondary Education or consulting with a Secondary Education advisor. The academic major departments will participate in file review and recommendations for admission
- Consideration will be given to those applicants with endorsements in academic areas of current critical need

### ADVISEMENT AND ORIENTATION

Upon acceptance, each student is assigned an advisor in his or her education program. **All newly accepted students must attend a required orientation and advising session before beginning first quarter classes.** Students may be dropped from Secondary Education for failing to attend the required orientation.

### PROGRAM RETENTION

Students admitted to the Woodring College of Education must meet specified requirements throughout the course of their teacher education program in order to remain in the program.

#### *Requirements Upon Program Admission*

- Completion of an *Institutional Application for a Teacher's Certificate and Character and Fitness Supplement*, and background checks as described below under Character and Fitness
- Completion of the Woodring College of Education prevention of sexual harassment training
- Completion of the Woodring College of Education blood-borne pathogens training

#### *Character and Fitness*

The Washington Administrative Code requires applicants for teacher certification to give evidence of "good moral character and personal fitness." Students provide evidence of character and fitness through two separate but related processes:

- Institutional Application for a Teacher's Certificate and Character and Fitness Supplement, provided to students upon acceptance into the program. The application for certification requires candidates to answer questions regarding professional fitness, criminal history and personal conduct. Students with "yes" responses must report to the certification officer in Miller Hall 202 before registering for classes.

- Washington State Patrol and FBI background checks through a fingerprinting process. Procedures and fee information are provided to students upon acceptance into the program.

**No student in a teacher education program may participate in a University-sponsored activity in the public schools until cleared by the Washington State Patrol, or in some cases, investigated and then cleared by the Washington State Office of Superintendent of Public Instruction.** Clearances are validated for specified time frames. Students must maintain character and fitness clearance until they have been recommended for a residency teacher certificate following completion of the teacher education program.

In addition to the Washington state character and fitness requirements noted above, students must abide by the Woodring College of Education conduct policies acknowledged in the Student Conduct and Requirements Agreement, which is submitted with program application materials.

### GENERAL RETENTION REQUIREMENTS

- Students must maintain at least a 2.75 GPA (graduate students a 3.0 GPA), beginning with the quarter they are notified of admission to Secondary Education. This requirement applies even to quarters where no education courses are being taken. Students who fail to meet this standard will receive a letter advising them that they have been dropped from the program. Grade point average for the academic major or minor may differ among academic departments
- Students must earn a grade of C (2.0) or better in both the professional education sequence and in all courses required for the endorsement
- Students must successfully complete a minimum of one certification course each calendar year
- Students must demonstrate a high level of competence in the English language. Those who have a difficulty in their verbal and/or written communications should expect to seek remediation before beginning the internship
- Students are responsible for compiling a portfolio illustrating the quality of their work in each professional education class. This portfolio will be submitted to the instructor of the SEC 432 (SEC 533 for graduate students) course prior to the internship
- Students must complete all certification and endorsement course work
- Students are required to conduct themselves in a professional manner, in terms of moral code, use of written or verbal language, abstention from sexual harassment, gender, ethnic and racial bias
- Successful attainment of these general retention requirements is necessary before beginning the internship

### PROGRAM COMPLETION

To qualify for program completion and recommendation for state of Washington residency certification, students must complete the following requirements and assessments:

- A baccalaureate or higher-level degree from a regionally accredited college or university
- A state-approved, performance-based teacher preparation program that includes preparation in and endorsable subject area, teaching methodology, and an internship
- Evidence of good moral character and personal fitness
- Minimum scores set by the state of Washington on the Washington Educator Skills Test (WEST-E Praxis) for the

## SECONDARY EDUCATION

primary endorsement area(s) required by the teacher preparation program

- Completion of the Washington Performance-based Pedagogy Assessment
- Successful completion of the student teaching internship as shown by performance on the WWU Intern Development and Evaluation System (IDES)

### UNDERGRADUATE AND POST-BACCALAUREATE CERTIFICATION PROGRAM

Course work: 40 credits

- PSY 371 (4)
- PSY 373 (4)
- EDF 310 (4)
- EDF 411 (4)
- SPED 363b (3)
- IT 444b (3)
- SEC 410 (2)
- SEC 425 (4)
- SEC 431 (4)
- SEC 431a (2)
- SEC 432 (4)
- SEC 432a (1)
- SEC 433 (1)

Internship: 24 credits

- SEC 495 (see *Internships* below)

**NOTE:** When students complete the professional preparation program, the dean of Woodring College of Education is required to forward an affidavit to the Office of the Superintendent of Public Instruction affirming that faculty within the College “have no knowledge of any relevant information related to the applicant’s character or fitness that would adversely affect the applicant’s ability to serve in a certified role.”

### MIDDLE SCHOOL EMPHASIS

An emphasis on middle schools is offered as a part of either the Elementary or Secondary certification programs. This set of courses leads to documentation from Woodring that the student has studied middle level issues.

- SEC 450 Introduction to Middle Schools
- SEC 451 Curriculum and Instruction in Middle Schools (replaces 431)
- SEC 451a Intensive Middle School Practicum (replaces 431a)

### MASTER’S IN TEACHING PROGRAM (WITH RESIDENCY CERTIFICATION)

The Secondary Education department offers a Master’s in Teaching (MIT) program to students who have completed a baccalaureate degree from an accredited college or university with an *endorsable major* (see *Choosing an Academic Major*, above). This program combines many of the requirements of certification with course work required for the masters. The graduate program advisor, in conference with the individual student, creates a graduate plan of study which is kept on file in the Graduate office. Additional certification courses beyond those required for the master’s degree lead to the residency teaching certificate. The program is also offered off campus in Seattle.

### PROGRAM LENGTH

All requirements for the degree must be completed within five years of the initial quarter of registration. Normally, full-time graduate students complete the program in approximately two years. This time frame could be extended if additional course work is needed to meet department or state endorsement requirements.

### ADMISSION REQUIREMENTS

- Credits
  - Completion of a baccalaureate degree from an accredited college or university with an *endorsable major* (see list)
- Grade Point Average
  - A 3.0 cumulative grade point average (GPA) determined on the basis of the student’s most recent 90 quarter hour credits or 60 semester hour credits, including upper-division post-baccalaureate course work
- Entrance Tests
  - Minimum test scores on the GRE or the MAT. Test scores are established by the department: GRE General Test with combined score of 1,000 on the Verbal and Quantitative and minimum of 4.5 on the Analytical; MAT score of 45 (GRE preferred); applicants who have advanced degrees (i.e., JD, master’s, PhD) are exempt from this requirement.
  - Minimum passing scores on all three subtests (reading, math, writing) of The Washington Educator Skills Test - Basic (WEST-B). For information on test dates and location, registration and fees, check the WEST-B Web site at [www.west.nesinc.com](http://www.west.nesinc.com). Out-of-state applicants may be considered for provisional admission to the MIT prior to completing the WEST-B; however, if admitted, students would be required to register for the WEST-B during the first quarter in the program. Admission is provisional until passing the WEST-B
- Résumé
- Letters of Recommendation
  - Three letters of recommendation that address 1) your educational potential to do graduate-level course work; 2) your successful experience with adolescents and your experience with diverse populations; and 3) character and maturity
- English Competency
  - Completion of an approved English composition course, with a grade of B or higher. English 101, 201, 202 and 301 at Western or equivalent courses fulfill this requirement
- A personal statement that describes your experience(s) with adolescents and background as it applies to the teaching profession. Include any and all background or experiences you have had with diverse, multicultural populations
- An interview with Secondary Education faculty
- Student Conduct
  - The *Student Conduct Requirements and Agreement* portion of the supplemental Woodring College application must be completed

When students complete the professional preparation program, the dean of Woodring College of Education is required to forward an affidavit to the Office of the Superintendent of Public Instruction affirming that faculty within the college “have no knowledge of any relevant information related to the applicant’s character or fitness that would adversely affect the applicant’s ability to serve in a certificated role.

## ADMISSIONS PROCEDURES

Students who wish to pursue a Master's in Teaching degree in Secondary Education with certification must apply first for admission to the Graduate School and upon admission to the Graduate Secondary program complete a supplemental application for the Woodring College of Education. See the *Graduate School* section of this catalog.

Applicants may obtain an application for admission by writing to: Graduate School Admissions, Old Main 430, MS-9037, Western Washington University, Bellingham, WA 98225. The deadlines for each respective quarter are as follows:

- April 1 — for admission fall quarter
- October 1 — for admission winter quarter
- February 1 — *for admission to the Seattle program summer quarter only. For information, see the Web site, [www.wcu.edu/Resources/CRS/SecEdME.html](http://www.wcu.edu/Resources/CRS/SecEdME.html) or call (206) 729-3257*

## ADVISEMENT AND ORIENTATION

Upon acceptance, each student is assigned an advisor in his or her education program. **All newly accepted students must attend a required orientation and advising session before beginning first quarter classes.** Students may be dropped from Secondary Education for failing to attend the required orientation.

## PROGRAM RETENTION

Program retention requirements for the MIT are the same as for the undergraduate and post-baccalaureate certification program, and may be found in that section of this catalog.

## PROGRAM COMPLETION

Program completion requirements for the MIT are the same as for the undergraduate and post-baccalaureate certification program, and may be found in that section of this catalog.

### Master's in Teaching Program (with Residency Certification)

- Research Course (1-6 cr)
  - SEC 691

## ACADEMIC MAJOR

While students in the MIT program have completed an academic major as part of their undergraduate degree, it is necessary to have transcripts evaluated to determine whether additional course work is required to meet state or department requirements. Students should contact the academic major endorsement advisor at Western to arrange this evaluation.

## INTERNSHIPS

All secondary internships are a **semester** in length and require students to teach under the direct supervision of a certified teacher in a school setting. While sequences of activities differ within different placements, generally speaking, interns spend time early in the semester being acclimated to the school, students and affiliated clinical faculty (cooperating teacher), and begin teaching by assuming responsibility for one class per day for a period of time and gradually work toward assuming responsibility for teaching four to five classes per day for the final eight to ten weeks of the semester.

Teaching internships will begin upon completion of all certification course work and upon a recommendation of the secondary faculty. The secondary faculty review the list of interns for the forthcoming semester internship and review the portfolios of any students whom they feel may not be competent to student teach.

Recommendation by the secondary faculty is based on an evaluation of the student's competence in the following:

- written communication
- verbal communication
- presentation skills
- working with students from racial and ethnic populations other than his/her own, and with special needs students
- academic major requirements
- student portfolio

Should the faculty question the readiness of the student for the internship, a conference with a faculty review committee will be arranged, at which time faculty concerns will be presented to the student. The student will have the opportunity to defend the materials viewed by the faculty and bring forth any supporting evidence. Following the conference the faculty will make one of the following decisions: 1) approval to begin the internship, 2) develop a plan for monitoring specific behaviors during the internship, 3) develop a plan for remediation, delaying the internship, or 4) drop the student from the program.

The semester internship spans two academic quarters. Students must successfully complete the entire semester to receive credit for the internship and recommendation for certification.

## APPLICATION FOR INTERNSHIP

The Office of Field Experiences is the service agency of the College of Education which seeks placements for prospective interns. OFE does not guarantee placements and reserves the right to place students anywhere within the WWU service area. Placement in a school is contingent on:

- Fulfillment of all requirements (satisfactory academic work, education program course work, and practica)
- Submission of scores on the WEST-E Praxis tests in their endorsement areas (beginning fall 2005)
- Availability of placements and supervision in specific subjects, grade levels, and specific geographic area
- Acceptance by K-12 school personnel

## SECONDARY EDUCATION

□ Fingerprint clearance through the end of the internship  
Students are required to interview with the certified teacher and/or school administrator at the school where the placement is being considered. A maximum of three interviews for an internship placement are arranged by OFE. Any subsequent placement after a voluntary or nonvoluntary withdrawal from an internship is granted only by faculty recommendation following a case conference.

Time commitment to the internship requires seven clock hours daily Monday through Friday plus preparation time, seminars, and responsibilities outside the school. Students should not register for other course work, hold jobs, or obligate themselves to time-demanding commitments without the approval of the department chair and OFE.

Students must submit an application for an internship placement to OFE in January of the year prior to registering for the course. All out-of-area or special placement requests require a petition. Applications, placement locations, petitions, and other information are available in the Office of Field Experiences in Miller Hall 206.

### COURSES IN SECONDARY EDUCATION (SEC)

*Courses numbered X37; X97; 300, 400; 417 445 are described on page 31 of this catalog.*

#### 410 DYNAMICS OF TEACHING (2)

Prereq: admission to Secondary Education. Required of all secondary students the first quarter in the program. Methods and active learning of the use of visuals, vocals and verbals in becoming a better teacher/communicator in order to perfect teaching-learning as an expressive art. Examines differences in usage of the 3 "Vs" within multiple cultures.

#### 415 ANALYSIS AND STRATEGIES OF TEACHING (3-5)

Prereq: one course from the educational psychology or foundations area, or permission of instructor. Systematic study of teaching; observation; analysis and development of teaching skills and strategies; individual projects.

#### 423 CURRICULA IN BASIC LANGUAGE ARTS SKILLS IN SECONDARY SCHOOLS (3)

Prereq: admission to a professional studies program. Designed for those who will be working in development and implementation of curricula to meet new accountability standards. Involves study of these standards and work with actual public school materials.

#### 425 DEVELOPMENTAL READING, WRITING AND LEARNING IN SECONDARY SCHOOLS (4)

Prereq: admission to Secondary Education. Developmental reading, writing and learning skills and strategies specific to content area instruction in the secondary school. Techniques for assessing literacy levels, making appropriate referrals and, if necessary, prescribing appropriate remedial action. Evolution of literacy definitions, integration of reading, writing and communication EALRs into instruction and assessment. Includes supervised field experience working with ninth-12th grade students from diverse socioeconomic and ethnic backgrounds as well as students with special learning needs.

#### 426 SOCIAL STUDIES FOR THE SECONDARY SCHOOL (4)

Prereq: SEC 431 or 532. Social studies methods, resources, curriculum, objectives, planning. For secondary certification.

#### 427 LAW-FOCUSED TEACHING AND CURRICULUM (1-5)

Prereq: junior status. Course to enable teachers to teach about criminal justice system, police, juvenile justice, consumer law, due process, et cetera. Provides teachers with tested classroom procedures, substantive law and field experience with justice agencies. Repeatable under different topics.

#### 428 SOCIAL STUDIES IN THE SECONDARY CURRICULUM (3)

Prereq: teaching experience or permission of department. Functions, programs and materials in the social studies.

#### 429a,b,c INNOVATIVE TECHNIQUES IN SOCIAL STUDIES (1-4)

Prereq: SEC 431 or teaching experience. Designed for pre-service and in-

service teachers. Materials and techniques to effectively teach social studies methods courses: a) discussion, primary sources, simulations, map use; b) integration of social studies content, current events, inquiry, service learning; c) using technology to teach social studies.

#### 431 INSTRUCTION IN SECONDARY SCHOOLS — METHODS I (4)

Prereq: SEC 410, 425; prereq or concurrent, IT 444b and PSY 373; co-req SEC 431a or 434. Secondary curricula, lesson and unit planning, instructional strategies. Introduces methods to infuse multicultural perspective into instruction and use of multicultural educational resources.

#### 431a MIDDLE LEVEL PRACTICUM (2)

Prereq: concurrent registration in SEC 431 or 532. Assist in a local middle school up to 5 hours per week. Various teacher roles are experienced. Attention during practicum is given to students from diverse cultures. One-hour seminar per week. S/U grading.

#### 432 INSTRUCTION IN SECONDARY SCHOOLS — METHODS II (4)

Prereq: SEC 425, 431; concurrent registration in SEC 432a, 433. Management, motivation, discipline, assessment and evaluation strategies. Issues related to school law; teachers' rights and responsibilities. Explores how overall curriculum addresses and supports the many aspects of diversity.

#### 432a SECONDARY SCHOOL PRACTICUM (1)

Co-req: concurrent registration in SEC 432 or 534. Students assist in a local high school up to 5 hours per week. Various teacher roles are experienced. Attention to the practicum is given to interaction with students from diverse cultures. S/U grading.

#### 433 PEER TEACHING LABORATORY (1)

Prereq: SEC 431 or 532; co-req: concurrent registration in SEC 432. Videotaped lesson presentations; peer, instructor, and self-evaluations. S/U grading.

#### 434 SERVICE LEARNING (1-2)

Introduction to the pedagogy of service learning. Addresses the definition, rationale, service-learning techniques, and assessment. Students articulate their own proposed service-learning curriculum. A 2-credit option for the course includes field-based practicum working with a school that is implementing a service-learning program. S/U grading.

#### 450 INTRODUCTION TO MIDDLE SCHOOLS (4)

Prereq: admission to Woodring College of Education. Designed to give students an overview of middle school curriculum and instruction. Examines various forms of curricula currently used in middle schools, developmental issues concerning middle school students and appropriate instructional strategies. Provides an opportunity to closely examine issues through on-site visits to middle schools in the area.

#### 451 CURRICULUM AND INSTRUCTION IN MIDDLE SCHOOLS (4)

Prereq: admission to the Woodring College of Education; EDF 310, PSY 351 and either PSY 316, 352 or 353 (also SEC 410 for secondary students). Interdisciplinary middle school curricula; team planning strategies; thematic unit and lesson development; instructional and skill building strategies.

#### 451a INTENSIVE MIDDLE SCHOOL PRACTICUM (3)

Prereq: admission to the Woodring College of Education; SEC 450. In-school observation with a focus on the needs of early adolescents; assisting teachers in their classrooms. Reflective journal writing and individual inquiry projects required. S/U grading.

#### 464 MULTICULTURAL EDUCATION FOR TEACHERS (4)

Preparation for teaching in a multicultural society. Participants will learn how to design a curriculum that reflects diversity and an instructional methodology that promotes the learning of diverse students.

#### 480 EVALUATING PUPIL GROWTH (3)

Prereq: teaching experience or permission of instructor; for experienced teachers and research workers. Evaluative techniques related to significant or complex objectives; assessing outcomes of innovative teaching.

#### 481 WORKING WITH STUDENT TEACHERS (3)

Prereq: teaching experience. Techniques for the orientation of student teachers, major problems which confront student teachers, and evaluation of their achievement.

#### 490 TEACHING LABORATORY (4)

Prereq: permission of program advisor. Diagnosis of students, lesson preparation, videotaped peer teaching, analysis of teaching, lesson redesign.

#### 490a SEPTEMBER EXPERIENCE (2-3)

Prereq: permission of department. Observation and participation in the

opening of school. S/U grading.

#### **491 PUBLIC SCHOOL PRACTICUM (4)**

Coreq: SPED 462b. Practicum experience in a school setting. Designed to provide students with the opportunity to practice and receive feedback on instruction, management, assessment, and professionalism.

#### **495 INTERNSHIP — SECONDARY (2-18)**

Prereq: recommendation for supervised teaching. Supervised teaching experience to develop and demonstrate teaching competence at the junior high/middle school or senior high school level. Interact with diverse students and utilize planning and teaching strategies which attend to needs of diverse populations. Repeatable to a maximum of 24 credits. S/U grading.

### **Graduate Courses**

*Courses numbered 500, 517, 545, 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

#### **518 CURRENT ISSUES IN EDUCATION (1-5)**

Prereq: graduate status or permission of instructor. Examination and discussion of current issues in contemporary education. Repeatable.

#### **520 TEACHING AND ADMINISTERING IN SCHOOLS ABROAD: K-12 (3)**

Practicum of education in various countries abroad. Preparation includes reading, test questions, research paper assignment spring quarter. Practicum requires supervised team teaching and/or administering in a school for one week.

#### **521 SUMMER STUDY ABROAD (6)**

Lectures and experiences in philosophy, administration, culture, history and curriculum integration in various schools abroad. Seminars on how principles and practices in schools abroad can be adapted to the context of U.S. schools. Culminating project is required.

#### **524 SEMINAR IN SECONDARY SCHOOL LANGUAGE ARTS CURRICULUM (2-4)**

Planning and developing curriculum in language, literature and composition. Advanced study in specialized curriculum design and materials.

#### **525 CONTENT READING, WRITING AND COMMUNICATION IN SECONDARY SCHOOLS (4)**

Prereq: admission to Secondary Master's in Teaching program or permission of graduate advisor. Techniques for assessing and teaching the Essential Academic Learnings in reading, writing and communication specific to content area instruction in the secondary school. Evolution of literacy definitions, knowledge base for making appropriate referrals and, when necessary, prescribing remedial action. Includes supervised field experience with ninth-12th grade students from diverse socioeconomic and ethnic backgrounds as well as students with special learning needs.

#### **530 TEACHER AS COMMUNICATOR (4)**

Prereq: admission to graduate program or permission of program advisor. Methods and means of becoming a more effective communicator. Examination and practice of communications skills: speaking, writing, reading and listening as a part of the teaching/learning process. Review of current research in area of teacher communication practices.

#### **531 TEACHING ADOLESCENTS (4)**

Prereq: permission of program advisor. Advanced study of adolescents in educational settings. Application of the biopsychosocial theories of development of the adolescent to secondary classroom teaching and learning. Define and examine multicultural issues and their effect on the developing adolescent. Communicate and interact with parents and community agencies to support student learning. Includes community service learning component.

#### **532 CURRICULUM AND INSTRUCTION IN SECONDARY SCHOOLS (4)**

Prereq: SEC 531; co-req: SEC 431a or 434. Planning and development of curriculum. Advanced study of curriculum design, instructional strategies, unit planning and lesson design. Emphasis on current studies and trends. Introduces methods to infuse multicultural perspective into instruction and the use of multicultural educational resources. Independent research.

#### **533 ASSESSMENT AND PROFESSIONAL DEVELOPMENT IN SECONDARY SCHOOLS (4)**

Prereq: SEC 525, 532. Design effective lessons, study a variety of assessment strategies. Create curricula and assessments that address and support the many aspects of diversity. Student portfolio review, certification requirements, legal rights and responsibilities of the profession.

#### **534 MANAGEMENT, MOTIVATION AND DISCIPLINE IN THE SECONDARY SCHOOLS (4)**

Prereq: SEC 431a, 525, 532; co-req: SEC 432a. Theories of adolescent development, including issues of diversity as a basis for creating effective learning environments. Emphasis on classroom models of management, creating an individual management plan, and the importance of student motivation.

#### **555 MIDDLE SCHOOL CURRICULUM DESIGNS AND INSTRUCTIONAL STRATEGIES (4)**

Current trends in middle-level education; includes a review of developing curriculum ideas endorsed by the National Middle School Association. Physical, social and emotional growth of early adolescents; instructional strategies for middle-level schools; requires topical or action research project.

#### **580 SEMINAR IN SECONDARY CURRICULUM (4)**

Prereq: admission to graduate school or permission of program advisor. Historical and philosophical perspectives on school curriculum as these relate to modern curricula.

#### **582 ANALYSIS OF RESEARCH IN SECONDARY EDUCATION (4)**

Prereq: graduate status; EDU 501. Examination and analysis of research related to contemporary issues in secondary education.

#### **590 SEMINAR IN ANALYZING TEACHING AND SUPERVISION (3)**

Prereq: SEC 481 or permission of department. Advanced studies in the principles of supervision; utilization of instructional resources and the evaluation and improvement of teaching.

#### **595 GRADUATE INTERNSHIP (2-18)**

Prereq: permission of department. Supervised teaching experience to develop and demonstrate teaching competence at the middle or senior high school level. Interact with diverse students and utilize planning and teaching strategies which attend to needs of diverse populations. Repeatable to a maximum of 24 credits. S/U grading.

#### **598 ADVANCED PRACTICUM: SECONDARY EDUCATION (2-12)**

Prereq: permission of graduate advisor. Supervised teaching performance. Participants develop plans and procedures designed for the improvement of instruction and submit a plan to the course instructor and appropriate public school authority for classroom implementation and evaluation. Repeatable to a maximum of 12 credits. S/U grading.

#### **639 CURRENT TOPICS IN EDUCATION (1-5)**

Prereq: master's degree and permission of instructor. Studies of current topics in Secondary Education.

#### **690 THESIS (1-9)**

Prereq: advancement to candidacy and approval of the student's graduate committee. Research study under the direction of a faculty committee. Repeatable to a maximum of 9 credits. S/U grading.

#### **691 RESEARCH SEMINAR (1-6)**

Prereq: approval of the student's graduate committee or program advisor. Graduate research under the direction of a program advisor/committee. Repeatable to a maximum of 6 credits. S/U grading.

# SPECIAL EDUCATION

The Department of Special Education offers professional education programs that lead to recommendation to the Office of the Superintendent of Public Instruction for residency teacher certification in the state of Washington. The programs in special education are designed to *prepare thoughtful, knowledgeable, and effective special education teachers for a diverse society.*

Consistent with state and national standards for what special education teachers should now and be able to do, the curriculum is a carefully sequenced professional program that is grounded in current research on effective teaching and learning.

Programs which address residency teacher certification require students to complete an academic major, the teacher certification sequence and an internship. Special Education offers two academic majors: Special Education and Early Childhood Special Education. Upon completion of the program, successful candidates will be recommended to the Certification Office of the Superintendent of Public Instruction to receive a certificate to teach in their endorsement area(s).

## Information

Individuals interested in teacher certification can obtain information from the Web site at [www.wce.wvu.edu/Admiss](http://www.wce.wvu.edu/Admiss). Inquiries should be directed to the Woodring College Teacher Education Admissions Office, Miller Hall 206, phone 360-650-3313, e-mail address [TeacherEdAdmissions@wwu.edu](mailto:TeacherEdAdmissions@wwu.edu). Written inquiries may be addressed to Teacher Education Admissions, Western Washington University, MS-9090, 516 High St., Bellingham, WA 98225-9090.

Information about special education programs may be obtained by visiting the department Web site at [www.wce.wvu.edu/Depts/SPED](http://www.wce.wvu.edu/Depts/SPED). Applicants who wish to speak with a faculty advisor may request an appointment through the special education department in Miller Hall 320 or by phone at 360-650-3981 or by e-mail to [Pam.Hamilton@wwu.edu](mailto:Pam.Hamilton@wwu.edu).

Those persons interested in graduate programs in special education should consult the *Graduate School* section of this catalog or contact the Graduate School directly, phone 360-650-3170, e-mail [gradschl@wwu.edu](mailto:gradschl@wwu.edu). Written inquiries may be addressed to the Graduate School, Old Main 530, MS-9037, Western Washington University, 516 High St., Bellingham, WA 98225-9037.

## SPECIAL EDUCATION FACULTY

**KRISTINE L. SLENTZ** (1989) Chair and Professor. BA, State University of New York; MA, PhD, University of Oregon.

**LAURENCE ANTIL** (1997) Lecturer. BS, Fitchberg State College; MA, Charles Stuart University; PhD, University of Washington.

**CHARLES ATKINSON** (1976) Associate Dean, Woodring College of Education, and Associate Professor. BAEd, MEd, Central Washington State College; EdD, Utah State University.

**HEATHER COCHRAN** (1998) Affiliated Teaching Faculty. BA, University of Massachusetts; MEd and Teacher Certification, Western Washington University.

**SHEILA FOX** (1977) Professor. BA, Western Washington State College; MEd, PhD, University of Washington.

**KENNETH W. HOWELL** (1988) Professor. BA, MA, Arizona State University; PhD, University of Oregon.

**KEITH J. HYATT** (2002) Assistant Professor. BS, MS, University of Idaho; EdS, EdD, University of Nevada-Las Vegas.

**BRIDGET KELLEY** (1995) Visiting Assistant Professor. BS, University of Pittsburgh; MEd, Arizona State University; PhD, University of Washington.

**WILLIAM H. LAY** (educational foundations) (1986) Lecturer. BA, University of Montana; MEd, Western Washington University.

**LAWRENCE W. MARRS** (1984) Professor, Woodring College of Education. BS, MS, University of Utah; PhD, University of Texas.

**KARNA L. NELSON** (1987) Affiliated Teaching Faculty. BA, MA, Arizona State University.

**VICTOR NOLET** (1997) Associate Professor and director of ARDC. BA, MEd, University of Maine; PhD, University of Oregon.

**JENNY PARKER** (2003) Lecturer. BA, University of Washington; MEd, Antioch University, Seattle.

**KAY PRICE** (1984) Affiliated Teaching Faculty. BA, MA, Western Washington University.

**LEANNE K. ROBINSON** (2002) Assistant Professor. BAEd, Central Washington University; MEd, Western Washington University.

**LINDA SCHLEEF** (1997) Affiliated Teaching Faculty. BAEd, MEd, Western Washington University.

**BETH STICKLEY** (2003) Lecturer. BA, University of Northern Iowa; MEd, Western Washington University.

## SPECIAL EDUCATION PROGRAMS

Students at Western Washington University may choose from four teacher preparation programs that result in a residency certification with an endorsement to teach special education in the state of Washington.

- Early Childhood Special Education Major
  - Completion of this major and the required professional education courses result in a BA in Education with a teaching certificate and endorsements in Early Childhood Special Education Preschool through Grade 3 (P-3) and Special Education Preschool through Grade 12 (P-12), with the option of adding Elementary Education Preschool through Grade 3 (P-3)
- Special Education Major
  - Completion of this major and the required professional education courses result in a BA in Education with a teaching certificate and an endorsement in Special Education Preschool through Grade 12 (P-12)
- Special Education Major and Elementary Education Endorsement
  - Completion of this major and the elementary professional courses results in a BA in Education with a teaching certificate and endorsements in Special Education (P-12) and Elementary Education (K-8)
- Special Education and Secondary Education Endorsement
  - Completion of course work leading toward P-12 Special Education endorsement can be arranged in coordination with the secondary education department advisor

## CERTIFICATION

The Washington Administrative Code specifies the requirements for earning a Washington state teacher certificate. State-approved preparation programs and certification requirements align with state learning goals and essential academic learning requirements, and require candidates to demonstrate that they have made a positive impact on student learning. First-level residency certification programs are designed around the standards of foundational knowledge, effective teaching, and professionalism. Second-level professional certification programs are designed around the standards of effective teaching, professionalism, and leadership. Teacher certificates

are issued by the state, upon the recommendation of the regionally accredited college or university where the candidate completed a state-approved preparation program.

**State requirements for teacher certification at the time of completion of a student's program will supersede those outlined in this catalog.** These changes may affect the time it takes for a student to complete the teacher education program.

### *Residency Teacher Certification*

The first-level residency certificate is awarded to new teachers upon the completion of these general requirements:

- A baccalaureate or higher-level degree from a regionally accredited college or university
- A state-approved, performance-based teacher preparation program that includes preparation in an endorsable subject area, teaching methodology, and an internship
- Evidence of good moral character and personal fitness

Candidates for residency certification must pass a subject knowledge assessment, the Washington Educator Skills Test-Endorsements (WEST-E Praxis) to receive an endorsement for certification. Western Washington students who will complete their teacher certification program requirements later than summer 2005 are subject to this requirement. The WEST-E Praxis is administered by Educational Testing Services (ETS). For information on test requirements, registration, fees, and test dates and locations, refer to this ETS Web site, [www.ets.org/praxis/prxwa.html](http://www.ets.org/praxis/prxwa.html). Candidates for residency certification must also complete the state of Washington performance-based Pedagogy Assessment during the student teaching internship.

Residency certificates are valid for five years and may be renewed once for a specified term, provided state criteria are met. Application for the residency certificate is made to the Woodring College of Education Certification Office, Miller Hall 216, 360-650-4930, no later than three months prior to the start of the internship.

### *Professional Teacher Certification*

The second-level professional certificate is awarded to experienced teachers who hold a valid residency certificate, and who complete a state-approved, performance-based professional certification program or earn national board certification through the National Board for Professional Teaching Standards. For further information contact the Woodring College of Education certification officer at 360-650-4630, Miller Hall 202.

## ENDORSEMENTS

An *endorsement* identifies the subject matter a teacher is prepared and authorized by the state to teach. One endorsement is required for residency certification. Courses required for a state teaching endorsement and the professional education sequence must be completed with a grade of C (2.0) or better. Special Education students must complete a major that results in an endorsement to teach Special Education (P-12) or Early Childhood Special Education (P-3), as noted above. Requirements for additional endorsements may be completed with the academic major as outlined above. For information on additional endorsement programs offered throughout the University, contact the Woodring College of Education certification officer at 360-650-4630, Miller Hall 202.

## PROGRAM LENGTH

Time to completion of the Special Education major and teacher certification, after completion of all GUR requirements or an

Associate of Arts degree from a state of Washington community college, varies from two to three years. Students earning both Special Education P-12 and Elementary Education K-8 should plan on approximately 8 to 9 academic quarters. Western students who apply to Teacher Education programs should have satisfied most of the General University Requirements (GURs). Transfer students from a community college should have satisfied all of the GURs and preferably have received an AA degree.

## ADMISSION REQUIREMENTS

All applicants to the Woodring College of Education undergraduate and post-baccalaureate teacher education programs must be formally admitted to and current enrolled at Western Washington University or must apply to Western for the same quarter they apply to teacher education. Woodring College teacher education program application materials are available in Miller Hall 206 and are also printable from [www.wce.wvu.edu/Admiss](http://www.wce.wvu.edu/Admiss).

The requirements listed below are minimum application criteria. Enrollment restrictions apply to teacher education programs. Meeting the following requirements makes the applicant eligible for admission consideration but does not guarantee admission. Students who meet all criteria are further evaluated to determine the most qualified applicants. Students will be evaluated on all information provided with the application, including required copies of transcripts from all prior colleges.

Application criteria:

- Completion of at least 45 quarter credits of college-level course work
- Cumulative grade point average of 3.0 or higher over all college-level course work or over the last 45 credits. Students with a cumulative GPA between 2.75 and 2.99 may be reviewed for possible consideration. They should consult with a Special Education advisor before applying
- Passing scores on all three subtests (reading, mathematics, writing) of the Washington Educator Skills Test-Basic (WEST-B). Visit the WEST-B Web site at [www.west.nesinc.com](http://www.west.nesinc.com) for more information
- Completion of an English composition course with a grade of B- (2.7) or higher
- Completion of an acceptable public speaking course with a grade of B- (2.7) or higher
- Completion of five full days of classroom observation in a public school. The observation form is available in Miller Hall 206 and from the Web site at [www.wce.wvu.edu/Depts/SpEd/Admiss.shtml](http://www.wce.wvu.edu/Depts/SpEd/Admiss.shtml)
- It is recommended that all students seek advisement from the special education department prior to submitting an application to best satisfy the collection criteria. Experiences with children, strong interpersonal communication skills, and other skills helpful in teaching children are considered

## ADVISEMENT AND ORIENTATION

Upon acceptance, each student is assigned an advisor in his or her education program. Students are required to make an advising appointment before registering for their first quarter of classes. **Additionally, all accepted students must attend a required orientation.** Students may be dropped from Special Education for failing to attend the required orientation.

## PROGRAM RETENTION

Students admitted to the Woodring College of Education must

## SPECIAL EDUCATION

meet specified requirements throughout the course of their teacher education program in order to remain in the program.

### *Requirements Upon Program Admission*

- Completion of an Institutional Application for a Teacher's Certificate and Character and Fitness Supplement, and fingerprinting by the Washington State Patrol as described below under *Character and Fitness*
- Completion of the Woodring College of Education prevention of sexual harassment training
- Completion of the Woodring College of Education blood-borne pathogens training

### *Character and Fitness*

The Washington Administrative Code requires applicants for teacher certification to give evidence of "good moral character and personal fitness." Students provide evidence of character and fitness through two separate but related processes:

- An Institutional Application for a *Teacher's Certificate and Character and Fitness Supplement*, provided to students upon acceptance into the program. The application for certification requires candidates to answer questions regarding professional fitness, criminal history and personal conduct. Students with "yes" responses must report to the certification officer in Miller Hall 202 before registering for classes.
- Washington State Patrol and FBI background checks through a fingerprinting process. Procedures and fee information are provided to students upon acceptance into the program

**No student in a teacher education program may participate in a University-sponsored activity in the public schools until cleared by the Washington State Patrol, or in some cases, investigated and then cleared by the Washington State Office of the Superintendent of Public Instruction.**

Clearances are valid for specified time frames. Students must maintain character and fitness clearance until they have been recommended for a residency teacher certificate following completion of the teacher education program.

In addition to the Washington state character and fitness requirements noted above, students must abide by the Woodring College of Education conduct policies acknowledged in the *Student Conduct Requirements and Agreement*, which is submitted with program application materials.

### *General Retention Requirements*

- Students must maintain at least a 2.75 quarterly GPA beginning the quarter they are notified of admission to Special Education. This requirement applies even to quarters when no education courses are being taken. Students who fail to meet this standard will receive a letter advising them they have been dropped from the program
- Students must earn a grade of C (2.0) or better in both the professional education sequence and in all courses required for the endorsement
- Students must understand and demonstrate a high level of competence in use of the English language. Those who have difficulty in their verbal and/or written communications should expect to seek remediation before beginning the internship
- Students must complete all certification and endorsement course work prior to the internship

## PROGRAM COMPLETION

To qualify for program completion and recommendation for state of Washington residency certification, students must complete the following requirements and assessments:

- A baccalaureate or higher-level degree from a regionally accredited college or university
- A state-approved, performance-based teacher preparation program that includes preparation in an endorsable subject area, teaching methodology, and an internship
- Evidence of good moral character and personal fitness
- Minimum scores set by the state of Washington on the Educator Skills Test (WEST-E Praxis) for the primary endorsement area(s) required by the teacher preparation program
- Completion of the Washington Performance-based Pedagogy Assessment
- Successful completion of the student teaching internship as shown by performance on the WWU Intern Development and Evaluation System (IDES)

## BACHELOR OF ARTS IN EDUCATION

### *Major — Special Education — P-12*

99-100 credits

When taken as an academic major, this plan of study leads to a certificate with endorsement to teach Special Education (P-12). Graduates are not endorsed to teach in the regular education classroom.

#### *Professional Studies Core*

21 credits

- Psychological Foundations
  - PSY 371, 372
- Social Foundations/Philosophical
  - EDF 310
- Instructional Foundations
  - SPED 320
  - SPED 394a
  - IT 444c (**Note:** IT 344 is a prerequisite)

#### *Courses in the Special Education Major*

51 credits

- SPED 360, 460, 462a, 462b, 462c, 463a, 463b, 463d, 465a, 465b, 465c, 465d, 466a, 468, 469a, 469b

#### *General Methods*

10-11 credits

- MATH 381
- ELED 424 or Eng 440
- HLED 455

#### *Special Education Internship*

16 credits (one quarter)

- SPED 498b or 498c

### *Major — Special Education — P-12 (with Endorsement in Elementary Education)*

137-138 credits

Students wishing to complete the teaching certificate with Elementary endorsement (K-8) and the Special Education major

(P-12) must complete the following course of study:

*Professional Studies Core*

22 credits

- Psychological Foundations
  - PSY371, 372
- Social Foundations/Philosophical
  - EDF 310
- Instructional Foundations
  - SPED 320
  - SPED 394a
  - IT 444c (**Note:** IT 344 is a prerequisite)

*Courses in the Special Education Major*

51 credits

- SPED 360, 460, 462a, 462b, 462c, 463a, 463b, 463d, 465a, 465b, 465c, 465d, 466a, 468, 469a, 469b

*Elementary Program (K-8)*

32-33 credits

- HLED 455
- SCED 390, 391
- MATH 381, 382
- ELED 425
- ENG 440 or ELED 424
- MUS 361, ART 380, PE 345

*Internship (two quarters)*

32 credits

- 16 credits of ELED 494 (one quarter)
- 16 credits of SPED 498b (one quarter)

**Major — Early Childhood Special Education — P-3**

102-103 credits (plus additional 20 credits of practicum/internship for teacher certification)

This major is designed to prepare personnel to work with children ages birth to eight years identified as at-risk for developmental delay and disability, and their families.

The major combines studies in Early Childhood with Special Education course work. Teacher certification candidates must complete a public school practicum, and a student teaching internship.

*Professional Studies Core*

28-29 credits

- Psychological Foundations
  - PSY 371, 372
- Social Foundations/Philosophical
  - EDF 310
- Instructional Foundations
  - SPED 320
  - SPED 394a
  - MATH 381
  - IT 444c (**Note:** IT 344 is a prerequisite)
  - ELED 435 or HEd 455

*Early Childhood Studies*

33 credits

- ELED 390, 417a (430), 417b (432), 417c (433), 431, SPED 467a

- SOC 260
- PE 308 or 443
- CSD 251 or 354

*Special Education Studies*

38 credits

- SPED 360, 460, 462a, 462b, 463d, 465a, 465b, 466a, 467b, 468, 469a, 469b

*Electives*

- Electives under advisement from psychology, sociology, anthropology, speech pathology/audiology, special education, and elementary education

*Teacher certification*

*Public School Practicum*

4 credits

- SPED 465c and 465d

*Internship*

16 credits

- SPED 498a

**INTERNSHIP**

An important experience for teaching certification candidates is the internship. Students must apply for their internship assignment in January of the year prior to the internship. They are expected to have completed a credit evaluation, a Diversity in Education requirement, the documentation of their ability to work effectively with students from racial and ethnic populations other than their own, the sexual harassment prevention education requirement, certification paperwork and a current Washington State Patrol/FBI fingerprint check before the Office of Field Experiences will seek an internship placement. Beginning fall 2005, students must submit scores on the WEST-E Praxis test in Special Education. Anyone who has been out of school for a quarter or more must meet the deadline for filing a returning student application. Students with incomplete course work or who fail to meet qualifications are subject to withdrawal from the internship.

Special Education and Early Childhood Special Education majors are required to complete one quarter of internship for 16 credits. Students enroll in either SPED 498a, 498b or 498c.

Those students combining one of the Special Education majors with endorsements in Elementary Education (K-8) must also complete an internship in a general elementary education classroom.

Students should note that the one quarter Elementary internship is completed after the one quarter Special Education internship.

During the internship, students teach under the direct supervision of a certified teacher in a school setting. They have intensive practice in integrating methods, content area knowledge and classroom organizational strategies. For the final portion of the internship, students take full responsibility for their classrooms.

The Office of Field Experiences is the service agency of the Woodring College of Education which seeks placements for prospective interns. It does not guarantee placements. Placement in a school is contingent on:

- Meeting all requirements (satisfactory academic work, education program course work, and practica and faculty recommendation)
- Availability of placements in specific grade/subject areas

## SPECIAL EDUCATION

□ Acceptance by K-12 school personnel

Students are required to interview with the public school teacher to whom they have been assigned for final placement approval.

A maximum of three initial interviews for placement are arranged by the Office of Field Experiences.

Any subsequent placement after a voluntary or nonvoluntary withdrawal from an internship is granted only by faculty recommendation following a case conference.

Time commitment to the internship requires seven clock hours daily Monday through Friday plus class preparation time, seminars and responsibilities outside of school. Students may not register for other course work or hold jobs or other time-demanding commitments without the approval of the special education department and the Office of Field Experiences.

Placement locations are listed on the map available in the Office of Field Experiences. The Office of Field Experiences reserves the right to place students anywhere within the WWU service area.

For further information, contact the Woodring College of Education, Office of Field Experiences, phone 360-650-3310, Miller Hall 206D.

### COURSES IN SPECIAL EDUCATION (SPED)

*Courses numbered X37; X97; 300, 400; 417-445 are described on page 31 of this catalog.*

#### 240a-m PARAEDUCATORS IN EDUCATION (1-4)

Prereq: employment or anticipated employment as a paraeducator. Course work emphasizes the nature of the helping relationship; an overview of philosophical and theoretical issues which confront paraeducators; the development of specific job requirement skills. Repeatable with no maximum. S/U grading. **Does not meet requirements for special education major or endorsement.**

#### 320 EFFECTIVE TEACHING (4)

Prereq: admission to the Woodring College of Education or permission of the instructor and concurrent enrollment in SPED 394a and 460. Research-based recommended practices in the design, delivery and evaluation of instruction for diverse learners.

#### 360 INTRODUCTION TO EXCEPTIONAL CHILDREN (4)

An introduction to characteristics and categories of exceptionality, and the rules and regulations concerning provision of special education and related services. Includes federal and Washington state legislation pertinent to special education from preschool through high school. Requires a minimum of 15 hours of practicum experience during the quarter.

#### 363a ELEMENTARY STUDENTS WITH SPECIAL NEEDS (3)

Prereq: admission to the Woodring College of Education. Co-req: ELED 320, 429, 394a and IT 444a. Introduction to the characteristics and needs of elementary students with special needs; pertinent federal and state laws; curricular and behavior management adaptations in the regular classroom; assessment of learning problems; instructional techniques; behavior management strategies.

#### 363b SECONDARY STUDENTS WITH SPECIAL NEEDS (3)

Pre- or co-req: admission to the Woodring College of Education, SEC 431, 431a. Introduction to the characteristics and needs of secondary students with special needs; pertinent federal and state laws; curricular and behavior management adaptations in the regular classroom; assessment of learning problems; instructional techniques; behavior management strategies.

#### 394a SCHOOL PRACTICUM (1-4)

Prereq: admission to Woodring College of Education; SPED 320, SPED 460 concurrent. In-school observation and participation focusing on effective teaching. Required for recommendation to student teach. S/U grading.

#### 441 ANALYSIS AND STRATEGIES OF TEACHING (3-5)

Prereq: one course from the educational psychology or foundations area, or permission of instructor. Systematic study of teaching; observation; analysis and development of teaching skills and strategies; individual projects. Repeatable to a maximum of 10 credits.

#### 441a-m ANALYSIS AND STRATEGIES OF TEACHING (1-5)

Prereq: one course from the educational psychology or foundations area, or

permission of instructor. Systematic study of teaching; observation; analysis and development of teaching and classroom management skills and strategies; individual projects. Repeatable to a maximum of 10 credits. S/U grading.

#### 442 WORKING WITH STUDENT TEACHERS (3)

Prereq: teaching experience. Techniques for the orientation of student teachers, major problems which confront student teachers, and evaluation of their achievement. Repeatable to a maximum of 9 credits.

#### 460 BEHAVIOR MANAGEMENT (3)

Prereq: SPED 360 or permission of instructor. Behavior management strategies with an emphasis on applied behavior analysis, cognitive strategies and teacher behaviors that enhance pupil motivation.

#### 461 EDUCATION FOR THE GIFTED AND TALENTED (4)

Prereq: SPED 360 or permission of instructor. Exploration of characteristics, identification and special needs of the highly capable student. In-depth analysis of the application of local, regional and state programs. Time outside of class will be spent working on site in ongoing programs such as Young Authors, National History Day, arts.

#### 462a READING INSTRUCTION FOR STUDENTS WITH SPECIAL NEEDS (4)

Prereq: SPED 466a, 469a. Co-req: SPED 465b. Basic reading instruction for K-12 students in inclusive classrooms; emergent literacy, instructional methods, curriculum and materials; accommodating for individual differences.

#### 462b CURRICULUM AND METHODS IN SPECIAL EDUCATION (4)

Prereq: SPED 469a, 462a. Co-req: SPED 465c. Curriculum selection and adaptation of methods and materials for students who receive special education services. Includes direct instruction, survey and adaptation of instructional materials, task analysis, unit objectives, peer teaching and transition services.

#### 462c MATH INSTRUCTION FOR STUDENTS WITH SPECIAL NEEDS (4)

Prereq: MATH 381, SPED 466a, 469a, concurrent enrollment in SPED 462b, 465c, 465d, 469b. Specially designed, differentiated instruction for P-12 students in inclusive resource and self-contained classrooms. Includes emergency numeracy, computation, problem solving, generalization and functional application to measurement, time and money. Covers a range of assessment strategies, instructional methods, curricula and materials plus accommodations and modifications for addressing individual student needs.

#### 463a INTERVENTIONS FOR LEARNING PROBLEMS (4)

Prereq: SPED 320, 360, 460. Learning characteristics of P-12 students with academic problems. Focuses on attention, motivation and self-monitoring. Emphasis on teaching task-related skills, strategies and content area knowledge needed for students to learn efficiently and effectively.

#### 463b TEACHING SOCIAL SKILLS (3)

Prereq: SPED 460, 466a, 469a. Assessment, methods and curriculum for children with emotional/behavioral difficulties. Emphasis on teaching social skills.

#### 463c PROMOTING RESILIENCY IN VULNERABLE STUDENTS (4)

Prereq: admission to the Woodring College of Education or permission of instructor. Exploration of characteristics, identification and special needs of students who are at risk for academic and/or social failure in school due to chemical dependence issues, bilingualism, poverty, dysfunctional family situations or other factors that may interfere with a student's ability to succeed. Analyzes strategies that combine the skills of special and regular education teachers.

#### 463d STUDENTS WITH COMPLEX SPECIAL NEEDS (3)

Prereq: SPED 320, 360, 466a. History, philosophy, characteristics and services for students with low incidence disabilities. Empirically-based design of instruction and monitoring of functional curricula for people who need some level of continual support.

#### 464 MULTICULTURAL EDUCATION FOR TEACHERS (4)

Preparation for teaching in a multicultural society. Participants will learn how to design a curriculum that reflects diversity and an instructional methodology that promotes the learning of diverse students.

#### 465a SPECIAL EDUCATION PRACTICUM I (2)

Special education majors only. Practicum experience in school/community settings. Designed to provide opportunities for students to observe/demonstrate effective educational practices. S/U grading.

**465b SPECIAL EDUCATION PRACTICUM II (2)**

Prereq: special education majors only. Practicum experience in school/community settings. Designed to provide opportunities for students to observe/demonstrate effective educational practices.

**465c SPECIAL EDUCATION PRACTICUM III (2)**

Prereq: special education majors only. Practicum experience in school/community settings. Designed to provide opportunities for students to observe/demonstrate effective educational practices.

**465d SPECIAL EDUCATION PRACTICUM IV (2)**

Prereq: special education majors only. Practicum experience in school/community settings. Designed to provide opportunities for students to observe/demonstrate effective educational practices.

**466a ASSESSMENT, EVALUATION AND IEP (4)**

Prereq: SPED 360, 320, 469a. Referral and assessment for special education eligibility, norm-referenced and teacher-developed assessments, legal and procedural issues in IEP development, and strategies for assessing students from culturally and linguistically diverse backgrounds.

**467a EARLY DEVELOPMENTAL VARIATIONS (3)**

Prereq: SPED 360 or permission of instructor. Typical sequences of development from birth to age eight, and educational implications of atypical patterns.

**467b ASSESSMENT AND INTERVENTION IN EARLY CHILDHOOD SPECIAL EDUCATION (4)**

Prereq: SPED 320, 360, 466a. Issues and resources related to developmental assessment, intervention, and mentoring of infants, toddlers, and preschoolers with delays and/or disabilities. Emphasizes family-centered services, cross-cultural competence, activity-based strategies, and teaming.

**468 FAMILIES, PROFESSIONALS AND EXCEPTIONAL CHILDREN (4)**

Prereq: SPED 360. Techniques for communicating with and counseling disabled and gifted children and their parents, and working with interdisciplinary teams.

**469a CURRICULUM-BASED EVALUATION (3)**

Prereq: SPED 360, 320. Co-req: SPED 466a. Curriculum-based procedures for formative evaluation. Determining present levels of educational performance, developing associated goals and objectives and monitoring progress.

**469b CASE STUDY APPLICATIONS IN SPECIAL EDUCATION (2)**

Prereq: all required special education 400-level courses to be taken as prerequisites or concurrent. Uses the case study method to present situations frequently encountered in special education settings, in review of special education course content and application in preparation for student teaching internships.

**470 VIOLENT AND AGGRESSIVE YOUTH (3)**

This course is designed to present information on the problem of violent and/or aggressive youth in school. The class will stress an educative approach by focusing on what educators can do to prevent, respond to and follow up on acts of violence.

**490 TEACHING LABORATORY (4)**

Prereq: permission of program advisor. Diagnosis of students, lesson preparation, videotaped peer teaching, analysis of teaching, lesson redesign.

**490a SEPTEMBER EXPERIENCE (2-3)**

Prereq: permission of department. Observation and participation in the opening of school. Repeatable to a maximum of 9 credits. S/U grading.

**498a INTERNSHIP — EXCEPTIONAL CHILDREN/EARLY CHILDHOOD (2-18)**

Prereq: recommendation for supervised teaching. Supervised teaching experience to develop and demonstrate teaching competence for exceptional children. Repeatable to 24 credits. S/U grading.

**498b INTERNSHIP — EXCEPTIONAL CHILDREN/ELEMENTARY (2-18)**

Prereq: recommendation for supervised teaching. Supervised teaching experience to develop and demonstrate teaching competence for exceptional children. Repeatable to 24 credits. S/U grading.

**498c INTERNSHIP — EXCEPTIONAL CHILDREN/SECONDARY (2-18)**

Prereq: recommendation for supervised teaching. Supervised teaching experience to develop and demonstrate teaching competence for exceptional children. Repeatable to 24 credits. S/U grading.

**Graduate Courses**

*Courses numbered 500, 517, 545, 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School section of this catalog.*

**518 CURRENT ISSUES IN EDUCATION: SPECIAL EDUCATION (1-5)**

Prereq: graduate status or permission of instructor. Examination and discussion of current issues in special education. Repeatable to a maximum of 10 credits.

**561 ETIOLOGY AND LEGAL FOUNDATIONS OF SPECIAL EDUCATION (3)**

Prereq: admission to graduate program or permission of instructor. Etiology of disabilities, service models and the laws that influence service and funding. Introduces foundations of assessment and evaluation, a theme developed later in the graduate sequence in the context of learning and social behavior development.

**562a LEARNING PROBLEMS (4)**

Prereq: admission to graduate program and certification in special education or successful completion of special education internship. Information processing and learning theory as it applies to disabled learners. Discusses assessment and evaluation of cognitive strategies and academic skill development. Designed for students who have a teaching certificate or endorsement in special education.

**562b MIDDLE AND SECONDARY LEVEL LEARNING PROBLEMS (4)**

Prereq: admission to graduate program or permission of instructor. Information processing and learning theory as it applies to disabled learners. Discusses assessment and evaluation of cognitive strategies, social skills and academic skill development. Designed for students who do not have a teaching certificate or endorsement in special education. Emphasis on middle school and secondary students.

**563 CURRICULUM AND METHODS IN SPECIAL EDUCATION (3)**

Prereq: admission to graduate program and certification in special education or successful completion of special education internship. Models of curricular organization selection and adaptation of content to facilitate mainstreaming, instructional aids, including computers and adaptive equipment will also be discussed along with writing IEPs with computer assistance.

**564 SOCIAL SKILLS (4)**

Prereq: admission to graduate program or permission of instructor. Applied behavior analysis and cognitive intervention strategies for disabled children and high-risk children. Emphasis on functional assessment and evaluation of social skill development.

**565 COMMUNICATION AND COLLABORATION IN SPECIAL EDUCATION (4)**

Prereq: admission to graduate program or permission of instructor. The collaborating teacher's role in providing special education services to children in integrated settings. Emphasizes instructional and communication skills needed to achieve that role.

**567 ADVANCED ISSUES IN SPECIAL EDUCATION (3)**

Prereq: admission to graduate program and certification in special education or successful completion of special education internship. Intensive study of legal, intervention and ethical issues in special education.

**568 CURRICULUM-BASED EVALUATION AND DECISION MAKING (4)**

Prereq: admission to graduate school or permission of instructor. Functional evaluation and decision-making processes. Focus on curriculum-based procedures, formative evaluation and educational decision making. Emphasis on generating present levels of educational performance and associated goals and objectives.

**569a ISSUES IN INCLUSIVE EARLY EDUCATION (3)**

Prereq: admission to graduate school or permission of instructor. Current issues and best practices in early childhood program design and implementation. Emphasis on family-centered, play-based interagency models that serve children of all abilities. Applied research focus.

**569b ASSESSMENT OF YOUNG CHILDREN (BIRTH TO 8 YEARS) (4)**

Prereq: admission to graduate school or permission of instructor. Issues and resources for accurate and appropriate assessment of young children. Current best practices in instructionally relevant assessment, monitoring child progress and evaluating overall program success. Alternative strategies for assessing the very young child, family needs and special populations.

## SPECIAL EDUCATION

---

Emphasis on critical evaluation of instruments, psychometric adequacy and technical aspects of test development.

### **569c INCLUSIVE CURRICULUM IN EARLY CHILDHOOD (3)**

Prereq: admission to graduate school or permission of instructor. Curriculum development and adaptation for infants, toddlers and preschool children. Includes available resources, best practices with the developmentally young and play-based curricula. Focus on model program curricular approaches, the use of daily routines and parent-child interaction as a context and content for curriculum, and peer-mediated learning strategies. Emphasis on efficacy research and the impact of various curricular models.

### **570 VIOLENT AND AGGRESSIVE YOUTH (3)**

This course is designed to present information on the problem of violent and aggressive youth in school. The class will stress an educative approach by focusing on what educators can do to prevent, respond to and follow up on acts of violence.

### **590 SEMINAR IN DEMONSTRATION TEACHING AND SUPERVISION (3)**

Prereq: ELED 442 or permission of department. Advanced studies in the principles of supervision; utilization of instructional resources and the evaluation and improvement of teaching.

### **598 RESIDENCY IN SPECIAL EDUCATION (4-16)**

Full-time residency placement in a special education environment in the public schools. Repeatable to a maximum of 16 credits.

### **598a INTERNSHIP: EXCEPTIONAL CHILDREN (8 or 16)**

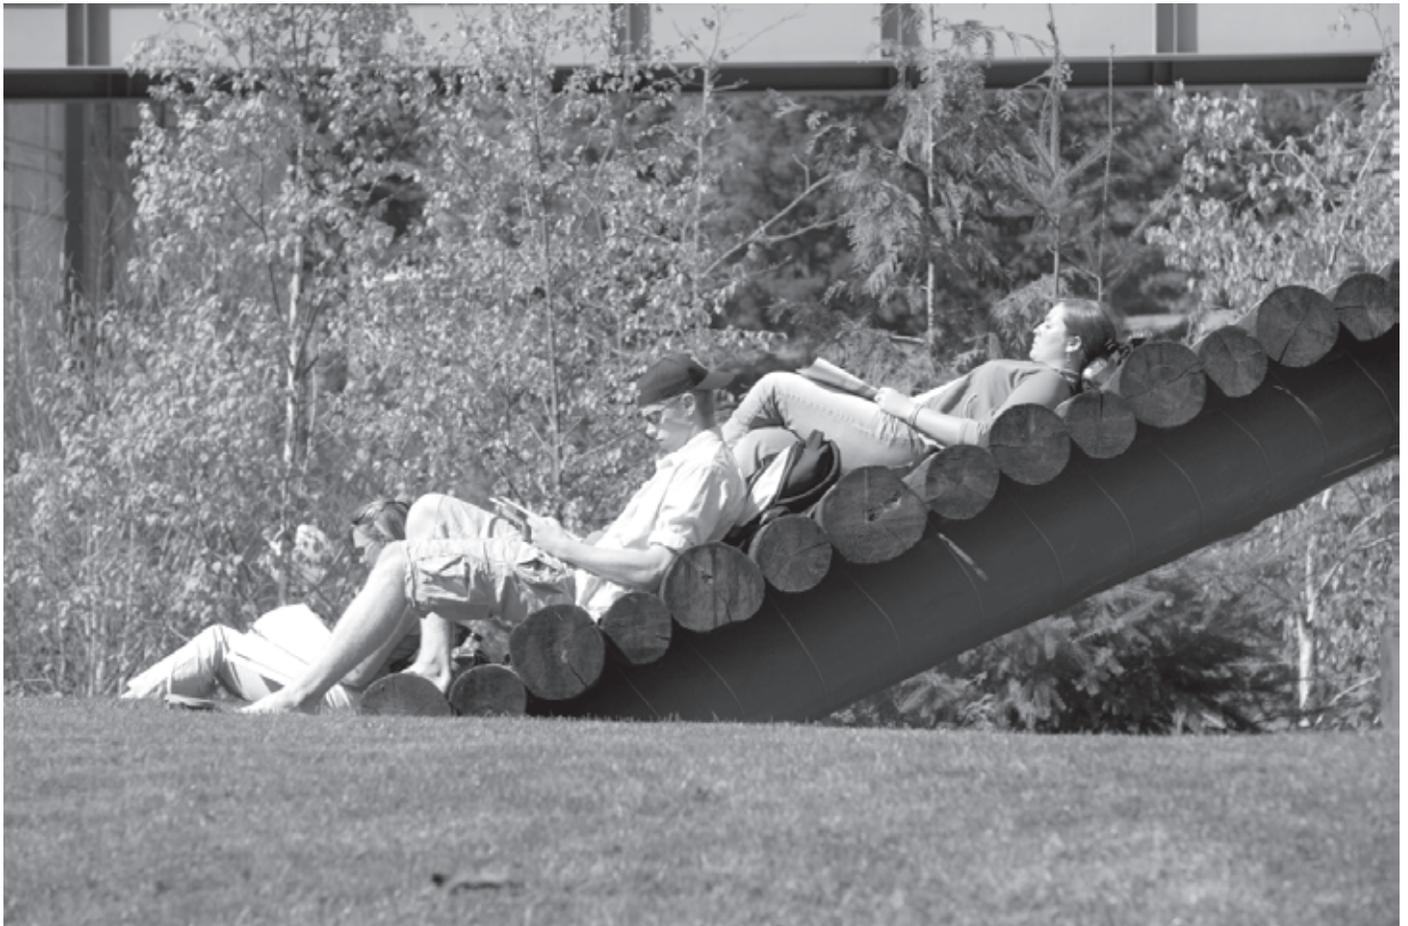

Full-time student teaching placement in a special education environment for ME. certification students. Not applicable to graduate plans of study. Repeatable to 24 credits. S/U grading.

### **690 THESIS (1-9)**

Prereq: approval of the student's graduate committee. Research study under the direction of a faculty committee. Repeatable to a maximum of 9 credits. S/U grading.

### **691 RESEARCH SEMINAR (1-6)**

Prereq: approval of the student's graduate committee or program advisor. Graduate research under the direction of a program advisor/committee. S/U grading. Repeatable to a maximum of 6 credits.

# STUDENT AFFAIRS ADMINISTRATION

The Student Affairs Administration program prepares professionals for work in student affairs in higher education. Consistent with national standards for the profession, the program emphasizes competence in the areas of student development theory and practice, leadership and management, diversity and cultural awareness, and approaches to managing current and persistent problems facing student affairs and higher education. Students customarily obtain positions in public or private universities or community colleges.

For additional information, refer to the Continuing and College Education and Student Affairs Administration programs in the Graduate School section of this catalog. The program office is located in Miller Hall 311 and the phone number is 360-650-3190.

## STUDENT AFFAIRS ADMINISTRATION FACULTY

**CONNIE COPELAND** (1979) Special Assistant to the Vice President. BS, University of Washington; MEd, Western Washington University; EdD, Seattle University.

**SUSAN MANCUSO** (1995) Associate Professor. BA, University of California, Los Angeles; MA, Western Washington University; EdD, University of Washington.

### Adjunct Faculty

**EILEEN COUGHLIN** (1995) Adjunct Professor. BS, MA, Central Michigan University; EdD, Northern Arizona University.

**LAWRENCE ESTRADA** (1989) Adjunct Professor. BA, University of California at Santa Barbara; MA in Ed, Whittier College; PhD, University of California at Los Angeles.

**KUNLE OJIKUTU** (1996) Adjunct Professor. BS, Clark Atlanta University; MFA, University of New Mexico; PhD, University of Nebraska-Lincoln.

## DEGREE GRANTED

- Master of Education in Student Affairs Administration

## COURSES IN STUDENT AFFAIRS ADMINISTRATION PROGRAM (AHE)

*Courses numbered X37; X97; 300, 400; 417, 445 are described on page 31 of this catalog.*

### Student Affairs Administration Program (AHE)

#### **340 PARAPROFESSIONAL ADVISEMENT (2-4)**

Prereq: permission of instructor and anticipated employment in campus-based student services. Emphasizes the helping relationship in various student affairs advising, educational and residential program areas. Repeatable with different topics.

#### **341 PRACTICUM IN PARAPROFESSIONAL ADVISEMENT (1)**

Prereq: AHE 340 and permission of instructor. Supervised practicum for students to work in university student services programs. Repeatable with various experiences to a maximum of 6 credits. S/U grading.

## Graduate Courses

*Courses numbered 500; 517; 545; 597 are described on page 31 of this catalog.*

*Admission to Graduate School or special permission required. See the Graduate School Section of this catalog.*

#### **555 FOUNDATIONS OF HIGHER EDUCATION (3)**

Prereq: graduate status or permission of instructor. Studies of historical and philosophical foundations of higher education. Examines social and political forces influential in the evolution of colleges and universities, as well as current trends.

#### **557 STUDENT DEVELOPMENT THEORY AND PRACTICE (4)**

Prereq: admission to Student Affairs Administration program or permission of instructor. Examines cognitive, psychosocial and identity development theories and models as well as implications for student affairs programs, services, and student interactions.

#### **558 INTERVIEWING AND INTERPERSONAL EFFECTIVENESS (3)**

Prereq: admission to Student Affairs Administration program or permission of instructor. A didactic and experiential course addressing interpersonal communication skills used to effectively interview, assess, advise, refer, and intervene in difficult student situations. Includes theoretical frameworks for effective interviewing.

#### **559 LEADERSHIP AND ORGANIZATIONAL MANAGEMENT (4)**

Prereq: admission to Student Affairs Administration program or permission of instructor. Study of contemporary theories of leadership and management techniques with applications to higher education settings.

#### **560 STUDENT AFFAIRS PRACTICE AND THE COLLEGE STUDENT (4)**

Prereq: admission to Student Affairs Administration program or permission of instructor. A foundational overview of the organizational structure and functions of student affairs administration. Understanding the students served by student affairs provides context for understanding support and service systems.

#### **561 COLLABORATION AND GROUP DYNAMICS (3)**

Prereq: admission to Student Affairs Administration program. A didactic and experiential course addressing theories of group process and dynamics. Includes principles to work effectively with groups, including collaboration, leadership, and intervention skills, particularly in a higher education setting.

#### **562 CULTURAL PLURALISM IN HIGHER EDUCATION (3)**

Prereq: admission to Student Affairs Administration program or permission of instructor. Examines diversity in higher education, social and historical roots of the academy, experiences and problems facing underrepresented groups and responses by higher education to these groups.

#### **563 PROGRAM DEVELOPMENT AND INSTRUCTION (4)**

Prereq: admission to Student Affairs Administration program. Theories, models and research on conditions for learning, developing outcomes-based programs and facilitating student learning. Focus is on application to student affairs in higher education.

#### **564 CURRENT ISSUES AND TRENDS IN HIGHER EDUCATION (3)**

Prereq: admission to Student Affairs Administration program or permission of instructor. Examines several current and controversial issues and trends in higher education. Repeatable to a maximum of 6 credits.

#### **592 INTERNSHIP IN STUDENT AFFAIRS ADMINISTRATION (2-6)**

Prereq: admission to Student Affairs Administration program. Development of professional competencies through an internship in a college student affairs office. Repeatable to a maximum of 9 credits. S/U grading.

#### **599 GRADUATION SEMINAR (1-3)**

Prereq: student (a) must be in final quarter of classes excluding thesis/field project and (b) must receive approval of program advisor. Provides a capstone experience for graduating candidates. Readings and discussions to assist integration of overall program experience. Repeatable to a maximum of 3 credits. S/U grading.

#### **690 THESIS (1-9)**

Prereq: advancement to candidacy and approval of the student's graduate committee. Research study under the direction of a faculty committee. Repeatable to a maximum of 9 credits. S/U grading.

#### **691 RESEARCH SEMINAR (1-6)**

Prereq: approval of the student's graduate committee or program advisor. Graduate research under the direction of program advisor/committee. Repeatable to a maximum of 6 credits. S/U grading.

# TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES

The Teaching English to Speakers of Other Languages (TESOL) program prepares future instructors to teach English to immigrants in our society, as well as to international students both in the United States and abroad. There is a great need for trained instructors, not only in our school systems, but also in many areas of the public and private sectors. Additionally, English is increasingly used as a primary language of world communication, creating many opportunities for trained instructors to teach English internationally.

The TESOL program is interdisciplinary in nature, providing training in the core areas vital to the profession, including linguistics, grammar, second language acquisition, and a two-part methods course. Hands-on classroom experience with English as a Second Language (ESL) learners is an essential part of all program courses, culminating in the final course — a mentored teaching practicum which students can complete in their own home community or internationally.

Developing effective skills to work cross-linguistically and cross-culturally is a central objective of the program course work. Students seeking a TESOL certificate, a minor in TESOL, or a Washington state endorsement in teaching ESL, must complete a three- or four-credit elective focusing on another culture, as well as the equivalent of one year of college-level foreign language study. The cross-cultural and foreign language requirements may be satisfied through previous course work or experience, at the discretion of the program director. Non-native speakers of English are required to have a TOEFL score of 550 or higher, preferably met prior to beginning the program.

Courses are held on both the Bellingham and Everett campuses, with opportunity to complete some course work through distance learning. The program course work is offered in two formats: the annual option offers late afternoon courses during fall, winter and spring quarters; the summer option offers one course before summer quarter, followed by intensive summer courses, and the practicum course after summer quarter. The priority application deadline for the summer option is February 1. The priority application deadline for the annual option is May 15.

The TESOL program is self-sustaining (not funded by legislative appropriation). The tuition rate will be different than for state-supported programs. Individuals interested in taking TESOL course work must be admitted to the program and are encouraged to visit the TESOL program in Miller Hall 251D, phone 360-650-4949, or visit the Web site at [www.wce.wvu.edu/tesol](http://www.wce.wvu.edu/tesol).

## *Certificate of Achievement*

TESOL program graduates completing the program with a minimum GPA of 2.7 in program course work earn a certificate of achievement, which can be used both domestically and internationally as proof of in-depth training in TESOL. Students fully admitted to Western may integrate a concentration in TESOL into the course work of several majors, such as linguistics and American cultural studies, as well as within the master's program in continuing and college education.

## *Minor — TESOL*

Undergraduates may choose to complete a 27-credit minor in TESOL, which consists of 24 credits in required course work, with the remaining credits earned through a course in

comparative culture, such as selected courses in American cultural studies or anthropology, taken under the advisement of the program director. Students must complete the minor with a minimum GPA of 2.7 in minor course work.

## *Endorsement in teaching ESL*

This program leads to an additional endorsement in English as a Second Language based on Washington state English as a Second Language endorsement competencies; when accompanied by a professional teacher education program and a first endorsement in another content area (this endorsement may be earned by post-baccalaureate or master's degree teacher education students as a first endorsement if preparation meets the endorsement competencies and is equivalent to a major in the discipline as determined by the faculty endorsement advisor). Each required course must be completed with a grade of B- (2.7) or better.

## COURSES IN TESOL (TESL)

### **401 INTRODUCTION TO ENGLISH LINGUISTICS FOR TESOL (4)**

Introduction to the structure, history, and use of English with emphasis on their application to the teaching of ESL. Includes an outline of basic linguistic aspects of language (phonology, syntax, semantics and pragmatics) and their historical, geographical and social variation. Students who have successfully completed an equivalent introductory linguistics course may replace TESOL 401 with TESOL 403 with permission of the program director.

### **402 ENGLISH GRAMMAR FOR TESOL (4)**

Prereq: TESOL 401 or permission. The fundamentals of English syntactic structure with emphasis on its application to teaching of ESL. Includes the structure of sentences, parts of speech, modification, complementation, and nominalization. Demonstration and practice in explaining and presenting key structures.

### **403 APPLICATIONS OF LINGUISTICS TO TESOL (1)**

Prereq: permission of program director. A one-credit version of TESOL 401 for students who have successfully completed an equivalent course in introductory linguistics.

### **410 SECOND LANGUAGE ACQUISITION THEORY FOR TESOL (4)**

Prereq: admission to TESOL program or permission of instructor; TESOL 401 recommended. The insights of modern linguistic and psychological theory into the process of second language learning, with special reference to the acquisition of English by speakers of other languages. Emphasis on why certain aspects of English structure pose particular difficulty for the non-native speaker.

### **420a THEORY AND INSTRUCTION IN TESOL I (4)**

Prereq: admission to TESOL program or permission of instructor; TESOL 401 recommended. Theoretical and practical concerns in teaching English as a second language. Emphasis on innovative approaches to the teaching of listening, speaking, structure, reading, writing, and culture within a communicative framework. Guidance in the evaluation of textbooks and the development and use of creative materials, including media-based materials.

### **420b THEORY AND INSTRUCTION IN TESOL II (4)**

Prereq: TESOL 420a or permission of instructor; TESOL 401 recommended. An expansion on theoretical and practical concerns in teaching English as a second language. Emphasis on innovative approaches to the teaching of listening, speaking, structure, reading, writing, and culture within a communicative framework. Guidance in the evaluation of textbooks and the development and use of creative materials, including media-based materials.

### **430 SEMINAR AND PRACTICUM IN TESOL (4)**

Prereq: TESOL 401, 410, 420a, 420b. Supervised teaching of ESL in local public school, adult education, and university program. International placements available. Includes a weekly seminar to discuss observations, materials and teaching strategies. S/U grading.

# UNIVERSITY PERSONNEL

## BOARD OF TRUSTEES

Philip E. Sharpe, Jr., BA, JD ..... Bellingham  
Kevin M. Raymond, BS, JD ..... Seattle  
John Warner, BS, MS, PhD ..... Seattle  
Peggy Zoro, BS, MEd ..... Bellingham  
Betty Woods, BA ..... Seattle  
Grace T. Yuan, BA, JD ..... Seattle  
Student Trustee (one-year term)  
Secretary to the Board of Trustees ..... Elizabeth Sipes  
Assistant Secretary  
to the Board of Trustees ..... Suzanne Baker

## ADMINISTRATIVE OFFICERS

### President

Karen W. Morse, BS, MS, PhD

### Provost and Vice President for Academic Affairs

Andrew R. Bodman, BA, MA, PhD

### Vice President for External Affairs

Vacant

### Vice President for Business and Financial Affairs

George A. Pierce, BA, MA, PhD

### Vice President for Student Affairs and Academic Support Services

Eileen Coughlin, BS, MA, EdD

### Vice President for Advancement and Executive Director, WWU Foundation

Stephanie Bowers

## Office of the President and Provost

### Executive Director for University Planning and Analysis

Paula Rustan, BA, MA

### Executive Assistant to the President

Elizabeth W. Schoenfeld, BS, MPA, MA, JD

### Administrative Assistant to the President

Elizabeth Sipes

### Special Assistant to the President

Harriet Wender, BA

### Vice Provost for Information and Telecommunication Services

Jerry Boles, BS, MBA

### Vice Provost for Research and Graduate Dean

Moheb Ghali, BCom, MA, PhD

### Vice Provost for Undergraduate Education

Kris Bulcroft, BA, MA, PhD

### Administrative Assistants to the Provost

Keeley Matthews

### Interim Director of the Equal Opportunity Center

Karen Funston, BA, JD

### Director of Development and The Western Washington University Foundation

Stephanie Bowers, BA, MGA

## Academic Affairs

### Business and Economics, College of

Dean, Dennis R. Murphy, BA, MA, PhD

### Education, Woodring College of

Dean, Stephanie Salzman, BA, MA, EdD

### Fairhaven College

Dean, Ronald D. Riggins, BA, MS, ReD

### Fine and Performing Arts, College of Vacant

### Humanities and Social Sciences, College of

Dean, Ronald A. Kleinknecht, BA, MS, PhD

### Huxley College of Environmental Studies

Dean, Bradley F. Smith, BA, MA, PhD

### Sciences and Technology, College of

Dean, Arlan D. Norman, BS, PhD

### Vice Provost for Research and Graduate Dean

Moheb Ghali, BCom, MA, PhD

### Libraries

University Librarian, Béla Foltin, Jr., BMus, MMus, MLS

### Shannon Point Marine Center

Director, Stephen D. Sulkin, AB, MS, PhD

### Extended Education and Summer Programs

Executive Director, Barbara Audley, BS, DPA

## External Affairs

### Administrative Assistant to the Vice President

Lorie McNeill

### Office of University Communications

Director, Lynne Masland, BA, MA, PhD

### Special Assistant to the President for State Government Affairs

Judy McNickle, BA

## Business and Financial Affairs

### Administrative Assistant to the Vice President

Nancy L. Phillips

### Business Services

Assistant Vice President/ Business Services Director

Mary R. Carlson, BA

### Environmental Health and Safety

Director, Gayle Shipley, BS, MS

### Human Resources

Val Berry, BS, MS, SPHR

### Facilities Management

Director, Donald (Tim) Wynn, PE, BS, MBA, MS

### Public Safety

Director, James E. Shaw, BA

### Capital Budget

Director, Renée Y. Roberts, BBA, MBA

## Student Affairs/Academic Support Services

### Administrative Assistant to the Vice President

Patricia A. Lundquist, BA

### Assistant Vice President for Academic Support Services

Susanna B. Yunker, BA, MEd

### Assistant Vice President for Student Affairs/Special Assistant to the President for Diversity

Kunle Ojikutu, BS, MPA, PhD

### Director for Budget and Administration/Student Affairs and Academic Support Services

Director, Linda P. Beckman, BA, MBA

### Dean of Students

Ted Pratt, BA, MEd

## UNIVERSITY PERSONNEL

### *Special Assistant to the Vice President for Student Affairs and Academic Support Services*

Connie L. Copeland, BS, MEd, EdD

### *Academic Advising Services/Tutorial Center*

Director, Russell Tiberii, BA, MEd

### *Admissions*

Director, Karen Copetas, BA, MS

### *Athletics*

Director, Lynda M. Goodrich, BA, MEd

### *Career Services Center*

Director, Christine Litzsinger Loudon, BEd, MEd

### *Registrar*

Registrar, Joseph St.Hilaire, BA, MA

### *Student Financial Resources*

Director, Clara Capron, BS, MEd

### *University Residences/New Student Programs*

Interim Director, Willy Hart, BA, MS

### *Viking Union/Student Activities*

Director, Kathleen F. Rich, BA, MEd

## PRESIDENTS OF THE FACULTY SENATE

|         |                       |
|---------|-----------------------|
| 1985-86 | Robert M. Thorndike   |
| 1986-87 | Harry Jackson         |
| 1987-89 | George E. Mariz*      |
| 1989-90 | Christopher A. Suczek |
| 1990-91 | Richard W. Thompson   |
| 1991-93 | John Mason*           |
| 1993-94 | Kathleen M. Knutzen   |
| 1994-95 | Kris A. Bulcroft      |
| 1995-96 | Kenneth Hoover        |

| 2003-04 | James Loucky          |

\*(2-year term)

## PRESIDENTS EMERITUS

### PAUL J. OLSCAMP

Distinguished Service Professor Emeritus of the University. BA, MA, University of Western Ontario; PhD, University of Rochester.

### CHARLES J. FLORA

President Emeritus. BS, Purdue University; MEd, EdD, University of Florida.

### KENNETH P. MORTIMER

President Emeritus. AB, MBA, University of Pennsylvania; PhD, University of California at Berkeley.

## DISTINGUISHED SERVICE PROFESSOR OF WESTERN WASHINGTON UNIVERSITY

### PETER J. ELICH

Distinguished Service Professor Emeritus of the University. BA, University of Washington; MEd, Western Washington College of Education; PhD, University of Oregon.

### KEITH A. MURRAY

Distinguished Service Professor Emeritus of History. BA, Whitworth College; MA, PhD, University of Washington.

### PAUL J. OLSCAMP

Distinguished Service Professor Emeritus of the University. BA, MA, University of Western Ontario; PhD, University of Rochester.

## RETIRED FACULTY — EMERITUS

### A

#### HENRY L. ADAMS

Professor Emeritus of Psychology. BA, MA, University of Kentucky; PhD, University of Illinois.

#### PHILLIP R. AGER

Associate Professor Emeritus of Music. BAEd, Western Washington State College; MA, University of Washington.

#### EVELYN AMES

Professor Emeritus of Physical Education, Health and Recreation. BS, University of Nevada; MS, Washington State University; PhD, University of Maryland. (1964-2003)

#### DARREL AMUNDSEN

Professor Emeritus of Modern and Classical Languages. BA, Western Washington State College; MA, University of Washington; PhD, University of British Columbia. (1969-2003)

#### M. CHAPPELLE ARNETT

Professor Emeritus of Physical Education. BS, Centenary College; MS, Purdue University; EdD, University of Missouri.

### B

#### HERBERT L. BAIRD, JR.

Associate Professor Emeritus of Foreign Languages and Literatures. AA, Santa Ana Junior College; AB, Pomona College; AM, PhD, University of Chicago.

#### ROBERT S. BALAS

Professor Emeritus of Modern and Classical Languages. BA, Upsala College; MA, University of Nebraska, Lincoln; PhD, University of Wisconsin, Madison.

#### LUCILLE E. BARRON

Associate Professor Emeritus of Home Economics. BA, Washington State University; MA, University of Washington.

#### BONNIE J. BARTHOLD

Professor Emeritus of English. BA, University of Arizona; MA, Ohio State University; PhD, University of Arizona (1980-2004)

#### MYRL E. BECK, JR.

Professor Emeritus of Geology. BA, MS, Stanford University; PhD, University of California, Riverside.

#### HORACE O. BELDIN

Professor Emeritus of Educational Curriculum and Instruction. BS, MS, University of Oregon; PhD, Syracuse University.

#### MARION BESSERMAN

Associate Professor Emeritus of Chemistry. BS, University of Washington; MS, Purdue University; PhD, University of Washington.

#### JOSEPH D. BETTIS

Professor Emeritus of Fairhaven. BA, Southern Methodist University; BD, Drew University; MA, PhD, Princeton University.

#### LESLIE BLACKWELL

Professor Emeritus of Education. BA, Washington State University; MEd, EdD, University of Washington.

#### ROBERTA A. BOUVERAT

Associate Professor Emeritus of Educational Curriculum and Instruction. BA, MEd, Western Washington State College; PhD, The Ohio State University.

#### ELIZABETH BOWMAN

Associate Professor Emeritus of English. AM, PhD, University of Chicago.

#### LAURENCE W. BREWSTER

Professor Emeritus of Speech. BA, Yankton College; MA, PhD, University of Iowa.

**HENRICH BROCKHAUS**

Associate Professor Emeritus of Modern and Classical Languages, BA, MA, University of British Columbia, PhD, University of Washington. (1965-1998)

**DONALD W. BROWN**

Associate Professor Emeritus of Education. BS, MA, University of Nebraska; EdD, Colorado State College.

**EDWIN H. BROWN**

Professor Emeritus of Geology. AB, Dartmouth College; MSC, University of Otago, New Zealand; PhD, University of California, Berkeley. (1966-1999)

**WILLIAM C. BUDD**

Professor Emeritus of Psychology. BA, Hamline University; BS, MA, PhD, University of Minnesota.

**WILLIAM A. BULTMANN**

Professor Emeritus of History. AB, PhD, University of California, Los Angeles.

**MICHAEL J. BURNETT**

Associate Professor Emeritus of Fairhaven College. BA, University of Illinois; MA, PhD, Claremont Graduate School. (1969-1998)

**C****DONALD J. CALL**

Associate Professor Emeritus of Sociology. BA, MA, PhD, University of Oregon. (1958-1991)

**STEPHEN . CARMEAN**

Professor Emeritus of Psychology. BA, MA, PhD, University of Illinois.

**DENNIS E. CATRELL**

Professor Emeritus of Theatre Arts. BA, University of Michigan; MA, Northern Illinois University; Wayne State University. (1966-1999)

**ROBERT A. CHRISTMAN**

Professor Emeritus of Geology. BS, MS, University of Michigan; PhD, Princeton University.

**NITA CLOTHIER**

Assistant Professor Emeritus of Liberal Studies. BA, MEd, Western Washington State College.

**RICHARD J. L. COVINGTON**

Associate Professor Emeritus of Educational Curriculum and Instruction. BA, Doane College; MEd, Whittier College; EdD, University of California, Los Angeles.

**HOWARD J. CRITCHFIELD**

Professor Emeritus of Geography and Regional Planning. BA, MA, PhD, University of Washington.

**JOSEPH R. CROOK**

Professor Emeritus of Chemistry. BS, University of Nevada; PhD, Illinois Institute of Technology. (1970-1997)

**LOWELL T. CROW**

Professor Emeritus of Psychology. BS, MA, University of South Carolina; PhD, University of Illinois.

**D****HELEN F. DARROW**

Professor Emeritus of Educational Curriculum and Instruction. BS, Wilson Teachers College; MA, Northwestern University; MA, University of California, Los Angeles; EdD, Teachers College, Columbia University.

**STANLEY M. DAUGERT**

Professor Emeritus of Philosophy. AB, MA, PhD, Columbia University.

**MELVIN G. DAVIDSON**

Professor Emeritus of Physics and Astronomy. AB, Whitman College; PhD, Rensselaer Polytechnic Institute.

**ROLAND L. DE LORME**

Professor Emeritus of History; Provost and Vice President for Academic Affairs. BA, University of Puget Sound; MA, University of Pennsylvania; PhD, University of Colorado. (1966-1999)

**CAROL J. DIERS**

Professor Emeritus of Psychology. BA, BAEd, Western Washington University; MA, University of British Columbia; PhD, University of Washington.

**WILLIAM J. DITTRICH**

Associate Professor Emeritus of Physics and Astronomy. BS, MS, University of Washington. (1951-1991)

**MARJORIE J. DONKER**

Professor Emeritus of English. BA, Western Washington State College; MA, PhD, University of Washington.

**JAMES E. DUEMMEL**

Associate Professor Emeritus of Mathematics. BA, MA, PhD, Ohio State University. (1966-1999)

**E****DONALD J. EASTERBROOK**

Professor Emeritus of Geology. BS, MS, PhD, University of Washington. (1959-1997)

**LOWELL P. EDDY**

Associate Professor Emeritus of Chemistry. BS, MS, Oregon State University; PhD, Purdue University.

**DONALD K. EKLUND**

Associate Professor Emeritus of History. BA, University of New Mexico; MA, Colorado State University; PhD, University of Colorado.

**ROSS C. ELLIS**

Professor Emeritus of Geology. BA, Occidental College; PhD, University of Washington.

**ROBERT EMBREY**

Professor Emeritus of Art. BA, MEd, MFA, University of Oregon. (1971-1999)

**JOHN E. ERICKSON**

Associate Professor Emeritus of Biology. BA, Omaha University; MA, Indiana University; PhD, University of Oregon.

**HOWARD M. EVANS**

Associate Professor Emeritus of Educational Curriculum and Instruction. BS, Eastern Oregon College; MA, EdD, University of Illinois.

**F****CONSTANCE P. FAULKNER**

Professor Emeritus of Fairhaven College. BS, PhD, University of Utah.

**RICHARD FEINBERG**

Associate Professor Emeritus of Physics and Astronomy. BS, State University of New York; MS, PhD, Stanford University.

**FLORA FENNIMORE**

Professor Emeritus of Educational Foundations. BS, Mt. Angel Women's College; MA, EdD, Washington State University. (1969-1998)

**RICHARD F. FERINGER**

Professor Emeritus of Educational Administration and Foundations. BS, University of Minnesota; EdD, University of California at Los Angeles.

**DONALD A. FERRIS**

Professor Emeritus of Education. BA, MA, University of Washington.

**A. HUGH FLEETWOOD**

Associate Professor Emeritus of Philosophy. BA, MA, PhD, University of Michigan.

**MAURICE H. FOISY**

Associate Professor Emeritus of Political Science. BA, Gonzaga University; MA, Georgetown University; PhD, University of Oregon.

**RICHARD W. FONDA**

Professor Emeritus of Biology. BA, Duke University; MS, PhD, University of Illinois (1968-2004)

**PAUL M. FORD**

Professor Emeritus of Educational Administration and Foundations. AB, Dartmouth College; MEd, EdD, Harvard University.

## UNIVERSITY PERSONNEL

---

### IONE FOSS

Associate Professor Emeritus of Art. BS, MAA, Montana State College; MFA, University of Oregon.

### RICHARD J. FOWLER

Professor Emeritus of Technology. BA, MS, Washington State University; EdD, Texas A and M University.

### RICHARD L. FRANCIS

Professor Emeritus of English. AB, Kenyon College; MA, Duke University; PhD, Yale University.

### BARTON FRANK

Professor Emeritus of Music. BM, MM, Tulsa University.

## G

### MARIA GUADALUPE GARCIA-BARRAGAN

Professor Emeritus of Foreign Languages and Literatures. BA, Colegio Aquiles Serdan; BEd, Instituto America; MA, Escuela Normal Superior Nueva Galicia; PhD, Universite de Paris, III, Sorbonne.

### HARVEY M. GELDER

Professor Emeritus of Fairhaven. BA, Colorado State College; MA, University of Missouri.

### GEORGE A. GERHOLD

Professor Emeritus of Chemistry. BS, University of Illinois; PhD, University of Washington (1969-2004)

### JEROME GLASS

Associate Professor Emeritus of Music. BS, New York University; MMus, University of Southern California.

### PAUL C. GLENN

Associate Professor Emeritus of Fairhaven. BA, University of Washington; MFA, Stanford University.

### CHARLES S. GOSSMAN

Associate Professor Emeritus of Sociology. BA, University of Puget Sound; MA, PhD, University of Washington. (1968-1991)

### NEIL R. GRAY

Associate Professor Emeritus of Mathematics. BA, San Francisco State College; MA, PhD, University of Washington. (1964-1998)

### WILLIAM A. GREGORY

Professor Emeritus of Theatre/Dance. BS, Central Michigan University; MA, Michigan State University; PhD, University of Minnesota.

### BURTON L. GROVER

Associate Professor Emeritus of Educational Administration and Foundations. BS, MA, PhD, University of Minnesota.

## H

### HOWARD L. HARRIS

Professor Emeritus of Anthropology. BA, University of Iowa; MA, University of Missouri; M.Div., Hartford Theological Seminary.

### HERBERT R. HEARSEY

Associate Professor and Librarian Emeritus. BA, EdM, Tufts College; BS in LS, MS in LS, University of Illinois.

### PAUL E. HERBOLD

Associate Professor Emeritus of Speech. BAEd, Western Washington State College; MA, University of Washington; PhD, University of Minnesota.

### MILDRED HERRICK

Associate Professor and Librarian Emeritus. BA, Michigan State Normal College; BA in LS, MA in LS, University of Michigan.

### FRANCIS H. HILDEBRAND

Professor Emeritus of Mathematics. BA, Kent State University, MS, University of Illinois; PhD, Michigan State University. (1968-1994)

### JAMES L. HILDEBRAND

Associate Professor Emeritus of Mathematics/Computer Science. BA,

MA, North Texas State University. (1952-1985)

### CLAUDE E. HILL

Professor Emeritus of Technology. BA, MEd, University of Washington.

### FORD D. HILL

Associate Professor Emeritus of Music. AB, Wisconsin State University; MMus, Indiana University. (1975-1996)

### HARLEY E. HILLER

Professor Emeritus of History. BA, Westmar College; MA, PhD, University of Minnesota.

### JESSE HIRAOKA

Professor Emeritus of Foreign Languages. BA, Roosevelt University; MA, University of Chicago; PhD, Northwestern University.

### JAMES J. HITCHMAN

Professor Emeritus of History. BA, Willamette University; MA, PhD, University of California, Berkeley.

### EUGENE J. HOGAN

Associate Professor Emeritus of Political Science. BA, Gonzaga University; MA, Georgetown University; PhD, University of Oregon.

### PETER J. HOVENIER

Professor Emeritus of Education. BA, University of Southern California, Santa Barbara; MA, Brigham Young University; MA, PhD, Stanford University. (1970-1996)

## J

### RAND JACK

Professor Emeritus of Fairhaven College. BA, Princeton University; LLB, Yale University Law School. (1971-2003).

### R. ALLEN JENSEN

Associate Professor Emeritus of Art. BA, University of Washington; MA, Washington State University. (1966-1997)

### ELLWOOD JOHNSON

Professor Emeritus of English. AB, MA, PhD, University of Washington.

### ELVET G. JONES

Professor Emeritus of Psychology. BA, MA, University of British Columbia; PhD, University of Minnesota.

### HENRY W. JONES

Assistant Professor Emeritus of Education. BS, North Dakota State University; MS, University of Wisconsin; EdD, University of California, Los Angeles.

## K

### EDWARD H. KAPLAN

Associate Professor Emeritus of History. BS, Georgetown University; MA, PhD, University of Iowa.

### ROBERT H. KELLER

Professor Emeritus of Fairhaven. AB, University of Puget Sound; BD, MA, PhD, University of Chicago.

### ROBERT HYUNG-CHAN KIM

Professor Emeritus of Educational Foundations. BA, Hanguk University of Foreign Studies; BA, MA, EdD, George Peabody College for Teachers.

### HUBERTUS E. KOHN

Professor Emeritus of Biology. PhD, University of Innsbruck, Austria. (1966-1999)

### MILTON KRIEGER

Professor Emeritus of Liberal Studies. BA, Reed College; PhD, University of Toronto. (1970-2003)

## L

### GEORGE S. LAMB

Professor Emeritus of Educational Curriculum and Instruction. BA, Macalester College; MA, University of Washington; PhD, University of Minnesota.

**EDITH B. LARRABEE**

Assistant Professor Emeritus of Home Economics. BA, East Texas State University; MA, Colorado State University.

**GOLDEN L. LARSEN**

Associate Professor Emeritus of English. BS, MS, Utah State University; PhD, University of Washington.

**LAWRENCE L. LEE**

Professor Emeritus of English. BA, MA, PhD, University of Utah.

**H. VICTOR LEVERETT**

Associate Professor Emeritus of Theatre Arts. BA, BEd, Western Washington University; MA, Washington State University

**MERRILL E. LEWIS**

Professor Emeritus of English. BA, MA, University of Oregon; PhD, University of Utah.

**RICHARD H. LINDSAY**

Professor Emeritus of Physics and Astronomy. BS, University of Portland; MS, Stanford University; PhD, Washington State University. (1961-1994)

**WALTER J. LONNER**

Professor Emeritus of Psychology. BA, MA, University of Montana; PhD, University of Minnesota.

**M****JOHN C. McCLENDON**

Associate Professor Emeritus of Fairhaven College. BA, MA, San Francisco State University.

**ROBERT A. McCracken**

Professor Emeritus of Educational Curriculum and Instruction. BA, MA, PhD, Syracuse University.

**RAYMOND G. McINNES**

Professor Emeritus of Library Science. BA, University of British Columbia; MLS, University of Washington.

**RUBY D. McINNES**

Associate Professor Emeritus of Education. BA, University of Washington; MA, Columbia University.

**CAROL C. McRANDLE**

Professor Emeritus of Communication Sciences and Disorders. BS, University of Minnesota; MS, PhD, Purdue University.

**WILLIAM R. MACKAY**

Associate Professor Emeritus of Psychology. BA, Brown University; MA, PhD, University of California, Berkeley.

**VIOLET M. MALONE**

Professor Emeritus of Adult Education. BEd, Northeastern Illinois State University; MEd, Chicago State University; PhD, Florida State University (1991-2004)

**STEPHEN C. MARGARITIS**

Professor Emeritus of Education. BA, University of Athens; MA, PhD, University of Southern California.

**DAVID MARSH**

Professor Emeritus of Art. Chair, Department of Music. Acting Dean of College of Fine and Performing Arts. BA, Central Washington College; MS, University of Oregon. (1957-1995)

**JAMES S. MARTIN**

Professor Emeritus of Biology. BS, MS, PhD, University of Washington.

**DAVID T. MASON**

Professor Emeritus of Fairhaven College. BA, Reed College; MA, PhD, University of California, Davis. (1966-1998)

**EVELYN P. MASON**

Professor Emeritus of Psychology. BA, Mills College; MA, PhD, Washington University.

**MIRIAM S. MATHES**

Associate Professor Emeritus of Library Science. BA, New York

College for Teachers; MA, Teachers College, Columbia University; BLS, MLS, School of Library Science, Columbia University.

**ERWIN S. MAYER**

Professor Emeritus of Economics. AB, Hunter College; PhD, University of Washington.

**J. RICHARD MAYER**

Professor Emeritus of Environmental Science. BS, Union College; MA, Columbia University; PhD, Yale University.

**ROBERT D. MEADE**

Professor Emeritus of Psychology. BA, Indiana University; MA, PhD, University of Pennsylvania.

**ROBERT C. MEIER**

Professor Emeritus of Finance, Marketing and Decision Sciences. BA, Indiana University; MA, PhD, University of Minnesota.

**LARRY D. MENNINGA**

Associate Professor Emeritus of Computer Science. BA, University of Iowa; MA, MS, PhD, University of Washington.

**VLADIMIR MILICIC**

Professor Emeritus of Foreign Languages and Literatures. Certificate of Baccalaureate, Gymnasium for Boys, Belgrade; MA, University of Chicago.

**JOHN A. MILLER**

Professor Emeritus of Chemistry. BS, Oregon State University; PhD, Iowa State University.

**RALPH E. MINER**

Associate Professor Emeritus of Political Science. BA, San Jose State University; MA, PhD, University of Oregon.

**HOWARD E. MITCHELL**

Professor Emeritus of Economics. BA, Whitworth College; MA, PhD, University of Washington.

**KURT W. MOERSCHNER**

Associate Professor Emeritus of Foreign Languages and Literatures. BComm, BA, Sir George Williams University; MA (Psychology), MA (German), PhD, University of Colorado.

**ROBERT L. MONAHAN**

Professor Emeritus of Geography and Environmental Social Sciences. BA, University of Washington; MA, University of Michigan; PhD, McGill University.

**PHILLIP T. MONTAGUE**

Professor Emeritus of Philosophy. BS, Loyola University; PhD, Stanford University. (1966-2004)

**DONALD E. MOON**

Associate Professor Emeritus of Technology. BS in Ed, California State College, California, Pa.; MA, Teachers College, Columbia University; EdD, Oregon State University.

**JOHN S. MOORE**

Associate Professor Emeritus of Finance, Marketing, and Decision Sciences. BS, University of North Dakota; MS, JD, University of Colorado; PhD, University of Washington. (1970-1998)

**THEODORE A. MORK**

Professor Emeritus of Educational Curriculum and Instruction. BA, MEd, Western Washington State College; PhD, Syracuse University.

**JACK MORRIS**

Associate Professor Emeritus of Music. BA, Brigham Young University; MM, Indiana University. (1985-2003)

**GEORGE M. MULDROW**

Professor Emeritus of English. BA, MA, University of Missouri; PhD, Stanford University.

**N****EDWARD F. NEUZIL**

Professor Emeritus of Chemistry. BS, North Dakota State College; MS, Purdue University; PhD, University of Washington.

## UNIVERSITY PERSONNEL

---

### ALDEN NICKELSON

Professor Emeritus of Educational Curriculum and Instruction. BS, MA, PhD, University of Washington.

### FRANK A. NUGENT

Professor Emeritus of Psychology. BS, New Jersey State Teachers College; MA, Columbia University; PhD, University of California, Berkeley.

### O

#### JAMES H. O'BRIEN

Professor Emeritus of English. BA, Seattle University; MA, PhD, University of Washington.

#### J. EVELYN ODOM

Associate Professor Emeritus of English. AB, Winthrop College; MA, Teachers College, Columbia University.

#### MARVIN L. OLMSTEAD

Associate Professor Emeritus of Communication. BS, Black Hills State College; MA, Washington State University; PhD, University of Washington.

#### FRED A. OLSEN

Professor Emeritus of Technology. BS, University of Washington; MS, Stout State University; PhD, Ohio State University.

### P

#### HAROLD O. PALMER

Professor Emeritus of Business Education. BA, College of Emporia, Kansas; EdM, University of Oregon; EdD, Oregon State University.

#### JAL S. PARAKH

Professor Emeritus of Biology. BA, Osmania University; MS, University of Florida; PhD, Cornell University.

#### INGEBORG L.E. PAULUS

Associate Professor Emeritus of Sociology. BA, MA, University of British Columbia; PhD, University of London, England. (1967-1989)

#### LOIS E. PETERSEN

Associate Professor Emeritus of Management. BA, Wartburg College; EdM, Oregon State University; EdD, University of North Dakota. (1974-1999)

#### ROBERT H. PINNEY

Associate Professor Emeritus of Secondary Education. BA, University of Washington; EdD, Stanford University. (1971-2003)

#### SAM R. PORTER

Professor Emeritus of Technology. BA, Iowa State Teachers College; MA, Teachers College, Columbia University; EdD, University of Missouri.

#### RICHARD L. PURTILL

Professor Emeritus of Philosophy. BA, MA, PhD, University of Chicago. (1962-1997)

### R

#### AUGUST C. RADKE

Professor Emeritus of History. BA, MA, PhD, University of Washington.

#### CHARLES RANDALL, JR.

Associate Professor Emeritus of Physical Education. BA, Eastern Washington State College; MA, Washington State University.

#### FRANKLIN C. RANEY

Associate Professor Emeritus of Geography and Regional Planning. BS, University of Chicago; MS, Washington State University; PhD, University of California, Davis.

#### JAMES B. RHOADS

Professor Emeritus of History. BA, MA, University of California, Berkeley; PhD, The American University.

#### CHARLES M. RICE

Associate Professor Emeritus of Industrial Arts. BFA, MA, Washington State University; University of Washington; University of Oregon;

Carnegie A.I.A. Art Sessions; EdD, Oregon State University.

#### LARRY S. RICHARDSON

Associate Professor Emeritus of Communication. BA, Western Washington State College; MEd, Central Washington State College; MA, PhD, Washington State University. (1970-1997)

#### WALTER L. ROBINSON

Professor Emeritus of Foreign Languages and Literatures. BA, MA, PhD, University of Texas.

#### PAUL L. ROLEY

Associate Professor Emeritus of History. BA, Illinois College; MA, Northwestern University; PhD, University of Illinois.

#### JUNE R.P. ROSS

Professor Emeritus of Biology. BSc, PhD, DSc, University of Sydney, Sydney, Australia. (1967-2003)

#### GERARD F. RUTAN

Professor Emeritus of Political Science. BA, MA, University of Montana; PhD, University of North Carolina.

#### MARJORIE RYAN

Professor Emeritus of English. AB, MA, University of Michigan; PhD, University of Minnesota.

### S

#### RONALD N. SAVEY

Associate Professor Emeritus of Accounting. BA, Western State College of Colorado; MBA, University of Denver.

#### LEONARD SAVITCH

Associate Professor Emeritus of Education. BS, Pennsylvania State; MA, Teachers College, Columbia University; PhD, University of Washington.

#### ROBERT L. SCANDRETT

Professor Emeritus of Music. BA, Seattle Pacific College; MA, PhD, University of Washington.

#### THOMAS SCHLOTTERBACK

Professor Emeritus of Art. Chair, Department of Art. Acting Dean of College of Fine and Performing Arts. BFA, MFA, University of Kansas; PhD, the State University of Iowa.

#### DAVID E. SCHNEIDER

Professor Emeritus of Biology. BS, Bates College; PhD, Duke University. (1966-2003)

#### CARL U. SCHULER

Associate Professor Emeritus of History. BS, MA, PhD, University of Wisconsin.

#### HENRY G. SCHWARZ

Professor Emeritus of History/East Asian Studies. BA, MA, PhD, University of Wisconsin.

#### MAURICE L. SCHWARTZ

Professor Emeritus of Geology and Education. BA, MS, PhD, Columbia University.

#### SY SCHWARTZ

Associate Professor Emeritus of Educational Administration and Foundations. BS, MS, EdD, Wayne State University.

#### DONALD J. SCHWEMMIN

Associate Professor Emeritus of Biology. BS, MS, PhD, University of Michigan.

#### JAMES W. SCOTT

Professor Emeritus of Geography and Regional Planning. BA, MA, University of Cambridge; PhD, Indiana University.

#### MICHAEL R. SEAL

Professor Emeritus of Engineering. BEd, University of British Columbia; MEd, Western Washington State College; DEd, Texas A&M University. (1968-2004)

**CLYDE M. SENGER**

Professor Emeritus of Biology. BA, Reed College; MS, Purdue University; PhD, Utah State University.

**ALBERT C. SHAW**

Professor Emeritus of Music. BMusEd, Wheaton College; MMusEd, Drake University; DMusEd, Indiana University. (1978-1999)

**BEARNICE S. SKEEN**

Professor Emeritus of Education. BS, MS, University of Oregon; EdD, Washington State University.

**KNUTE SKINNER**

Professor Emeritus of English. BA, University of Northern Colorado; MA, Middlebury College; PhD, University of Iowa. (1962-1997)

**IRWIN L. SLESNICK**

Professor Emeritus of Biology. BS, BA, Bowling Green State University; MS, University of Michigan; PhD, The Ohio State University. (1963-1998)

**ALDEN C. SMITH**

Associate Professor Emeritus of Communication. BS, Florida Southern; MS, Syracuse University; PhD, University of Illinois. (1966-1997)

**ARTHUR L. SOLOMON**

Professor Emeritus of Speech and Broadcast. BA, Antioch College; MA, University of North Carolina; PhD, Stanford University.

**MARVIN A. SOUTHCOTT**

Associate Professor Emeritus of Technology. BA, University of Washington; MFA, Maryland Institute College of Art.

**R.E. "TED" STANNARD JR.**

Associate Professor Emeritus of Journalism. BA, University of Washington; MA, Cornell University.

**PETE S. STEFFENS**

Professor Emeritus of Journalism. BA, Harvard College; BA, MA, Balliol College, Oxford, England.. (1972-1999)

**G. EDWARD STEPHAN**

Professor Emeritus of Sociology. BA, San Francisco State College; PhD, University of Oregon.

**KATHLEEN J. STEPHENS-KERNAN**

Associate Professor Emeritus of Library Sciences. BA, Western Washington State College; MLS, University of Washington.

**WILLIAM C. SUMMERS**

Professor Emeritus of Environmental Science. BME, PhD, University of Minnesota.

**KENNETH M SYMES**

Professor Emeritus of English. BS, MS, Utah State University; PhD, University of New Mexico. (1967-2003)

**T****JAMES L. TALBOT**

Professor Emeritus of Geology. BA, University of Cambridge; MA, University of California, Berkeley; PhD, University of Adelaide.

**DAVID E. TEMPLETON**

Professor Emeritus of Art. BFA, MA, University of Illinois; PhD, University of Minnesota. (1969-1996)

**MARY TÉREY-SMITH**

Professor Emeritus of Music. BM, Liszt Academy of Music, Budapest; MA, University of Vermont; PhD, University of Rochester.

**RICHARD W. THOMPSON**

Professor Emeritus of Psychology. BA, MA, PhD, Michigan State University. (1987-1997)

**HUBERT N. THORESON**

Associate Professor Emeritus of Management. BS, Valley City State College; MEd, EdD, University of North Dakota.

**MARIAN J. TONJES**

Professor Emeritus of Educational Curriculum and Instruction. BA, MA, University of New Mexico; EdD, University of Miami.

**JOHN TOWNER**

Professor Emeritus of Elementary Education. BS, MS, University of Wisconsin; PhD, University of Minnesota.

**U****JOHN F. UTENDALE**

Professor Emeritus of Adult and Higher Education. BPE, University of Alberta; MEd, Eastern Washington State College; EdD, Washington State University.

**V****STEWART VAN WINGERDEN**

Associate Professor Emeritus of Education. BAEd, Western Washington State College; MA, Colorado State College; EdD, Washington State University.

**DOUGLAS L. VANDER YACHT**

Associate Professor Emeritus of Theatre Arts. BA, Western Washington State College; MA, Purdue University; PhD, The Ohio State University. (1970-1997)

**PHILIP VANDER VELDE**

Associate Professor Emeritus of Educational Foundations. BA, Calvin College; MA, PhD, Michigan State University. (1967-1999)

**RICHARD F. VOGEL**

Associate Professor Emeritus of Engineering Technology. BA, MAT, Washington State University; DEd, Texas A&M University. (1971-1999).

**W****WILLIAM L. WALLACE**

Associate Professor Emeritus of Liberal Studies. BS, Appalachian State University; MA, PhD, Ohio University.

**ADA L. WALTER**

Assistant Professor Emeritus of Business Education and Economics. BS, Winthrop College; MBA, University of Denver.

**THOMAS E. WARD**

Professor Emeritus of Theatre Arts. BA, West Maryland College; MFA, New York University, School of Arts. (1977-2003)

**MARY W. WATROUS**

Professor Emeritus of Education. AB, University of Nebraska; MA, Gonzaga University; EdD, University of Washington.

**LOREN L. WEBB**

Professor Emeritus of Speech Pathology and Audiology. BS, University of California, Berkeley; MA, University of Redlands; PhD, University of Washington.

**HERBERT H. WEBBER**

Professor Emeritus of Geography and Environmental Social Sciences. BSc, PhD, University of British Columbia. (1970-2003)

**EVELYN M. WELLMAN**

Associate Professor Emeritus of Music. BA, MA, Western Washington State College.

**DONALD W. WHISENHUNT**

Professor Emeritus of History. BA, McMurry College; MA, PhD, Texas Tech University. (1991-2003)

**JOHN C. WHITMER**

Professor Emeritus of Chemistry. BS, University of Rochester; MS, PhD, University of Michigan. (1969-2004)

**JAMES W. WILKINS, JR.**

Associate Professor Emeritus of Psychology. AB, MA, Kent State University; PhD, Michigan State University.

## UNIVERSITY PERSONNEL

---

### H. WILLIAM WILSON

Professor Emeritus of Chemistry. BSc, University of Alberta; PhD, University of Washington.

### GEORGE E. WITTER

Associate Professor Emeritus of Computer Science. BA, MA, Miami University.

### EVELYN C. WRIGHT

Associate Professor Emeritus of English. BS, Illinois State University; MA, PhD, Northwestern University.

## Y

### MING-HO YU

Professor Emeritus of Huxley College. BS, National Taiwan University; MS, PhD, Utah State University. (1969-1998)

## Z

### DAVID W. ZIEGLER

Associate Professor Emeritus of Political Science. BA, Oberlin College; MA, PhD, Harvard University. (1967-2003)

### LINDA A. ZURFLUH

Professor Emeritus of Educational Administration. BA, MA, Pacific Lutheran University; PhD, University of Washington. (1984-2003)

## FACULTY

### A

Abedi, Amir / Political Science  
Acevedo-Gutierrez, Alejandro / Biology  
Alexander, Marian L. / Library  
Aller, Warren / Educational Administration  
Alper, Donald / Political Science  
Amiran, Edoh Y. / Mathematics  
Amundson, Garth / Art  
Anderson, Kathryn L. / Fairhaven  
Anderson, Kristen L. / Sociology  
Anderson, Peggy / Applied Research and Development Center/  
Human Services  
Anderson, Roger A. / Biology  
Antil, Laurence / Special Education  
Antholt, Sharron / Art  
Anthony-Cahill, Spencer J. / Chemistry  
Armstrong, Jeanne / Library  
Ashcraft, Catherine / Secondary Education  
Atkinson, Charles M. / Special Education  
Atneosen, Richard A. / Physics and Astronomy  
Atsuta, Seiko / Art  
Auer, David / Decision Sciences

### B

Babcock, Scott / Geology  
Bach, Andrew J. / Geography and Environmental Social Sciences  
Baharav, Eva / Communication Sciences and Disorders  
Baker-Sennett, Jacquelyn / Human Services  
Bajwa, Deepinder / Decision Sciences  
Banister, Suzanne / Music  
Barrett, W. Louis / Physics and Astronomy  
Beasley, Bruce H. / English  
Beisenherz, Paul / Elementary Education  
Benson, Earl D. / Finance and Marketing  
Berardi, Gigi / Geography and Environmental Social Sciences  
Bereal, Ed / Art  
Berg, Richard H. / Arts and Sciences  
Binderup, Denise / Elementary Education

Bingham, Brian L. / Environmental Science  
Bode, Robert A. / Communication  
Bodensteiner, Leo R. / Environmental Science  
Bodman, Andrew / Geography and Environmental Studies  
Bornzin, Gary / Fairhaven College  
Bover, David / Computer Science  
Bower, John L. / Fairhaven College  
Boxberger, Daniel L. / Anthropology  
Bradley, Karen / Sociology  
Brand, Rob / Elementary Education  
Brennan, Scott / Environmental Science; Environmental Studies  
Briggs, Roger D. / Music  
Brilla, Lorraine / Physical Education, Health and Recreation  
Brown, Herbert A. / Biology  
Brown, Nicole / English  
Buck, Stephanie / Library  
Buckley, Patrick H. / Geography; Environmental Social Sciences  
Bulcroft, Kris / Sociology  
Bulcroft, Richard / Sociology  
Burdge, Rabel / Environmental Studies; Sociology  
Burton, Brian K. / Management  
Burtz, Randall / Physical Education, Health and Recreation  
Bussell, Mark E. / Chemistry  
Byrne, Christina A. / Psychology

### C

Caine, Dennis J. / Physical Education, Health and Recreation  
Cameron, Hazel / Library  
Campbell, Sarah K. / Anthropology  
Cancilla, Devon A. / Environmental Science  
Carbajal, Brent J. / Modern and Classical Languages  
Carnel, Cher / Dance  
Carney, Joanne / Elementary Education  
Carroll, David / Elementary Education  
Cary, Meredith B. / English  
Cave, Linda M. / Mathematics  
Chalice, Donald R. / Mathematics  
Chalmers, Gordon / Physical Education, Health and Recreation  
Chan, Victor / Mathematics  
Chavez, Maria / Anthropology  
Chen, Paul / Political Science  
Chock-Eng, Sandra / Elementary Education  
Clark, Douglas / Geology  
Clark-Langager, Sara / Canadian-American Studies  
Clumpner, Roy A. / Physical Education, Health and Recreation  
Cochrane, Heather / Special Education  
Collamer, Barbara / Psychology  
Colby, Geraldine Hansen / Special Education  
Conton, Leslie / Fairhaven  
Copeland, Connie / Student Affairs Administration  
Coskie, Tracy / Elementary Education  
Costanzo, Susan / History  
Coughlin, Eileen / Adult and Higher Education  
Crabb, Brian / Psychology  
Craswell, Keith / Mathematics  
Crider, Juliet / Geology  
Cross, Sandra / Human Services  
Crowder, Kyle / Sociology  
Cunningham, Mick / Sociology

Curgus, Branko / Mathematics  
 Curley, David L./Liberal Studies  
 Cvetkovich, George T. / Psychology  
 Czajkowski, Theodore / Educational Administration

**D**

Daffron, Sandra / Continuing College Education  
 Dale, Carolyn / Journalism  
 Daley, Christopher / Chemistry  
 Danyusk, Cecilia A. / History  
 Darling, Rieko M. / Speech Pathology and Audiology  
 Davidson, Marcia / Applied Research and Development Center and Elementary Education  
 Davis, Nanette / Sociology  
 de Almeida, Cristina / Art  
 Dean, James / Canadian-American Studies  
 DeBari, Susan / Geology  
 Deguchi, Masanori / Linguistics  
 Deiro, Judith Anne / Human Services  
 Demmert, William / Applied Research and Development Center  
 Denham, Kristin / English  
 Dennett, Nolan A. / Theatre Arts  
 Devenport, Jennifer / Psychology  
 Diehl, Peter D. / History  
 Dietrich, Dawn Y. / English  
 Dillman, Steven H. / Technology  
 Dinnel, Dale L. / Psychology  
 Donnellan, Grant / Music  
 Donovan, Deborah / Biology  
 Donovan, Todd A. / Political Science  
 Douglass, John / Decision Sciences  
 Downing, Thomas E. / Philosophy  
 Drew, Elizabeth / Elementary Education  
 Duke, Shearleen / Journalism  
 Durham, Yvonne / Economics

**E**

Eaton, Marie D. / Fairhaven  
 Eblen, Anna / Communication  
 Eerkes, Gary L. / Computer Science  
 Emory, Steven R. / Chemistry  
 Engebretson, David C. / Geology  
 Englesberg, Paul / Educational Foundations  
 Estrada, Lawrence / Educational Foundations/Fairhaven  
 Eurich, Susan Amanda / History

**F**

Fabiano, Patricia / Prevention and Wellness Services  
 Fast, Margaret / Library  
 Feingold, David / Music  
 Fewings, David R. / Finance and Marketing  
 Fiero, Petra / Modern and Classical Languages  
 Finlay, Janet / Psychology  
 Foltin, Béla / Library  
 Forgays, Deborah K. / Psychology  
 Fox, Sheila / Special Education  
 Friday, Christopher C. / History  
 Friesen, John / Music  
 From, Milton / Physics and Astronomy

**G**

Gallay, Alan / History  
 Gammon, Steven / Chemistry  
 Ganz, Steven / Decision Sciences  
 Garcia, Joseph E. / Management  
 Gardner, Richard J. / Mathematics  
 Garfinkle, Steven J. / History  
 Geisler, Marc S. / English  
 Gentile, Lisa N. / Chemistry  
 Germain, Roger / Theatre Arts  
 Ghali, Moheb A. / Economics  
 Giffen, Allison / English  
 Gilbertson, David / Accounting  
 Gilliam, Jeffrey P. / Music  
 Gleeson, Madge / Art  
 Globerman, Steven / Economics  
 Goebel, Bruce / English  
 Gogrof-Voorhees, Andrea / Liberal Studies  
 Grady, Thomas / Engineering Technology  
 Green, Gaye Leigh / Art  
 Greer, Deborah / Theatre Arts  
 Grimes, Michael / Anthropology  
 Grimm, Jeffrey / Psychology  
 Grote, Frederick W., Jr. / Psychology  
 Gruman, Diana / Psychology  
 Guelker-Cone, Leslie / Music  
 Guess, Carol / English  
 Gynan, Shaw N. / Modern and Classical Languages

**H**

Hagen, Daniel A. / Economics  
 Hall, Pamela L. / Finance and Marketing  
 Hamblin, Vicki L. / Modern and Classical Languages  
 Hamilton, Bruce / Music  
 Hammond, Joyce D. / Anthropology  
 Hanania, Cecile / Modern and Classical Languages  
 Hansen, Geraldine / Rehabilitation Counseling  
 Hansen, Julia / Economics  
 Hansen, Thor A. / Geology  
 Harder, K. Peter / Economics  
 Hardman, Pamela / English  
 Hardy, John T. (Jack)/ Environmental Science  
 Harper-Arabie, Ruth / Environmental Science  
 Harris, F. David / Engineering Technology  
 Harris, Lyle E. / Journalism  
 Hartsfield, Nora A. / Mathematics  
 Harwood, Angela M. / Secondary Education  
 Haug, Peter / Decision Sciences  
 Hayden, Davis C. / Psychology  
 Hayes, Susanna A. / Psychology  
 Hearne, James W. / Computer Science  
 Heckathorn, Jill / Physical Education, Health and Recreation  
 Helfgott, Leonard M. / History  
 Helling, Julie / Fairhaven  
 Helms, Ronald / Sociology  
 Hendryson, MaryAnn / Economics; Canadian-American Studies  
 Henniger, Michael L. / Elementary Education  
 Henson, Steven / Economics  
 Hirsch, David / Geology

## UNIVERSITY PERSONNEL

---

Hodges, Hart L. / Economics  
Hoekstra, Nicole / Engineering Technology  
Hoelscher, Karen J. / Elementary Education  
Hoffman, Joan M. / Modern and Classical Languages  
Homann, Peter S. / Environmental Science  
Hooper, David / Biology  
Hoover, Kenneth R. / Political Science  
Housen, Bernard A. / Geology  
Howard-Snyder, Daniel / Philosophy  
Howard-Snyder, Frances / Philosophy  
Howell, Kenneth W. / Special Education  
Hsueh, Vicki / Political Science  
Hua, Stella / Decision Sciences  
Hudson, Hud / Philosophy  
Hutton, Marguerite R. / Accounting  
Hyatt, Keith / Special Education  
Hyman, Ira E. Jr. / Psychology

### I

Inverarity, James / Sociology  
Israels, Chuck / Music

### J

Jack, Dana C. / Fairhaven  
Janson, Carol / Art  
Jaye, Cara / Art  
Jewett, Robert I. / Mathematics  
Jimerson, Randall C. / History  
Johnson, Brad L. / Physics and Astronomy  
Johnson, James L. / Computer Science  
Johnson, Jerry L. / Mathematics  
Johnson, Mildred / Mathematics  
Johnson, Nancy J. / English  
Johnson, Vernon D. / Political Science  
Johnston, Thomas A. / Art  
Jongejan, Anthony / Instructional Technology  
Jordan, Matthew / Theatre Arts  
Jull, Pamela / Sociology  
Jusak, Debra S. / Computer Science

### K

Kanhai-Brunton, Rosanne D. / English  
Karlberg, Michael / Communication  
Kasprisin, Lorraine / Educational Foundations; Secondary Education  
Keiper, Robert / Secondary Education  
Keiper, Timothy / Instructional Technology and Secondary Education  
Keleman, Kenneth / Management  
Kelley, Bridget / Special Education  
Kennedy, Kathleen A. / History  
Kim, Ilhyung / Decision Sciences  
Kim, Jongwook / MBA  
Kim, Jungsik / Fairhaven College  
Kimball, Linda A. / Anthropology  
Kincaid, Susan / Human Services  
King, Donald M. / Chemistry  
King, Rosalie Rosso / Art/Engineering Technology  
Kitto, Kathleen L. / Engineering Technology  
Klein, Karen / Elementary Education  
Klein, Kay / Elementary Education  
Klein, Marvin L. / Educational Administration  
Kleinknecht, Ronald A. / Psychology

Knutzen, Kathleen / Physical Education, Health and Recreation  
Koetje, Todd A. / Anthropology  
Kowalczyk, Tamara K. / Accounting  
Krieg, John / Economics  
Kriz, George S. / Chemistry  
Krogh, Suzanne L. / Elementary Education  
Knutzen, Kathleen / Physical Education, Health and Recreation  
Kuntz, Mark / Theatre Arts  
Kuntz, Pam / Dance

### L

Laffrado, Laura / English  
Lampman, Gary M. / Chemistry  
Landis, Wayne G. / Environmental Science  
Larner, Daniel M. / Fairhaven  
Larson, Bruce E. / Secondary Education  
Larson, Kristen / Physics and Astronomy  
Lawson, Robert / Applied Research and Development Center/  
Human Services  
Lay, William H. / Educational Foundations  
Leaf, David S. / Biology  
Lemm, Kristi / Psychology  
Leonard, Kevin A. / History  
Leonhardt, Eric C. / Engineering Technology  
Levin, Richard G. / Mathematics  
Lewis, Arleen C. / English  
Lewis, L. Floyd / Decision Sciences  
Liao-Troth, Matthew / Management  
Lindquist, Norman F. / Mathematics  
Lindsey, Billie / Physical Education, Health and Recreation  
Linneman, Scott / Geology  
Lippman, Louis G. / Psychology  
Livingston, Mary Morgan / Human Services  
Lobeck, Anne / English  
Lockhart, Julie A. / Accounting  
Lois, Jennifer / Sociology  
Lopresti, Robert / Library  
Lortz, James E. / Theatre Arts  
Loucky, James / Anthropology  
Lundeen, Kathleen / English  
Lynne, William / English

### M

McClain, Lee I. / Decision Sciences  
McClanahan, Lauren / Secondary Education  
McCormick, Patrick F. / Art  
McDonald-Miszczak, Leslie / Psychology  
McDowell, Stephen / Mathematics  
McDuffy, Christine / Educational Administration  
McInnis, Raymond / Library  
McKell, Eric K. / Engineering Technology  
McLaughlin, John F. / Environmental Science  
McLellan, Janet / Communication Sciences and Disorders  
McMurtry- Chubb, Teri / Fairhaven College  
Madsen, Leza (Elizabeth) / Library  
Mana, Michael / Psychology  
Mancuso, Susan K. / Adult and Higher Education  
Mariz, George E. / History  
Markosian, Ned / Philosophy  
Marrs, Lawrence W. / Special Education and Educational

## Administration

Marshall, Robert C. / Anthropology  
 Martin, Lea Ann / Physical Education, Health and Recreation  
 Mathers-Schmidt, Barbara / Speech Pathology and Audiology  
 Matthews, Geoffrey B. / Computer Science  
 Matthews, Robin A. / Environmental Science  
 Medler, Michael / Environmental Studies  
 Meehan, J. Michael / Computer Science  
 Melious, Jean O. / Geography and Environmental Social Sciences  
 Mendes, Sebastian / Art  
 Metzger, Mary J. / English  
 Meyer, David / Music  
 Miles, John C. / Geography and Environmental Social Sciences  
 Miller, Barbara / Art  
 Miller, Brenda / English  
 Miller, Kate / Women Studies  
 Mills, Perry / Theatre Arts  
 Miran, Jonathon / Liberal Studies  
 Mitchell, Robert J. / Geology  
 Montoya-Lewis, Raquel / Fairhaven College  
 Mookherjee, Debnath / Geography and Environmental Social Sciences  
 Moore, James E. / Physical Education, Health and Recreation  
 Morgan, David R. / Biology  
 Morse, Joseph G. / Chemistry  
 Morton, Todd / Engineering Technology  
 Moskowitz, Steven M. / Engineering Technology  
 Mottner, Sandra / Finance and Marketing  
 Moulds, Cynthia / Women Studies  
 Moulds, Lisa / Women Studies  
 Moyer, Craig L. / Biology  
 Muller-Parker, Gisèle / Biology  
 Murphy, Dennis R. / Economics  
 Murphy, Sean / Liberal Studies  
 Myers, O. Eugene / Geography and Environmental Social Sciences

**N**

Napoli, James / Journalism  
 Naylor, Michael / Mathematics  
 Nelson, David M. / Economics  
 Nelson, George / Science Education and Physics and Astronomy  
 Nelson, Karna L. / Special Education  
 Nelson, Philip A. / Computer Science  
 Nielson, Bo Bernhard / MBA  
 Newcomer, Jeffrey / Engineering Technology  
 Ngom, Fallou / Modern and Classical Languages  
 Nicholas, Trula / Human Services  
 Noble, Andy / Dance  
 Nolet, Victor / Special Education

**O**

O'Charoen, Veekit / Engineering Technology  
 Ochs, Leslie / Physical Education, Health and Recreation  
 Ohana, Chris / Elementary Education  
 Olney, Thomas J. / Finance and Marketing  
 Olscamp, Paul / Philosophy  
 O'Murchu, Niall / Fairhaven College  
 O'Reilly, Maureen E. / Theatre Arts  
 Osborne, Martin L. / Computer Science  
 Oslapas, Arunas P. / Engineering Technology

Ousselin, Edward / Modern and Classical Languages

**P**

Packer, Donna / Library  
 Pagh, Nancy / English  
 Paola, Suzanne L. / English  
 Parades Mendez, Maria F. / Modern and Classical Languages  
 Park, Douglas / English  
 Parker, Diane C. / Library  
 Parker, Jennie / Special Education  
 Parris, Kristen D. / Political Science  
 Partsch, Cornelius /  
 Patrick, David L. / Chemistry  
 Pavia, Donald L. / Chemistry

## Appendix A

### WWU POLICIES ON EQUAL OPPORTUNITY/ NONDISCRIMINATION, AFFIRMATIVE ACTION, SEXUAL HARASSMENT, REASONABLE ACCOMMODATION

#### A. Introduction And Guiding Principles

As a university community, Western Washington University has a special obligation to all of its members to maintain teaching, learning and working environments which are conducive to the pursuit of knowledge. It is a community in which the academic endeavor is practiced with civility. The dignity and rights of all employees, students, visitors, and agents of the University are respected and preserved by this community.

In carrying out its mission, the University benefits from the ideas, contributions, and energies of all its members. Therefore, each member — whether staff, student, administrator, or faculty — has a responsibility and an obligation to respect the rights of others to express conflicting opinions. Adherence to standards of civility allows for reasoned discourse.

Western is committed to protecting the rights of its community members to engage in dialogue and express ideas in an environment which is free from harassment, discrimination and exploitation. The Western community will not tolerate these behaviors. At the same time, members of the community need to be able to distinguish between: 1) the need for and periodic duty to state disagreement with the ideas of others; and, 2) actions that constitute illegal discrimination and harassment.

The University policies and procedures which follow are intended to provide the community with specific directives regarding equal opportunity, nondiscrimination, affirmative action, employment recruitment and selection, sexual harassment, the accommodation of persons with disabilities, and nondiscrimination in applying anti-nepotism rules. The University is committed to resolving complaints of harassment and/or discrimination at the earliest and most informal level and shall adhere to principles of due process in all investigations and hearings.

The University is committed to fair treatment of individuals accused of violating these policies. Filing a false complaint is serious misconduct and may be subject to a range of sanctions, including written reprimand, termination or expulsion.

To carry out its commitment to these policies, the University shall maintain ongoing training programs. Such training will address each of the policies contained in this document, underlying rationale, and information related to prevention and complaint resolution. Members of the campus community are expected to participate in these training programs.

Members of the community are also guided in their relations by other ethical codes, laws, statements and policies, including but not limited to the Faculty Code of Ethics, the *Faculty Handbook*, the Student Rights and Responsibilities Code, Higher Education Personnel Rules, Collective Bargaining Agreements, the *Exempt Professional Staff Handbook*, the Washington State Code of Ethics, and executive orders from the governor.

Adopted by the Board of Trustees on April 12, 1996. Updated by the Equal Opportunity Center on August 13, 1999. Updated by the Equal Opportunity Center on August 23, 2001.

#### B. Dissemination Of Policies

The University's policies are disseminated to the University community in the following manner:

##### Internal Dissemination

- 1) All students are provided with copies of sections of these policies and procedures relevant to students through the Western Washington University *General Catalog*.
- 2) All new employees are provided with a copy of these policies and procedures during orientation. Faculty orientation is conducted by the Office of the Provost. The human resources department conducts orientation for new classified and administrative staff.
- 3) The policies, procedures and a review of associated supervisory responsibilities are given by the Equal Opportunity Center (EOC) to participants in supervisory training programs provided by that office.
- 4) The policies and procedures are included in the *Faculty Handbook*, the *Exempt*

*Professional Staff Handbook*, and the *Classified Staff Handbook*.

- 5) Search committee chairs and/or employing officials are provided with a copy of the policies and procedures at the beginning of each recruitment process. The EOC also meets with each search committee to provide information regarding its responsibilities under the policies.
- 6) Equal employment opportunity posters are displayed in conspicuous places throughout the University.
- 7) All bargaining unit agreements contain nondiscrimination statements and adhere to nondiscrimination policies and practices.
- 8) The policies and procedures are available 24 hours a day, 7 days a week, on the EOC's hotline at (360) 650-7704.
- 9) The policies and procedures are mailed to each employee and each University department or office when significant changes are made.

##### External Dissemination

- 1) All position announcements and advertisements for position openings contain a statement regarding the institution's commitment to equal opportunity and affirmative action.
- 2) The University's two 24-hour job telephone lines include a statement regarding the institution's commitment to equal opportunity and affirmative action.
- 3) All institutional contracts contain a nondiscrimination clause. The appropriate vice president is responsible for ensuring that the clause is included.
- 4) All promotional and application materials regarding employment opportunities, events, and program offerings are reviewed by the EOC.
- 5) Notification of institutional policy is provided to all vendors, subcontractors and suppliers with each contract that is accepted.

Adopted by the Board of Trustees on April 12, 1996. Updated by the Equal Opportunity Center on August 11, 1999.

#### C. Equal Opportunity/Nondiscrimination

**Preamble.** Discrimination on the basis of race, color, creed, religion, national origin, sex, age, disability, marital status, or status as a Vietnam era or disabled veteran is prohibited by federal and state statutes. Discrimination on the basis of sexual orientation is prohibited by University policy and governor's executive order. Among the laws upon which the University's equal opportunity/nondiscrimination policy is based are: Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, the Age Discrimination in Employment Act of 1967, the Vietnam Era Veteran's Readjustment Assistance Act of 1972, the Americans with Disabilities Act of 1990, the Civil Rights Act of 1991, the Veterans Employment Opportunities Act of 1998, and the Washington State Law Against Discrimination, Chapter 49.60 RCW.

**Policy Statement.** Western Washington University is committed to providing equal employment opportunity and prohibiting illegal discrimination. As the delegate of the Board of Trustees, the president of Western Washington University affirms that the institution shall:

- Develop, monitor and enforce University policies governing recruitment and selection to remove barriers to equal employment opportunity and prevent illegal discrimination;
- Ensure that promotion and hiring decisions are in accordance with the principles of equal employment opportunity;
- Administer personnel actions such as hiring, promotion, separation, compensation, benefits (within the limits of the law), transfers, layoffs, returns from layoff, University-sponsored training, education, tuition assistance, and social or recreational programs with fairness and equity, regardless of race, color, creed, religion, national origin, sex, age, disability, marital status, sexual orientation, or status as a Vietnam era or disabled veteran;
- Prohibit discrimination in the recruitment and admission of students, and in the operation of all University programs, activities and services;
- Cooperate with federal and state agencies in fulfilling its obligations under the laws of the United States and the state of Washington.

It is the responsibility of all members of the University community to ensure that commitment to equal opportunity and nondiscrimination is an integral part of WWU. This policy shall govern all employees, students, agents, groups, individuals and organizations who use University facilities, and other members of the University community to the extent provided by law. The Board of Trustees pledges that every reasonable effort will be made to provide the resources necessary to implement this policy.

Adopted by the Board of Trustees on April 12, 1996. Revised by the President on December 7, 1998.

## D. Affirmative Action

**Preamble.** As part of its commitment to equal opportunity, the Board of Trustees supports the principles of affirmative action as defined by the Office of Federal Contract Compliance Programs and the state of Washington. State and federal executive orders require the University to establish a compliance program and to report on the results of its affirmative action efforts in an affirmative action plan.

The Affirmative Action Program includes equal opportunity and affirmative action policies and methods for their dissemination, internal audit and reporting systems, procedures for program implementation, and identification of problem areas. In addition, the Affirmative Action Program calls for result-oriented actions designed to recruit, employ and promote qualified members of the following “affected” groups when they are underutilized in the work force: American Indians, Alaska Natives, Asians and Pacific Islanders, Blacks, Hispanics, women, persons over age 40, persons with disabilities, disabled veterans, Vietnam-era veterans and other veterans who served on active duty during a war or campaign or expedition for which a campaign badge has been authorized.

The Affirmative Action Plan is a working document which identifies areas of underutilization in the work force, evaluates personnel actions and hiring practices, analyzes goal achievement, and serves as a basis for updating the Affirmative Action Program.

**Policy.** It is the policy of Western Washington University to develop and implement an effective and defensible Affirmative Action Program for the following affected groups: American Indians, Alaska Natives, Asians and Pacific Islanders, Blacks, Hispanics, women, persons over age 40, individuals with disabilities, disabled veterans, and Vietnam-era veterans and other veterans who served on active duty during a war or campaign or expedition for which a campaign badge has been authorized.

The University shall report annually the results of its Affirmative Action Program in a written Affirmative Action Plan. The content of the plan shall conform to current state and federal guidelines and will represent the University’s good faith efforts to eliminate barriers to equal employment opportunity.

The Board of Trustees pledges its commitment to affirmative action by:

- Delegating responsibility for promoting and enforcing the Affirmative Action Program to the president of the University.

The president shall carry out this responsibility by:

- Designating the executive director of the Equal Opportunity Center as the official responsible for preparation of the Affirmative Action Plan and overall implementation of the Affirmative Action Program.
- Delegating responsibility for ensuring the success of the Affirmative Action Program to other University employment officials, managers and supervisors.
- Ensuring that the resources necessary for the implementation of this policy remain a priority in the University budget.

### *Responsibility for Implementation of the Affirmative Action Program*

The president of the University has overall responsibility for promoting and enforcing the Affirmative Action Program. The executive director of the Equal Opportunity Center reports to the president, and has the authority to administer the Affirmative Action Program. The designated official’s name, title, location, and telephone number will be included on all internal and external communications regarding the Affirmative Action Program.

The executive director of the Equal Opportunity Center is responsible for:

- Making the affirmative action policy available to all employees and the public;
- Maintaining discrimination complaint procedures;
- Facilitating the informal resolution of discrimination complaints;
- Receiving and investigating complaints of illegal discrimination and making recommendations for solutions;
- Serving as liaison between the University and the state and federal enforcement agencies regarding externally filed complaints and compliance reviews;
- Keeping the University informed concerning developments in discrimination law and taking appropriate steps to assure timely applications of new regulations in all administrative or operating units of the University;
- Monitoring employment recruitment processes, employee benefits, and working conditions for continual compliance with the requirements of antidiscrimination law;
- Monitoring compliance with equal opportunity regulations in programs and services provided to students and the public;
- Preparing the annual Affirmative Action Plan which measures progress, identifies problem areas, and sets goals;
- Preparing reports, statistics, and data which will delineate and quantify various aspects of the policy, and planning for internal analysis as required by federal and state agencies;
- Maintaining internal and external awareness of the existence and value of the Affirmative Action Program; and
- Developing and overseeing effective affirmative action/equal employment opportunity training programs.

Vice presidents at Western Washington University are responsible for ensuring the success of the Affirmative Action Program in their divisions. Specific responsibilities include utilizing the appropriate nondiscrimination clause in all contracts; monitoring subcontractors’ compliance with federal and state nondiscrimination law when the law requires the University to act as monitor; and ensuring that employees participate in the University’s affirmative action/equal employment opportunity training program.

Each vice president and the Office of the President will review annually, with the Equal Opportunity Center the effectiveness of the Affirmative Action Program in each operating unit under his/her authority.

All members of the campus community are charged with creating an atmosphere conducive to attracting and retaining members of protected groups and preventing harassment of employees. This charge includes cooperating in the development of temporary goals for employment and promotion of persons from underutilized groups and giving high priority to implementation of these goals and timetables; ensuring, along with search committee chairs and hiring officials, that recruitment and employment guidelines are followed and that the required records — including those relating to tenure and promotion — are kept for at least three years in accordance with established records retention schedules.

Affirmative action efforts and results shall be a part of the evaluation of the performance of administrators and supervisors.

Adopted by the Board of Trustees on April 12, 1996. Updated by the president on August 11, 1999.

## E. Sexual Harassment

**Preamble.** Sexual harassment is a form of sex discrimination which is prohibited by Title VII of the Civil Rights Act of 1964, Title IX of the 1972 Education Amendments, and the laws of the state of Washington. When the University becomes aware of allegations of sexual harassment, it is bound by state and federal law to investigate those allegations, stop the harassment if it is found to exist, and take measures to ensure a working and learning environment that is free of sexual harassment.

**Policy.** Western Washington University is committed to providing a positive learning and working environment for its students and employees and will not tolerate sexual harassment. Anyone who is found to be in violation of this policy will be subject to a range of sanctions, including written reprimand, termination or expulsion.

For the purposes of this policy, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

- Submission to such conduct or activity is made either explicitly or implicitly a term or condition of an individual’s employment or academic progress;
- Submission to or rejection of such conduct or activity is used as the basis for employment or evaluation;
- Such conduct or activity interferes with an individual’s employment or educational advancement; or
- Such conduct or activity creates an intimidating, hostile or offensive environment.

Sexual harassment can occur between persons without regard to gender, age, appearance, or professional status.

The University is committed to providing all members of its community with education and training about the nature and consequence of sexual harassment, and procedures for handling complaints. Training is particularly essential for persons in supervisory roles who can face personal liability if they fail to take appropriate action when they become aware of instances of sexual harassment.

Retaliation against anyone reporting or thought to have reported sexual harassment is prohibited. Such retaliation is a violation of this policy and will be considered independently of whether a charge or informal complaint of sexual harassment is substantiated. Encouraging others to retaliate also violates this policy.

Individuals who believe they have been subjected to sexual harassment are encouraged to report incidents to the proper authorities, as outlined in the Discrimination Complaint Procedure (Appendix H, Section A). Such reports will be treated with respect and diligence.

Adopted by the Board of Trustees on April 12, 1996. Updated by the president on December 7, 1998.

## F. Reasonable Accommodation Policy

**Preamble.** Western Washington University is committed to the principles of reasonable accommodation, in conformance with provisions of the Americans with Disabilities Act (ADA) of 1990, the Federal Rehabilitation Act of 1974, and the Washington State Law Against Discrimination, Chapter 49.60 RCW. Reasonable accommodation applies to all aspects of employment and access to the University’s educational programs, services and activities.

**Policy.** It is the policy of Western Washington University to provide reasonable accommodation to the known physical or mental limitations of otherwise qualified individuals except where such accommodation would impose undue hardship on the institution. Persons with disabilities who are covered under this policy include:

## APPENDICES

- Applicants or employees who, with or without reasonable accommodation, can perform the essential functions of a position;
- Students who, with or without auxiliary aids or removal of barriers, can meet the essential eligibility requirements of a program; and/or
- Individuals who wish to participate in University-sponsored events that are open to the public.

The University shall notify the public of its accommodation policy, the procedures for requesting an accommodation, and the options for addressing disputes related to reasonable accommodation.

Revised by the president on December 7, 1998. Updated by the Equal Opportunity Center on August 23, 2001. Updated by Human Resources and Equal Opportunity Services on April 15, 2003.

### Appendix B

#### SEXUAL MISCONDUCT POLICY AND PROCEDURE

**Preamble.** Western is required to adopt policies and programs aimed at preventing and responding to allegations of sexual misconduct in accordance with the 1992 Federal Higher Education Act Amendment. Sexual misconduct has a serious impact on the quality of the educational and work experience. Western is committed to the prevention of sexual misconduct on campus and to the timely resolution of complaints.

**Policy.** It is the policy of Western Washington University to provide an environment in which students, staff, and faculty can work, live and study free from all types of sexual misconduct. The range of sexual misconduct includes sexual harassment, sexual intimidation, sexual coercion, sexual assault, and rape. The University will act to prevent and eliminate such behavior. Individuals who engage in such behavior will be subject to sanctions, including written reprimand, termination, or expulsion.

The University is committed to a comprehensive educational program to promote awareness and prevent the full range of sexual misconduct. The University will provide a range of on-campus or referral services to students, faculty, and staff who have experienced sexual misconduct. Services may include short-term personal counseling, health care assistance, and assistance in changing academic, employment, or living arrangements as appropriate. The campus community will be informed of appropriate reportage procedures for individuals who wish to bring a criminal charge, including the need to preserve physical evidence to document the situation.

The University will maintain a comprehensive response system for addressing individual cases of sexual misconduct. The system includes support and guidance services, as well as an integrated response system for reports received by the University. Those systems are referred to in the Sexual Misconduct Procedure section (Appendix G, Section B) of this document. Recognizing that individuals involved in situations of alleged sexual misconduct may have differing perceptions, the University has established clear definitions, processes, and consequences for addressing cases.

##### *Seeking Advice Recommended*

Persons who believe they have been subjected to a form of sexual misconduct are encouraged to seek advice, personal counseling, and information on reporting processes as detailed below. Individuals will be informed about medical assistance, supported in reporting to appropriate law enforcement agencies and filing a complaint with the University, and notified about procedures for changing academic, employment, and living arrangements.

##### *Services for Students*

Students who claim to have been subjected to sexual misconduct are encouraged to seek advice and assistance from the Counseling, Health and Wellness Services Center; the University judicial officer; or the Equal Opportunity Center.

##### *Services for Employees*

Faculty, staff, and administrators who claim to have been subjected to sexual misconduct are encouraged to seek advice and assistance from the WWU Employee Assistance Program; the Equal Opportunity Center; or their health care provider.

##### *Complaints Against Students*

Sexual misconduct complaints against students will be subject to the policies and procedures detailed in the Student Rights and Responsibility Code. That code (Chapter 516-23 WAC) may be found in the University catalog. The University conduct officer may be contacted to initiate this procedure. For incidents which occur in the residence halls, this process may also be initiated by contacting the appropriate residence hall director.

##### *Complaints Against Employees*

Complaints against any University employees shall be subject to the procedures outlined in this document or relevant disciplinary procedures. The Equal Opportunity Center shall be contacted to initiate this procedure if appropriate.

##### *6. Filing of Criminal Charge*

Individuals who wish to file a criminal charge related to sexual misconduct should

contact the University Police or the police in the jurisdiction in which the incident occurred.

### Appendix C

#### STUDENT RIGHTS AND RESPONSIBILITIES CODE

**WAC 516-23-200 Preamble.** Western Washington University students enjoy the basic rights of all members of society. At the same time students have an obligation to fulfill the responsibilities as members of the University. As stated in the University's mission, Western is dedicated to the pursuit of truth, learning and the dissemination and development of knowledge, and service to the community.

The objectives of the University conduct system are that students act in a manner consistent with the high standards of scholarship and behavior relevant to an institution of higher education, to sustain campus-wide safety, and to adhere to the University mission. Students are expected to abide by University policies and regulations, as well as federal, state and local laws. An alleged student violation will be resolved through a process as defined in the code respecting basic fairness for the accused and the victim.

**WAC 516-23-010 Definitions.** As used in this chapter, the following words and phrases mean:

- (1) *Appeals Board* refers to the Judicial Appeals Board.
- (2) *Bulletin* refers to the Western Washington University bulletin/catalog.
- (3) *Campus* refers to all property owned or supervised by the University, including adjacent streets and sidewalks and off-campus program sites.
- (4) *Code* refers to the student rights and responsibilities code.
- (5) *Dean of Students* refers to the director of Student Life/Dean Of Students, or the vice president of Student Affairs/Academic Support Services' designee.
- (6) *Student* includes all persons with active student status, full or part time. Matriculated students who have not enrolled are students under this code. Nonmatriculated international students attending language institutes or foreign study programs at the University shall also be considered students under this code.
- (7) *University* refers to the programs, activities, and current members of the Western Washington University community.
- (8) *Judicial Officer* refers to the University judicial officer.
- (9) *WAC* refers to the Washington Administrative Code.

**WAC 516-23-220 Jurisdiction.** Individual student alleged violations of this code are subject to disciplinary action. While the University does not act as a policing agent for students when they are off campus, the University reserves the right to take action if a student's behavior is determined to threaten the health, safety, and/or property of the University and its members.

Sanctions against student organizations are decided by the procedures established by the University administrative unit governing the recognition of each organization. Disciplinary proceedings against individual member(s) of a student organization can be initiated under this code independent of action taken against the student organization.

**WAC 516-23-230 Principles and Violations of the Code.** The standards of behavior under the code are higher than those imposed by civil and criminal law. Students must observe the following principles and expectations:

- (1) Western students observe the highest standards of academic integrity in the ethical pursuit of truth and learning;
- (2) Western students are respectful of the rights, welfare, and property of others;
- (3) Western students strive to be involved and productive citizens in a diverse, pluralistic, and democratic society;
- (4) Western students exercise their state and federal constitutional rights to free speech, petition and assembly in means that do not disrupt the university's functions or interfere with the rights and well being of others.

Students must comply with policies and regulations that may impact the educational, administrative, or university-sponsored programs or functions. The University may initiate disciplinary action against any student alleged to have committed inappropriate conduct on campus or otherwise under the jurisdiction of this code.

**WAC 516-23-240 Academic Dishonesty.** The policy and procedure regarding academic dishonesty is addressed in the academic dishonesty policy and procedure. Repeated violations of academic dishonesty will be addressed under the student rights and responsibilities code and can result in disciplinary action. Students may not appeal a decision of academic dishonesty through the student rights and responsibilities code.

Students shall not claim as their own the achievements, work, or arguments of others, nor shall they be party to such claims. According to the academic dishonesty policy and procedure, academic dishonesty consists of misrepresentation by deception or by other fraudulent means. Academic dishonesty compromises the instructor's ability to fairly evaluate a student's work or achievement. For a list of

actions that are examples of academic dishonesty, see the bulletin, academic dishonesty policy and procedure. Furthermore, students found to have violated canons of ethical research and scholarship, as defined in the policy and procedure guidelines for misconduct in research and scholarship, may also be subject to disciplinary action. See bulletin, Academic Dishonesty Policy and Procedure.

**WAC 516-23-250 Disruptive Behavior.** Disruptive behavior is whenever a student engages in any behavior which interferes with the rights of others or which materially or substantially obstructs or disrupts teaching, learning research, or administrative functions. While students have the right to freedom of expression, including the right to dissent or protest, this expression cannot interfere with the rights of others. Disruptive behavior includes, but is not limited to:

- (1) Substantial disruption of classes, laboratories, offices, services, meetings, or ceremonies;
- (2) Obstructing free movement of people or vehicles: Peaceful picketing is permitted only as long as it takes place outside buildings and does not interfere with the flow of traffic to and from buildings;
- (3) Conduct which threatens harm, incites violence, or endangers the health and safety of any person;
- (4) Creating noise in such a way as to interfere with university functions or using sound amplification equipment in violation of appropriate use of amplification sound, as administered by the Viking Union, see policy on exterior space use;
- (5) Intentionally or recklessly interfering with any university or student program or activity, including teaching, research, administration, or meetings;
- (6) Inciting others to engage in prohibited conduct.

See WAC 516-24-130 *Demonstrations*.

**WAC 516-23-260 Student Responsibility for Guests.** Students are responsible for the actions of their guests while on campus, at University events and programs, and in other areas supervised by the University. See WAC 516-24-001 *Conduct of Campus Guests and Visitors*.

**WAC 516-23-270 Sexual Misconduct.** Student sexual misconduct includes, but is not limited to:

- (1) Sexual harassment;
- (2) Sexual intimidation;
- (3) Sexual coercion;
- (4) Sexual exploitation;
- (5) Sexual assault; and
- (6) Any unwanted sexual contact without clear verbal and/or physical prior consent.

Consent for sexual contact must be given in absence of force, threat of force, coercion and cannot be given while a person is intoxicated, impaired, or mentally incapacitated. Consent must be clearly communicated to both parties, and it must be current to any mutually agreed sexual contact. See bulletin, Sexual Misconduct Policy and Procedure.

**WAC 516-23-280 Violence.** Violence includes, but is not limited to, physical abuse and/or intentional injury or harm of another person.

**WAC 516-23-290 Harassment and/or threats of violence.** Harassment and threats of violence are behaviors that create a hostile or threatening educational or working environment, to include, but are not limited to:

- (1) Unwanted and/or intimidating contact and/or communication of a threatening nature;
- (2) An expressed or implied threat to an individual's personal safety or property, academic efforts, employment, or participation in University activities;
- (3) Intentionally and/or repeatedly following or contacting another person in a manner that intimidates, harasses, or places another in fear for their personal safety or to their property; and
- (4) Behavior that threatens or intimidates that is motivated on the basis of race, national or ethnic origin, creed, age, sex, marital status, status as a veteran, sexual orientation, or disability.

**WAC 516-23-300 Theft and Intentional Damage of Property.** Taking, attempting to take, or aiding another to take property belonging to any member of the University community, the University or its guests is a violation of the code. It is prohibited to possess stolen property or to intentionally damage the property of others or the University.

**WAC 516-23-310 Misuse of Computers, Electronic Data or Communication Systems.** Improper use of computers, electronic data or communication systems is a violation of the code. Improper use of computer resources includes, but is not limited to, the following:

- (1) Interference with University computers or communication functions, the work of other students, faculty members, or University officials;
- (2) Gaining unauthorized access to computer or communication systems, altering data, or misusing computer facilities;
- (3) Using University computing facilities to send harassing messages or

generate unwanted e-mails (as defined in WAC 516-23-290 *Harassment and/or Threats of Violence*);

- (4) Commercial use of University computer resources; and
- (5) Failure to comply with posted policies including providing officials with current student identification.

See policy for responsible computing and the user agreement for WWU network and computer resources.

**WAC 516-23-320 Hazing.** Hazing is defined as any act by members of a student organization or individuals which endangers, or is likely to endanger, the mental or physical health or safety of a student, for the purpose of initiation, affiliation with, and as a condition for continued membership and/or participation in an activity, a group or university organization. This includes violation of laws and the destruction or removal of public or private property as requested by a student group or activity.

**WAC 516-23-330 Student Violation of Law.** Students are expected to abide by federal, state, and local law while on the University campus or at related programs and activities. Failure to comply with the law is a violation of the code. The University reserves the right to take action on criminal behaviors that have an impact on the educational or administrative functions or the general well-being of the University and its members.

Proceedings under this code may be carried out prior to, simultaneously, or following civil or criminal proceedings in the courts. Since the standard of proof, preponderance of the evidence, under this code is different than criminal law, the disciplinary decision is not subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced by court of law.

**WAC 516-23-340.** Failure to Comply with Proper Official Requests. Failure to comply with a proper official request is a violation of the code. A student must comply with proper requests of University officials who are acting in performance of their duties.

**WAC 516-23-350 Forgery and Fraud.** Maintaining accurate and credible records and documents is necessary for the University to fulfill its educational mission and to assure the welfare of its students. Providing and/or creating false information is considered a violation of the code. Violations include, but are not limited to, the following:

- (1) Falsely making, completing or altering any University document, record, or identification;
- (2) Possessing or presenting as authentic any falsified document, record or identification; and
- (3) Providing any University official, including University police, information known to be false.

**WAC 516-23-360 Illegal Possession and/or Use of Alcohol.** Substance abuse by members of the University community impacts the quality of the educational experience of all students. Consumption or possession of alcohol by students in public areas of any University-owned or controlled property may occur for students of legal age at University-approved events with an approved liquor permit. It is a violation to illegally possess and/or consume alcoholic beverages, including, but not limited to:

- (1) Buying, selling, serving, or otherwise furnishing alcoholic beverages to minors; and
- (2) Consumption of alcoholic beverages by minors

See bulletin, *Policy Concerning Alcohol and Other Drugs*.

**WAC 516-23-370 Illegal Drugs and Misuse of Drugs.** Substance abuse by members of the University community impacts the quality of the educational experience of all students. It is a violation to possess, use, manufacture, cultivate, package, distribute, sell, and/or provide a controlled or illegal substance; or to misuse prescription and/or nonprescription drugs on campus. It is a violation to use drug paraphernalia. See bulletin, *Policy Concerning Alcohol and Other Drugs*.

**WAC 516-23-380 Explosives and Weapons Prohibited from Campus.**

Possession or use of firearms, other weapons or explosives on campus is a violation of the code, unless authorized by the University. Explosives, dangerous chemicals, and fireworks are prohibited on campus or on property supervised by the University or at University-sponsored activities, unless authorized by the University. Students may not possess firearms on campus at any time, other than to secure them with the police. Weapons include, but are not limited to:

- (1) firearms of any sort;
- (2) Look-alike weapons;
- (3) BB, pellet, and paintball guns;
- (4) Swords, knives (other than small closed-blade, three and one-half inch pocket knives or smaller or kitchen utensils);
- (5) Martial arts weapons;
- (6) Projectile devices, i.e., catapult or slingshot;
- (7) Objects used as a weapon to distress or injure another.

See WAC 516-52-020 *Firearms and Dangerous Weapons*.

**WAC 516-23-390 Obstructing Police and Safety Personnel.** Obstructing police, improper use of safety equipment, and interference with safety personnel is a violation of the code. Students who obstruct, hinder or delay police and other emergency service personnel in the discharge of their duties are subject to

## APPENDICES

disciplinary proceedings. Violations include, but are not limited to, the improper use or disabling of safety equipment and emergency signs.

**WAC 516-23-400 Interference with the Judicial Process.** Interference of the judicial process is a violation of the code and includes, but is not limited to:

- (1) Giving reports or claims known to be false;
- (2) Attempting to influence the impartiality of witnesses or judicial member(s);
- (3) Failure to properly complete a sanction(s) as specified;
- (4) Participating in, and/or encouraging, retribution against complaints or witnesses; and
- (5) Threatening and/or harassing complainants or witnesses.

**WAC 516-23-410 Freedom of Expression.** The University recognizes, respects, and protects all expressions of opinion and ideas, whether individual or collective, that are within the limits of law and University regulations. An exercise of the right to speak requires the freedom of the speaker to make his or her statement. Both the speaker and the audience are entitled to proceed without being subjected to substantial interference.

**WAC 516-23-430 Proceedings for Violations of the Code.** The University does not follow the same procedures used by civil or criminal courts nor the same rules of evidence. Simple preponderance of the evidence is used to determine responsibility under the code. Any student, faculty, or staff member of the University alleging a violation of this code shall deliver or e-mail to University Judicial Affairs a written statement of the allegations against the student.

If both parties agree to mediate the complaint, and the judicial officer agrees, mediation may be substituted for a conduct meeting. If mediation is unsuccessful, the original complaint will be considered and decided by the judicial officer.

If in the judicial officer's judgment, there is sufficient basis to consider the charge(s), the judicial officer shall:

- (1) Provide the student with the student rights and responsibilities code;
- (2) State the nature and date of the alleged violation;
- (3) Specify the portion of the code the student is alleged to have violated;
- (4) Notify the accused student of the availability of procedural advice regarding the code; and
- (5) Notify the accused student in writing of the time, date, and place of a meeting (the meeting will occur no less than three and no more than ten business days from the date of notification). The student may elect to waive the three-day notice if an earlier date is mutually agreed upon.

The judicial officer will determine the accuracy and responsibility of the allegations in a meeting with the accused student. Within ten business days of the meeting, the judicial officer shall notify the student in writing of the decision. If there are multiple individuals involved in the incident, and if it is deemed necessary to determine responsibility, individual decision letters will be mailed to each student ten business days after the final meeting for the specific incident. The decision letter will include a statement of the student's option for a review by the Appeals Board or the Dean of Students.

A student formally charged with a violation may not avoid judicial proceedings by withdrawing from the University. The student shall be prohibited from enrolling for subsequent quarters until such time as the student does appear for a meeting to consider the allegation. If the student fails to meet with the judicial officer after receiving proper notification, the judicial officer may render a decision on the allegations in the student's absence.

If there is insufficient basis to consider the charge, the individual initiating the complaint will be informed.

**WAC 516-23-440 Victim Rights.** The University is committed to protecting the rights of those who suffer from student misconduct, that is, persons who have been physically, psychologically, and/or financially injured by the student responsible for the misconduct.

Rights include:

- (1) To obtain information and procedural advice from the University;
- (2) To decline to participate in University conduct proceedings;
- (3) When appropriate, to be advised of their options to bring civil or criminal charges against the accused;
- (4) To be accompanied by an advocate of their choice throughout the judicial process. The advocate may advise the student, but may not address the judicial officer, the appeals board, or the dean of students;
- (5) To make a statement regarding the impact of the student's conduct, either orally or in writing, to be considered during the sanctioning portion of the conduct and/or the review meetings;
- (6) To be informed when a review is made of the judicial officer's decision;
- (7) To not be subjected to discussion of his or her history or behavior that does not bear instrumentally on the case being heard;
- (8) In cases involving violence, including sexual misconduct/assault, the student will be informed of the findings by the judicial officer and/or the judicial review board or dean of students within ten business days of its conclusion; and

- (9) If appropriate, restitution will be provided by the accused.

**WAC 516-23-450 Rights of Accused.** The University is committed to ensuring the rights of a student who is accused of violating the code throughout the judicial process. A student accused of misconduct under this code has certain, specific rights in the disciplinary process.

An accused student:

- (1) Is entitled to a fair judicial process.
- (2) Will receive proper written notice of the charge(s) with a clear description of the basis for the charge(s).
- (3) Has an opportunity to meet with the judicial officer or designated representative.
- (4) May obtain information and procedural advice from the University.
- (5) May have one advocate present at the meeting(s). The advocate may give advice to the student but may not address the judicial officer, Appeals Board, or the Dean of Students.
- (6) Must give written permission to record statements made during the meeting.
- (7) May present witnesses and be able to request questions of witnesses, prior to or after a meeting.
- (8) Will receive written notification of the judicial officer's decision within ten business days from the date of the meeting; and
- (9) May request a review of the judicial officer's decision to the appeals board or the Dean of Students within ten days after receiving the decision letter.

**WAC 516-23-460 Sanctions.** The following disciplinary sanctions may be given to a student found in violation of the code. A decision may include a combination or modification of the following sanctions that correspond to the circumstances of each particular case.

- (1) *Warning:* A written reprimand that the student has violated the student rights and responsibilities code;
- (2) *Disciplinary Probation:* Probation is for a designated period of time. Students who violate the code during the probationary period are subject to more severe disciplinary sanctions;
- (3) *Loss of privileges:* Denial of specific privileges (i.e., participation in specific activities, restriction from specific areas of campus) for a designated period of time;
- (4) *Restriction from contacting others:* Restricting the student from direct or indirect physical and/or verbal contact with another person/group;
- (5) *Educational activities:* Activities designed to encourage student development may include, but are not limited to, community service, attendance at educational programs, or written assignments.
- (6) *Assessment, counseling, and treatment programs:* Interventions to assist students with possible substance abuse or other types of unsafe behaviors;
- (7) *Restitution:* Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement;
- (8) *Residence hall relocation:* Transfer of living arrangements to another University residence hall or apartment;
- (9) *Termination of University Residences agreement:* Removing the student from University residences;
- (10) *Disciplinary Suspension:* Removing the student from the University for a designated period of time, after which the student is eligible to return. Conditions for readmission may be specified. In addition to disciplinary suspension, see *Chapter 516-28 WAC, Standards and Procedures for Involuntary Administrative Withdrawal of Students at Western Washington University for Behavior from Mental Disorders*;
- (11) *Deferred Suspension:* Notice of suspension from the University with the provision that the student may remain enrolled contingent on meeting specific conditions. Failure to meet the conditions of the sanctions will result in immediate suspension; or
- (12) *Disciplinary Expulsion:* Permanent and complete dismissal of the student from the University.

**WAC 516-23-470 Procedures for Immediate Interim Suspension.** In order to prevent danger to individuals, substantial destruction of property, or significant disruption of teaching, research, and/or administrative functions, the Dean of Students or designated representative may temporarily suspend (interim suspension) a student. An interim suspension will be pending a full review and discussion between the student and the Dean of Students or designee. An interim suspension becomes effective immediately upon written notice. The written notice of an interim suspension must include the stated violation, as determined by the Dean of Students, and the time, date, and location of the meeting. The written notice will be sent by certified mail or delivered in person to the student.

In all cases of interim suspension, the student is entitled to a meeting before the Judicial Officer or the Dean of Students. The meeting shall take place within three business days after the beginning date of interim suspension. During the interim suspension period, the student will be allowed on University property only to the

extent deemed necessary by the Dean of Students and/or the Judicial Officer. If a student fails to appear at his or her meeting, the suspension will stay in effect until the meeting has been completed and a new decision is made regarding all of the information and the student's status.

**WAC 516-23-480 Basis for Appeal.** The accused student is allowed one appeal of the judicial officer's decision to either the Appeals Board or the Dean of Students. The appeal must be made in writing to the dean of students within ten business days of receiving the written decision of the charges. The appeal must include a statement whether the accused student wishes to have the appeal considered by either the Appeals Board or the Dean of Students.

The basis for review is:

- (1) The original meeting was not conducted in conformity with prescribed procedures;
- (2) The University judicial officer misinterpreted the code;
- (3) The sanction(s) imposed is disproportionate to the student violation; or
- (4) The decision reached did not properly consider the information presented.

No sanction will begin while an appeal is pending, except as provided in *WAC 516-230-470, Procedures for Immediate Interim Suspension*. Temporary relocation of the student to alternative on-campus housing and restrictions between the affected parties may be enforced during the appeal.

**WAC 516-23-490 Appeal Procedures.**

- (1) Upon acceptance of the appeal, the Dean of Students or designated representative shall include in the notification to the accused student:
  - (a) Time, date and location of hearing;
  - (b) Identification of the section of the code that the student has allegedly violated;
  - (c) Nature and date of the alleged violation; and
  - (d) A copy of the code.
- (2) The appeal hearing shall not be less than three or more than ten business days from the date of notification. The student may elect to waive the three-day notice if an earlier date is mutually agreed upon. If the student fails to appear at the hearing, the Appeals Board or Dean of Students may proceed with the appeal based upon consideration of the available information without the student's presence, or may dismiss the appeal. The rights of the accused student are listed under *WAC 516-23-450*.
  - (a) The Appeals Board chair or Dean of Students and the accused student may call any person to speak concerning the alleged violation.
  - (b) The board chair or Dean of Students may limit or exclude testimony that is irrelevant, immaterial, or repetitious.
  - (c) Five members shall constitute a quorum of the Appeals Board. Actions by the Appeals Board require agreement by the majority of those members present at the time of the hearing.
  - (d) Any member of the board that is unable to render an impartial decision in a particular case shall excuse himself or herself from the board's deliberations in advance and may be replaced by an alternate.
  - (e) The decision of the Appeals Board or Dean of Students may eliminate, reduce, maintain, modify and/or increase the original decision and sanction.
  - (f) New substantive information that was not provided at the time of the original conduct meeting will not be considered during the appeal. When new substantive information is present prior to the appeal hearing and the new evidence could impact the original decision, the allegation(s) will be reheard by the judicial officer.
- (3) The Appeals Board chair or Dean of Students shall notify the accused student in writing of the disposition of the case within ten business days of the appeal hearing.

**WAC 516-23-500 Deviations from Established Procedures.** Deviations from these procedures will not invalidate a decision or proceedings unless it results in clear prejudice against the accused student. Deviations from the timeline may be granted by request for good cause to the Dean of Students.

**WAC 516-23-510 Confidentiality of Conduct Proceedings and Records.** Confidentiality will be maintained in compliance with the University student records policy and state and federal law. Conduct records prepared by the judicial officer, Appeals Board, and/or the Dean of Students:

- (1) Will be held in the Office of Student Life for six years, except in cases of suspension, interim suspension, or expulsion, which are permanent records; and
- (2) Will not be shared with any member of the public except upon the informed written consent of the student(s) involved or as stated in the student records policy.

The disciplinary outcome may be shared with the victim and those within the University involved in the completion and/or supervision of the sanction and/or student. See bulletin and *Chapter 516-26 WAC, Student Records*.

**WAC 516-23-520 Administrative Withdrawal Due to Mental Disorders.** As provided in *Chapter 56-28 WAC*, a student who, because of mental disorders, is

unable to abide by University policy, regulations, and procedures and who represents a serious threat to themselves or others, may be involuntarily withdrawn from the University. A student accused of misconduct under the student rights and responsibilities code may be diverted from that disciplinary process and withdrawn according to the standards of *Chapter 516-28 WAC, Involuntary Withdrawal Due to Mental Disorders*. Those standards include:

- (1) The student lacks the capacity to respond to pending disciplinary charges due to a mental disorder; and/or
- (2) The student does not know the nature of the wrongfulness of the conduct due to a mental disorder at the time of the alleged offense.

Students otherwise subject to disciplinary charges who wish to introduce relevant information of any mental disorder must inform the Dean of Students or designated representative in writing at least one business day prior to any judicial meeting. The Dean of Students shall make a determination within five business days after the student's written submission. Verification of any mental disorder may not be considered in any judicial proceeding under this code other than involuntary withdrawal. See *Chapter 516-28 WAC, Involuntary Withdrawal Due to Mental Disorders*.

**WAC 516-23-530 University Conduct System.** The Vice President for Student Affairs and Academic Support Services is responsible for administration of this code.

- (1) The supervision of the code has been delegated to the Dean of Students or designated representatives.
- (2) The judicial officer shall be appointed and supervised by the Dean of Students.
- (3) The Judicial Officer shall have the authority to adjudicate and administer sanctions for violations of this code.
- (4) The Appeals Board or the Dean of Students shall have authority to review the judicial officer's decision and to render decisions under the code.
- (5) A six-member Appeals Board shall be appointed at the beginning of each fall quarter term. The Appeals Board will consist of the following:
  - (a) Two faculty members nominated by the Dean of Students and confirmed by the Faculty Senate;
  - (b) Three students appointed by the Associated Students board; and
  - (c) One member of the Student Affairs and Academic Support Services staff nominated by the Dean of Students and confirmed by the Vice President for Student Affairs and Academic Support Services.

There will be one alternate for each of the three areas represented on the Appeals Board. The alternates will be appointed at the same time by the same authority. Student appointments shall be for one academic year. Faculty and staff appointments shall be for staggered two-year terms.

The Dean of Students shall request that all appointments be initiated during the first full month of the fall quarter. Should the need arise during the summer term, appeals of the code will be heard by the Dean of Students or an interim board appointed by the Dean of Students.

**WAC 516-23-540 Relationship of the Code to University Residences.** University Residences is responsible for adjudicating most violations of the code committed by residents on University Residences' premises or at University Residences-sponsored events. In the best interest of the University, the Dean of Students has the authority to designate which area, University Residences and/or University Judicial Affairs, will consider an alleged violation of the code. General referral of conduct cases is made after consensus between University Residences and University Judicial Affairs. Conduct cases referred by University Residences to University Judicial Affairs include, but are not limited to:

- (1) Alleged acts and threats of physical violence, and/or sexual misconduct;
- (2) Alleged violations of distribution or sale of illegal drugs or other controlled substances;
- (3) Alleged violations by nonresidential students while on University Residences premises or while at events sponsored by University Residences;
- (4) Alleged policy violations initiated near the end of or after a student's contract with University Residences;
- (5) Alleged computer misconduct when nonresidents are the victims (e.g., sending mass unsolicited e-mails, copyright violations); and
- (6) Alleged violations serious enough to result in suspension or expulsion from the University.

**WAC 516-23-550 Interpretation of the Code.** Final determination in response to any question of interpretation regarding the code, whether in content, procedure, or intent, shall be the responsibility of the Dean of Students or designee.

**WAC 516-23-560 Revision of the Code and the Committee on Student Rights and Responsibilities.** The code shall be reviewed and recommendations made by the University Service's Council's student rights and responsibilities committee to the Vice President for Student Affairs and Academic Support Services for submission and final approval by the board of trustees. A review of the code should be completed every five years or earlier, if needed. The committee on student rights and responsibilities will be comprised of:

- (1) Five students, three appointed by the Associated Students board of

## APPENDICES

- directors, including at least one graduate student, and two students appointed by the University Residence Hall Association;
- (2) One member from the Student Affairs Division appointed by the Vice President of Student Affairs and Academic Support Services;
  - (3) One faculty member appointed by the Faculty Senate;
  - (4) the judicial officer;
  - (5) One member of the University Public Safety Department appointed by the director of public safety; and
  - (6) One member of the University Residences staff.

**WAC 516-23-570 Referenced Policies and Regulations in the Code.** Policies or regulations referenced in the code must be made available, upon request, in the Office of Student Life and University Judicial Affairs. [Statutory Authority: RCW 28B.35.120(12).03-01, G123 § 516-23, effective 1/19/03.]

Approved by the Board of Trustees December 13, 2002.

### Appendix D

## ACADEMIC DISHONESTY POLICY AND PROCEDURE

### 1. Policy

Western Washington University students have an obligation to fulfill the responsibilities of their particular roles as members of an academic community. Honesty is essential to learning. Without it, fair evaluation for all is impossible. Academic integrity is demanded, and academic dishonesty at Western Washington University is a serious infraction dealt with severely. Students shall not claim as their own the achievements, work or arguments of others, nor shall they be a party to such claims. It is the instructor's responsibility to confront a student and to take appropriate action if academic dishonesty, in the instructor's judgment, has occurred.

### 2. Academic Dishonesty

Academic dishonesty is not qualitatively different from other types of dishonesty. It consists of misrepresentation by deception or by other fraudulent means. Academic dishonesty compromises the instructor's ability to fairly evaluate a student's work or achievement. **It includes, but is not limited to, the following:**

- (a) Giving unauthorized information to another student or receiving unauthorized information from another student during any type of assignment or test.
- (b) Obtaining or providing without authorization questions or answers prior to the time of an assignment or test.
- (c) Using unauthorized sources for answers during any assignment or test.
- (d) Asking or arranging for another person to complete an assignment or take a test in one's place.
- (e) Giving or receiving answers by use of signals during a test.
- (f) Altering answers on a scored test and submitting it for a higher grade.
- (g) Collaborating with others in a required assignment without the approval of the instructor.
- (h) Stealing class assignments or portions of assignments, including electronic files, and submitting them as one's own.
- (i) Not crediting participants for their part in a group project or claiming credit for work not done on a group project.
- (j) Plagiarism, which is presenting as one's own in whole or in part the argument, language, creations, conclusions, or scientific data of another without explicit acknowledgment. Examples include, but are not limited to:
  - (1) Using another person's written or spoken words without complete and proper citation.
  - (2) Using information from a World Wide Web site, CD-ROM or other electronic source without complete and proper citation.
  - (3) Using statistics, graphs, charts and facts without acknowledging their source.
  - (4) Submitting a paper purchased from a term-paper service.
  - (5) Paraphrasing, which is imitating someone else's argument using other words without acknowledging the source.
  - (6) Claiming credit for someone else's artistic work, such as a drawing, script, musical composition or arrangement.
  - (7) Using someone else's lab report as a source of data or results.
  - (8) Using one's own or substantially similar work, produced in connection with one course, to fulfill a requirement in another course without prior permission. A student may use the same or substantially the same work for assignments in two or more courses only with written permission from the instructors of all the classes involved.

### 3. Procedures

Although instructors should make every effort to ensure that students are aware of the policies for academic dishonesty, it is the responsibility of students to read, understand, and uphold the standards of academic honesty.

- (a) An instructor suspecting an act of academic dishonesty shall discuss the matter thoroughly with the student involved. Arrangements for this discussion shall be made by the instructor within ten (10) class days after discovering the alleged violation. In the event the student is absent from campus, the instructor shall attempt to contact the student in writing at the most recent permanent address available in the Office of the Registrar. If the incident occurs at the end of a quarter, or within ten (10) class days of the beginning of the following quarter or within a reasonable time thereafter the instructor shall arrange to discuss the matter with the student.

Should the instructor be unable to contact the student to discuss the incident in question before final grades are due, the instructor shall submit a grade of X with a note to the registrar. The registrar shall in turn inform the student of his/her responsibility to contact the instructor. Should the student not respond to the faculty member or respective department chairperson by the 10th day of the next academic quarter, not including summer, the grade will be changed to an F. During the discussion between the instructor and the student, the student may be asked to explain his or her thought process and the sources of the information, ideas, data, or calculations presented in the work under dispute. Failure to give an adequate explanation can influence the instructor's decision.

Following this discussion, the instructor shall determine whether or not an act of academic dishonesty has occurred, and if so, whether it is a minor or major violation. If in the instructor's judgment there has been 1) a minor violation, in which the offenses are either purely technical in nature, 2) an honest misunderstanding, or 3) the instructor does not perceive an intent to deceive and/or achieve an academic advantage, the instructor shall, according to his or her professional judgment, proceed in one or more of the following ways:

- Explain or clarify the standards of the assignment and ask the student to redo it.
- Issue the student a written warning and give the student a zero on the assignment in question.

If in the instructor's judgment there has been a major violation, in which the offenses include a substantial misrepresentation and/or apparent intent to deceive and gain an academic advantage, the instructor shall assign a grade of F for the course and notify the Vice President for Academic Affairs and the registrar. The instructor should write a brief account summarizing the evidence for the finding of a major violation. This should be sent to the registrar with copies to the department chair and the student. A record of the violation is maintained in the Office of the Vice President for Academic Affairs and the Office of the Registrar. Repeated or significant acts of academic dishonesty shall make a student subject to disciplinary action — including possible dismissal — through the "Student Rights and Responsibilities Code," available from University Judicial Affairs.

No student shall be allowed to withdraw from a course or from the University to avoid the consequences of academic dishonesty.

- (b) Appeal: A student who receives an F for academic dishonesty and who feels wrongly accused by an instructor may appeal through the Academic Grievance and Appeal Policy and Procedures.

Either side may appeal a decision of the dean to the Student Academic Grievance Board and from the Board to the Vice President for Academic Affairs, whose decision is final. Procedures followed shall be those provided in the Academic Grievance and Appeal Policy and Procedures.

## Appendix E

### STUDENT RECORDS POLICY

**WAC 516-26-010 Preamble.** The purpose of this student records policy is to establish rules and procedures that appropriately implement the Family Educational Rights and Privacy Act of 1974 (FERPA), 20 USC 123g. Western Washington University is committed to safeguarding appropriate access to student education records as well as maintaining individual student privacy. The University records officer works to ensure that information contained in student records is treated responsibly with due regard to its personal nature, and for the students', University's and community's needs. Questions regarding this policy should be addressed to the University records officer.

- (1) Generally, students have the right to review and copy their education records. Students also have the right to challenge the content of, release of, or denial of access to their education records.
- (2) The University will normally not permit access to the public without a

student's permission; some exceptions exist as detailed in this policy.

- (3) The University may release directory information concerning a student unless the student requests in writing that it not be released.

Please read below for a complete description of the policy.

**WAC 516-26-020 Definitions.** For purposes of this chapter the following terms shall have the indicated meanings:

- (1) "Student" shall mean any person, regardless of age, who is or has been officially registered at and attending Western Washington University and with respect to whom the University maintains education records or personally identifiable information.
- (2) (a)(i) "Education records" shall refer to those records, files, documents and other materials maintained by Western Washington University or by a person acting for Western Washington University which contain information directly related to a student.
  - (ii) Records relating to an individual in attendance at the university who is employed as a result of his or her status as a student are considered education records. Records made and maintained by the University in the normal course of business which relate exclusively to a person's capacity as an employee and are not available for any other purpose are not considered education records.
- (b) The term "education records" does not include the following:
  - (i) Records of instructional, supervisory or administrative personnel and educational personnel ancillary to those persons, which are kept in the sole possession of the maker of the record and which are not accessible or revealed to any other person except a substitute;
  - (ii) Records of the University's public safety office maintained solely for law enforcement purposes, disclosed only to law enforcement officials of the same jurisdiction, and maintained separately from education records in (a) of this subsection; but only if said law enforcement personnel do not have access to education records under WAC 516-26-080; or
  - (iii) Records concerning a student which are created and maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity, and which are created, maintained or used only in connection with the provision of treatment to the student and are not available to anyone other than persons providing such treatment, except that such records may be personally reviewed by a physician or other appropriate professional of the student's choice.
- (3) "Personally identifiable information" shall refer to data or information which includes either (a) the name of a student, the student's parent or other family member, (b) the address of the student, (c) the address of the student's family, (d) a personal identifier, such as the student's social security number or student number, (e) a list of personal characteristics which would make it possible to identify the student with reasonable certainty, or (f) other information which would make it possible to identify the student with reasonable certainty.
- (4) "Vice President for Student Affairs" shall refer to the Vice President for Student Affairs/Dean for Academic Support Services or his or her designee.
- (5) "University records officer" shall refer to that individual (or his or her designee) responsible for the policies safeguarding the access, release, or copying of education records and for informing students and parents of their rights.
- (6) "Records center manager" shall refer to that individual (or his or her designee) responsible for the facilitation of the development of records retention schedules.
- (7) "Records coordinator" shall refer to that individual (or his or her designee) designated by the department or unit head to be responsible for the custody of the education record(s) in that office, department or unit.
- (8) "Unit head" shall refer to that individual (or his or her designee) responsible for the supervision or management of an institutional department or unit.

### **WAC 516-26-030 Access to Education Records.**

- (1) Except as provided in WAC 516-26-035, each student at Western Washington University shall have access to his or her education records. The right of access shall include the right to inspect, review and obtain copies of education records.
- (2) The records coordinator is responsible for maintaining an up-to-date records retention schedule which lists the types of student education records maintained by that office, department or unit. The said records retention schedule is also filed with the records center manager and the state archives in Olympia.
- (3) A student wishing access to his or her education records shall submit a written request for access to the appropriate records coordinator. The

records coordinator shall respond to a request for access within a reasonable period of time, not to exceed five days.

- (4) The records coordinator shall provide students of the University with an opportunity for reasonable access to education records, and shall be responsible for taking appropriate measures to safeguard and ensure the security and privacy of the institution's records while being inspected by students.
- (5) The records coordinator will inform in writing a student who has requested access to his or her education records of the nature of any records which are being withheld from the student on the basis of the exceptions set forth in WAC 516-26-035. A student may file with the University records officer a request to review the decision by the records coordinator and/or by the unit head as per WAC 516-26-055 to withhold certain of the student's records. A student may also request a review of the university records officer's decision to withhold certain of the student's records by filing an appeal with the student academic grievance board, refer to WAC 516-26-060.

### **WAC 516-26-035 Access to Education Records — Limitations On Access.**

- (1) Western Washington University shall not make available to a student the following types of materials:
  - (a) The financial records of the student's parents or any information contained therein, if the parents have requested in writing that such information remain confidential.
  - (b) Letters or statements of recommendation, evaluation or comment which were provided to the University in confidence, either expressed or implied, prior to January 1, 1975, provided that such letters or statements shall not be used for purposes other than those for which they were originally intended.
  - (c) If a student has signed a waiver of the student's right of access in accordance with subsection (2) of this section, confidential records relating to the following:
    - (i) Admission of any educational agency or institution;
    - (ii) An application for employment; or
    - (iii) The receipt of an honor or honorary recognition.
- (2) A student, or a person applying for admission to the University, may waive his or her right of access to the type of confidential records referred to in subsection (1)(c) of this section, provided that such a waiver shall apply only if the student is, upon request, notified of the names of all persons making confidential recommendations, and such recommendations are used solely for the specific purpose for which the waiver has been granted. The University is not allowed to require such a waiver as a condition for admission to, receipt of financial aid from, or receipt of other services or benefits from the University.
- (3) If any material or document in the education record of a student includes information concerning more than one student, the student shall only have the right either to inspect and review that portion of the material or document which relates to the student or to be informed of the specific information contained in that portion of the material or document.

### **WAC 516-26-040 Right to Copy Education Records.**

- (1) The records coordinator shall, at the request of a student, provide the student with copies of the student's education records. The fees for providing such copies shall not exceed the actual cost to the University of providing the copies.
- (2) Official copies of transcripts from other educational institutions, such as high school or other college transcripts, will not be provided to students by the University.

**WAC 516-26-045 Request for explanation or interpretation of record.** The records coordinator shall respond to reasonable requests for explanations or interpretations of the contents of student education records.

### **WAC 516-26-050 Challenges — to Content of Education Records — to Release of Education Records — or to Denial of Access to Education Records.**

- (1) Any student who believes that inaccurate, misleading or otherwise inappropriate data is contained within his or her education records shall be permitted to have included within the record a written explanation by the student concerning the content of the records.
- (2) A student shall have the right, in accordance with the procedures set forth in WAC 516-26-055 and 516-26-060, to:
  - (a) Challenge the content of education records in order to ensure that the records are not inaccurate, misleading or otherwise in violation of the privacy or other rights of the student;
  - (b) Have the opportunity to request correction or deletion of inaccurate, misleading or otherwise inappropriate data contained within education records;

## APPENDICES

- (c) Challenge the release of education records to specific persons as contrary to the provisions of this chapter; and
  - (d) Challenge a decision by the University to deny the student access to particular types of records.
- (3) A student shall not be permitted under this chapter to challenge the validity of grades given in academic courses, except on the grounds that, as a result of clerical error, the student's records fail to accurately reflect the grades actually assigned by an instructor.

**WAC 516-26-055 Challenges — Informal Proceedings.** A student wishing to exercise the rights set forth in WAC 516-26-050(2) shall first discuss with the records coordinator the nature of the corrective action sought by the student. Failing resolution, the student shall next discuss with the department unit head the corrective action sought by the student. Failing resolution, the student shall next discuss with the university records officer the corrective action sought by the student, as outlined in WAC 516-20-030(5).

**WAC 516-26-060 Challenges — Hearing Before Student Academic Grievance Board.**

- (1) If informal proceedings fail to resolve the complaint of a student, the student may file a written request for an appeal to the Student Academic Grievance Board of the University.
- (2) The Student Academic Grievance Board shall process the appeal according to procedures outlined in the student academic grievance policy.
- (3) If a student demonstrates that the student's education records are inaccurate, misleading or otherwise in violation of the privacy or other rights of the student, the Student Academic Grievance Board shall have authority to order the correction or deletion of inaccurate, misleading or otherwise inappropriate data contained in the records.
- (4) If a student demonstrates that the release of the student's education records would be improper under this chapter, the student academic grievance board shall have authority to order that the records not be released.
- (5) If a student demonstrates that the student is entitled to access to particular documents under this chapter, the Student Academic Grievance Board shall have authority to order that the student be permitted access to the records.
- (6) The decision of the Student Academic Grievance Board shall be rendered in writing within a reasonable period of time after the conclusion of the hearing.

**WAC 516-26-070 Release of Personally Identifiable Information or Education Records.**

The University shall not permit access to or the release of a student's education records or personally identifiable information contained therein to any person without the written consent of the student, except as provided in WAC 516-26-080, 516-26-085, or 516-26-090. Misuse or inappropriate access to student education records may result in disciplinary action.

**WAC 516-26-080 Release of Personally Identifiable Information or Education Records — Exceptions to Consent Requirements.**

- (1) The University may permit the access to or release of a student's education records or personally identifiable information contained therein without the written consent of the student to the following parties:
  - (a) University officials, including faculty members, when within the scope of the recipient's official responsibilities with the University and will be used only in connection with the performance of those responsibilities;
  - (b) Federal or state officials requiring access to education records in connection with the audit or evaluation of federally or state supported educational programs or in connection with the enforcement of federal or state legal requirements relating to such programs. In such cases the information required shall be protected by the federal or state officials in a manner which shall not permit the personal identification of students or their parents to other than those officials, and such personally identifiable data shall be destroyed when no longer needed for the purposes for which it was provided;
  - (c) Agencies or organizations requesting information in connection with a student's application for, or receipt of, financial aid;
  - (d) Organizations conducting studies for or on behalf of the University for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instruction, if such studies are conducted in a manner which will not permit the personal identification of students by persons other than representatives of such organizations, and the information will be destroyed when no longer needed for the purposes for which it was provided;
  - (e) Accrediting organizations in order to carry out their accrediting functions; or
  - (f) Any person or entity authorized by judicial order or lawfully issued

subpoena to receive such records or information, upon condition that the student is notified of all such orders or subpoenas in advance of compliance therewith by the University. Any University employee or official receiving a subpoena or judicial order for education records or personally identifiable information contained therein shall immediately notify the assistant attorney general representing the University.

- (g) An alleged victim of any crime of violence (as defined in section 16 of Title 18, United States Code) may have disclosed the results of any disciplinary proceeding conducted by the university against the alleged perpetrator of such crime with respect to such crime, without the consent of the alleged perpetrator.
- (2) Education records of a student, or personally identifiable information contained therein which are released to third parties, with or without the consent of the student involved, shall be accompanied by a written statement indicating that the information cannot subsequently be released in a personally identifiable form to any other party without the written consent of the student involved.
- (3) The University shall maintain a record, kept with the education records of each student indicating all parties, other than those parties specified in WAC 516-26-080(1)(a), which have requested or obtained access to the student's education records, and indicating the legitimate interest that each such party has in obtaining the records or information contained therein. This record of access shall be available only to the student, to the employees of the University responsible for maintaining the records, and to the parties identified under WAC 516-26-080(1)(a) and (c).

**WAC 516-26-085 Release of Information in Emergencies.**

- (1) The vice president for student affairs or his or her designee may, without the consent of a student, release the student's education records or personally identifiable information contained therein, to appropriate parties in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of the student or other persons.
- (2) The university police, during instances of emergency pertaining to individual students, may have access to those student's education records or personally identifiable information.
- (3) The following factors should be taken into consideration in determining whether records may be released under this section:
  - (a) The seriousness of the threat to the health or safety of the student or other persons;
  - (b) The need for personally identifiable information concerning the student to meet the emergency;
  - (c) Whether the parties to whom the records or information are released are in a position to deal with the emergency; and
  - (d) The extent to which time is of the essence in dealing with the emergency.
- (4) If the University, pursuant to subsection (1) of this section, releases personally identifiable information concerning a student without the student's consent, the University shall notify the student as soon as possible of the identity of the parties and to whom the records or information have been released and of the reasons for the release.

**WAC 516-26-090 Release of Directory Information.**

- (1) The University may release "directory information" concerning a student to the public unless the student requests in writing of the University registrar that the student's directory information not be released except as provided in WAC 516-26-070, 516-26-075, 516-26-080 or 516-26-085.
- (2) The term "directory information" shall include information relating to the student's name, local telephone number, dates of attendance, degrees and awards received, participation in officially recognized sports and activities, weight and height if a member of an athletic team, and the most recent previous educational institution attended.

**WAC 516-26-095 Destruction of Education Records.**

Except as otherwise provided by law, the University shall not be prevented under this chapter from destroying all or any portion of a student's education records in accordance with established record retention schedules, provided that no education record to which a student has requested access shall be removed or destroyed by the University prior to providing the student with the requested access.

**WAC 516-26-100 Notification of Rights Under This Chapter.**

The University shall annually notify students currently in attendance of their rights under this chapter and the Family Educational Rights and Privacy Act.

The notice shall include a statement of the following students rights:

- (1) Inspect and review the student's education records;
- (2) Request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the

student's privacy or other rights;

- (3) Allow or deny disclosures of personally identifiable information contained in the student's education records, except to the extent that these regulations and the regulations promulgated pursuant to the Family Educational Rights and Privacy Act allow;
- (4) File a complaint with the United States Department of Education under 34 CRR 99.64 concerning alleged failures by the University to comply with the requirements of the act;
- (5) Access information concerning the cost to be charged for reproducing copies of the student's records; and
- (6) Access a copy of the regulations in this chapter (Chapter 516-26 WAC).

The notice shall indicate the places where copies of these regulations are located.

## Appendix F

### ACADEMIC GRIEVANCE AND APPEAL POLICY AND PROCEDURES

#### 1. Policy

Students have protection, through orderly procedures, against arbitrary or capricious actions or decisions by their instructors; students also have protection against erroneous actions or decisions by academic units. At the same time, students are responsible for achieving and maintaining the standards of academic performance and excellence which are established by their instructors and for complying with all relevant policies, standards, rules and requirements which are formulated by the University and the University's academic units. A student wishing to pursue an academic grievance or appeal must use the following grievance procedure once having received notice of the action or decision which gives rise to the grievance. The emphasis of the grievance procedures is on informal resolution of the grievance. Grievances which involve hearings before the Student Academic Grievance Board should be rare.

Students who do not meet the deadlines given in the procedures shall be deemed to have waived their right to appeal. If any officer of the University or the Board fails to meet the deadlines established, the student may continue to the next level in the procedures. The deadlines are set to provide a rapid resolution of the grievance. However, unforeseen circumstances such as illness or absence from the campus may result in an extension of a deadline. Such extensions shall be recorded in writing by the unit head, dean or secretary to the Board, as appropriate.

#### 2. Academic Grievances

Academic grievances are limited to the following:

- (1) A claim by the student that an assigned grade is the result of arbitrary or capricious application of otherwise valid standards of academic evaluation, or
- (2) A claim by the student that the standards for evaluation are arbitrary or capricious, or
- (3) A claim by the student that the instructor has taken an arbitrary or capricious action which adversely affected the student's academic progress, or
- (4) A claim by the student that an academic unit has reached a decision not in keeping with University policy or taken an erroneous action which adversely affects the student's academic standing or academic career.

**Note:** Where an action is claimed to be in violation of affirmative action, a separate set of procedures are used (see *Appendix A, WWU Policies on Equal Opportunity/Nondiscrimination, Affirmative Action, Sexual Harassment, Reasonable Accommodation*).

#### 3. Procedures

##### A. Resolution and Appeals

A student with an academic grievance against an individual instructor shall first thoroughly discuss the matter with the instructor involved. The student must meet with the instructor within ten (10) days of receiving written notification of the action or decision which gives rise to the grievance. In the case of absence from the campus of either of the parties, the student shall inform the academic unit head, in writing, of the existence of the grievance and the unit head shall arrange for consultation between the parties concerned at the earliest possible opportunity. Should the faculty member be on extended leave, or have resigned from the University, the unit head shall act for the instructor.

The instructor and the student should make a good faith effort to resolve the grievance. Grievances resolved at this stage do not require a written record unless the resolution involves a grade change or involves academic dishonesty. Grade changes require the approval of the department chairperson or the dean in the case of Fairhaven, who then directs the Registrar to make the specific grade change. A copy of the memo to the Registrar will be sent to the student and faculty member.

If a resolution is not achieved between the student and the instructor within five (5) days after the first meeting between the student and instructor, the student

has five (5) days to ask the academic unit head, or designee, to attempt to informally resolve the issue. The unit head, or designee, will meet with both parties to clarify the issues and attempt to resolve them. If the issue is resolved within five (5) days after the student has sought the assistance of the unit head, the unit head, or designee, shall prepare an informal agreement, in writing, for both sides to sign. No reasons need be given. Such an agreement, once signed by both parties, may not be appealed.

If an agreement cannot be reached within the five-day review period, and the student still wishes to pursue the grievance, the student shall request the unit head or designee to present the case to the dean of the college. The unit head has five (5) days to present the material to the dean. The material presented should include all of the documents relevant to the case and an analysis of the issues. The dean shall continue the process of seeking an informal resolution and collect more material as necessary. If a resolution can be reached, the dean shall prepare an informal agreement as above. Such an agreement, once signed by both parties, may not be appealed.

If the student has a grievance against an academic unit, the student shall first thoroughly discuss the matter with the unit head. The student must meet with the unit head within ten (10) days of receiving notification of the action or decision of the unit which gives rise to the grievance. If the grievance is not resolved information is required for a legitimate educational purpose within ten (10) days of the initial meeting between the student and the unit head, the student may request, in writing, further review by the dean of the college, following the procedures for grievance against individual faculty.

If the grievance against a faculty member or academic unit is not resolved at this stage, the dean shall make a decision based on the merits of the case. The reasons for the decision shall be in writing and shall be given to both the student and the instructor or unit head. The dean's decision must be rendered and given to both parties within five (5) days of receiving the material. The written decision of the dean will include: (1) a statement of the grievance, (2) a statement of the efforts made to resolve the issue and (3) a statement of action, with reasons.

Either side may appeal a decision of the dean to the Student Academic Grievance Board. The appeal must be filed within five (5) days after the receipt of the dean's written decision.

##### B. Appeal to the Board

(1) *Composition of the Board.* The Student Academic Grievance Board shall consist of six (6) members: three students and three faculty. An administrator appointed by the Vice President for Student Affairs will serve as executive secretary to the board and will be responsible for the arranging of meetings and the collection and maintenance of necessary documents. The board, for any hearing, will be selected in the following manner:

- (a) The pool of board members shall consist of six (6) faculty appointed by the Faculty Senate for three-year terms; six (6) undergraduate students and six (6) graduate students appointed by the Associated Students board for one-year terms.
- (b) Each party to the grievance shall have the right to reject two faculty and two students from the list of the pool of board members.
- (c) From the remaining members, the Vice President for Academic Affairs or designee shall select the board members for the hearing, and shall appoint the chairperson. If the grievance involves a graduate student, at least two of the board members must be graduate students.

##### (2) Appeal Procedures

- (a) *Lodging appeal.* The party appealing to the board shall present the appeal to the executive secretary of the board within five (5) days after issuance of the dean's written decision. The letter of appeal shall state the basis of the appeal. The secretary will send a copy of the appeal to the second party to the grievance, who may respond in writing. All materials used at any stage of the grievance shall be made available to both parties and to the dean.
- (b) *Mediation.* A mediator may be appointed by the Vice President for Academic Affairs or designee from a list of four persons previously appointed by the Faculty Senate. The mediator has five (5) days from the time of appointment to attempt to resolve the issue to the satisfaction of both parties; otherwise the appeal proceeds to a hearing.
- (c) *Hearing.* A hearing shall be called within fifteen (15) days of the filing of the appeal unless both parties agree to a delay, or unless the grievance is resolved through mediation.

A quorum is four (4) members of the board. Both the student and the instructor may be accompanied by an advocate (although not a legal professional).

Both the student and the faculty member shall be invited to present oral arguments which shall be restricted to matters already in the record. New causes for grievance may not be raised at the hearing. Members of the board may question either party.

No testimony may be taken by the board unless both parties are present, or have waived their right to be present.

At the conclusion of the hearing, the board shall, in writing,

- (a) Request additional information, to be considered at a future hearing, or
- (b) Find that there is insufficient cause to overrule the dean's decision and

## APPENDICES

recommend to the Vice President for Academic Affairs that it be upheld, or

- (c) Find that there is sufficient cause to modify or overrule the dean's decision and recommend appropriate action to the Vice President for Academic Affairs.

### C. Appeal to the Vice President for Academic Affairs

Either party may appeal to the Vice President for Academic Affairs from a decision by the board. Such appeal shall be made, in writing, within five (5) days after the issuance of the board's written decision. The board chairman has the right to make a written response to the appeal within five (5) days of filing the appeal. The vice president may overrule or modify the decision of the board only if that decision was arbitrary, capricious, based on insufficient information, or was beyond the scope of these procedures as defined in Section 2. The decision of the Vice President for Academic Affairs is final. Copies of the vice president's decision will be sent to the student, faculty member, unit head, dean, chairperson and secretary of the board.

### D. Maintenance of Records

All written statements and testimony considered in the grievance process and a copy of the final written decision of the board or academic vice president shall be retained on file in the academic vice president's office for a period of one (1) year following final disposition of the grievance.

Where a solution or decision results in a grade change, the unit head shall inform the registrar of the grade change.

## 4. Definitions

These definitions are for the purposes of these procedures only:

- (1) "Academic unit" is Fairhaven college or a department within the colleges of Business and Economics, Fine and Performing Arts, Humanities and Social Sciences, Huxley, Sciences and Technology, or Woodring College of Education.
- (2) "Unit head" is the department chairperson, or, in the case of Fairhaven college, the chairperson of the college personnel committee.
- (3) The unit head "designee" can be any faculty member or administrator from the academic unit.
- (4) Reference to "days" means "school days" and includes the registration period and the week in which exams are scheduled.

## Appendix G

### CODE OF ETHICS FOR THE FACULTY OF WWU

*This Code of Ethics was adopted by vote of the faculty of Western Washington University on May 14, 1993, and was endorsed for inclusion in the Faculty Handbook by the Board of Trustees on July 8, 1993.*

#### Preface

Membership in the academic community and in the faculty of Western Washington University imposes upon faculty a range of obligations beyond that currently accepted by the members of the wider society. These obligations, which ensue from the faculty member's commitment to learning and to the role of teacher, include obligations to respect the dignity of others; to acknowledge the right of others to express differing opinions; to foster learning; to defend intellectual honesty, freedom of inquiry, learning and teaching; and to support freedom of expression on and off campus. An obligation to protest injustices and seek correction of inequities carries with it the corollary responsibility to do so in ways which do not intentionally, persistently or significantly impede the functions of the institution.

A professional faculty, as guardian of academic values, serves as the instrument of disciplinary action against unjustified assaults upon those values by its own members. The traditional faculty role of limiting participation in disciplinary action to assurance of academic due process is inadequate to protect the conditions enumerated in the 1940 AAUP Statement on Academic Freedom. This function must be preserved but must also be strengthened by faculty assumption of responsibilities in adopting, practicing and promoting adherence to those principles of conduct essential to academic endeavor.

In recognition of this responsibility, the faculty of Western Washington University have adopted this Code of Ethics as a guide for present and future members of the University faculty.

#### Section 1

Western faculty members, guided by a deep conviction of the worth and dignity of their role in the advancement and dissemination of knowledge, recognize the special responsibilities placed upon them as scholars. Their primary responsibility to their respective subjects is to seek and to state the truth as they, in consequence of their academic competence, perceive it. To this end faculty energies are devoted to developing and improving their scholarly competence. They accept the obligation to exercise self-discipline and judgment in using, extending and transmitting knowledge. They practice intellectual honesty. When subsidiary interests are followed, they must ensure that these interests do not seriously

compromise freedom of inquiry nor the fulfillment of academic responsibilities.

#### Section 2

As teachers, the Western faculty encourage the free pursuit of learning by students, and demonstrate by example the best scholarly standards of their respective disciplines. The faculty respect students as individuals and adhere to their designated role as intellectual guides and counselors, make every effort to foster honest academic conduct and to assure that evaluations of students reflect their actual performance. The faculty avoid and condemn sexual harassment, intimidation, and exploitation of students. The confidential nature of the relationship between professor and student is respected, and any exploitation of students for private advantage is avoided by the faculty member who acknowledges significant assistance from them. Faculty strive to help students develop high standards of academic competency and respect for academic freedom.

#### Section 3

A teacher's mastery of his/her subject and scholarship entitles the teacher to a classroom and to freedom in the presentation of a subject. Faculty thus avoid injecting into classes material which has no relation to the subject and conscientiously develop the content of a course as announced to students and as approved by the faculty in their collective responsibility for the curriculum.

#### Section 4

As a colleague, the Western faculty member has special obligations that derive from membership in the community of scholars. These include respect for, and defense of, the free inquiry of associates and, in the exchange of criticism and ideas, the respect for the opinions of others. Faculty members acknowledge the contributions of their colleagues and strive to be fair in their professional judgment of colleagues. Each accepts his/her share of faculty responsibilities for the governance of this institution.

#### Section 5

As a member of this institution, each Western faculty member seeks above all to be an effective teacher and scholar. Although all regulations of the institution that do not contravene academic freedom are observed by the faculty, the right to criticize institutional regulations and to seek their revision is maintained. The amount and character of work done outside the institution is determined by the faculty member with due regard to the paramount responsibilities within it. When considering the interruption or termination of service, the faculty member recognizes the effect of such decisions upon the program of the institution and gives due notice of such intentions.

#### Section 6

As a member of a larger community the Western faculty member maintains the same rights and obligations as does any other citizen. The urgency of these obligations is measured in the light of responsibilities to the discipline, to the students, to the profession, and to the institution. When speaking or acting as a private individual, each faculty member avoids creating the impression of speaking or acting for the University. As a citizen engaged in a profession that depends upon freedom for its integrity and welfare, the Western faculty member exercises a special obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

#### Section 7

Academic freedom has traditionally included the instructor's full freedom as a citizen. Most faculty members face no insoluble conflicts between the claims of conscience and of social and political action, on the one hand, and the claims and expectations of students, colleagues and the institution on the other. If such conflicts become acute, and the instructor's attention to obligations as a concerned citizen precludes the fulfillment of academic obligations, he/she should either request a leave of absence or resign his/her academic position.

Relationships of a romantic or sexual nature between a faculty member and a student under that faculty member's supervision always endangers the faculty-member's decision-making abilities and the student's need for a non-intimidating learning environment. Even if both parties in such a relationship are capable of separating their personal and professional relationships from one another, the faculty member cannot exhibit the professionalism that is expected of him/her. Consequently, a faculty member is obliged to disengage himself/herself from a supervisory role over any student with whom he/she has established or seeks to establish a romantic or sexual relationship. No faculty member at Western Washington will evaluate, grade, or supervise a student with whom the faculty member is romantically or sexually involved.

#### Section 8

The expression of dissent and the attempt to produce change on campus and in the larger society are legitimate, but they must be carried out in ways which do not violate academic freedom, injure individuals, disrupt the classes of colleagues, intrude on the individual rights of others, or damage institutional facilities or private or public property. All members of the academic community and visitors to

the University must be assured of the right to be heard in an atmosphere of free inquiry and in a situation devoid of violence.

### Section 9

It is presumed that members of the Western faculty will find this Code of Ethics an adequate guide for the choices they must make in the fulfillment of their academic functions. If rules are needed to implement the principles inherent in this code, they shall be developed by the faculty within the spirit of the code, shall be in accordance with the 1940 AAUP Statement on Academic Freedom, and shall carry full provision for due process.

## Appendix H

### WWU ADMINISTRATIVE PROCEDURES

Western Washington University is required to develop and implement procedures, which ensure equal opportunity, and to effectively address situations which violate its nondiscrimination policies. The following section outlines the University's internal procedures for handling illegal discrimination complaints and making requests for reasonable accommodation.

#### A. DISCRIMINATION COMPLAINT PROCEDURE

##### 1. Introduction

The University is committed to resolving complaints of illegal discrimination at the earliest and most informal level, conducting internal investigations in a timely and effective manner, adhering to the principles of due process in all investigations and hearings, and providing prompt corrective action if discrimination is found to have occurred. No individual shall be penalized, or retaliated against in any way by a member of the University community for his or her participation in this complaint procedure.

##### 2. Purpose and Jurisdiction

This procedure is limited to complaints which allege discrimination on the basis of race, color, creed, religion, national origin, sex (including sexual harassment), sexual orientation, age, marital status, disability (including failure to provide reasonable accommodation), or status as a disabled veteran or Vietnam-era veteran. Aggrieved parties will be referred to as complainants. Persons alleged to have engaged in illegal discrimination will be referred to as respondents.

This procedure is internal to the University and applies to incidents that take place at the University or are related to University operations. Individuals who may use this procedure include, but are not limited to:

- individuals applying for enrollment or employment to the University;
- students;
- faculty, with or without rank;
- graduate assistants;
- classified employees;
- University administrators;
- exempt professional employees; and
- users of University services.

Supervisors, unit heads, department chairs and others in leadership are charged with the responsibility of ensuring nondiscrimination in the employment and academic environment. Therefore, complainants are encouraged to bring their concerns to such leaders for resolution.

To facilitate investigation, complaints should be brought forward as soon as possible after the alleged act of discrimination.

Individuals also have the right to file complaints of discrimination with the appropriate state or federal agency or a lawsuit in a court with jurisdiction.

##### 3. Responsibility for Implementation

The executive director of the Equal Opportunity Center (EOC) has overall responsibility for assuring University compliance with nondiscrimination laws and regulations, and receives formal complaints.

The EOC receives informal complaints and requests for clarification on what constitutes illegal discrimination.

The Vice President for Student Affairs has responsibility for administration of the student conduct system and for determination of any disciplinary actions against students which might arise from a complaint of student misconduct. Procedures for this action are detailed in the Student Rights and Responsibilities Code, found in the University *General Catalog* and in the Washington Administrative Code at Chapter 516-23 WAC.

##### 4. Procedure

Confidentiality is essential in matters involving allegations of illegal discrimination. Complainants, respondents, and participants in these processes are urged to treat all information as confidential and to disclose information about the case only when it is absolutely essential to making the determinations involved in this procedure. Breaches of confidentiality may be the basis for claims of unprofessional conduct, student conduct code violations, or charges of slander and retaliation.

#### A. Informal Resolution

(1) *Discussion with respondent.* Complainants are urged to discuss with the respondent or bring to the attention of the respondent any inappropriate behavior in order to make the respondent aware of the manner in which his/her action is received and allow for self-corrective action.

(2) *Discussion with leadership encouraged.* If attempts to discuss their concerns with the respondent are unsuccessful or ill-advised, complainants are encouraged to discuss their concerns with the appropriate supervisor or department chair who is responsible for taking corrective action. The matter may be concluded by mutual consent at this point. Supervisors and chairs are encouraged to utilize the expertise of the EOC when handling such matters and are advised to maintain documentation sufficient to demonstrate a timely, appropriate and adequate response.

(3) *Role of the Equal Opportunity Center.* If resolution satisfactory to the complainant does not occur, the complainant may contact the next person in the administrative line or the EOC to seek resolution. The center will assign a staff member to discuss options for handling the situation and make referrals to appropriate resources and support services. If the EOC has jurisdiction over the complaint, the complainant may authorize an attempt at informal resolution which shall be concluded within 15 working days after jurisdiction is determined.

At any point in the process, the complainant may provide written notification to the EOC that the situation is resolved or that no further University action is desired. Written materials will be retained in active files for three years, and in the University Records Center for four years.

#### B. Formal Complaints

(1) *Filing the formal complaint.* A complainant who is not satisfied with the outcome of the informal resolution process may file a written complaint with the EOC executive director. The complainant will submit a formal complaint form (available from the EOC) which will include a written statement describing the alleged discrimination. Upon receipt by the EOC, the complaint shall be marked with the date received. That date shall be referred to as the case filing date. Time limits set forth in these procedures may be extended by the EOC Executive Director, at his or her discretion, or upon written application to the EOC Executive Director by the complainant, respondent, or the unit Vice President. The Executive Director shall inform the parties when extensions of the time limits are made. Only in extremely unusual circumstances may an extension prevent the procedure from being completed within 100 working days of the case filing date.

(2) *Determination of whether complaint is subject to procedures.* Within ten (10) working days of the case filing date, the EOC Executive Director or designee shall determine whether the facts alleged in the complaint fall within the purview of these procedures. If not, the complainant shall be notified in writing. No appeal may be taken internally of this determination. A complainant or respondent who feels that action is warranted even though the EOC has found otherwise may make a complaint through other internal procedures, such as the appropriate grievance committee, or externally to an agency such as the Equal Employment Opportunity Commission.

(3) *Steps taken to proceed with complaint.* If the EOC Executive Director determines that the complaint falls within the purview of these procedures, s/he shall:

- (a) provide a copy of the complaint to the respondent(s), together with a copy of these procedures, and request a written response to the allegations;
- (b) provide a copy of the complaint to the appropriate Vice President and the respondent(s)' Dean or unit head;
- (c) consult with the complainant, the department chair or unit head, and the respondent(s), all of whom may identify other persons having personal knowledge of the alleged incidents and all of whom will be advised of the necessity for confidentiality.

(4) *Written response may be filed.* Within ten (10) working days after receiving notification of the complaint, the respondent may submit to the EOC executive director a written response to the complainant's allegations. The respondent is encouraged to provide a written response; however, refusal to answer a charge or to participate in an investigation will not prevent the process from proceeding. Refusal to respond may result in the investigation proceeding solely on the basis of the complainant's testimony and evidence.

(5) *Investigation assistance.* The investigation will be conducted by the EOC. However, parties to the complaint may request that a representative of their constituent group be assigned to work with the EOC. Such representatives will be appointed by the Provost and trained by the EOC. (Faculty members appointed to assist in the investigation will be drawn from the membership of the Faculty Grievance Committee, subject to procedures in the *Faculty Handbook* Appendix E, III.B.C.D.)

Persons appointed to assist in an investigation may participate in the following manner:

- Assist the EOC executive director in the development and implementation

## APPENDICES

of an investigative plan, including the development of questions that take into appropriate consideration issues of academic freedom and tenure; and

- Assist the EOC executive director throughout the investigative process in gathering information, analyzing data acquired during the course of the investigation, and developing the investigative report and findings. The EOC executive director and/or his/her designee(s) alone will conduct all personal interviews.

(6) *Investigation and report.* Within forty-five (45) working days after determining jurisdiction, the EOC executive director or her/his designee shall:

- (a) conduct an investigation, which may include interviews with those identified by the parties as having personal knowledge of the alleged incidents and others identified in the investigation whose testimony may shed light on the complaint;
- (b) review written responses as appropriate;
- (c) prepare a written investigative report and findings which detail the investigation process, lists the persons interviewed or consulted, and summarizes the information obtained.
- (d) provide a copy of the investigative report and findings to the complainant(s), respondent(s), the appropriate Vice President, the appropriate dean, and the department chair or unit director.

(7) *Review by Vice President.* Within 10 working days after receiving the investigative report, the appropriate vice president or designee will determine appropriate actions in response to the findings. The vice president's response shall be documented in writing and provided to all appropriate parties, including the EOC. Should the resolution of a complaint result in disciplinary action(s) for the respondent, the respondent(s) may seek review of the action(s) using the appropriate appeal procedures.

- (a) Sanctions to be considered by the vice president can vary in type, intensity and duration, depending on the specifics of each case. All sanctions, with the exception of termination or dismissal, may include mandatory training sessions. Upon request from a faculty respondent, the vice president may seek the advice of selected members of the Senate Executive Council in determining a sanction. Dismissal procedures will conform to the specifications in the *Faculty Handbook*, including the AAUP guidelines referenced therein. Examples of sanctions to be considered are:
  - Letters of reprimand;
  - Community/public service;
  - Monetary compensation to complainant;
  - A reduction of job responsibility or demotion;
  - Denial or postponement of leaves or salary increases;
  - Suspension from employment;
  - Dismissal or suspension from the University.

### C. Complaint Initiated by Administration

The president, provost, vice presidents, deans, directors, supervisors or chairs, if given sufficient cause, may request that the EOC conduct an investigation. The administrator requesting the investigation will then act as the complainant and must specify the persons, with their permission, who are alleged to be the victims of the questionable conduct. The EOC will use the same notification and process guidelines outlined in the internal complaint procedure. In the event that the investigation indicates that illegal discrimination has occurred, appropriate disciplinary action may be taken. The administrator who initiated the complaint will not be involved in reviewing the findings or determining sanctions. Appeal of any such action may be filed under the appropriate grievance procedure or relevant disciplinary process.

### D. Investigative Record

(1) *Records custodian.* The EOC shall maintain the investigative records for complaints filed pursuant to these procedures. The investigative records shall include the written complaint, the written response, investigative summaries of the EOC executive director, other written materials considered in the course of the investigation, the EOC executive director's written report, the vice president's written response to the investigative report, and any documentation which confirms that actions recommended by the vice president were taken. The investigative records shall be maintained under appropriate security in the EOC.

(2) *Records retention.* The investigative file will be retained in the Equal Opportunity Center files for three (3) years and in the Records Center for four (4) years.

(3) *Investigative records not subject to public disclosure.* Investigative records pertaining to claims of discrimination in employment or unfair practices under chapter 49.60 RCW, the state's Law Against Discrimination, are not subject to public disclosure under the Public Records Disclosure Law, Chapter 42.17 RCW. In the event disciplinary action is taken against an employee, those personnel records relating to specific instances of misconduct may be subject to disclosure pursuant to the Public Records Disclosure Law.

### E. Filing a False Complaint or Retaliating Against Participants in the Process

Filing a false complaint is considered to be serious misconduct and such offenses will be subject to the full range of sanctions. A finding that discrimination did not occur will not in itself be the basis for a charge of false complaint. Similarly, retaliating against participants in these proceedings is serious misconduct, and is subject to sanction. The procedure described in this document will be available to anyone who wishes to allege that a false complaint has been filed or that retaliation has taken place.

### F. Alternative Complaint Process

(1) *Internal.* The complainant may not elect to use other internal grievance procedures (such as the faculty grievance procedure, student conduct code, or labor agreement grievance procedure) for complaints pertaining to claims of illegal discrimination.

(2) *External.* A person who believes that s/he has been the subject of discrimination prohibited by state or federal law may choose to file a discrimination complaint by contacting one of the following agencies within their established time limits.

Washington State Human Rights Commission  
1511 Third Avenue  
Melbourne Tower, Suite 921  
Seattle, WA 98101-1626  
Phone: (800) 605-7324  
TTY: (206) 587-5168

Equal Employment Opportunity Commission  
Seattle District Office  
909 First Avenue, Suite 400  
Seattle, WA 98104-1061  
Phone: (206) 220-6883  
TTY: (206) 220-6882

U.S. Department of Education  
Office of Civil Rights  
915 2nd Avenue  
Room 3310  
Seattle, WA 98174-1099  
Phone: (206) 220-7900  
TTY: (206) 220-7907

U.S. Department of Health and Human Services  
Office for Civil Rights  
2201 Sixth Avenue, Suite 900  
Seattle, WA 98121-1831  
Phone: (206) 615-2287  
TTY: (206) 615-2296

Office of Federal Contract Compliance Programs  
Regional Director, Region X  
71 Stevenson St., Suite 1700  
San Francisco, CA 94105  
Phone: (415) 848-6969

Adopted by the Board of Trustees on April 12, 1996. Updated by the Equal Opportunity Center on October 27, 1998. Updated by the Equal Opportunity Center on August 23, 2001.

## B. PROCEDURE FOR REQUESTING REASONABLE ACCOMMODATION

Employing officials, search committee chairs, supervisors, program directors, deans, faculty and department chairs may all receive requests for accommodation from persons with disabilities. Such requests may be submitted by employees, students, applicants for employment, individuals seeking admission to the University or its academic programs, and persons wishing to use University services or participate in University activities and events. The appropriate University contact varies, depending on whether the person requesting the accommodation is a student, employee, applicant, or a member of the general public.

It is the obligation of an individual with a disability to request reasonable accommodation from an appropriate University contact, and to provide documentation of the disability if needed.

a) *Students.* Students with documented disabilities who are enrolled at the University may request accommodation directly from faculty or staff. However, it is highly recommended that students with disabilities seek assistance through the disAbility Resources for Students (DRS) office. For more information: DRS is located in Old Main Room 110 at (360) 650-3844 (voice) or (360) 650-3725 (TTY), or [drs@wwwu.edu](mailto:drs@wwwu.edu) or their Web site, [www.ac.wwwu.edu/~osl/drs/drsindex.html](http://www.ac.wwwu.edu/~osl/drs/drsindex.html).

b) *Employees.* Employees with disabilities are encouraged to inquire about reasonable accommodations to perform the essential functions of their job, meet performance and conduct standards, and enjoy equal benefits and privileges of

employment. The policies and procedures for requesting a reasonable accommodation can be found on Western's Human Resources Web site under Disability Resources or by contacting the Disability Resources for Employees Unit at (360) 650-3774 (voice) or (360) 650-7696 (TTY).

c) **Job Applicants.** Job applicants with disabilities are encouraged to inquire about reasonable accommodations if needed for the application and employment screening process. The policy and procedures for requesting a reasonable accommodation can be found on Western's Human Resources Web site under Disability Resources or by contacting the Disability Resources for Employees Unit at (360) 650-3774 (voice) or (360) 650-7696 (TTY).

d) **Applicants for Admission.** Applicants may request accommodation during the application process from the Admissions Office or contact the disAbility Resources for Students office (see contact information above) for assistance and advice.

e) **Members of the General Public.** Persons with disabilities from the general public needing a reasonable accommodation to participate in a University activity, service or event open to the public are encouraged to contact the program coordinator or the University ADA coordinator. The policy and procedure for requesting a reasonable accommodation can be found on Western's Human Resources Web site under Disability Resources or by contacting the Disability Resources for Employees Unit at (360) 650-3774 (voice) or (360) 650-7696 (TTY).

All University representatives who receive accommodation requests shall contact Human Resources for assistance and advice. The ADA coordinator is responsible for ensuring that requests for accommodation are considered on a case-by-case basis in accordance with state and federal regulations, and that appropriate University officials are involved in evaluating the request, identifying funds and resources and implementing the accommodation. The right to reject an accommodation because of undue hardship is reserved for the University president or his/her designee.

The ADA coordinator is Nicole Goodman. She may be reached at (360) 650-7410 (voice) or (360) 650-7696 (TTY).

Adopted by the Board of Trustees on April 12, 1996. Revised by the EOC on December 7, 1998. Revised by Human Resources and Equal Opportunity Services on April 15, 2003.

## Appendix I

### PARKING AND TRANSPORTATION

Parking Office and Visitor Center location and hours: The Parking and Transportation Services Office is in the Campus Services Building at the intersection of Bill McDonald Parkway and 21st Street, at the south end of campus. Parking Office hours are 7:30 a.m. to 5 p.m. Monday-Friday. The drive-up Visitor Information Center is at the intersection of South College Drive and East and West Campus ways. Hours are 7:15 a.m. to 8 p.m. Monday-Friday during fall, winter, and spring quarters when WWU is in session. During breaks between quarters and summer session, hours are 7:15 a.m. to 5 p.m. Monday-Friday. Closed on holidays and when the University is closed.

#### Parking

WWU is committed to supporting sustainable transportation options and reducing automobile-dependent transportation. Parking and Transportation Services offers information and assistance to help students find the transportation options that best fit their needs while attending Western Washington University. Parking space is limited. WWU is bordered by residential neighborhoods within easy walking distance, and is well served by public transportation. Western encourages all students, faculty, and staff to utilize the variety of transportation options available and minimize the use of motor vehicles.

Anyone using campus parking facilities is required to purchase and display a valid University parking permit on any motorized vehicle. To avoid costly parking tickets, drivers are encouraged to become familiar with the University parking and traffic regulations. Parking regulations are strictly enforced. Parking maps, regulations, and fees are available at the Parking Office.

#### Quarterly and Annual Parking Permits

Early application is necessary but does not guarantee a permit for all students who apply. Application forms for parking permits are primarily online, through the Parking and Transportation Services Web site, [www.ps.wvu.edu](http://www.ps.wvu.edu). Applications can be mailed upon request. Parking assignments are made on the basis of class seniority and date submitted. Nonresident student parking lots at WWU are located a 10-minute walk from the center of campus. For those needing to drive on occasion, daily short-term parking permits are sold at the parking office and the Visitor Center. Contact the Parking Office at 650-2945 for a parking permit application or go to [www.ps.wvu.edu](http://www.ps.wvu.edu).

#### Parking for persons with disabilities

Parking access throughout the campus is available to those with state disabled permits.

A WWU permit is also required at the same price as a regular permit. After hours: WWU permit/Xpress pass or pay box pass is required along with your state permit. Accessibility guides to the WWU campus are available at the Visitor Center and the Parking and Transportation Services office. For further information, please

call 360-650-2945.

#### Parking for visitors

Visitors to campus may park in metered or pay box spaces (with payment) or purchase a visitor permit at the Visitor Center or the Parking Office during business hours. Call the Parking Office for information on arranging for guest parking. Pay boxes in lots except 6V are valid after 5 p.m. only. Pay boxes in lots 10G and 8G are valid after 8 p.m.

#### Temporary parking/loading and unloading

Employees or students who have an occasional need (such as loading equipment) to use their vehicle in areas of campus for which they do not have a permit, may obtain a short-term permit from Parking and Transportation Services or the Visitor Center, based on space availability. A 15-minute courtesy permit may be obtained at no charge.

*Parking meters* are located throughout campus for your convenience. Payment is required at meters all hours in all lots.

A pay station is located in lot 6V, located off Garden Street below the Viking Union. This lot is permitted by pay station pass only. Parking rates are reduced after 5 p.m. and on weekends.

#### Evening parking

After hours parking is available at a reduced rate of pay in some areas. Pay stations are located in various locations throughout central campus for your convenience. All lots are enforced as posted on the sign at the entrance of each lot. Regular spaces in the C lots and 12A lot are not enforced evenings 5 p.m. to 7 a.m. or weekends. Disabled-accessible spaces in those lots require a state permit all hours. **Payment is required at all meters all hours.**

*Rates subject to increase in 2004-05.*

| Parking permit fees               | Quarterly total |
|-----------------------------------|-----------------|
| Campus resident parking           | \$73            |
| Adjacent (C Zone) commuter permit | \$67            |
| Peripheral (CR) resident permit   | \$43            |
| Carpool permit                    | \$50            |
| Motorcycle parking                | \$14            |

#### Parking Permit Fee Quarterly Totals

*Rates subject to increase in 2004-05.*

|  |              |
|--|--------------|
| Daily Parking (7 a.m. to 5 p.m.)       | \$2 per hour |
| Meter parking (all hours)              | \$2 per hour |
| Motorcycle parking                     | \$2 per day  |
| After 5 p.m. parking (use pay station) | \$1 per hour |

#### Transportation Alternatives

Transportation alternatives offer many personal and environmental benefits. Whatcom Transportation Authority (WTA) provides safe, high-quality, cost-effective, and accessible public transportation. A park and ride and campus shuttle service is provided from Civic Field, convenient to Interstate 5 and a 10-minute bus ride to the center of campus. Other options include walking, bicycling, car pooling, or van pooling. For information, contact Parking and Transportation Services at 360-650-2945 or Western's Alternative Transportation program at 360-650-7960, or go to [www.ps.wvu.edu](http://www.ps.wvu.edu).

#### Bicycles

Bellingham is a featured bicycle destination, and the community supports bicycle transportation. Bicyclists in Bellingham and throughout Washington state are governed by the same traffic regulations as motor vehicles. With more than 800 bike racks adjacent to residence halls and academic buildings, you are encouraged to bring your bicycle to Western. There are some restrictions on bicycling in campus pedestrian areas during high-traffic times. The *WWU Bicycle Commuting Guide* and Washington state bicycle traffic laws are available at Parking and Transportation Services. Bicycles can be registered at no charge with University Police at the Campus Services Building.

#### Viking Xpress bus pass

WWU students, faculty and staff are eligible to purchase the Viking Xpress bus pass. This pass provides unlimited rides on any WTA bus anywhere in Whatcom County. The Viking Xpress bus can be purchased for the academic year or by individual quarter. A summer Viking Xpress is also available. The Viking Xpress bus pass is available only through WWU Parking and Transportation Services, not at other bus pass outlets. The Viking Xpress pass also entitles the bearer to discounts on goods and services at merchants in Bellingham and Whatcom County.

## APPENDICES

### Western's shuttle system (WEST shuttle)

An evening shuttle service (WEST) operated by University Residences is available seven nights per week from 7 to midnight. This route serves all of the campus residence halls, the library and Viking union, and the Sehome Village shopping mall.

### WTA route 90/Campus Express

The Campus Express route serves the off-campus park and ride lot at Lincoln Street near I-5, providing a convenient means for commuters to avoid the parking hassles on and near campus.

### Public transit

Whatcom Transportation Authority (WTA) offers WWU convenient service with multiple routes seven days a week. Routes serving Western connect with other routes at the downtown Bellingham Transit Station. WTA's Sunday service connects WWU with downtown Bellingham, Fairhaven, Fairhaven Station, Bellis Fair Mall, and Whatcom Community College. Evening service connects WWU with those destinations until 10 p.m. six days a week. Easy to use bike racks are installed on every WTA bus. Cash fare is 50 cents per ride for persons 8-84 years. For WTA route and schedule information, call 360-676-RIDE or connect with www.ridewta.com (see Viking Xpress bus pass, above).

### Persons with disabilities service

All WTA bus routes (except emergency backup vehicles) are wheelchair accessible. Transit service is available for those unable to access or use fixed route buses through Whatcom Specialized Transportation by calling 733-1144 or 354-3633 (TTY call same number).

## Appendix J

### SATISFACTORY ACADEMIC PROGRESS POLICY FOR FINANCIAL AID RECIPIENTS

The primary purpose of financial aid programs consists of helping students to successfully complete their degree or certificate programs. Students are required to meet satisfactory academic progress requirements while earning their degree or certificate programs to receive aid. Financial aid programs include grants, tuition and fee waivers, work-study employment, need-based and non need-based loans, and scholarship programs. Specialized academic progress requirements associated with specific scholarship programs may exceed the general policy requirements outlined below. Questions about the academic progress requirements of individual scholarship programs should be directed to the Scholarship Center.

The academic progress of all financial aid recipients is measured on a quarterly basis. Students failing to meet academic progress requirements for aid programs will be among the first to receive word that their academic goals are at risk. The Financial Aid office will inform students who find themselves in this situation of a number of specific, on-campus resources to help them meet satisfactory academic progress requirements.

Failure to meet satisfactory academic progress requirements will result in financial aid probation or suspension. Although aid-suspended students may petition for financial aid reinstatement, reinstatement is not guaranteed. Please read on for further details.

#### General Policy Requirements

1. Maintain the required grade point average (GPA).
2. Complete the minimum number of credits associated with the enrollment status for which aid was received.
3. Complete your degree or certificate within the maximum allowable timeframe.

#### Grade Point Average Requirements

You must meet the scholastic standards of the University, which expects an undergraduate student to maintain a 2.00 cumulative GPA. Academic standards allow for a probationary period during which an undergraduate student's cumulative GPA may fall below 2.00. Students on academic probation are eligible for financial aid, with the expectation that they bring their GPAs to acceptable levels within University timeframes. Scholastic standards for undergraduate and graduate students are fully described in the University catalog.

#### Minimum Credit Requirements

Academic progress is reviewed for financial aid purposes at the end of each quarter for aid recipients and nonaid recipients alike. To maintain financial eligibility, aid recipients are expected to successfully complete the minimum number of credits associated with the enrollment status for which aid was received. The following grades do not indicate successful completion of academic credit: F, Z, U, NP, K, W, I, X, an audited class or absence of a grade.

Nonaid recipients must successfully complete the minimum number of credits associated with their enrollment status to establish financial aid eligibility in a subsequent quarter. Enrollment status for financial aid purposes is determined as of the quarterly enrollment status lock date (generally the second Friday of the quarter).

If a review of a student's course work indicates a failure to meet minimum credit completion requirements, the student will be placed on financial aid probation or financial aid suspension, depending on the extent of the credit deficiency.

Students who request that the Financial Aid office re-examine their academic progress upon satisfactory completion of a K grade must first confirm that the Registrar has made the grade change and then notify the Financial Aid office of the change in writing. In order for satisfactorily completed correspondence course credits to apply toward minimum credit requirements, the correspondence course must be completed within the term for which it was registered. Credits earned for repeated course work may count toward current quarter academic progress requirements. However, justification for repeating specific courses may be requested by the Financial Aid office at any time and a determination made as to the reasonableness of counting credits derived from repeated course work toward academic progress requirements for aid purposes. Aid recipients wishing to repeat course work while receiving aid are strongly advised to provide justification and obtain approval from the Financial Aid office Financial Resources prior to receiving aid for such course work.

Students who fail to meet satisfactory academic progress criteria for a given quarter will be placed on financial aid probation or suspension.

| Credit Completion Requirements |                        |                   |
|--------------------------------|------------------------|-------------------|
| Enrollment Status              | Undergraduate Students | Graduate Students |
| Full time                      | 12                     | 8                 |
| Three-fourths time             | 9                      | 6                 |
| One-half time                  | 6                      | 4                 |
| Less than one-half time        | All credits attempted  | N/A               |

#### Maximum Timeframe Requirements

For purposes of receiving financial aid, students are allowed to attempt a specified number of credits in order to complete their degree or certificate program.

Students who reach or exceed the maximum allowable attempted credit limits are ineligible for financial aid. Western determines whether students have reached or exceeded their maximum timeframes by adding the number of credits they have attempted. Attempted credits are defined as all credits which appear on the transcript. These credits include repeated, failed, incomplete and transcribed transfer credits.

#### Undergraduate students

- May attempt up to 125 percent of the minimum credit requirements for their baccalaureate program of study, as defined in the University catalog. No additional allowance is granted for concurrent completion of a double major.

#### Graduate Students

- May attempt up to 125 percent of the number of credits required by their program. Graduate students are advised to limit their enrollment to the courses appearing on their Plan of Study. Taking additional course work may jeopardize continued financial aid eligibility under the Maximum Timeframe policy.

#### Post-baccalaureate Students Pursuing a Second Undergraduate Degree or a Certificate Program

- May attempt up to 125 percent of the credits required for the completion of the degree or certificate program.

Students are ineligible for financial aid upon reaching the maximum timeframe limits. Students may petition for aid reinstatement if unusual circumstances prevented the completion of the degree within the maximum timeframe limit; however, reinstatement is not guaranteed. Petitions must: a) explain why the student was unable to complete the degree within the maximum timeframe limit; b) provide the number of remaining credits needed to complete the degree or certificate; c) specify the quarter and year that the student plans to graduate; and d) include a senior evaluation performed by the Registrar's Office.

#### Financial Aid Probation

Financial aid probation results from failure to satisfactorily complete the minimum number of credits associated with the enrollment status for which aid has been received. Although aid will be disbursed for a probationary quarter, failure to meet minimum credit requirements associated with the enrollment status for which aid was received during the probationary quarter will result in financial aid suspension.

Undergraduate students who have satisfactorily completed at least six credits but have not completed the minimum quarterly credit requirements associated with the enrollment status for which aid was received will be placed on financial aid probation. Scheduled aid will continue to be disbursed for the following quarter,

but failure to meet minimum quarterly credit requirements during the probationary quarter will result in financial aid suspension.

Graduate students who have satisfactorily completed at least four credits but have not completed the minimum quarterly credit requirements associated with full-time enrollment status for which the aid was received will be placed on financial aid probation. Scheduled aid will continue to be disbursed for the following quarter, but failure to meet minimum quarterly credit requirements during the probationary quarter will result in financial aid suspension.

#### Financial Aid Suspension

Financial aid suspension is an aid-ineligible status, whereby aid for future quarters will be canceled and processing to calculate future aid eligibility will be put on hold until eligibility is regained.

Undergraduate students successfully completing fewer than six credits will automatically be placed on financial aid suspension.

Graduate students successfully completing fewer than four credits will automatically be placed on financial aid suspension.

Undergraduate or graduate students who fail to satisfactorily complete the minimum number of credits associated with the enrollment status for which aid was received during a probationary quarter will automatically be placed on financial aid suspension.

#### Reinstatement of Aid Eligibility

Students placed on financial aid suspension may petition for financial aid reinstatement if unusual circumstances beyond their control prevented them from meeting satisfactory academic progress requirements. Reinstatement is not guaranteed.

If a student's petition for financial aid reinstatement is denied, the student may re-petition for aid reinstatement after having successfully completed a full-time quarter without the benefit of financial aid funding. The full-time credit load is 12 credits for undergraduate students and eight credits for graduate students.

Part-time students may contract with the Financial Aid office for the required number of credits necessary for financial aid reinstatement.

Students unable to reinstate themselves using the above options and who have been unable to attend Western for a full academic year may re-petition for aid reinstatement. Petitions for reinstatement must explain why the student has been unable to reinstate using the above options and how continued ineligibility would constitute an undue hardship.

If eligibility for financial aid is reinstated, the amount of financial aid the student receives is subject to the availability of funds. It is possible that some funds will not be available for the reinstated award.

### Withdrawals

Aid recipients who withdraw from all course work will lose their aid eligibility and may be required to repay financial aid they have received. Students are considered as having unofficially withdrawn from the University if they have received a combination of the following grades for a given quarter: F, Z, U, NP, W, X. Aid recipients having unofficially withdrawn may be required to pay all, or a portion of, their tuition and fees and financial aid for the applicable quarter.

#### Specific Requirements for Alaska Loan Recipients

Satisfactory academic progress requirements for continued receipt of Alaska Student and Alaska Family Education loans differ from those associated with federal and Washington state programs:

- Students must be enrolled full time to qualify for the Alaska loan programs.
- The full-time minimum credit load for graduate students is nine credits, rather than the eight-credit minimum for federal and Washington state student aid programs.
- Students must be in good academic standing (cumulative grade point average of 2.00 or above) to maintain Alaska loan eligibility.
- Undergraduate students are expected to complete a minimum of 12 credits

per quarter; graduate students are expected to complete a minimum of nine credits per quarter.

- If you have not earned the minimum credit requirements and are either an undergraduate student who has completed at least six credits, you will receive your Alaska loan proceeds the next quarter. However, such proceeds will be disbursed to you the next quarter on a probationary basis. You will be required to complete full-time enrollment (12 credits as an undergraduate student, nine credits as a graduate student) for the probationary quarter or face Alaska loan suspension.

You may petition for Alaska Student and/or Alaska Family Education loan reinstatement for a credit deficiency. Reinstatement is not guaranteed.

## Appendix K

### POLICY CONCERNING ALCOHOL AND OTHER DRUGS

#### Background

*The Federal Drug-Free Workplace Act of 1988 and the Federal Drug-Free Schools and Communities Act amendments of 1989 require that universities promote reduction of risk associated with alcohol and other drug use through adoption and implementation of a policy and program designed to educate the university community about the dangers of alcohol and other drug abuse and to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on university property or while involved in university business or activities.*

#### Introduction

Abuse of alcohol and other drugs can impair academic ability, work performance, relationships, and personal health and safety. Additionally, the safety of others may be placed at risk by an individual under the influence of alcohol and other drugs.

Diversity of opinion and freedom of choice are concepts which are essential parts of the university educational tradition. This freedom requires the exercise of personal responsibility, including the obligation to make informed decisions regarding the use of alcohol and other drugs. It also requires personal responsibility for the consequences of one's own actions.

#### Policy

Western Washington University is committed to an environment which is free of alcohol and other drug abuse for students, faculty and staff. It maintains the commitment in support of academic excellence, work performance and quality of life as well as for the future well-being of all members of this community.

Western Washington University provides: (a) information about alcohol and other drug and the reduction of associated risks; (b) appropriate intervention when alcohol or other drug use creates unwanted or unintended consequences; and (c) support for members of this community in reducing the risk of consequences associated with alcohol and other drug abuse.

Western Washington University will uphold state and federal laws pertaining to alcohol and other drug use. All students, faculty and staff are required to comply with these laws. Action will be taken on any violation of state and federal law or University regulations concerning alcohol and other drugs which (a) occurs in or on property controlled or owned by Western Washington University; or (b) involves University business or activities; or (c) relates directly and materially to the fitness of staff of faculty members in their professional capacities.

Policy approved by the Board of Trustees April, 1999.

A complete set of University guidelines regarding implementation of this policy may be obtained from the Office of the Vice President for Student Affairs. The guidelines cover: 1) responses to violations of University regulations and state laws; 2) statements of federal and state law; 3) requirements of the Drug Free Workplace Act; 4) regulations on consumption, serving and sale of alcohol; 5) University event guidelines; and 6) marketing, advertising and promotion of alcoholic beverages.
